VOLUME XVII. BOZEMAN, MONTANA, TUESDAY, FEBRUARY 16, 1926 NUMBER 20

Faculty Pass On New Resolution

STUDENTS MUST ATTEND FIRST CLASSES OF TERM

Profs Will Post Lists of Supplies For Courses Before Opening of Quarter

One of the problems with which the faculty has been trying to cope is that of getting classes started promptly at the beginning of the quarter. It has been so universally true that the first meeting of classes in the quarter did not amount to anything that many students have formed the habit of starting a few days late, knowing that they will not miss any material of value.

This situation has not been entirely the fault of the students. Many classes, especially the laboratories, can not begin their work until the students have the necessary books and materials, so that the first period is taken up with announcing what supplies are needed, and the class is then dismissed. There is the further drawback of bringing a strenuous rush of business on the book store for a few days.

With these facts in mind the faculty passed a resolution which should solve the problem. It should also, by utilizing the first periods of a course, help to relieve the heavy burden of work which is invariably found at the end of the quarter.

The resolution, which goes into effect at the beginning of the spring quarter, is as follows:

"It is a matter of common knowledge that many classes in different departments of this institution make little use of the first meeting period in each quarter, either because lesson assignments have not been made or because students appear without materials necessary for carrying on laboratory or other work. To avoid further losses of time from these causes, it shall be a rule of this faculty that lesson assignments and lists of equipment shall be posted on the bulletin boards not less than two days prior to the meeting of classes at the beginning of each quarter, and that students shall be responsible for the requirements indicated in these lists."

EARLY M. S. C. GRAD TALKS FOR PHI SIGMA BETA

Pliny Hawkins Talks on "Montana Grasses"; Is Writing Book on Subject

Last Wednesday evening the members of Phi Sigma Beta and several other students were treated with a most delightful and interesting talk on grasses by Mr. Pliny Hawkins, who was one of the early graduates of M. S. C. At present he is here preparing a publication on "Montana Grasses" to be followed by a work on Flora of Montana which should be of great value as no such work has ever done previously. He has traveled in many places in the Orient, and his talk was interspersed with anecdotes of his adventures on these ramblings.

"The largest grass," said Mr. Hawkins, "does not grow in Montana, but no doubt all of the men present have seen it and held it in their hands." Of course bamboo was guessed immediately and the speaker went on to tell how it was used by the natives of the Oriental countries for everything from dishes to bridges. The most valuable grass might be either wheat or rice as there was some difference of of opinion on this point.

Mr. Hawkins pointed out the real beauty of many of the grasses, and emphasized that merely knowing the name of a grass or any plant has no meaning unless a person is familiar with its qualities and characteristics. By weaving into his talk his own experiences and enthusiasm, Mr. Hawkins made a subject which might have been dull and dry really interesting and picturesque.

SPURS TO RETAIN OLD TYPE OF SWEATERS

At the last meeting of the Spurs it was decided that no change in sweaters will be made this year. The Spurs were considering changing the present heavy, "rough-neck" sweater for a lighter weight one similar to those worn by the Fangs but it was decided that the weather in the spring of the year when the girls do a great deal of work out-of-doors does not permit the use of a lighter garment. The majority also favored the appearance of the present sweater as a part of the Spur uniform.

WELSH CHORUS GIVE A VERY PLEASING PROGRAM

The music season of the city brought forth an additional treat when the Rhondda Welch Male Choruses presented themselves in a program at the Elfen Theatre, Thursday evening. A crowded house greeted them.

The men presented a caried and interesting program of choruses, solos duets, and an organ solo. The program was very well received.

INDUSTRIAL THEME CARRIED IN ANNUAL

Class Section Much Different From That of Former Montanans

Many new ideas have been introduced in the twenty-eight page Class Section of the 1926 Montanan.

The sub-division pages for the Class Section of the Industrial Yearbook have been designed in such a manner as to unite the theme with a characteristic picture of each class.

As a result of a preliminary layouts an original Senior Section has been designed. This year the panels will be centered on the page, eight individuals to the panel with a representative scenic or industrial view at the bottom. To releve the usual monotony of plain type in this section, scenes will be printed in tint and over these will be impressed the names and activities of the members of the class.

Questionnaires have been sent to all seniors for lists of activities. Space makes it necessary to limit each individual to 10 activities, which should be sufficient to cover all records if proper selection is made. Today is the last opportunity for Seniors to turn in questionnaires, therefore if you want your activity record in the annual, be personally responsible for prompt delivery of the list.

The Junior Section this year will have six full page mounts of individual pictures. A larger percentage of the Junior Class membership will be represented than ever before.

Sophomore and Freshmen Sections will be somewhat similar to these sections in the 1925 book. Pictures of class officers and complete lists of class membership will appear in each section.

All engravings for the Class Section are now in the hands of the printer and type copy is being handled as rapidly as possible by the Class Editor, Kathryn Andrews.

Give Us a Lift

Elevator Asked for by Engineers

Observing the prevalence of "Give us a Dollar" funds for various projects on the M. S. C. campus and the freedom with which all givers donate to these funds, I as an Engineer and a representative of the largest group of students now enrolled at M. S. C., and also being asked by that body of students who hang over the Candy Counter, diligently watching the clock and counting every second until they will have to depart to their classes, and as a representative from the Dean of Engineering who highly sanctions this project, I wish to place before the student body a proposal and ask for donations to install an elevator in the Engineering Building.

Now, just think what this would mean. Main Hall Sheiks and Candy Counter Lizzards would, by taking this elevator, which would run to the first, second, third and fourth floors of the Engineering building, be enabled to save from five to seven seconds which they could profitably spend basking in the smiles of their Shebas.

Second: Those others (especially the Architecturals) who are physically unfit to climb up and down the present stairs would be greatly benefitted.

Third: It would offer employment to a Jewish Engineer and give him the required practical exxperience necessary to an office and elevator boy.

Fourth: Tilly the Toiler, of the second floor could visit the stenographers on the fourth floor much oftener and with less expenditure of time in coming and going than formerly, thus adding to the efficiency of both administrative offices.

The proposed name of this elevator would be "The Norris Lift." Give us the Dollar and we will give you the Lift.

Frank Worden spent the week end at the Lambda Phi House.

Band Schedule Now Definitely Arranged

BAND TO LEAVE BOZEMAN APRIL 5 ON SIX DAY TRIP

Concerts Will Be Played in Cascade, Conrad, Choteau, Ft. Benton, Big Sandy, Havre

After considerable difficulty and rearrangement, the sixteenth annual state tour of the Montana State College band has been definitely arranged, and the schedule announced by Lou Howard, director. The band will leave Bozeman on April 5, and play a concert in Cascade the same night. On the following evening there will be a concert in Conrad, and this will be followed by showings in Choteau on the seventh, Fort Benton the eighth, Big Sandy the ninth, and Havre the tenth. Owing to a shortage of funds this year, the tour will be limited to six days, and thirty men will make the trip. In every town, the band will appear under the auspices of the high schools.

The Bobcat Band state tour is one of the outstanding trips taken by college organizations, and is looked forward to all over the state as an extraordinary musical event. An exceptionally elaborate program has been worked up by Lou Howard and his musical Bobcats this year, and in addition to the regular band program, there will be a vocal solos, and a select trio of violin, cello, and piano. As in previous years, the members making the trip will have a special Pullman coach which they will occupy for the entire week.

TRETSVEN GIVEN HONOR BY HOLSTEIN BREEDERS

Is Appointed One of Seventy-two Official Judges in Entire United States

J. O. Tretsven, dairy specialist has recently been appointed one of the seventy-two official Holstein cattle judges for nineteen twenty-six. These judges are appointed by a committee of three chosen by Holstein Fresian authorities. Prize money will be offered by the Holstein Fresian people only when one of these official judges is a judge at the showing. Montana State College should feel proud that one of its faculty has been chosen for such a position, especially as none of our nearby states as Wyoming, Colorado, Idaho or Utah have been so honored.

Y.W.C.A. TO ENTERTAIN AT SPRINGHILL WEDNESDAY

Next Wednesday, February 17th, the Y. W. C. A. girls are going to the Springhill Community Church in order to put on the same type of a "fun" program that they did at Belgrade. All Y. W. C. A. members interested in going should see Lillian Stone, President. As transportation will be needed the offer of cars will be appreciated.

Y.W.C.A. CABINET MEETING CALLED FOR TUESDAY

A meeting of the cabinet is called for Tuesday afternoon at 5:00 o'clock; the meeting to be held in the Y. W. C. A. rooms.

At the meeting last week Mrs. William Cook gave a very fine talk on the World Court question and a good discussion by the girls followed. A number of Advisors were present and they also took part in the program.

SENIORS

Unless your senior questionairres are handed in by the end of this week your picture will not be in the Montanan—Kate Andrews, Class Editor.

PHI U's ENTERTAIN AT FOUNDERS DAY PARTY THURSDAY EVE.

The active chapter of Phi U entertained the alums at a Founder's Day party last Wednesday at the Phi Phi house.

The alums present were Miss Nemeck, Miss Swanson, Miss Richardson, Miss Hutcinson, Miss Branegan, Mrs. Cheever, Alice Moody, Mrs. Potter, Medra Hall, Marian Hawkins and Mrs. Hamilton.

Delicious refreshments were served, and an interesting program was given.

This party took the place of the meeting.

Mr. and Mrs. Sam Scott and Mr. and Mrs. Dean Hauseman were Sunday dinner guests at the A. O. Pi house.

College Chorus To Take Trip Soon

WILL SING FEB. 2 IN BOZEMAN AT EMERSON

Shortly After a State-wide Trip Will Be Taken

For the last week and the week to come the College Glee Club is having daily rehearsals and the preparations are coming along very well. They are rounding into shape for their concerts which are to be given during the next few weeks.

Tuesday, Feb. 23, the Club will make its first appearance, at 7:30 p. m., at the Emerson Auditorium. The admission for adults will be fifty cents and the tickets may be obtained at the registrar's office or from any member of the Glee Club.

The program will be the same as that which is to be given throughout the state. It will be of interest to know what other audiences in the state are to get. Mr. Adam feels that the program will stand favorable comparison with any othtr similar organization.

Aside from the ten scheduled concerts two free ones will be given during the trip. Warden Middleton of the State Prison at Deer Lodge has invited the club to visit the prison. At Pres. Muenzer's request the Glee Club will give a free concert at the School for the Backward and Blind, located at Boulder. Mr. Muenzer as a return courtesy has invited the entire club to a luncheon.

Prof. Adam hopes to make the Glee Club a success through the state so that the trip may be made an annual affair.

SIGMA EPSILON TOLD CHARTER GRANTED BY TAU BETA PI FRAT

R. C. Mathews of University of Tennessee Will Make Formal Installation in Spring

Sigma Epsilon, an honorary engineering fraternity at M. S. C. which has been petitioning Tau Beta Pi, a National engineering fraternity, has recently been notified that their petition has been accepted. Mr. R. C. Mathews from the U. of Tennessee will make the formal installation some time in the spring.

Sigma Alpha Epsilon is an honorary engineering fraternity and consists of those selected from the highest one-eighth of the Junior engineers at the beginning of the spring quarter and from the highest one-eighth of the Senior engineers at the beginning of the winter quarter.

PRIZE OFFERED TO FRESHMEN.

Sigma Epsilon is offering a prize to any Freshman who makes the highest stanading at the end of his freshman year and who has been enrolled in a full engineering course during the year. This prize will be presented at the general Engineering Assembly the following year and will thus be contingent upon his returning to school. The award has not been definitely decided upon yet but a slide-rule or hand-book has been suggested.

Mr. Harry Kligora is the present president and honorary members on the faculty are Dean Norris, Professor Grant and Professor Therkleson.

NOTICE.

The ballots concerning the future athletic policy of M. S. C. will be counted at the end of the week, and the results will be published in the next issue of the Exponent. Mark your ballot and mail it at once.

EURODELPHIAN TO HOLD MEETING AT RIALTO WEDNESDAY

Eurodelphian will meet at the Kappa Delta house at 7:30 Wednesday evening. There will be a short business meeting after which all the members will attend the play at the Rialto which the organization is sponsoring.

The play "Dance Madness" starring Conrad Nagel and Claire Windsor is being given under the auspices of Eurodelphian in order to finance the sending of a delegate from this chapter to the national convention in Kalamazoo, Mich., March 4 to 7. The chapter is anxious that Montana State should be represented at this national meeting. The support of the student body is earnestly enlisted.

LOST—PAIR MEN'S SPECTACLES, 2-tone frames. Leave at Siess Optical Parlors.

REV. SMITH TO TALK ON "EVOLUTION" AT ASSEMBLY

The assembly this coming Friday morning will be devoted to a talk by Reverend R. P. Smith of Bozeman on the subject "Evolution; Its Meaning, Moral and Religious Bearing." Since Dr. Smith is very well qualified to speak on this subject, having done considerable study along this line, it is hoped that a large number of students will attend. The Evolution question is one of the most prominent of present day questions and should be of great interest to all college students.

TOURNAMENT PLANS ARE NOW UNDER WAY

SIXTEEN TEAMS TO BE REPRESENTED AT MEET

The Teams Will Be Chosen From Winners in Nine Districts

February 25th, 26th and 27th will be the time when the high school basketball teams are to be invited to the State Tournament at M. S. C will be decided upon. At that time tournaments will be held in the nine basketball districts into which the state is divided. From these nine districts sixteen teams are chosen to play in the state tournament. The teams invited to the state tournament are as follows:

1. Winning team, Northeastern district.
2. Winning team, North Central district.
3. Winning team, Northwestern district.
4. Winning team, Western district.
5. Winning team, Mining district.
6. Winning team, Southern district.
7. Winning team, Central district.
8. Winning team, Yellowstone district.
9. Winning team, Southeastern district.
10. Second place team, North Central district.
10. Second place team, Mining district.
12. Second place team, Yellowstone district.
13. Second place team, Southern district.
14. Second place team, Southeastern district.
15. Third place team, Mining district.
16. Fourth place team, Mining district.

The Mining district is allowed four teams in the state tournament, because of the number of large schools within that district and because of the splendid showing that these schoolss usually make at the tournament.

This year the fifteenth annual interscholastic basketball tournament will be held March 10-13.

Catalogy

What Do You Know About Pickled Skinned Cats

Since "Catology" is being taught this quarter, "Catting" is THE sport. On seeing your dear school mate and fellow student dashing madly down alleys and into people's back yards, don't think that he has suddenly taken leave of what little sense he had. He is merely in pursuit of knowledge in the shape of Cat.

If you can believe Grady, Catting is a thrilling game, especially if played in the lumber yard. Here is the system. Sneak into the yard, being careful not to be observed and hide behind a pile of lumber. Have one of your friends assist at the Ritual by going out and chasing all available cats in your direction. Your duty is to seize them as they dash by. The next step is to take poor Pussy up to Ed Udine who will finish off all its nine lives in one blow.

All the labor of catching it is only half of it. If you crave further information as to the details of the other half, visit the lab some afternoon.

According to last reports, there are twenty-eight cats, but be it whispered, some of them were not caught this year or even last! Still the fastidious student to whom the cat and the accompanying odor are offensive should be thankful that it is cats and not humans they are required to work on.

If you still crave information, and are not asphyxiated in the attempt to gain it you may gather valuable statistics about the feline species.

Student Senate Pass Resolution

STUDENT ORGANIZATIONS MAKE FINANCE REPORTS

All Student Organizations Must Handle Finances Through Student Senate

As a result of Student Senate meetings held in Main Hall Wednesday and Thursday afternoons, student organizations which in any way represent Montana State College to the public will be required to handle all their finances through the treasurer's office and to make quarterly reports to the Commissioner of Finance. At the meetings, the commissioner of finance's report was received and other matters were considered.

The Student Senate of last year decided on the matter of the campus organizations being directly responsible to the Associated Students, but the system has not yet been put into operation. The system, as adopted last year, called for a uniform system of books for all organizations, but the Senate on considering the proposed books decided they were too complicated and cumbersome for many of the campus organizations. It was decided, therefore, to allow the organizations to keep their records any way they please, but that they must turn in complete financial reports once each quarter, or immediately after the date of production of the activity in the case of those activities which function only occasionally during the year. Don Bennett, Commissioner of Finance. is sending out forms within a few days for the organizations to make their reports for last quarter.

Finance Commissioner Makes Report.

Don Bennett gave a report of the financial standing of the Associated Students for this year. The report follows:

Income (Activity Fee)	$638.88
Expenses back debt on 1923	
Montanan	203.90
Flowers	7.00
Note at bank—damage to car during rally last year	52.50
Telegrams to football team	2.98
Fangs (care of Bobcat during summer)	15.00
Stone (personal services)	6.00
Fireworks display at Homecoming	30.00
Refunds	27.65
Total	$317.38
Balance	$293.85

Hatfield also reported on the Associated Students dance which was held after the Missoula game. The total income from the dance was $77.40, of which $12.55 went for music and floor wax. Since the dance was given primarily for the benefit of the athletic fund, the Senate diverted $55.00 to the coffers of the athletic department.

The Senate considered a petition from Professor Adam for financial assistance from the Associated Students for the Chorus trip this week end, but due to the fact that the budget of the student body is greater than their income for the remainder of the year they were forced to withhold such assistance. The Senate recently voted to give $100 toward defraying the expenses of an orator to the Rocky Mountain Conference Meet at Provo, Utah, and this is yet to be taken from the balance remaining to the student fund. Also, a balance of slightly over $300 remains to be paid on the back debt of the 1923 Montanan.

O'Connor Soph President

In considering the vacancy in the office of president of the sophomore class, it was decided that instead of holding a special election it would be best to let the class vice-president, Jo O'Connor, take over the responsibilities of the office for the rest of the year.

Hatfield Appoints Committee.

Frank Hatfield, on the recommendation of the Senate, appointed a committee to devise a celebration at the close of the basketball season. The committee are Stew Avery, Rhoda Harris, Jake Forbes, and Dick Ross.

Consider Cases of Disloyalty.

The last function of the meetings was a consideration of certain cases of disloyalty to M. S. C. spirit during the recent Bruin-Bobcat game, when three offenders, two girls and one man, all former students of the University, are reported to have lent strong audible support to the invading Bruins. These people were given an opportunity to offer explanations and were told of the student feeling against that sort of thing at Montana State.

Yes, we won a nice football game last Tuesday night against the University. In fact, it was a splendid football game. We were glad to have the opportunity of seeing "Chief Illman" in action again—to say nothing of "Wild Bill" Kelly. It was a good game, despite the ardent fouling, and we're hoping for the same kind of a game this week. By the way, in this issue of the Kaimin the defeat of the Grizzlies by the Bobcats was given a write-up of 10 inches. On the same page, 10 inches were devoted to girls' intramural sports, and 10 inches were given over to men's intramural activities. It can hardly be admitted by Missoula that her team was beaten by a team that is equal in rank to the sports in the liniment leagues—but, then the echo of the "bell in Main Hall" has a whole lot to do with the editing of the sports page.

The cards for the election on the Conference Athletics Program have been sent out—with a full explanation of the problem, a return address, and a stamp. All you have to do is to make up your mind, and put a little "x" opposite the plan you favor. It might be well to take into consideration the bit of advice that your vote in this matter will perhaps have more effect on future generations of students than upon yourself. Thusly, you had better decide whether you want your progeny to go to Butte for the University game, or whether you favor their participation only in intramural sports. Try make up your mind, then, and tie a string around your finger so you won't forget to mail your ballot.

The Student Senate, at a regular meeting, decided to begin to enforce the ruling, which was passed last year, that all campus organizations dependent upon or allied with the Associated Student organization shall handle their funds through the Treasurer's office, and make a quarterly report of all financial transactions. In this way, there will be no kick coming from anyone about mismanagement of funds, and any shortage at the end of the year will be attributed to too many dates upon the part of the treasurer of the organization.

It seems rather unfortunate that enthusiasm runs away with discretion at times, and thereby causes three students to get hauled up before the Student Senate for rooting for the wrong team. There was no direct charge made against them, but an explanation of their actions was deemed advisable. School spirit is a good thing, but when in Bozeman root for the Bobcats, or else confine your cheering to the interior.

Adolph, Hugh, and Tracy have made their final appearance on the home floor. Gee, won't it be funny next year not to see the three of them doing their darnedest to win for us. Here's wishing them a lot of success in the rest of their games in life.

JUNIORS HOLD CLASS MEETING

Decide to Assess Members Two Dollars Each for Total Dues

Of the one hundred nineteen Juniors enrolled only twenty-nine were present at the class meeting held Monday afternoon. Despite the poor turnout those present went ahead and discussed the possibilities of a Junior Prom and it was decided that before plans for a Prom could be made all debts, including some of the freshman and sophomore years, would have to be cleared. It was also decided that a surplus of one hundred fifty dollars would have to be raised to finance the Prom before plans would be made. If each Junior will pay up his dues of two dollars the debts can be cleared and the money for the Prom can be raised, if not, the Junior class of this year will be the first in the history of M. S. C. not to put on the Prom. To collect the dues a committee of six was appointed, Ralph Mowlry, class treasurer, Herb Winner, Margaret Booth, Norma Smith, Don Weydemeyer and Bob Tootell compose this committee and they ask for the whole hearted cooperation of the Junior class in the payment of these class dues.

Juniors, be ready to hand over your two dollars when the committee comes around and let's put the Prom over bigger than ever before.

BELL OFFICIAL GIVES TALK TO E. E. SENIORS

W. V. Wolfe Discusses Carrier Wave Telephone Thursday Afternoon

Mr. W. W. Wolfe of the Bell Laboratories gave a short discussion of the development in "Carrier Wave Telephony" to the Electrical Engineering students Thursday afternoon. Mr. Wolfe has done some very extensive research work during the last few years, and one of his articles was recently published in the Bell Quarterly.

Carrier wave telephony finds a wide field of use in the modern high-tension transmission of power and superpower projects. A telephone line is costly and if the power companies can use their power lines for communication it both simplifies the telephone line networks, and reduces the original cost of construction.

Mr. Wolfe's discussion was in technical parlance "A Shop Talk," but it was also extremely interesting and vivid to all who heard it.

SCABBARD AND BLADE MEETS.

At a meeting of Scabbard and Blade held last Wednesday night, plans were perfected for the Annual Military Ball, which they are sponsoring this year. They are announcing several definite things in regard to it. It is to be informal, and will be held at the Rose Garden, among surroundings that will make you feel like you were in a real No-man's land (or else like the Spirits of '76). The entire student body is invited.

Scabbard and Blade, as you remember, is a National Honorary Military fraternity, and is taking hold of its various activities for the first time, and successfully.

Y. W. C. A. SPONSORS SHOW.

Stella Maris is coming soon. Don't fail to see the greatest emotional drama ever screened. William J. Locke's famous story of Stella Maris is at last produced. The dual role gives a wide scope for the famous Mary Philbin. All who have read the story will want to see the picture and those who have not read it can not afford to miss the screen version. The tickets will be on sale soon under the auspices of the Y. W. C. A. Watch for notices! Get your ticket!

DEAN HERRICK ON TRIP TO NEW YORK

Will First Attend the National Conference for Deans at Washington D. C.

Dean Herrick left Sunday, Feb. 14, for Washington, D. C., to attend the Montana National Conference for Deans, which is to be held from the twenty-first to the twenty-sixth of February.

After the conference is over, Dean Herrick plans to go to New York City and, while there to visit with Genevieve Cooley, a graduate of M. S. C., and Miss Fallgatter, an instructor on leave of absence from M. C. C., who is working for her master's degree in Home Economics at Columbia University.

Dean Herrick stated that she hoped to be back at M. S. C. the first week in March, in time for the tournament.

BASKETBALL

Bobcat-Bruin Jan. 25, 1923

It was a game between evenly matched teams and it took an extra period to decide. The Bruins were the invaders and the Bobcats were determined that they go down to defeat.

The U started the scoring and kept a few points in the lead for nearly the entire game. It was the Bobcat spirit that kept our team fighting and finally tieing the score at 16 and 18. Then, a minute to go and the score tied 23 all. Hollister fouls but Badgeley misses and the game went into an extra period. It started with a rush and finally the Bobcats score when Whitney bats one in from under the basket. DeWald cinched the game when he shot a long one. Score 27-24.

RIFLE TEAM SHOOT IN COLLEGE MATCH

Shoot Second Stage of Corps Area Match and Compete With O. A. C. and Western Maryland

The second stage of the Corps Area Rifle Match was shot off last week with a score of 1842 as compared with 1819 for the second week last year. Although there are fewer outstanding shots this year, the entire team is averaging closer, consequently the average is high. Cannon was high man with a score of 351. As well as being the second stage of the Corps Area Match, the match last week was with the Oregon Agricultural College and Western Maryland College. The scores of these two colleges has not been received up to date so the standing of the M. S. C. team as compared with the teams of these institutions has not been determined. Next week the third stage of the Corps Area Match will be shot off and the week following a match with the Connecticut Agricultural College, the Virginia Millitary Institute and the Northwestern University will be shot.

COED HOOP STARS GETTING READY FOR INTER CLASS SERIES

The first preliminary series will start next Thursday night. The frosh will play the Sophomores at this time.

Judging from recent practices if the Sophs pick up in the next week as they have in the last the game promises to be an interesting one. However all the girls in the Freshman team are making splendid showings.

The series will be played every Thursday night until the series is completed. According to present arrangement the series will be completed before the 10th of March.

The team winning first place will be entitled to the Tri letter, basketball Medal and points toward the Laist medal, also the Deans cup. Those taking second place will be entitled to points toward the Laist medal and the Dean's cup.

Campus Notes

Mrs. Gibbs of Three Forks, who visited her brother Jack Chamberlain, was a dinner guest at the Beta Epsilon house Wednesday evening.

The Alpha Gamma Deltas held their annual Valentine party Saturday evening. Forty-five couples were entertained at a Formal Dinner Dance at the Elks' club.

Lester Colby of Missoula, Frank Hatfield, Kenneth McIver and Marie Bower were dinner guests at the A. O. Pi house Tuesday evening.

Judge Stark was a Sunday dinner guest of Sigma Chi.

Frank Worden of Butte, was a dinner guest at the Sigma Chi house Saturday.

Ernest Orr and Gilvan Quillan were Sunday dinner guests at the Omega Beta house.

Mr. and Mrs. P. C. Gaines were dinner guests at the Amigo house Thursday evening.

Dorothy Langston and Keturah Tibbles were week end guests at the Alpha Gam house.

The Za Dale Club held their Winter Quarter Pledge Party Saturday evening last in the Club rooms on South Black. The rooms were appropriately decorated in the Club colors of Blue and Gold streamers intermingled with Valentines. The chaperones were Mr. and Mrs. E. L. Grant, and Mr. and Mrs. Joseph Adam.

Decorate yourself with the degree of P. A.

THAT means "Pipa Amoroso" in the Latin, or "pipe-lover" in plain campus English. P. A. has certainly endeared a pipe to more men than any other letters in the smoke-alphabet. Because Prince Albert lets a fellow smoke all he wants to—and makes him *want* to!

Cool as the stare of a marble Venus. Sweet as the approach of vacation. Fragrant as spring blossoms. Think up your *own* similes, Fellows. You *will* when you pick P. A. and a jimmy-pipe for permanent roommates. Prince Albert is great tobacco, and that's not blah.

Get yourself a tidy red tin of Prince Albert today. Fill the bowl of that old jimmy-pipe to the brim and borrow a match. Then you're set for some great smoke-sessions, as sure as you're a foot high.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT
—no other tobacco is like it!

BOBCAT SPORTS

These Three Bobcats Have Played Their Last Game of Varsity Basketball on Montana State's Gym Floor

TRACY McGUIN

ADOLPH HARTWIG

HUGH COTTAM

The Bobcat-Oredigger game marked the final appearance on the home floor of Captain Adolph "Dutch" Hartwig, Hugh Cottam, and Tracy McGuin. These men have carried the Blue and Gold on the court for the last three years with the exception of Hartwig who has played since his Freshman year. In this same period the Bobcat basketball teams have been unusually strong.

Hartwig played two years on the Forsyth High School team and was awarded all-state center selection for both years. In his freshman year he was used in varsity work as soon as he became eligible. This tall, rangy lad has been carrying the brunt of the Bobcat attack ever since. It was not unusual for him to score as many as ten field goals in a game. In some of the easier games he has often trebled the opponents' score himself.

On the playing floor Hartwig seems to move very deliberately and even slowly, but many opponents will tell you that he is a beautiful example of visual deception. With his long arms Hartwig has hooked many a potential basket literally out of the air and by clever passing has carried it down the floor for a counter. Both under his own basket and his opponents' he has proved a marvel at handling the ball. With uncanny frequency Adolph has hit the basket at long range. When the opposing guards were successfully keeping the Bobcat forwards away from the basket, Hartwig would toss in a few of his long ones to break the defence and give the Bobcat men a chance at the rim from closer range. In his last year on the floor Hartwig was chosen to lead the Blue and Gold team. This season has shown him in his best condition and has made him a man to be feared all over the country.

The smiling Hugh Cottam ever since his debut in his second year at school has shown the Bobcot boosters what phenomenal speed is. Many times Cottam has given his opposing guard yards and has beaten him to the basket. Particularly is he famous for tossing in short shots after a dribble behind his guards. At receiving the tip-off Cottam proved a wonder this season has marked him as the most outstanding man in this respect. In addition to his great speed, Cottam has always handled the ball exceptionally well. When his teammates were unable to elude opposing guards, Cottam proved reliable at long range. It will be a long time until Montana State finds another man to fill the speedy shoes of Hughie Cottam.

Tracy McGuin also played his last game for Montana State on the home floor against the Mines. This year was Tracy's third year at guard. Many an opposing forward has come out of a game with Tracy in a somewhat more respectful temperament and not so good a scoring record. While Tracy was never particularly outstanding as an offensive man he worked the ball down the floor in good shape. The return play would always find him right where he was wanted. While McGuin is being used as utility guard this season he will prove a hard man to replace for next year.

SPORT GLEAMS FROM FAR AND NEAR

Two victories in one week. It sounds pretty good. First the much touted Grizzly squad by a 36 to 23 score and then the State School of Mines 40 to 14. That practically cinches the State Collegiate title for the Bobcats although they have yet to meet the Grizzlies this coming Friday in Missoula. All indications point to a tight battle with the Blue and Gold holding a slight edge. Incidently, the U. defeated Idaho last week quite decisively. That ranks them up a bit higher.

Big "Dutch" Hartwig has played his last home game for Montana State College, so has Hugh Cottam and Tracy McGuin. Six more conference games this spring and they are through for life. It is a sad thing to see them go and no amount of words and eulogy in this column can express the feeling that every M. S. C. man and woman has for this peerless triumvirate. Our hats are off to them. May they be as successful all through life as they were in this school.

Six games in six days. An inpressive schedule. Can the Bobcats do it? First Utah U. for two games. The Bobcats should win both. Then B. Y. U. on its home floor. Then the pennant leading Utah Aggies at Logan, Utah. If the Blue and Gold wins a majority of these games they will have preformed a super-man task, especially since they are going against teams that are on par with any in the country. Go to it Bobcats. Best wishes and lots of luck.

Tournament time will soon be here. Right now there are several impressive looking teams. Butte High, two times winner in the last two years, Billings High with one of the nicest appearing high school squads seen in a long time, Helena High, always a strong contender for interscholastic honors under the able tutelage of Coach Thomas, and Harlem High, from along the high line of whom we have heard good reports.

Boxing, wrestling, and swimming are next in line for intramural competition. These branches will furnish the keenest kind of excitement and the fraternities have their men, we are told, on training table diet. Thats the kind of spirit that makes our intramural one of the broadest and most complete of any school in the country.

Miss Mildred Barnum of Kalispell was a Friday dinner guest at the Theta Nu house.

Winifred Brackett, Marie Nelson and Frank Grady were Sunday dinner guests at the Beta Epsilon house.

Butte Hoopsters Prove Easy Meat for Lanky Bobcats

Hartwig, Cottam and McGuin strutted their stuff for the last time before the home crowd by leading the attack in the Mines game which resulted in a 40-14 victory for the Bobcats. Cottam tossed in an even half dozen of his famous dribble shots, Hartwig added two field goals to his record, while McGuin gave the crowd an exhibition of rare guarding ability.

Although the Mines team gave the Bobcats a hard fight on their own floor they were clearly at the mercy of the Blue and Gold warriors this time. Sylvester and Thompson, guards for the Mines, played hard ball but were unable to cope with the scientific game the Bobcats had up their sleeves for that evening. The tall Bobcats took plenty of time, making each pass good and, when in a position, broke for the basket with lightning speed. Time and again Cottam took the ball on a long pass for a short shot.

The guarding of the Bobcats left little for the Mines in the way of shots. Bullwinkle and Doherty, Mines forwards, never once located the rim for a field goal and only one point on fouls. Sigler playing center found the rim for two field goals while Sylvester and Thompson managed to hook two and one field goals respectively. Tanner, sub right forward for the Green and Gold, brought the crowd to its feet with a long heave from back of center.

Ott Romney used nine men in every combination possible in this game. Cummins, Williams, and Yendell, who have not played regularly, were used to good advantage. Cummins showed up especially well with four field goals to his credit. Cummins also played a good floor game. Yandell played a good game at forward, adding two field goals to the Bobcat total.

The summary:

KITTENS LOSE TO HELENA HIGH TEAM

In Preliminary to Bobcat-Bruin Struggle Capital City Lads Defeat Bobkittens 39 to 20

The Kittens lost to Helena High school 39 to 30 in a fast preliminary to the Grizzly-Bobcat struggle in which the high school lads gave an exhibition of accurate shooting from all parts of the floor. The game was not as one sided as the score would tend to indicate. All the Frosh squad showed up in wonderful style, playing a good passing game but hard luck at shooting proved a set back in this game. Gardiner, Twilde, Mares, Egan and Gill played good games while Slightham, Thayer, and Anderson looked best for the Capital City lads. Judging by their playing here Helena should undoubtedly be strong contenders for the title here during tournament time in March.

Gardiner started the scoring with a field goal from under the nets. Egan fouled in jumping at center but Thayer missed the free throw which was followed by a gift shot given to Anderson when Mares was called for holding. Several goals and a couple of free throws given to Helena boosted the score to 10 to 5, Anderson and Slightham were carrying on the brunt of their attack and the quarter ended with Helena in the lead. The Frosh rallied and raised the score, cut the lead with two baskets. The Frosh were lagging and allowing the high school players to get through frequently for baskets and the half ended 25 to 15.

The Frosh started off with a bang and nearly cut down the lead but a couple of long shots by Thayer and Slightham again put the scholastics in the lead. The rest of the game was ragged with both sides connecting frequently but the final gun found Helena high in the lead 39 to 30. In the final quarter the Capital City players stalled and tried to slow the game up and they were fairly successful but the Frosh were gaining fast as the game ended and had the rally started sooner they would have had a good chance to stop the offense of their opponents. This game gives both teams a game apiece.

Lineup and Summary:

KITTENS (30)				
Player	Pos.	F. G.	F. T.	T P.
Twilde	rf.	2	1	5
Gardiner	lf.	5	2	12

Bobcats Swamp Bruins In Fast Basketball Game

Final Gun Finds Bobcats in Lead 36-23; Many Fouls by Bruins

In the first court tangle of the season the Bobcat wrecked the touted defence of the Grizzly and walked off with the long end of a 36-23 score, in the college gymnasium last Tuesday evening. The Grizzlies entered the game fresh from a victory over W. S. C. which had turned back the Blue and Gold on their holiday trip. However the Bobcat scoring combination was not to be denied this chance and a varied assortment of long and short passes ran the Grizzly guards ragged while keeping their forwards away from dangerous territory. The first half of the encounter ended 18-14 in favor of the Bobcats while the second period saw the Bobcats run circles around their opponents until an epidemic of fouls slowed up their field attack, the gun finding the Bobcats in possession of 36 points and the Grizzlies holding but 23.

The First Half.

Hartwig brought the house to its feet with the first score of the game on a follow shot and immediately adding two more points on fouls from Kain. Kain retaliated with a field goal but failed to tie the score on an apparently cinched shot. Baney fouled Cottam who failed to convert his tries and the big Grizzly guard looped a long field goal on the next play. The crowd was in an uproar as Illman put the red team in the lead with a foul shot. Cottam kept the crowd on its feet by putting the Bobcats in the lead with an overhand shot but Overturf tied the score on a foul. Overturf hooked another field goal but a bombardment of the basket netted the Bobcats a field goal as Glynn located the hoop from the side area.

Both teams fought desperately for a chance at the rim and Coach Stewart sent in Coyle to replace Kain in hopes of starting a Grizzly rally. Cottam and Glynn pushed the Bobcats in the lead with short follow shots, 12-8, Illman tipped in a basket and Cottam added another to the Bobcat score. Baney missed a long shot and Coyle raised Grizzly hopes with a follow shot. Kelley replaced Overturf. Breeden missed a try at the hoop, but Winner successfully located the rim from the side of the court. Coyle fouled Glynn and Winner in succession and each converted their tries. Kelley fell short from center but Coyle grabbed the ball and tossed it through the loop for the last score of the half. Sterling fouled Winner as the whistle sounded the end of the half. Winner failed to make his shot after both teams had left the floor.

The Second Half.

With the score too close for comfort the Bobcats took the floor in the second half bent upon running up a good score. The first play found Sterling fouling Winner who converted one of his tries. A moment later Hatrwig tossed a goal from the red line. Sterling fouled Cottam who missed both tries. Kain connected with a short shot and Hartwig found the rim from the center of the floor. With the score 23-16 the play became fast with both teams fighting for the ball. Hartwig hooked an overhand shot to raise the Bobcat's score and a moment later Cottam added a foul from Illman. Illman and Kain tried hard to connect, but a long pass to Hartwig netted the Bobcats another field goal. The Grizzlies took time out while substituting Coyle for Illman.

Kain started the Grizzlies off when play was resumed with a short toss through the loop. A moment later Hartwig collected on a foul on Baney and Winner converted two fouls on Overturf. With ten minutes to go Illman went in for Overturf. Winner connected on a short shot, but was fouled. Herb added one more point to the total, on the foul, which brought the score up to 32-18. Coyle added one to the U. score on a sleeper. After that score the game was all Bobcat. Completely playing their opponents off their feet the Blue and Gold team literally bombarded the basket. Kelly went in for Kain and a moment later Berg for Coyle who had fouled Breeden for a fourth personal. Breeden converted the try. Glynn and Hartwig both missed on a sudden assault at the basket and Breeden fouled Kelley in the mixup. Kelley failed to connect, but Illman converted one on Breeden a minute later. In the remaining three minutes of play Illman added another field goal to the University score after Hartwig had failed to make good two foul shots. Baney fouled Winner and left the game via the personal foul route. Winner converted the try and Breeden added another single point on a foul on Sweet who had subbed for Baney. The game ended with both teams endangering their personal foul records. The final score was 36-23.
