The Weekly Exponent

VOLUME XXI. BOZEMAN, MONTANA, TUESDAY, APRIL 15, 1930 NUMBER 27

FOREMOST DEAN OF MEN TO SPEAK AT ASSEMBLY

Thomas Arkle Clark, Dean of Men at The University of Illinois, Will Be Here on Friday, April 18. Is Nationally Known as a Fraternal Leader, Author and Humorist

Dean Thomas Arkle Clark, familiarly konwn as Tommy Arkle, will be in Bozeman on Friday, April 18, and will in the forenoon address the faculty and students at a special assembly. The faculty men's club will entertain him either at a luncheon or dinner, at which time he will also make a talk.

Dean Clark is one of the best known fraternity men in the United States. At the present time he is Worthy Grand Chief of the Alpha Tau Omega fraternity. This position he has filled several times before. Two of his books relate to fraternities: "The Fraternity and the College" and "The Fraternity and the Under Graduate". While in Bozeman he will inspect the Amigo club.

Dean Clark is a graduate of the University of Illinois and took his graduate work at the University of Chicago and Harvard University. While at Harvard, he was a classmate of Professor W. F. Brewer. For a number of years he was Professor of English Literature at the University of Illinois and wrote two very interesting books: "Great American Authors" and "Great British Authors". Dean Clark possesses a large fund of information about great men and women. In 1909 he became Dean of Men in the United States and may justly be said to have been the originator of that office. By general consent he is considered the greatest Dean of Men in the United States. Since being Dean, he has written "The High School Boy and His Problems" and "Discipline and the Derelict". He is now a contributor to several magazines.

Dean Clark is a great humorist and a vein of fun runs through all of his addresses. He has a large number of good stories and he tells a story well. The students will be delighted with his talk, and everyone should be present at the special assembly. Dean Clark is one of the best known men in education circles to visit Montana State college in many years. He is on his way to Pullman, Wash., where he gives a sries of talks on the program of Washington State College High School conference. When President Atkinson learned that he would be coming through Bozeman, the matter was taken up with Dean Clark and arrangements made for his stop here at Montana tSate College. Dean Clark should receive a royal welcome that he will be proud to tell about at other institutions and at his home in Illinois.

Fang-Spur Dance To Be Held On April 18

Annual Affair Will Be Informal. Good Time Promised to All

Next Friday at 8:30 o'clock at the Hotel Baxter the Spurs and Fangs will hold their annual joint dance. This affair has grown to be one of the outstanding social events of the school year. This spring as previously the dance will be an informal affair and a record attendance will undoubtedly be present.

Pegram's six piece orchestra will furnish the music and the affair is attracting interest and anticipation throughout the student body. Art Buckley, Duke of the Fangs, says that detailed arrangements have been completed to assure an enjoyable evening.

Marguerite Roscoe, president of the Spurs, states that the girls have spent much time on the occasion and the several features on the progam are certain to please the dancers. Tickets are on sale today and may be procured from any Fang or Spur for $1. As there will only be a limited number of tickets sold, students are advised to purchase theirs as soon as possible.

It is hoped that all students and faculty members and many townspeople will cooperate with the sponsors and make this dance an outstanding success.

To Place Flagstone Walk In Iris Garden

Walk and Sundial Expected to Be in Place By May 15

At a meeting held with Mr. Plew Friday afternoon, definite arrangements were made to lay the flagstone walk for the Iris Gardens and set the sundial. The flagstones for the walk will be secured from up the West Gallatin. If the weather permits, this work will be laid by May 15. The flagstone walk is the most expensive part of the garden, and will cost about $350. At this time the sun dial will be placed in the center of the gardens. The cost of putting in the dial was provided for by the last year's Associated Student Senate.

In the meantime activity has begun on the gardens. Professor Harrington will begin at once on working out the shrubbery plans. The garden will be be surveyed off and will soon take form. By the time college closes, June 13, the project will show very definitely its possibilities.

The Associated Women Students are putting forth every effort to secure the remainder of the sum of $550 promised Mr. Harrington and Mr. Plew in order that the gardens may be completed in every detail and a credit to the campus.

SPUR-FANG DANCE

At last the long talked of "Spur-Fang Dance" is coming up in the near future. Prepare for a good time, students of M. S. C. Get a date and go down to the Hotel Baxter, on the evening of Friday, April 18.

This enjoyable dance is sponsored by two outstanding oganizations on the campus. Help them out by buying a ticket for a dollar and talking your friends into doing likewise.

NOTICE

There will be a regular Spur meeting in the organization room of Herrick Hall, at 5:00 o'clock this evening.

Helen Souders, vice pesident.

SENIORS TO GIVE LIBRARY A CLOCK

Will Be Electrically Operated. Memorial Fund Now Amounts to About $1600

Last Tuesday, April 8, at 5:00 p. m. senior class meeting was held in the little Theatre with Orland Ward presiding. Plans were discussed as to the announcements to be used and several kinds were displayed. Announcement was made for the senior assembly held last Thursday morning at which time all the seniors were to appear in caps and gowns.

Henry Eagle took charge of the plans for the disposal of the $100 which was realized from the Junior prom of last year. The motions made as to the disposal were: To donate the money to the Iris Gardens: or to purchase an electric clock for the college library. The majority of the seniors voted for the purchase of the clock, which will be made in the near future.

Another plan discussed was for each graduating senior to contribute $2.50 out of his deposit towards the memorial fund. This fund was inaugurated by the class of 1924 with a voluntary subscription. The class of 1925 purchased caps and gowns which have since been rented to the succeeding senior classes and the money made in this way has also gone into this memorial fund. Each senior class has contributed to this fund by these two methods until at the present time the amounts to about $1,600. With the subscription from the class of 1930 this fund will be greatly increased.

ARTS BALL

The Spring Quarter Social Season opened with a fine turn out at the Delta Phi Arts Ball. Despite the fact that the name and the former plans were against the dance, quite a few took part at the last moment and participated in the first entertainment ever given by the Art students... The feature of the evening that provided the most entertainment was a balloon dance. Many-colored balloons were tossed down from the balcony and immediately resulted in much noise of popping balloons and hilarity among the dancers.

The program consisted of a tap-dance by little Tommy Sears two solo dances by Miss Fisher's pupils and five girls from Gallatin High School in a Clog dance. And last but not least Pegram's Orchestra furnished the gay spirit of the evening.

It is hoped that next year will find the students offering Delta Phi the cooperation necessary to make this dance a costume party.

NOTICE

There will be a Fang meeting in Herrick Hall at 5:00 o'clock tonight.

BOUFFON FORMAL TO BE APRIL 19

Invitations May Be Secured From Members. Pledges to Honorary Social Fraternity to Be Announced

In a few weeks the nurses, wild men, and little girls, will be bursting forth with great volumes of song from the well polished tops of the library tables. Who these persons will be is to be decided at the annual Les Bouffon formal dance to be held at the Hotel Baxter, Saturday April 19. Les Bouffon is the only organization to hold their initiatin n the campus. This initiation is looked forward to as one of the most hilarious and comical of all initiations. Each and every one takes part and helps make the initiation a success.

Les Bouffon is an honorary social fraternity, the membership of which is limited to ten upperclassmen. It is the oldest men's fraternity on the campus, and has taken a leading part in the social life of the college since its inauguration. It was founded in 1900 and has 278 alumni besides the nine present members. All of the present members will graduate in the spring and new blood will be injected into the fraternity to uphold the aims and traditions of Les Bouffon for the coming school year, 1930-31.

Each year at the annual dance the pledges for the coming year are announced, and much interest as to who the men will be is always shown. This year there is much competition and the picking of the prospective pledges has been very hard. However, the Bouffons believe that they have picked the men who will carry on the work cut out for them. Invitations have been sent to many alumni and it is expected that there will be many who will lay down their work to attend this function.

Plans have been made to accommodate many people and the Bouffons expect to see everyone there having a good time. Anyone desiring an invitation will receive one if they will ask one of the present members. It is impossible to know everyone wanting to come to the dance so if you do not receive an invitation come anyway and you will be taken care of.

Campus Rompus Day To Be Held May 16th

Tri-letter Awards for Hockey, Volleyball and Baseball Will Be Given

At the regular meeting of Spartanians, held Friday, it was decided to have Campus Day Friday, May 16. A committee in charge of arrangements was appointed, consisting of Marjie Nye, chairman, Mildred Porter and Martha Hawksworth. Campus Rompus Day was begun last year by Spartanians and it was decided to make it an annual event.

This year Spartanians are to have a baseball team which will play in the Women's Basoball Series beginning May 1. Helen Fechter was chosen captain.

Any sophomores, juniors, or seniors who are interested in becoming a member of Spartanians are urged to fill out an application blank in Miss Stewart's office. To be eligible a woman must have earned either a medal, a swimming suit, a Bobcat sweater or 75 individual points under the W. A. A. system. Pledges will be tapped and the tri-letter awards for hockey, vollyball and baseball will be given on Campus Rompus Day.

SENIORS APPEAR IN CAP, GOWNS

Students Judge Songs. Wonderful Song Creative Talent Shown. Results to Be Announced April 18

At the senior assembly held Thursday there was a large tournout for the first appearance of the graduating class in caps and gowns. The audience arose in tribute to the seniors as the double file, led by Orland Ward and Norma Beck, marched slowly and impressively to the section reserved for them. Everyone then joined in singing the "Alma Mater." President Atkinson gave a brief history of the class, congratulating the 153 members of the original 382 freshmen that started four years ago. Although this seems like a small per cent, he explained that is was only the normal percentage.

The assembly was then turned over to the Associated Women Students, under the direction of Norma Beck. Mention was made of the excellent work of this organization, especially of the sponsoring of the Iris Garden project and of the song contest this year.

Margaret Souders, chairman of music, led the girls' sextet in singing the six songs that were turned in, and also the song written by Dean Herrick. Rena Scovil played the accompaniment. Atfer singing the songs through once in the order they were printed, the sextet again sang them as requested by the audience. Votes for the first, second, and third best songs turned in were to be indicated on the mimeographed copies given to everyone, and then turned in to the Fangs and Spurs for counting.

The winners of the contest will be announced at the next assembly, April 18. Everyone is urged to be there and join in the singing of the winning songs, and to hear the names of the prize winners.

STUDENTS RENDER RECITAL

In spite of the fact that very interesting Bobcat-Grizzly contest was being held at the same time, a fair sized crowd attended the music recital held in the engineering assembly last Saturday evening.

Two vocal pupils of Mrs. Johansson, David Brewer and Betty Fransham and a piano pupil of Mrs. Houston, John Houston presented very pleasing numbers. The parts were rendered very well, giving proof of the proficiency of the instructors in these branches of the Montana State music department.

"SUN UP"

The Tormentors are going to present for their spring play "Sun Up." "Sun Up" is the story of the North Carolina mountaineer who went to war, and presents with admirable vividness the backwoods life of a hardy people. It is a comedy but it is inter-spread with bits of real tragedy and pathos, pointing to a smashing climax. It will be ably presented by a cast picked for the parts, including: Dale Bohart, Jack Coey Everett Best, Raymond Pratt, Frank Ward, Robert O'Brien, Harold Greiner, Dorothy Miller, and Mary Francis Spain. Director Bert B. Hansen promises that "Sun Up" though a comedy, will maintain, in every way, the high standards set by him in "Mary Rose" and the "Doll's House."

KAPPA DELTA IN SCHOLASTIC LEAD

Delta Tau Is Second and Alpha Omicron Pi Third. Averages are Higher

Kappa Delta led in the averages for both the men and women's fraternities for the winter quarter with a grade average of 83.180. This is one of the highest averages that has been made by a fraternity at Montana State. Delta Tau ranked second with 82.795, and Alpha Omicron Pi came third with 82.130.

The fraternity averages were:

Delta Tau	82.795
Amigo	81.836
Alpha Gamma Rho	79.415
Sigma Alpha Epsilon	78.709
Kappa Sigma	78.536
Pi Kappa Alpha	78.112
Omega Beta	77.390
Sigma Chi	77.202
Beta Epsilon	77.159

The sorority averages were:

Kappa Delta	83.180
Alpha Omigron Pi	82.130
Pi Beta Phi	81.609
Alpha Gamma Delta	79.127
Chi Omega	78.878

NOTICE

The "M" Club will sponsor a dance at the Hotel Baxter on May 3. Eckhoff's Orchestra will furnish the music. Prizes will be issued to the sorority and fraternity houses that won first place in the decoration contest held during tournament week.

STUDENTS WILL DECIDE PROPOSED POINT SYSTEM

Amendment Has Passed Student Senate. Election Will Be Held Early Next Month. Purpose Is to Effect a Better Distribution and Efficiency in Activities. Rules and Regulations are Given

Montana State students will vote this spring on the proposed Point System amendment that passed the senate last week. At the time of the general elections early next month the question will be put up for the students' decision.

The amendment as passed by the A. S. M. S. C. senate reads "Participation in student activities will be governed by a point system administered by the senate of A. S. M. S. C. The purpose of said point system shall be to effect a better distribution of, and efficiency in named activities. The senate of A. S. M. S. C. shall administer and enforce this point system as they see fit."

Along with the amendment the point system committee presented a list of rules and regulations pertaining to this system. These were also passed by the senate.

Most important, perhaps, of these rules is the limitation clause regarding the points a student may accquire in one quarter. Students are limited to 175 points per quarter. The manner in figuring these points may be seen in the list published at the end of this article.

Students should take note that the point system does not effect members of most clubs or societies. It is aimed at the officers in every case; to spread these honors over as large a group of students as possible and thereby develop a greater efficiency.

Point systems to regulate student activities have been tried out in colleges for many years. Most of these systems, however, have been inadequate for the demands placed upon them or have been neglected. Many of these systems have been installed by the faculties more for disciplinary reasons than to distribute the work.

Of late there has been an increase among the colleges adopting point systems. Most of this action has been on the part of the students themselves. Point system discussion took up a large portion of the last convention of the National Student Federation of America, of which Montana State students are members. It is an outgrowth of this convention that the senate here has drawn up the system to be offered for the students' approval.

Before stipulating the number of points each office was worth a careful survey was made by the point system committee into the offices held by representative students of the campus.

The following is the list of rules and regulations proposed by the senate:

RULES AND REGULATIONS OF THE POINT SYSTEM

Section I

No student may have more than 175 points during any one quarter.

Section II

Part 1—There shall be a point system committee consisting of the point system committee chairman, the vice-president of the senate and the secretary of the point system committee.

Part 2—The chairman of the point system shall be appointed for the following school year at the joint meeting of the out-going and incoming senate held in the spring.

The duties of the chairman shall be:

(a) to keep a check on the data of the point system.

(b) to see that all records are posted by the secretary.

(c) to report all violations to the senate.

Part 3—The secretary of the point system shall be appointed by the senate at the same time the chairman is appointed.

The duties of the secretary shall

(Continued on page Two)

MANY COEDS OUT FOR WAA SPORTS

More Out This Year Than Previously. Rules for Tennis and Distance Hiking Made Known

W. A. A. held its quarterly meeting Thursday, April 11, at 5:00 p. m. Erma Monroe, president of the organization, conducted the meeting. In accordance with past customs, spring sports were outlined, several new rules were discussed, moved, and passed, and the sport cards were distributed for all spring athletics.

This year more co-eds have reported for all W. A. A. sports than any year previous. Competition too, for the past two quarters, has been unusually keen.

Tennis

Charlotte Smith, manager of tennis, was introduced first. This year's tennis tournament is to be conducted in an entirely different manner from any hitherto. Before anyone is eligible to participate in the final tournament, she must have recorded with the tennis manager 30 practices of 40 minutes each, eight of which must be completed by April 21.

The tournament will continue from April 2 to May 13. A ladder will be posted previous to April 21, on which every co-ed's name will be placed in respective order to her ability to play. Anyone may challenge any of the four women above her on the ladder during the tournament period. In order to obtain Bobcat points, each woman is required to win from six girls in ten tries.

Instructions hours for tennis are Wednesday 8-9, and Friday 8-9 with a few additional hours posted on the bulletin board. A person may also take points for coaching tennis, providing she coaches 10 hours for major score of 5 points, or 6 hours for a minor score of 3 points. Tennis hours are Monday, Thursday and Saturday, all day.

Distance Hiking

The next speaker was Margaret Crest, the distance hiking manager. Distance hiking is an activity which runs for a period of 30 days. During this time, a girl must walk an average of four miles a day. This guarantees her a major score of ten points while minor score is six points with an average of three miles a day.

PHI KAPPA PHI TO HONOR BEST FROSH

Ten Scholastically Highest Freshmen to Receive Recognition of Merit

At the meeting of the Phi Kappa Phi, Saturday, April 12, Dr. Jessie Richardson and Kenneth Copley were initiated. The initiation was followed by a short business meeting, presided over by President Prof. Therkelsen.

A petition from an honorary scholastic organization at Concordia College, Moorehead, Minn., was passed by the local chapter. Plans were discussed for honoring freshmen showing outstanding scholastic ability. A committee was appointed to investigate possible means of carrying out the project.

One plan was to issue certificates of merit to the ten sophomores having the highest grade average for their freshman year. Whether these would be the ten having the highest grade average or the ones having the largest number of points per credit will be decided after an investigation. Neither was it decided whether these would be the ten high grade freshmen from the college or if a representative would be chosen from each department.

The committee aprointed will submit their suggestions to a meeting to be held in the near future. If accepted the plans will be carried out and an assembly will be held early next year with the present freshmen as possible candidates for the honor.

FANGS HOLD ANNUAL BANQUET AND FORMAL INITIATION FRIDAY; DYCHE MADE MEMBER

Food Prepared By Home Ec Girls. Howard Toastmaster. Brown and Greiner Tell of Experiences. Coach Compliments Group on Efficiency. Thirteen Squires Formally Crowned

The Fang Chapter of Intercollegiate Knights held their annual banquet and formal initiation in the lower hallway of Herrick hall last Friday evening at six o'clock. The banquet was prepared by the upper class members of the home economics department.

Practically every active member and pledge of this useful service organization attended, and all had a very enjoyable time. Louis L. Howard, an honorary member of the organization, acted as toastmaster and put the pep into the gathering as only "Lou" Howard can. President Atkinson, another honorary member, was also present. Coach Schubert Dyche was the only non-member guest. After the meal he was formally initiated into the organization as an honorary member.

Former Dukes Bernard Brown and Harold Greiner gave short talks telling of the benefits they had derived from the organization and encouraging the boys to uphold the standards of this group and to continue to do all they could to help the college. Coach Dyche complimented the organization on the way it handled the many minor duties connected with intercollegiate contests. He mentioned that the athletic department often did not even have to know whether arrangements were being made or not. They were handled so successfully by the Fangs President Atkinson added several complimentary remarks. He told of the satisfactory service the Fangs have rendered since their organization. He also pointed out the significance of the name and symbol of the organization and how it has come to have a special significance on the campus as well as all over the state due to the high quality of work rendered by members of this organization. He emphasized the fact that all the students and especially members of the service organizations be well prepared to handle the crowds of high school students coming here for High School Week the first of May. These students know little of the actual history and purpose of this institution and each student should be able to "sell" the college to these visitors. The present Duke, Arthur Buckley, concluded the remarks.

After the talk the group adjourned to the fireplace room where formal initiation was held. Ex-Duke Greiner officiated. The members initiated were Coach Schubert Dyche, and squires Asbury, Blakely, Eyre, Ferguson, Ganaway, Hanson, Hastings, Hixon, Kaiserman, Lund, Waters and Veasey.

NEWMAN CLUB ELECTS SONNTAG PRESIDENT

Bob Emmet, Evelyn Freese, Louise Killorin and Kenneth Freese Other Officers

A regular monthly meeting of the Newman Club was held Sunday morn- at the K. of C. hall. The ladies of the N. C. C. W. council, assisted by four high school girls served breakfast. Mrs. J. C. McCarthy was the guest of honor at the breakfast. Characters were picked out for several one-act plays which the club intends to produce in the near future. Election of officers for next year was the most important of the business transacted. The following are the officers for next year: Joe Sonntag president, Bob Emmet, vice president; Evelyn Freese, recording secretary; Louise Killorin, corresponding secretary, and Kenneth Freese, treasurer. These officers will be enstalled on May 11, at which time the regular monthly meeting will be held. The coming meeting will be the last one of the current school year.

LLOYD GOOD ACCEPTS POSITION AT WARDEN

Lloyd Good, a senior in agricultural education, has accepted a position in the high school at Warden, Mont., as as a teacher of general agriculture and chemistry for the remainder of the school year.

Lloyd will retrun to M. S. C. next fall to complete his work in agricultural education.

Annuals May Be Distributed In May Sections of Book Are Much Improved

Vera Ann O'Neil, editor of the Montanan, was called to Helena Sunday where she will make final arrangements for the year book. She states that the proofs for the Junior, Senior, and Sophomore sections have been read, and the form are now ready for the press.

The opening section of the book is to be exceptionally attractive this year as it will consist of hand tinted pictures of mountain scenery. It is interesting to note that the opening section, which is done on gray art paper, weighs 775 pounds as returned from the printing office. The military section is the largest it has ever been. It includes the campaign, sponsor, one first lieutenant and three second lieutenants. Also, there is a page on war at Fort George Wright last summer.

The feature section by James Morrison is historic in nature and is especially clever and funny. The cartoons for this section were done by Mural Spencer with the aid of Joe Livers. The cover is of gray leather and all the binding is being done by hand this year.

It is estimated that the book will actually cost $600 but it will be on sale to students for four dollars, and although it is not definitly known when the book will be completed, it will probably be near the last of May.

Dramatic Students May Join Class To Visit In Europe Next Summer

Burns Mantle, leading dramatic critic and author of the annual "Best Plays" series, will lead a long summer dramatic tour leaving New York on July 6th and returning September 8th. Among the famous theatres which will be studied from both sides of the footlights are the Everyman, Lyric, Drury Lane, Boar's Head and Shakespeare Memorial in England; Odeon, Marie Antoinette, Studio and New Pigalle in Paris; La Scala in Milan; Grosses Schauspielhaus, Schiller, Staats Opera, Volkesbuhne and Kleines Theatre in Berlin; Burg, Opera, Josephstadt, Raimund, Akademie and Redoubtensaal der Hofberg in Vienna; National, Musical, Deutsches and Kleine Buhne in Prague. Conferences are being arranged with Sir Barry Jackson, Max Reinhardt, Gordon Craig, Strnad Jessner, the Capeks, Molnar and many others. Important collections of dramatic material in many of the museums will be investigated. Extension tours to Holland and to Ireland will be available.

A novel dance tour, led by Hans Wiener, will start on May 31st and end on August 25th. Hans Wiener is one of the leaders of modern dancing and is known here and abroad both as an artist and as a teacher. The intinerary is being arranged to include study of the schools of Mary Wigman, Palucca, Truempy and Skoronel, Christina Baer and Valerie Kratina, and Elizabeth Duncan.

Get your tickets for the Spur-Fang Dance.

MORE DUTCH TREATS

Several colleges and universities have tried the system of Dutch treating. The students at Colorado university have talked about the new system but so many were opposed to it that they have decided not to try it.

Some of the objections voiced by the women of the Colorado university are:

"Men are too conceited as it is. Just think what would happen if they were besieged for dates by the members of the fair sex—besides psychologically it is all wrong."

Another girl claimed that it would give the wealthy girls who were not so good looking a "break" once in a while. Another co-ed said that it would resolve into taking the "boy friend" out on father's money.

The boys interviewed were about evenly divided in their opinions. The arguments for the Dutch treating system are:

"Women wish equality in most things, so why not have it in expenses also?

Another said, "For informal picnics and beefsteak frys, and for shows occasionally, I think it would be fine."

The boys who were against it put up the following arguments:

"Convention has dictated to me so long that I would hesitate to leave the beaten track to defy it."

Another student said, "Eventually it will be the accepted thing. Since the war people are doing many things that were not thought of in the past."—Washington State Evergreen.

STUDENTS WILL DECIDE PROPOSED POINT SYSTEM

(Continued from Page One)

be:
(a) to keep all point system records.
(b) responsible to the point system committee chairman.

Section III

Part 1—Records will be kept in a system provided for by the senate of the A. S. M. S. C.
Part 2—Activities shall be listed each quarter for every year student is in school.
Part 3—Records shall be kept only of those students participating in activities.
Part 4—Records will be kept in the Registrar's office during the summers.

Section IV

Part 1—Students must apply to the secretary of the point system for permission to participate in an activity at least 24 hours before time of action.
Part 2—Violators will be deprived of all activities for the remainder of the quarter in which the violation takes place and for the following quarter.

Section V

The following list of points shall be used in determining eligibility to participate in activities:

No women who have not paid their dues of 75c to W. A. A. are eligible to take Bobcat points for either gym credit or points toward a sweater.

SMATTERING FROM HERE AND THERE IN OUR MIDST

Girls, you can look to the O. B.'s to be the Don Juans of the season—and all because of a new addition to their library. Yes sir—now they KNOW about women. Perhaps they'll let the rest of the college read the book sometime—but we doubt it.

The high light of the Arts Ball was at that point after Home Sweet Home had been played when some squirrel gave the orchestra two dollars to play just two more pieces so he could dance with Helen Cornwell.

And yet men like Washington and Lincoln die.

Maybe last week's Sunday school lesson will teach little boys not to throw rocks at street lights.

Less than two months until graduation—and think of all the picknicking that has to be done in that time, Seniors.

It may be all right, but in our day the dorm girls weren't allowed to play golf or gallop hither and yon on the campus.

We trust the underclassmen were impressed at the Senior assembly Thursday.

Spring IS here—and the Chi O Ford again lends its many touches of color to the campus.

Lora Brown finds the solution to another of life's little mysteries—she says the difference between Rudy Vallee and Schube Dyche is that the former puts out victrola records and Schube puts out athletic records.

Which brings us to the last Aggie-Grizzly meet. Bobcat supremacy is further established—what have the Grizzlies to crow about this year? Oh well—they have made the remark that if the Bobcats ever win the track meet they'll give them Main Hall. Looks like M. S. C. is about to get a worthless gift.

But we're really surprised about the wrestling—the Missoula lads must have changed a lot since we went to school there.

It is estimated that 76.8% of the campus eds and co-eds will make and break engagements this spring quarter. We hope so—anything for dirt.

Here! Here!! Everybody in on this. Let's get Wing a new hat, Hanson a new Hamilton Watch, Demaree a pair of crutches, Bob Adams a bottle of "pep" tonic, Miss Power a new model "A" Ford and ten gallons of gas. The big collection will be taken up at the next assembly.

Westinghouse Adds To Science

The Westinghouse Electric and Manufacturing Company is now manufacturing a propeller for a large blower by means of arc welding. The propeller is constructed by arc welding the two taper, turned and warped plate steel blades into slots cut in the hub. By so doing the cost of a pattern and mould have been saved and at the same time the possibility of obtaining a poor steel casting is avoided. The entire blower housing is also fabricated by arc welding.

The propeller is 42 inches in diameter and is constructed for a blower of 100,000 cu. ft. per minute capacity at 16½ in. static pressure driven by a 30 hp. 3,520 rpm. motor, 3 of which were ordered to operate in paralled for Hell Gate Station.

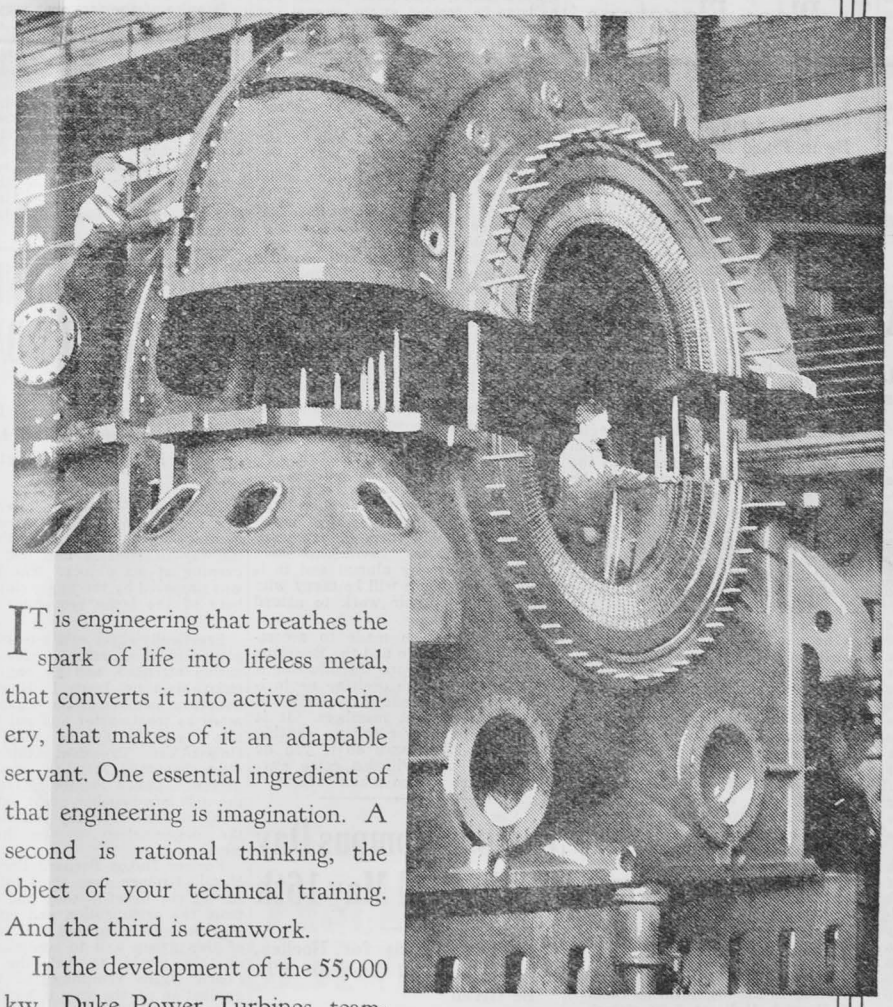
DEAD METAL LEAPS TO LIFE
at the hands of Westinghouse engineers



IT is engineering that breathes the spark of life into lifeless metal, that converts it into active machinery, that makes of it an adaptable servant. One essential ingredient of that engineering is imagination. A second is rational thinking, the object of your technical training. And the third is teamwork.

In the development of the 55,000 kw. Duke Power Turbines, teamwork extended back to the date when George Westinghouse brought the steam turbine to America. It included men who have made life studies of vibration, of blade design, of the effects of superheated steam on metals; men who know how to make huge castings, the packers who have mastered the science of shipping giant machinery. And it took in also the business men who create a market for such machinery and who cement together the many-fold activities of the Westinghouse institution.

The 55,000 kw. turbine generator units that Westinghouse built for the River Bend station of Duke Power Company are the largest in the South.

Society NOTES

With Easter less than a week away, society is planning many delightful festivities, Easter is the beginning of society's busiest season, and a multitude of events will follow one another in quick succession for the remainder of the school term. The Spur-Fang Dance, the Les Bouffon formal and the Junior Prom and informal out-of-town parties will engage the attention of M. S. C. students.

The past week in retrospect was marked by the Artist's Ball. Gay colored balloons floated down during a special dance and Tommy Sears entertained with his usual pep.

Hamilton Hall.

Mrs. John Frohlicker was a dinner guest of Vera Ann O'Neil Friday night.

Harriet Lewis was called to Butte Saturday by the death of her father.

Dean Miliam, from the State College of Oregon, was a guest of Hamilton hall Thursday.

Vera Ann O'Neil left for Helena Sunday where she will do some work on the Montanan.

Dean Herrick returned Friday after her week's trip to the different high schools of the state.

Alice Gardiner spent the week end at her home in Anaconda.

Alpha Omicron Pi.

Miss Jerry Bowden has left for Boulder, Colorado, where the district convention of Alpha Omicron Pi is being held.

Miss Betty McNeil has returned to school after a week at her home in Bear Creek.

Mr. and Mrs. C. Boulware of Butte motored over from Butte to spend the day with their daughter, Vivienne.

Mr. and Mrs. D. L. Griffith of Butte, spent the day with their daughter, Elizabeth.

Alpha Gamma Delta.

Delta Gamma of Alpha Gamma Delta held formal initiation for Maurine Schofield of Billings, Saturday afternoon.

Alice Brew, '30, of Lewistown, was a guest at the Alpha Gamma Delta house Sunday.

Chi Omega.

Sigma Beta of Chi Omega held initiation Satuday, April 12, for the following girls: Doris Purdum, Helen Huffine, Helen Zortman, Lucille Zortman, Betsy Jackson, Shirley Brown, Ruth Lowe, and Margaret Anderson.

Pi Beta Phi.

Mrs. John Travis of Great Falls, Miss Lenore Sullivan, Miss Ada Beerstecher, Mrs. Stewart Lovelace, and Mrs. Arthur Post were dinner guests of Pi Beta Phi on Tuesday.

Kappa Delta.

Kappa Delta entertained Irene Seil, Mary Frances Spain, Judith Beldon, and Lillian Tubb at dinner Thursday night.

Amigo.

Prof. and Mrs. Bowman were Sunday dinner guests.

Capt. Zeck, J. D. Waldorf, S. G. Hiedle and Mr. Moser were Friday guests of Amigo.

Denny Johnson, '28, was a house guest last week. He is employed by the Mountain States Telephone and Telegraph company at Helena.

George Hart visited at his home in Manhattan last week.

Kappa Sigma.

Delta Lambda of Kappa Sigma announces the pledging of Jim Jorgenson of Kalispell.

Mr. Michaelson of Missoula, was a Kappa Sigma guest during the minor sports carnival.

Sunday dinner guests were the Misses Constance Brewer, Mauriana Scofield, Margaret Bowman, Aleta Tokerud, Virginia O'Neil.

Pi Kappa Alpha.

Mr. Raymond T. Fortner of Denver, Colorado was a guest of Pi Kappa Alpha Wednesday evening.

Sunday dinner guests of Pi Kappa Alpha were the Misses Margaret and Helen Souders and Mr. Nelson of Bozeman.

Sigma Alpha Epsilon.

Montana Alpha of Sigma Alpha Epsilon announces the initiation, on Sunday, April 13, of James McGinty of Anaconda, Gunnar Walseth of Glendive, Raymond Van Fleet,, Gordon Westlake, and Don Seitz of Bozeman.

Alpha Gamma Rho.

Carl Hasse, '30, from Ryegate, Montana, was a week end guest at the Alpha Gamma Rho house.

Ross Hanna of the State U., was a Friday luncheon guest of Ben McIverson at the Alpha Gamma Rho house.

Beta Epsilon.

Friday dinner guest of Beta Epsilon was R. Miller of Westby, Mont.

Ingolf Johnson of Great Falls was a week end guest.

Sigma Chi.

Mr. Saxon of Billings was a week end guest of Sigma Chi.

Omega Beta.

Omega Beta wishes to announce the formal pledging of Frank Shackley.

SOCIAL CALENDAR

Friday, April 18—Spur and Fang Dance.
Saturday, April 19—Les Bouffons Formal.
Sunday, April 20—S. A. E. Easter Breakfast.
Friday, April 25—Ag Club Dance.
Saturday, April 26—Delta Tau Party; Kappa Sigma Fireside.

"HARMONY AT HOME" SPONSORED BY CO-EDS

Eurodelphian socicty sponsored the talkie all-star production of Harmony at oHme, eWdnesday evening, April 9. The organization annually sponsors a movie, and the event has come to an all-college show going night.

The show, aHrmony at Home, was a lively comedy of the every day happenings in the everyday life of a normal American family. It was adapted from the stage play, The Family Upstairs, which was admirably presented by the Tormentors three years ago. The principal characters of the movied production were Louise, the unsophisticated daughter; her fiance, Dick, a forty-dollar a weeker; the loving but designing mother who inadvertently nearly wrecked the romance; the lackadaisical young brother and the piano-pounding small sister; the business father who vainly struggled to preserve the family harmony. The large collegiate audience which packed the Rialto theatre for both shows heartily enjoyed the incessant stream of not too old wisecracks.

Don't forget the Spur-Fang dance, Friday, April 18, at the Hotel Baxter.

WOMEN SWIMMING NOTICE

1. Beginners' swimming meet.
2. Saturday, April 19, 8:00 sharp.
3. All sophomore women expecting credit in swimming for quarter grade must enter meet if they have not participated in one of the two previous meets.
4. All those expecting to win swimming suits or to make Bobcats must enter the meet if they have not participated in the previous meets.
5. Two entrance classes: Class A—for those who can swim in deep water. Class B—for those who cannot swim with ease in deep water.
6. There will be positively no entries after 5:00 o'clock Friday.
7. Information may be had from Helen Oliver, swimming manager.
8. The "Three day distance swim must be completed by Monday the 21st.
9. All those wishing to enter the Women's Swimming Play Day will please sign before Saturday noon.

NOTICE PI DELTA

There will be a meeting and initiation of Pi Delta pledges at the Sigma Alpha Epsilon house at 7:15 o'clock Wednesday Evening, April 16.

NOTICE

Fraternity athletic managers turn your entries in to Joe Delaney Wednesday by 5:00 P. M. You may turn in four names for each event but only three may enter.

VETERANS COACH FOOTBALL WORK

Ninety Enthusiasts Are Divided Into Seven Teams. Worthington, O'Leary, Semingsen, Preston, Dyer, Wylie and Bruner Act as Mentors. Period Devoted to Study of Fundamentals

A squad of 90 men turned out for the scheduled two weeks of spring football practice, which started last Wednesday evening. This is the largest numbe tahtreashvzETAOISHRD est number that has ever tuned out and shows the increase of interest in the sport has been tremendous.

The spring practice is devoted to the study of the fundamentals as stance, blocking, tackling, carrying the ball, passing and punting.

The squad has been divided into teams which will play the last day of practice. The men have been assigned to to seven teams and those who were not out Friday night will be assigned to teams, it has been planned to have eight teams. The teams are under the tutilage of the following varsity veterans; Worthington, O'Leary, Semingsen, Preston, Dyer, Wylie and Bruner.

Team No. 1—Worthington—Ends, Long, Harding; tackles, Mencer, Crosswaithe; guards, Larson, Matelich; center, Hazen; halfs, Johnson, Nagel; full, Keenan; quarter, Saddler.

Team No. 2—Dyer—Ends, Benson, Evans; tackles, Harrer, Frisbee; guards, Hendrickson, Buckland; center, Jorgenson; halfs, Keilman, Drazich; full, Gruenfelder; quarter, McNulty.

Team No. 3—Wylie—Ends, F. Dyer, Dowell; tackles, Popham, Chesareck; guards, Slichker, O'Brien; center, Greer; halfs, Burns, Cheever; full, Flynn; quarter Breeden.

Team No. 4—Semingsen—Ends, Coserani, Schuler; tackles, H. Nelson, Eliason; guards, Myers, Noble; center, Bowman; halfs, Dacks, Bakke; full Baily; quarter Brumley, Peterson.

Team No. 5—O'Leary—Ends, Whalen, Griffin; tackles, Gillette, Mills; guards, Jones, Mica; center, Skinner; halfs, Kissler, Pentila; full, Shea; quarter, winner.

Team No. 6—Preston—Ends, Lawson, Moore; tackles, W. Anderson, Hughes; guards, Pettibone, Michner; center, McLean; halfs, Jelmland, Severura; full, Ball; quarter, Fulmor.

Team No. 7—Bruner—Ends, Mullins, Farris; tackles, Sheele, Tice; guards, Starkovitck, Ragenvitch; center, (none assigned); halfs, O. Hansen; full, Blakly; quarter, Henbain, Peterson.

'M' Men Suffer Track Defeat

Last Saturday the non-lettermen defeated the "M" men 84-41 in their annual track and field meet. The results follow:

100 yd. dash—Wren, Sadler, Dazz; time, 10 1-5.

One mile—Smith, Young; time, 4:58 2-5.

120 yd. high hurdle—Bennion, Hixon, Wellington; time 70 3-5.

440 yd.—Coey, Cline, Yeager; time, 57 3-5.

220 yd.—Wren, Sadler, Day; time, 25 2-5.

Low hurdle—Wellington, Bennion, R. Buzzetti; time 30 1-5.

Two mile—Devreese, Holst, Andes; time, 10:36.

One-half mile—Yaeger, Cline, Young; 2:20.

Pole vault—Hurd, Faxon, R. Buzzetti tied for second; height, 10 ft. 6 in.

Shot put—Semmingsen, Ball, Ward; distance, 40 ft 10 in.

High jump—Hexson, Lee, Bjork; all tied at 5 ft. ¼ in.

Discus—Popham, Ball, Semmingsen; distance, 115 ft. 8 in.

Javelin—Worthington, Skonard, Pentella; distance, 149 ft. 10 in.

Broad jump—Ed Buzzetti, Bjork, Sadler; distance, 20 ft. ⅛ in.

M.S.C. COPS MINOR SPORTS TOURNEY

Montana State won the dual wrestling and swimming meet with the State University here Saturday. The Bobcats took the wrestling with a score of 31½ to 1½, winning six matches by falls and the seventh a draw. The college swimmers won 41 to 21.

Bruce Mull came close to a record when he scored a fall over Banfield of the U. in 16 seconds to start the wrestling meet. They were in the 155 pound class. The longest match, 16 minutes, resulted in a draw between Claire Freese, M. S. C., and Banfield, U., in the 165 pound class.

Falls were scored by the Bobcats in the following weights: Reed over Morrison, 125 pounds, in 2:9; Grebe over Sheridan, 135 pounds in 2:35; C. Freese over Gail, 145 pounds, in 3:22; Pepper over Mikalson, 175 pounds in 5:46; K. Freese over Daily, heavy in 4:00.

With four firsts, five seconds, and three third places the Bobcats won a thrilling water battle from the Grizzlies. The college relay team composed of Erkkila, Keifer, McLeod and Garry, won the 160 free style race in 1:30 minutes. Ross of the University nosed out Lee, M. S. C., for diving honors with a grade of 82 1-0 to 81 3-10. Garry of the college was third with 78 8-10. Grading was based on the difficulty of the dive.

The following are the results of the individual competition: 100 yd. free style, Erkkila, M. S. C., first; Garry, M. S. C., second; Crawford, U., third. Time 1.04 1-5.

100 yd. breast stroke: Cooney, U., first; K. Freese, M. S. C., second; Wheat, M. S. C., third. Time 1.21 1-5. This was the best time made in the local pool since Bud Shields, Utah Olympic swimmer, was here.

40 yd. free style: Ruth, U., first; Keifer, M. S. C., second; Ross, U., third. Time :21 1-5.

220 yd. free style: Erkila, M. S. C., first; Keifer, M. S. C., second; Cooney, U., third. Time 2:53.

100 yd. back stroke: Laitenen, M. S. C., first; Hoye, U., second; Nelson, M. S. C., third. Time 1:28.

FRAT TRACK MEET DATES CHANGED

The annual intramural track meet will be held this Thursday and Friday in order to avoid conflicts with the football games Saturday.

Entries must be in by 5:00 o'clock tomorrow. They may be turned into Joe Delaney. Each fraternity may enter four men but there will only be three representatives from each group in each event.

There will be a mile relay but no hammer throw.

The time of the events are as follows:

Thursday

Time	Event
4:45	Pole Vault
4:45	Shot Put
5:15	High Jump
4:45	100 yd. trials
4:55	100 yd. semi finals
5:05	120 yd. hurdle trials
5.15	120 yd. semifinals
5:25	One mile finals
5:35	440yd. final
5:45	220 trials
5:55	220 semi finals
6:05	220 hurdle trials

Friday

4:45	100 yd. finals
4:55	120 yd. high hurdle finals
5:05	two mile finals
5:20	220 yd. final
5:30	220 yd. hurdle finals
5:40	one-half mile final
5:55	Mile relay
4:45	Broad jump
4:45	Discus
5:15	Javelin

Cupolas controlled from the laboratory

White hot rivers of metal, pouring from big cupolas in Crane foundries, are even more thoroughly analyzed, more carefully watched, than the drinking water pouring from a faucet in a well-ordered city.

Because correct chemical ingredients in valve metals are as essential to absolute safety and right functioning of a piping installation as pure water to human health, Crane Co. has always maintained laboratory control of its cupolas.

This means that experts in the metallurgical and physical testing of metals are responsible for the quality of every valve and fitting turned out. It means that tensile strength, yield point, elongation, and reduction of area of test bars taken every hour of the day's run are known to laboratory and cupola chemists.

It means that constantly, as the metals pour out, the proportion of silicon, manganese, carbon, phosphorus, calcium, pure iron, are known and uniformly maintained. It means immediate correction of any variation and rejection of faulty materials.

From specifications of raw materials to final installation, Crane Co. knows its products and what they will do. How Crane Co. developed the background for this knowledge makes an absorbing story. It is titled *Pioneering in Science*. You are cordially invited to send for your copy. Aside from its interest, you will find it a splendid reference book on the reactions of metals to high temperatures and pressures.

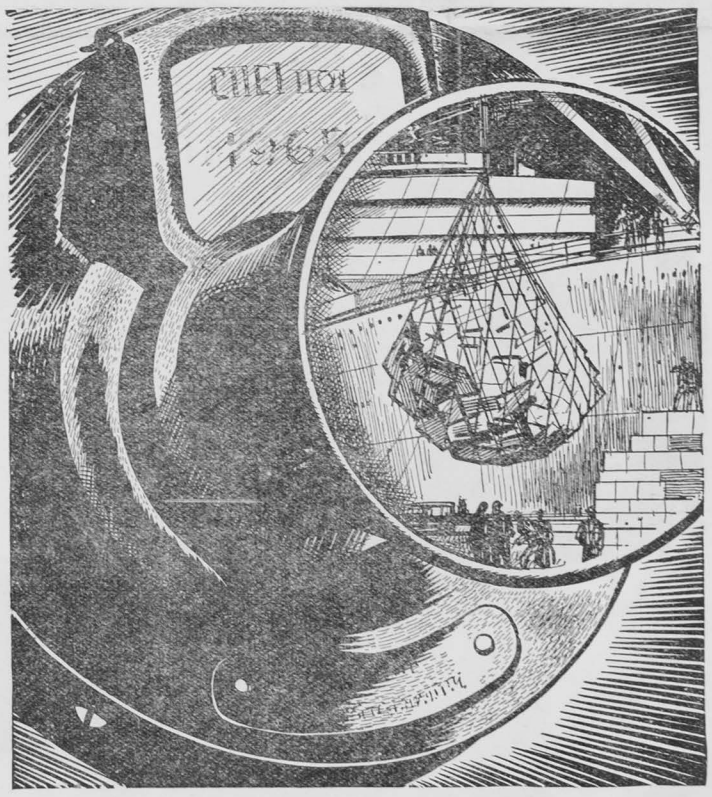
EARL S. MARSHALL



A world-wide market place

Eighty-five per cent of the world's telephones can be reached from any telephone of the Bell System. This includes those of Canada, Cuba, Mexico, and—by the new radio-telephone link spanning the Atlantic—most of the countries of Europe.

Already many American business men are using this service to expedite the transaction of foreign business and are finding it quick, convenient and profitable.

The future possibility of talking directly with almost anyone in the world who has access to a telephone is enough to stimulate any man's thinking—not only from an engineering standpoint, but because of its significance to American industry.

BELL SYSTEM

A nation-wide system of inter-connecting telephones
