Knapton, Sasse Battle
For Student Presidency

Presidential hopefuls Dick Knapton and Oliver Sasse head the list of candidates going into the ASMSC general election which will be held Tuesday from 8 a.m. to 5 p.m. in the SUB. All the school voting will also elect officers to 15 other student body positions.

Over 1,000 students turned out for Tuesday’s primary. This is the largest number of ballots cast in the history of ASMSC primary elections. Two write-in candidates became eligible for the general election after receiving more than 45 votes on the initial ballot. The write-in race for Junior Member of the Bookstore was close. Bill Bakkey received 65 votes but was disqualified since he will be 21 years old (required for this office) until twelve days after the next new members are installed. Ron Clongner with 54 write-ins was next and will appear on Tuesday’s ballot. Larry Chang, the other eligible write-in candidate, received sufficient votes to win nomination.

An election assembly will be held Monday at 10:15 a.m. in order to introduce the candidates and give the student body an opportunity to question them.

Names of the two candidates who received the most votes in the primary will appear on the ballots in the general election. Write-ins will not be counted in the general.

Candidates who were unopposed in the primary will automatically receive the office. They are Keith Strandberg, Commissioner of Athletics; Martin Perkins, Commissioner of Forensics; Steve Foster, Commissioner of Publications; D. A. Delger, Student Athletic Manager; and Archie Evans, Assistant Student Athletic Manager.

Following are the primary election returns with write-in candidates designated (w):

President—Dick Knapton 74, Oliver Sasse 210, and Jim Hughes (w) 6; Vice-President—Bill Bateman 148, Ed Gossack 44, and Dave Gibson 65; Junior Class President—Bob Bowman 65, Gene Bratton 68, and Dave Gibson 65; Sophomore Class President—Lindsey Hess 50; Beverly Landes 144, and Charles Van Winkle.

Fraternity To Be Organized

Sigma Phi Epislon, a national fraternity, recently received approval of Inter-Fraternity Council to begin colonization on the MSC campus. The organization was selected from three fraternities which applied for membership, and within a few weeks will send a representative to begin promotion and organization of a colony.

After a period of one year of approval and development, the fraternity can become a chapter of the national organization, with the sanction of IFC, national headquarters, and MSC officers.

If sanctioned, Sigma Phi Epislon will be the tenth fraternity at MSC, founded at Richmond (Neb.) in 1901, the Greek organization ranks second in the nation with 134 chapters and tenth in membership. Locally, the fraternity includes Idaho State College and University of Montana. On-campus alumni are Herb Agocs and James Van Winkle.

Minstrel Show, Carnival Slated

For HS Week

This year’s Homecoming Minstrel Show and Carnival will be held in the fieldhouse April 30, according to co-chairman Dean Tavori, the program will start at 7:30 p.m. with a concert by the Bobcats Rodeo Band. The Minstrel Show, which will be numbers by members of the Homecoming Queen finalists and the minstrel show, will be included in the minstrel show and will be numbers by members of the Homecoming Band and the Madrigals.

In charge of the program are co-chairmen Dean Tavori and Jim Peiper with a committee composed of Jay Erickson, Joan Hill, Jim Van Dyken, George Mattson, Paul Schlechten, Dick Shope, Dennis Young, and Jack Warner.

Endmen chosen for the show are Herb Agocs, head football coach, bud Purdy, director of the fieldhouse; Maurice Casei, music department; Dean Tavenor, George Mattson, Paul Schlechten, Dick Shope, Dennis Young, and Jack Warner.

Endmen chosen for the show are Herb Agocs, head football coach, bud Purdy, director of the fieldhouse; Maurice Casei, music department; Dean Tavenor, George Mattson, Paul Schlechten, Dick Shope, Dennis Young, and Jack Warner.

The chairman point out that this show is for the entertainment of high school students, but for all MSC students, faculty and the public.
Constitution Revision

One of the pertinent questions to be decided in Tuesday's general election is that of funds for AWS. Article VII, Clause 6 of the revised constitution to be passed or rejected at the polls states that: "Any organization which is discriminated against with respect to the recognition of his work as 'Scientist' and that achievement shall be ineligible to receive Associated Student Funds."

Naturally if passed this will rule out any possibility of student groups' receiving any money. These achievements will not be eligible to receive Associated Student Funds.

Student funds must be allotted to organizations which are representative of all students if we are to continue operating on a fair and democratic system.

With this fond farewell to the AWS question all that can be said is vote for the revised constitution, amen.

Important Role Played By MSC Student Publications

By Judy Gerstenberger

Open the front door of the SUB, walk down the stairs, and turn left. Open the door, and you're there! That's quite an accomplishment for members of the Montana Exponent, the publication of the Montana State College Farmer, in addition to the president of the Associated Students, student accountant, a secretary, and the Commissioner of Publications and acts as chairman of the board.

The board is responsible to see that each student publication follows the rules and regulations contained in the constitution of the Board of Publications. Any editor or staff member may be removed from the board by discipline by the board.

Exponent

Editing the Exponent this year is Steve Foster. The weekly student newspaper is printed on the outstanding newspaper in this organization. The staff is divided into both the editorial and business staffs, and any interested students may work on the paper in such capacities as reporting, proof reading, and ad collecting.

Pitchforks and Slidemiles

A bit further down the hall is the location of the Engineer of Publications. Pitchforks and Slidemiles is a magazine-type publication put out four times each year by the department of engineering. The articles are sent to engineering students throughout the United States and foreign countries. This year an in-depth study of one of the most interesting subjects of engineering is scheduled to appear in the fall issue of the magazine. The articles will be of great interest to any engineering student.

Montana

At the end of the hall is the large Montana office. This job of editing the annual is being handled by Paula Olson. The staff is composed of any interested student who is registered at Montana State College and good standing. Subscriptions include those for students to take pictures, write, copy, type and work with other people. Student publications help maintain the credibility of a college. They also allow students to gain valuable experience and help maintain the university's high reputation.

A small number of people are involved in this publication, and their work is done in the most professional manner possible. This is the result of the many hours spent in editing the publication.

The Montana Exponent

Member of the Rocky Mountain Intercollegiate Press Association

Published every Friday of the fall and spring semesters, it is the most outstanding newspaper in the state of Montana.

Awards

The Award, which includes a $1,000 check, was presented by the American Veterinary Medical Association's Student Division to Steve Foster, a member of the Associated Students, student accountant, a secretary, and the Commissioner of Publications and acts as chairman of the board.

PLANS FOR FUTURE HOMECOMING EVENTS ARE UNDERWAY AS COMMITTEE HEADS ARE SELECTED

Plans for the 1959 Homecoming events to be held Oct. 10 are well underway, reports general chairman, Cal Wilson.

The general committee has been chosen and the queen contest is underway. Serving on the general committee are Steve Foster, publicity chairman; Merle Quammen and Sallie Cardwell, queen co-chairmen; Sharon Kealey and Dick Shope, variety show co-chairmen; Don Kastella, parade chairman; Marvin Koskelia, dance chairman; Ann Schuler and Deanna Cada, reunion luncheon chairman; Kemp Wilson, preliminary and halftime chairman, and Dave Sloan, house decorating and floats chairman.

The queen contest is being conducted much as in the past, according to the queen co-chairmen, Merle Quammen and Sallie Cardwell, with the sororities and independents each selecting two candidates to vie for the queen title. In addition to these candidates, the general committee chose an additional candidate from each group. A committee composed of delegates from each fraternity and several members of the alumni office choose one girl out of the three to represent their respective group. These seven remaining candidates will compete in an all-school election slated for April 28. The top three will go on to compete in the final election to be held next fall.

Girls chosen to run in the Homecoming Queen primaries April 28 are Maxine Nordby, independent; Karen Sperry, Pi Beta Phi; Nancy Ayers, Chi Omega; Joy Warwick, Alpha Gamma Delta; Erlice Kilborn, Delta Gamma; Terry Potter, Alpha Omicron Pi and Charlotte Chandler, Kappa Delta.

The three winners will be announced at the High School Week variety show April 30.

AL ELECTS SNYDER

Results of the Animal Industry club elections show Ray Snyder, president; Vern Taylor, vice president; Iris Hughes, secretary, and Bob Piece, treasurer. The faculty advisor of the Animal Industry club is Mr. Van Horn.

Do You Think for Yourself?

THIS TEST WILL GIVE YOU A CLUE!*  

1. If your parents exhibited "baby pictures" of you to a friend, would you be (A) embarrassed? (B) merely interested in your friend's reaction? (C) just plain annoyed?  

2. You are making a speech—and suddenly find you have a large hole in your clothes. Would you (A) excuse yourself and leave? (B) pretend you didn't know the hole was there and finish the speech? (C) cover up the hole with a handkerchief?  

3. Would you rather have the characteristics of (A) U. S. Grant? (B) Thomas Edison? (C) J. P. Morgan?  

4. You have taken your date to dinner and find you haven't money to tip the waiter as well as take your date home. Would you (A) ignore the waiter? (B) take him aside and tell him you'll tip him next day? (C) tip him and walk your date home?  

5. Mathematics is your poorest subject, yet you are fascinated by the idea of being an atomic physicist. Would you (A) try to overcome your difficulties with math? (B) pick an easier occupation? (C) ask yourself if it's physics you like or its glamour?  

6. Your roommate is a nice person, but suddenly takes to asserting an ability to foretell the future. Would you (A) notify the authorities? (B) ignore the whole thing? (C) give him tests to prove to him he's wrong?  

7. Do you believe the maxim "It's a long lane that has no turning" is (A) a complete non sequitur? (B) a well-known fact? (C) an allusion to a common phenomenon?  

8. Would you rather have as a birthday present (A) something expensive? (B) something long-lasting? (C) something beautiful?  

9. In choosing a filter cigarette, would you pick one that (A) claims it filters best? (B) merely says it tastes good? (C) gives you a thinking man's filter and a smoking man's taste?  

If you're the kind of person who thinks for himself . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

"If you have checked (B) in three out of the first four questions, and (C) in four out of the last five . . . you think for yourself!

The Trim-But-Casual Cut of this Jacket tops the line of university-minded sports-wear styled by H.I.S. At men’s shops that appreciate true value, $12.95 to $19.95, depending on fabric. And it’s washable!

"Excuse me, honey. The lady wants a Camel."

Odd Jacket

The best student government for all students.

The responsibilities that I have had while serving in the following positions are an indication of my experiences to fill the qualifications necessary for this office: President of Hannon Hall, Secretary and Treasurer of the Rodeo Club. Commissioner of the Animal Industry Club, Secretary of the Student-Faculty Assembly Committee, Treasurer of AWS, member in the women’s residence dorm. and various committees during my college years.

I would like to extend my gratitude for those people who voted for me in the primary elections and would appreciate your support in the general election.

Ed Gossack

I would like to express my appreciation for your support in the primary elections. I am honored to have the opportunity to be a candidate for the Vice Presidency of ASMSC in the general elections. I sincerely request the position and if I am elected, I will do my utmost to fulfill the position in the best interests of the Associated Students.

The vice president is the official head of all of the Student Senate Committees and Student-Faculty Committees. I feel that I am capable of this position because I have sufficient time to devote to the office. I have been president of the Sigma Chi Fraternity, served on the Student-Faculty Assembly Committee and have been interested and closely associated with the workings of student government.

If I am elected I will strive toward a better student government for all students by improving student representation and interest. Our revised financial system needs work to assure that no unnecessary expenditures are made, thereby allowing more money for worthwhile causes. I will also work for the improvement of our campus, such as, parking lots and sidewalks. I also feel that there is a definite need for better student-faculty relations.

I would like to encourage every individual to exercise his voice in Student Senate by going to the polls and electing their representatives Tuesday.

Demonstrations

Larry Chanay

In the primary elections, you elected me a candidate for Commissioner of Demonstrations. I am a candidate for this office because I believe that such functions as M-Day and pep rallies play important roles in the Montana State College campus. In addition to planning M-Day and pep rallies prior to key athletic contests, the Commissioner of Demonstrations also is responsible for planning campus clean-ups. These above functions are our best tools to boost overall individual pride in MSC, and to build student spirit and interest in the State’s largest college.

After tours of Air Force and three years on the MSC campus as a student, I feel that I have the background and knowledge to serve you as Commissioner of Demonstrations.

Here are my qualifications:

I am a member of Traditions Board, a member of the “M” Club, member of basketball team, and member of track team.

Again, I’d like to emphasize that we should cultivate a spirit and pride in MSC and every manner possible.

(Continued on page 6)
Finance Comm.
Bob Garber
I wish to extend my sincere thanks to everyone who supported me in the primary election. First of all, if elected, I promise to work to fulfill the duties and responsibilities of this potentially important office. In the past, this has practically been an office donated to someone who has maintained the tradition of doing almost nothing after being elected. These years have done little to build the office, and have done little to serve the students.

Secondly, I will give honest, unbiased and objective representation in Student Senate. Our pool has a long record of bitter struggle for control of student government. I serve no faction, except the ultimate good of our union and growing institution.

Den Beauchamp
Thank you for your support in my primary election. As you know, a new budgeting system distributing student funds was established last year. Because it is a new system, it still has some flaws in it. If elected, I will continue to improve this system order to obtain a fairer distribution of student funds. Through Student Senate public relations and the Exponent, I will keep the students informed of how the money is spent. Only by applying yourself diligently to your job can it be accomplished. All this if elected to this situation.

Music Comm.
Barthelmess
As a Commissioner of Musical Affairs, I would endeavor to present an equal representation of music to the Associated Students. In this capacity, I believe music is the language of the soul.

Jim McCabe
Music is something in which I have always had a great interest. During my two years at MSC, I have sung with the Concert Choir and Madrigals, been song leader of my sorority, and taught these qualifications.

Senior Announcements
Deadline Extended

ASSOCIATED STUDENT'S STORE

Why did 14,436 sophomores enter advanced Army R.O.T.C. during 1958?

Many more applied. Not all were accepted. In more than 200 U.S. colleges, 14,436 college sophomores met the high standards set. These students were selected to continue officer training in the advanced R.O.T.C. course. Why did each of these young men decide that he would benefit by fulfilling his military obligation as an Army officer? Here are two important reasons. Perhaps they'll help you make your decision.

1...TRADITIONAL RESPONSIBILITIES

As an Army officer, you're in command of men. More men than the number supervised by many civilian executives years older than yourself. To meet your command responsibilities, you employ a great many of the LEADERSHIP principles acquired in advanced R.O.T.C. training. And your executive potential develops while you gather LEADERSHIP experience. The executive ability you gain as an Army officer will be an important advantage in any civilian career. That's why employment directors often prefer men who have served as commissioned officers. These men have already proven their capacity to handle executive responsibility.

2...TRADITIONAL REWARDS

In every organization, greater responsibilities mean greater rewards. The traditional prestige of an Army officer is matched by material advantages. A second lieutenant earns a minimum of $355.88 per month—plus substantial fringe benefits. Think you might want to marry soon after graduation? An officer's salary can make things a great deal easier for a married couple just starting out. What's more, an Army officer is entitled to take his dependents with him, wherever possible. Imagine sharing the fun of travel with your wife—in the United States or foreign countries like France, Germany or Japan.

TRADITIONAL Responsibilities
Rewards

U.S.ARMY R.O.T.C.
Social Comm.
Destra Ostenson

The principal duties of the Commissioner of Social Affairs are serving on the Student-Faculty Social Committee, attending Student Senate, and organizing and presiding over the meeting held each quarter to set up the social calendar for the college.

Therefore, I believe that no previous experience as social chairman of a living group is necessary, but that a background of executive and leadership ability is very important in order to schedule functions with a little duplication and conflict as possible. I feel that I have this background through experience gained while serving as president of Hannon Hall and as president of the social committee.

I am a junior at MSC majoring in Home Economics and have participated in a large number of activities, as well as acts in the last school musicals. I have served as Head of the Dance Department in last week's EXPONENT, and which illustrate my dependability, concern and enthusiasm.

If elected to this office, I would work to attain an orderly and efficient social calendar that would be posted on the SUB bulletin board. I would also be open to any suggestions or complaints regarding social rules and regulations and would see that fairness is given to all proposals.

Being, I believe, a responsible and interested person in the work of the commission of social affairs, and having the ability to get along with people, I would greatly appreciate your support for the office of commissioner of social affairs in the coming election.

Lennie Pfister

Being on the Student-Faculty Social Affairs committee has given me great concern for the social rules and regulations of this campus. I would like to help better them in any way possible and will work for the good of the student body of MSC.

Cheer Queen
Donna Richardson

To be elected Cheer Queen would indeed be an honor. But along with this honor would come duties for which I would be responsible. I fully realize what my responsibilities would be to the Student Body, to the future cheerleaders, and to the Senate, for upon being elected Cheer Queen, I would automatically be a member of the Senate. Here, too, I would do my best for the betterment of our student government.

May I thank all of you who supported me in the primary election, and may I thank you even more after the main election.

Hallie Pasley
I feel that as a cheerleader you have the responsibility to create enthusiasm and school spirit.
Fieldhouse.

Fieldhouse

George Lucas

As a candidate for Commissioner of the Fieldhouse, I feel that I am well qualified to serve the student body of Montana State College in the capacities listed. I am familiar with the responsibilities and functions of this position. Having been acquainted with Bud Purdy, the Fieldhouse Manager, and the directors of the fieldhouse for the past two years, I believe that I am capable of representing the interests and desires of the MSC students.

I am a junior in the pre-medical curriculum and an armed forces veteran. My campus activities include membership in Phi Sigma, a national biological sciences scholastic honorary; membership in the Pre-Medical Society, and membership in the Varsity M-Club. I have participated in varsity baseball, and I am a member of the varsity football team.

If elected as Commissioner of the Fieldhouse, I shall constantly endeavor to represent fairly the entirety of the MSC student body in matters pertaining to the fieldhouse. I shall encourage the adoption or promotion of an impressive program of entertainment, and I shall strive to maintain prices which are appropriate for the students.

If elected, I shall support the adoption or promotion of a sound financial policy in the Student Senate. On Senate affairs also will I attempt to keep the students informed.

With your support in the forthcoming general election, if Commissioner of the Fieldhouse, it shall be my primary concern to express the desires and interests of the MSC student body influencing the affairs of the fieldhouse.

Phil Upsilon Omicron Initiates

Eleven girls were initiated into Phil Upsilon Omicron, national Home Economics honorary, Sunday, April 12. Initiated were Carla Andrus, Marilyn Doornbos, Myrtle Drange, Virginia French, Judy Gorstenberger, Jo Ann Huddleston, Joyce Myers, Pat Plumlee, Ann Schuster, Norelyn Stillings, and Virginia Vaught.

Officers elected at a breakfast following initiation were: President, Charles Voight; Vice-President, Mary Mendel; Corresponding Secretary, Ann Huddleston; Alumni Relations Officer, Judy Myers; Corresponding Secretary, Judi Wiese; Corresponding Secretary, Norelyn Stillings; Corresponding Secretary, Sally Ashley; Corresponding Secretary, Jo Ann Huddleston; Corresponding Secretary, Pat Plumlee; Editor-in-Chief, Joyce Myers; Historian, Barbara Murray; Editor, Judy Myers; Editor, Joyce Myers; Historian, Barbara Murray; Corresponding Secretary, Sally Ashley; Corresponding Secretary, Jo Ann Huddleston; Corresponding Secretary, Pat Plumlee; Corresponding Secretary, Judy Myers; Corresponding Secretary, Barbara Murray; Historian, Norelyn Stillings; Music Editor, and Sally Ashley, chaplain.

“Long-range programs are important— for both men and missiles”

“In a company dedicated to research and development, a young man’s opportunities to learn more—to increase his technical skills—are almost unlimited,” says 31-year-old Harry Lawton, Jr., a General Electric engineer engaged in the development of inertial guidance and fire-control systems for ballistic missiles. “And to maintain America’s scientific leadership, we’re going to need all the technical training and skills we can produce.

An important aspect of my job at General Electric is the continuing opportunity to learn more. I’ve been able to continue my education in the company’s Physics Program for college graduates. And I also have the advantage of association with top technical experts in my work. Opportunities like this have helped me realize that long-range programs are important—for both men and missiles.”

Harry Lawton is one of several hundred technical graduates who are devoting their skills to the development of 14 government missile projects to which General Electric is a major contributor. More and more our scientific progress and our national security depend on men like this—men who bring high qualifications to their work and who continue their quest for knowledge, both on and off the job.

General Electric believes that individual initiative and career growth are essential to America’s continued technological leadership. To this end, the company encourages all of its employees—including more than 30,000 college graduates—to develop to their fullest capabilities by providing opportunities for increasing knowledge and working skills.

Progress Is Our Most Important Product

VOTE

— in the —

AMERICAN STATISTICIAN

ELECTION TUESDAY
Constitution Is Revised

The Student Union Board has found it necessary to revise their present constitution to meet the changing conditions of the Student Union and its position on the campus and in the institution that you will vote to approve or disapprove in the all-school election, April 23.

(Amendment as of April 21, 1959)

The members of the Student Union Board of Western Montana College, in the furtherance of the greatest benefit and the maximum service to the Student Union, desire to have a center of student life, a source of enrichment friendly to student and faculty, and a source of valuable service to the local community and the educational program, do hereby establish constitution.

ARTICLE I

Aims and Purposes
Section 1. All students who are members of the Associated Students Montana State College, all faculty members of this institution, and all student members of the student body may be members of the Student Union.

Section 2. The active members of Associated Students, male students, shall be voting members of the Student Union, but the number of female students shall not exceed 25% of the total voting member body.

Section 3. All members shall have the privileges of voting, attending meetings, and exercising their rights as members of the Student Union.

Section 4. All members shall have the privilege of attending meetings and exercising their rights as members of the Student Union.

Section 5. Any member of the Student Union shall have the privilege of voting and attending meetings of the Student Union.

Section 6. The Student Union Board shall have the power to regulate the affairs of the Student Union.

ARTICLE II

Membership

Section 1. The Student Union Board shall be made up of two student members, the President and the Secretary of the Student Union.

Section 2. The Student Union Board shall have the power to regulate the affairs of the Student Union.

Section 3. The Student Union Board shall have the power to regulate the affairs of the Student Union.

ARTICLE III

Meetings

Section 1. The Student Union Board shall meet once a month in regular session.

Section 2. The Student Union Board shall meet once a month in regular session.

ARTICLE IV

Duties of Members

Section 1. The President of the Student Union Board shall have the power to regulate the affairs of the Student Union.

Section 2. The President of the Student Union Board shall have the power to regulate the affairs of the Student Union.

ARTICLE V

Amendments

Section 1. The Student Union Board shall have the power to regulate the affairs of the Student Union.

Section 2. The Student Union Board shall have the power to regulate the affairs of the Student Union.

Collection of Children’s Books On Display in MSC Library

A collection of 600 newly published children’s books is now on display at the Montana State College Library, reports Eileen Morrison, reference librarian.

Miss Morrison says this collection breaks down into some 31 subject categories and covers all grades from kindergarten through high school. Subjects involved in the collection range from arts and biographies to science and religion; from adventure and armadillo to pictures and social studies. The fiction represented divides into 15 sub-categories.

The exhibit is open Mon.-Fri. 8 a.m.-9:30 p.m., Sat. 8 a.m.-12 p.m. and Sunday 2 p.m.-6 p.m. 7-9:30 p.m. throughout April. It is on the second floor of the library.

“Books on Exhibit,” a national service operation involving the country’s leading publishers of children’s books, sponsors the display.

Chambers-Fiske Company
Dick Haden, Bobcat pole vaulter, soars over the bar in preparation for the squad's first meet, April 17, against Western Montana at Dillon. Haden and company have been holding practice sessions in the Fieldhouse until weather conditions enable outdoor activity. The squad should be strong in the pole vault, sprints, weights, and high jump. The addition of Jim Roban will definitely strengthen all weight events. Roban won the state heavyweight weightlifting contest last Saturday and joined the squad early this week. With additional support from MSC's outstanding high jumper, Buck Gaustad, and fleet-footed Duane Delger, the 1959 season could be the best in the Cats' history.

Jim Roban and Buck Gaustad to Provide Spark for Cat Cinderman

By Gary Brewen

MSC track enthusiasts will have the opportunity to watch two of the most outstanding individual performers to appear on the Bobcat cinders when Jim Roban and Buck Gaustad enter the limelight this spring. Roban, a sturdy 210 pounder from 'Great Falls, will supply the Cats with needed strength in all weight events. Jim currently holds the college's record in the shot put with a jump of 6 ft., 11 in. This throw placed him second in the nation among all other athletes competing. Since his enrollment at MSC, this junior I.A. major has won this year's state heavyweight weightlifting contest and the 1958 state heavyweight gold-glove boxing championship.

Gaustad is the current holder of the MSC high jump record. Buck set the record last year with a jump of 6 ft., 6 in. This stands as a great individual achievement as the senior I.E./F.E. major only stands 5 ft., 11 in. Gaustad, a three-year letterman from Belfry also excelled on the Cat basketball team where he earned three letters. He takes an active part in campus life, also. Last year he was junior class president.

These two performers will be on hand when the Bobcat cinders make their first home appearance May 2, tangling with the elephants from the University.

Boosters Surpass Goal of $12,000
In Financial Drive

The Bobcat Boosters Club has surpassed its goal of $12,000 in Bozeman and has reached an all-time high for contributions in the local area, reports Bob Simkins, financial drive chairman for the group.

"We've already collected or have pledged more than $12,000," Simkins said. "But we can't tell just how much we're over our goal since there still are some contributions coming in."

The above figures mean that this year's drive already has netted more than the $11,500 collected last year in the Bozeman area.

Col. C. W. (Hank) Johnson, who is heading the drive which is just beginning out over the state, faces the campaign with optimism. "We've met with such enthusiasm out in the state, it wouldn't surprise me if we have $10,000 in memberships from out-of-town boosters," declared Col. Johnson. The goal for outside Bozeman is $8,000.

Last year, the Booster Club's out-of-town drive netted $5,700.

Keglers Journey To Oregon Meet

MSC's bowling team will leave Tuesday for Eugene, Oregon to participate in the Northwest Intercollegiate tournament on the University of Oregon campus. Eighteen schools from the Northwest are expected to enter.

The MSC team members are: Tom Balleen, Tom DeYoung, Dick Paul, Jim Edwards, Rollie Fisher, Dave Daniels and Leon Schneider.

The men's team recently took fifteenth place in the team main-tourney. Jill Foster was second in the nation-wide women's tournament. Miss Foster and Phil Miller placed second in the nation in the women's doubles.

Drill Team Preforms; Tours Nation's Capitol

Montana State's 17 man Army ROTC drill team left by military plane Wednesday, April 8, to participate in the 1959 Cherry Blossom Festival last weekend in Washington, D. C.

Traveling with the drill team were 12 advanced ROTC cadets from MSC, two from MSU, Harold Fryxell, manager of the Bozeman Chamber of Commerce and Capt. Harry Collier, drill team advisor.

The drill team competed in team competition with 58 teams from all over the nation Friday morning and marched in the Cherry Blossom Parade Saturday night. The group returned Sunday.

Members of the drill team are: Gene Shaw, Charles Anderson, Herbert Lesley, all of Bozeman; Gary Wunderwald, Richard J. Nixon, Earl D. Bley, Great Falls; Ralph Fisher, Anaconda; Peter A. Sanborn, Honolulu, Hawaii; Dale Winter, Sidney; Lauren Buckland, Whitefish; Charles Pawloski, Circle; Greg Drewes, Columbia Falls; Thomas Bates, Kalispell; Warren Smith, Arlington Heights, Ill; Dennis Meyers, Conrad; Don Hawkins, Proctor, and Harry Holton, Outlook.

Other cadets making the trip were Samuel Moore, Milwaukee, Wis; Dennis Anderson, Olney; Bert Rice, Intake; Leroy L. Cubberston, James Chino, Havre; Cameron Dightman, Helen; Richard Siderius, Kalispell; Curtis Dawsonville, Frazer; Don Noteboon, Fairview; Sen L. Lee, Buenos Aires, Argentina; Donald Christianson, Miles City, and Gary Garrett, Sheridan.

Bobcat Football Squad Boasts Best Line Since '56 Season

Two weeks of spring practice has convinced football coach Bob Agocs that Montana State has the finest group of interior linemen assembled on any Brittenden field since the famous Bowl team of 1956.

The youthful Bobcat coach has picked an equal number of lettermen and newcomers scrapping for each position, but early indications are that experience will win out for the veteran prompting Berry to be optimistic about the tackle corps are senior lettermen Gene Schillert, 235-pound senior, and Don Grover, 185; Dan Barlow, 205, and a local boy, Bill Townsend, 190.

"They're going to be playing somewhere because for sophomores, they have too much ability to ride the bench," Berry declares. A fifth sophomore candidate is Reuben Trinh.

Last but not least is the pivot, which will be manned for the fourth straight year by Sonny Holland, 212-pound mid-bracket All-America selection from Butte. However, depth will be a problem at this position.

Back up Holland will be Dan Costello, a 185-pound junior. Other who may see action at the pivot are lettermen Gene Cannon and Phil Schneider.

Berry has indicated, however, that either Schneider, a sophomore, or Cannon will be used at a guard position.

MSC Waddies to Start Schedule At Missoula Stampede Tomorrow

The past several weeks have seen the MSC rodeo team training for a rigorous schedule this spring. The waddies began training last quarter by two weeks of hard conditioning under direction of Bobcat football letterman, Gene Beckman.

This weekend the Cat bronc-busters will compete in Missoula at their first rodeo of the season. Some of the other participating schools will be Colorado, Wyoming, and North Dakota, all very strong teams. MSU will also compete. The starters for the Missoula rodeo are former lettermen Rand Jessup, Bill Nauman, Bill Skelton; Freshman Shawn Davis; Sophomore John Nelson; and MSU transfer Ernie Luke.

A second team composed of Stan Rasmussen, Jess Langston, Eddie Scott, Larry Thomas, Dan Davis, Stanley Steen, and Doug Tamacke will also compete at Missoula for experience.

Rodeo team coach Bob Miller reported, "the starters for the MSC rodeo, April 24-25 will tentatively be the same as for the Missoula rodeo, but we've got some real good boys on the second squad, too. If some of them show up good at Missoula, they have a good chance of getting a place in the starting lineup for our meet here. We've got a good team this year, but we will be up against some very strong competition. I believe we're stronger in the riding events this year than we were last year, but we are a little weaker in roping due to the loss of a very fine roper in Junior Small." Following the MSC rodeo will be a rodeo in Dillon, one in Idaho, two in Utah, two in Wyoming, two in Colorado, and one in Nebraska to round out a full schedule for the team.

Belgrade Rodeos Are Past History
By Mike Wetherell

That cowboy pictured on the left brings to mind the good old days. Those contestants and fans in the background are clustered in, around, and on the famous Belgrade rodeo arena. Those spacious, modern and well equipped facilities were the site of MSC's first collegiate rodeo competition, and were the scene of many successful and successful rodeo stands. But, those days are gone forever! Sigh!

Now we have our ultra-modern fieldhouse with the best of facilities including rest rooms, coke dispensers and a specially treated turf. Well, times change!

Senate Appoints Dramatics Com. (Continued from page 1)

By Carla Lockwood

Sarah Cashmore was elected by Student Senate April 13 to fill the unexpired term of Sigrid Alim 198, who is not attending school this quarter.

The fraternity Sigma Phi Epsilon will start a colony on campus sometime next year, reported Jack Warner, President of F1C. This will bring the fraternity total to ten.

Arjay Godston reported on behalf of himself and Lennie Pfliser, co-chairman of WUS, the "meanest Prof, on Campus campaign was a smashing success netting over $500, six times as much as last year. A car wash and a street dance are also planned to get the high school and downtown areas interested."

Jim Kelly, commission chairman of the fieldhouse, reported that "there is a very good possibility of getting Bob Hope here for next year's Homecoming."
