Dear Mr. Lilly,

I want to apologize for the delay in answering your inquiry. We just took over the operation of this company from Doyle Bigelow this week, and needless to say it has been a week of details. Rest assured that if we receive your very valued order it will be printed promptly for you. I did not quite understand if we are to print the post card on one side or on two so I am quoting it both ways. I also suggest that we print the post cards on blank card stock and you put a stamp on as you send them out. It will save you tying up money in postage. The price I quote you on the postcard is this method. If you desire gov't postcards just add the postage amount to the price.

5M brochures	1M letterheads (including change)	500 postcards
\$100.00	\$19.55	\$10.00 One side 13.00 two sides

Please send us a couple of brochures that were printed for you last year.

I would guess that freight would cost an additional \$8.00. The weight would be about 60-70 lbs.

I look forward to hearing from you and being of service.

Very truly

Aaron Berkowitz

PS please send along a sketch of what you want printed on the post card so that there will be no mistake

>DEAR BUDMAN,

JUST THOT ID DROP YOU A NOTE TO SAY HELLO AND TO TELL YOU HOW MUCH I ENJOYED READING YOUR SECOND BOOK. DAVE GAVE ME YOUR FIRST ONE FOR CHRISTMAS AND IM JUST NOW GETTING A CHANCE TO READ IT. WE DROVE UP TO BOZEMAN A COUPLE OF WEEKS AGO AND I BOUGHT A COPY OF THTE SECOND BOOK FROM HIM. I MUST ADMIT THAT I REALLY ENJOYED READING IT AND IT BROUGHT BACK A TREMENDOUS AMOUNT OF MEMORIES AND GOOD THOUGHTS OF MY ASSOCIATION WITH THE LILLY FAMILY AND WEST YELLOWSTONE. I HAD ALMOST FORGOTTEN ABOUT SAM AND HIS HAIR IN THE BEDS AND THE POT ROAST HE WOULDNT EAT AND EVEN A NIGHT OR TWO OF MOVING HAT BOXES AFTER POSSIBLY ONE TOO MANY DRINKS. IVE BEEN MEANING TO STOP AND SEE YOU EVERY TIME I GET UP BUT I DONT SEEM TO GET IT DONE. TELL MIKE AND ALL THE NEW FAMILY HELLO FOR ME AND MAYBE SOME DAY WE POSSIBLY CAN HAVE A CHANCE TO WET A LINE TOGETHER. TAKE CARE AND RELEASE ONE FOR ME.

Dear Bud:

Intensive creel census studies were made on Yellowstone Lake and on the Madison-Firehole drainage during the past summer. Unfortunately, there is no recent data with which to compare the Madison-Firehole study, but the Yellowstone Lake study showed an abrupt decline in the total angler success. This was to be expected with the tackle restrictions, but more important, I believe, is that we had only two letters objecting to the new rules. Of those fishermen contacted in the field, most seemed to readily accept the regulations as well as the reasons for them.

Although regulations for next season have not yet been approved, we tentatively plan to require a non-fee fishing permit, mostly to provide a contact with each fisherman and assure his knowledge of the regulations. Other basic proposals to protect native species are a parkwide three-fish limit on cutthroat and catch-and-release fishing only on grayling. Pending approval, other localized size and catch limits may be imposed, and additional waters formerly closed may be opened to fishing.

You are correct in assuming a special use permit would be required for your guided pack trips. You might let us know a few more of the details, i.e., your estimate of the size of the parties, their probable destinations and duration of stay, etc., and we will take it from there.

Best personal regards.

Sincerely yours,

Jack K. Anderson
