Dear Cy, Since our fish exp in July, the Yell. River  
has dropped to all-time lows & the fish is  
currently very difficult. It was a gr.

pleas. to have had the exp. to be w/  
you in the pk & I hope y were able  
to get some worthwhile info. I trust  
also that you will continue to do care-  
fly fishing & will come again some  
time to fish w/ me.

Best wishes for the Yell. Proj.  
Sis.

Dear Bob, Jackson

In note.

pleas to is success on the  
float w/ Johnny France.

Should you decide to change  
your fishing places next yr,  
I will provide the best  
details that I can. I am having  
Mr. & Mrs. <sup>Guest</sup> Ranch send you the  
info. I have fished the Mad.  
Riv. times since our exp. w/  
about same result - med  
income. I did fish the Yell. south  
of Croston yesterday. The river  
is ext. low & fishing was superb.  
I trust you'll have a pleas-  
ant winter. Look forward to  
seeing you again.

## WESTERN RIVERS CLUB

2007 Sourdough Road • Bozeman, Montana 59715  
Tele. 1-406-586-5140

Many of you may know that we sold our shop this past spring. We sold the shop, but not our love of fly fishing nor the pleasure of helping others enjoy the sport and to have a "total outdoor experience."

Through the years of dealing with those fishermen and their families that fished the streams and lakes in our area of Idaho, Wyoming and Montana, we learned what information and help made their visit a success.

We have kept up with the fishing in the Yellowstone area daily and also spent time keeping current with all the prime waters within a day or two drive from the waters of Yellowstone.

With this experience and knowledge, we would like to offer our service of planning a western rivers trip with you through your membership in the Western Rivers Club. We are not a travel agency. We will accept no commissions from any services we recommend. If you request suggestions for where to stay, good restaurants, guides, car rentals, etc., we will happily make our best choices available to you.

In addition to our planning services, three newsletters will be issued each year in February, May and August. The newsletter will cover fishing forecasts and tips, water conditions, when certain hatches are expected, fishing regulation update, fisheries management programs and of course, a vital factor of western rivers information, being in the right place at the right time. Not only time of year, but time of day.

I suspect that we may use the newsletter to tell a few fish stories as well.

Planning a trip with you means a custom plan for you, a group or your family. Each situation we have arranged and helped with countless times. Enclosed is a news clipping that explains our experience.

What do wild mushrooms and wild berries have to do with a western fishing trip? Plenty. In addition to enjoying the finest trout fishing, you will be in mountain country with wildflowers, wildlife and clean air. We will tell you where you can revel to your heart's content.

Besides the fishing, we can help you in your planning to obtain information for:

Rodeos	Museums	Outdoor Seminars
Pageants	Local Celebrations	and Workshops
Special Shops	Swimming	Scenic River Floats
Art Shows	Horse Back Riding	Historic Sites
Galleries	Fly Fishing Instruction	Scenic Drives
	Antiques	

Each member of Western Rivers Club will receive a membership card that may be presented when seeking local information from tackle shops or other sources that we will inform you about.

Your membership card will identify you if you ask for access to a stream on private land. We will help in locating these access points. Access is still not a serious problem, but development is occurring and access does become restricted as a result. Fortunately, there is public access in Parks and national forests to great western rivers.

Each member will receive a membership certificate for framing if you wish. The first one hundred members to enroll will be charter members.
