Re: Fire damage

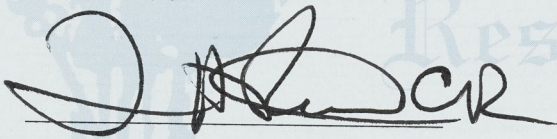

Dear Ester,

At this point it appears that all line items have been completed. I hope you have been pleased with our service. It was a pleasure working with you and Bud.

I have included a bill that represents the unpaid portion. I have submitted this to Scott Bright the State Farm Adjuster also. He should be cutting another check to cover the additional items on this invoice that he has not already covered.

If you have any questions please feel free to give me a call.

Respectfully yours,

Timothy H. Rathbun, CR

INSTRUCTIONS FOR COMPLETING PERSONAL PROPERTY INVENTORY FORMS

You have just suffered a loss to your personal property that will require some time to properly list. These instructions and the Personal Property Inventory Forms will hopefully make that task easier for you.

1. First, separate the damaged from the undamaged items, and protect repairable and undamaged items from further damage. Make your listing on room at a time. If more than one room is involved in the loss, use a separate form for each room. Enter the name of the room in the upper left corner of the form in the space provided.
2. Complete columns 1 through 8 (**except shaded areas**) on the inventory form as completely as possible.
3. Today's value/actual cash value - this figure should represent the current value of the item after making adjustments for age, condition, etc. from the current replacement, repair or restoration cost indicated in Column 7.
4. Attach any document you may have, such as receipts, canceled checks, credit slips, warranty booklets, operating instructions, photographs, to support ownership and cost of the items. If an article can be cleaned or repaired, attach estimate or invoice.
5. When you have completed the inventory, or if you have any questions, please contact your Claim Representative.

Below is an example of how the form should be completed:

A Guide to
Your Hospital Bill

Bozeman Deaconess Hospital is pleased to provide this information to help you understand our patient billing practices.

We are committed to fulfilling our mission to improve community health and quality of life. To ensure the success of this commitment we must be financially responsible. We take a positive and proactive approach to patient billing and collections with the goal of receiving payment for services rendered in the most efficient, timely and customer oriented manner possible. We also understand that billing and collections for health care services can be confusing. To assist you in understanding these billing services and to answer any questions you may have in advance, please review the following material.

The Patient Hospital Bill

As a routine practice, the hospital attempts to collect all known patient expenses prior to the delivery of services, when appropriate, or while the patient is in the hospital. This includes deductibles, co-pays and co-insurance amounts. Because treatment plans may change during your stay it is difficult to know our final total charges at the time of admission or discharge from the hospital. It is possible that charges may be added to your account after discharge.

Processing Your Bill

If you have current insurance coverage, the hospital will bill your insurance carrier shortly after health care services have been rendered. You will receive a monthly statement illustrating how much we expect you and your insurance to pay. Each visit to the hospital will create a new visit number that will be listed separately on your statement. This enables us to track payments more accurately. After several attempts to get your insurance company to pay without success, the hospital may ask for your assistance in getting the bill paid. Once payment from your primary insurance is received, the hospital will also submit a bill to your secondary insurer if applicable.

If you do not have insurance, a bill will be sent shortly after services are rendered, or after you are discharged from the hospital, requesting payment of the balance due. If you are unable to pay the entire amount, or wish to make payment arrangements, please contact our Customer Service Department at the phone number on your bill.

Financial Assistance Program

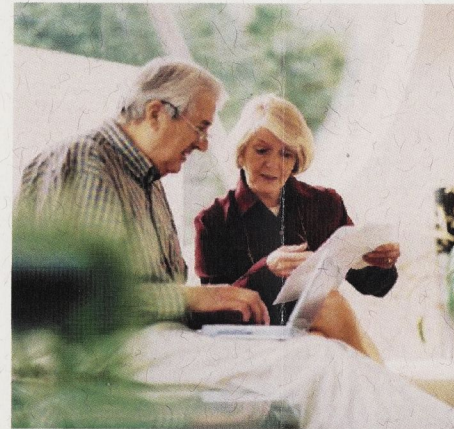

Bozeman Deaconess Hospital offers a program to help uninsured patients find services and benefits available to them to assist them pay their medical bills. The program, Medical Advocacy Services in Healthcare (MASH), employs a Patient Care Advocate based at Bozeman Deaconess Hospital who assists uninsured patients whose medical bills exceed a certain amount. The MASH advocate may contact you if your hospital visit/admission qualifies for assistance. Our goal is to match patients with funding sources they may qualify for such as Medicaid, Social Security and various other programs.

Patients with balances due resulting from limited or no insurance coverage may qualify for our charity care or financial assistance program. This program is designed to assist patients who are financially unable to pay their bill. Each application is reviewed on an individual basis with eligibility

based on family size, income, assets and outstanding debt. The patient is responsible for providing information requested during the qualification process and will continue to receive a bill until eligibility has been determined. Please ask a Financial Counselor or our Credit Supervisor for more information about this program.

Costa Rica's Best Fishing Destinations . . .

Quepos

Quepos has been touted to have "the best billfishing in the world". Situated on the southern Pacific Coast, this small port town was discovered as a game fishing mecca about seven years ago. Between Christmas and Easter, this area presents the best opportunities for numerous sailfish per day, frequent marlin hook-ups, and an abundance of tuna, dorado, and wahoo. Also, Quepos has produced the most recent world-record snook in 1992. In-shore fishermen will find large schools of roosterfish and snook.

Without a doubt, Quepos is an off-shore and in-shore fishing paradise.

Flamingo Bay Area

Adventures features two of the best fishing locations in the northern Pacific region, Playa Ocotol and Flamingo Bay. Furthest north, is Playa Ocotol, a sleepy resort community with outstanding fishing opportunities. Just south of Ocotol, are the luxurious resorts of Flamingo Bay. During the summer months, this area produces some of the best marlin and sailfish angling in the world. This area is known for its consistent fishing from June through September, which is dry weather when other parts of Costa Rica are experiencing a rainy season.

Drake Bay

Located about 50 miles south of Quepos is Drake Bay, the newest and least discovered fishing area in Costa Rica. This area presents a unique combination of unfished waters, wilderness experience, and the most diverse smorgasbord of in-shore and off-shore species available anywhere in the world. Until recently, fishermen have had to charter boats out of Quepos to fish this species rich area. As of November 1993, Adventures offers the first full-service fishing operation at Drake Bay. Equipped with 24 foot Sportfishers and 31 foot Palmbeach Gamefishers, this unique location can now offer the best in charter boats, along with excellent accommodations and food.

Try this new unique fishing destination and be spoiled for life. (Note: Drake Bay offers many wilderness and wildlife activities for fishing and non-fishing travelers as well.)

"This trip was the best layed-out trip I was ever on. It was a fantastic experience. I will recommend your service to anyone interested in a trip!" Raised 23 sails & hooked 17 in 3 days plus lots of tuna!

Cannon Island Tarpon and Snook - Brus Lagoon, Honduras

The world's newest destination for tarpon and snook might just harbor a number of world record tarpon. Only in operation for a few months, yet many tarpon over 200 pounds have been hooked and one of 220 pounds has been landed. Both conventional and flyfishermen can test their skills against these world-class monsters. Both tarpon and snook are taken any month of the year in the lagoon, ocean, or in the rivers.

Brus Lagoon is fed by five major rivers. These rivers are stacked with snook that have never seen a lure or fly. August through September, it is not unusual to find 20 to 40 pound snook mixed with the smaller ones.

The lodge, built and managed by Dick Thomas and his wife and sons, is located on the remote Cannon Island inside this Caribbean lagoon. The island is completely private and overrun with tropical beauty.

Sandy Thomas provides delicious Caribbean and American style food. The atmosphere is friendly, the fish are accommodating, and the tropical beauty unsurpassed.

Where Do You Want to Go?

SAN JOSE

San Jose, the capital of Costa Rica, is the premier city of the country, a sophisticated and vital center. It has a vibrant night life, flourishing market, museums and galleries, and many international restaurants and hotels. Radiating out of San Jose are less busy central valley towns and suburbs, each with its own flavor and identity. A favorite of tourists and resident Americans is the village of Escazu', noted for its charming bed and breakfasts, excellent restaurants, and friendly people.

MANUEL ANTONIO NATIONAL PARK

Manuel Antonio National Park, located on the Pacific Coast of Costa Rica has been defined by many as a true tropical paradise. Gently rolling onto the pristine white sand beaches, the crystal clear waters of Manuel Antonio allure travelers with exciting opportunities such as boogie-boarding, swimming, snorkeling, sea kayaking, horse-back riding, and sportfishing. While in Quepos, visitors will also want to tour the magnificent national park. Spanning over 1685 acres, the park provides a home for many diverse creatures. Sloths, capuchin monkeys, white-nosed coatis, clamorous parrots, endangered squirrel monkeys are just a few of the many animals and birds you might see while exploring the park, and at times, just from your hotel veranda!

GUANACASTE COAST

Flamingo Beach features some of Costa Rica's finest hotels and longest, white sand beaches. It's a perfect place for a sun-filled vacation or for world-class sportfishing from May-October. Just north of Flamingo is Sugar Beach, a secluded white sand beach which can be described in one word—tranquility! If you want a peaceful vacation in the sun—Sugar Beach is for you! South of Flamingo is Playa Grande, a broad and open beach bordered by an extensive estuary. Playa Grande is best known for leatherback turtle nesting from November-March.

ARENAL VOLCANO AND LAKE

Erupting daily, Arenal Volcano is the most active volcano on Earth! Spending one day in this area almost guarantees that you will experience Arenal throwing massive plumes of magenta fire thousands of meters into the sky. Viewing Arenal's firework display at night is the highlight of any traveler's itinerary. Arenal Lake offers some of Costa Rica's most challenging fresh water fishing as well as providing excellent wind for windsurfing enthusiasts.

MONTEVERDE CLOUD FOREST

The Monteverde Cloud Forest lies atop the Continental Divide and is widely recognized as one of the best birdwatching areas in the

Americas. Monteverde is home to 1,000 Resplendent Quetzals, the most beautiful bird of the tropics. Numerous hiking trails, excellent guides, and beautiful scenery make this area a paradise of flora and fauna for world-wide eco-adventurers.

DRAKE BAY-CORCOVADO NATIONAL PARK-ISLA DEL CANO

Certainly one of Costa Rica's most pristine areas, Drake Bay is a remote destination on the Pacific's Osa Peninsula. Accessible only by boat, this area guarantees high adventure and rare, exquisite opportunities. Drake Bay is bordered by Corcovado National Park where visitors are entertained by a variety of unique birds, mammals, and plants. Lucky explorers may spot a rare jaguar or ocelot. Many visitors have the opportunity to view the scarlet makaws and toucans that frequently fly overhead. Isla de Cano, located nine miles off shore, offers magnificent snorkeling and diving over rich coral reefs with numerous species of fish and other marine life.

TORTUGUERO NATIONAL PARK

This park is famous for the nesting area of the Green Sea Turtle. Leatherback Turtles also frequent the beaches. The peak time to see the Green Turtles nesting is July through October, but the park provides interesting adventure year round. This wilderness area has the greatest diversity in the country. Sloths, three species of monkeys, crocodiles, cayman, tapirs, toucans, hundreds of parrots, river otters, and other rare wildlife can be seen from your guided tour boat.

CARIBBEAN COAST

The palm-lined beaches from Puerto Viejo to Manzanillo on Costa Rica's southern Caribbean coast are sparsely populated, providing a feeling of isolation and adventure. Visitors in search of "local color" will definitely find it here. The local population of Afro-Caribbeans and indigenous peoples radiate the "laid-back" style of this coast. Surfers from around the world are drawn to the big waves at Surfers Beach. Snorkeling or diving along a beautiful coral reef, starting at only a hundred yards off the beach, are activities that everyone will enjoy. The surrounding jungle provides opportunities for hiking, birdwatching, horseback riding and exploration of ancient ruins.

Automobile travel ends at the village of Manzanillo, and the Gandoca-Manzanillo Wildlife Refuge begins. This area is a must for the adventure traveler. The Gandoca Manzanillo Wildlife Refuge abounds with toucans, parrots, three species of monkeys, crocodiles, ocelots, and hundreds of other species. You may hike into the Refuge with or without a local guide, or travel by motorized dugout along the coast, stopping at remote coves to snorkel or explore.

FISHING

THE CHALLENGE and excitement of some of the world's best big game fishing awaits you at the *Aguila de Osa Inn*. As our guest you will thrill to spectacular runs of Marlin, Sailfish, Dorado, Wahoo, and Roosterfish as well as a variety of other species.

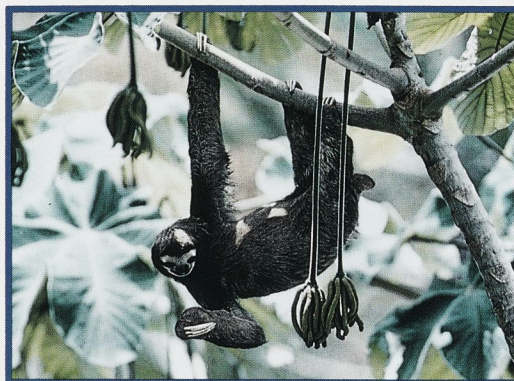

Our custom "Garrett 31's" and knowledgeable guides combine to promise an unforgettable fishing experience in an area that has had little fishing pressure to date. We promote and practice catch and release.

DIVING

CAÑO ISLAND BIOLOGICAL RESERVE is an undersea garden of spectacular rock and coral formations. Scuba or snorkel among huge schools of colorful reef fish, watch manta-rays with 15 foot wingspans glide overhead or barracuda and whitetip sharks cruise the reef below.

This island was once a refuge for pirates and a burial ground for indigenous peoples. Virtually untouched in recent centuries, the amazing diversity of marine life and our extensive knowledge of local waters adds up to a most memorable diving adventure.

JUNGLE HIKES

WALK INTO A WORLD of immense bio-diversity right on your doorstep. Trails cross orchid draped streams and wind through virgin jungle, home to a vast array of exotic birds and mammals. Howler and White Faced monkeys bound through the canopy. The Scarlet Macaw, Toucan, and Tanager are just three examples of the 300 species of birds indigenous to the region.

Guided tours of Corcovado National Park and Caño Island Biological Reserve allow you to further explore the magnificence of this rainforest frontier to its fullest.

COSTA RICA

Cariari

HOTEL & COUNTRY CLUB

Incomparable!

EASY TO GET TO ...

Nestled in the verdant central valley, the Cariari is only 10 minutes from the international airport and 20 minutes from downtown San Jose, Costa Rica's capital city. We have been pampering foreign heads of state, celebrities, business travelers and vacationers for two decades, so we've gotten pretty good at it.

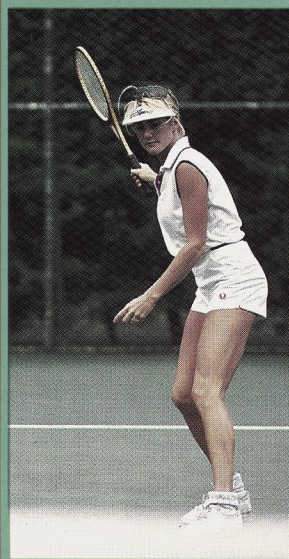

GREAT TO COME HOME TO!

There's never a compromise in comfort, service, food or fun at the Cariari Hotel and Country Club. We are recognized as the nation's premier luxury resort and serve as the perfect base for discriminating visitors. Only the Cariari offers guests so much to come home to after a long day exploring the wonders of Costa Rica.

FOR THE ATHLETES

Cariari guests enjoy privileges at Costa Rica's only 18-hole golf course and 11 championship tennis courts. There's a complete gymnasium with fitness equipment, aerobic classes, saunas, massage service, children's play area and game room. The three swimming pools include a huge free form pool with swim-up bar!

DINING AND DIVERSION

There's always action at the Cariari Hotel and Country Club Casino, with international games of chance and video slot machines. A choice of fine restaurants offer gourmet dining in an atmosphere of formal elegance, sumptuous seafood and brunch buffets and a relaxed poolside coffee shop featuring Costa Rica's specialties.

LOOKING FOR LUXURY?

Each of the Cariari Hotel and Country Club's 220 magnificently furnished rooms and suites has remote control TV, air conditioning, safety deposit box, electronic key system, mini bar, direct dial telephone and 24 hour room service. Suites and many of the rooms open to the pool or offer private balconies.

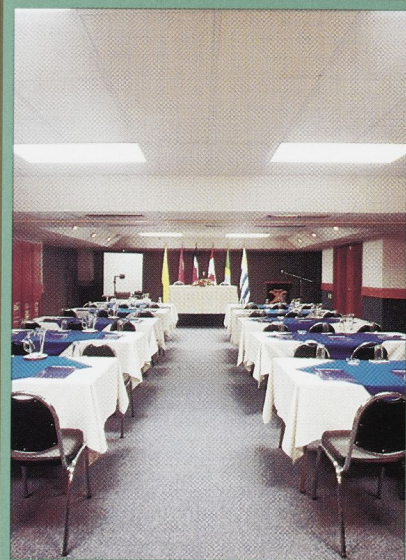

YOU FOUND IT!

It is said that hotels, like people, are known by the company they keep. We couldn't agree more. The Cariari guest list includes the presidents of nearly all South and Central American Nations, two United States presidents, King Juan Carlos of Spain, Henry Kissinger, Jacques Cousteau and other celebrities beyond numbers. There must be a reason.

HAVING AN AFFAIR?

Special meeting rooms and facilities routinely handle conventions and conferences of more than 2,000 people, sit-down banquets, intimate dinners, cocktail parties and business meetings. The Cariari's elegant new Grand Salon with its marble floor and paneling of precious woods will accommodate up to 1,500 guests.

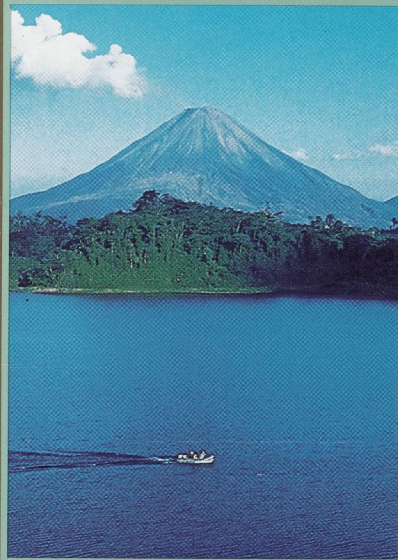

MAGIC AND MYSTERY

Management and staff of the Cariari take deep pride in our small nation and cherish the opportunity we have to share with visitors the magic and mystery of Costa Rica's cloud forests, tropical jungles, endless beaches, world renowned parks and incredible biodiversity. Thank you for giving us that opportunity.

Costa Rican Dreams

For the best in Sportfishing

*With a long history
of satisfied customers*

Located in the picturesque beach village of Quepos, Costa Rican Dreams offers visitors an opportunity to enjoy some of the world's most spectacular deep-sea fishing amid the natural beauty of one of the nation's most famous national parks.

Quepos offers much to see and to do. There are beautiful beaches, quiet secluded coves, plenty of hotels and restaurants to choose from, discos, gift shops, boutiques, and souvenir shops.

Protected from the heavy winds that restrict fishing in the northern Guanacaste area for much of the year, the Quepos region produces outstanding offshore fishing for Sailfish, Marlin, Dorado and Tuna. Inshore, the reefs and river mouths are home to immense populations of Snapper, Roosterfish, Wahoo, Mackerel, Jack Crevalle and monster Snook.

The "Costa Rican Dreams" fleet consists of four boats, two twin diesel fly bridge sportfishermen and two single diesel center console sportfishermen. All boats are professionally rigged to the highest standards and include such features as Matched Rods and Reels, G.P.S., V.H.F. Radios, Outriggers, Bottom Machines, Ample Shade and Coast Guard approved safety packages.

Besides fishing the Quepos area "Costa Rican Dreams" runs multiday charters from as far north as Flamingo in northern Costa Rica to as far south as the virtually untouched "Hannibal Banks" of northern Panama. For the angler that wishes to experience the best billfishing in the world during peak season all arrangements are possible.

In addition to conventional fishing "Costa Rican Dreams" specializes in Flyfishing. We can provide the novice or expert incredible opportunities to catch many record size fish that inhabit the deep blue waters of the Pacific ocean or the river mouths and estuaries on the coast.

Being the original sportfishing operator in Quepos and offering far more experience than any other company, Costa Rican Dreams prides itself on its exemplary service and its long history of satisfied customers.
