Violet Lilly bought the hotel in 1903 from her aunt and uncle Mr and Mrs J L Lewis.

The hotel would be about 29 years old. The Lyolum on the stairs is still the same Lyolum that Mr. Wagner put on them. When it was first built the front porch was not built on with it. The porch was later added on. The hotel now is all white but at one time it was trimmed with green. The hotel was at first heated with a heating stove but then it went to a coal furnace then through the years to a gas furnace.

When violet was renting out rooms she has a bank robber from Arizona and two young boys from Washington who robbed a drug store down at Three Forks stay Here, she did not realize who they were until they left. A lady by the name of Mrs Hesselink pass away hear along with about two other people. Several babies have been born in the hotel also.
