

Miss seeing you and the rest of
the museum board. Hope you're
getting a long fine and have a
happy healthy '55!

*The meadow's such a busy place,
From spring until late fall;
With mares and foals and Red Cloud,
And wildflowers over all.*

*The coyote springs to catch a mouse,
A deer glides shyly by;
Porcupine and moose plod bravely through,
While eagles wheel in the sky.*

*Horse bells in the north pasture,
Tinkle throughout the night;
And the river's roar seems nearer,
as the moon grows ever bright.*

*At Christmas time the scene has changed,
All's quiet under sparkling white;
May the peace of the season be with you,
And your Christmas be merry and bright.*
