

Received Dec 4 1954
from Dorothy Michener Vick

Dec. 1 1954

Dear Mr McGill-

I'm sending
what history I have ready. I have
done every little on it the past
month or since hunting season started.
Not that hunting season has much
to do with it. We just tell time that
way.

We had our meeting at the
school house it was 18° below and the
roads were slick but 20 people came.
San Story came and brought plans. He
wants to build the Church and wants to
do it all. The plans are beautiful. We can
build the Community hall next to it and
the plans for ~~to~~ it are very nice. It will
cost between \$7,000 and \$10,000. We want to
get the plans and have copy's made so
it can be shown around. Everyone
(except Benson) ~~were~~ ^{was} all please and
enthused with the plans.

Story said it would be two
years before he could build the
Church. It is to a \$15,000 building

We can hold church in
the community hall until the
Church is built.

Will you be over soon?
If not maybe I can send these plans
over to you.

We are enjoying the stove
so much and it is heating our living
room very nicely.

I was so pleased to hear
that you ~~were~~ able to take a horse
back ride.

Sincerely -

Dorothy Visk
