The Phillips Exeter Academy

EXETER, NEW HAMPSHIRE

.....Datus C. Proper.....has been awarded a scholarship of \$ 1400.....for the year 1950-51.

The basis of the award is the need, scholastic attainment, and character of the student. Students accepting scholarships will be expected, in return for the assistance granted, to do some work for the school. If it becomes evident that the recipient is not worthy of the confidence placed in him, the Academy will discontinue the scholarship at any time during the course of the year, or not renew it from year to year.

Scholarships will be credited on the term bills in the same proportion as the charges for tuition.

Mr. H. H. Bissell, Director of Scholarship Boys, should be consulted on all matters of particular concern to holders of scholarships, such as employment, expenses, required work, etc.

Attention: Automobile Department

Gentlemen:

My car insurance policy number is 4700 419 F15 46 covering a Rambler 1960 and a Dodge 1968.

A few weeks ago I sent a form to you on which I indicated that I thought the 1960 Rambler should be rated 1A rather than 1B as it is not driven to or from work. Starting next week on January 20 it will be driven to work on some occasions by my unmarried daughter who is 28(born 9/28/41) and who has recently come here from New York state and has found temporary employment. She has a driver's license for New York State and for the District of Columbia. When schedules permit she will be alternating driving with a nurse who works at the same hospital here in Winchester. Thus the Rambler which she will use should be rated 1B.

Sincerely,

William G. Preper

Dear Mr. Proper:

The Committee on Scholarships acknowledges that you were very right in going ahead and having Datus take the examinations for admission to the Academy. After going over the whole situation again with the results of the examinations before us, the Committee has now decided to offer a scholarship of \$1,100 for the school year 1948-49.

We hope to have Datus with us in the coming year and to find that he will continue to meet obstacles with the same determination.

Very sincerely yours,

Norman L. Hatch, Chairman

Mr. William G. Proper,

Dear Mr. Proper:

Thank you for your letter of inquiry about Datus' scholarship for next year. The process of application for old boys is pretty close to automatic. Sometime during the spring term, Mr. Hatch, the Chairman of the Committee on Scholarships, writes a letter and sends a Financial Questionnaire to parents of all returning scholarship boys.

It looks now as though Datus would unquestionably be eligible for a scholarship for next year. During the first month of the winter term, a month when the grades of the school in general are apt to sag a little, Datus pulled himself up twenty-five places on the rank list of scholarship boys. His present rank is Number 73 among 133 scholarship boys.

When he gets the honors that we all hope for, he will make his position even more secure.

Sincerely,

Hamilton Bissell

Dear Mr. Proper:

The Committee on Scholarships has considered the application of Datus Carryer Proper for a scholarship at The Phillips Exeter Academy for 1948-49. Unfortunately, the limited funds available for scholarships are not sufficient to take care of all applicants. Although the Committee was impressed with Datus' good qualities, it decided with regret, after considering all aspects of the questions of need, character, scholastic promise and interests, that it cannot properly award a scholarship at this time.

I am sorry that I have to convey this news which must be disappointing.

Very sincerely yours,

Norman L. Hatch, Chairman

My dear Mr. Proper:

As a candidate for our Junior Class, Datus will be expected to write on May 24 a Scholastic Aptitude Test and entrance examinations in Mathematics and English. He may write these at the Mammoth School, if you will arrange with the principal for the proper supervision and send us the name and address of the person to whom we should send the papers.

The examinations will be those of the Secondary Education Board known as English III and Mathematics III Arithmetic.

We are enclosing samples of these examinations.

Perhaps you will wish to write to the Secondary Education Board, Milton 86, Massachusetts, for their publication "Definition of the Requirements for 1948". This booklet, which sells for 45¢, indicates in detail the ground to be covered in preparing for the several examinations and contains the corresponding examinations given in 1947.

We hope that Datus by passing these examinations will qualify for admission to Exeter.

This letter deals with admission only. The Scholarship Committee considers and reports on all applications for scholarships.

Sincerely yours,

Ezra Pike Rounds
