S. COOPER SMITH - Shasta
FLOYD IVERSON - Modoc
GEORGE A. FISCHER - Modoc
P. B. LORD - Lassen
L. R. DE CAMP - Plumas
DEAN STOWELL - Plumas

Attached is a rough draft of a manuscript on "Growth and Reproduction of Bitterbrush in California," prepared by A. L. Hormay of the Experiment Station. We would like to have you review this paper and submit any comments you have on the factual data presented.

Please read the manuscript as promptly as possible and send it on to the next person on the list, since Mr. Hormay has only a short time left to complete this paper. Please put your comments in the envelope attached to the folder.

F. P. CRONMILLER
Assistant Regional Forester
