LASSEN NATIONAL FOREST

FROM: A. L. HORMAY, Range Conservationist

Dear Phil:

I am enclosing two prints each of the black and white shots that I took of your reseeded equipment and work at Champs Flat this past month. When the color transparencies are received, I will send you a set of those also. It will take another month yet to get them. Hope you find the photos usable.

Say Phil, do you think you can get someone in Timber Management in the Susanville office to check out the cut-over land on the Harvey Valley range allotment on a map for me? I need this information for an analysis of my Burgess Spring work. Would appreciate having it in the next couple of weeks. Thanks.

A. L. HORMAY
