Mr. M. W. Talbot  
California Forest and Range Experiment Station  
347 Forestry Building  
University of California  
Berkeley, California

Dear Mr. Talbot:

Enclosed are your conformed copies of the approved Preliminary Project Statement and Plans, Specifications and Estimates pertaining to your Game Range Restoration Project W-46R.

As you will recall, the Preliminary Project Statement sets forth, in a general way, the perspectives, objectives and procedures to be followed during the coming three-year period. The Plans, Specifications and Estimates is the document that details the actual work to be performed during the current fiscal year.

The cooperative agreement, as you no doubt know, has been approved both by your organization and ours. The billing has been received from your organization and has been forwarded by us to Sacramento for payment.

Yours very truly,

/s/ Daniel F. Tillotson

Daniel F. Tillotson
