A. L. HORMAY, Range Conservationist

RR, MANAGEMENT, Ponderosa Pine Ranges, Harvey Valley Allotment

Dear Joe:

I had a little difficulty trying to determine where the different kinds of cattle were located in Harvey Valley during the summer from your record. Do you mind making the entries day by day to the best of your knowledge on the enclosed form? Consider all the hospital fields to be in pasture 1.

Will contact you on future plans later this fall or early winter.
