Enclosed is a statement of charges for the SAF Meeting reprints. As I recall, you handle the ordering of these, Right? Will you please order 25 copies for SRC?

I have just returned from a month's annual leave. So far have done ^{more} no work than observed that the rough draft and a typed copy of the Project Analysis are on hand. Thanks! I'll get back at this late this month and should have it ready for your review the first of December.

Woolfolk has suggested that you and I plan a session to go over the Ms. together. I would value the opportunity to do this. He would especially like to have me down there on December 5 to present a report at the Chowder and Marching Society. Could we plan the Project Analysis review to coincide with that date?

Dear Sir:

Enclosed is the galley proof of my paper.

I regret that this has been delayed because of my
absence from my office.

Sincerely yours,

I will be in Berkeley December 1 - 5 to work on the project analysis manuscript with you and to talk to the M. & C. Society.

Your suggestion of the habitat research subject suits me. I'll be glad to cover either topic. Will you please decide with Joe which you prefer and let me know?
