Dear Sir:

I am writing to you as a fellow member of the American Society of Range Management, which I have recently joined. A resume and a transcript of my undergraduate work in Range Management are enclosed.

I am very eager to begin my career in Range Management, and this is why I am writing to you. I would sincerely appreciate hearing from you if you know of any specific positions in Range Management, or a closely related field, that are open at the present time or that will be open within the next few months, for which you feel I may be qualified. I would also appreciate hearing from you, if you learn of any such positions in the near future.

Any information that you can supply me with will be greatly appreciated. I sincerely hope to be hearing from you.

Respectfully yours,

Ronald E. Bierman

Memorandum

To: Chief, Division of Range Management (330) Wash., D.C.
From: A. L. Hormay, Range Conservationist, Berkeley
Subject: Monthly Report, February 1971

I spent the entire month on bitterbrush seed germination studies. I finished the laboratory work and am now starting analyses and preparation of a manuscript.

I do not plan to travel in March. My mother is somewhat improved now, and I expect to meet training and field commitments in Utah in mid-April and in Nevada in the latter part of May.

Dear Reg:

Perhaps by this time you know that George Lea is rejacketing the BLM supply of Training Text 4 (2200), "Principles of Rest-Rotation Grazing and Multiple-Use Land Management." He did not have objection to the text but simply the cover, as you are aware. I too wanted multiple-use management brought out strongly in the cover photo. This is really the main subject of the publication.

I was greatly pleased with the faithful reproduction of my manuscript. There are a few minor errors in the text, but there is no need for a rerun on this account.

I am sorry for this long delay in answering your letter of January 4, 1971. My mother is ill and I have not been in the office much.

Best wishes.

Sincerely,

A. L. HORMAY
Range Conservationist

Dear Mr. Hormay:

This letter extends to you a formal invitation to attend the U.S.-Australia seminar-workshop to be held at Berkeley, California, March 28 to April 6, 1971. I believe Mr. George Lea, Chief, Division of Range Management, Bureau of Land Management, has already discussed this meeting with you.

I am attaching a copy of the program and a reservation request form in the event you wish assistance in arranging for accommodations.

Sincerely,

K. W. Kreitlow
Assistant Chief, Forage & Range Research Branch

Dear Mr. Harmer:

I regret the long delay in replying to your invitation, through Robert Nielson, State Director, Utah Bureau of Land Management, for me to speak on range management at the annual meeting of the Utah Cattlemen's Association in December 1971. I will be glad to do this.

I can arrange my presentation to fit any time available. Please let me know of your final plans as soon as they are firmed up.

Sincerely,

Dear Mr. Bierman:

I have sent copies of your correspondence of March 1, 1971 about a position in range management to offices of the Forest Service in Berkeley, California and the Bureau of Land Management in Sacramento, California.

You should hear from these agencies in the next few days. I hope you will soon be working in range management.

Sincerely,

Memorandum

To: Chief, Division of Range Management (330) Wash., D.C.
From: A. L. Hornay, Range Conservationist, Berkeley
Subject: Monthly Report, March 1971

I spent most of the month compiling and analyzing the results of bitterbrush seed germination studies. I plan to continue with this in April to the extent possible -- probably only about 1 week. I will be on other work the rest of the time -- range training sessions, meetings, etc.
