

United States Department of the Interior

BUREAU OF LAND MANAGEMENT
WASHINGTON, D.C. 20240

December 17, 1975

Memorandum

To: District Managers--Billings, Dillon, Lakeview
Rawlins, Salmon, Shoshone

From: Range Conservationist

Subject: Format, Multiple-use Land Management Plans,
Demonstration Areas

I appreciate that preparation of management plans and EIS statements in connection with the NRDC suit and court order has left you little time to continue to help develop the format for multiple-use plans such as those proposed for the demonstration areas. So I have proceeded to revise the format the best I can alone. It will be revised still further with use I'm sure, but should suffice at present. I plan to get a copy to you early in January 1976.

I need the copy of the format you now have on hand for photographs and other materials. So please send it to me as soon as possible--by return mail.

I hope you can find time this winter to prepare a management plan for your demonstration in line with the new format and later this spring or summer to complete the planning process with the various wildland interests that have been invited to participate in the demonstration area program.
