Dear Ms. Nielsen:

TT-4 (2200)--"Principles of Rest-Rotation Grazing and Multiple-Use Land Management"--was issued by the Forest Service's Washington Office as a training text. It is out of print, both in the Washington Office and at our Station. I have, however, been able to obtain a copy from the author, August L. Hormay, and would suggest that you have it reproduced in the quantities you need.

Sincerely,

John K. McDonald

Dear Gus,

Old times at the Station  
are thinning out. Doug Roy  
is last to go next.

Betty and I are delighted  
that you could join us and  
share in the festivities at the  
luncheon. It was nice to  
visit with old friends

We thank you for your  
contribution toward the most  
useful gifts. We are most appreciative

Like you, I'm still working  
so you'll see me around for a  
few more months

Again, thanks

Sincerely  
Bill Colwell
