Dear Mr. Hormay:

The Board on Agriculture and Renewable Resources (BARR), National Academy of Sciences, is developing a file of individuals with expertise in the renewable resources area. Because of your demonstrated interest in this field, the BARR would like to include you in that file and would appreciate a resume from you containing the following information:

Place and date of birth
Primary area of expertise
Education - institution(s) and degree(s)
Professional experience - position(s) and date(s)
Current position - position and location
Memberships
Research
Mailing address - Telephone Number

Thank you for your help in assisting the BARR in developing a complete file. It will enable us to assemble well balanced, highly knowledgeable study committees to address renewable resource topics.

Sincerely,

Michael D. Zagata, Ph.D.

Dear Frank:

Enclosed are some color prints of photos I took on my recent trip on the Uinta in August. Also enclosed are prints of two photos I took in 1962. One shows Frank Smith, then in range in the Washington Office, on a contour trenched area on the Hobble Creek Allotment. The other shows Roy Daniels on the Bridge Creek Allotment on the Caribou.

Will you please see that Roy gets the print of himself and that Mesia gets the one of herself and one of the group. The other group photo and the ones showing Frank Smith and the hard working staff officer on the Uinta are for you.

I enjoyed the trip greatly. Wish we could have had more time.

Sincerely,

A. L. Hormay
