August 1984

Dear Member,

In reviewing our files we find that you are among those who have been a member for 30 years and may be eligible for Emeritus standing within the Society.

If you are retired and wish to become an Emeritus member, please select one of the following codes to indicate your choice on the renewal form which will follow soon. As an Emeritus member you pay cost only for the journals you choose to receive.

Class #	Journals Received	Cost
180	No journals	\$ 0
181	Bulletin	8
182	Ecology	25
183	Ecol Mono	15
184	Bull & Ecol	33
✓ 185	Bull, Ecol & EM	48
186	Bull & EM	23
187	Ecol & EM	40

e/r/et

We appreciate your longstanding membership and support of the Society and would like to keep you as an Emeritus member whether you desire to receive any journals or not.

Sincerely,

Duncan T, Patten

Dear Member:

Enclosed is the renewal form for 1985. We are sending it out earlier this year in order to have as many renewals returned prior to the mailing of the first 1985 journal issues. This will reduce costs of mailing back issues. We hope you agree with this method of savings for the Society and will return your renewal promptly.

We have tried to give all members good service but realize that problems do arise. Please feel free to contact us if you have a problem with your membership or journal fulfillment.

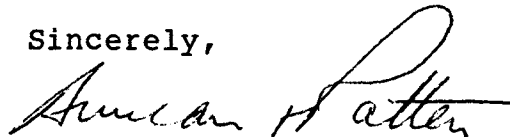

The Society extended student memberships to five years a few years ago. Some of the student members have reached the five year mark. If you are a student member and your membership class is either 134 (student active) or 154 (student sustaining), you should select a non-student class when renewing.

We are not including certification renewal with this renewal form. Professionally certified members will receive another letter relative to renewal for 1985. If you are interested in becoming certified as a Professional Ecologist, application forms are available from our office.

You will note that we continue to give you opportunity to support the Society's awards program, Washington Office or endowment. We hope you will consider supporting these areas in recognition of the Society's expanding role.

We appreciate your continued interest in the Ecological Society of America, and its publications and activities. If we can be of any service relative to Society activities, please contact us.

Sincerely,

Duncan T. Patten
