Dear Mr. Hormay,
I have been involved in the public lands
livestock grazing issue for some time now and
have written a tabloid entitled "Free Our Public
Lands!", which has been widely distributed.

I've been told that I might be able to obtain
a # of slides on the subject from you. I
would surely appreciate any you may be
able to send and could reimburse you for
their cost.

Thank you,

Yours sincerely,
Lynn Jacobs
