Mr. Jim Moorhouse, District Manager
Bureau of Land Management
Box 1388
Butte, Montana 59701

Dear Mr. Moorhouse:

We have scheduled our annual spring waterfowl tour for May 23 and 24 in the Plentywood area. This tour is a cooperative venture involving various state, federal and private personnel interested in waterfowl management. We have been in contact with Jack Jones of your agency and would be very interested in having Jack give a presentation on rest rotation grazing and waterfowl production. We would ask for your support of Jack's participation in this program and feel that this presentation would be very appropriate as it relates to a number of on-going waterfowl programs.

Thanks for you assistance with this matter.

Sincerely,

Jeff Herbert
Statewide Waterfowl Coordinator

Butte, MT 59702

Dear Jack,

Thank you for taking the time to make your presentation on rest-rotation grazing and waterfowl production. The efforts which our two agencies put forth in this endeavor are commendable. More importantly, it demonstrates that we can produce more waterfowl under such a system.

I appreciate your offer for use of your slides in upcoming talks. They demonstrate very vividly what can be done for wildlife.

Sincerely,

K. L. Cool
Director
