Mr. August Hormay  
101 Acadia Street  
San Francisco, CA 94131

Dear August:

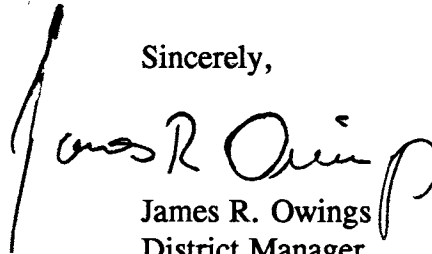

This letter is written to personally thank you for helping us accomplish our mission; that being the stewardship of the public lands. Your volunteering to help us with expert advice on grazing allotments is very much appreciated.

As our workload increases and our budget becomes tighter we depend on our volunteer team members more and more to enhance our abilities. You are a very important part of the team.

You can take pride in the fact that your efforts greatly contributed to saving the BM's Butte District \$123,000 in fiscal year 1991. This is an 18 percent increase over the previous year.

We are pleased that you gave your time to benefit others by choosing to volunteer for the BLM. We hope you found your experience working with us satisfying and rewarding. We look forward to working with you again.

Sincerely,

James R. Owings  
District Manager

Dear Mr Hormay,

At the Livestock/Big Game Symposium in Reno I talked with you about coming to the Lakeview Resource Area and touring some allotments that you helped design management plans for. The specific allotments I am talking about are the Big Juniper and Hillcamp Allotments. These allotments have been under a grazing system for over twenty years and I would like your observations on the health of the vegetation and the success of the systems. We are currently doing an allotment evaluation on the Hillcamp Allotment which will determine what direction our management is going to take. I would greatly appreciate your input into this evaluation and the fine-tuning of the grazing system.

In addition, the Lake County Chapter of the Society for Range Management would like to have you discuss the Rest-Rotation Grazing System with them at a chapter meeting. Since I am the president of the local SRM chapter and the range conservationist responsible for the Hillcamp Allotment, I am writing to encourage you coming to Lakeview.

I look forward to hearing from in the near future. If I can be of any help or if you have any questions please call (530)947-2177 office or (503)947-4300 home.

Sincerely,

Steve Beverlin  
Range Conservationist  
Lakeview Resource Area

President  
Lake County Chapter, SRM

San Francisco, CA 94131

Dear Gus:

I would like some idea of the miles of fencing we will need for the rest-rotation.

We are receiving some bonafide interest with the Forest Service, BLM and private landowners.

Thanks Gus.

Sincerely,

Neil S. Martin  
Regional Wildlife Manager
