that seems to be good
to work with.

A few of us are planning
a field trip on the
Matador with the new
BCM Manager on the 13 of
May. Mike, Be, Gary, Bob

Hi Gus &

Your information -

F.S. & BLM riparian
guidelines - ridiculous!

I will attend this
meeting in Bozeman.
will let you know the
outcome.

The field trip they are
taking is on ~~the~~
Muddy Creek.

This is a 'Savory'
grazing system!

We need
your
book!

Regards Jack
