Dear Jim -

What an interesting, enjoyable evening - it was beautifully done; food, fabulous, and interesting people.

We both thank you for asking us to share your special evening and honor.

Don't know how you manage such a large

garden as after working
yesterday in our small
area I was exhausted
my soul. But, gardening
is therapeutic for me & I
I hope I'll always
enjoy it.

Again, we enjoyed our
evening

Love,
Dean & Anne
