

State California
District Susanville
Allotment Name Massacre Lake

Date 4/6/67

STATUS OF REST-ROTATION GRAZING ALLOTMENTS

Supplemental information on each rest-rotation allotment:

1. Is the rest-rotation system in operation? Yes No
2. Date of start of first grazing season 1970.
(Actual date for allotments under management. Planned date for allotments not yet in operation.)
3. Is the form of management in effect or to be applied the same as the one reviewed or suggested by Mr. Hormay?
Yes No . If not, supply the following information:
 - a. Diagram of grazing formula in use or planned.
 - b. Map showing pasture layout.
 - c. Map diagrams showing movement of livestock between pastures for one grazing cycle.

In cases where rest-rotation grazing has been in effect for one year or more, please comment briefly on the prospects, merits or deficiencies of the system. It is a little too early to fully judge the system, but your comments will be helpful in pointing up future grazing training programs.

Range seeding, water development and fence construction are in progress preparatory to implementing rest-rotation grazing in 1970.
