

State Colorado  
District Glenwood Springs  
Allotment Name Brownlee

Date 4-18-67

STATUS OF REST-ROTATION GRAZING ALLOTMENTS

Supplemental information on each rest-rotation allotment:

1. Is the rest-rotation system in operation? Yes  No .
2. Date of start of first grazing season 5-16-66.  
(Actual date for allotments under management. Planned date for allotments not yet in operation.)
3. Is the form of management in effect or to be applied the same as the one reviewed or suggested by Mr. Hormay?  
Yes  No . If not, supply the following information:
  - a. Diagram of grazing formula in use or planned.
  - b. Map showing pasture layout.
  - c. Map diagrams showing movement of livestock between pastures for one grazing cycle.

In cases where rest-rotation grazing has been in effect for one year or more, please comment briefly on the prospects, merits or deficiencies of the system. It is a little too early to fully judge the system, but your comments will be helpful in pointing up future grazing training programs.

COMMENTS

Only one pasture has been given a rest to date. This pasture shows a very good promise for improvement. The overall system is working very good up to the present time. Future development of water will be an added help.
