Season of Use (Month & Day) _____ to _____

STATISTICS (Cont'd) .

Grazing systems used on allotment since allotment established.

| SYSTEM | PERIOD OF USE (DATES-YEARS) | |
|-------------------|-----------------------------|------------|
| Continuous | _____ | to _____ |
| Rest-Rotation | 1966 | to 1984 |
| Deferred-Rotation | 1984 | to present |
| Rotation | _____ | to _____ |
| Other | _____ | to _____ |

Where system, other than continuous, was terminated after a period of use, give reason for termination.

We really haven't abandoned the rest-rotation system. It is more a case of the operator being in such poor shape (no stock - leasing the ranch) that we have tried to facilitate anyone who wants to summer stock. The allotment has been understocked for the past 3 years.

Rest-rotation grazing systems used on allotment -Descriptions

1. Present system

Number of pastures 6

Number of pastures: 6

- a. grazed until seed-ripe and rested thereafter 1
- b. grazed season-long
- c. rested until seed-ripe and grazed thereafter 1
- d. rested season-long 4

2. System that was revised

Number of pastures 6

Number of pastures:

- a. grazed until seed-ripe and rested thereafter 3
- b. grazed season-long
- c. rested until seed-ripe and grazed thereafter 2
- d. rested season-long 1

3. System that was terminated

Number of pastures Number of pastures:

- a. grazed until seed-ripe and rested thereafter
- b. grazed season-long
- c. rested until seed-ripe and grazed thereafter
- d. rested season-long

Where system, other than continuous, was terminated after a period of use, give reason for termination.

We went from a 3-pasture system to a 4-pasture system in 1986.
The reason for the change was primarily for ease of operation.

Rest-rotation grazing systems used on allotment -Discriptions

Season of Use (Month & Day) May 15 to October 31

1-2

The Moreau Grazing Association is made up of 6 systems containing 4 pastures each and 2 systems with 3 pastures each. We have gone away from a strict Rest-Rotation-primarily because we feel our objectives have been met. In all ~~each~~ system the last pasture grazed is grazed for only 30 days.

STATISTICS (Cont'd) .

Grazing systems used on allotment since allotment established.

| SYSTEM | PERIOD OF USE (DATES-YEARS) | |
|-------------------|-----------------------------|----------|
| Continuous | _____ to _____ | to 1975 |
| Rest-Rotation | 1976 to 1985 | to _____ |
| Deferred-Rotation | 1985 to present | to _____ |
| Rotation | _____ to _____ | to _____ |
| Other | _____ to _____ | to _____ |

Where system, other than continuous, was terminated after a period of use, give reason for termination.

-We felt there was no advantage to providing a years rest. We allow use ~~only~~ in the 4th pasture for a maximum of 30 days (October).
