Peter Doig Dies Suddenly.

Death came suddenly to Peter Doig on Monday of this week at his ranch on Sixteen Mile. Mr. Doig is one of the old time ranchers of this section and as an enthusiastic county fair supporter was in Townsend nearly all of last week, having won several premiums.

He left Townsend Sunday for his ranch and about 9 o'clock Monday he was taken sick and died at 2:30 in the afternoon of the same day. He was a native of Scotland, a whole-souled, outspoken man whom all liked and respected and was in his 36th year. He leaves a wife and six children, a brother, Dave, and a sister, Mrs. Campbell, all residents of the Sixteen country.

The funeral will be held today in White Sulphur Springs.

Dear Ivan,

It was a pleasure talking to you last week. I made contact with Beverly, and she has sent me a lot of information on her background and some Doigs in Australia. She also sent me your *This House of Sky* and her mother's *None to Give Away*.

Based on a few clues I believe I have reconstructed one more generation back from the Scottish parish records. The "B" of David B. Doig probably stands for Batchelor, and he was the son of Peter Doig and Martha Batchelor. They were married June 28, 1838 in Monikie and again the following day in Carmyllie. The six listed children were born in Monikie. David, as the first-born (1840), was probably the name of Peter's father, but I cannot find the earlier connection. The following children were Jane (1842), William (1844), Anne (1847), Mary Ann (1849) and Martha (1851). There may have been more children after 1853 when the records ceased to be kept in the parishes.

I have enclosed a few charts for you to check. Whatever you can add will be appreciated. The first pass usually has voids and errors. Also, can you supply the current address of other Doigs so I can send them the first Doig newsletter. Will you do a profile on yourself, a relative or ancestor for the newsletter? My writing style tends to be mechanical, and I find yours has some spice.

I look forward to your reply. Bye for now.

Best regards,

31 Dec. '91

Dear Ken--

Appreciated the Doig family chart, and I'm glad you and Beverly were mutually beneficial to each other with information. I've dabbed in any corrections I know of, and a bit more info--merely names, really--about my grandfather's family, which evidently totaled 9.

As to Doigs for your mailing list, I don't have many names and your best source is the organizer of our 1977 Doig family reunion: Ray Doig, Townsend MT 59644. If that address doesn't work, try via his sister, Emma Balbi, Townsend MT 59644. Sorry to say, I won't be able to do you any kind of historical sketch for the newsletter; I'm in the midst of writing a book and I utterly can't let myself take on other writing tasks--requests of one kind or another are almost daily, Ken, so I hope you understand. Thanks immensely for sharing the family info with me, and I hope mine helps you fill in the Doig chart a bit.

regards for '92

Dear Beverly--

4 Jan. '92

When Ken Doig called me out of the blue and wanted to pool Doig genealogical info, I made a calculated guess that his family-line hobby might be more of an interest to you than a nuisance, and I hope I was right. Anyway, I do want you to have my enclosed corrected version of his printout of our family tree--my changes are mostly exact dates off death certificates I obtained as research for This House of Sky--for your own file. And I do hope Ken thought to tell you of the Jamaican Doigs he's come across, evidently descended from his forebears rather than ours, darn it.

Appreciated your Christmas message. All is well here, Carol teaching and me writing as usual. Our very best wishes for '92.

fondly,

Jan. '92

UNISYS

Ivan,

Yes, it was quite interesting and also quite a challenge to gather up the many bits & pieces I have on the Doigs - Scotland, Australia, Montana - and see how they fit together.

I, too, updated Kenneth Doig's charts after lengthy chats on the phone with Auntie Anna. She has files of various obituaries which contain vital statistics. She punctuated the conversations with numerous tales of her early life. So I am sending her a recorder and tapes hoping that I can stimulate her to share some of the stories.

Thanks for your updates to the information Kenneth sent. I have included it in the enclosed charts.

Dear Ivan + Carol,

Enclosed are copies of the obituaries I found of family members. I also sent copies to Rex Doy.

Things are starting to settle down and I'm getting back into the swing of work. We had over 300 campers here last weekend. It was our Annual Couples retreat. The weather was beautiful. In the 70's during the day.

We are supposed to have more comfortable weather by tonight.

I hope these will be a help to you.

Dear JoAnne-- ^{Beetam} H.C. 01, Box 55
Maxwell MS 69/51

Beverly Doig called me last night with the news of your mother's death, and I'm very sorry she's gone. My regrets to you and Jim. If there's a charity or some other good cause where remembrances are being made in your mother's name, I'd like to make a contribution; please let me know.

Your mother may have mentioned that I called on her for help a number of times when I needed background information about the Doig family. She was always wonderful about that, generous and factual. I think she once mentioned to me she had a file, or some sort of collection, of Doig family material; people's obituaries and so on. If you come across that, I wonder if you would mind either passing that material along to the Montana Historical Society or, if it's something you yourself would like to keep, having it photocopied and sent to the Society? I'd be glad to pay for the photocopying. Because of Elsie's books and mine, the Montana Historical Society has been collecting material on the Doig family, and I think your mother had a better bunch of information than any of the rest of us. The material could either be sent to me and I'll pass it along to the Society, or it could be sent directly to Dave Walter, Research Director, Montana Historical Society, 225 N. Roberts, Helena, Montana 59620.

By the same token, JoAnne, I have in my family photo collection some pictures of your mother when she was a young woman--mostly taken on the Doig homestead--and if you'd like copies, I could have some made for you.

I know your mother's passing must have been a hard loss. My wife and I are sorry we can't get away for the funeral, but as I say, we would like to make our remembrance to Anna another way.

best wishes

Dear Darlene--

Hard to think of the Townsend country without Ray in it. Dave Ringer called me the other night to tell me about Ray, and Carol and I wanted to let you know how sorry we are.

I'll always think of Ray organizing that enormous wonderful Doig family reunion in '78. Then there was the time I met Ted Schwinden when he was governor, and about the first thing he said was, "Are you any relation to Ray Doig?" Schwinden had just been to Townsend to give some kind of award to Ray, as I remember it, and so I thought: good, Ray is getting to be the big shot I always knew he was!

Anyway, I hope you are getting along okay, and Carol and I will hope to cross paths with you whenever we get back to Montana.

best wishes,

Feb. 4, 1992

Dear Emma--

Dave Ringer called to tell me about Ray. I am so sorry to hear it. I always did like that brother of yours, and got a great kick out of him any time we crossed paths. I'll always be grateful to Ray for getting up that Doig family reunion in '78. So, I know you're going to miss the guy. We all are.

By coincidence, Beverly Doig and I recently were both busily providing Ray's name to a Californian named Ken Doig, who's doing a Doig genealogy. Ken Doig's family doesn't seem to be the same as ours, but he has gathered considerable information on our family too as he's done his research. He has some computerized sheets of lineage, so if you or anybody else in the family is interested in genealogy, you probably ought to know about this guy: Kenneth Doig, 26363 Club Drive, Madera CA 93638.

And how's the Balbi household? Not too much to report from our end of things, Carol teaching as usual, me writing as usual. Sure appreciated seeing you in Helena--my gosh, already a year ago?

all best,

Hwan

p.s. Just dawned on me that the last time I saw Darlene was in Billings where her job had taken her; since I'm so far out of date on her address, would you mind passing along the enclosed envelope to her? Thanks.

Dear Ivan,

It's hard to believe that two weeks have passed since I received the phone calling from Mom's doctor.

I thank you for your nice note. I'm still going through many of Mom's things. I did come across a box of obituaries which I will get copied one of these days and send to you. If I find other things I think would be of interest to you I'll send them also.

Jim picked me up last Sunday (Feb 9th) and we went down, sorted, packed, had the memorial service and returned here by Thursday afternoon. I'm still going through things that we boxed up. Jim arrived back in Oregon yesterday.

Memorials are designated to settle the Methodist Church in Sterling on to Maranatha Bible Camp. This is where I work. We are a non-profit organization. All gifts given to Maranatha are tax deductible. Memorial gifts for Mom to camp will be invested and the interest will be used in our sponsorship program. This allows every body to be able to attend camp even if they can not pay the registration fee.

I would like copies of the pictures you have of Mom when she was young, I may have them but then you may have some I don't have.

I thank you for writing. I'll send those things later.

Dear JoAnn--

I'll get the pictures of your mother copied as soon as I can, possibly in the next week or two. Meanwhile, here's the contribution in memory of her; Carol and I are pleased to have it go to good use.

Thanks for the news about the box of family obituaries, and so on. I'll look forward to that material, as I got started on Doig history fairly late in the game.

In haste, as I'm about to do some traveling...but I did want to get this check off to you and wish you our best.

Hebrews 6:17-20

During any storm upon the seas, the small craft are forced to seek shelter in some harbor somewhere, where they may anchor, and not be destroyed by the raging storm.

Life is a voyage there are many times when we must seek or return again the harbor where we may put down our anchor, and thus withstand the storm. There are many fine human anchors.....

1. There is the anchor of the memory of meaningful experiences...as in the case of Mr. Schaller his family have the wonderful memory of his greathearted spirit toward all men...."For if there were ever any in need "Charlie" never turned them down.....

2. There is the anchor of the daily routine of work...we are here today honoring the life of a man who like many in this community took from the virgin soil of Clark Co. land enough to support himself and his family... and for 43 years was good to that soil and it was good to him.

3. There is the human anchor of office or position of responsibility... and what higher office or position of responsibility could one be called, than that of being husband to a fine Scottish lass, who came to a new country ~~and to be the Father of 4 very fine daughters....there is~~ no higher office any where than that of husband and father....nor few anchors that hold us more firm than do these honors.....

4. There is the anchor of true friendship, and Charlie was wealthy with friends.....

II. There is a greater anchor however, than all these human harbors.... and that is Jesus Christ...for he helps us to see beyond ourselves

1. Jesus love is ever the same toward us...even though there are times of darkness and we feel alone...we recall again the words of scripture..... "Jesus Christ is the same yesterday and today and forever."

2. Christ's mercy is endless toward all mankind, for again the scriptures tell us..."For we have not a high priest who is unable to sympathize with our weaknesses, but one who in every respect has been tempted as we are, yet without sinning. Let us then with confidence draw near to the throne of grace, that we may receive mercy and find grace to help in time of need."

3. Christ is not only our anchor, but also the one that leads us toward God. "For it is fitting that we should have such a high priest, holy, blameless, unstained, separated from sinners, exalted above the heavens."

Poem "Last Words" --Of Samuel Rutherford, the Scots' Saint
(For a Godly Minister of the Old School)

Charlie has fought the good fight, he has kept the faith...we are not here today shading tears of sadness in his promotion to the greater land, but tears of joy, that we had the honor and privilege of knowing, and loving such a man....And with Jesus as our anchor, the storm will not be too great for us!

Dear Mr. Doig,

Just finished reading the excellent article about you in the Oct. issue of "Montana Magazine". It started me thinking about a house in Wasioja, Dodge County, Mn.

The Doig brothers were well known stone cutters and builders. They built most of the stone arch bridges for the railroads in southern Minnesota in the early years. The Doig home in the village of Wasioja is on the National Register of Homes. Andrew and Alexander Doig were the early ones. The 1865 Census shows a Thomas Doig with a Thomas 7 John Doig, Elisabeth, Margaret, Betsey and Fred Anderson living with him, in the town of Claremont. The 1875 Claremont Census shows Jlese(?) and Thomas Doig born in Scotland and a Elisabeth Doig, also of Scotland, then Thomas and Naty Doig and Nat age 2. The 1885 Claremont Census shows a John Doig and wife Kate, children Kate, Bessie and James, with Hugh Escott living with them. 1895 Claremont Census shows, John and Catherine Doig born Scotland and children: Kate E., Bessie, James, A (can't read). Also Thomas Doig and wife Kate, children Kate E. and Margaret. 1905 Census shows Jno and Katherin Doig and Children: Katie, Bessie James, and Andrew J. this one was a farmer. Then Thomas Doig and wife Catherine and daughter Katherine E. John Doig still owned land in 1914, Section 32,32, total of 240 acres. It lists his wife Katherine, children Katie, Andrew and James.

I am enclosing a copy of the sale flyer on the Doig home in Wasioja. This is not a large house, but is beautifully restored. The Sam Fudenberg listed on the flyer is the owner of the home at present time. As of today it still hasn't sold.

Wasioja is a beautiful village, it contains the Doig home, the Wasioja Seminary ruins, the Civil War Recruiting Station, The stone school house (built by Doig's I am told) and the Baptist Church, all of which are on the National Register of Historic Places.

Don't if this might be a branch of your Doig Family, but thought perhaps it might be of interest to you. The village of Wasioja is listed now as a ghost town, but a few people live there and the Wildwood Cemetery holds alot of history of the early people.

There are two books, WASIOJA by Charles Crouch and DODGE COUNTY 125 Years of Growth, by Harold Severson. Both of the books are available from the Dodge County Historical Society Mantorville, Mn.

Sincerely,

Idella M. Conwell

MERRY CHRISTMAS

Dear Susan & Carol,

My Mom has not been well for the past couple of years. In November of last year, we came down to stay with her for a couple of weeks.

But as Christmas approached, I was looking forward to being home. Since my "tree helpers" left home, I had been wanting an artificial tree. I purchased a tree, took it to our house, decorated it, wrapped gifts, and prepared for my favorite season of the year. Everything was so beautiful!!!

Shortly afterwards, Gordon visited Mom and she needed us to return.

She was scheduled for a battery of tests the entire week before Christmas. While she was gone, we had her bathroom redone, Brad and Crys helped me "untrim" the tree, take it to Mom's and completely decorate her home as

a surprise. Gord and I attended a dance the night she returned home and when we came in at 3 in the morning, we found her wide awake on the couch taking in the beauty of many lights adorning that sparkly tree. What a great Christmas we all had!!!

'92 began in the usual fashion for us. I was Gord's Office Manager in Ringling. Although I liked working with him and knowing what was going on in our business...I hate office work!!!

Beginning the end of March, I had the opportunity to work full time in Helena at the state "Right to Life" office. It was an invaluable experience. However, it was not to be a permanent position.

I am now at home pursuing a career that has excit-

ed me for a very long time. Writing human interest stories has always been my dream! You never quit a job to "write" so this is a blessing in disguise. I am loving it and realizing that nothing is ever easy.

Our summer was extremely tense..but good comes out of everything. We learned a great deal about life and friends.

Gord became a "golf fanatic" this summer. What a perfect diversion for a difficult summer!!

Brent continues as a budget analyst with the Highway Department in Helena. He must be settling down, he recently bought furniture. He turned 25 this year...he can't believe it and neither can we!!

Upon graduation from the University of Montana this spring, Brad began working as a

credit manager for Norwest Financial which unfortunately is located in Helena. He stays with Brent during the week and is in Missoula with his family on the weekends.

Crystal gave us the best news this summer...she is expecting a playmate for Matt in April. She will have her hands full, for sure, till she graduates in late May. We are extremely proud of her and her efforts.

Matt remains the light of my life. At 3 1/2 we think he is the smartest boy in the world!!

Mom's health brought us back to her home again for the winter. I have told her that the way to get rid of us is to get well.

Part of what makes Christmas my favorite season is hearing from each of you!!! Bless You!!

Your success continues!! Wonderful - I'm looking forward to your letter to hear of both of you - Love, Sherie

I won't go into detail about the situation that was directed at us this summer. Let it suffice to say that faith in God is the only thing that sustained us. Depending upon one's attitude, crises can either make or break you. We came out stronger...thanks to God.

So, with that said, during this most "blessed" of all seasons, we ask God's blessings upon you and your home during the coming year. May you seek Him and find Him and know His joy each day of '93!!!

And the angel said to them, "Do not be afraid; for behold, I bring you good news of a great joy which shall be for all the people; for today in the city of David there has been born for you a Saviour, who is Christ the Lord."

"Reflections" highlights the early history and achievements of the Automobile Club of Southern California. Featured below are excerpts from past issues of Touring Topics, which was separated into the monthly magazine WESTWAYS and the bimonthly Auto Club News in 1934.

FEBRUARY 1922...Few people, even in Orange County realize the county's great advantages for growth and prosperity by reason of its geographical situation with the rest of California. The two large cities of Southern California, Los Angeles and San Diego, form the pillars of an arch, of which Orange County is the keystone. Travelers from all over the United States coming to California are almost certain to pass through Orange County. Its position is pivotal, and this means a constant current of visitors, tourists, home seekers and prospective investors coming into and through the highways and cities of the county.

The figures show that [in the United States] one person in 10 now owns an automobile or a truck. Officials of the motorcar industry consider these figures all the more remarkable in view of the fact that last year started off with the industry in its worst depression in its

history. The progress that was made far surpassed the most optimistic predictions of those who were in a position to know the situation [and] constitutes the best obtainable proof that the automobile industry is continuing in its remarkable era of expansion.

JULY 1922...The traffic problem in the city of Los Angeles has become so obviously acute that the attention of all thoughtful citizens is being given to it. Furthermore all Southern California is directly interested

in the problems of Los Angeles because of the flow of traffic between Los Angeles and all the other towns.

Whatever it may be necessary to do to provide for the future, as well as of the present traffic of Los Angeles, should be done promptly and fearlessly even if important changes are found necessary or if the cost appears high.

OCTOBER 1922...During June, July and August an average of 160 automobiles a day came to Southern California over the three transcontinental routes [of] Bankhead, Santa Fe and Arrowhead. From the Pacific Northwest have come an average of 200 automobiles a day in addition.

The excessively heavy motor travel is reflected in the augmented activities of the Touring Bureau of the Automobile Club of Southern California

JUNE 1923... History was made when the peak was passed in automobile registration on May 16 by the issuance of license number 1 million by the Los Angeles branch of the State Motor Vehicle Department. Dear Mr. Doig,

It was during our trip last summer to Montana that our good friend, who lives in Bozeman, insisted that we begin to read your books. We took her advice and have no regrets about our decision to do so. Our favorite book so far is "Dancing at the Rascal Fair." After we left Bozeman we worked our way up to Glacier National Park, camping in Choteau and refueling in Browning. (By rare coincidence, a chance remark by Marilyn led to conversation which revealed that the man in charge of the KOA in Choteau is the grandson of a man whom I knew well in the tiny Sierra foothills town in central California where I grew up.) It's certainly a pleasure to read your descriptions of that country now that we've journeyed through it. Needless to say, we fell in love with the "Two" country.

This magazine arrived today. The picture caught my eye, especially the surname of the Manager of the Touring Bureau of the Automobile Club of Southern California. One never knows of course. You may be very familiar with the gentleman pictured here, chances are good that you are. If not, hopefully this will add to your store of knowledge.

Again, thank you for your books. We enjoy them immensely.

Sincerely,
 
Geoff and Marilyn Godfrey

Dear Mr. and Mrs. Godfrey--

Many thanks for passing along the historical bit about D.S. Doig. He's a new one to me--not of my lineage directly, but I suppose all Doigs trace back to the one area where the name is common, north of Dundee, Scotland.

And I'm glad to hear you've enjoyed the "Two" country. My wife and I are about to do some Montana traveling ourselves.

Burn plant has Ringling hot

Proposed incinerator meets vocal opposition

By NANCY KESSLER
Tribune Correspondent

RINGLING — This is one of those quiet little Montana towns one might miss driving south from White Sulphur Springs, but its 50 residents are in an uproar over a proposed infectious medical waste-burning plant at a local business.

"This issue has pitted family against family, brother against brother," said Phil White Hawk, president of the Last of the Best Coalition, fighting the proposal. "Our position is the effects are hazardous to wildlife, humans, cattle and water quality. This is a critical watershed for the Shields, Sixteen Miles, Smith and Musselshell rivers, and is important raptor habitat. Our lives and our homes are threatened."

"There's a lot of misunderstanding about this, an awful lot of confusion," countered Gordon Doig, a partner in Western Recovery Systems, Inc., the company that wants to build the plant. "People think it's just another incinerator, but that's yesteryear technology."

"Even if we get all the permits, if we feel it will be detrimental to the environment or the community, we will not do it."

Infectious wastes from hospitals and doctors' and veterinarians' offices — including blood samples, cultures, sheets, operating gowns and "sharps" like needles and scalpel blades — often end up in landfills or hospital incinerators, Doig said.

Currently, hospital incinerators are not regulated by any government agency. New federal regulations scheduled to take effect in April 1993, will impose much tighter restrictions on how to dispose of medical wastes, he said, and most hospitals cannot meet those requirements.

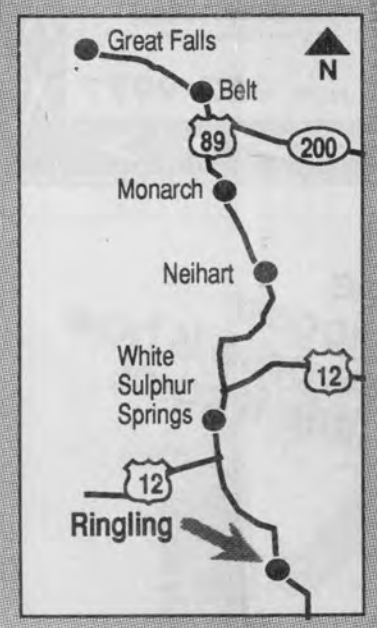

The proposed \$3 million plant would help Montana meet the new regulations while providing a new source of energy for Alcotech, a Ringling firm owned by Gordon and Jay Doig that produces ethanol

Controversy over the proposal erupted this spring, although the Doigs and partner Dan Sterhan applied for the required permits more than two years ago.

STATE OF

MONTANA

IN AND FOR THE COUNTY OF GALLATIN - S.S.

Present: Hon.

W. R. C. Stewart

Judge Presiding

In the matter of the Application of

Peter Scott Doig

AN ALIEN.

IN OPEN COURT,

this 10th day of April A.D. 1906

To become a citizen of the United States of America.

Be it Remembered, That on the 10th day of April, 1906, Peter Scott Doig, an applicant to become a citizen of the United States, appeared in open court before Honorable W. R. C. Stewart, Judge of the District Court of the Ninth Judicial District of the State of Montana, within and for the County of Gallatin, accompanied by David Winter and Donald Campbell, his witnesses, and thereupon the applicant and his witnesses were duly sworn and each examined in open court before the judge thereof, and the testimony of the applicant and each of his witnesses, so far as applicable, was then and there reduced to writing in the form of affidavits, and has now been entered of record in this proceeding. The Court finds that the said applicant was born in Scotland. That he has resided in the United States continuously for more than five years last past, and within the State of Montana during all of the year last past. That the applicant has (1) heretofore made declaration under oath of his intention to become a citizen of the United States (2) before

of his intention to become a citizen of the United States (2) before James A. Williams, an officer authorized to take such declarations, in the County of Silver Bow, State of Montana, on the 24th day of May, 1898.
(3) The applicant was born on the 15th day of January, 1874, and came to the United States in the year 1892, and has resided within the United States ever since, and in the State of Montana for more than one year last past. It has been bona fide his intention for more than two years to become a citizen of the United States, and he has declared that he will support the constitution of the United States and renounce and abjure all allegiance and fidelity to every foreign prince, potentate, state, or sovereignty whatsoever, and particularly to Edward VII King of Great Britain of which he has heretofore been a subject. (4) That the applicant, during the time of his residence in the United States, has behaved as a man of good moral character. That he is attached to the principles of the constitution of the United States and well disposed to the good order and happiness of the same. That when the applicant was admitted to the United States, so wit: on or about the 1st day of April, 1893, he was not one of any class of aliens excluded from admission into the United States by the terms of an Act to Regulate the Immigration of Aliens into the United States, approved March 3, 1903. He was not then an idiot, insane person or epileptic, nor a person who had been insane within the five years previous to his admission, nor was he a person who had had two or more attacks of insanity at any time. He was not then a pauper, professional beggar, or a person likely to become a public charge. He was not then afflicted with a loathsome or dangerous contagious disease. It also appears that the applicant, prior to his admission, had not been convicted of a felony, or other crime or misdemeanor involving moral turpitude. He was not then a polygamist, anarchist or a person who believed in, or advocated the overthrow by force or violence of the government of the United States, or of all government, or of all forms of law. He did not then believe in or advocate the assassination of public officials. It also appears the applicant has not at any time procured or attempted to bring into the United States any prostitute or women for the purpose of prostitution, ~~and that he was not at the date of his admission to the United States a person who had within one year prior thereto been deported as being under orders, solicitations, promises or agreements to perform labor or service of some kind within the United States, except~~ (b)

The Court further finds that the applicant does not disbelieve in, and is not now opposed to, all organized government. That he is not a member of, or affiliated with, any organization entertaining or teaching disbelief in, or opposition to, all organized government. That he does not advocate or teach the duty, necessity or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally of the government of the United States, or of any other organized government, because of his or their official character.

The said applicant, now in open Court, declaring on oath that he absolutely and entirely renounces and abjures all allegiance and fidelity to every foreign prince, potentate, state or sovereignty whatsoever, and particularly to Edward VII King of Great Britain, of which he was before a subject or citizen, and having taken in the prescribed form his oath that he will support the constitution of the United States of America.

Now, therefore, it appearing that the applicant has in all things complied with and observed the laws regulating the naturalization of aliens, it is by the Court, Adjudged, Ordered, and Decreed that the said applicant be, and he is hereby, admitted and declared to be a Citizen of the United States of America.

I'd like to obtain photocopies of any material pertaining to the homestead claim filed and proved up by my grandparents. The information I have is this:

Peter S. Doig and Annie C. Doig, sometime in the years 1898-1900, filed a homestead claim in Broadwater County, Montana.

The location is shown on a Dept. of Interior Geological Survey map -- the Maudlow (Mont.) quadrangle, N4600-W11100/15, 1949. I believe the area had not yet been surveyed when the homestead was taken up, but on this quadrangle map the site is shown in Range 5 East, Township 5 North, Section 8.
