Swan's effort o rain & Temp - my radio
- · frost winter, · fog winter

Dad on · trembling bridge

seconds & minutes, · cells & molecules of · day, are mine to create; each day is my own invention. Time goes against entles generations, yoked to routine. My perpetual price is · uncertnty that I am creating well - no my crop, unlike canes or wheat, is not quantifiable.

Lovàn H'way

· frontier is what is next after · edge of · familiar

bk of many edges, like · cape-cut shoreline ŋ C F Flattery-Alava

what seemed so forbidding a coast had a hinter area ŋ ideal bays, ease ŋ access to enormous forests - perhaps · easiest timber bonanza ever. Has smo bn chaic ŋ NW - ease & allure behind "coastline" (facade) ŋ isolation & bad weather;

Our frontier not sharp-edged, drawn ŋ layered pts, no a kind ŋ convection, as multipl as ocean currents or vagaries ŋ wind. We tend to put wilder aspects to it than it prob'ly deserves

· space that ws physcl for · pioneers is mental for me

different word for rain every day.

as if · molecuks ŋ air had decided to becom visible & go to motion

When it rains, it rains on all alike — equalizer dampnes is a price humnkind hates to pay — tugs him to for back to origins. Spy waters call out to man watery & · private streams ŋ bld do - like mo coall ŋ comonality. ŋ it has taken smo long to encase us, set us o mobile frames ŋ bone & it al can b

how dare they die

Two ~~things~~ moments stick in my memory from the time.
~~1st~~ the seeing light itself

As c so much of the cost, we have lived up to
most that concept.
