

Henderson/2 15 Mar '89

12 March '94 work

3 dredges: Jefferson, Madison

Al Hagen, above Nigate
(Alvin 12015 107NE 362-5437)

derrick barges: cd left 60'-long bridge spans

diver 1' timer on 30'; put braces on pilings underwater
staves "hang 50# lead on him" when put him in water.

- 2 men pumped air compressor
- worked off ice or off a barge
- waist thigh deep in water off edge of barge while wts were hung on him, got hold of piling & jolted it down.
- wk 2 hrs, surface & rest for 2 hrs in bunk in cabin
- no horses on dam
- inspectors riding around the site on horseback
