

Tepee Weepy colonel?

"Let's have a chin-chin." (i.e., talk)

The colonel w/ Gable mustache tells Ben to start spacing 'supreme team' pieces 2 months apart instead of one (because the members are dwindling).

doesn't necessarily deal the cards fair.

The colonel: "Need I point out to you that war is never fair?"

Ben: "Does that mean it's necessarily rigged?"  
the deck has to be stacked?
