

Angus

Wilson's girl

The Larrys gave me the willies. (someplace where they've met two guys named Larry?)

Ninian: make consistent his contractions or lack of them

Ninian: It's the one thing I'll ever see eye to eye with W Williamson on. (rustlers)

Ninian, @ confrontation w/ thr rustlers, Rathbun mounting like the cavalryman he'd been:

With no least thinking to it, I shot his horse.

--After he and Erskine (<sup>Thad Wainwright</sup> & others?) shoot or hang the rustler, they decide to hang their hats on WW gatepost? (Or would that be too provoking?)
