

April 26, 1879: Swan writes a "paper" for George

P. 121
inserted

Gave a "paper" to Shekaupt or George (Mary Anns ~~Brother~~)
that he is as good as the average but requires watching

Feb. 21, 1881--Swan's weather entry (for lead, Day 63)

--temperatures, weather description

May 21, 1880--Captain John gives Swan names of fish C.p. 51 of ledger?) *yes*

F 22, '80 (p. 342)

Wrote Allen Weir Pt Townsend about mistake in the Argus
in my meteorological record of January when I said 4.40 inches
of rain fell. He has it 44 inches of snow fell.

Day sixty-two (0617)

The evidence isn't ^{actually} ~~really~~ in sight, but the season is turning.

Somehow today looks more like spring than yesterday did. Other proof:

I have begun sneezing.

A thought. I go to the living room and look out at the cherry tree. It has begun blossoming, which is not a mark of spring but of the winter's coldness: ordinarily it blooms in January, and now is more than a month late.

less a
mark of
com's
spring
but
than
I have
cold

Day 61 add

And I surely don't. (last line)

April 1, 1880--Swan and others ging the Pinafore

Today the Sun ~~crosses~~^{crosses} the line and it is the first day of spring,

Swan wrote in his lustrous year of 1880

WINTER

--from Carstensen, about Swan: didn't Spencer Baird introduce carp to this country, as source of protein at very time we were exporting salmon into England for a few cents per can? (check Hellman book)

Ledger #10, box 7, p. 115:

Neeah Bay, July 1 1879

Commenced this daily journal at Neeah Bay on Tuesday July 1st 1879. I have been stationed here since August 1878, as Inspector of Customs for the District of Puget Sound, and on the first of October 1878 I commenced keeping the meteorological record as a voluntary observer for the US Signal Service and have made regular reports every month since that date to the Chief Signal Officer Washington DC.

(continues thru end of March 1880, on last pp of ledger)

1879 diary, box 7: Swan noted weather--temp. clouds, wind--
at 7 am, 2 pm, 9 pm, daily.

Diary #33 (1883), box 3--in front pp., Swan's summary of 1880
sur sealing season.

Total amount reported at Neah Bay

6,268

Amount taken in British Columbia as reported by
AC Anderson Esq Inspector of Fisheries British
Columbia

12,726
18,994

Add to this amount 900 seals reported to have lost
in a schooner sunk at Barclay Sound (the Aleut)
Gives a total of all seals killed (as reported)

900
19,894

In my report to Professor Baird I estimated the
English catch based on Mr. Anderson's report of
1879

and the amount lost on Sch Aleut

12,500
382

Add to this the catch at Neah Bay

12,882
6,268
19,150

use e Janji

Swan, who early had absented himself from fatherhood, now turns grandfatherly.

Swan into lines
1. "

122.22

By now, Swan had caught from Spencer Baird an enthusiasm for fish.

Baird biog, p. 429:

B says his work for US Fish Commission "is not less than six hours a day, mostly in the early morning and in the evening after the office work of the Smithsonian is completed."
