Dear Ivan and Carol:

4/1/15

Thank you for trusting us with the heartbreaking facts of Ivan's health these last several weeks. I know this was hard, but I'm relieved to have shared even a fraction of your burden.

I owe my thanks, too, for the following things:

- the respect and affection you always paid our girls;
- your support of friends when they miss-stepped or over-reached;
- lessons imparted on the process of writing and earning recognition as a professional;
- the imperative of sharing Dungeness crab in season;

- your dignity, thrift, discipline,
and GREAT HUMOR;
- the miner's lettuce (and Australian yellow) seeds.

I am really going to miss you, Ivan.
You have had such a terrific influence
on my husband! From original by Jo Pope Now I'll just have
to rein him in myself.... much love,
Lee

4/21/2015

Dear Mr. Doig -

Recently you signed a copy of your book *The Bartender's Tale* for me. I wanted to write you a brief note to thank you for so kindly doing that for me. It is an honor to have in my humble (yet well-stocked) library.

The family on my Dad's side is all from Montana, and so we are all interested in things relating to that great state. One of them gave me a copy of your book *The Whistling Season*. I was floored by the greatness of that book, and immediately went on a mission to read everything you had written. During that literary trek, I experienced chills up and down my spine, belly laughs, and fought back tears countless times. Until I said to hell with it and let them flow. While reading your books, I don't feel like I am there - I am there.

which brings me to the book you signed for me: The Bartenders' Tale. Maybe its the fact I spent formative years with my Single Dad. Or because I was a full-time Bartender for more years than I would Care to admit. The truth is for me - I have never read a book with more poignancy, beauty, or honesty. And such originality! I mean, cripes? Ess of a b? Who else can write like that?

Mr. Poig, I don't know what they call what you do: Is it art? Genius? Craft? Excruciatingly hard work? I suspect its all of those with a lot of the last one. Whatever you call it - Thank You for sharing it with all of us, the world is a better place because you are in it. All blessings to you, sir.

Your Friend and Admirer,

Don Gibbons

This hug's for you!

Hi Swan,

Some people think you can't send
hugs in the mail. But we just did!

And we're sending one
to Carol too! ☺

Remembering the Easter
dinners we've had with
you. It's always great
when we've been together
~ whether it's a special

occasion ~ or just to eat &
visit. Especially the visiting!

Our thoughts & prayers are
with you both.

Sending our love, along
with these hugs.

Dear Carol,

A friend sent me a text that Ivan died today (he learned about it in a Facebook page of a Missoula writer he knows). He of course knows Ivan's work Thanks to me, one of my proudest accomplishments as a bookseller was to build a following for him in New Haven and I am devastated at your (and in a small way ^{my} mine) loss. My principal regret is that I stopped writing to him when I closed my bookstore 12 years ago. I intended to with each new wonderful book he published...

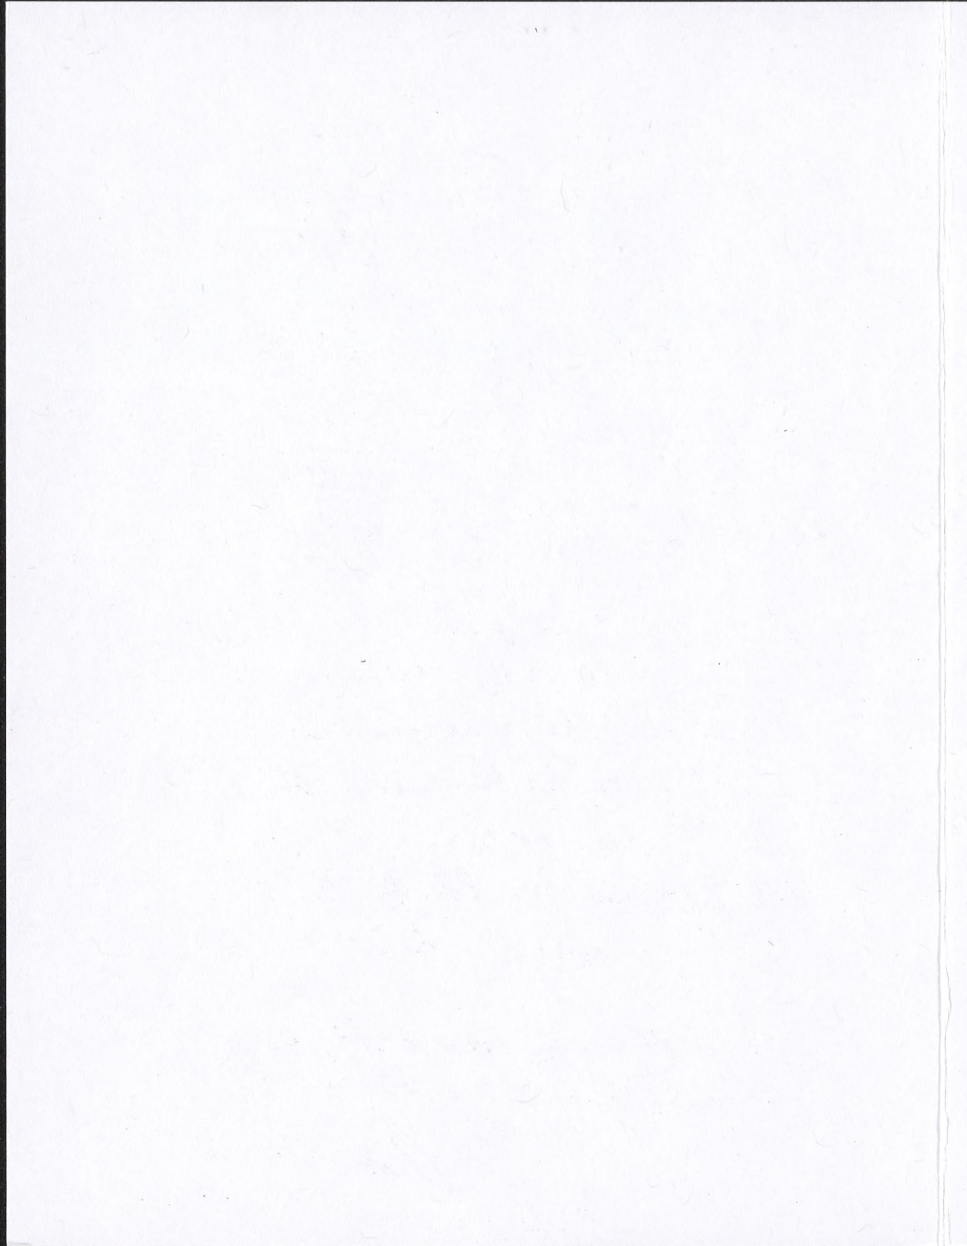

I offer my most heartfelt condolences to

You for your loss. I feel like there's a hole in my world but I have his books (every single one of them) as consolation.

Henry Berliner

p.s. I have fond memories of The lunch we shared in Seattle in 1993 (10 These many years ago).

Carol,

4/9/15

I am writing to you to send you my deepest sympathies for your loss. Ivan was such a special person. All his visits to our store, as an author to read from a new book or as a customer coming to have lunch with his friend Tony Angell, were always bright moments in my day. His endless energy and curiosity about the world around him made him such a delight to visit with.

As news of his passing made its way around our staff today, one bookeller after another wept. Then we began sharing stories about his visits, his books and the ever-so-fond memories we have of him.

We will miss him dearly. Our thoughts are with you and your family in this time of grief.

On behalf of my entire staff, our thoughts and hearts are with you.

Dear Carol,

Words truly fail when thinking of Ivan's hand taken from the page when so many wonderful stories remained to be set down. We will miss his writing but mostly we will miss him - Such a remarkable combination of skill and humility. His gentle humor will always be with us and his visions of the West will open our eyes and our hearts. We eagerly await The Last Bus to Wisdom, knowing that there never will be an end to the wisdom of Ivan, which will live on in his books forever.

Dear Carol,

But may you find some comfort

In the sorrow that you bear,

Just knowing there are many hearts

That understand and care.

My deepest sympathy in the loss of Ivan. I first learned of his passing on NPR Radio today & then KRTV had a wonderful tribute about him on its evening news tonight.

I'm sure you know how much my friendship with Ivan meant to me & how much I enjoyed interviewing him about his books on my "Today in Montana" Show. He has been my favorite Montana author since "This House of Sky."

He reached so many people through his memorable stories & will continue to do so for generations to come.

Thank you Carol for being his invaluable partner throughout your long marriage.

Dear Mrs. Daig,

Please accept my condolences for the passing of Ivan. I opened my Seattle Times to read the nice remembrance.

Though we are not acquainted, we are Inuvik Area neighbors. In just the last year I became acquainted with Ivan's writing reading "House of Sky". I loved the content and the messages of the writing. I hoped to run into Ivan and get to meet him. It seemed to me that he would be a special person to become acquainted with.

Having also lost close loved one I imagine that even with his cancer, the end is a hard fact. My prayers are for

Mrs Daig;

No, you do not know me, but when I opened the Seattle Times this morning, I felt like I had lost a friend!

I grew up in an isolated farm community & Ivan Daig's books and his childhood memories rang so true. He captured the loneliness the rural life, the scrabble hard times 'He knew what he was writing'!

I hope a note from a stranger will smoothen the dark hard times of losing your mate.

Please know his wonderful books brought so much pleasure to this reader — and many others!

Dear Carol,

I read of Ivan's death in this morning's paper and felt stricken. I hadn't known he was sick - had last heard from him via a note back and forth about The Bartender's Tale - but he had been on my mind lately, in part because I had used a brief excerpt from This House of Sky to illustrate effective use of dialogue in nonfiction to my current undergraduate class.

Please know that I am thinking of you. While I've never seen as much of you and Ivan over the years if I might have lived closer. I've always counted the two of you as close friends and admired the strength of

your marriage and partnership. Keep well, and
know how much I valued Jan as a friend
and an inspiration. How many books might
never have been written if he hadn't led
off with This House of Sky - and kept
going.

PINK LADY'S SLIPPER

Cypripedium acaule

Moccasin Flower, Stemless Lady's Slipper, Nerve Root

Relatively common in a variety of habitats from the Canadian Rockies to the Southern Appalachians, Moccasin Flower represents the classic wild orchid for many plant lovers. A single eye-catching blossom atop a slender stalk can vary from white to deep rose to pale pink, often streaked with darker veins. The flower's lower lip swells out into an elongated pouch, with a narrow cleft down its middle. Botanists call this a "trap flower" because insects attracted into the slipper find it difficult to find their way out against the inward folds of the lips. As they crawl about in search of the tiny exit hole in the rear of the pouch, they pick up pollen grains, which pollinate the next slipper they visit.

Dear Carl,

I was shocked to my core when I read today's headline in our paper this morning. I am so sorry you've lost Ivan.

You may probably don't remember me, but my husband and I were resource people for some of Ivan's books and I always thought Ivan was very fortunate to have found such a charming and helpful partner.

Ivan may have "made-up" his stories but ^{now} I know and appreciate how meticulous he was about his research.

All the people in Montana have reason to thank him

for preserving our history
with such quality prose.

As things happen, I also
lost my husband to multiple
myeloma so I realize what
a long struggle you've endured.

May God help you with the
good memories you have of
Ivan. I'm sure you have many.

With deepest regrets,

Jay

CAROL

The last two days have brought such flooding images of Ivan and you to our eyes, even though filled with tears we see so clearly how fortunate all of us are that Ivan could do his magic and better our lives. But for us - especially - you and Ivan inspired us to believe in partnership filled with love and such intelligence and beautiful ideas on paper. We have always been in awe. And so much of the dual Mountain - PNW experience you have walked continues to inspire.

We love you and send our deepest feelings to you, with the hope that we see you soon and that the pain subsides. We can only imagine how much strength and devotion it has taken over the last few years. Our door is always open - our hugs to you.

All our love,

Bill & Marianne

Dear Carol,

We and I are so grieved to hear of Joan's death yesterday. We have such fond memories of him, going all the way back to 1984, when I came to interview him for PW: we pulled up at your old house in Seattle in an enormous Lincoln Town Car (the only car the rental company had), and Joan, eyeing it with amusement, commented, "Freelancing must pay a lot better than when I was doing it!" After three decades of relishing his humor, sharp intelligence, and warmth, it's very hard to know we won't see him

it's very hard to know we won't see him again on this earth.

His marvelous books are his great legacy, but we cherish equally the recollection of his friendship and your gracious hospitality during our wonderful visit with you in Shrewsbury. It was clear that a partner and support you were to Stan in his work, and his feelings for you were evident every time he looked at you. We're so happy to have known him and send our love and condolences to you for your loss.

Wendy

Carol —

The girls and I missed seeing you two this last month or so as we made our rounds of Annis Arden.

I was so saddened to hear the radio report Ivan's death today. What a shock and such a loss for all of us. Seeing the two of you always brightened my day.

You are in our thoughts and prayers.

during this difficult time.*
