

Many High Schools Will Send Representatives To Vocational Conference

Next week will see a large number of girls from all parts of the state attending the Vocational congress on the hill. There will be representatives from all the city and county high schools, and an effort is being made to extend the scope of the work to include girls in the rural schools. Dean Ina B. Herrick has asked the county superintendents of schools, each to designate some girl from her county to represent the rural school.

An attempt is made to send girls who will gain something from the instruction at the congress, and it has been a little difficult in some cases to make a choice among many worthy girls. In order to extend the usefulness of the congress beyond those few who attend the session, each delegate is expected to appear before her school and give an account of what she has seen and heard at the congress.

In order to select a representative from the Polson high school the girls interested were asked to write on "Why I Wish to Attend the Vocational Congress." The paper following, written by Miss Agnes Hawkins of the sophomore class, was given first place, and the author was chosen as the Polson delegate.

"The question has often come to my mind, 'What shall I do when I have finished my high school course?' There are few opportunities in Polson except teaching, clerking or working out. At Bozeman, I shall hear papers read and discussions made by the ablest women of the state in regard to the various occupations which are open to a girl who has finished high school course. This will help me to decide upon some definite occupation, instead of merely drifting into any line of work just to earn a living.

"A man investing his money in any business tries to invest in such a way that it will obtain the best results. Likewise, I want to put my life where it will count for the most. In thinking of my future work, it has been impossible for me to decide exactly where I belong. This is the day of keen competition and only the best can get to the top. In order to be my best I must be in the work for which I am most adapted. By attending this congress I shall be more able to judge of my own capabilities and tendencies, hence, make the proper adaptation.

"Keeping this choice of work in mind throughout the rest of my course can select subjects which will assist me in my future work.

"I want to go to Bozeman to become acquainted with that part of my state which I have never seen.

"It will be a great benefit to listen to everyone of those who take part in the congress. They shall present new ideas along many different lines.

"I want to meet the high school girls who are in dead earnest as to what their future work will be.

"The Agricultural college is located at Bozeman. The girls are to be shown through the various departments. This appeals to me.

"It has always been my ambition to go through college. I feel as though some of the women at this congress will tell ways and means to make a college course possible. With their help a girl may be able to find some work along which she could take courses, either at the college in Bozeman, or the University in Missoula.

"By attending this congress of earnest and successful women, who enjoy their work, a girl will get the inspiration, enthusiasm and encouragement, which she needs.

"If I am permitted to attend this congress, I shall be very earnest in my efforts to bring back a good report to the Civic League, and tell other high school girls what I shall have heard while there."

Program for Next Week's Meetings.
A tentative program has been arranged for next week's session. The musical numbers have not been placed but they will be added to the interesting program outlined below:

College Assembly Hall, Thursday, 3:30 p. m.

"Wonderland"—"The Heaven Breakers"—Victor Herber; "Heratsease"—Moret—By the College Orchestra.

Address of Welcome—Pres. James M. Hamilton.

Greetings—Mrs. E. L. Houston, president State Federation of Women's clubs; Miss Helen Rose, for Gallatin county high school.

Response—From the high schools. "Making College Count"—Miss Edyth O'Leary, for the College Club, Butte.

Greetings—Miss Belle Fliegelmann, for the College Club, Helena.

Roll Call.

Thursday Evening—8:30 to 10:30.

Reception—Home economics department, assisted by the Alumnae club of Montana State college.

College Assembly Hall, Friday, 9 a. m. "Mammy's Lullaby"—(Dvorak-Spross)—Treble Clef Club.

Report of attendance committee.

"Training for Christian Social Service"—Miss Eleanor Hopkins, traveling student secretary for Y. W. C. A.

"Textile Demonstration"—Misses Lessel and Cooley.

"Costume Designing"—Miss Muriel Moore, art department Montana State college.

Two Planos—(a) "Morning"—(b) "The Hall of the Mountain King."

Miss Sophia Kammerer, Mrs. R. O. Wilson, Miss Hortense Kirschner, Miss Leah Hartman.

"The Future Nurse"—Miss Olive M. Inch, superintending nurse of Murray hospital, Butte.

"Women in the Office."—George C. Gephart, Montana State college.

((Continued on Page Four))

Mike Met A Metz On Main But the Line Buck Failed

Mike Osenbrug of the senior class matched his strength with one of the horseless carriages which infest our streets last Friday and came out second best. Mike, who does not often mount a bicycle, was speeding up Main street last Friday before the All-Star game, thinking of the terrible things that would happen to the Has Beens that afternoon. He was coming up behind a car and when he reached the corner of Grand avenue where the street car turns the exact details are a little obscure, but anyhow, it is supposed that coming from behind one car he was confronted by another going the opposite direction—a little Metz which did not loom very large in comparison with some of the All Stars, so Mike on the impulse of the moment decided to have a little practice bucking the line, and as a result his lithe form was draped over the radiator—but the Metz stopped. The wheel was badly damaged but Mike escaped uninjured although he gasped for breath like a fish out of water for some time.

MUSICAL ENTERTAINMENT.

Y. M. C. A. Has Secured Schubert Entertainers from Chicago.

All lovers of good music will be afforded a rare treat next Thursday night when the Schubert soloists of Chicago will appear at the opera house under the auspices of the college Y. M. C. A. This company gives a program of the finest quality consisting of vocal trios, club selections, violin, soprano, and contralto solos. From the Schuberts we get an entertainment that is not only superb in quality, but enjoyable from first to last. Student tickets may be secured from the registrar's office or from members of the college Y. M. C. A. for a minimum price of 50 cents. Those not securing tickets before the entertainment will be charged the regular price of admission of 75 cents. This includes high school as well as college students.

Prof. W. A. Cochel, head of the animal husbandry department at the Kansas State Agricultural college, has been secured to lecture on beef cattle during Farmer's week which is to be held January 24 to 29 inclusive.

FRESHMEN WALLOP FAST JUNIOR TEAM

Upper-Classmen Put up Hard Fight After Few Nights Practice—First String Men Barred.

Showing unexpected strength, considering the time spent in practice, the Junior football team put up a stubborn fight against the Freshmen eleven last Thursday. The freshmen won by one touchdown in the second quarter, but failed to kick goal, making the final score 6-0.

The victors played in poor form throughout the game, compared with their previous showings. As neither team played first-string men the freshmen were weakened considerably. The juniors have been out for only a week or so, but in this time perfected a few plays and forward passes which they depended on for gains. The junior line proved surprisingly strong in the pinches.

Many bad fumbles and a few "bone" plays were in evidence at all times. The teams were evenly matched and the result was in doubt until the final whistle. The junior goal was approached but the once while the upper-classmen were within striking distance several times in the last half, but a poor choice of plays lost the chance to score.

For the freshmen, Captain Bean shone on defense, but was always in doubt as to what play to use in crucial moments. Wheeler and Bergman were consistent ground gainers while Graves did good work on wide end runs and in receiving punts. In the line Trask and Taylor showed up best.

For the juniors, Jorgenson was easily the star of the game, both in ground gaining and in making the forward pass. Saltz did good work at running the team and in deep field. Thomas and MacSpadden on the line must be mentioned for strength.

By winning this game the Freshmen are class champions.

The Lineup.
Juniors Position Freshmen
Reddick Noble, Mabey
Left End.
Thomas Murray
Left Tackle
Fox McMillan

MONTANAN STAFF IS RIGHT ON THE JOB

Editors Will Soon Have Large Part Of Material Ready for Printers

The work on the 1917 Montanan has been started in earnest and from now on the staff will be consistently employed in getting together and arranging the material for the printers. Thus far most of the work has been of an administrative nature. The staff has been gathering material since last May, so this year's publication with the former annuals will give in a permanent form a complete and unbroken record of our college life year by year (and the countless details, incident to the publication of a volume of this nature have been carefully attended to.)

The staff held a long business session last week and the work for the next few months was outlined and systematized. Considerable attention was given to the discussion of ideas for the improvement of the annual, and numerous suggestions were made as to ways and means of adding spice and snap to the '17 annual. Finances also came in for a large amount of attention and plans were laid to make this year's annual a financial success.

The staff which will edit the Montanan this year consists of Roy Strand, editor; Manfred Snow, business manager; Fred Bullock, and Floyd Crittenden, associate editors, and Janelle Lund, calendar editor.

HOME ECONOMICS CLUB HOLDS MEETING TUESDAY

The newly organized Home Economics club held their second meeting in the rooms of that department on Tuesday afternoon. The new constitution was read and discussed and will be further considered at the next meeting. Miss Harkins then told of the plans for the observation of December 3 as home economics day and offered suggestions for the observation of the day by the club. It was decided to hold an old-fashioned sewing exhibit on that day. Further notice of the nature of this exhibit will appear soon.

Biggest Rally Ever To Be Staged To-morrow At 1:30

When Lou Howards noisemakers strike up the first tune tomorrow afternoon at 1:30 the biggest, hottest rally of the season will begin. From that time until three o'clock, noise—great gobs of it—will disturb the peace and quiet of Bozeman, and the residents thereof will begin covering up the external manifestations of their auditory mechanisms in anguish. Never since the day when Bridger range was coughed up from the vitals of the earth has such a deluge of sound been loosed in the Gallatin valley as will tear jagged holes in the atmosphere tomorrow afternoon.

President Lee Park of the boosters, aided by five assistant field generals, Hod Seamans, Dave Steel, "Huntz" Kelly, Jack Milburn, and Ralph Jorgenson will have charge of the rally and see that every thing goes off as planned.

Several original stunts will be pulled off during the celebration. It is

rumored that the frosh have some surprises up their sleeves that will make the big parade well worth watching. It is understood also that another brass band will be on hand to compete with the regulars in the line of harmony-production.

The corner of Main and Black streets has been selected as a meeting place and at 1:30 every student on the hill who has even a lingering spark of life about him will be on hand to take part in the rally.

After parading about on the down town streets the crowd will go to the hill and at three o'clock will escort the football squad to the field. There Chief Noise-Maker Crittenden will organize a monster rooting section and will lead the yells and the singing of the battle song which has been concocted for the game by Ott Romney.

In the evening the victory will be celebrated at the Booster dance which will be held in the drill hall.

UNDERNEATH THE GALLATIN MOON.

(To the Tune of "Underneath the Japanese Moon.")

Why sure, we'll beat her, beat her,
We're bound to beat her, beat her,
Last year we licked her—
Down in our hearts we know we're victor.

Utah'll remember, remember
The 13th of November, November,
For tonight her scalp we will dance,
Underneath the Gallatin Moon.
Underneath the Gallatin Moon.

Old Stars Show Lots Of Form And Hold College Warriors To Low Score

The All-Stars fighting stubbornly at all times, were defeated by Captain Taylor's warriors last Friday by a score of 14-0. The touchdowns were made in the first and third quarters on forward passes, Hamilton and Gatton each scoring one. Gatton kicked perfect goals in both cases. The College goal was in danger only once but after the Has-Beens had made first down five times straight by line plunges they were stopped on the 20 yard line.

The All-Stars made a wonderful showing after only a blackboard practice the night before. Their offensive tactics consisted chiefly of straight line bucks, end runs and a sprinkling of fakes and trick plays. Showing flashes of splendid form at times they were able to gain nearly as much ground as the College. But the condition of the regulars told in the end.

On defense the All-Stars were exceptionally strong in stopping line plays but could do nothing with the overhead game. The College had rare success with the pass game working it nearly as often as tried. The All-Stars were able to complete but two short ones.

Eighteen men appeared in All-Star suits and all were used during the battle. It is hard to pick individual stars as talent was present in every suit. However the work of Bennon, Guerin and Bohan on the line was highly commendable while Chauner proved a stopping point for everything the College sent in his direction.

Profs Say East Gallatin Is Fine For Hairpin Loop

As the dawn was breaking, last Saturday morning two of our professors of biology, one who of week days explains to the freshmen the mysteries of the Myxomycetes and Conjugatae, while the other's realm is among the docile Ameba and the bloodthirsty Anopheles, launched the good ship Trouble in the tumbling torrent of the East Gallatin where it treads its way thru tangled thickets opposite the mill which makes the famous Ceretana flour.

Both are ardent students in the University of Experience but did not realize when they chose Belgrade as their objective that they had elected a post-graduate course. The water was very low in the creek bed and the ripples, sand bars, and shallows often grounded the light canoe and made progress very slow. Perhaps the greatest difficulty lay in the fact that the course of the stream was so tortuous that the voyagers often "met them selves coming back" and they could not see ahead to anticipate things until they happened. Often they would come swinging around some hairpin bend and bring up against some large log or pile of driftwood entirely blocking the channel with force that threatened to wreck their sturdy little craft.

In the middle of the afternoon they concluded that further struggle under such conditions was unprofitable and abandoned the project having covered half the distance. A number of years ago Prof. Spaulding made the trip successfully but the channel has changed greatly since then. This was Prof. Swingle's first trip in the East Gallatin. Both have been very successful canoeing in the West Gallatin.

WEATHER DEFEATS SOPHS PLANS.

The snow which fell last Saturday night and Sunday defeated the well laid plans of the Sophomore men to complete the rock work on the M the class is constructing on Mount Baldy. A short session was held Friday afternoon, and as a class holiday was denied, it was decided to make Monday entirely a work day and omit the picnic feature. If the weather remains favorable the class may celebrate the Utah game by completing the M on the following Monday.

The "old war horse," Ott Romney, was the shining light in the backfield, living up to his reputation as a field general as well as making a good share of the gains. Fransham did some good plunging and played his old time game on defensive. Bunker, at half, showed flashes of what made him famous.

For the Collegians, Cy Gatton was outstanding both as a consistent groundgainer and in receiving passes. The rest of the team worked as a machine, the best parts of which showed up in Capt. Taylor and Hamilton.

The line up follows:

State College	Position	All-Stars
Thien	Left End	Chauner
Taylor	Left Tackle	Bennon
Duquette	Left Guard	Sheridan
Morphey	Center	Christensen
A. Borton	Right Guard	Guerin
C. Borton	Right Tackle	Drake
Rice	Right End	Higbie
Gatton	Quarterback	Romney
Boberg	Left Halfback	Fransham
Hansen	Fullback	Roubideaux
Hamilton	Right Halfback	Bunker

Substitutes—For All-Stars: Howard Schoppe, Bohan, Willson, Street, Richardson, Fox; college, Carr, Milburn and Taylor.

Officials—Chappell, Billings, referee; Heageney, Bozeman, umpire; Henderson, Bozeman, head linesman.

The Game in Detail.

Mayor Luce kicked 20 yards to Borton. Hansen circled left end for five and Cy Gatton repeated for four around the other end, shaking off Ott Romney but not being so successful with Bunker. A line plunge by Hamilton made it first down. Cy's strategy fell down on the next two wide end runs as each yielding nothing. A pretty pass to Gatton was good for only six and Capt. Taylor punted over the goal line.

Roubideaux hit left tackle for two and Bunker followed with four more. A fumble on the next down forced Bennon to punt. The kick went 25 to Boberg. Hanson fumbled, on the college first down but recovered with a loss of six yards. Hamilton made two on a shift. A penalty of 15 yards for the interference of Roubideaux on a forward pass made it first down.

Two line pileups and an end run netted only six and the ball went over on an incomplete pass. Chauner gained three on a "delayed" end run. A forward pass down the side line from "Ruby" to Christensen was good for four and Ott brought the total up to ten by a push through center. Bunker hit left tackle for two, but Higbie lost ten on the next play. "Ruby" made up seven of these. Bennon punted 35 to Boberg who was downed as he caught it by Chauner.

The strong All-Star defense stopped Hamilton at the line and on the next down spilled Cy for no gain on an end run. Bennon fell on a fumbled ball but was robbed of its possession by a five-yard penalty for holding by his team-mates. The college resorted to the overhead game and a 30-yard pass to Gatton put the oval on the All-Star 10-yard line. Hamilton stayed out on the sideline and received another long pass from Gatton and easily eluded two would-be tacklers as he crossed the line. Gatton kicked a perfect goal, making the score 7-0.

The All-Stars received the kick-off which went 50 yards to "Ruby" who returned 20. Fransham made one through left tackle and Bunker five on a short end run. Chauner recovered a fumble, making it first down as time was up for the quarter.

Second Quarter.

Substitutions—Schoppe for Sheridan; Bohan for Drake; Howard for Roubideaux.

Howard earned five around right

((Continued on Page Two.))

THE WEEKLY EXPONENT

Established January 1, 1910.
Outgrowth of Monthly Exponent,
Established January 1, 1895.

Published every Friday of the College year by an editorial staff chosen from the students of the Montana State College of Agriculture and Mechanic Arts, Bozeman, Montana.

Managing Editor.....Robert Streets
Associate Editor.....J. Donald Kelley
Circulation Manager.....Carl Ladenburg
Sport Writer.....Clinton G. Stranahan
Society Reporter.....Edith Fowler
General Reporter.....J. Gordon Sewell

Subscription Rate—Two Dollars per year, five cents per copy. Advertising rates made known on application.

Entered as second-class mail matter at Bozeman, Montana, under Act of Congress of March 3, 1879.

The Weekly Exponent is strictly a student enterprise. Its chief purpose is to present to its readers each week an accurate and complete record of the developments in college affairs during that period and it is intended that its influences shall be exerted for the upbuilding of Montana State College. The paper is the result of voluntary effort put forth by the students who compose the staff.

The Last Game of the Season.

Tomorrow afternoon Montana State meets the Utah Aggies in the last intercollegiate football game that will be played by the college eleven this season. The Aggies come with a team much stronger than that which met the blue and gold last season and with the determination to wipe out the sting of their overwhelming defeat of last year. Fresh from their victory over the Butte Miners, the team that held the Collegians to a tie score in Butte three weeks ago, they are coming to win.

On the other hand Montana's team is working better now than it has at any time this year. Coach Bennion has done wonders with the team during the last two weeks and from the green material with which he has had to work he has built up a consistent

football machine, which would hold its own with any of the conference aggregations. The game tomorrow will be a battle between Montana speed and Utah weight, with brains and strategy on both sides.

Tomorrow's victory—it must be a victory—will make a total of four out of six games played. In any year that record would constitute a successful season. This fall, considering the fact that practically a whole new team had to be formed it is a remarkable success.

All Out for Tomorrow's Rally.

At last, after spending six peaceful weeks in a dormant condition Montana State spirit shows signs of germinating. The efforts of President Lee Park of the Boosters in planning a monster rally for tomorrow afternoon have met with some response and the plan has aroused much enthusiasm at least among a portion of the student body.

The support the students have given the football team this fall has been of the lukewarm variety, manifesting itself for the most part in a few listless yells at the games.

At 1:30 o'clock tomorrow afternoon the rally will start down town and will be participated in by every member of the student body in whom college spirit is not totally extinct.

CALENDAR

Nov. 13.—Football; M. S. C. vs. Utah Aggies.
Nov. 13.—Boosters' Dance.
Nov. 18-20.—Vocational Congress.
Nov. 19.—Freshman dance.
Dec. 3.—Shorthorn dance.

Prof. W. F. Schoppe has just returned from White Sulphur Springs, where he advised with the commissioners of Meagher county. This visit was relative to the construction of poultry plant on the county farm. Prof. Schoppe receives many such summons from different parts of the state as he is an authority on matters concerning the poultry industry.

OLD STARS SHOW
LOTS OF FORM

(Continued from Page One.)

end seven yards. Ott was stopped at center and Fransham made one. Howard made it first down with four around left end.

Bunker and Ott each gained four through the line, but Howard was stopped for no gain at the line. The All-Stars sprung their "queer" formation and Ott made one on it. The referee lost count of the downs and on the fifth Fransham made one, making it first down. Howard was unsuccessful on a fake punt, likewise Romney on his "queer" formation. "Christie" booted a pass and the next pass was grounded. The ball went over to the college on their 20-yard line.

Substitutions—Street for Bunker, Richardson for Higbie, Wilson for Schoppe.

After two downs had yielded nothing, Boberg punctured the line for 12 yards. The All-Stars braced and stopped two plunges. Christensen recovered a fumble on the 40-yard line.

Romney was chased out of bounds and on the next play recovered a free fumble. Fransham made five through end. Bunker and Ott worked the left tackle hole for two and five respectively. Howard repeated at right end for seven and Fransham made four at left tackle. Chauner rounded right

the line. Ott lost most of his jersey, but made first down on the next play. Howard gained nothing on an end trial and Rice intercepted a pass.

Hamilton was nailed by Fransham for a loss of two yards. A line play netted nothing and Hansen was spilled by Ott on an end run. Boberg punted 30 to Howard who returned 15. Time up. All-Star ball on the College 40-yard line. A delightful smoker with refreshments took place on the All-Star bench between halves. A pair of shoes were put on Jolley at this time and a frame-up planned. Jolley was to lurk near the side line after the kick-off and receive a long forward pass from Roubideaux but the latter evidently got his wires crossed for he shot the pass directly to Gattton while Jolley was 40 yards from the nearest college man.

Second Half.

Substitutions—Schoppe for Wilson, Roubideaux for Howard, Fox for Richardson; Carr for Thein.

Gattton kicked 45 to Romney, who returned it the whole 45. Cy intercepted "Ruby's" pass and ran 10 yards. Hamilton made four around right end and Hansen seven through left tackle. Boberg hit the line for two. Hamilton caught a pass for 10 more. A line plunge was stopped and time taken out for Boberg. Cy just got started when he struck the coach and, of course, halted immediately. Hansen hit left tackle for three. With fourth down and seven to go Gattton attempted a drop kick which fell short and was recovered by Fox on the 10-yard line.

All-Stars were penalized half way to goal line. Roubideaux made one and Ott three through the line. "Slicker" Rice blocked Bennion's punt and it was recovered by the college. Boberg made one on a shift play and on the next down Gattton caught a pass and went over the goal line. Gattton kicked goal, making the score 14-0.

The All-Stars received. Cy kicked 50 to Street with a return of seven. Roubideaux and Chauner were neither able to gain on end runs. Schoppe got a forward pass from Roubideaux for nine yards, and Ott made it first down. Fransham made two through left tackle, but "Ruby" lost four when he was caught behind the line. A pass from a kick formation was grounded and a second intercepted by Hamilton.

Bunker substitutes for Street. Cy caught a pass but an offside penalty cancelled the gain. Bunker intercepted a pass on the seven-yard line.

Fourth Quarter.

Substitutions—Howard and Higbie for Roubideaux and Fox.

Romney made 13 on two line jabs. Howard reniged on an end run. It looked as though Romney was the only ground gainer left as he tore through the line for 10 and on the next play swung around end for eight. Howard fumbled and the college recovered only to lose it back to the All-Stars on the next down. Fransham made one at left tackle and Chauner lost three. Ott lost eight on a fake and Bennion punted 30 yards and out of bounds.

Cy tried left tackle for two. Jack Milburn was going good when he struck the coach. A pass to Jack on the second attempt netted eight and Cy squirmed through center making first down.

Substitutions: Wilson, Richardson and Sheridan for Higbie, Bennion and Schoppe.

Cort Howard intercepted a pass. Romney and Bunker each punctured the line for six but the next three resulted in only five so Howard punted 40 yards and out of bounds. Homer Taylor substituted for Morphey and Carr was shifted to center.

Richardson stopped a college pass. Ott lost seven and a forward pass from Howard went bad. Minar in place of A. Borton. Richardson was "not guilty" on an end run so Howard punted 50 yards as the final whistle blew.

TWO LARGE BOILERS
GIVEN TO ENGINEERS

Dean Richter, of the engineering department made a trip to Anaconda last week and secured some more equipment for the engineering department. Through the courtesy of E. P. Mathewson, who is general manager of the Anaconda Copper Mining company, Dean Richter received as a gift two 250-horsepower Heine boilers. Both of the boilers are equipped with Murphy furnaces and coal hoppers, and the entire lot will make about two car-loads of machinery. These boilers are in very good condition, having been used but a short time in the Washoe smelters. It is intended to use the boilers in a new boiler-house, and will be used to heat all college buildings, as well as for the instruction of the students.

Society

A number of couples enjoyed a picnic Wednesday evening. Those who went were Sallie Clark, Bess Dawes, Marie Waterman, Mildred Bartz, Josephine Kountz, Hedwig Lehfeldt, Lula Chestnut, Lillian Axtel, Midge Cline, Ray Duncan, Harold Dickson, Herman Wilson, Louis Undem, Radford Taylor, Allan Smith, John Hines, Whitney Manning and Cy Gattion.

A wedding of much interest to those on the hill was that of Miss Sallie Clark and Ray Duncan. Accompanied by Bess Dawes and Radford Taylor they left on Saturday morning for Virginia City, where they were married at 5:30 that afternoon. Miss Clark is a Bozeman girl and has a number of friends on the hill. Mr. Duncan was a member of the present junior class. They will be at home after December 1 on the bridegroom's ranch near Belgrade. The hearty congratulations of all are extended to them.

Friday evening President Hamilton entertained a number of the faculty at a dinner in Home Science rooms in the Agricultural building. The dinner was prepared and served by the girls of the junior class. The table and rooms were elaborately decorated for the occasion. Covers were laid for Professor and Mrs. Pley, Professor and Mrs. Arnett, Professor and Mrs. Dearborn, Professor and Mrs. Martin, Miss Ballinger, Professor and Mrs. Whipple, Professor and Mrs. Snow, and President Hamilton.

Miss Esther Belle Cooley entertained at dinner Thursday evening. Ethel Miewald and Grace Mathews.

Mr. Chaffin of Big Timber spent Sunday with his daughter Linnie at Hamilton hall.

Professor and Mrs. Atkinson, Professor and Mrs. Whipple, Mrs. Herick, Mrs. Miller, Mrs. Schoppe and son Billie, enjoyed a picnic up the West Gallatin Saturday.

Miss Mildred Stewart entertained the Kesekes at her home Saturday evening. Cards and music furnished the entertainment. Delicious refreshments were served at the close of the evening. Those present were Amelia Stanley, Ada Beerstecher, Jeanette Kelley, Marjorie Quaw, Josephine Kountz, Vi Fowler, Janelle Lund, Edith Fowler, Dorothy Mills, Marie

Waterman, Mildred Bartz and Mildred Stewart.

Marsa Riddell and Grace Matthews went by automobile to Three Forks Tuesday. They returned that evening on the train.

Miss Ruth Sweat returns this week from the eastern part of the state, where she is doing extension work for the college.

Wednesday evening the junior girls in home economics enjoyed a dinner prepared by a few members of the class. Those seated were Miss Harkins, Ruby Stahlford, Ida Truman, Gladys Ritz, Mary Kretlow, Ursula Hodgskiss, Josephine Kountz, Edith Fowler, and Ada Beerstecher.

Bouffons Dance.

Friday evening the Bouffons gave one of their most delightful dances in the Eagles' Hall. The hall was beautifully decorated for the occasion with pine trees, pennants and the club colors. At one end of the hall, screened off by pine trees, were deenports and comfortable chairs. Music was furnished by Quaw's orchestra. A good crowd was in attendance and a most delightful time was had by all.

INTERESTING MEETINGS OF Y. M. C. A. FELLOWSHIP CLUB

Last Sunday afternoon marked the opening of a series of eight fellowship meetings to be held Sunday afternoons at 4:00 o'clock. The meetings will be addressed by the ministers and prominent laymen of the city.

The meeting last Sunday afternoon was conducted by President Hamilton who spoke to an audience that comfortably filled the lobby. President Hamilton spoke on the subject of life and religion.

Following the meeting the reorganization of Professor Cobleigh's teacher training class was affected, 17 enrolling in it. The class will cover the same course as last year. It includes the essence of psychology and pedagogy as applied to Bible teaching. The class last year found the work very enjoyable as well as profitable. Regular meetings are held at 6:15 p. m. each Thursday and last till 7:30, lunch will be served regularly at these meetings. It is planned to have monthly social meetings in addition to the regular meetings.

Officers for the ensuing year were elected as follows: C. B. Sherry, president, and Deacon Robinson, secretary.

The Fellowship luncheons which will be held Sunday afternoon at 5:45 promise to be a big feature of the meetings. Thirty-five people attended the luncheon last Sunday and at the close each one was asked to tell his name and the town he came from, while the Montana people were in majority, yet the country as a whole was well represented.

In addition to the above features it was proposed to use the hour between the meeting and lunch for the discussion of interesting topics and for music. An effort will be made to organize an orchestra for these occasions.

COLLEGE Y. M. HOLDS FIRST MEETING AT CITY BUILDING.

Last Tuesday evening the college Y. M. C. A. held their first get together meeting of the year in the city Y. M. C. A. building. The purpose of this meeting was to outline the work which this organization proposes to take up the coming year. In this connection Francis Woolridge spoke on the value of deputation work to the college student and extended an invitation for all interested in the work to join. As the committee has made extensive arrangements for the year's work there will be ample opportunity for all interested to take part, which was highly appreciated. Kelsey of the Gallatin high then gave two piano solos.

Chairman Cannon of the Bible study committee next talked on the work which this department of the Y. M. C. A. was undertaking and showed the results to be obtained by mixing a little religion with college life. Miss Smith, accompanied by Mrs. Strohm rendered a vocal solo which was thoroughly enjoyed by all.

Edward Jacobs spoke on the subject in which all were interested—"Where the Dollar Goes." In outlining the various tasks to which the dollar was assigned he mentioned the hand books, the meeting of new students, the furnishing of a room which will be used by students working their way through college, and the social end. He also spoke of the Schubert company, a high-class musical entertainment which will be staged under the auspices of the college Y. M. C. A. on Nov. 18.

CLOTHES DON'T MAKE THE MAN

But a good fitting suit helps to make a favorable impression and often the first impression is a lasting one.

Our clothes please not only the wearers but his friends and the people he comes in contact with.

Try us.

HANK & ED.

College Notes

Miss Louise Linse from Denton, has enrolled in the music department and is staying at the Y. W. house.

Mrs. Price, matron of the Seventh avenue club was called to Chouteau last Friday morning. She returned the first of the week. Mrs. R. G. Young, matron to the other School of Agriculture club had charge of both houses during her absence.

Samuel B. Thompson, who has been sick for several days has resumed his work in the first year class.

Miss Louise Kinsle of Denton registered for the short course in home economics the first of the week, while the agricultural registration has been increased by the enrollment of Hugo Morgan of Belgrade.

The S. of A. Literary society meeting which was to have been held last Tuesday night, was postponed one week on account of the round-up examinations.

Dean Linfield is doing investigation work in the vicinity of Lewistown this week. On his return he will stop off at the experimental sub-station at Moccasin to consult with the directors pertaining to the work there.

There is a movement on foot throughout the state to have the rural districts represented at the Vocational congress. It seemed to be the general sentiment of the educators as shown by a circular letter sent to the county superintendents by the superintendent of public instruction that the more remote parts of the counties should be represented as well as the cities.

The Stallion registration board which is always working in the interests of the stockman has planned a school for horse breeders to be held on January 31 and February 1. The course will consist of lectures on breeding problems, disease, and demonstrations in dissections and the use of breeding instruments. Drs. Welsh, Hartman, Riley and Prof. Arnett, head of the animal industry department will have charge of the course.

Roy Strand went to Belgrade last Saturday to inspect a carload of fruit for the state board of entomology.

Alumni and Ex-Students

Dr. H. C. Gardner, '03, was a Bozeman visitor this week. He is now located at Anaconda.

Myrtle Alderson, '13, received a visit from her mother, Mrs. M. W. Alderson of Helena this week. Mrs. Alderson is state president of the W. C. T. U.

Inez Dusenbury, '12, leaves soon for California to take in the exposition and spend the winter.

UTAH AGGIES HAVE STRONG AGGREGATION

Tomorrow comes our most important home game and also the last of the season. The wearers of the blue and gold are going better by far than at any other time this year and will be in fine shape to repeat last year's performance and trim the Utah Aggies. However, Utah is much stronger this year than last. Although beaten rather badly by the Colorado Aggies they have shown up to good advantage in their other games.

Last Saturday in a strenuously contested battle at Logan, Utah, the Aggies won from the Butte Miners by a score of 10-6. Coach Schroeder's men were supposed to have improved since the last game in Butte when they held the Collegians to a 6-6 tie score and that fact makes it certain that Bennion's warriors will not have a walk-away.

The game will start promptly at 3:00 o'clock on the college field. Tom Robbins of Butte and Johnson of Anaconda will officiate.

PROFESSOR NASH TO GIVE RECITAL NOV. 17.

Music lovers at the college will be pleased to learn that Professor Nash of the school of music will appear in his first recital soon. The recital will be given in the assembly hall on Wednesday evening Nov. 17 at 8:15. The program follows:

1—(a)—Toccata and Fugue in d minor (Bach-Tausig.)

(b)—Minuetto and Scherzo from Sonata Op. 31 No. 3—(Beethoven.)

2—(a)—Polonaise c sharp minor—(Chopin.)

(b)—Funeral March from Sonata Op. 35—(Chopin.)

(c)—Study No. 12 Op. 10 c minor (Revolutionary)—(Chopin.)

(d)—Study No. 7 Op. 25 c sharp minor—(Chopin.)

(e)—Cradle Song—(Chopin.)

(f)—Ballade in A flat—(Chopin.)

3—(a)—Peace (Transcription from the Son Du bist die Ruh—Schubert-Liszt.)

(b)—Isoldas Love Death—(Wagner-Liszt.)

(From the Opera Tristan and Isolda.)

NOTICE—SOPHOMORES AND FRESHMEN.

Will all those who have not had their pictures taken for the 1917 Montanan please do so at once. Just call at the Central Studio on Main street any afternoon. It costs you nothing, but you have the privilege of buying additional pictures if you choose.

ROY STRAND

Editor 1917 Montanan.

Young Smith was sitting out a dance with a charming young woman.

"Do you approve of these new dances—tango and fox trot, for instance?" he asked.

"No, I don't," she replied.

"Why not?"

"Why," she explained, "it's really mere hugging set to music."

"Well," questioned Smith "what is there about that you don't like?"

"The music," replied the fair one.

Joy just hangs on every puff

How a pipe of "Tux" does bubble over with good cheer and sunny comfort! There's something about the mellow taste of "Tux" that stirs a smoker's soul. It gets into his inside works, sweetens his disposition, and gives him that perky, cheery feeling, like a high-stepper trotting down the avenue.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Men who never smoked a pipe before are now smoking Tuxedo, because they have found that Tuxedo is the mildest tobacco made, and that it is the one tobacco that never irritates mouth, throat or nerves.

You simply cannot get another tobacco made by the "Tuxedo Process"—and that's the original of all processes for removing every trace of harshness and bite from the tobacco. It has been widely imitated, but never duplicated.

Try Tuxedo for a week, and you'll get acquainted with the sweetest, mildest, mellowest smoke in the world.
