

The Weekly Exponent.

VOL. IX.

BOZEMAN, MONTANA, FRIDAY, NOVEMBER 16, 1917.

NUMBER 7.

SOPHOMORE-FROSH DEBATE SUBJECT DECIDED UPON

Coffee Club Holds Meeting and Discusses Plans for Coming Season.

At a meeting of the Coffee club, held at the home of Professor Brewer, last Tuesday evening, plans for the debating season were fully discussed. A very large representation of Freshmen were present, besides members of the sophomore and junior classes. At this meeting, a proposition was decided upon for the Freshman-Sophomore Inter-Class debate, which is to be held on the evening of Friday, December 14. The proposition which finally met the approval of all present reads: Resolved, that as a condition of the terms of peace, the western powers should demand that Alsace-Lorraine be given to France. Tryouts for the two debating teams to represent the classes will be held next Wednesday at 4 p. m. in the assembly room of Montana hall. Every one who has talent or any desire for this kind of work should report at that time, or see Professor Duddy before the tryouts. Immediately following the class debate on December 14th, a tryout will be held to choose the squad that shall represent Montana State this year.

This year, we have under consideration a debate with the North Dakota agricultural college, the Utah agricultural college, one with Gonzaga university, which is already scheduled to come in February, and there is a possibility of some debates with schools within the State. Tryout for the College Squad and help Montana in obtaining the winning teams.

The evening was spent in discussing propositions for debates, and submitting the propositions to the different institutions. Those that were Alsace submitted to Gonzaga were the Alsace Lorraine question, and "Resolved, that the United States should enter into an alliance with Great Britain after the war. Another proposition which

has been given serious consideration is the matter of the excess profits tax, but no definite decision has been formulated in this matter.

A very successful year is looked forward to in the art of debating, in spite of the fact that Montana State lost most of their experienced men. In the tryouts, each participant is required to speak five minutes on the direct argument and three minutes in the rebuttal in order to qualify. In choosing the number to participate in the interclass debate, the rules and regulations governing this read as follows:

Section III. Each class shall be represented by a team composed of four members, one of which shall be an alternate.

Orders for speaking are drawn by lot, this drawing to take place when most convenient to all concerned.

LES BOUFFONS TO INITIATE MEMBERS

But One Active Member Left At Opening of College This Year

Six out of ten that comprised the membership of Les Bouffons last year are in the uniform of Uncle Sam. The remaining four are in some branch of government service. Harold Dickson was the only member left in school at the beginning of the semester but he has since been called into service. Four men were pledged last year, Lee Park, Tom Ross, Clinton G. Stranahan, and Gregon MacMillan. The latter three were initiated before the remaining active member left school, Lee Park having gone to the University of Chicago.

These three proceeded to carry on the activities of the fraternity and pledged seven men out of the Junior class. This will bring the membership up to the prescribed number of ten. Those upon whom the honor of pledgeship has been conferred are: Leroy Fowler, Leo Humphrey, Nelson Graves, Ernest Stanley, Dan Noble, Homer Taylor, and Russell Davis. (Continued on Page Four.)

LARGE BAND OF ENTHUSIASTIC BOOSTERS FILL SPECIAL BLEACHERS AT MISSOULA

Forty-four knights of the road have many exciting experiences before reaching Missoula. Determined rooters brave cold and "cops" in order to see game between Bruins and Bobcats.

"For the benefit of those who want to go to Missoula, I wish to announce that there will be a special train, containing forty-four box-cars, leaving Bozeman tonight." Forty-four loyal M. S. C. boosters took Prexy seriously when he announced the above at the rally Thursday night and immediately hied themselves to the N. P. station where they waited for the arrival of the special. Pretty soon the anxious party heard the freight rambling down the track and they rushed out on the platform, ready to get on board when it stopped. It didn't stop nor did the speed decrease. By the time car No. 36 had passed by, the gloomy bunch began to think that Prexy had played a joke on them. Then some one suggested, "Maybe he meant a special train for special passengers." That was enough, and by the time car No. 44 went whizzing by the platform, 44 "Bos" had specialized.

Details of the rest of the trip are lacking. One of the party was interviewed concerning the trip over, his story was full of thrills and would have been accepted as suitable for publication if he hadn't told of how he hid from a "Cop" behind some "trees" in Butte. It was a chilly night and when some of the boys were asked to pass coal while going up the hill to Homestake, they gladly consented. A hot-box developed in the rear truck of No. 37 and one of the passengers was thrown from his berth by the sudden stopping of the train. By the time the train crew had arrived on the scene the other passengers ceased their snoring and waited in breathless

silence until the repair had been completed. The train and most of its passengers arrived in Missoula about 5 o'clock.

Friday night the boys got together and staged a little rally in conjunction with the Missoula boys. All went well until the spectators began to comment on the spirit and "Pep" of the "Aggies." This aroused the ire of the Missoula yell leader and he invited the visitors to adjourn to the rear of the parade, which was the proper place for guests.

Among the notables who arrived on Number 3 Saturday morning were two girls who earned the money that took them to Missoula.

There were enough M. S. C. representatives at the game to more than fill the special bleachers. They yelled during the whole game and cheered the boys up when they were in tight places. Between halves a snake dance was attempted, but owing to the large area of the field required by the Missoula rooters, had to be abandoned. The large number of visitors, the noise they raised and the general excitement of the game, so affected one of the Missoula rooters that he fainted and had to be taken from the field in a box. After the game someone started taking M. S. C. caps and a general free-for-all began. It did not last long and no damage was done on either side.

The M. S. C. boosters proved themselves to be good losers and while the bell in the tower of Montana hall tolled our defeat and proclaimed the victory for the "U," no alibis were offered and there was no "crabbing."

Bobcats Stage Wonderful Game Against Grizzlies

BRUINS MAKE TOUCHDOWN IN LAST THREE MINUTES OF PLAY WHICH GIVES THEM GAME BY 9-7 SCORE.—ROSS AND WHEELER PLAY STELLAR GAME FOR MONTANA STATE; BENTZ AND DRISCOLL FOR UNIVERSITY—TEAMS EVENLY MATCHED AND SHOW CLASS THROUGHOUT GAME.

Fortune Favors Missoula Eleven and Montana State Loses Game in the Last Three Minutes of Play, When Bentz Carries Ball Over For Touchdown. Bobcats Stage Irresistible Onslaught in Last Minute of Play in Endeavor to Turn Defeat Into Victory But to No Avail. Both Teams Play Clean Game and are Well Supported.

Coach Bennion's Fighting Bobcats never proved themselves more worthy of their name than they did last Saturday against the powerful Grizzlie combination of the State university. Fighting hard throughout the entire game they played the husky bears to a standstill and until the last quarter of the game were pronounced victors by the spectators. In the first moment of play, Christian Bentz the 250 pound fullback of the grizzlies kicked a neat place kick from the 43 yard line which soared squarely between the bars. Though Bentz tried place kicks from three other easier positions on the field he was unsuccessful with his powerful toe during the rest of the game. Then the game began, honors stood even until in the third quarter. After a series of rushes which carried the heavy grizzlies completely off their balance Tom Ross dug his way over the Grizzly line for the Bobcat's touchdown making the score in their favor 7 to 3.

Again the two teams struggled in midfield determined to fight until the last whistle blew. In the last half, 3 minutes before the final whistle blew, a pass from Bentz to Driscoll, the elusive little freshman on the Grizzlie team, netted a 43 yard gain and brought the ball within striking distance of the Bob cat's goal. A penalty brought the ball to the college one yard line where three successive line smashes barely put the ball over for the winning touchdown.

With but a minute left Bennion's men led by Tom Ross put up a deadly fight to the end and tore the Grizzly line to pieces in an endeavor to turn defeat into victory. Two incomplete forward passes netted no gain and Ross circled left end for a fifteen yard gain which brought the ball to the middle of the field. Another incomplete pass and the determined Bobcat fullback tore around left end again for a 23 yard run where only a lucky grip on his jersey by Bentz kept him from going over for a touchdown. With but forty seconds left before the final gun every man on both teams limped to his place in line, the Grizzlies tightened for a second and the fight was over with the score: Grizzlies 9, Bobcats 7.

The Way it Happened. The university won the toss and Bentz kicked off to Bush who fumbled

after returning for ten yards and gave the Grizzlies possession of the ball on the fifty yard line, making first down they again attempted to rush through the line but failing to make downs this time Bentz fell back and with a place kick from the 43 yard line sent the ball squarely between the posts.

On the kick-off the Bobcats returned the ball to the thirty-yard line. Wheeler made first down and after two more attempts was forced to punt to Driscoll who returned 35 yards to the 42 yard line where the Montana State line held and Bentz punted. The Bobcats advanced the ball for thirty-five yards but lost. The University failed to make any gains by line smashes and Bentz punted fifty yards out of bounds. End of 1st quarter.

In the second quarter the fight raged up and down the field with both sides being unable to gain through the line. Twice during this period Bentz tried goals from placement and failed once from the thirty-two yard line and once from the twenty-eight. The half ended with the Bobcats in possession of the ball on their own thirty-five yard line.

Bentz Falls Hard. The university received the ball on their 30 yard line. The big fullback got away around left end and passed the college secondary defense. King playing at safety was the only man between him and a touchdown, but the Bobcat quarter was on his toes, running low he hit the giant fullback like a cannon-ball and dropped Bentz in his tracks. Here the game turned, even Bentz could not hit the line for the necessary yardage and the ball went over. After an exchange of punts which failed to help either side the Bobcats took the ball and after a series of passes, line smashes and end runs with Ross circling the end and Wheeler making long gains through the line brought the ball to the Grizzlies 25 yard line where the quarter ended.

The Bobcat Score. Here the Grizzly line held fast and Ross made six, Wheeler through the line for one and Ross made first down bringing the ball to the Grizzly 15-yard line. Wheeler hit the line for one yard and Ross's pass to Wheeler netted six. Ross took the ball and whirled through the line shaking off (Continued on Page Four.)

MUSIC FACULTY TO GIVE RECITAL

Next Tuesday evening at 8:30 o'clock the faculty of the college of music will be heard in their annual recital. The recital will be held in the assembly hall. All the members of the faculty will appear on the program and lovers of good music among the students and townspeople are promised a rare treat. The program for the evening is a varied one and is as follows.

Rose d'River, Fontenailles; Mondoline, Debussy; Prologue to opera Paggiacci, Leoncavallo—Mr. Currier.

Sonat for Piano and Violin, op. 45, Mr. Nash and Mr. Jackson.

Five quatrains from the Rubaiyat of Omar Khayyan, Rogers—. A Book of Verses underneath the Bough. 2 A Moving Finger Write. 3. Yet ah that Spring should vanish with the rose. 4. For Some we loved. 5. So when that Angel of the Darker Drink.—Mr. Currier.

Second concerto for Piano and orchestra, op. 22, Saint Saens.—Miss Hartman.

Orchestral parts on second piano by Mr. Nash.

UNCLE SAM CALLS ON COLLEGE MEN

Every year as the Christmas season draws near the postoffice department is confronted with the tremendous task of moving the large amount of Christmas mail and it is often necessary to put on extra men during the season. This year the job promises to be bigger than ever. Besides the usual greetings there is the great amount of stuff which will be sent to those in the service which must be taken care of. The postal officials have announced that plans have been perfected and all those in the services whether they be in active service or only in the training camps will get their Christmas greeting from the folks at home.

Because of the great amount of material to be handled it will be necessary to put on a great number of extra men and to this end the postal authorities are appealing to the colleges of the country for help. The following letter from George N. Fuller the chief clerk of the railway mail service was received this week by President Hamilton.

(Continued on Page Four.)

MILITARY DRILL STUDENTS GIVEN PRACTICAL LESSON

Students of military drill were given a practical lesson in marching order on Monday and Tuesday by Captain Hollis C. Clark. Instead of assembling on the campus as usual the men students met at the Milwaukee depot and there formed in marching order with the advance guard leading followed by the support and main body. Men were stationed at a distance of from fifty to one hundred yards from the marching body and were constantly on the lookout for the enemy who were supposed to be occupying part of the city of Bozeman. The battalion met with no opposition on their march to the college arriving there at 2 o'clock.

CAPT. CLARK FORMS THREE COMPANIES

Cadet Officers Appointed for Ensuing Year. Many New Names On Roster

Capt. Hollis C. Clark this week announced the permanent appointments of officers for the college military battalion. The students have been formed into three companies—A, B, and C—with Alger W. Pope captain of Co. A; Clinton G. Stranahan captain of Co. B. As yet no captain has been appointed for Co. C. Theo. Reddick will act as first lieutenant of Co. A, Ladimir Mashin will take this position in Co. B., and R. C. Knowles in Co. C. Other appointments are as follows: Captain, Wayne Bowen and John J. Burke; sergeants, Homer C. Taylor, Horace D. Taylor, Leroy A. Fowler, Henry Muntzer, Gregor McMillan, Will B. Mabee, Sigwald L. Berg, Daniel B. Noble; corporals, John H. Kohnen, Chester L. McVey, Ernest Stanley, Harold J. Reitz, Earl R. Norris, Ernest Neuman, Merwin J. Price, Ole Peterson, Eugene Barross and Edward C. Schurch.

The new line-up will put greater responsibility on the cadet officers and will give Captain Clark an opportunity to introduce drills that otherwise could not be affected.

M. S. C. STUDENTS TO SET PACE IN FOOD CAMPAIGN

President Hamilton Heads Conservation Campaign on Hill

"Ships, wheat and hogs will win the war," says Herbert Hoover. "Wars are won today as much by the organization and self-sacrifice of the nation as by the valor of the troops on the firing line. If every one of America's one hundred million citizens will eat a pound less wheat flour a week America will be able to ship 133,000,000 bushels of wheat a year to its European allies. If each one of us will eat one-third of an ounce less butter a day we will be able to ship 395,000 tons of butter a year to Europe. If each one of us will eat an ounce less meat a day it will mean that we can ship more than 4,000,000 steers, hogs, and sheep to the soldiers of our allies and their families. If we will eat one ounce less sugar a day it will enable us to ship 1,195,000 tons of sugar a year to our own soldiers and those of our allies in Europe. By doing this we will help to assure victory. Can we afford to avoid doing our duty in this matter?"

It therefore should be the earnest desire of every man, woman and child to do everything possible within their power to make this conservation campaign a success. It is here where the M. S. C. men and women can render a great patriotic service by helping the cause along. They can "set the pace," as it were, by creating standards and setting examples for the community to follow. They can act as a center from which to radiate out information and help to the people at large in dealing systematically with this problem.

With these ends in view President Hamilton has been chosen by Secretary Harader, who has charge of the campaign for Gallatin county, to have charge of the food pledge campaign on the hill. Special cards are being (Continued on Page Four.)

MANY NOTED SPEAKERS TO BE PRESENT AT 5TH ANNUAL VOCATIONAL CONGRESS

PLANS PRACTICALLY COMPLETED FOR RECEPTION OF SPEAKERS AND DELEGATES THE LAST OF THIS MONTH. COMMITTEES APPOINTED TO MAKE FINAL ARRANGEMENTS AND TO TAKE CARE OF VISITORS.

Plans for the fifth vocational congress are being rapidly completed and by Thursday, November 22, everything will be in readiness to receive the delegates who are coming from all parts of the state.

Mrs. Mary Atwater is to be one of the interesting features of the program, for she is to bring with her a most instructive exhibit from her studio in Basin, Montana. She has revived the art of hand-weaving and is devoting her time to this industry. The work in Basin is under the direction of F. C. Gray, of Redlands, Cal. Many of the women and girls have learned to weave and a number are working regularly at the looms. Some also are spinning flax and wool. Rugs, hangings, etc. are woven to order, also linen table runners, towels, etc. of handspun thread if desired. Any one who has a rare old coverlet may have it reproduced, and have curtains, rugs, bureau scarfs, towels and curtains woven to match. Her exhibit is to be held under the charge of Miss Ballinger and is sure to prove of as much interest to the college women as to the high school girls.

Miss Ruth Mackintosh, secretary to Chancellor Elliott, will speak to the congress on some phase of the secretarial field.

Mrs. Chas. Harris of this city, has chosen the subject, "Architecture for Women." Mrs. Harris who is a graduate of Cornell university, majored in this subject while there and promises to bring an interesting topic before the young women of the congress. Professor Atkinson is to handle the

subject, "Demonstrating that Democracy is Safe for the World" and Miss Harkins will follow up the war idea in her address, "High School Girls and Food Conservation." Another to bring a message along this line, and chosen from the extension department will be Miss Bess Rowe whose subject is, "The County Agent."

Miss May Trumper is to have the subject, "The Modern Teacher," and is sure to interest the girls who plan to enter this work after finishing their school work.

The executive staff is hard at work and each member is doing everything possible to make this a success. But this is not all which is needed. Every woman in college must feel that the success of this Congress depends on her for without the cooperation of them, something will be found lacking. The young women who come to this congress are of the age when everything is new and they look to the college women for an example and if we fail in this and these girls go back to their homes, feeling that college is nothing but a strange place where every one is looking out for his or her own welfare and nothing more, they will not see the opportunity which is opened through these vocations laid at their feet and the congress will have failed in its purpose. Whether you are a staff member or acting on a committee or without some definite work, find time to greet these young women and show them that Montana State college welcomes them to the Fifth congress and will be ready to give them just as hearty a welcome (Continued on Page Four.)

THE WEEKLY EXPONENT

ESTABLISHED JANUARY 1, 1910

(Outgrowth of Monthly Exponent, Established January 1, 1895.)

OFFICE—ROOM 1, REPUBLICAN-COURIER BUILDING
TELEPHONE NUMBER 127-J

The Weekly Exponent is strictly a student enterprise. Its chief purpose is to present to its readers, each week, an accurate and complete record of the developments in college affairs during that period and to exert its influence for the upbuilding of Montana State college. The paper is the result of voluntary effort put forth by the students who compose the staff.

Published every Friday of the college year by a staff chosen from the students of the Montana State College of Agriculture and Mechanic Arts, of the University of Montana, Bozeman, Montana.

Entered as second-class matter at Bozeman, Montana,
under Act of Congress of March 3, 1879.

SUBSCRIPTION RATE

Reporters and other Staff members being selected by Competition

STAFF APPOINTMENTS.

Several changes have been made in the staff this week and new names added as a result of the first tryouts for candidates who wish to participate in the work of putting out the college paper. The men have "made good" in their assignments and other duties connected with the printing and distribution of the Exponent and the staff is very fortunate in securing their services for the ensuing year.

The position of sports writer will be ably held by Arthur Hoem who takes the place of Gregon McMillan. "Mac" has resigned his position in order to be able to give more time to the work of editing the 1919 Montanan. Alfred McFarlin has been appointed associate editor and will prove a valuable asset in that position. The work of the assistant circulation manager will be carried on by Henry Muntzer who has been working with Manager Reddick since the beginning of college this fall.

Harold Werre and Martin DeVries will prove a big asset to the reportorial staff and will lighten the burden which has heretofore been resting on the shoulders of a faithful few.

VOCATIONAL CONGRESS POSTPONED

Just before going to press, word was received at the Exponent office that the Vocational Congress which was to be held next week has been indefinitely postponed by order of the City Board of Health. The college may not be able to have this conference until some time in the spring as was stated by city authorities, on account of a threatened epidemic of scarlet fever.

We hope, however, that Montana State may be able to welcome the high school representatives to Bozeman before the winter holidays.

ARNETT RETURNS FROM LIVESTOCK SHOW

Prof. C. N. Arnett, head of the Animal Industry department returned several days ago from the Lewistown Livestock show which was held in Lewistown, Idaho. Professor Arnett had charge of the student judging contest in which the students of Oregon Agricultural college, Washington State college and Idaho Agricultural college were contestants.

He also judged the horses, there being a good many entries in every class. Professor Arnett states that on the whole the show was a great success as every class was better represented and had more entries than ever before especially in the beef cattle division. It might also be stated that the governors of Montana, Idaho, Washington, and Oregon held a conference at Lewistown to consider many matters of importance such as good roads and the livestock situation.

HOME ECONOMICS CLUB PLANS MANY EVENTS

The Home Economics club is a very live organization composed of all four year home economics students. It was organized about eight years ago and has been steadily growing in both numbers and importance, and now has a membership of 65. Miss Elizabeth Emhoff is president, Miss Marie Bunnell, vice-president. Two new officers were recently elected and are Miss Genevieve Hall, secretary and Miss Margaretha Shawls,

treasurer.

The club plans to have two monthly meetings throughout the year, one a business meeting, the other to be social. There will be a program of current events and talks relating to home economics and music. They also will give teas for all the college women several times during the year.

Last Saturday the Home Economics club entertained at a Red Cross tea for all the college women. Those who did not knit made bed sox for the Red Cross organization. This proved to be a most enjoyable event socially and a good deal of patriotic work was accomplished.

At present the members of the club are working toward a luncheon for the delegates to the vocational congress. This will not only furnish entertainment for the guests but will exemplify the work of the home economics department.

Two small boys had grown rather heated regarding a new form of amusement. At last one of them was struck with a sudden inspiration and said to the other:

"I know! Let's see who can make the ugliest face."

"Gowan!" replied his chum. "What 'dyuh mean by it? Look what a start you've got!"—Exchange.

KNIT YOUR BIT"

Here's a motto girls, to-wit:
Don't forget to knit your bit."

In class, church, home, where'er you sit
Bring your yarn and "Knit your Bit."

Your soldier needs much for his kit,
So help him out and "Knit your Bit."

The things you make him may not fit
Though don't you quit but "Knit your Bit."

With Uncle Sam You'll make a hit
If you will sit and "Knit your Bit."

The home economics club entertained a large number of their friends at the agricultural hall last Saturday at a Red Cross tea. The guests spent several hours knitting for the soldiers. Mrs. Whitcomb and Miss Lilla Harkins poured.

Miss Florence Marigold had as her dinner guests Sunday at Hamilton hall the Misses Cobleigh.

Miss Clark entertained Mrs. Seamens, and Miss Seamens at the Dorm Sunday.

Miss Billie Hill, Miss Helen Walsh, Miss Katherine Buzell and Miss Esther Lee enjoyed a picnic lunch near Salesville Saturday.

Rev. Dr. Jordan of Butte was a dinner guest of Miss Gladys Ritz at the Dorm Sunday.

Miss Eva McDonald has been spending the week-end with her parents at Phillipsburg.

Mr. Maurice Bernstein left Thursday, Nov. 15th, for the northern part of the state where he will remain for some time.

Mrs. Una B. Herrick and her guest, Mrs. Swain were entertained at dinner at the Phi Gamma house Tuesday.

Mrs. Taylor spent Tuesday at Hamilton hall. Mrs. Taylor is in Bozeman to visit her son, who is attending college here.

Mrs. Herrick entertained at tea Wednesday at Hamilton hall in honor

The outbreak of scarlet fever among the members of the short course club on 201 South Seventh has apparently been checked as no new cases have been reported for several days.

The patients, only one of whom was rooming at the club, were taken to a detention hospital. The club house was fumigated, and as a further means of precaution against the spreading of the epidemic, all the members of the club are being kept away from classes and from all public places.

At the beginning of the outbreak a number of the boys left the club, some going home, while a few undertook to do their own cooking in their rooms. Doubtless a few more days though will see the club back to its normal size, as the members who left are now beginning to return.

BUTTE TIES GALLATIN

While the Gallatin high football team was playing a tie game with the Butte high school Saturday, the final score being 6 to 6, the college eleven was dropping a tough game to the university at Missoula 7 to 9. Of the Gallatin-Butte game the Anaconda standard has the following:

Butte has the distinction of being the only team to score on Bozeman this year. With four victories, the Bozeman team last night laid claim to the state championship and, from comparative scores, has an undisputed field over Butte, Great Falls, Anaconda, Billings and Missoula. Butte's sides being defeated by Bozeman, Bozeman, is the only team that has come within 30 yards of the Gallatin county's goal line.

of her guest, Dr. Swain of Helena.

Mr. Darrel Ryno went to Butte last Saturday to witness the football game between the Butte high school and the Gallatin county high school.

Miss Helen Swan left Monday to spend the remainder of the week at her home in Butte.

Miss Florence Wesch, Miss Ruth Harding, and Miss Margaret Frazer have been spending the week-end at their homes in Billings.

Mrs. Davis, the chaperone of the Phi Gamma Sorority, was a dinner guest at Hamilton Hall Wednesday.

Roy Strand has returned to Bozeman from Bitter Root. He expects to be here for some time.

Miss Florence Noble, Miss Marjorie Quaw, Miss Louise Langhor, and Miss Ada Baker went to Missoula Friday to witness the Aggie-Missoula game, returning to Bozeman Sunday afternoon.

The girls of the Alpha Omicron Pi sorority had a theater party Saturday at the Lyric theater. After the show they went to the home of Miss Helen Rose where they enjoyed several hours with music and dancing.

Mr. and Mrs. Selmer Solberg and daughter returned Saturday to their home in Big Timber after visiting Mrs. Solberg's parents, Mr. and Mrs. A. C. Roecher the past week.

Frank Harris spent several days in Billings last week.

Miss Evelyn Waterman was among those from Bozeman who witnessed the Butte-Gallatin game Saturday.

Friday evening President J. M. Hamilton gave his annual reception to the college faculty at Hamilton hall. The college orchestra furnished the music for the occasion and the young ladies of the Hall served wafers and shrub to the guests. The dormitory was most attractively decorated in yellow chrysanthemums and all present had a most pleasant time.

Coach Shirey of the Butte team declared that Bozeman has a claim ahead of Butte for the state championship. Bozeman defeated Great Falls, 7 to 0, and Butte was beaten 19 to 0, by Great Falls. This gives Bozeman the edge on the locals in the claim on the title.

Butte showed such a complete reversal of form that the Purple and White squad won the admiration of every person on the side lines. The line, which was constantly punctured by Great Falls last week, held strong, and the back field worked fast and sure. In all, Butte played exceptional football, at least the best seen on a local gridiron this season.

Gallatin county's team was heavy, well balanced and well coached. Their line was solid and at times broke through the Butte forwards for substantial gains. The principal asset of the visitors was a fake punt which drew Butte ends in and allowed a few long end runs. The visiting team gained its downs oftener than Butte.

The touchdown by Gallatin came when the visitors were playing the locals off their feet near the close of the first quarter. With the ball kept in Butte territory all the time during that quarter, Bozeman rushed the oval to the 20-yard line, and then took the ball to the 10-yard line on a cleverly executed forward pass.

"Scholarship and friendship are the qualities which should be acquired in college and the handling of the two should be so perfect that the over-estimation of one will not be a detriment to the other"—Daily Maroon, Chicago.

Do You Know

That suits will be forty per cent higher next year than this year? There will be no pinch back or belts around under the government ruling—no fancy stuff—no frills—and lots of cotton mixed stuff.

LES BOUFFONS INITIATE

(Continued From Page One.)

Les Bouffons was organized in 1900 and is the oldest fraternity on the hill. It is honorary in nature, its membership being limited to ten active members chosen from the two upper classes. It was organized for the purpose of promoting social activities in the college and it is generally conceded that a bid to a Bouffon dance is the most desirable invitation of the year. The members of this organization have always been closely allied with the progressive movements in college activities. Due, in a large measure, to their influence and zeal Montana State was able to send its famous basketball squad of last year to the A. A. U. conference in Chicago where it competed for the championship of the world and won third place, being eliminated only by the champion Illinois Athletic club team.

The present pledges will be formally initiated some time this fall. It has been the custom of the fraternity to have at least one honorary member. This member has usually been selected from the faculty and he acts in conjunction with the active members. Professor R. C. McChord of the animal husbandry department was chosen last year and is an honorary brother of Les Bouffons.

BOBCATS STATE WONDERFUL GAME AGAINST GRIZZLIES

(Continued from Page One.)

three determined tacklers put the ball over the university goal line with barely a foot to spare.

Winning Touchdown.

To the spectators it looked as though the game was over but there was another act to come. Senz kicked off to Driscoll who returned 20 yards. Bentz was forced to punt and his kick was blocked and the college took the ball two tries with no gain and were penalized. Wheeler and Bentz exchanged punts, Bentz passed to Driscoll who eluded his tacklers and made a spectacular run for 42 yards giving the university first down on the college fifteen yard line, a pass to Sullivan and another penalty put the ball on the Bobcats one yard line where after three attempts Bentz shoved his way over the line.

With but three minutes left the Bobcats put up a splendid fight carrying the ball for fifty yards before the final gun.

UNCLE SAM CALLS ON COLLEGE MEN

(Continued from Page One.)

"During the season from about December 14th to 25th inclusive it is necessary to employ extra clerks for the handling of the holiday mails. It will be necessary for this office to secure about twenty young men for this service some of which will be employed out of Bozeman. If you have any able bodied young men in your school who would be willing to take up employment for about ten days from the 14th or 16th to the 25th I would be pleased to have you furnish this office with a list of names so that we could correspond with them. The compensation is approximately \$2.50 per day with an additional allowance for meals and lodging after clerk has been away from his initial terminal over ten hours.

Anxious to do what could be done to help the country at this time and also to help any needy students arrangements were immediately made by the college authorities to allow any who wished to go for this work to be free

at this time provided they are up in their work. Quite a few of the students have already signified their intention of accepting this job for the vacation period.

M. S. C. STUDENTS TO SET PACE IN FOOD CAMPAIGN

(Continued from Page One.)

printed for the students and will be distributed soon for them to sign. The girls of Hamilton Hall are to be commended for their hearty co-operation in this campaign. Although they have not as yet signed the food pledge cards, yet they are observing its provisions in their menus. They observe Friday and Sunday as meatless days and Tuesday as the wheatless day. They have also pledged themselves to use only a certain amount of sugar daily the details of which were printed in last week's Exponent.

MANY NOTED SPEAKERS TO BE PRESENT AT FIFTH VOCATIONAL CONGRESS

(Continued from Page One.)

should they choose to return and enter the institution. Again, if you feel you have no special work during this time find some, there is plenty to do and we want no women in college to stand idly around. Get behind this congress and show Montana's girls that we are alive and working for their interest and for the interest of the state, let them see that we are doing our part during this great crisis of our country and they will open their eyes to see their duty, of seeking a higher education so that they may be able in the years to come to fill the positions opened to them. Boost this congress and boost it hard.

The names of the delegates that have been sent in to date are:

Absarokee — Lottie Madison, Lolli Weast, and Florence Madison.

Acton — Elizabeth White, Blanche Baird.

Butte—Celia Araknoski, Grace Pope Doris Bean, and Agnes Dolan.

Ballantine — Chloe Cox.

Belgrade—Constance Shepherd and Helen Wheelbarger.

Baker —Bonita Cornish.

Big Timber — Lola Reese, Doris Webb.

Billings— Teressa Page, Morporie Cairns.

Columbus—Dorothy Benhow.

Clyde Park — Margaret Wolcott.

Mildred Harper.

Dillon—Phyllis Evans, Mrs. Willis.

Fromberg — Alice Holden, Emily Swan.

Great Falls—Ellen Mitchell, Ethel Haight.

Glasgow—Electra Boehnert, Eva Anderson.

Hamilton— Louise Murray, Estelle Carpenter.

Helena— Florence Sandon, Phyllis Wright.

Joliet—Malinda Jensen, Lena Dillon.

Laurel—Lillian Patterson, Margaret Hall.

Livingston—Dorothy Holmes, Hazel Lowry, Pearl Hefferlin, Gertrude Walsh.

Missoula—Edna James.

Townsend—Genevieve Sperling, and Grace Spoonmore.

Waterloo—Ruth Harbison.

White Sulphur Springs—Alice Gile, Amelia Stubbs.

FULL PARTICULARS

They were seated in a tramcar—the mother and her little boy.

The conductor eyed the little boy suspiciously. He had to keep a look-out for people who pretended that their children were younger than they really were, in order to obtain free rides for them.

"And how old is your little boy, madam, please?"

"Three and a half," said the mother truthfully.

"Right, madam," said the conductor, satisfied.

Little Willie pondered a minute. It seemed to him that fuller information was required.

"And mother's thirty-one," he said politely.—Tit-Bits.

LYRIC THEATRE

TODAY—Margery Wilson in Wild Sumac

TOMORROW—Doug Fairbanks in Double Trouble

MON., Nov. 19—Alma Reubens in Firefly of Touch Luck

Tues.-Wed., Nov. 20-21—Mae Marsh in Sunshine Alley

THURSDAY—Hippodrome Vaudeville.

ELECTRIC CLUB MEETS

Motion Pictures of Milwaukee electrification at Lyric Theater, Friday November 16, at 3 p. m. Auspices of Electric club. Everybody invited. Admission Free.

The first regular meeting of the Electric club for this year was held Wednesday morning in the Engineering building. This is the initial step of the club toward its yearly program. Since its organization in 1907, the E. E. club has been instrumental in promoting some of the most interesting programs of the college year. Their electric show has become an annual institution. Last year they were hosts at a dance which was one of the most successful as well as unique events of the season. The Electrical Engineering department has over half of the engineering enrollment and the club is correspondingly large.

The officers for this year are Roy Hagen, president; Kent Irwin, vice-president; Henry Muntzer, secretary, and Jesse Flynn, treasurer. Members of the club are eligible to join the American Institute of Electrical Engineers. Roy Hagen is the chairman and Professor Thaler is the secretary of the local affiliated branch. The club holds regular meetings once a month at which time men prominent throughout the college and state address the body on current topics of interest. President Hamilton gave an interesting speech on the topic; "The Engineers place in the World War."

This afternoon there will be a motion picture showing the electrification of the Milwaukee railway. The picture is produced by the General Electric company and is sent around the country for educational purposes. It is shown under the auspices of the E. E. club at the Lyric theater which has been kindly donated by Mr. Boedecker. The show will start at 3 o'clock and is free to every student. It is interesting and instructive and everyone should avail themselves of the opportunity of seeing the film.

First Stude (speaking of the physical prowess of George Washington)—And once he threw a dollar across the Potomac river.

Second Ditto— Yes, but a dollar went farther in those days.—Ex.

The man who cannot make his college a little better for his having been in it, better leave it.

Charles Cook, '17, was in Bozeman a few days last week.

EXTENSION NOTES.

A new extension bulletin is now on the press, written by Mrs. R. G. Young, on Garment-Making clubs for girls. Mrs. Young has brought together a large fund of information and has arranged it with her characteristic skill and thoroughness. The Extension bulletin No. 23 will fill a real need in garment-making courses in schools and be one of the very valuable pieces of extension work of the season.

Dr. W. J. Hartman is addressing meetings of farmers and stockmen in Custer county this week.

A farmers' day at Three Forks, Saturday, November 17th, will have a number of college speakers on its program. Among whom are F. S. Cooley, M. J. Abbey, Dr. W. J. Hartman, W. O. Whitecomb, and Miss Lucille Reynolds, home economics demonstrator for Lewis and Clark county.

W. L. Beers has gone to Northern Montana to attend conferences of farmers in need of hay and feed. He has listed about 60,000 tons of hay, from which to supply the needs in that part of the state.

An Extra Good Fountain Pen

We have had a great deal of experience selling—and using—fountain pens, so our opinion about them is worth having.

We believe the Hallmark Fountain Pen is the best made. We have never seen another make that equals it for satisfactory service.

It always writes, Never leaks. Fills FULL instantly every time. Writes fast or slow as you wish. Is guaranteed without qualification. No matter where you bought it, any Hallmark jeweler will give you a new one without quibble if you are not satisfied with the one you have.

Come into Pease's and pick out the Hallmark pen you like. Styles for both men and women. Prices range from \$2.50 to \$8.00.
