

The Weekly Exponent

VOL. XIII.

BOZEMAN, MONTANA, TUESDAY, DECEMBER 6, 1921.

NUMBER 10.

MCCARREN TO

CAPTAIN TEAM

Quarter Back on This Season's Football Eleven is Elected to Lead Gridiron Warriors in 1922.

Ray McCarren, diminutive Bobcat quarterback, was chosen to captain the 1922 football team at a meeting of football letter men Tuesday afternoon. McCarren, better known as "Hoss-Fly," because of his ability of moving around on the football field, was elected on the first ballot. "Hoss-Fly" is one of the most popular men that ever wore a Bobcat jersey. He was the smallest man on the team, but he had the trouble in playing bigger opponents off their feet.

This was McCarren's third year of football at Montana State, having captained the Freshman team in his first year, and played on the "varsity" last year. His athletic efforts are not confined to football, however, as he has made his letter in both basketball and baseball, playing forward on last year's basketball team and shortstop on the baseball team. McCarren is a junior in electrical engineering, and has those desirable qualities that make a good student and a good athlete. By the selection of a man of McCarren's type, the football team is assured of a leader of ability and initiative that is sure to carry them a long way toward victory.

ELLIOTT HEADS GRIZZLIES.

MISSOULA, Dec. 1.—Harvey Elliott has been elected captain of the Grizzly football team for the coming season. He will take the place of Steve Sullivan, who receives his diploma in law in June. Elliott is a member of the class of '23.

MURPHY HEADS ORE-DIGGERS.

BUTTE, Nov. 29.—William Murphy, class of '23, was tonight chosen as captain of next year's football team of the Montana School of Mines here.

MONTANA STATE

GRAD IS HONORED

Henrietta Moebus to Be Chairman of Home Economics Section at Next Teachers' Convention.

At the Association meeting for high school teachers of Montana, held in Great Falls, Miss Henrietta Moebus was elected, chairman of the Home Economics section of the 1922 convention. Miss Moebus will have charge of the plans for the Home Economics program at the next association meeting. A great honor was bestowed upon Miss Moebus with this election, as Home Economics is one of the largest and most important sections of the Teachers' Association. Miss Moebus was a member of last year's graduating class.

COLLEGE PURCHASES BLOODED STOCK

Montana State College now has a foundation herd of thoroughbred cattle that ranks with the very best colleges in America, in the estimation of Professor Arnett, head of the animal husbandry department, who knows the college herds of the country as few other men know them.

Several recent additions to the college herd are responsible for the standing of the herd. Recent appropriations to the animal husbandry division have enabled that department to purchase some new foundation stock, and the stock bought ranks among the best obtainable. The bull, Colonel Perfection, state grand champion, comes from a line that commands respect of Hereford breeders all over America, and the four Hereford heifers bought from Lester Thompson, a leading breeder, are of as good stock. These animals are to form the nucleus of the new college herd, and will act as the foundation for the stock of the Anxiety line at the college.

FOOTBALL "M" MEN PICTURES FOR MONTANAN.

This year's letter men in football will have their pictures taken for the Montanan at Central Studio any time on Tuesday, Wednesday or Thursday afternoons. Each man should make arrangements with Manager Kennedy for use of uniforms.

MONTANAN STAFF COMMENCES WORK

Some Difficulty Is Experienced in Raising Money, But Staff is Going Ahead With Its Tasks.

The staff of the Montanan, 1922, held a meeting on Thursday evening to get the work of the volume well under way.

It has been made known that the business staff is meeting with considerable difficulty in raising the funds necessary to insure the publication of the book. The student ruling last spring that each student pay a regular Annual fee of \$2.50 has not brought in the amount of money that was expected of it while at the same time it has destroyed the student field where most of the previous Annuals have been sold. The College contract, closed in June, with the government in regard to the fees of vocational students omitted this fee, with the result that this money, upon which the staff had counted, has been made inaccessible. Some arrangements will be made with the vocational students in the near future if such is possible.

Negotiations are being opened with the printing houses in regard to the printing and binding of the volume, and this contract will be closed in the course of next week.

The art work on the volume will be started as soon as the preliminary instructions are received from the engravers.

STUDENTS ASKED TO DONATE SNAPSHOTS FOR MONTANAN

One important thing of general interest to the general student body will be the snapshot box to be placed in the main hall during the next week by the Snapshot Editor of the Montanan. This box will be a receptacle for any snapshots, prints or negatives that may be handed in. Every student who has any snaps of the campus or about any of the students should put their name on them and drop them in. These will be kept under the name handed in with them, and will be returned after the cuts have been made from them. As the snapshot section of the Annual is one of the most interesting, the students should make an effort to drop in a few snaps as soon as possible.

INTERCLASS DEBATE NEXT MONDAY

The annual inter-class debate between the freshmen and sophomore debate squads will be held in the auditorium of the Gallatin County High School on Monday evening, December 12, at 8 o'clock.

The freshmen debaters held their final tryouts last Wednesday, as a result of which three were picked to meet the class of '24 orators next week. The ones chosen from these tryouts were Misses Gertrude Meier and Keturah Tibbles, and Mr. Glen Boyer.

The sophomores will be represented by two of their last year's debaters and one new man, Gordon Cottier and William Moore having debated here last year, and Joseph Wagner being a new man on the platform.

The subject to be debated will be, "Resolved, That Congress should pass the amended soldier bonus bill." This is a subject that is of vital importance to the American people at the present time and should draw out a good attendance for this talkfest between the two classes. The members of the teams themselves are showing keen interest as the winning of this debate counts toward the inter-class cup.

Organization Basketball Creates Much Enthusiasm

The Sigma Alpha Epsilon and Sigma Chi teams lead in the race for the college championship with a thousand per cent average each. These teams have each defeated two other teams. Nearly half of the scheduled games have been played and great enthusiasm has been shown at all the contests, each team having large corps of supporters. S. A. E. team plays Sigma Chi tonight this afternoon in what promises to be one of the fastest games of the series.

26 'M'S AWARDED FOR SPRING AND FALL ATHLETICS

Fourteen Members of Football Team Receive Letters in Recognition of Their Performances.

The "M," official emblem of Montana State athletes, was granted to fourteen football men, nine baseball players and three track men by the athletic council in a meeting on Tuesday afternoon.

The football men, playing in the season just ended, who are to receive their letter, are F. A. Asbury, Ted Cates, Ted Cogswell, Champ Hannon, William Husemeyer, Arthur Jorgenson, Frank Knight, John Mashin, Ray McCarren, Arthur McDonald, Captain Lloyd Morphey, Eugene Robertson, Boyd Slawson and Robert Walter. Walter Kennedy was voted a letter as football manager.

The members of last spring's baseball team who will be awarded letters are Captain Forrest Atterbury, Merrill Alquist, John Bowen, George Finley, Glenn Fox, Frank Johnson, Ray McCarren, George Rassley and Merlin Zuck.

Three men of last spring's track team will also receive the award for their activity. They are Lester Bachman, Ted Cates, and Captain John Hastings.

The council also made recommendations for the positions of manager and assistant manager for the coming seasons. George Van Fleet was recommended for next year's football manager, and Harry McCann for assistant manager. Walter Kennedy received the council's recommendation for basketball manager, and Wilfred Leary for assistant manager for the season now under way.

REV E. R. CURRY SPEAKS TO MEN

Delegates to Intercollegiate Convention Give Reports to Women Students.

On Friday the regular assembly hour was used for two assemblies, the Woman's League meeting in the regular hall and the men students convening in the gymnasium.

Rev. E. R. Curry addressed the men's assembly, speaking on the value and necessity of conviction in everyday life. Following the course of events from the early Biblical times up through the present times, he drew forth the leading men of each period, showing how such men as William E. Gladstone, David Lloyd George and Theodore Roosevelt owed their success to moral conviction.

Miss K. Keown took charge of the assembly for the closing and led in some of the new college songs, introducing two of the winning class songs from the recent song contest.

Mr. Howard, of the music department, opened the meeting with some well rendered violin selections.

At the women's assembly in the old assembly hall the members of the Women's League were given a report of the second annual inter-collegiate convention of women's organizations, which was held in Berkeley, Calif. The report was very well and interestingly given by both delegates, Peg Lindsley and Katherine McKown.

Help the Snapshot Editor by getting your snaps in the box early.

Wallace Whitney spent the weekend at his home in Livingston.

STANDING OF THE CLUBS

Club.	Won.	Lost.	Pct.
S. A. E.	2	0	1000
Sigma Chi	2	0	1000
Omega Beta	1	1	.500
Beta Epsilon	1	2	.333
Short Course	0	1	.000
Barbs	0	2	.000

Last Tuesday afternoon the race for the supremacy of the Organization League started when the hoopers representing the Omega Beta and Sigma Alpha Epsilon fraternities took to the court in the drill hall. The game was considerably faster than was expected by the followers of the game. Although both sides showed the defects of little previous training, the game was a fight from the first whistle till the last. The Sig. Alphs. managed to better their rivals and came out on the upper side of an 18 to 13 score.

The summary is as follows:

S. A. E. (18). Position. O. B. (13), Cameron

Right field.

Nevill

Left field.

Robertson

Center.

Dean

Right guard.

Hatfield

Left guard.

Referee—Richards.

Umpire—Graves.

Timer—Kennedy.

Substitutes—S. A. E., Lund, Beckley, Bowling, Moore; O. B., Britton, Baker, Luther, Cooper.

Field goals—Robertson 2, Nevill 2, Beckley 2, Moore, Jorgenson 3, McCarren 2, Bright.

Free throws—Jorgenson, Robertson 2.

B. E. BEATS BARBS.

Wednesday evening saw the second contest of the series, when the B. E.'s triumphed over the Barbs by a score of 28 to 14. Rivines was the high point maker of the game and made six baskets before the final whistle blew.

The summary:

Beta Eps. (28). Position. Barbs (14)

White

Right field.

Rivines

Left field.

McGuinn

Center.

 McKenzie | Taylor || Haugland | Right guard. |
	Left guard.
Referee—Richards.	
Umpire—Graves.	
Timer—Wilson.	
Substitutions—B. E., Slawson; Barbs, Gleason, Astell, Peltier.	
Field goals—White 2, Rivines 6, McGuinn 3, Haugland 2, Astell 3, Murphy 3.	
Free throws—Astell, Murphy, McGuinn 2.	

Referee—Richards.

Umpire—Graves.

Timer—Wilson.

Substitutions—B. E., Slawson; Barbs, Gleason, Astell, Peltier.

Field goals—White 2, Rivines 6, McGuinn 3, Haugland 2, Astell 3, Murphy 3.

Free throws—Astell, Murphy, McGuinn 2.

Sigs Slaughter Short Course.

The Sigma Chi was able to run up a score of 53 to 8 against the Short Course team on the following evening. The game was too one-sided to be exciting, and the Sigs. had things their own way from the start to finish. Whitney, last year's 'varsity center, was high man with eight baskets to his credit.

The summary:

Sigma Chi (53). Position. S. H. (8).

MacDonald

Right field.

Fox

Left field.

Whitney

Center.

Hollister

Right guard.

Richards

Left guard.

Referee—Jorgenson.

MONTANA AGGIES

LEAD THE WORLD

Montana Grains Win at International Hay and Grain Show—Walter Kraft of Gallatin Crowned as Wheat King—Melvin Conklin Prepared Grain for Show.

Montana agriculturists have added a new string of honors to Montana's fame at the International Hay and Grain Show, now being held in Chicago. A. J. Ogaard, extension agronomist at Montana State College, has had charge of the Montana exhibits, and wires from him each day of the judging have borne out the fact that Montana growers have carried off most of the coveted honors in the wheat world.

Walter C. Kraft, of the Gallatin valley, succeeded in carrying off the official sweepstakes in wheat, thereby taking the crown of "wheat king" from the Canadian growers, who have held it for the last two years. His great winnings came in the spring wheat class. Much credit is due Melvin Conklin, of Oswego, Montana, a senior in agronomy at the college, for the fitting of this grain for the great show. Conklin had charge of the selecting of the samples from the wheat on the Kraft farm and of the picking of the samples before they were taken to Chicago. He has had considerable experience in this line and in the past two years has had a great deal to do with the success of the Gallatin exhibits at the state fair.

Other successes at the show included the first seventeen places in winter wheat and in the neighborhood of ten places in the Durum class.

PROMINENT HOME ECONOMICS WOMAN TO VISIT IN BOZEMAN THIS WEEK

Miss Mildred Weigley, here for the Home Economics Department at Minnesota University will be in Bozeman on December 10 and 11.

Miss Weigley is making a tour of the western states including California, Oregon, Washington, Montana and Utah, in the interests of the American Home Economics Association of which she is regional counselor.

In order that all the women of Bozeman especially interested in Home Economics may have an opportunity to meet Miss Weigley while she is here, several social functions have been planned. Miss Weigley will be the guest of honor at a tea given by Miss Branegan and Miss Lee, in the recreation rooms at the Evergreen Apartments, Saturday afternoon. A dinner will be given in the Home Economics Department at the College, Saturday evening. This dinner will be served by the members of Phi Upsilon Omicron, of which Miss Weigley is also a member. Miss Weigley will also be the honor guest at a "Phi" breakfast given at the Bungalow, Sunday morning.

There will be a Home Economics meeting at the College, Saturday, 11:00 A. M., where Miss Weigley will speak. All college girls and women of Bozeman interested in Home Economics are invited to attend this meeting.

Miss Weigley will be the guest of Hamilton Hall during her stay in Bozeman.

MUSIC CONCERT TO BE HELD DEC. 13

Music Faculty Will Give Another Entertainment Next Tuesday and all Students are Especially Invited to be Present.

Do not forget the faculty concert which is to be given December 13. This concert is to be one of unusual interest and all students are especially urged to come.

The music department has taken great pains and many hours of practice to make this concert one of more than usual interest. Since we have a music department composed of such talented musicians as we are fortunate in having, let us show the faculty of this department that we give them our fullest support.

75 BARBS ATTEND MEETING MONDAY

New Organization May Hold Meetings Down Town in the Future.

The Barbs met last Monday evening in the assembly hall. About 75 members were present and these discussed matters of general interest to the organization. Caliph Albrecht told the members present about a similar organization at Ames, Iowa. This organization was formed late in 1919, and has succeeded in making its full force felt during the past year. Since the problems at M. S. C. are not so complicated nor the activities so numerous, the Barbs hope to become a strong force in the institution in less time than the Ames organization required.

It was decided to elect an executive council of four members, one from each class, this council to cooperate with the four officers of the organization in the administering of its affairs. The society is looking for a suitable meeting place down town which would be more central for evening meetings than is the assembly hall. At last reports the Legion Hall seemed most likely to be selected for this purpose.

In order to become a bonafide member of the Barbs it is necessary to subscribe to its constitution. Early last week 57 men had signed and the officers hope to obtain the signatures of all prospective members at a nearly date.

THE MELTING POT TO BE PRESENTED BY TORMENTORS

College Dramatic Club to Hold Tryouts for Cast of This Great American Drama.

There was a well attended meeting of the Dramatic Club on Thursday afternoon, about all of the members being present. The most important action taken was that the Club decided to put on the play, "The Melting Pot." This is a very worth while play, and the club plan to make it one of the biggest attractions of the year. All those who are interested in dramatics are urged to watch the bulletin board for a schedule of the tryouts, which will probably be held some time during the week, and are open to all students, whether they are members of the club or not. A list of those people who have been selected to become new members of the Dramatic Club will also be posted in the near future.

This week the Dramatic Club is going to consider new members. A box is going to be placed near the "M" Club store in the main hall and any one who wishes to become a member may deposit his name for consideration. All sophomores and upper classmen are eligible for membership this year and the present Freshmen class members will be placed on the waiting list to be eligible for election next year.

The Dramatic Club has decided to petition a national honorary dramatic society and results of this will soon be known.

The names that are to be handed in are to be in the box by Thursday evening, as the names will be placed before the club that night, and any one who wishes to petition the club must have his name in by that time. For any information regarding the club, "Alf" Rivines will be able to give the wanted material.

If you have any good snaps on the fellows or co-eds, slip 'em to the Snapshot Editor.

THE WEEKLY EXPONENT

ESTABLISHED JANUARY 1, 1910.
(Outgrowth of Monthly Exponent, Established January 1, 1895.)

OFFICE—ROOM 1, REPUBLICAN-COURIER BUILDING

The Weekly Exponent is strictly a student enterprise. Its chief purpose is to present to its readers, each week, an accurate and complete record of the developments in college affairs during that period and to exert its full influence for the upbuilding of Montana State College. The paper is the result of voluntary effort put forth by the students who compose the staff.

Published every Tuesday of the College year by the staff chosen from the students of the Montana State College of the University of Montana, Bozeman, Montana.

Acceptance for Mailing at Special Rate of Postage provided for in Section 1103, Act of October 3, 1917, authorized February 17, 1919.

SUBSCRIPTION RATE

Two Dollars Per Year - - - - Ten Cents Per Copy
Students become subscribers upon payment of the regular Activity Fee.

REPORTERS BEING SELECTED BY COMPETITION

STAFF APPOINTMENTS.

This week several new names have been added to The Exponent staff. In the tryouts which they entered at the beginning of the college year, they have shown ability in securing and preparing news for the paper, and willingness in covering assignments given them. In order to be of any use to a newspaper a student must be dependable; he must have the ability to write good English and he must be willing to do the work assigned to him by the managing editor. It takes no small amount of time and effort to carry on newspaper work, and if every member of the staff does his part, a good paper is the result. If a few shirk a burden is placed on the shoulders of the rest. The staff has no place for students of the shirker kind. It can get along best without them. The students whose names are added to the staff this week have "made good" in their assignments and other duties connected with the printing and distribution of The Exponent and the staff is very fortunate in securing their services for the ensuing year.

The position of assistant circulation manager will be filled by Harry McCann who has ably demonstrated that he is capable of handling this work. Miss Noneeta Noble has been appointed society editor. Her work in this line during the past two months has been consistent and her assignments have been well handled. She will prove a valuable asset in this position. Those who have been appointed to the general reportorial staff have demonstrated their dependability and capability and they are a big asset in this position. The success of the paper is largely due to their efforts. Those who are appointed are: Arthur Bergstrom, Chloe Cox, Leslie Gilbert, Kathleen Cameron, Richard Buckby, Charles Schurch, Octavia Marquis, Glen C. Boyer, and Don Cameron.

These appointments do not complete the staff. Other staff candidates who have not had the opportunity to put forth the required time and effort in this work will be given further time in which to show their ability and worthiness. There is always room for new people on The Exponent staff and anyone who is interested in this sort of work is urged to try out for a position.

LET'S BOOST THE MUSIC.

The music department, under the direction of Mr. Howard, has scheduled a music recital for Tuesday evening, December 13, to be held in the Main Hall Assembly. This is the third recital put on this year by the music faculty and has been arranged particularly for the student body.

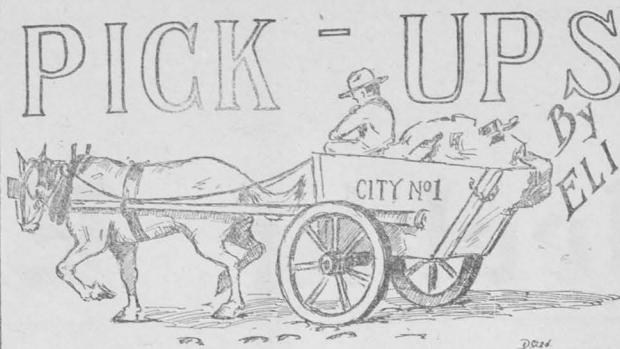

The two recitals already held this year have been well-attended by the citizens of Bozeman and by a sprinkling of the student body. Those recitals were meant, however, for the general public, townspeople as well as students. This coming recital has been planned on the other hand, primarily for the students on the Hill, and it is hoped that in addition to the music lovers from the city there will be a large gathering of college folks. The music department is under a live head, who is developing this section of the college thoroughly. The student body should give them every aid and mark of appreciation by attendance at this recital.

RING BOOKS AND FILLER
Priced low.

Phillips Book Store

Did you ever try to line up a date with somebody for your sweetie? And then in order to clinch the date, did you ever have to promise to pay all bills? And then did the fellow who took the date ever crumb the party by acting as a wet blanket on everything you did? And to cap the climax, did he ever blame you afterwards for the bum time? And did any of this ever make you understand why your sweetie has girl friends, anyhow? Isn't life dumb?

Fox: "This is certainly a wonderful day; high wind and no dust."

"Do you know a girl with a wonderful complexion named Gladys Matthews?"

"Why, no. Do you happen to know what any of her other points of beauty are called?"

Helen C.: "Where are the horse latitudes?"

Ruth D.: "Around the equator."

George Van: "Well, then, where are the cowlongitudes?"

Ruth D.: "In the milky way."

Hatfield: "Why does Cottier always look so hungry?"

McIver: "I can't understand it, either. He's a crumb."

Duke Erdman expands thusly on the Frosh theme subject, "Qualities of a Leader:"

"A leader is made out of cat-gut. Therefore:

"A leader should have the guts of a cat."

Hints for men in physics—
Use glue to make a yardstick.

One of our neighboring institutions had a fire drill at their dorm. A fine showing was made. Why not have one at Hamilton Hall?

He—May I call you Revenge?

She—Yes; but why?

He—Revenge is sweet.

She—May I call you Vengeance?

He—Yes; but why?

She—Vengeance is mine.

Somebody said the cabin out at Chestnut was "exquisitely" furnished.

Fergy—"I should say it is; there is only one light for two rooms."

Needed—One near-sighted, owl-eyed chaperone for cabin parties—
What say?

Eloping girl: "Papa will be unstrung."

The groom: "That's all right, dearest; we'll wire him."

"Where do the jellyfish get their jelly?"
"From the ocean currents."

Did McCoy prefer the dark room?
"Well for the love of Petel!"
(I guess).

"What did you have to keep you warm on such a long ride?"
K. T.—"Oh, there was plenty of 'straw' and blankets."

After the Sig. Alph. party—
"Did you see much of my girl at the dance?"
"Yes, nearly everything."

Mary Baldwin, after opening the pot at an Alpha O. poker party, holds up four aces to view and asks, "Come on, isn't anybody going to come in?"
Strange to say, nobody wished to bet.

"What kind of a fellow is Jack?"

"Oh, he's a pill."

"That explains why I have heard that he is never sick."

Frosh chemist (much distressed)—
"It says here to add NH4OH to alkaline reaction, and darned if I can find any alkaline reaction anywhere."

How is this for the old spirit? Bill Moore asks Margaret Patten for a sleigh-ride party and assures her that if he can't get hold of a horse and sleigh he will pull her around in a hand-sled.

We have asked what one did on a sleigh ride party, and are told that the study of astronomy is the chief amusement.

Yes?

A newspaper heading announces that we now see Mary Pickford in "Through the Back Door." How do you suppose that Douglas ever induced her to enter the kitchen?—Ex.

The height of expectation—
Eli sitting on a hitching-post.

Alf. R. would like to know whose S. A. E. pin Val. is wearing. He figures a new brother-in-law ought to be good for a five-bean loan.

Eli contains a great deal of the college man's viewpoint on parties, fraternities and girls. Can't we urge ternities and girls. Can't we urge can't we prevail upon them to tell us what they think about the different ingredients of college life? Surely dormitory, tea parties, athletics, sororities, all must contain their elements of humor. Then, too, we must confess a tremendous curiosity to see how college men appear to college women. This is a co-ed institution. Won't you girls make it a point to turn in your jokes to Eli?

Wednesday evening, at 7:30
o'clock.

CALIFORNIA INNOVATES DEBATE RALLY.

BERKELEY, Calif., Dec. 1.—For
the first time in the history of the
University of California, a debaters'
rally will be held. The team that
will represent the University in the
debate with Stanford December 2
will be given a send-off on Wednes-
day evening. Several prominent
speakers, among them President David
P. Barrows, will address the meet-
ing.

The Omega Beta fraternity party
was given Friday night at the K. C.
Hall. The hall was very artistically
decorated in the fraternity colors,
green and gold, together with the
college colors. Excellent music was
furnished, and dancing was enjoyed
until 12 o'clock. After the dance, re-
freshments were served at the fra-
ternity house. Professor and Mrs.
Sloan and Mr. and Mrs. McHahon
acted as chaperones.

For variety in costumes, favors and
entertainment, the Sig. Alph. mas-
querade ball on Saturday night at the
Elks' hall, was a great success. Bal-
loons and purple and gold crepe paper
were used in decorating. To vary
the program dances, the S. A. E.
pledges put on a stunt. Refresh-
ments were served after the dance at
the chapter house. The young peo-
ple were chaperoned by Mr. and Mrs.
Roosevelt, and Mr. and Mrs. Strand.

Miss Lee and Miss Mirdyaleen Max-
well were Wednesday dinner guests
at the Zeta Kappa house.

Montana Alpha of Sigma Epsilon
announce Harry Brentford and Mar-
cellus Maylor as pledges.

Friday night about ten couples
were entertained at an informal fire-
side party at the Sigma Chi house.

Saturday night eight of the mem-
bers of Zeta Kappa sorority enter-
tained their friends at an informal
dancing party at their house.

Omega Beta fraternity announces
the initiation of Morris Bentall and
Merlin Zuke.

Substitutes—B. E., Keyes.
Field goals—McCarren 5, Watts, Jorgenson 5, McGuinn, Rivines, White 2.
Free throws—Jorgenson 2.

S. A. E. Again Triumphs.
Saturday the S. A. E. fraternity again victored over their opponents by defeating the Barbs by the decisive score of 42 to 16. "Eagle-Eye" Beckley caused the most excitement by caging nine field goals during the game. The Barbs put up a hard fight and in fact manifested it in the form of seven personal fouls against them.
The summary:
S. A. E. (42). Position. Barbs (16)
Nevill Hirsch
Right field.
Beckley Murphy
Left field.

Substitutes—Sigma Chi, Straw, Alquist; B. E., Keyes.
Field goals—MacDonald, Straw, Fox 4, Richards 2, McKenzie, Rivines, Kennedy.
Free throws—Fox 3, Rivines 3.

According to recent developments in the military department, Montana State College will be represented with a rifle team this winter. Definite matches will be arranged after information from headquarters of the Ninth R. O. T. C. area and from the National Rifle Club at Washington, D. C., has arrived. It is probable that a telegraphic match, similar to the one held last year, will be staged with Missoula this year.

About fifteen men attended the rifle range practice at Fort Ellis, which lasted about five weeks during the first of this quarter. About 30 men have been doing considerable practice shooting in the barracks gallery for the past three weeks. According to Lieut. Howatt, who is in charge of the rifle practice, special notice will be made during the next week or two of the men who have been doing the most consistent shooting. The men for the team will be chosen on a competitive basis, but no matches will be held this quarter. During the first of next year more will be heard of the M. S. C. rifle team, as there is some good material trying out for positions on the college marksman squad.

AGRICULTURAL CLUB HOLDS BIG MEETING.

The members of the Agricultural Club held a very lively and interesting meeting in the Commercial Club grain rooms on Wednesday evening. There was a large attendance of both students and faculty members.

The principal speaker of the evening was Mr. R. B. Millin, state livestock extensionist, who addressed the club on "The Livestock Industry in Montana." Taking up practically every phase of livestock work in the state, Mr. Millin, who is intimately acquainted with conditions throughout the state, proceeded to show how the hard winter of 1919-20 had been the chief cause of the present stringent conditions in Montana. He spoke, too, of the relative conditions in that year and at the present time, stating as his belief that the hardest time for the state was just beginning.

The assembly also took up the matter of electing a sergeant-at-arms from the freshman class, with the result that Miss Helen Noble was unanimously elected to the office.

The final meeting of this quarter will be held in the same rooms on Wednesday evening, December 14.

A senior co-ed. at the Ohio State University received a letter from the Ku Klux Klan stating that women there must put on long dresses or put on a coat of tar and feathers.—Ex.

25 MEN WANTED

We want 25 men who shave themselves or who want to shave themselves to see us this week on the squarest shoulder-to-shoulder razor proposition that has ever been offered to man. This is not a new razor selling scheme, neither is it a new razor, nor do we want to sell you this razor.
But we do want to lend you a Valet Auto-Strop Razor for 30 days and let you sell yourself—it's a whole lot easier for us.

Come in and ask for this razor proposition.

Expecting you today,

Razorally yours,

Cox-Poetter Drug Co.

Articles of Real Leather Are Choice Christmas Gifts

There is a richness and elegance about fine leather which appeals strongly to the desire for handsome personal possession. And when the luxurious texture of the material is set off with ornamentation of gold and silver, the final touch of satisfaction is given to heart's desire.
You know your friends will be highly pleased with gifts of leather from our fascinating stock. They cost no more than you expect to pay for Christmas presents.
Make your selections early. A deposit will reserve them for later delivery.
