

Alumni Hold Reunion This Noon In The Gym

Many Former Students and Graduates Here for Annual Home Coming Program Today. R. O. T. C. Program Cancelled Due to Heavy Rain. Alumni Dinner in Gym at Noon

On June 14, Matt Pakala, Rhodes Scholar from Montana State College and the State of Montana, will leave for Europe. He will sail from Montreal in the S. S. Empress for England where he will tour the country until he enters Oxford University in the

Pakala has the honor of being the first Rhodes Scholar from M. S. C. as well as being the first electrical engineer. His selection was very apt. He is a member of the national scholastic honorary fraternity, Phi Kappa Phi, as well of the exacting honorary engineering fraternity, Tau Beta Pi of which he is president. He is also secretary of the Delta Tau social fraternity.

It has been said of him that he is one of the most brilliant mathematicians in the history of the college. He is a member of Septemveri, senior men's honorary society, the Foreign Relations Club, the Electric Club, the Math-Physics Club, and the Engineering Council. His activity is not confined to scholastic fields, however. He participated in intramural athletics for four years and was a member of the varsity swimming team. As an orator at the college, he is ranked as one of the best.

FEENE APPOINTED

David M. Fagan was appointed

David M. Feese was appointed laboratory aid in the Montana Grain Inspection Laboratory and the appointment took effect on June 1. Mr. Feese has taken work in grain grading, milling and baking, and cereal chemistry at Kansas State agricultural college located at Manhattan, Kansas. In addition Mr. Feese has had two and a half years of experience in the mills of the Kansas Milling company, located at Wichita.

C. O. Swanson, head of the department of Milling Industry at the Kansas State agricultural college highly recommended Mr. Feese, stated Prof. Clyde McKee, vice dean of agriculture at Montana State College.

J. E. Norton, assistant in agronomy at Montana State College, will visit the Experiment Stations of Wyoming, Colorado, and Kansas. Mr. Norton is now on his vacation and will also attend the Corn-belt section of the American Society of Agronomy at Manhattan, Kansas.

LeRoy Powers, assistant agronomist, will spend his vacation in Iowa and will also visit the Experiment Stations of South Dakota, North Dakota, Iowa, and Nebraska, on his trip.

Harold Tower, '28, who has recently completed some milling and baking studies at the Montana Grain Laboratory, left for the Judith Basin branch station at Moccasin.

Harold Kohls, '27, who graduated and who has for the last two years been taking graduate work in Plant Breeding at Michigan State College, Ann Arbor, has recently been appointed sugar beet investigator in Michigan.

Frida Fendrickson, '29, will take work for a Masters degree in Bacteriology at the University of Washington at Seattle next year.

Wm. Jellison, '29, has received a position in the Spotted Fever laboratory at Hamilton, Montana.

James Bradbury and George Cummins, both members of the class of '27, will return to the University of Michigan at Ann Arbor where they will continue in the work for their Phd. degrees.

Sarah Kendall, '27, who has completed the required work for her Masters degree in Bacteriology at Iowa State College at Ames, will take a position as Laboratory Technician in the hospital at Toledo, Ohio.

Edith Swingle, '28, who has assisted in the department of botany and bacteriology here during the absence of Prof. F. B. Colner, will attend the Graduate School of Bacteriology at Chicago University.

David E. Fox, '27, is working at the present time for the U. S. Department of Agriculture in Utah.

Heber C. Donohoe, '27, will return next fall to the University of Illinois at Urbana and will continue with the work for his Phd. degree in Entomology.

Ross Hutchins, '29, will accept a fellowship at A. & M. College at A. & M., Mississippi in the department of entomology.

Glenn Kohls, '29, has received a position with the State Board of Entomology in the Spotter Fever laboratory at Hamilton.

J. R. Parker of the department of entomology, will leave this week for the University of Minnesota where he will complete the work for his PhD degree which will be conferred this month.

Bertha King, now Mrs. J. F. Pinson of Seattle, was a member of the class of 1909.

Dr. Willard V. King, returned June 1, from six months spent in the Philippines on work for the United States government.

Kenneth King, '20, is working for his Ph. D. degree at the University of Minnesota. He graduated here in the school of entomology and zoology.

ernity Is zed on This Campus

Brown, William McCall Jr., Peter
Waite, Robert Dull, Albert Greiner,
George Hart, Leonard Wing, Wallace
Harry, Edwin Strommen, John
Dexter, and Robert Tootell.

Immediately after the initiation ceremonies a short business session was held and officers for the coming year were selected. Bernard Brown was elected president; Bill McCall, vice president; Leonard Wing, secretary-treasurer; and Robert Dull, director of publicity.

A lengthy discussion was held on the subject of publishing a humor magazine next year. Pi Delta plans to sponsor the publication of a humor magazine each quarter providing the student interest warrants the publication.

In the morning there was the annual ceremony of presenting awards to students who have achieved honors in the field of scholarship and athletics during the past year. This was held in the gym, as rain prevented the R. O. T. C. program that was planned. This presentation preceded the annual alumnae picnic. This was to have been held on the campus but the inclement weather prohibited this today.

This afternoon the alumni will have their business meeting. The alumni banquet and dance will be held at the Hotel Baxter this evening. Reservations have been made for the following alumni who have returned: Frank Hinman, Mr. and Mrs. Bert Maynard, Mr. and Mrs. E. S. Edsall, Mrs. Ruth Hinman, Mr. and Mrs. Fred Willson, Mr. and Mrs. J. A. Thaler, Mr. and Mrs. Alfred Atkinson, Mr. and Mrs. H. L. Norris, Mr. and Mrs. J. Hamilton, Miss Ruth Harner, Mr. and Mrs. J. C. Taylor, Mr. and Mrs. C. C.

(Continued on Page Two)

Sundial To Be Restored

Cost to Be Split Between College and Associated Students To Abolish Door Rush

At a meeting of Septemveri, honorary senior men's society, four new laws were decided upon. The organization went on record as unanimous in favor of abolishing the door-run between freshmen and sophomores and in substituting the old form of tug-of-war through the water from fire hose or "frog-pond". In this way the possibility of a dangerous accident happening will be done away with. It will also allow spectators to see more of the actual contest. The rope to be used will be purchased from A. S. M. S. C. and will be two inches in diameter. The teams will be composed of 25 men from each class so that both sides will have a chance to win.

Septever also recommended that the old sun-dial be erected in front of Montana Hall, on the oval plot of ground. The dial is to be placed in the center of the walk, similar to the flag pole in front of the gymnasium. Thirty dollars have been set aside for the Associated Students and the rest will be raised by the college for the placing of the dial. The work on it will be started as soon as school closes and will probably be finished before July. At present the dial is crated at the first basement of the building. Its removal from its present position was necessitated in 1921 by the building of the sidewalk from Montana Hall to Hamilton Hall. The position was about where the sidewalk from the Math building intersects the dormitory walk.

Septemveri believes that the installation of the student senate should have a little more ceremony and more impressive. The old and new student president are to create such new installation programs as they see fit.

The organization decided that "loitering on the campus by upperclassmen is to be permitted. It is decided that deliberate cutting of the campus is an offense against the institution and should be punishable."

Members of Septemveri are: John Breeden, Frank Heikkila, Mark Pakala, Ashworth Thompson, John Helm, and Harold Rives.

NOTICE

The entire output of 1929 Montanans is now in the Montana office, Room 101 Main Hall. Students are especially urged to call for their books this week.

Due to an increased sale to alumni and faculty this year, the supply of Montanans is not inexhaustible as in former years. The circulation manager warned all students that annuals not called for this week may not be available to them next fall.

As the final edition of the Exponent goes to press it is the wish of the staff to voice their appreciation to those who have aided us in our endeavor this year.

The task of getting news does not end when the article is handed in. After that it must go through many steps before it is set before you in the form of a newspaper. Before all this is completed there are many chances for errors to creep in or to be overlooked. We have made mistakes and it is for their forbearance and leniency in these matters that the staff feels such gratitude toward the readers of the Exponent.

The credit for the success of this year's publication goes to those whose names appear at the head of this column. Give them a hand, they have all worked hard in the interests of the Exponent and the college, and they deserve it.

The Exponent wishes to thank the business men of Bozeman, who have made this publication possible. They have responded liberally with advertising, without which no newspaper can survive.

The Exponent staff also wishes to thank the management and workmen of the Republican-Courier Company for the personal interest they have taken in the Exponent this year. It has materially aided in making the work of the year the pleasure and success it has been.

As this is the last issue of the school year, the entire Exponent Staff joins with the editor in wishing that you have a pleasant and profitable summer.

"LUCK"

A modern wise man was asked if he believed in luck. His answer is worth remembering.

"Do I believe in luck? I should say I do! It's a wonderful force! I have watched the successful careers of too many lucky men to doubt its existence and its efficacy. You see some fellow reach out and grab an opportunity that the other fellows standing around had not realized was there. Having grabbed it, he hangs onto it with a grip that makes the jaws of a bulldog seem like a fairy touch.

"He calls into play his breadth of vision. He sees the possibilities of the situation, and has the ambition to desire them, and the courage to tackle them. He intensifies his strong points, bolsters his weak ones, cultivates those personal qualities that cause other men to trust him and to cooperate with him. He sows the seeds of sunshine, of good cheer, of optimism, of unstinted kindness. He gives freely of what he has, both spiritual and physical things. He thinks a little straighter; works a little harder and a little longer; travels on his nerve and his enthusiasm; he gives such services as his best efforts permit. He keeps his head cool, his feet warm, his mind busy.

"He doesn't worry over trifles; plans his work ahead, and then sticks to it rain or shine. He talks and acts like a winner, for he knows in time he will be one. And then—luck does all the rest."—Hidden Treasure.

SMATTERINGS FROM HERE AND THERE IN OUR MIDST

Our heart is too full for writing and tears choke our throat. It is with a catch in our eye and a tear in our voice that we seat ourself to write, this finale

Taking up Stew Avery's unfinished work—Hardy Tharp is working on an autobiography entitled "Classes I Have Graduated With."

Graduation—another June, another diploma time. There is a sweet sadness hovering in the air which graduates cannot identify, but will later realize to be really the first approach of age.

Perhaps it would be apropos at this point to state our policy—quoting Willie Hazlitt, "I like a friend the better for having faults I can talk about."

Keith Ario doesn't make a break often, but when he does—oh, oh! He firmly believes that "Gear shifts are women's salvation."

Evidently he hasn't got the combination of the new Ford gear.

The Freshman class of 1930 extends a cordial invitation—or welcome—to Ralph Muchow, and hopes to show him as good a time as the last four Frosh classes have.

We wonder if Ott will remain "Lord of all he surveys" even after he graduates.

A college in the throes of final exams—now is the time for all good handshakers to come to the aid of themselves.

Things we miss:

Hughie Cottam's ancient and honorable Ford.

P—Lee and her pups.

Bill Ennis and his piccolo—or whatever it was he used to play.

Ruth Rutledge in a hurry to get to a committee meeting.

The candy-counter in Main Hall.

Thelma Berryman making connections with six men at a time.

In French Class:

Vern Mayo: I've never been excited in my life.

Miss DeCastro: You poor man—I feel sorry for you.

Been around, eh?—and you all know the choice rumors that are in circulation.

We really feel that we must ring in a bit of a moral. Consider the fish, he doesn't get caught so long as he keeps his mouth shut.

At last we have awakened—they say brevity is the soul of wit—that must be why so many of them look so funny in short dresses.

Well—so long 'til next fall. Remember—don't rest too much during vacation—you have all next year at college to do that.

1929 MONTANAN IS DECLARED ONE OF COLLEGE'S GREATEST

(Continued from Page One)
it is this, combined with Mr. Livers' cartoons that make the book the most outstanding in recent years.

Throughout the 1929 Montanan the pictures are exceptionally clear, the reviews excellent and the makeup most delightful.

To those who have shown exceptionally good work in aiding Editor Brown in producing this book the Board of Publications has awarded its gold "M", pierced by a quill. Awards have been made to the following: Vera Ann O'Neil, Margaret Dewey, James Morrison, Norma Beck, Bernice Crane, Bernice Norris, Edwin Strommen, Joe Delaney, Alice Vandenhook, Joe Livers, and Joe Nordquist.

AROUND ABOUT

FROSH CELEBRATE

Bloomington, Ind.—The freshmen of the University of Indiana went through the traditional ceremony of release from the wearing of their green caps recently, by a huge cap-burning celebration. The first part of the tradition consisted in the ducking of several victims. Following a bonfire, in which their caps were all burned, the freshmen celebrated by "crashing" the show. Any property damage was to have been paid for by the freshman class.

EAT AT HOUSES

Macon, Ga.—The interfraternity council of the Mercer University has drawn up a petition requesting that the privilege of eating meals at their houses be returned. This privilege was removed several years ago, because the board of trustees charged there was too much disorder in the chapter houses. According to The Mercer Cluster, the student publication, the real reason for this action was that the University suffered financially because the students were not eating at the dining hall of the college, in sufficient numbers.

MORE CONTESTS

Columbus, Ohio.—The Varsity "O" Association of Ohio State University recently conducted a novel election, at which the most beautiful girl, the greatest lover, the biggest griper, the best humored man, the campus all-American goat, and the all-university necking team were chosen.

COLLEGIATE OPERA

Salt Lake City, Utah.—The department of music at the University of Utah presented a grand opera at the University last Wednesday. The work chosen was "Natoma", Victor Herbert's only grand opera. The entire musical score was played by the Los Angeles Philharmonic orchestra, but the cast of the opera was made up entirely of students.

GRAD SPEAKS

Rochester, N. Y.—A member of 1873 was chosen as commencement speaker for the University of Rochester. He is Dr. George D. Olds, and formerly president of Amherst College. He served as professor at Rochester a few years after his graduation, and then received the appointment to Amherst.

BARB RECOGNITION

Lincoln, Neb.—Varsity parties, social events in which the entire school was expected to take part have been discontinued at the University of Nebraska, at the first meeting of the newly elected student council. The council recognized the presence of a barb council, also, giving permission for the arrangement of barb parties next year.

Eric Coolie, of Glendive, is a guest at the Sigma Alpha Epsilon house.

Alpha Gamma Delta Spring Party.

Alpha Gamma Delta held its annual Spring party at Springhill on Wednesday, May 29. The party took the form of an artists' party and was made gay by smocks and tams. Punch was served by Emilie Lehrkind and Lois Berthot. A feature dance was given by Billie Henkel and Charlotte Smith. Music was furnished by Pegram's orchestra.

Chaperones were: Mrs. O. Richardson, Mrs. C. Karslund, Mr. and Mrs. W. D. Tallman.

Guests were: Doris Nelson, Rosalia Lehrkind, Norma Smith, Agnes Fritz, Mae Walton, Lola Hayes, Lucille Morgan, Sam Thompson, Jack Langston, John Morrison, Tom Ferris, S. Wagner, Maurice Perkin, Francis Wilson, Cyril Evans, Ben Franklin, Bob Blair, Wesley Funk, Pat Dolan, H. Cullen, Len Robbins, Bob McCulough, LeRoy Lauson, Merrill Dunham, Harold Aakjer, Louise Rausch, Don McElliot, Orland Ward, Everett Pepper, Russell Anderson, Hiney Lund, Chester Nelson, Ralph Cline, Harry Harity, Earl Rudberg, Arthur Grandey, Vincent Stanich, Charles Shelton, Paul Winner, Ed. Breeden, Jesse Helm, Ray Chapin, John Thompson, Harold Greiner, Bill Ross, and Albert Greiner.

Following the party, the pledges, alumnae, and actives residing in the city were entertained at a slumber party at the chapter house. The occasion being Alpha Gamma Delta's founders day. At 9:30 breakfast was served for 65 patronesses, alumnae, and pledges being guests.

Miss Irene MacDonald has returned to the city for the summer. She is a member of the Park City high school staff.

Miss Ione Parker, of the Malta high school, has returned to the city.

Dinner guests at the Alpha Gamma Delta house on Friday night were: Mr. and Mrs. Harrell Wrenn, Misses Rosalia Lehrkind, Doris Nelson, Virginia Nelson, Wilma Westlake, Mabel Hinds, Lola Hayes, Messrs. John Morrison, Sam Thompson, John Thompson, Jesse Helm, and Maurice Ferkin.

Mrs. Cherry and Twanette were dinner guests at the Alpha Gamma Delta house on Saturday, June 1.

Pi Kappa Alpha Spring Party.

The Pi Kappa Alpha Fraternity held their annual spring party at the Hotel Baxter Friday evening, May 31. The party was in the form of a dinner dance.

The special feature of the evening was the stunt put on by Woford and Stevens song and dance artists of the Associated Vaudeville circuit.

Guests of the evening were: Mrs. O'Brien, Alice O'Brien of Butte, Fay

KAPPA KAPPA PSI HOLDS INITIATION

Beta chapter of Kappa Kappa Psi, honorary musical and band fraternity, held formal initiation, Monday, May 27, at the college gym, for the following men: Geo. J. Hoffman, Edwin J. Hinman, Frank Holly, Albert J. Gates, Alvin Main Warden, Harold A. Slater, Paul F. Copeland, William D. Tallman, Wm. C. Hubbard, Homer T. Lambdin, Loren T. Marshall, and Fred Mallon.

Due to a limitation to 25 active members of the following pledges must wait until next fall when the graduation of the senior members will make possible their initiation: Merrill G. Dunham, Stanley W. Voelker, C. Vernon May, Rudolph E. Davison, Jack L. Sheridan, and Lowell M. Kurtz.

Pledging is done each year during the band's tour and the men are picked on a basis of personality, fellowship, and musical ability.

Honorary members of the fraternity are: James M. Hamilton, Schubert Dyche, Ray B. Bowden, Alarich Henke, and Fred Homan.

FIGHT AGAINST BARBERRY ON

W. L. Popham, the state leader of barberry eradication in Montana, has chosen the following men to continue the campaign against wheat rust in Montana: James Bradbury, Heber Donohoe, and George Cummins will work in Lewistown beginning July 1; and George Markin, Dick Bruner, Bob Kendall, Bernard Brown, and Jim Copeland will be located in Kalispell. Montana's barberry campaign will be continued this summer and with the exception of one man the same staff will be in charge of the work. This summer there will be survey work done in Flathead, and Judith Basin counties. This year's work will be the second survey for these counties.

Black stem rust in wheat has caused the greatest loss of grain to wheat farmers in Montana. The state cooperates with the federal department of agriculture in an effort to eradicate the barberry plant which is the chief cause of black rust in the state. The eradication of this plant, has been proven, will improve the crop conditions of affected areas.

Collins of Anaconda, June Burke of Anaconda, Josephine Hyle of Havre, Ermal Malvorn of Missoula, Mr. and Mrs. Dean Hausemann, Mr. and Mrs. W. A. Murray, Mr. and Mrs. J. A. Thaler, Aleda Toketud, Mildred Erb, Mary Frances Spain, Betty Wesch, Esther Seifert, Helen Oliver, Fouts Fortier, Georgia Benepe, Margaret Souders, Helen Souders, Lois Storey, Mildred Buhning, Marie Dolezalik, Marvel Willits, Fern Young, Mary Millis, Mary McHenry, Virginia Keyes, Phyllis Stewart, Gladys Elliot, Edith Miller, Gertrude, Wilkin, Margaret Bowman, Dorothy Hanson, Evelyn Kruse, Caroline Haley, Mabel Smith, Beth Pope, Mary Lauson, Gretchen Thornton, Lillian Henkle, Louise Saunders, Charlotte Smith, Dorothy Keyes, Vera Mallon, Margaret Choate, Nan Cole, Arleen Rigg, Bob O'Brien of Butte, Ed. Moser, and Thorpe Thaler.

Mrs. Hansen, of Choteau, was a Saturday dinner guest at the Pi Kappa Alpha house.

Pi Kappa Alpha announces the formal initiation of Edwin R. Becraft of Miles City and Erle Hansen of Choteau.

Sunday dinner guests at the Pi Kappa Alpha house were Fay Collins and June Burke of Anaconda.

Week end guests at the Pi Kappa Alpha house were Earl Bartsch, '28, Erle Hansen, and Robert O'Brien.

Memorial For M.S.C. Students

A bronze tablet was unveiled in the main hallway of Lewis Hall last Thursday afternoon at 4:30 in memory of Arthur LeRoy Kerlee, and William Edwin Gittinger. Professor Cooley, head of the entomology department, took charge of the ceremony which was sponsored by the Associated Students and the Phi Sigma and given under the auspices of the Scabbard and Blade fraternity.

These two men were students at Montana State College and gave their lives in the study of the Rocky Mountain Spotted Fever. Both men realized the danger they were in, but nevertheless, they continued their work in the research of that disease.

William Edwin Gittinger was a junior when he died at the age of 22, having gone a year to college in Iowa before coming to Montana State. He was a member of the Alpha Tau Omega fraternity, took part in student activities, and was very well liked among his associates and classmates. He was studying entomology and was at this type of work when he gave up his life, after eight days of suffering, on June 30, 1922.

Arthur LeRoy Kerlee was a botany and bacteriology student with plans to take up medicine. He was very active while in college and a member of the Omega Beta fraternity, Septemveri, Exponent staff, Phi Alpha Tau, and Scabbard and Blade. He was also a basketball player and a student instructor in zoology. He died February 4, 1928, at the age of 22, at Hamilton, Montana. Gittinger was the fourth and Kerlee was the seventh man to die while working with the Rocky Mountain Spotted Fever at the field research laboratory of the state board of entomology.

MORTAR BOARD NAMES PLEDGES

(Continued from Page One)

match played Sunday 8-6, 6-4 against Marguerite Roscoe, who placed second.

The Miller medal was presented to Erma Monroe, winning first in swimming.

The Laiste medal for highest number of points obtained in athletics this year was awarded Hazel Thompson, with Martha Hawksworth running

close competition with only six points difference.

Individual cups for winning four first places were awarded: Thompson, Crest, and Folger.

Swimming suits for passing the 40 point tests were awarded: Boyd, Thornton, Oliver, Hawksworth, Nugent, Peters, Bradbury, Riddell, Dolzalick, Swingle, and Baldwin. These suits were presented in the order won.

Bobcat sweaters, won by obtaining 70 Bobcat points, were presented to: Kindschy, Norris, Gardner, Stockton, Nugent, Monroe, Fogler, Hawksworth, Garrett, Fichter, Kellett, Swingle, Thornton, and Thompson.

The Dean's cup for highest number of athletic points obtained during the year was presented to Alpha Omicron Pi with a total of 1,222.5 points, with Alpha Gamma Delta running a close second with 1,106. This makes the third year that Alpha Omicron Pi has won the cup, thus entitling them to permanent ownership.

ANNUAL PRESS BANQUET HELD

(Continued from Page One)

ger, society editor; and Dorothy Garrett women's sports editor. These will each receive a gold pin, in the form of an "M" with a blue enamel quill upon which appears the word "Exponent".

STUDENTS COUNCIL

Seattle, Wash.—A new plan for Freshman Week next fall is planned by the University of Washington, under the system the new students are divided into small groups, under the guidance of the older students, in order to get them in closer touch with the faculty and upperclassmen.

MANY HONORS COME TO COLLEGE DURING THE YEAR

Bobcat Athletic Teams Place High During Their Seasons. Brief Review of Track, Basketball and Wrestling Show Successful Meets

The track season this spring was one of the most successful that the Bobcats have enjoyed in some years. Under the tutelage of the new coach, Bob Adams, the Blue and Gold squad made a very creditable showing in their track and field meets in which it participated.

In the first meet which was held at Dillon, the M. S. C. tracksters defeated the Southern Branch of the University of Idaho by a decisive margin. Such men as Captain Semmingsen, Heikkila, Bennis, Ward, Maxson, Cline, and Devriese were successful in enough points for the Bobcats to make a high score. Heikkila tossed the javelin 190 feet to shatter the state record.

In the state intercollegiate meet at Missoula, in which seven Montana schools were entered, the Bobcats placed second. The University won the meet but the Bobcats gave them plenty of hard competition showing up especially well in the field events.

In the Rocky Mountain Conference meet at Salt Lake, in which eleven conference colleges participated the Bobcats succeeded in garnering more points than they had ever taken since M. S. C. had joined the conference. Much of the credit for the squads success can be attributed to the coach, who drilled and groomed the team in a very capable manner. Besides perfecting the veteran lettermen Adams developed some very promising freshmen who should star for the school in future tilts.

Basketball
For the third consecutive time the Wonder Team outclassed all competition to win the basketball championship of the Rocky Mountain Conference. Besides defeating all teams of the conference and in this section of the country the Bobcats also won some of the better teams of the west including the Cook Painters of Kansas City. All the members on his squad were of all-American caliber but notwithstanding the fact the Bobcats copied two of the contests, scores 48-31, 46-34 and losing one 4-40.

The Bobcats played their first regular conference game of the season against Utah Aggies at Logan. Both teams were using the man-to-man style of play and as a result, the game was very fast and interesting. The Bobcat easily demonstrated their superiority by piling up a 57-38 score. That the Aggies are always a strong team and, especially that they are always a serious menace to the Blue and Gold was demonstrated in the second game of this series when they finished on the top side of a 47-43 score. The game was characterized by close guarding and very rough play. It was the only conference defeat suffered by the Bobcats throughout the season.

The final games of the series were played in Bozeman. Although the Aggies played their usual style of rappy basketball they were no match for Montana, and both games ended in lopsided victories for the Blue and Gold. The scores were 53-29 and 69-24.

B. Y. U.
Brigham Young University was one of the strongest contenders for honors in the Western Division this year. Reached in the man-to-man style of play by Ott Romney, former Bobcat mentor, they effectively demonstrated their superiority over the usual forms of basketball. But the Cougars were able to cope with the greater speed and endurance of the Bobcats, and the games at Bozeman ended in easy victories for Montana. The scores were 72-36 and 67-37.

The two games at Provo were really as fast and interesting as the final games of the series. But in the first, Montana was unbeatable. Every man on the team gave a great exhibition of scoring and the game ended 70 to 42. In the second the Cougars came back with a rejuvenated spirit, but went down after a bitter battle to a 66-57 defeat.

State Champions
Three teams besides the Bobcats are contenders in the state championship race, these teams being the State University, the State School of Mines and Mount Saint Charles College.

Grizzlies
The first game with the Grizzlies was played in Missoula. The University played a good game, while the Grizzlies were a bit slow in starting. As a result, the Missoula fans reached a high degree of excitement at the end of the first period to find their team down 23-16. But the Blue and Gold came back again in characteristic style to start a scoring spree that gave them a 54-38 victory. The second game of the Grizzly series was played in Bozeman before a somewhat over-enthusiastic crowd of rooters. Hopefully confused by the Bobcats' lightning offense and impenetrable defense, the fighting University squad went down to a 62-18 defeat.

School of Mines vs Bobcats

The final game of the series with the Ore Diggers was played in Butte. The Blue and Gold lineup contained a high proportion of second-string men which made the game very close and exciting.

Mt. St. Charles vs Bobcats
Mt. St. Charles has been steadily coming up in basketball during the past few years, and prospects look bright for the Hilltoppers in seasons to come. In the first game of the series with this squad, several of the Blue and Gold stars were out of the lineup. Although the game was quite rough, it was very fast and exciting, ending with the Bobcats ahead 37-34.

The second game of this series was played at Bozeman. Although the contest was characterized with much roughness, both teams showed occasional flashes of real speed. Frank Ward led the scoring for the Bobcats to give the Blue and Gold a 59-33 victory.

Utah University
In the games this year as in the games of the past with the Red Shirts from Utah University, the Bobcats were forced to extend themselves to keep ahead. This was especially true of the two games played at Salt Lake City. Utah U. played a five-man defensive game that was very effective. Nevertheless, the Bobcats hit their stride and won both contests by the scores of 40-28 and 51-48.

In the home games the Bobcats easily showed that they were the better team, winning both contests by the following scores: 69-35 and 63-47.
Conference Championship Series
This year, for the third successive time, Montana State College met the championship team from the eastern Conference basketball championship. This is no small distinction, for the Rocky Mountain Conference ranks as one of the best basketball conferences in the United States.

WRESTLING
Montana State College was well represented on the mat by a very capable team, one whose strength was probably greater than that of any developed heretofore. Under the able leadership of Professor Swingle and Cote, Olympic champion in the 118 pound class of 1903, the team took second place in the Conference meet losing first place and the Rocky Mountain Conference title by only two points. The Bobcat grapplers challenged every school and independent organization in the state for matches but were unable to obtain any. M. S. C. is consequently in possession of the state mat championship.

At the beginning of the season, four lettermen answered the call for candidates and with additional good material on hand the prospects for a strong team seemed promising. Captain Dolan, Mull, Freese and Copeland had won awards the year before and Etow, Sugiura, and Markin had considerable experience on the mat. The first tests of the season consisted of exhibitions and matches between members of the squad and the positions on the team were won by Etow, 115 pound class, Morton 125, Copeland, 135, Leach 145, Mull 158, Markin 165, Dolan 175, and Freese heavyweight.

In the first intercollegiate contest of the year, the Bobcats defeated Idaho Tech. by a top-sided score with Freese, Dolan, Markin, Mull, Banfield, Sugiura and Morton winning bouts. By winning the dual meet the Bobcats avenged the defeats handed them in two previous years by the Idaho school.

In the Conference meet held at Bozeman at the beginning of the Spring quarter, Utah University annexed first place with a total of 27 points. Three firsts, two seconds, one third and five points on falls, contributed these points. Montana State placed second with 23 points made with three firsts, two seconds, three thirds and one point on falls. Utah Aggies, with 19 points, won third with

CHAIRMANSHIPS ARE ANNOUNCED

Women to Head Committees Are Named at Assembly May 28

At the Women's Assembly on May 28, Bernice Crane communicated to the Associated Women Students the names of the chairmen of the outstanding committees for the coming year which were announced at the Junior-Senior banquet the previous week.

Elizabeth Gardiner has been chosen chairman of the Vocational Lecture Course for College Women to be given next fall instead of the usual Girls' Vocational Congress. Miss Gardiner is chairman of Woman's Day this year. She is the president of the local chapter of Pi Beta Phi.

Dorothy Garrett will be chairman of Woman's Day next year. Miss Garrett is president of the local chapter of Spurs and is serving on the Woman's Day committee this year. She is a member of Alpha Omicron Pi sorority.

Ruth Grush is the chairman of Religious Affairs for next year. Miss Grush was the president of Y. W. C. A. this year; that organization has disbanded in favor of the new committee for Religious Affairs. Miss Grush is a member of Kappa Delta.

Helen Schultz will be chairman of entertainment for the coming year. She is a member of Alpha Gamma Delta.

Miss Gladys Branegan announced at the Women's Assembly that next year registration cannot be completed by women students until living arrangements have been approved by the Housing Committee. She also said that the women students must live in their respective houses the full year unless extraordinary circumstances force them to move. Miss Branegan asked for the complete cooperation of the women students with the Housing Committee so that the housing problem will not be difficult one to deal with next year.

Two firsts, two seconds and two points on falls placed fourth. Bobcats winning conference titles were: Freese, heavyweight, Dolan, 175 pound class, and Mull 158. Other Montana men to place were Markin 165, Leach 145, placed second, and Etow 115, Morton 125, and Copeland 135, won third places.

The meets at Montana State were well conducted throughout the year and Professor Swingle and Cote should be complimented on the way they arranged for all the meets and for the wonderful coaching which was shown by the Bobcat wrestlers whenever they appeared.

The following men were awarded the minor sport "M" in wrestling: Captain Dolan, Mull, Markin, Freese, Leach, Copeland, Etow and Morton. The majority of these men return next fall, affording bright prospects for the conference title.

SWIMMING

During the present year, swimming occupied a higher place among the activities at Montana State College than ever before. For the first time in history a regular coach was hired, and more than two men were sent to the Conference meet.

Captain Dolan, Mull, Freese and Copeland had won awards the year before and Etow, Sugiura, and Markin had considerable experience on the mat. The first tests of the season consisted of exhibitions and matches between members of the squad and the positions on the team were won by Etow, 115 pound class, Morton 125, Copeland, 135, Leach 145, Mull 158, Markin 165, Dolan 175, and Freese heavyweight.

In the first intercollegiate contest of the year, the Bobcats defeated Idaho Tech. by a top-sided score with Freese, Dolan, Markin, Mull, Banfield, Sugiura and Morton winning bouts. By winning the dual meet the Bobcats avenged the defeats handed them in two previous years by the Idaho school.

In the Conference meet held at Bozeman at the beginning of the Spring quarter, Utah University annexed first place with a total of 27 points. Three firsts, two seconds, one third and five points on falls, contributed these points. Montana State placed second with 23 points made with three firsts, two seconds, three thirds and one point on falls. Utah Aggies, with 19 points, won third with

Heikkila Wins Fourth In Swim For College

Montana State's Lone Representative in A. A. U. Contest Brings Honors to the Institution. Takes Four Firsts and One Second. Is One of School's Most Outstanding

By capturing first places in the 50 yard, 100 yard, 440 yard, 880 yard, and the backstroke events and second place in the 220 yard events, Frank Heikkila won fourth place for Montana State College at the State A. A. U. swimming meet at Helena. The meet was held on Saturday, June 8, under the auspices of the Helena Y. M. C. A. The championship was won by Butte; Helena placed second; and Great Falls placed third.

Heikkila, who was Montana State's sole entry, performed very creditably. By winning a total of 26 points he

Flannigan showed good form to win the backstroke, and Erkkila, a freshman won the 220 in good time. For the "Y" Davis and Cooney starred.

The Conference meet was held at Logan, Utah, during the tournament, two weeks before the first scheduled date, and the Bobcats were represented by Captain Flannigan, Heikkila, Erkkila, Wheat, Garry, Hubbard, and Lee. The free-style relay team composed of Wheat, Erkkila, Flannigan, and Garry, placed second; the medley relay team composed of Flannigan, Hubbard and Heikkila, took third. Heikkila placed in the 40 and 100 yard free-style events, while Hubbard swam well in the breaststroke, and Lee showed up well in diving.

To top off the season, Montana State defeated a team composed of the Butte and Helena Y. M. C. A's. 42-28 in a very exciting meet which was not decided until the last event. Frank Heikkila again captured individual honors with first in the 40, 100, 220 yard free-style events, and first in an exhibition medley event in which each contestant swam 40 yard of each of the three styles. Captain Flannigan retained his state championship in the 150 yard backstroke, and Hubbard came through with a win in the 200 yard breast stroke. The Blue and Gold took first in the medley race.

The following men were awarded the official minor sports "M" for swimming: Captain Flannigan, Heikkila, Erkkila, wheat, and Garry.

Swimming Records
During the past season, times in all the events were bettered and in the last meet especially, some exceptional times were made.

Outstanding events were:
40 yard free-style—19 seconds, Heikkila, Butte-Helen "Y".

100 yard free-style—54 seconds, Heikkila, conference meet.

220 yard free-style—2 minutes 24 seconds, Heikkila, Butte "Y".

150 yard backstroke—1 minute and 51 seconds, Flannigan, Butte-Helen "Y".

200 yard backstroke—2 minutes 40 seconds, Hubbard, Butte-Helen "Y".
160 yard free-style—1 minute 21 seconds, Garry, Trkkila, Wheat, Heikkila, Helena "Y".
Medley relay—3 minutes 24 seconds, Flannigan, Wilkie, Heikkila, Conference meet.

LANTERN NIGHT PARTY

Ann Arbor, Mich.—Lantern Night, an annual tradition on the campus of the University of Michigan, is to be celebrated again this year. All coeds of the school take part in the ceremonies which is featured by the lantern procession and a pageant by freshmen women. The program is expected to attract a large audience, including representatives from 200 high schools.

FOR RENT—Near the College for summer 3-room apartment furnished for light housekeeping. Apply at Registrar's office.

who have contributed greatly by economizing to the upbuilding of this surplus.

HAWAII U HAS POLITICIANS

Honolulu, Hawaii.—The University held their annual elections this year in American style. Ka Leo o Hawaii, the college paper, put out a special edition on yellow paper, there were rumors of an approaching egg fight, and there were the usual charges of block-voting. The main charge was that there was an R. O. T. C. block, pulling for men "in uniform".
