BOBCATS WIN

Montana State College Celebrates Great Victory Monday

COLLEGE AND BOZEMAN TAKE PART IN PROGRAM

900 Attend Assembly. Social Groups Hold Open House In Afternoon, Mixer in Evening

At an assembly which began with only a few persons present at 9:30 but with more than 900 Bobcat supporters cheering the victorious Blue and Gold eleven in attendance when Professor Swingle made his first announcement, Montana State College and the city of Bozeman celebrated the victory of the Bobcat over the Grizzly.

Lou Howard's band opened the program by playing "Montana". Following the singing of the state song, members of thev ictorious team were asked to appear on the stage. Bernard Brown, president of the Associated Students, announced that all fraternity and sorority houses would hold open house during the afternoon and that from 8 to 10 Monday evening, the Associated Students would sponsor a mixer dance in the gym as a fitting climax of the victory won Saturday.

Interest of the Alumni in the outcome of the game was pointed out by President Atkinson. After the final gun telegrams were received from every section o fthe country by the President from former students and graduates congratulating the team, their coach and the institution.

Harry Reif, president of the Bozeman Chamber of Commerce, told of his feelings during the game and assured the College of future support of Bozeman for its athletic undertakings.

Pat Dolan, graduate manager, explained the importance of the Butte game on Montana State's athletic schedule from a financial standpoint. Because of an inability to draw large enough crowds in Bozeman to support the major sports of the school, the school, thef inancial returns from the annual classic in Butte is necessary to support the athletic activities of the school. The receipts from Butte were $4,236.21 which means that Montana State College athletics are assured for the future.

(Continued on Page Two)

HILL AWARDED A SLIDE RULE

Tuesday, October 22, 1929, Armin J. Hill, was awarded the Fifth Annual Slide Rule given by the Tau Beta Pi engineering fraternity. At a special asembly called at the engineering assembly room last Tuesday morning, Dean Cobleigh read the names of the four highest ranking freshmen of 1928-29, and presented the award to the winner, Mr. Hill.

Armin Hill is a reisdent of Drummond, Mont., and a graduate of the Powell County high school of Deer Lodge. He is enrolled as an electrical engineer, and he has been taking an active part in many activities. He is a member of the Bobcat band and has assisted the musical department several times as a piano accompanist. He was chosen as a Fang from the Independents last year.

CROSS COUNTRY IS BEFORE GAME

Annual Intramurel Classic Is Run on Fraternity Basis

Before the Kitten-Cub game Saturday, nine fraternity and one independent cross-country teams will compete in an effort to win the annual awards for their group. The race will start at 1:30 and finish before the game.

Running over a course two and nine-tenths miles in length, the runners will encounter almost every difficulty to be found in cross country competition. Beginning in front of Montana hall, the course extends down Eighth avenue for two blocks, then west on Huffine Lane for about three-quarters of a mile; then back toward the college, coming down behind the gym and turning north past the heating plant, down past the Blue and Gold Tea Room for one block and then turns west opposite the bleachers where the contestants finish.

Shorty Bachman, winner of the first race of this type at Montana State, is the present record holder. His time of 15:35 has yet to be approached by any winner of the race.

An individual award of an "M" sweater, given by the college Athletic Association, and a team cup are presented each year to the winners. At the present time Ralph Andes, last year's winner, holds the individual championship, while his fraternity, Delta Tau, is in posession of the team cup. Frank Ward, winner of two years ago, is also in school.

Participents in the race are required to undergo a thorough physical examination before they may compete in the race. They must also have completed a month of intensive training before they are eligible. The race is run under the direction of the Intramural Manager Joe Delaney, and this year each rule will be strictly enforced.

Because of the many upsets that are possible, it is hard to predict the winner of Saturday's race. DeVries, runner-up two years ago and third place man in 1928, is again running.

(Continued on Page Two)

LEADS TEAM

WYLIE, CAPT

JUDGING TEAM IS TIED WITH CALIF.

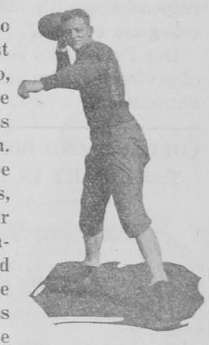

At the Pacific International Livestock Show held at Portland October 26, Montana State College stock judgers tied with California for first honors in the meet. Members of the team are: Lee Martinell of Dell; Leonard Wing, Harlem; Al Cook of Great Falls; Scott Heskinson, Anaconda; William Shanklin, Eden; and Jess Bequette of Bozeman. The coaching of the victorious group was done by Ross Miller of the Animal Husbandry department. The high individual scorings were made by the following men in competition with students from the leading schools of the west and Canada: Wing, third; Martinell, sixth; Shanklin, seventh; and Bequette, eighth.

Thursday the team visited the Hercules Shorthorn farm at Sprague, Wash., leaving for Portland on Friday. In Portland they visited points of interest and had a good rest before entering the contest. This Saturday the team will arrive home.

14-12 SCORE BREAKS TWENTY-ONE YEAR JINX

After a period of 21 years, the Bobcats crashed the "Jinx" to defeat the Grizzlies with a 14 to 12 score at Butte Saturday.

The educated toe of Ivar Twilde decided the contest which thrilled more than 7,000 fans in the historic battle. Both teams scored touchdowns in the first seven minutes of play and again in the second quarter but neither team crossed the goal line in the last two periods of the game.

(Worthington)

In probably the widest open game the two teams ever played and in pleasant contrast to their conservative 0-0 tie of a year ago, the echo of the referee's opening whistle had hardly died down before the Bobcats were on their way to a first touchdown. They received the opening kickoff and three minutes later had scored on a 29-yard pass, DeFrate to Worthington. Grizzlies four minutes later had scored their first touchdown, recovering a Bobcat fumble and marching 32 yards to score on five line smashes. In the second quarter the Bobcats marched 71 yards to score and Grizzlies came right back, receiving the next kickoff, with a 68-yard march for a touchdown. Two added points on drop kicks by Twilde had given the Bobcats a 14-12 lead at half time. In addition to that, both teams being offside cost the Bobcats another touchdown in the second period after DeFrate had run through a broken field for 65 yards.

(Twilde)

In the second half the Grizzlies came back fighting harder and with much more desperation, but the Bobcats had a lead that no team from Montana State or any other college for that matter, ever fought so desperately and successfully to save. Starting the third quarter the Bobcats played their only offensive threat of the last half. This was ended when Cox intercepted a pass to give the Grizzlies the ball near mid field. After an exchange of punts Captain Morrow heaved a long pass to K. Ekegren to give the Grizzlies a first down on the Bobcats' seven-yard line. Four plays and Bobcats had the ball on downs on their own eight-yard line. The Grizzlies came back with a 34-yard march for a first down on the Bobcats 11-yard line, on the last play of the third quarter.

Opening the final quarter 11 yards from the goal line, the Grizzlies suffered one of their many off-side penalties. The Grizzlies lost the ball on downs, this time on the Bobcat 10-yard line. Grizzlies resorted to a desperate air attack but couldn't make it consistent. With five minutes to go Tom Moore of Philipsburg entered the Grizzly backfield with the Grizzlies putting the ball in play on their own 19-yard line. Without interruption, although losing five yards on one play, the Grizzlies marched to the Bobcat five-yard line for a first down with their power seemingly irrepressible but only to have the game end there.

First Quarter

Grizzlies chose to kickoff from the north goal. Muhlich kicked off 50 yards, Twilde returning 38 yards to the Bobcats' 48-yard line. On the first play a short Bobcat pass was grounded but Grizzlies were offside and were penalized five yards for it. Bobcats hit the line without avail DeFrate being stopped at center. On the next play Twilde gained four and one-half yards off left tackle. Grizzlies were penalized another five yards, again, giving the Bobcats a first down on the Grizzly 37 yard line. Twilde picked up three yards off right tackles and added five off left tackle. DeFrate was stopped at center.

With the ball on the Grizzly 29-yard line, DeFrate passed over the

(Continued on Page Four)

KITTENS PLAY CUBS HERE IN ANNUAL GAME SATURDAY

BOBCAT BRAINS

DE FRATE

Strong Frosh Team From College Will Attempt to Avenge Defeat of Last Year

The most important game on the schedule for the Kittens is the game with the Cubs of the University, Nov. 2. It is the goal of both teams to win this annual tilt, which will be held on Gatton Field at Bozeman this year. Coach Adam's initial instructions and advice at the first practice were, "You are simply cannon foder for the varsity, and your only object this year is to learn fundamental football and to beat the Cubs." There is no doubt but what each member of them carries with him that desire to defeat the Cubs.

The Kitten-Cub game was won two years ago by the Kittens and last year the Cubs vanquished the local freshmen. The Kittens, from all prospects, should maintain the turn about order of victories and defeats by walking over the Missoula freshmen.

The Cubs of the University have not had a great deal of action with outside teams this year. The team has been used as scrimmage material for the Grizzlies. From all reports the Cub line is heavy and supports an average backfield. The team is not composed, however, of the number of all-state men that the team of the Kittens is made up of.

The Kittens have, to this date, been fairly successful. Intermountain and Butte Central have fallen before them. With a mixed team the Kittens held the Miles City high school champions to a score of 9 to 6. And with a similar team they lost to the Dillon teachers 13 to 6.

There is no need to reassure anyone that the Cub-Kitten game is going to be hard fought and a real football game. Each player feels his responsibility as seriously as does the varsity.

DR. SPERMHEIM OF BUTTE TO TALK

Special Assembly to Be Held In Gym Tuesday, November 5. World Affairs Subject

Doctor Emanuel Spermheim of Butte, will lecture to the students of Montana State College and the people of Bozeman at a special asembly to be held in the gym, Tuesday, November 5, at 10 o'clock.

Holding degrees from the University of Oxford, Heidleberg University of Germany, and the University of Paris, and having traveled widely for the last few years, Dr. Spermheim is well qualified to speak on the subject "General World Affairs."

This event will be one of the outstanding opportunities of the year for

(Continued on Page Two)

NOTICE

Numbers for the Cross-Country must be obtained on Thursday p. m. between three and six o'clock. Call for them at the manager room in the gymnasium.

All runners must be in uniform and ready to answer to roll call in the locker room at 1:35 Saturday afternoon.

Joe Delaney, manager.

PROF. WM. TALLMAN WRITES NEW MATH

Is Practical Text for Engineers. Great Interest Shown By Students

Profesor W. D. Tallman, who has been head of the mathematics department at Montana State College for 29 years has recently completed a text book on Mathematical Statistics for Engineering Students.

Mr. Tallman states, "That at present there is a great mass of the mathematics of probability that is not available to any except those who have had quite a large amount of mathematical training. Also, that there are a great many books written on statistics for the use of students who have not had mathematical training and therefore must use their formula with a dogmatic interpretation."

It was Proefssor Tallman's purpose in writing this text to develope for the students who have had two years of college mathematics, the formula which they will use and apply in the practical problems which engineers expect to meet. He is using the text this year in a typewritten form and expects to have it in shape to publish in two years.

A class of 20, which is composed of senior industrial engineering students and other students who have chosen it as an elective, indicates unusual interest in a course of this kind. "The size of the class taking this type of mathematics," says Professor Tallman, "is comparable to what one might expect to find in a school of eight or nine thousand."

PLAYERS ENTER GAME CONFIDENT OF WINNING

VETERAN TACKLE

SEMINGSEN

(By Earl Semingsen)

Everybody went into the game to win. We didn't say anything about what we felt to anyone. For example. Before the game I talked to one of the University subs. He said, "We're going to beat you guys today.." I replied that as the odds were in favor of his team that they should. He left me saying that he hoped the Grizzly varsity would run up a big enough score in the first quarter so he could get a few quarters on his letter.

Right before the game nobody said much. Klemme talked to us and we went on the field with the idea to crack those guys.

After the first score we felt greatly relieved but after the University had scored twice and we had put another across, we were nervous. Keyed up. We were worrying a little. There were times when the Grizzly would run plays over the line for long gains. There is nothing that makes a lineman feel more down hearted but at the critical time the line would hold.

We played together. When the University would break through and stop plays behind the line the fellows would come back and say "That's all right. We'll get them next time". The players were worried, after we scored our first touchdown. I watched faces, Walker in particular. His forehead wrinkled and his face had an expression on it that showed that he couldn't realize what was happening.

Every man played as if her were inspired. For myself it was the only game that I've ever played in that I stayed keyed up for the whole game. Every man played football and for me it was an honor and a privilege to play with the team that beat the Grizzlies.

FLAMING SPIRIT

"I'll spot you weight; I'll spot you speed; I'll spot you power; if you will give me a fighting heart. It isn't size or weight that makes the successful last stand. That is where flaming spirit towers unconquerable between the foemen and the goal."

In these words of Tad Jones lies, in the final analysis, the secret of our victory Saturday. We have a team that possess a "flaming spirit" which did tower unconquerable.

Let us honor that team. Not in the fashion of the man who bet his money and won, but in the fashion of a gentleman. Let us honor that team with a respect that is sincere; a respect that will not fade should reverses come to them; with a respect that comes from deep within our hearts.

May each of us possess a "flaming spirit" so that we may carry on.

CARNEGIE CHARGES

President Atkinson of Montana State College has vigorously declared that this institution does not offer any sort of a scholarship to athletes and does not in any sense subsidize promising athletic stars from high schools. This school like many others he says offers a course in physical education and the only correspondence with athletes in high schools has been concerning collegiate courses.

Our President's statement should positively refute the charges of professionalism against Montana State College by the Carnegie Foundation.

COLLEGE AND BOZEMAN TAKE PART IN PROGRAM

(Continued from Page One)

Thompson, basketball captain, told of the feelings of a basketball player during the game. He left with his hearers the thought that "if you persist in doing" victories will come more often.

Rev. Klemme, ardent Bobcat booster, pointed out the high lights of the game. DeFrate fainting after the final gun, Wylie attempting to eat dirt, Worthington going around end for the first touchdown, Dyer throwing Morrow for a loss while the U. player searched for a receiver for his pass, MacFarland and Worthington deciding who was to tackle Morrow after DeFrate's 70 yard kick, and Worthington deciding on which side to catch the pass that resulted in the the first touchdown, were Klemme's choice of moments of particular interest.

Following Rev. Klemme's talk, Professor Swingle introduced the men who are playing their last year of varsity ball, Preston, Semingsen, Klefman, Gill, Richards, Renn, Twilde, and Wylie, whose last game against the Bruins from Missoula will always be remembered expressed the fact that it was a privilege and an honor to be a member of the team which scored the first Bobcat victory over the Grizzly in 21 years.

As the last speaker at the morning assembly Coach Shubert Dyche stressed the fact that incidents of the game mold the character and life of men. He empasized the worth of athletics and the part they play in developing men who will be of real worth to their communities in future years. Coach Dyche also mentioned men who made the victory possible. Skinner who stopped four University plays when if one of them had gone through him, it would have meant a Grizzly victory; Adams, and Dolan whose coaching assistance played no small part in preparing the team for Saturday's game; Fleffman's defensive work during the second half; DeFrate, whose generalship played the most important part in running up the 14 points of victory; Sadler, who ably replaced DeFrate during the closing minutes of the first half; Best and MacFarland who scouted the University; Preston who drew the University into offside play; were men who contributed no small part to the breaking of the jinx.

CROSS COUNTRY IS BEFORE GAME

(Continued from Page One)

Homme, who placed second last year has been working out and is in good shape. Young, who place fifth two years ago but did not compete last year has been training for the race for a considerable time. Of the Freshmen who might win, very little is known, but Williams from Great Falls has turned in the time of 17 minutes during the practice.

HILL AWARDER A SLIDE RULE

(Continued from Page One)

The standing of the four ranking men was: Armin Hill, 57 credits and 160 grade points; Franklin Dewey, 53 credits and 151 grade points; Jack Weller, 54 credits and 146 grade points. The prize was given on the basis of the numebr of grade points rather than the highest average, because the Tau Beta Pi felt that the grade points, which represent the product of the credits and the grades, give the best account of a student's ability.

In order to encourage scholarship in the early part of the student's college course, and to stimulate a competitive spirit for better grades, the Tau Beta Pi at Montana State College has awarded a slide rule each year to the highest ranking freshman engineer. The first slide rule was given in 1925 to Arthur Harrington. In 1926 Julius Heuschkel took the award, Frithiof Johnson in 1927, and Robert Urb in 1928.

Tau Beta Phi is a national honorary engineering society to which the upper 25 per cent of the seniors and the upper 12½ per cent of the juniors are eligible. Three of the juniors may be elected at the beginning of their junior year, and the others are pledged in the spring. Membership in this organization depends not merely upon scholarship, but upon personality, participation in college activities, and leadership.

SMATTERING FROM HERE AND THERE IN OUR MIDST

Well, well, and well our dear smatterings editor got married so we have to write the column ourselves as she is too busy to gather the dirt.

More power to you Ruth, Orland Ward has filed application for the job as best man at all Montana State student weddings. So if any of you are stricken call 219 and ask for Orland.

We see that the Sigma Chis like their oysters raw. Preston had quite a cheering section at the assembly this morning.

Did you see Klemme shaking hands with the police in Butte?

Bernard Brown felt prosperous in Butte, he calmly tore a five-spot in two after the game.

Judging from the weather, the weatherman must have bet on the Grizzlies. Oh well he is not the only one who lost on the game.

One good thing about the game at Butte, there is always another year to look forward to.

Now that the Grizzly has been conquered let's take the Saints!

The thought of the day: How to explain the grades to the folks.

But the trill slayers! After you are here a while, though, you'll learn how to select your chaperones.

Sig Alphs turned native and held a meeting in Meaderville.

The Alumni came to life for the first time in 21 years; they made their part of whoopee after the game.

At least one man in this college isn't Scotch. Klemme said a Frosh left the lower important part of his pants on the wire fence at Clark park.

The Butte game speaks for itself—nuff said.

GOLF IS FIRST OF FALL INTRAMUREL

Lee, Last Year's Champion Again in Competition. Three More Games

Intramulal program began with the exception of golf. Handball and volleyball promise some thrilling competition among the contestants.

Two more games will finish the golf tournament for this year. John Parker and Albert Cooley are pitted against each other in a contest that will determine which of them will play Lizzy Lee for the championship. Lee is last year's champion.

Volleyball contests started Monday, October 21, but will not really begin until this week. It is predicted about the campus that the Sigma Chi team has a good chance for the championship. They are last year's winners, and they have several basketball men on their team. The O. B. team is also rated as strong, and some good contests are expected.

Much interest is being show in handball, with 16 men entered. Intramural Manager Joe Delaney urges that all games be played as soon as possible, to avoid a rush in getting finished this quarter. Keen competition is expected between the contestants in the tournanment. Murphy, winner of 1927-28 season is playing again. Last year's champion, J. Sonntag, is also back, and is expected to show up well in the game.

GONZAGA BEATS SAINTS 7 TO 6

Montana Team Loses to Old Rivals in Close Game

Gonzaga defeated Mount Saint Charles 7 to 6, here today, in one of the most exciting games to be witnessed here in some time.

With three minutes to play, the ball on Gonzaga's three yard line and the score 7 to 6 in favor of the Bulldogs, Fanny Hunting, Gonzaga captain, was sent into the game in a last attempt to stem the Mountaineer's apparent victory.

The Bulldogs had taken a hearty drubbing from Mount Saint Charles aggregation during the third and fourth quarters. They rallied, and forced the Mountaineers back to Gonzaga's six-yard line as the game ended.

The last few minutes of the game was featured by a 40-yard gain in three line plunges by Luce and Ralls.

TORMENTORS PLAY IS IN NOVEMBER

Hansen Coaches Ibsen's "Doll House." First of Three Plays

Montana State's dramatic season will open November 20 with the Tormentor production of Ibsen's "Doll's House," under the direction of Prof Hansen. This will be the first of three three-act plays to be given by this organization during the school year.

"The Doll's House" is a radical departure from the type of plays the Tormentors have sponsored in the past and comes with the new era of dramatics introduced here by Mr. Hansen. The play is the best known of Ibsen's works and Mr. Hansen has one of the most talented casts to work with that any college production in recent years has boasted of.

The show will be given two different nights, the first being College night and the second Bozeman night All college students are urged to attend the first evening's preformance as the second night's stand is devoted to the theatre goers from the city.

Work is progressing rapidly with the staging and directing of the "Doll's House." Mr. Hansen and his cast have been rehearsing for the past ten days while the play production class is busily preparing the stage effects for the production. All of the work connected with the production will be done on the campus.

APPLIED SCIENCE GENERAL COURSE

Tallman Head of Department—Offers Work in Many Departments

The course offered by the department of Applied Science, leading to a degree of bachelor of science, has become very popular at Montana State College.

The Applied Science course gives a very definite training in the sciences in general including required work in mathematics, chemistry, physics, geology, and the biological sciences. It also demands a reading knowledge of one or two modern languages, from two to four years of English, and a couple of years of history. There is also a liberal amount of elective space for professional training in education and other subjects which may suit the individual's taste thus giving the student a broad scientific knowledge, but at the same time a liberal education in contrast with courses which are purely technical. It gives the best kind of training for students who have not decided to make their life work fit into any one narrow field or for students who later desire to continue their education in a graduate school where their work is of necessity directed along one or two specialized lines.

The main aim of this department is to prepare the student for teaching. Dozens of teaching positions in history, sciences, and mathematics in the state have been filled by graduates of this department. Professor Frank Ham, formerly head of the Physics department, and Professor James Keifer, now head of this department, are both graduates of the Applied Science course at Montana State College Hazel Tallman, who also took the Applied Science course here, is now in charge of the romance languages at Valparizo University, Valparizo, Indiana.

Many students have taken this course in preparation for other careers beside teaching. Henry Gardiner took it in preparation for law, George Van Fleet for an actuarial position with a prominent insurance company, and Lowell King, because of his knowledge of mathematics and physics, was enabled to accept an engineering position. He is now superintendent of the Tri State Electric Railways.

Society NOTES

SOCIETY EVENTS TRANSFERRED TO BUTTE

In Bozeman over the weekend all social events transferred the scene of their activities to Butte and her suburbs. Sororities and fraternities from both the University and the State Colleye held joint banquets in Butte before the game, while Saturday evening a number of dinner parties were given by Bobcat fans in celebration of their victory. A great many students also visited their parents and friends in Butte, Whitehall and Deer Lodge over the weekend. Monday all Greek letter houses held open house for everyone during the afternoon as part of the demonstration of victory. In the evening a Mixer was sponsored by the Associated Students at the gym.

Next week several fraternities will sponsor pledge dances for the fraternity pledges on the Hill. Soon the fall parties will begin, which will continue until Christmas.

Dr. Plumb Gives Demonstration Lecture On Romance of Light

Dr. H. T. Plumb, consulting engineer of the General Electric Company of Salt Lake City, Utah, on a special lecture tour of the states of Colorado, Utah, Idaho, and Montana, in connection with "Light's Golden Jubilee", gave a demonstration lecture on "The Romance of Light" in the engineering assembly room Tuesday of last week.

The demonstrations were very spectacular showing the effects produced on colored cloths by a special ultra-violet ray lamp. His lecture traced the development of light from the first light that man used which was a wooden torch down to the present large incandescent lighting units. During the course of his lecture it was brought out the beautiful effects that can be produced by proper lighting. He was assisted in his demonstrations by B. L. Snody, territorial salesman of the General Electric company of Butte, Montana.

Dr. Plumb also gave lectures in other parts of the state. He gave three lectures in Butte, at the School of Mines, Butte Kiwanis Club, and the high school. At Deer Lodge he spoke to the high school. At Anaconda he spoke to the high scool. In Great Falls he lecturned to the Engineering Club.

October 21 the Montana State College branch of the A. I. E. E. gave their annual Electrical Show in the electrical laboratory. The show was given in connection with the notion-wide celebration of Thomas A. Edison and "Light's Golden Jubilee". The program consisted of 25 electrical displays put on by the junior and senior electrical engineering students and a demonstration "Light and Illumination" lecture by Prof. C. F. Bowman of the E. E. department. All of the engineering laboratory shops were open to inspection by the visitors and drawing displays were shown by the Architectural Engineering department. A very large crowd was in attendance.

Hockey games will begin next week. The various team captains chosen are: May Boyd, upperclass; Sophomore I, Lucy Bowman; Shophomore II, Emmaline Guold; Freshmen I, Virginia Warner; and Freshmen II, Sarah Barringer.

PLATT-BREEDEN NUPTIALS HELD

Couple Prominent In Activities of Montana State. Wedding Comes As Surprise

John "Brick" Breeden and Ruth Platt were married in Butte Sunday morning, according to word received here last night.

Mr. Breeden was a graduate last year from M. S. C. and was a stellar football and basketball star. He was also the Associated Student President and a member of the Sigma Chi fraternity.

Ruth Platt is at the present time a senior student in the secretarial course. She has been active in women's athletics and is a member of the Spartinans and Associated Editor of the Exponent.

SPARTANIANS HAVE NEW REQUIREMENTS

Membership in Womens Athletic Group Limited to Juniors

Spartanians is an athletic organization for upperclass women. It was organized three years ago for the purpose of interesting upperclass women in promoting athletics, to uphold scholarship standards, service, personality and leadership, among the girls of the college. Before a woman is eligible for membershp, she must have distinguished herself by profeciency in some sport offered here by virtue of winning a W. A. A. award, or anindividual medal; and must be of junior rank.

Last Saturday evening at a dusk initiation the following people became active members: Frances Folger, Kathryn Kellett, Frances Mallon, Ruth Platt, Lilian Tubb, Mary Hakala, May Boyd, and Marjorie Nye.

Agnes Eugent, president, has just finished a schedule of business to be accomplished throughout the year.

ART DEPARTMENT SPONSORS SHOW

Work From New York School of Fine Arts Shown in Herrick Hall

An exhibition of student work from the New York School of fine and applied art, both from the New York school and the institution in Paris, is being sponsored by the Art department this week at Herrick hall. Approximately 100 mounts are on display in the hall on the third floor of the women's building and will be shown there until November 12.

According to Mrs. Hannon, head of the Art department, the New York school is the finest of the commercial art schools. The three greatest fields in commercial art are: poster advertising, costume design, and interior decoration. All of these divisions are represented in the exhibit and perfect technique, one requisite of commercial art, is displayed in almost every mount shown.

The public is invited to view the exhibition which contains work of merit and interest.

Outboard Races To Be Started At Colleges Near Rivers or Lakes

A new sport will enter the catagory of intercollegiate athletics next spring when the College Humor Outboard races are inaugurated in institutions throughout the country which are so situated on lakes or other bodies of water to lend themselves to aquatic events.

At the present time rowing is the only outdoor water sport of any consequence in the college field, but College Humor magazine, realizing the growing popularity of outboard motor racing in this country today, will sponsor these outboard regattas at every institution signifying interest in the speed boat game.

Students at many universities and colleges have awakened to the thrill of this sport and are organizing to promote outboard motor racing. At the University of Alabama a newly formed outboard is in existence, and similar groups will undoubtedly spring up as the College Humor proposal is received on the campuses.

The rules of the National Outboard Association will govern and the races will be staged in conjunction with the the departments of athletics at the various coleges. It is the wish of College Humor that varied program of special features be arranged, such as canoe and sailboat races, swimming and diving competition, etc., to round out a complete water carnival and regatta.

Attractive trophies and medals will be awarded the winners and runnersup by College Humor, and races will be run in several different classes. This year no attempt will be made to determine a national collegiate champion but ultimately the College Humor Outboard races may develop to the degree where it will be feasible to bring the class winners at each college together for a national regatta.

The drivers will negaciate a five mile oval course, being required to circle four buoys. Local committees will be appointed by the National Outboard Association to cooperate in staging the races and to handle the technical arrangements such as measuring and laying out the course, securing competent timers and officials and inspecting boats and motors. Stories will be released to the press at frequent intervals as the plans progress.

WYOMING IS TO CONTINUE SPORT

Laramie, Wyo., Oct. 26.—The Utah Aggies defeated the University of Wyoming here today 13 to 7 before a record homecoming crowd. The Aggies converted both of their scoring opportunities while Wyoming had the punch to realize on only one of its two opportunities when near the goal. Puzzling plays run off from a punt formation proved perplexing to the cowboys. Wyoming was unable to make a sustained drive after its lone touchdown but the Aggies were threatening constantly. Wyoming presented its best exhibition of the season, however.

The University of Wyoming animously adopted a resolution pledging the school to continue turning out football teams. Some talk of abolishing the sport at the university had been heard, but it was believed the resolution tonight would still the reports.

Violet Rays of Sunshine

not "artificial treatment"—make OLD GOLD *... a better and a smoother cigarette*

OLD GOLD brought about a great change in smoking habits. It gave smokers a new freedom of enjoyment . . . without any forbidden limits.

The man who used to say "I can't smoke until after lunch . . . my throat is sensitive in the morning" now finds that he can "light up" whenever he pleases. For his morning OLD GOLD has no more throat-scratch than his breakfast omelet.

Likewise all those who have to guard their throats . . . salesmen, singers, actors, and the like . . . no longer have to stint their smokes, for OLD GOLD is as free of throat irritants as a glass of spring water.

Better tobaccos did it . . . naturally good tobaccos . . . extra-prime leaf made irritation-free by the violet rays of sunshine . . . not by *"artificial treatment."*

If you like food that is naturally good, instead of food *made* good by *"artificial treatment"* . . . you're sure to prefer OLD GOLD'S natural tobacco smoothness. Try a package . . . and get a vote of thanks from both your throat and taste.

© P. Lorillard Co., Est. 1760

Mother Nature makes them smoother and better . . . *with "not a cough in a carload"*

PLAY BY PLAY GAME ACCOUNT

(Continued from Page One)

goal line to Worthington for a touchdown. Twilde converted the other point with a drop kick. The Bobcats were leading 7 to 0 at the end of three minutes of play.

Muhlich kicked off 50 yards, Twilde returned 23 yards and fumbling. Grizzlies gained the ball on the Bobcat 33 yard line. Cox gained six yards off right tackle and Carpenter added seven around right end for a first down on the Bobcat 20-yard line. Burns was stopped at center. Ball went over left guard for six yards, and the Bobcats took time out. Carpenter went over left guard for a 13-yard dash and a touchdown. Ball missed a drop kick and the score stood Bobcat 7, Grizzly 6 at the end of six minutes of play.

Muhlich kicked off, 54 yards, DeFrate returning 36 yards to the Bobcat 42-yard line. Harmon dropped DeFrate for a loss of a yard and a half. Wylie went three yards through center but the Grizzlies were penalized five on the play.

DeFrate passed to McFarland for a pain of 15 yards and a first down on the Grizzly 41-yard line. DeFrate was stopped at right tackle. On a criss-cross play Wylie lost two yards. DeFrate punted 43 yards for a touchback and put the ball in play on the 20-yard line. Morrow twisted off left tackle for seven yards over left guard.

LINEMAN

GILL

Burns aded eight over left tackle for a first down on the Grizzlies' 31-yard line. Morrow cut off right tackle and reversed for a gain of six yards. Cox added three at center. Burns added one at left guard for a first down on Grizzly 41-yard line. The Grizzlies' first pass attempt was grounded. Preston broke through to drop Burns for a loss of a yard. Another pass attempt was grounded and the Grizzlies were penalized five yards for it. Morrow punted 45 yards and DeFrate returned 45 yards to the Bobcat 40-yard line. O'Leary was stopped at center. DeFrate punted 45 yards, Morrow returning six before stepping out of bounds on the Grizzly 21-yard line. Grizzlies took time out. Morrow picked up a yard at right guard. Cox added at right guard. Carpenter dost two at left tackle. O'Leary stepped out of bounds after gaining half a yard. Burns intercepted a Bobcat pass and returned it six yards to the Grizzly 43-yard line. Cox went through center for four and a half.

Carpenter added four off right tackle. Morrow took a lateral pass from Burns for a gain of three and a half yards around right end and a first down on the Bobcat 45-yard line as the quarter ended. Score: Bobcats 7, Grizzlies 6.

Second Quarter

Carpenter raced around right end for 16 yards and a first down on the

CAPABLE CENTER

PRESTON

Bobcat 29-yard line. Cox went through center for four yards. Burns fumbled a lateral pass and Preston recovered for the Bobcats on their 29-yard line. O'Leary went through center for two yards. Wylie gained three yards at center but the Grizzlies were penalized five yards on the play. Twilde was stopped at center. Twilde added three yards at center for a first down on the Bobcat 39-yard line. DeFrate lost a yard at right tackle. Wylie hit

DEFENSIVE BACK

KLEFFMAN

center for six yards. Wylie twisted his way through center for a 20 yard gain and a first down on the Grizzly 36-yard line. Wylie then tackled right end for 17 yards and a first down on the Grizzly 19-yard line. The Grizzlies took time out to talk it over. Grizzly reserves started to warm up and Lyon went in as substitute for McCarthy at right end.

DeFrate tried to circle left end, crossed the field but lost three yards. While the Grizzly reserves warmed up on the sidelines, Jerry Ryan, among them was called for talking to his mates on the field and the Grizzlies were penalized 16 yards, giving the Bobcats a first down on the Grizzlies six-yard line. O'Leary made a yard at center, but both teams were off side on the play and the ball was caled back. Twilde gained a yard at center. On one of those old-fashioned end-around plays, Worthington crossed the gridiron in a clear field to score another Bobcat touchdown. Twilde converted the added point with a drop kick. Score: Bobcats, 14, Grizzlies, 6.

Before the ensuing kickoff Grizzlies substituted W. Ekegren for Burns. At the same time the Bobcats substituted Richards for Twilde. Grizzlies chose to receive the next kickoff. Worthington kicked off 51 yards, Carpenter returning 24 yards to the Grizzly 33-yard line. The Grizzlies substituted Carey for Farmer. Bobcats replacing

HALF BACK

RICHARDS

off right tackle and reversing his field, for a first down on the Bobcats' 33-yard line. Cox gained a yard at center. W. Ekegren gained a yard at right tackle. On a triple pass Carpenter passed to Perrey for 26 yards and a first down on the Bobcat five-yard line. Morrow was stopped. Carpenter gained a yard at left tackle. W. Ekegren gained a yard at right tackle. On a criss cross play W. Ekegren got over left tackle for a touchdown. Morrow's drop kick for the added point was blocked. Score: Bobcats 14, Grizzlies, 12.

Bobcats elected to receive the next kickoff and Muhlich kicked 52 yards, Richards returning 21 to the Bobcats 29-yard line, but the Grizzlies were off side on the play and were penalized five yards. This time Muhlich kicked off 40 yards and Richards returned it nine yards to the Bobcats 34-yard line. Richards was stopped on a long race around left end.

With the greatest run of the game DeFrate broke through left tackle for a 65-yard dash and what looked like a touchdown, but the play was called back because both teams were off-side and the ball was called back to its original starting point. DeFrate on the next play lost five yards but the Grizzlies were penalized five. With a minute to go for the half the Bobcats substituted Sadler for DeFrate, K. Ekegren was substituted for Carpenter. Sadler on his first play in the game, gained six yards around left end for the Bobcats, Kleffman substituted for O'Leary. On a spinner play Kleffman slipped and fell down at the line of scrimmage. The half ended with the Bobcats holding the ball on their 45-yard line after Sadler was stopped at the line of scrimmage. Score: Bobcats, 14, Grizzlies, 12.

Third Period

Muhlich kicked off out of bounds and had to kick over. This time he booted off 46 yards, Twilde returning 19 yards to the Bobcat 33-yard line. O'Leary got a yard at center. Twilde adde five around left end. Wylie went through center for three years, but a five-yard penalty against that play gave the Bobcats a first down. Wylie was dropped for a seven-yard loss. Semingsen recovered a Bobcat fumble, but the Grizzlies were penalized five yards on the play. Wylie gained three yards. Burns picked up a yard off right tackle. A Grizzly pass was grounded. Morrow punted 40 yards, DeFrate returning 10 to the Bobcats 23-yard line. Burns was injured on the play and the Grizzlies took time out.

Against his violent objections, Burns was brought to the bench by Coach Milburn, K. Ekegren taking his place. Twilde lost a yard and a half at right end, Cox bringing him down. Twilde picked up three yards at center. DeFrate punted 26 yards, Morrow returning five to the Bobcat 45-yard line. W. Ekegren lost yard at right tackle and then gained three and a half at the same hole. Morrow added three and a half off left tackle. Morrow passed 32 yards to K. Ekegren, who fell down in a clear field, for a first down on the Bobcats' seven-yard line. Morrow gained three yards off right tackle and added one at the same hole. W. Ekegren lost a yard at left tackle. W. Ekegren lost two more and the Bobcats got the ball on downs on their eight-yard line. DeFrate sent a bad punt out of bounds on the Bobcat 30-yard line, but the Grizzlies were off side and penalized five on the play.

Kleffman made two yards at left tackle. DeFrate punted 30 yards to Morrow, who fumbled and recovered on the Bobcat 45-yard line. Cox gained two and a half over right tackle, but was knocked out on the play and the Grizzlies had to take time out. Ekegren responded to the cold water treatment and was able to continue in the game. Morrow broke off left tackle for four and a half yards. W. Ekegren picked up a yard and a half at center for a first down. Morrow added two over left guard. Morrow adde nine off right tackle for another first down on the Bobcat 23-yard line. Grizzlies took time out. After talking it over the Grizzlies decided to call Carpenter back into the game, and he replaced K. Ekegren. Morrow picked up three yards over guard. Cox adde two over right guard. Carpenter broke off right tackle for seven yards and a first down on the Bobcat 11-yard line as the quarter ended. Score: Bobcats, 14; Grizzlies, 12.

Fourth Period

Carpenter made two and a half yards off left tackle. W. Ekegren aded three off left tackle. Morrow was stopped but on the play the Grizzlies were penalized five yards for off-side. Carpenter gained one yard at right end, his old Billings High teammate, Worthington, bringing him down. A pass was grounded and the Bobcats obtained possession of the ball on their 10-yard line. Wylie gained three and a half yards off left tackle. DeFrate punted 41 yards and Morrow lost two more but the Grizzlies were penalized five yards on the play. Twilde gained thre yards around right end for a first down on the Bobcats' 21-yard line. Kleffman was stopped. Twilde gained a yard and a half at center. DeFrate punted 67 yards and Morrow lost three more, when Worthington downed him on the Grizzly 10-yard line. The Grizzlies took time out. Grizzlies substituted Shotte for Foss. W. Ekegren gained five yards through center. Morrow was stopped at right tackle. Carpenter gained three yards over right tackle. Morrow punted 41 yards, DeFrate returning 10 to the Bobcat 47-yard line. Perey threw DeFrate for a loss of 11 yards. Twilde picked up two at center. DeFrate punted 32 yards out of bounds on the Grizzlies' 23-yard line. A Grizzly pass was grounded. Grizzlies substituted Rule for Percy. Morrow passed to Carepnter for 20 yards and a first down on the Grizzly 42-yard line. DeFrate grounded another Grizzly pass.

A second pass was grounded behind the line, for which the Grizzlies were penalized another five. Taking a triple pass Morrow was dropped for a 10-yard loss by Dyer. Morrow punted 36 yards and DeFrate lost two more, being downed on the Bobcat 34-yard line. Twilde gained two yards over right tackle. Kleffman added a yard at center. Kleffman added four more at center.

DeFrate punted 42 yards out of bounds on the Grizzly 19-yard line. Grizzlies substituted Moore for Carpenter. On his first play in the game Moore skirted left end for a first down. On the next he went over left tackle for 13 yards and another first down. Morrow then passed to Moore for 12 yards and a first down on the Bobcats' 46-yard line. Moore gained two yards over right guard. W. Ekegren broke through center for seven yards. W. Ekegren gained three yards at center for a first down on the Bobcat 35-yard line. A long pas was grounded. Morrow broke of right tackle for 15 yards and a first down on the Bobcat 20 yard line. Morrow gained four yards through center. Semingsen broke through to stop the next play for a five-yard loss. Moore passed to Morrow for a gain of two yards. With five yards to go on a first down, Morrow passed to Moore for 13 yards and a first down on the Bobcat five-yard line but the guns ended the game before another play could start. Final score: Bobcats 14, Grizzlies, 12. After the 21-year wait the Bobcat gang could not be denied in their hour of triumph. Their players were carried off the field on the shoulders of the most wildly enthusiastic crowd that ever broke loose in Butte.

Score by Quarters	1	2	3	4	
Montana U.	6	6	0	0	—12
Montana State	7	7	0	0	—14

Summary of play: Scrimmage yardage netted, Grizzlies, 365½; Bobcats, 145. In the first half gains were 170 to 117½ in favor of the Grizzlies; in the second half, 195½ to 227½ in favor of the Grizzlies. Grizzlies earned first down 20 times; Bobcats 3, also getting 5 with aid of penaltics. Bobcats averaged 41.2 yards per kick on 8 pounts from scrimmage; Grizzlies, 41 on 5 punts. Bobcats returned 4 punts for a total of 53 yards; Grizzlies, 2 for 11 yards. Grizzlies negotiated 6 passes for a gain of 106 yards, and failed on 7 attempts; Bobcats, gained 44 yards on 2 aerial tries and mised 3, of which 2 were intercepted and returned 6 yards. Grizzlies were penalized 90 yards; Bobcats. none. Seven plays stopped behind the oBbcat line caused a loss of 25 yards; 7 similar losses for the Grizzlies cost them 22 yards. Grizzlies fumbled two times, recovering one; Bobcats fumbled one time, not recovering ball. On one kickoff Bobcats booted 51 yards; Grizzlies kicked off 5 times for an average of 48 yards. One gickoff return gained 24 yards for the Grizzlies; Bobcats returned 5 kicks for a total of 124 yards.

AGGIES-UTAH

Utah University today beat back the football challenbe carried to it by the Collorado Aggies and took their second hurdle on the path to another Rocky Mountain conference championship, winning 21-0.

Before Harry Hughes' Farmers could get their breath the Redskins marched 71 yards after the opening kickoff in 11 plays for a touchdown, "Powerhouse" Uomeroy, the big Utah fullback, crushing over for the touchdown. Summerhays kicked goal.

The Aggies then stiffened a bit and the rest of the period was scoreless, as was the second quarter.

Utah threatened all the way, however, and on the defense nailed the Aggie runners at the height of every Colorado march goalward. The Aggies had only one real scoring opportunity. It came late in the third period after a scries of double passes and dashes around the Utah ends. A lateral pass, Day to Ball, was followed by a rifle-like shot from the 16-yard line to Beattie, an Aggie end, across the Utah goal. Beattie muffed the opportunity by dropping the ball.

In the third period Price recovered "Bus" Day's fumble at mid-field and it took only seven plays for the well executed Indian attack to march 50 yards for the second touchdown.

ELECTRICAL GRADS WIDELY SCATTERED

Men Who Took Degrees Last Year are Now Employed by Many Different Firms

Last year's graduates of the Electrical Engineering department are scattered over many sections of the country and the following account will show how the graduates of Montana State college have taken positions in the east, central and western portions of the nation.

Last year's graduates who are working for the General Electric Company are Ball, Byrne, Fjeld, Nordquist, Perleberg, Robbins and Woodend. Those working for the Westinghouse Electric Company are Buck, Heikkila, Seibert, Swanson, and Flannigan. Those employed by Western Electric are Gary, Howe, Newkirk, and Woodrow. Those with the Montana Power Company are Bourret, Crumley, Lynch F., Lynch M., and McArthur. Crouter is with the Mountain States T. & T. Co. Those who are teaching are Bachelder and Cannon. West is with the Federal Telephone Co. Braden is employed by the A. C. M. company. Gregg is with the Bell Telephone Company. Pakala is a Rhode's Scholar at Oxford, England. Percy is with the Northern Illinois Utilities company. Clark is working for the Pacific Light and Power company. Bossler is employed by the Curtis Lighting Corporation.
