

Freshmen Will Uphold MSC Tradition

32 Officers Announced By Col. Hea

The advancement of eight seniors to the rank of cadet captain and twenty-four others to cadet first lieutenant was announced in an order by Lt. Col. J. J. Hea, P. M. S. & T.

All seniors who will receive commissions as 2nd Lieutenants in U. S. Army Reserves in 1942 (June) and their assigned companies include:

COMPANY "A"

Capt. Hall, John
1st Lt. Boylan, Paul
1st Lt. Annin, J. B.
1st Lt. Milesnick, Stan.

COMPANY "B"

Capt. Hea, J. J., Jr.
1st Lt. Galt, Wylie
1st Lt. Conrad, Ed.
1st Lt. Pew, Charles

COMPANY "C"

Capt. Kiel, Dean
1st Lt. Mizner, Dan
1st Lt. Gumprecht, R.
1st Lt. Lenz, Sam

COMPANY "D"

Capt. Ralston, Al
1st Lt. Harrington, Charles
1st Lt. Koch, Peter
1st Lt. McLaughlin, Don

COMPANY "E"

Capt. Travis, Jim
1st Lt. Gustafson, Sid
1st Lt. McLeod
1st Lt. Peterson, George

COMPANY "F"

Capt. Wallis, George
1st Lt. Martin, Lynn
1st Lt. Holzer, Paul
1st Lt. Reinemer, Rno

COMPANY "G"

Capt. Wolcott, Frank
1st Lt. Davies, Reg
1st Lt. Simpkins, Bob
1st Lt. Stephens, Jim

COMPANY "H"

Capt. Younglove, John
1st Lt. Thompson, Lewis
1st Lt. Scabad, Wendell
1st Lt. Grinde, Art

Judging Honors Won By M. S. C. At Portland Meet

The Montana State college livestock judging team competing in contests of the Pacific International Livestock exposition at Portland, placed third, it was learned here today in a wire from E. R. McCall, coach of the five-man team. Oregon and Idaho tied for first place.

First place in horse judging and second in sheep also fell to the Montana State college team.

Wylie Galt of Great Falls ranked fourth among all student judges in all contests and Al Ralston of Glendive placed fourth. Galt also took second place in horse judging. Leo Kleffner of Belt placed second in cattle and third in sheep judging.

Other members of the team are: Jim Keith, Helena; Stanley Milesnick, Belgrade and Joe Urick of Belt, the alternate member.

Jack O'Lantern Bench

The picture above may not seem very appealing at first glance, but that soft exterior hides a bench of stone—a structure known technically as Jack O'Lantern Bench, but familiarly as Senior Bench. Where it got its real name or how it came to be appropriated by the seniors is not known, but this historical data is available in the Student Handbook: "Freshmen are not allowed to sit on the Jack O'Lantern bench."

Although practically no one ever sits on the bench, it is one of the most comfortable and beautiful spots on the campus.

Student Health Service Explained

Although by the advent of the fourth or fifth inoculation even our M. S. C. freshmen probably know where the Student Health Service is, not everyone seems to understand the system under which it operates. As in every other service offered by the college, cooperation in the observance of the rules by the students will pay dividends in increased efficiency.

The Student Health Service is open in the morning between the hours of 8:30 and 12 o'clock, and from 1:00 to 5:30 in the afternoon, with the exception of Saturday afternoon when it closes at 3:00 P. M. However, a nurse is on call continually. If Miss Gill can't be reached at 1618, call Miss Stokke at 745-M. If there is no answer from either place call the hospital for a call number.

As a courtesy to the Student Health Service all illness should be reported as early as possible. It is difficult for the nurse to be gracious about calling on a person who reports, after the closing hours, an illness which could easily have been reported during the day.

However, since it is a part of their service to take care of emergency illnesses, they will be glad to respond whenever serious calls come in.

NOTICE

There will be an important Exponent meeting tonight at 5:00 p. m. in the Student Union Building.

All school formals for winter quarter may be scheduled in Mrs. Harrison's office up to December 1. After that date other organizations may schedule.

Males Outnumber Women on Campus In Spite Of Draft

Montana State college can thank the draft for a radical change in the profile of its student body, according to statistics which have been compiled in the registrar's office. However the total number of students has increased rather than decreased.

Last fall when registration had been completed there were 1013 men on the campus, as compared with only 678 women. This year the total number of male students is 983, and the girls have jumped to 727. The total registration for the two years is 1591 for last fall as compared to 1710 for this year.

Statistics for the two years compare as follows:

Enrollment by divisions	
1940	1941
Agriculture—272	278
Engineering—510	508
Household & Industrial Arts—438	450
Science—471	474
Enrollment by classes	
Graduate Students—35	35
Seniors—224	251
Juniors—289	292
Sophomores—488	462
Freshmen—655	670

Don McLaughlin New Senate Member

At a regular meeting of the Student Senate Don McLaughlin was elected to succeed Floyd Myrick as Commissioner of Finance. Myrick did not return to school this year, and is at present enrolled in the medical department of the University of Minnesota. McLaughlin is a senior in Mechanical Engineering, a member of Les Bouffons, advanced R.O.T.C., and a member of Sigma Alpha Epsilon fraternity.

Class Of '45 Will Paint M On Friday Morning, Weather Permitting

Granting the accident of good weather this year's freshmen will uphold M. S. C. tradition by painting the M on Friday, October 10. This will be the first chance for the class of '45 to show their school spirit by getting behind their assignment 100%.

The blowing of the whistle at 7 o'clock Friday morning will indicate that M Day is to be carried out according to schedule. If the weather is threatening or actually bad the whistle will blow at 6:30, classes will proceed as usual and the affair will be postponed.

Homecoming Proves Success

Despite the dampest Bobcat Day in years, hundreds of enthusiastic students cooperated in a successful Homecoming last weekend. Festivities started Wednesday with a general assembly honoring team members. Friday evening a spirited throng gathered in the SUB ballroom to celebrate at a pre-game mixer sponsored by the Independents.

After dismissal of classes at 10 on Saturday morning, downtown Bozeman was startled by the noisy impact of nearly 1,000 parading M. S. C. boosters. Spurred on by the combined efforts of the Colorado Mines band, the Bobcat band, the majorettes, and drum and bugle corps, the cheering students marched the length of Main street and back.

Judged best of the 21 floats representing each campus organization, was the Kappa Delta contribution of an appropriately decorated Yellowstone Park bus of ancient vintage. A plaque offered by the interfraternity council was awarded them for their efforts. The \$5 reward for being the outstanding noisemaker among noisemakers went to Keith Seaton, freshman from Cascade.

Responsible for the outstanding success of Homecoming were members of the general committee: Louis True, Ed Howard, Lt. Richard Roman, George Biddle, Pierce Patterson, and Don Jorgenson. The committee also acted as judges during the parade.

Annual Traditions Assembly Held In Gym Tomorrow

Septemviri, senior men's honorary, will hold its annual traditions assembly tomorrow morning at 10:00 a. m. in the gymnasium. The purpose of the assembly is to acquaint the freshmen with the campus traditions and to give the student body its first opportunity during the current school term to hear Dr. A. L. Strand, as he delivers his annual President's message.

Active members of Septemviri are Jerome Aakhus, George Biddle, Carl Fjeld, John Muller, Robert Simkins, Walter Thieme and George Wallis.

As in previous years trucks leave the campus at 7:30, picking up girls from Hamilton Hall and the quads, proceeding down Cleveland to Willson, and then down to Main, and stopping at every corner along the route to pick up freshmen. These trucks will transport their passengers to the foot of the hill where they will register and pay their class dues of 50 cents. At this time each boy will be given a card with a number assigning him to a special section. There will be from twelve to sixteen sections, each in charge of a Fang. About two-thirds of the boys will be used to transport water up the hill via a bucket brigade. The other third will be stationed on the letter to help the girls paint it.

Upon registration all girls are also to be given cards. These will admit everyone to a frosh mixer, to be held in the SUB ballroom at 2 o'clock in the afternoon, and which all freshmen are urged to attend. The music will be furnished by Sonny Shaw.

The Fangs are in general charge of the day with Everett Shuey and Otho Murray heading the committees. Spurs will be at the M to sell cokes and doughnuts.

All announcements regarding time, special plans, and an explanation of M day will be given in an assembly at 10 o'clock on Thursday.

Cats Travel To Colorado For Vital Tilt

One of the most important games in this year's R. M. C. schedule will be played at Colorado Springs this Saturday, when Montana State and Colorado College battle for another win toward the loop crown. Both teams have scored a 19-0 win over Western State, and the Bobcats have battled the Colorado Mines team to a 0-0 deadlock.

MSC coaches Dyche and Breiden expect this game to be one of the best tests of Bobcat strength, as their charges have not as yet been tried on a dry field, and the C. C. team has several veterans from last year's championship squad returning. About 22-23 team members, along with the coaches and manager McConnell will make the trip.

Roman Thanks

There really is such a thing as Bobcat spirit! You, the student body of Montana State college proved it last Saturday.

In spite of the weather, the disagreeableness of which was a true test of your spirit, you had what was probably the best parade ever conducted by the student body of the institution. The enthusiasm you showed was indeed something to be proud of.

You were admired by everyone who witnessed the parade, and in future years may you never forget that school spirit demonstrated in such a way is a key to a better, bigger, more enthusiastic college.

The student committee of Don Jorgensen, Otho Murray and Pierce Patterson did a job to be proud of, and the cooperation of the Exponent was greatly appreciated.

Lt. R. J. Roman
Chairman of Bobcat Day

Mabel Krebs Wins 4-H Scholarship

Mabel Krebs of Belt has started to Montana State college this fall through the assistance of a scholarship awarded by the Montana Newspaper Association. Two "W. W. Cheeley Scholarships" were offered last year by the association, one to the 4-H club boy and one to the 4-H club girl making the most outstanding record during the year. Miss Krebs won the award in the girls division and has registered as a freshman at the state college. Hubert Massman of Gallatin county, who is attending Gonzaga University, was the winner in the boys division. The scholarships are for \$100.00 each and awards are made on the basis of 1940 club activity.

ASK US

Rush week over . . . no more enemies . . . sororities and fraternities pretend friendliness again . . . freshmen beauty queens in swing . . . ask the upperclass fellows. Missed on the campus! Pi Phi's alluring peroxide blond . . . could it be the redhead taking her place? Pin-hanging with a bang! Sweethearts of Sigma Chi—Marybelle Jondrow, Peg Howard (by mail) Virginia Campbell, and Chris Addison. Bunny Stearns got the S. A. E. Kropp this summer. Perry start praying for snow soon . . . hope skiing season brings Joan for lessons! How's the umbrella kid? Think you could act the part in the play, Patterson? Tell me, what's Goan on between M. Burton and Cy Galt? Could be—romance! Here's your chance gals—Zupan, the shining football star—with no steady. Seems like a race between Mutt Haugen and Dale Johnson . . . reason . . . transfer Benepe. No more gas bills, Hall . . . Sally's in college now. World series prove profitable to some Sigma Chi's. Wallace has in the ins—girls lost . . . took the fellows to the show . . . Nice system for dates. Flash! wedding bells for Marylou and Stubby. Kay Ring traveling incognito . . . is the sun too bright, Kay. Snow doesn't bother Knuckles . . . if he wants to break thru a football line . . . nice work . . . Must have been too cold for the cheer leaders at Home Coming . . . it wasn't cold boys. What league are you battin' in this year, Johnson?

Who Nose?

Science Group Meets Here

The Montana Academy of Science and the Montana Education Association are to hold meetings here at Montana State College on October 31 and November 1.

The Montana Academy of Science is an organization which was drawn up a year ago in order to perpetuate an interest in the fields of scientific work. It is divided into two divisions: the Physical Sciences and the Biological Sciences. Professor Schilling is in charge of the Physical Sciences. Dr. R. T. Clark of the Animal Husbandry Department is Treasurer of the organization. F. A. Barkley of the State University at Missoula is secretary, and G. B. Castle of the University is President. Dr. H. B. Mills of Montana State College is First Vice-President.

It would be appreciated if all people interested in science would attend these meetings.

Agronomy Team Goes To Portland

An agronomy judging team composed of John Gibler of Choteau; Walter Nelson of Fromberg; Dale Smeltzer of Ollie; and Robert Bucher of Hanover; alternate, will represent Montana State college in competition this week at the Pacific International Livestock exposition at Portland, Ore.

The team, accompanied by S. C. Litzenger, coach, left for Portland Monday and will judge on Wednesday and Thursday.

Fifty Students Receive Honor Scholarships

Fifty Montana State college students will have their road to higher education eased next year through honor scholarships awarded because they reached a scholastic average of 88 percent or more and met other qualifications, announces Registrar W. H. McCall.

The scholarships are worth \$45 and were awarded by a faculty committee for work done during the 1940-41 college year. Each student was required to carry 40 credits each quarter before being eligible for the scholarship.

Students earning scholarships are: Alma Abernathy, Belt; Matie Allport, Billings; Mildred Anderson, Deer Lodge; John Behlen, Culbertson; Howard Boehmer, Miles City; Ralph Challender, Bozeman; Richard Chambers, Shelby; J. Robert Cloninger, Gallatin Gateway; Sarah Davis, Bozeman.

Lewis DeFrate, Minot, North Dakota; Robert Durnford, Florence; Frank C. Eaton, Union; Thomas Ellis, Townsend; Dolores Emigh, Butte; Warren Faus, Terry; Barbara French, Bozeman; Gladys Gaines, Bozeman; Richard Gluyas, Miles City; Pauline Hart, Sidney.

Cecil Hess, Denton; Blain H. Hoffman, Great Falls; Lester Hogan, Great Falls; Elinore Hollier, Bozeman; Yokitchi Itoh, Three Forks; Norman Jennings, Kalispell; Bernal R. Johnson, Bozeman; Theodore Johnson, Joliet; Wm. Louis Kelly, Maudlow; Fred Krings, Lewistown.

Charles B. Krohne, Livingston; Bernard Lea, Absarokee; Kenneth

Lebsock, Fairview; Don Gordon Lee, Sun River; Helen Long, Bozeman; George Lunday, Billings; Virginia Miller, Carlyle; James Monger, Butte; Gladys Nelson, Fromberg; Margaret Noble, Saco.

Arthur Parsons, Helena; Charles Zusicka, Billings; LeRoy Sands, Bozeman; Joe Schmit, Lewistown; Robert Shennum, Ronan; Jane Sherman, Terry; Robert C. Simkins, Bozeman; William J. Swartz, Wibaux; Margaret Thurston, Billings; Eugene Turner, Wolf Point. Grace Marie Waldrop, Winnett; Eugene Wekander, Froid; Rachel Wilson, Edgar; Tom Wimet, Florence; J. Stewart Wright, Oswego.

Students Urged To Check Immunities

Please note the statement regarding communicable diseases among students (in the Student Hand Book).

Expenses for illness from diphtheria, scarlet fever, smallpox, and typhoid fever shall not be paid from the health fund in cases of un inoculated and unvaccinated students. Immunity or susceptibility to certain disease must be determined annually at the Health Service.

Your Last Chance
to get Walt Disney's

Song Book

FREE

with the purchase of a bottle of

PARKER
Quink

at only 15¢

No box-tops to send—no waiting—
just get this quick-drying, pen-cleaning
ink at your retailer's and receive
your Song Book right then and there!

We might have known that such a swell offer would soon exhaust retailers' supplies, but we didn't dream it would happen so fast. If you don't find any left at the first store, try a second. But act without delay, to be safe.

And when you fill your pen with Parker Quink, be sure to try it without a blotter. See how fast it dries ON PAPER—21% quicker than average of 4 others. And see how beautifully your pen works—a Parker or ANY OTHER. For Quink contains a secret agent that dissolves deposits left by pen-clogging inks. That's really why we created Quink—to guard pens from sediment and gum that stop the flow.

Quink will help keep your pen in your hands and out of repair shops.

To induce you to try it, we are giving Disney's Song Book FREE when you buy Quink for 15 cents. Better clip out this announcement as a reminder. It's probably your last chance.

The Parker Pen Company, Janesville, Wisconsin.

Fang Mixer In Sub Thursday Starts M Day Activities

M Day activities will officially begin Thursday night when the Fangs sponsor a mixer in the student union ball room. Out and out purpose of the mixer will be to put the freshmen into the spirit of the things that are to follow on Friday. Everyone is on the invitation list whether you be with or without a date—makes no difference now. No hard feelings either way.

With dancing scheduled from nine until twelve, Ed Chauner will do his best to fill the bill of danceable tunes. Joe Pahl is social chairman of the Fangs and in charge of the mixer. Come one! Come all! Upperclassmen and freshmen alike!

Mortar Board Plots Year's Activities

At a meeting last week, the M. S. C. chapter of Mortar Board held a discussion of activities to be carried out this year. Among those activities under discussion by the group were the traditional Mortar Board ladies' choice formal, the spring style show, and Orientation classes. Other activities discussed were Smarty Parties and Marital Relations classes.

Since only five of the original six active members for this year returned to school, Betty Ford will act as both Vice President and Secretary. The absent member is Dorothy Rigg who transferred to another school.

From The Quads

Jean Rilla of Glendive became the president of the Marshall House council at an election held on October 1. Other officers include Mary Slayton, Secretary-Treasurer; Peggy Boller, Council Member; and Marian Samanan, Reporter to the Exponent . . .

Chatter On Matter

Well, lads and lassies, now that the mad scramble of registration is over, that rusher and rushee have given their all—and everyone is settled in their respective places, we will try to give numerous suggestions in this column which we hope will be helpful to all. A subject always close to the feminine heart—we know—is the "right" look—at all times—whether it be clothes, make-up or a hair do. Even if our male element won't admit it—they are just as clothes conscious, in their own insignificant way! So, here will be the place to read up on fashion! Again, a helpful hint may be along the line of conduct. We all want to act our best and do the right thing at the right time; suggestions may apply to formal-dances, firesides, or "just dates" off campus. This bit of weekly information is designed for freshmen in particular, to help them adjust to their newest form of living; however, 'tis still the old story . . . that all of us are never too old, to learn something new! So, on your toes, fellow colleagues, send in your suggestions on what you want in YOUR Chatter on Matter column. We will do our best to follow them.

Social Calendar

October 9, Thursday, Fang Mixer.
October 10, Friday, M. Day.
October 11, Saturday, Lambda Chi Alpha Fireside, Sigma Chi Fireside, S. A. E. Barn Dance, Phi Sigma Kappa Fireside.
October 17, Friday, Alumnae 4-H All School Mixer.
October 18, Saturday, Ag Ball
October 24, Friday, Scabbard and Blade All-School Mixer.
October 25, Saturday, Butte Game.
October 31, Friday, S. A. E. Pledge Fireside.
November 1, Saturday, Chi Omega Fall Party, Kappa Delta Fireside, Phi Sigma Kappa Fireside.
November 5, Wednesday, "Mr. Jim Passes By" Little Theater.
November 6, Thursday, "Mr. Jim Passes By" Little Theater.
November 7, Friday, Mortar Board Formal.

November 29, Saturday, Alpha Omicron Pi Fall Party.
December 5, Friday, Lambda Chi Fireside, Kappa Sigma Fireside.
December 6, Saturday, Pi Beta Phi Fall Party, Kappa Delta Fall Party, Registration.
December 19, Friday, Quarter ends.

Greek Gossip

Formal pledgings have been most popular among the women's houses this past weekend, but Pi Beta Phi and Alpha Gamma Delta have gone the others one better by slipping in an initiation too . . . New members (full fledged) of Alpha Gamma Delta are Marian Dyas, Shirley Green and Donna Vee Reese . . . In Pi Beta Phi for good are Helen Butterfield, Frances Galt, Betty Hall, and Virginia Campbell . . . Lost, strayed, or stolen: One scholarship cup from the Alpha O's brand new abode; return of the same will be greatly appreciated and no questions asked . . . Aren't the fellows lucky so early in the season, what with both the Alpha Gammas and Chi O's trustingly introducing their new pledges to them at simultaneous "tea dances" last Saturday after the Homecoming Game . . . Congratulations to Kappa Delta on their winning float in the parade on Bobcat Day; it was a honey . . . Mrs. Tuft, Province President for Pi Beta Phi arrived today for a short inspection visit of their chapter here . . .

. . . In spite of the fact that Rush Week for the fraternities has been over for two weeks, pledging of new men is still in vogue with Sigma Chi roping in Thad Helver, Jerry Thompson, and Tom Fagrellius; and Pi Kappa Alpha pledging Walter Luke, Donald Humphreys, and Merrill Ricius . . . Edwina Carlson and Billy LePalme are pre-

rush week pledges of Kappa Delta . . . And congratulations are in order for Marjorie Reardon, K. D. and Floyd Steward of Butte . . . and Sigma Alpha Epsilon announces the pledging of Ted Hennings, Chicago, Illinois; Frank Moser, Bozeman; Allan Bradley, Dillon; Kent Larsen, Long Beach, Calif.; Lloyd Sandiland, Bozeman; Norman Simonich, Whitehall; Milton Clawson, Whitehall.

Modern dance meeting at 7:30 Thursday, October 9 in the little gym.

At the Theatres

ELLEN

Thursday-Friday-Saturday—"Tom, Dick and Harry" with Ginger Rogers, Allan Marshall, Burgess Meredith, and George Murphy.

AOPi's Occupy New Home On Fifth Avenue

A. O. Pi's new house which is now nearly completed is the first house built for a sorority on the M. S. C. Campus. The building itself is constructed in Georgian style and consists of three floors and a basement and all of the most modern and practical fixtures and arrangements to be desired in a sorority house. The first floor is composed of a living room and dining room, a room for town girls, library and a large sun room surrounded by glass. A feature of this floor is an office for the officers of this organization where all the sorority records are to be kept. There is a terrace facing west with entrance to the kitchen, sun room, and main hall.

On the second floor the girls have dressing rooms, studies, a small pressing room, and closets, one made especially for evening clothes. On this floor also is the Miss Ritchie's suite.

The third floor is filled mainly with the sleeping quarters which are two large dormitories. There are studies off of these rooms besides storage space and a large cedar lined closet. The studies are large enough for either two or three girls to do their studying.

In the basement which is finished in knotty pine is the recreation room. This room is separated from the sorority chapter room by large sliding doors and the two may be opened into one large hall for dances and banquets. A dumb waiter connects the downstairs with the kitchen. Besides these two main rooms in the lower part of the building is a storage room for larger trunks and luggage, an adequately equipped laundry and a smoking room.

The ideas for the house were taken from the sorority group at large and all the furniture and decorations were selected by the active chapter. The house is being financed so that there is no increase in the cost of board and room and so that the girls living in the house may have all of the advantages possible at the lowest cost.

The designing of the building was done by Mr. H. C. Cheever of the Architectural Department of the college and the construction was done by Ingolph Johnson.

NOTICE

Girls interested in rifle marksmanship meet in the south barracks Wednesday, October 8 at five o'clock.

Warning to all Freshmen: Next week is the first Freshman Round-up week. Look to your laurels.

49 Juniors Are Selected To Take Advanced Military

Forty-nine junior students of Montana State college have been taken to the advanced course in Military Science. According to an announcement made by Lt. Col. Hea this is the largest number of appointments granted the college since the course was installed here.

The juniors selected to take advanced military are: Vearle D. Addy, William N. Alexander, Roderick T. Aulclair, Frank D. Bates, Orin F. Beller, George H. Biddle, Ernest E. Bruffey, William E. Cowles, Dan R. Cox, James H. Dickson, William Downs, Edwin W. Emerson, Henry E. Gerry, George E. Gleed, Glenn F. Golden, Donald M. Gumprecht, Arthur Grinde, Charles A. Harnish, Emmett Haugen, John E. Haugen, Cecil E. Higgins, Frank M. Howard, Dale A. Johnson, Emil O. Kindschy, James L. Krall.

Also selected were: Conrad A. LaSalle, William J. Leary, Wilbur C. Liquin, Donald E. McKee, Eli Milodragovich, James W. Mooney, Otho D. Murray, Gaylord W. Muselman, Ashley W. Neel, Allen P. Nelson, Harvey H. Nelson, Kenneth R. Nuckills, Kent P. O'Kelly, Carl E. Ostenson, Joe W. Pahl, Fred Richardson, John J. Rousseau, Robert H. Schellin, Donald M. Shawhan, Everette E. Shuey, Richard C. Smiley, Robert W. Stachwick, Fred Tietjen, and John Toohey.

Selection to advanced military leads to a second lieutenant commission in the United States Army Reserve after graduation.

Marriage Unites Harper and Fjeld

At a ceremony solemnized Sunday afternoon, October 5, at the bride's home in Havre, Mary Lou Harper, Pi Beta Phi became the bride of Carl Fjeld, Phi Sigma Kappa of Scohey. Anne Greenfield, Havre, and Pierce Patterson, Edgar, sorority sister and fraternity brother of the bride and groom, attended the couple.

Both the bride and groom were popular students at M. S. C., and after at wedding trip to the west coast, they will return to Bozeman in order that "Stubby" may finish his last year of college. They will be "at home" at 520 S. 8th after October 12.

NOTICE

The Scabbard and Blade mixer originally scheduled for this weekend has been moved up to Friday, October 24, the night before the Grizzly-Bobcat game in Butte.

Big-Little Sister Get-Together Held

Sunday afternoon at 3 p. m. the Student Union lounge took on an entirely different appearance, due to the fact that it was filled with girls instead of boys. The occasion was a Big-Little Sister get-together given by A. W. S.

Seated on the davenports, chairs, and the floor, 199 freshmen with their big sisters listened to Frances Peterson, President A. W. S., and Dean Ethelyn Harrison wel-

come them to M. S. C. The first orientation meeting was explained and Presidents of various women's organizations were introduced. Variety in the afternoon was furnished by Mary Meadows and Jean Haynes who gave readings and by Mary Jane LaCross, who expertly played some of her own arrangements on the piano. The singing, led by Mickey McKinlay, gave a fine finish to that afternoon meeting and then all 199 freshmen and their big sisters tried to get into the coffee shop for a coke. You know the results.

Artists Show Summer Projects

Two exhibits are now being shown in Herrick Hall for a two week's period. One of these is the display of summer projects of all last year's art students, which includes water colors, sketches and etchings. The other is an exhibit of the water colors, drawings and etchings done by the eminent American marine artist, Charles W. Woodbury. This is being sponsored by the Bozeman chapter of the Federation of Arts.

They all cheer Parker's
SUPER-CHARGED Pen
—a Third More Ink

than average of three well-known sac-type pens—
due to revolutionary One-Hand Sacless Filler

The Pen with the smart Arrow Military Clip and the Oil-Smooth, Lubricated Point that won't wear scratchy in a lifetime!

No matter what pen you may happen to be shown first, don't make the mistake of making a purchase until you have seen and tried the Parker Vacuumatic—there is nothing else like it.

This is largely due to the Parker Laboratories, staffed by able scientists in physical metallurgy, chemistry, engineering. No other pen-maker we know attempts the research and development that go on daily here.

Today, in the world of science, it is known that Parker achievements mark the march in Pen progress.

Known far and wide as THE JEWELS of PENDOM, Parker Pens and matched Pen and Pencil Sets are the choice of 50 million people.

So remember, don't buy until you try Parker. Parker's Blue Diamond is a Life Guarantee Contract—makes pens so marked cost less than the poorest.

The Parker Pen Co., New York, Chicago, San Francisco. Factories at Janesville, Wisconsin and Toronto, Canada.

©OPR, 1941, THE PARKER PEN CO.

Parker
VACUMATIC

Parker's Blue Diamond on the pen is our Life Contract unconditionally Guaranteeing to service the pen for the life of the owner except for loss and intentional damage, subject only to a 35¢ charge for postage, insurance, and handling, provided complete pen is returned for service.

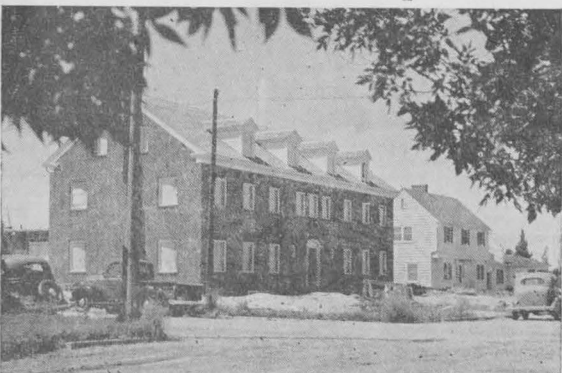

Maxima, \$10
Major (illus.) or
Debutante, \$8.75
Junior or Sub-Deb,
\$5
Writefine Pencil
to match,
\$3.75 to \$5

- 1—Parker's 14 K Gold Point is utterly different, finer-textured and much less brittle than ordinary 14 K Gold.
- 2—It is tipped with oil-smooth Osmiridium, developed under the direction of Dr. Robert Pickus, chief Parker metallurgist, former instructor of metallurgy at Yale University.
- 3—Parker's One-Hand Sacless Filler—a basically better

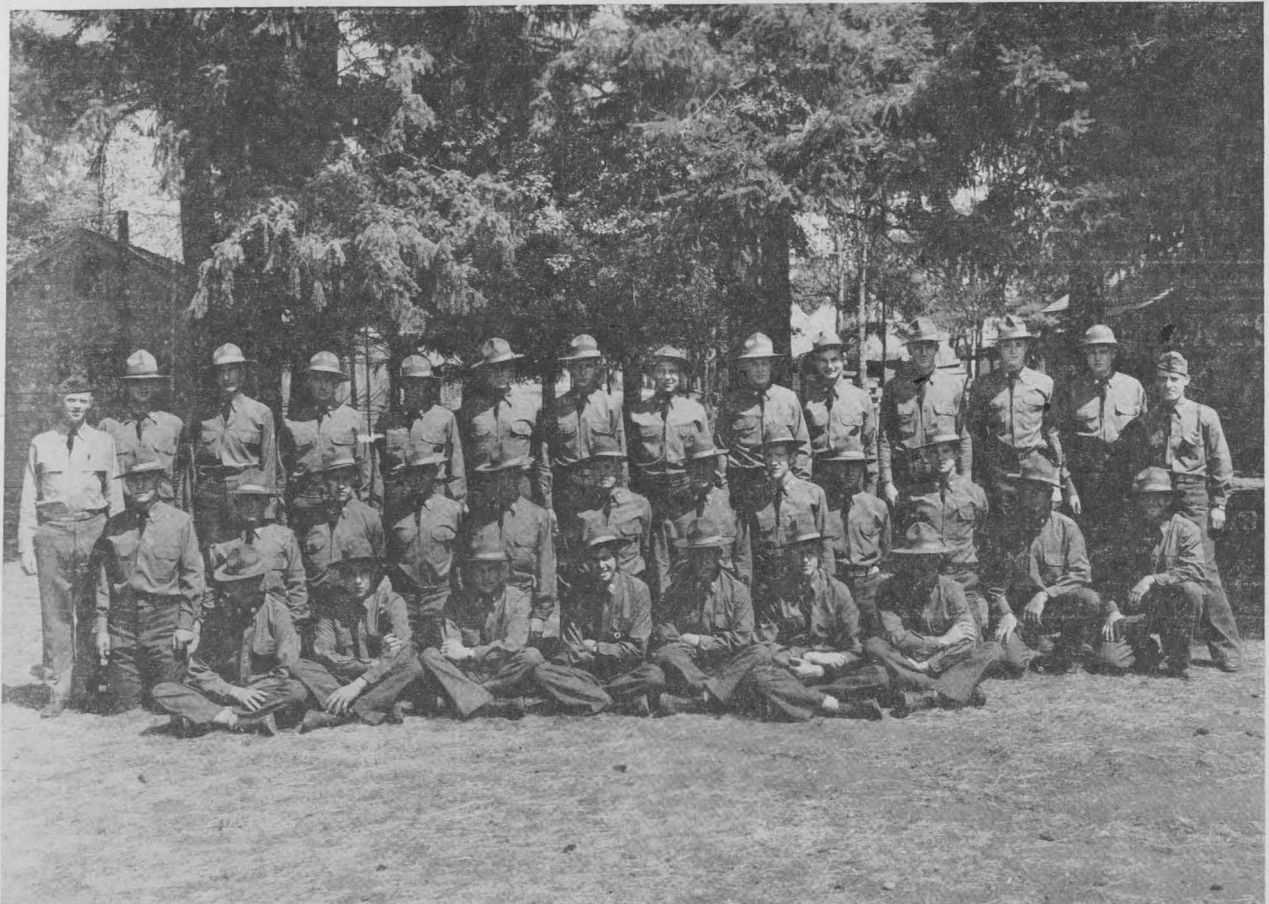

- principle and the easiest of all to operate—makes room for about a third more ink than the average of three well-known sac-type pens, and substantially more than any one of them.
- 4—Parker's patented Television barrel lets you SEE when your pen needs refilling.
- 5—Parker's smart laminated styling—streamlined Pearl and Jet RINGS—as shimmering as velvet—is wholly exclusive.

CLEAN YOUR PEN AS IT WRITES BY USING PARKER QUINK, THE PEN-CLEANING INK, 15¢ AND 25¢

New Home On Campus

The beautiful home of the Alpha Omicron Pi sorority is the first of its kind to adorn the Montana State campus. Since this picture was taken landscaping has started, and an attractive front portico was added. White shutters now shield the windows.

R. O. T. C. RIFLE CHAMPS OF FT. LEWIS, WASH.

Competing against R. O. T. C. units from the University of Idaho, University of Washington, Washington State College, University of Oregon, Oregon State College and University of Montana, this group of cadets from MSC hit the highest team average in rifle marksmanship during their six weeks' encampment at Fort Lewis this summer. Sitting in front row positions are the seven men who gained the rank of experts in their rifle marksmanship. They are; left to right, Sam Lenz, Dean Kiel, Lew Thompson, Don McLaughlin, Jim Hea, J. B. Annin, George Wallace. Second row, kneeling, Paul Holzer, Charles Pew, Wiley Galt, Reg Davis, John Hilton, Sid Gustafson, Frank Wolcott, Bob Simkins, Rno Reinemer, Charles Harrington, John Younglove, Lynn Martin. Standing, Lt. Rick Roman, Al Ralston, Ed Conrad, Jim Travis, Wendell Scabad, Don Schmidt, Stan Milesnick, Clifford Vaughn, Paul Boylan, Joe Herman, John Hall, Jim Stevens, George Peterson, Sergeant Viox.

25 Engineers Placed In Defense Jobs

With defense industries and services urgently in need of all the college-trained engineers they can obtain, and with other industries also seeking college-trained men, engineering graduates of Montana State college are finding a ready demand for their services. W. M. Cobleigh, dean of the division of engineering, said today in announcing the placement of 25 members of this year's graduating class.

Of this group, four are engaged in duties in the army or with the war department, three are employed by aircraft companies, nine are working with electrical firms, and the remainder are with various manufacturing concerns.

Kenneth A. Martin of Helena, graduate in civil engineering, and Raleigh I. Ahern of Bozeman, graduate in mechanical engineering, are employed by the Boeing Aircraft corporation at Seattle, Wash.

Harvey L. Knebel of Glendive, mechanical engineering graduate, has accepted a position with the Pan American airways at San Francisco, Calif.

Thorvald Risdal of Kalispell, graduate in civil engineering, is a junior inspector in ordnance, war department with headquarters at Los Angeles.

Raymond J. Lakey of Missoula, chemical engineering graduate, is a second lieutenant in the army and is stationed at the Edgewood arsenal in Maryland where he is with the chemical warfare division.

Willard C. Hurdle of Billings, civil engineering graduate, has accepted an appointment with the army engineers and will be stationed in Trinidad.

Charles A. Herstrom of Minneapolis, Minn., graduate in industrial engineering, is a second lieutenant in the U. S. army and is stationed at Fort Lewis, Wash.

Employed by the General Electric company at Schenectady, N. Y., are the following electrical engineering graduates: Lewis C. Ford of Lima, William R. Fraser of Harlowton, Theodore T. Heberly of Fort Shaw, Fred T. Parker of Hamilton, and Merrill T. Slind of Avon.

The following graduates in electrical engineering are employed by the Westinghouse Electric and Manufacturing company at Pittsburgh, Pa.: James S. Cummings of Helena, Johan Rheinhard de Graaff of Huntley, Joseph T. McGeever of Anaconda, and William A. Smith of Phillipsburg.

William B. Vestal of San Francisco, industrial engineering graduate, has accepted an appointment with the International Harvester company at Springfield, Ohio.

Thomas W. Hurdle of Bozeman, civil engineering graduate, is employed by the Babcock and Wilcox company at Barberton, Ohio.

George E. Kanta of Bozeman, graduate in mechanical engineering, is a mechanical engineer with the Hoover company at North Canton, Ohio.

Elmer Denson of Galata, engineering physics graduate, is employed with the Magnolia Geophysical Research corporation in Texas.

Thayer E. Landes of Livingston, mechanical engineering graduate, has a position with the Foster-Wheeler company in New York City.

Dwayne W. Cunningham of Sunburst, graduate in chemical engineering, is employed by the Texas company at Dallas, Tex.

Russell C'ndee of Poplar, mechanical engineering graduate, has accepted an appointment with the John Deere company at Marshalltown, Ia.

Arthur A. Klebba of Dillon, graduate in engineering physics, is working in the research laboratory of the Hygrade Sylvania corporation, Cambridge, Mass.

Fred Coensgen of Belt, engineering physics graduate, will do graduate work in physics at the University of North Carolina, Chapel Hill, N. C.

Radio Classes Are Planned For Fall

Classes in Radio Theory and Code have been planned for this year by Rho Epsilon, for anyone interested in amateur radio. At the meeting in the Engineering building Thursday night at 7:30, plans for a one kilowatt transmitter to operate on all amateur bands, phones and codes were discussed. This transmitter is now under construction and nearly ready for C. W. operation. The club's 100 watt phone transmitter will be available for use until the larger transmitter is completed. Connecting W7HIX, the club station located in the Electrical engineering laboratory, with national defense networks was a vital and interesting discussion.

Bobcats Hold Tough Miners To 0-0 Tie

Staging a battle in an almost continuous rain and snow, Montana State's Bobcats and the Colorado Miners emerged from the muddled field in a scoreless deadlock, and left the question of the conference leadership still a puzzle.

The battle seemed to be on even terms throughout with both teams making scoring threats and executing plays very well considering the soaked ball and a slippery turf. The Miners held a slight edge in yardage, but the Cats led in first downs and punting distances.

Soon after the game got under way, the Bobcats drove to the Colorado nine yard line only to find the Miner's line tightening and holding the Cats on downs after poor footing spelled a setback.

Fans emerged from their blankets in the second period when second-stringer Phillips sprinted nearly fifty yards to the Bobcat 11. The Miners pushed it to the seven and lost the ball on downs. Again coordination of the teams with the adverse conditions was poor and the second scoring threat was checked.

Bobcat Zupan almost got away in the third period for a counter. Unable to gather speed, he was brought down on the visitors' 28. Later in the quarter, Anderson of of Cats received a punt deep in his own territory, ran it fourteen yards, and then quick-kicked to put the Miners against the wall.

The Miners started the final period by a 31 yard pass followed by a well executed play that brought 17 yards more. The Bobcats checked the offensive on their 28 and the game ended in a scoreless tie.

Both the Miners and the Bobcat bands were on hand to add color to the home-coming game which was preceded by a well planned parade that marched through Bozeman streets in a drizzle of rain.

Veteran End

George Wallace . . . is one of the seniors playing his last year with the Bobcat gridders. Always an offensive threat due to his pass grabbing ability, Wallace can also be counted upon to break up any plays aimed at his end of the Bobcat forward wall.

Girls' Fall Sports Start This Week

With school getting into a groove, coeds are beginning to think of ways of relaxing. To help them to do this, W. A. A. activities have started. Recreational swimming began Monday with the hour of four to five. On Tuesdays and Thursdays the hour is five to six and on Fridays from two until four. A life guard will be on duty at all times.

Also starting this week will be volleyball and girls have begun to sign up for it. Practices will be held every night from five to six in the small gym. A round robin tournament will start in the next week or so.

Hike enthusiasts will have a chance to show their ability on "M" Day—providing the weather permits. Girls interested in making the first hike of the year should meet in front of the Student Union at 7 o'clock Friday morning.

W. A. A. Heads Speak At General Meeting

W. A. A. started its year's program with a meeting of girls old and new who are interested in athletics. Dorothy Schaal, president, gave a short talk and introduced Miss Miriam Hart and the managers of the various sports. Those especially emphasized were the fall sports which include volleyball, modern dance, archery, hiking, rifle marksmanship and swimming.

Art Exhibit In SUB Planned

Plans for exhibiting art students' work in the Student Union Building are being considered by Miss Leigh, SUB director and the Art Club. It is felt that other students on the campus would be interested in the work done by majors in the art department.

Also discussed at the recent Art Club meeting were projecting the annual Art Club Bazaar, continuing the annual membership in the American Society of Print Collectors, and helping Delta Phi Delta with its annual Arts Ball.

INTRAMURALS

Various organized men's groups begin their battle for intramural championship plaques October 18th when the annual Cross country run is held. Several changes have been made in this year's program; league basketball moving to winter quarter, and boxing, wrestling and swimming becoming fall quarter sports.

Subject to change in dates, the program for fall is:

Cross country	Oct. 18
Volley Ball	Oct. 20
(senior and juniors only)	
Swimming	Nov. 8 and 10
Boxing	Nov. 24 and 26
Wrestling	Dec. 2 and 4

Intramural winners for 1940-41 were:

Cross Country	Ernest Bruffey
Volleyball	Sigma Alpha Epsilon
Basketball (blue league)	Sigma Alpha Epsilon
Basketball (gold league)	Sigma Chi
Ping Pong	Charles Osborne
Swimming	Co-ops

Boxing—	
120 lb. class	Yates
127 lb. class	Lillis
135 lb. class	Higgins

145 lb. class	Clark
155 lb. class	Rivers
165 lb. class	Krall
175 lb. class	James
Heavy class	Peterson
Team championship	Independents

Wrestling—	
121 lb. class	Hagerman
128 lb. class	Jacobsen
136 lb. class	Hill
145 lb. class	Murphy
155 lb. class	Olson
165 lb. class	Bruffey
175 lb. class	McDonald
Heavy class	Arnold
Team championship	Independents

Foul Shooting	Sigma Chi
Indoor Athletics	Sigma Alpha Epsilon
Skiing	Sigma Chi
Handball (doubles)	Wearne and Stanfield
Handball (singles)	Angermier

Relays (880 yards)	Sigma Alpha Epsilon
Relays (440 yards)	Sigma Chi
Softball	Sigma Alpha Epsilon
Baseball	Sigma Chi
Horseshoes	Kelly
Tennis (singles)	McCarvel
Tennis (doubles)	Mattill and McCarvel
Track and Field	Sigma Chi

SPORTS in the SPOTLIGHT

by Hank Young

Where does Montana State stand in the Rocky Mountain Conference? Well, at the present in a good spot, but the biggest hurdle will probably come Saturday when the Cats travel to Colorado Springs to tangle with the Colorado College eleven on apparently even terms.

The Bobcats have to their credit an easy victory over Western State and a tie game with Colorado Mines. This tie will not necessarily be counted against the team, but a win by another team would take precedence over a tie.

Judging from Saturday's showing, the Bobcats do have a definite deceptive offense that might have functioned in Montana's favor had the weather permitted. When asked what brand of ball was played on the muddy field with a snowstorm underway, Coach Dyche stated definitely that the boys played a good game and perhaps had had to be more resourceful that they might have been with better conditions.

Colorado College was Conference champ last year and it has been hitting no mean stride this season. This will be a tough encounter and besides C C will be playing on its own field which is always an advantage to a team. C C possesses power in the backfield and the game may be a test of the value of deceptiveness against sheer power.

If Colorado is beaten, the Bobcats will in our estimation, be the champions of the 1941 season;—if they lose, Colorado College will probably keep the crown. And so there is more than a single game at stake this coming Saturday.

According to Elms of the Kaimin, "This is Montana's year." We are not so sure that he is not right. The Bears have been hitting a high spot of late and unless they get high centered, the Butte scrap may mean the end for the flower pot city kids. Nevertheless three weeks remain before the duel, and there may be a few surprises uncovered. We have yet to figure out why last year's encounter was so close when some corners had boastfully predicted a lop-sided score?
