Defense and M. S. C.

By James Dickson

Businessmen . . . .

There have been many students wondering just what it is that took three of our students to the Harvard Business school a couple of weeks ago and just for purposes of clarification, here is the substance of a letter received by Col. Hea from Don Frisbee, one of the men who was accepted in the course from M. S. C.

As you probably know, Harvard Business is offering a special course in Business Administration at the end of which those juniors or seniors (it is limited to them) will receive a degree in Business Ad. and a 2nd lieutenant's post in the Army Quartermaster Corps.

The letter I mentioned tells that there is a possibility of another course starting June 15th. This is the last course to be offered and about 100 men will be accepted.

Financially, though the cost is high, there are jobs open for students, for example, two of the men from here are now working in the library there for $40.00 per month. The tuition is $1200 payable in four installments of $300 each. Board averages $36.00 per month and room costs about $300 for the entire eighteen months of the course.

Finally, the letter advises that anyone who is interested in the course to send in his application two or three weeks early. These are available through Col. Hea.

Marines . . . .

Lt. Don Beck has returned to enlist those who applied for Marine officer's training and up until yesterday evening the following twelve men had been signed and their physicals passed.

There has been a change in the number of men to be enlisted since Lt. Beck's last visit and now six sophomores and six freshmen may be enlisted. On his last visit, Lt. Beck had authority to enlist only one Sophomore and no freshmen. This will offer more opportunities for more underclassmen who are interested and Lt. Beck will be here today to see anyone who is interested.

Enlistees . . . .

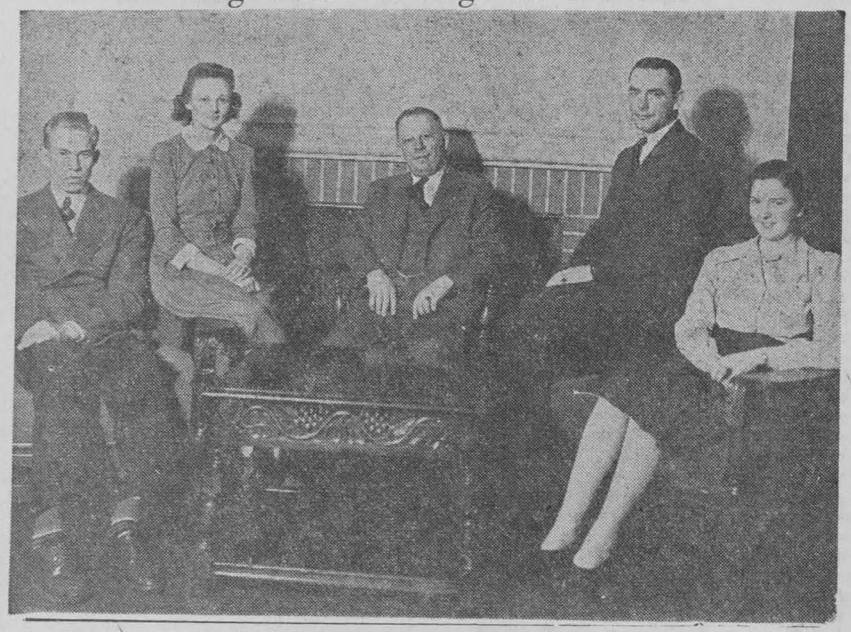

Twelve men enlisted in the Marine Corps Reserve for training as leading to commissions in that branch of the service. They are: J. P. Wagner, Bill Rivers, Ken Baugh, Wes Macheledt, Dan Cavanaugh, Jim Cassidy, Don Stanfield, George Corry, Palmer Anderson, Jim Emery, Garth Culp and Howard Shearer.

Under this plan these men will be allowed to finish their college education at which time they will enter training for a Marine Reserve commission.

NOTICE

In an effort to keep our alumni informed and to establish desired connections Dean Harrison has requested that all persons knowing the location of alumni or any former students in the armed forces of our country turn this information in to her office.

Big Guns For High School Week

Shown above are the chairmen in charge of the 1942 High School Week to be held at Montana State College April 30, May 1 and 2. Left to right: Owen Wirak, Butte, men's student co-chairman; Elizabeth Ford, Helena, women's student co-chairman; Professor Merrill R. Good, general chairman; James Travis, Sun River, men's student chairman; Vivian Tretsven, Bozeman, women's student chairman.

Merrill Good Picks Four Main Student Assistants

Student aides to Professor Merrill R. Good, general chairman of the student-faculty organization in charge of 1942 High School Week are James Travis, men's student chairman; Owen Wirak, co-chairman, Vivian Tretsven, women's student chairman, and Elizabeth Ford, co-chairman. Professor Good has chosen these four to head the 30 students which make up the student portion of his husky organization. They were chosen "in recognition of their leadership and by virtue of their ability, demonstrated in work on previous High School Weeks." These important posts will culminate the college careers of these outstanding students, prominent for their active participation in campus activities.

Jim Travis, a senior in agricultural education and a member of Alpha Gamma Rho fraternity, is from Sun River. Travis is a member of the Student Senate, Chairman of the Bookstore Board, a captain in R. O. T. C. and a member of Scabbard and Blade.

Vivian Tretsven is a senior, enrolled in physical education and lives in Bozeman. Her campus activities have included such responsible positions as president of Spurs, chairman of Women's Day, vice-president of A. W. S. council, president of the Independents' A. A. club, member of the Senate and member of the Student-Faculty Relations committee. She has achieved many other distinctions.

Owen Wirak, a senior, has been president of Kappa Sigma fraternity, a member of the Interfraternity Council, a member of Alpha Zeta, and a member of the Student-Faculty Relations committee. He has served on the Exponent and among numerous other activities has instructed collegiate fencing during the past two years. Wirak is from Butte.

Betty Ford, women's co-chairman, transferred from Colorado Women's College as a sophomore. In three years here she has been president of Alpha Omicron Pi, vice-president of Mortar Board, a member of the Pan-Hellenic Council, and a member of the Student-Faculty Relations committee. She

Three Comedies Revived For Pre-Test Week Splurge

The Phi Sigma's revival of those old-time movies was such a success that they have decided to present another group of side-splitting comedies of the past.

"Tillie's Punctured Romance" is the main feature. It is a full-length comedy starring Marie Dressler and Charlie Chaplin. In addition, there will be a Harold Lloyd picture, "Never Weaken." This picture deals with Harold Lloyd's exploits atop a skyscraper. A Micky Mouse comedy, "The Haunted House," will also be shown. Adding to the atmosphere will be Mary Jane LaCross playing the piano. This, of course, will be in "ye olde fashioned style." Last, but not least, there will be a new set of Phi Sigma slides. The question this time will be "Why Does a Chicken Cross the Road?"

These pictures will be shown this coming Friday and Saturday, March 6 and 7, in the Engineering Auditorium at 7:30 p. m. There will be an advanced ticket sale Thursday and Friday afternoons in the Student Union. If these advance ticket sales indicate a heavy crowd, there will be two shows Friday night.

Cropp Will Give Religion Course

A course in religion is being offered in the spring quarter this year for the first time. Miss Alla Belle Cropp will be in charge of the course to be entitled "The Life of Christ." Miss Cropp has Bachelor's and Master's degrees from eastern colleges, has studied in England, and has traveled widely. She is at present Director of Religious Education for the Presbyterian church in Bozeman. The course is listed as History, 121.

The present year is the first time a course in religion has been offered each quarter. In the fall quarter the Rev. P. H. Pollock conducted a course in "The Meaning of Religion," during the winter quarter, the Rev. J. R. Hesteness has had charge of a course on "The Prophets, their Lives and Prophesy." Student interest in these courses has been high, and if this continues, similar courses will be given next year. The courses are given without cost to the college since the minsters contribute their services and reference books are obtained largely from funds given by the Danforth Foundation of St. Louis.

Tomorrow Miller DiscussesSculpture

Alex Miller, noted lecturer on modern art subjects, is scheduled to appear at M. S. C. for a special talk on "Tendencies in Modern Sculpure" tomorrow. His address will be given in the gymnasium at nine o'clock.

Mr. Miller has lectured all over the United States, at Oxford and Cambridge and at the British academy, so that he is well qualified as an interesting and informative speaker. He illustrates his talks with appropriate slides. His work is done under the auspices of the American Institute of Architects, with money made available through the Wade Fund.

English Class Will Present Three Plays

As a project of the class in play production, three one-act plays will be presented free of charge to students, Thursday evening in the Little Theater, at 8 o'clock. The program was presented to a special audience of American Association of University Women, Tuesday night.

First of the group, "Hollywood Brat," centers around the life of a juvenile movie actress, played by Katherine Kane. Her mother and father are portrayed by Virginia Campbell and Gordon Lindner, with other character parts taken by Jean Fee, Roberta Wilson, and Mary Jane Wallace. Directing this farce is William Curley. The assistant to the director is Billie LaPalme and the stage manager is Helen RaeMcDermott.

"Piano Studio" was written especially for this program by H. J. Bolles. The plot centers about Milton Brown as Spencer Greene, who "makes the science and is a musician of the piano," and Martha Herman, cast in the part of Agnes Devereaux, the piano instructress. Fine characterization by Mr. Bolles, as Gusto, a chef, and Grace Ralph as Neva (Cecile Honore Geneva Chatelet) keep the action moving. As an adoring mother, Mrs. Grimble, Valine Meitzner, has great hopes for her daughter, Emmabelle, Edna Mae Hubble. Direction of comedy is handled by Martha and Henry Bolles; Louise Criswell is the stage manager.

Bridging the gap between "Piano Studio" and "Sidewalks of New York" is a streamlined melodrama, starring Mary Jane LaCross, Vie Wilkowski and Bill Saubert.

McCall Announces Procedure For Registration Day

Registration Day for Spring Quarter will be held in the Student Union ballroom on Saturday, March 7, from 8:00 a. m. to 1:00 p. m. At this time all students should register, even though they may be uncertain as to whether they will return for Spring Quarter.

All students planning to register should notice that the hours for registration will be from 8 to 1 instead of 8 to 5 as formerly and that a late registration fee of $2.00 will be charged any student who registers after 1:00 p. m. of Registration Day. This was done because it has been found that nearly all the students register by 12:00 anyway.

Final examinations for Winter Quarter will be held from 8 to 12 a. m., and 1 to 5 p. m. from Monday, March 9, through Friday, March 13, and from 8 to 12 a. m. on Saturday, March 14. 12 noon on Saturday, March 14 will make the end of Winter Quarter.

Faculty regulations regarding finals will be the same as usual and there will be no scheduled exams.

Letters To The Editor

Dear Editor:

This letter is in regards to the conspicuous absence of the greater majority of the faculty members at pep assemblies. This subject has been brought up before, I believe, but it seems as though it failed to have any effect.

We are well aware that they have a great amount of work to be done but on the other hand so do the majority of us. Also I would like to point out that they are most always present at educational assemblies whenever they come up. This is not only noticed but commented on by the student body. If they can spare the time for an educational assembly why can't they do the same for a pep assembly?

It does'nt take any more time for one than it does for the other and it would do a great deal toward bolstering the student body in that we would at least think the faculty were backing us. Faculty members of other colleges attend these assemblies so why can't ours?

Yours truly,
Ken Nuckolls.

has been on the Exponent and the Montanan staffs, has been active in Phi Upsilon Omicron, the Home Economics club, and the Orchestra, among other activities. Miss Ford, a senior, is from Helena.

On this group rests the responsibility of directing the work of numerous student-faculty committees in organizing a smooth-running three-day program of educational and inspirational value to the 1,200 visiting students, school administrators and teachers from high schools in all parts of the state who will attend the event.

With the theme "Keep 'Em Training," this year's High School Week program is being completely revamped to key it to the wartime training needs of the country. It will not only feature addresses by outstanding educational and civic leaders in keeping with the central theme, but it will also show the defense training work offered at the College and emphasize the part the institution is taking in the war effort.

NOTICE

The world famous Trapp family of Austria will present a concert here Sunday afternoon at 2:30 in the college gymnasium. Their program will consist of folk songs, romantic ballads, and other types of singing. Students will be admitted on their activity tickets.

MSC Unprepared to Grant US Wishes

Some interesting wartime requests are being received by President Strand from various government departments.

First he was asked if M. S. C. could provide homes and food for 600 Army Air Corps cadets.

Recently President Strand received an additional request from the Thirteenth Naval District. This asks if M. S. C. has the proper facilities to house and feed 850 radio operators. It asks, in addition, that they be instructed in a sixteen weeks' course. This course was to consist of touch typing (Navy Telegraphic Typewriter), sending and receiving the Continental Code at a speed of 15 words per minute, the Fundamental Radio Theory, and in physical exercise. M. S. C. was asked to provide the necessary material and text books also.

As one can readily see, M. S. C. is very inadequately prepared to grant such requests. It hasn't by any means, enough dormitories or class rooms even if it could find facilities to feed them and instructors to teach them.

Before this great World War is over, M. S. C. will probably receive many such requests.

Charles A. Duffy, 37-year-old New York city policeman, is enrolled as the oldest freshman at City college.

Registrar Gives Important Dates

The Registrar's office has announced a number of important dates for Spring Quarter which will be of interest to most M. S. C. students.

The first of these is that Commencement exercises will be held on Monday, May 25, at 15:15 a. m. At this time approximately 225 seniors will be graduated in full pomp and glory, and go forth into the world with their sheepskins tucked under their arms.

Examinations for all but graduating seniors will be given during the week ending May 29, and baccalaureate services will be held on Sunday, May 24.

Also on the Registrar's calendar is the date for Women's Day which will be Saturday, May 23. The committee has not announced other definite plans for this event as yet.

Independents Have Varied Meetings

A-A, independent students organization, this quarter has followed an educational meeting program, with three outstanding talks being the features. Dr. Sheppard spoke on "Chemistry and the War," showing what a great part chemistry is playing in this conflict. Wiljo Koski led to a better understanding of the Finnish people by telling about their contribution to democracy and about their distinctive traits. Nellie Warrior, with the third and final meeting of the quarter, described the habits, customs and cultures of the Montana Indians.

Next quarter will be started with a meeting the second Tuesday on parliamentary procedures and a short entertainment period.

Delta Phi Delta Initiates Two

Patty Flynn and Peggy Yates were initiated into Delta Phi Delta, the art honorary, on Wednesday the 25th of February. Initiation began at 5:30 in the afternoon and after the ceremony corsages were presented to the new actives and all went to the Student Union where a banquet was given.

During the dinner Robert Woodward took over as toastmaster and speakers were: Mrs. Olga Ross Hannon, Mr. Craig Shepphard and Miss Delores Emigh, the Delta Phi Delta president. Mrs. Hannon, the national president of Delta Phi Delta, spoke on the aims and ideals of the honorary. The dinner ended with stunts given by the new actives.

Comes Here For Ag Short Course Woman Sails Seas In Small Ship,

Probably one of the most interesting people to be found on the M. S. C. campus is Mrs. Thomas Dennis, short course student from the agricultural department. Her husband, who has a ranch near Sheridan, Wyoming, is also a short course student. What makes Mrs. Dennis such an amazing person has nothing to do with this, but with her sea-faring exploits.

One summer she sailed from New York to England on the great liner Bremen, but evidently such luxury was dull to her, so her next trip was made with a small group of people on a 75 foot ketch, when she went from England to Dakar, on the bulge of the continent of Africa, and back to the U. S. For 54 days they were on the water, without any trace of land, and she got pretty tired of that too.

Recently Mrs. Dennis won third prize of $50 in a women's fishing contest on the Florida Keys, where she succeded in landing a 171 pound tarpon in one and a half hours.

Along with all these little accomplishments, Mrs. Dennis is a trained nurse, but she plans to go back to ranching as soon as she and her husband finish their work up here.

Bobcats Ruin Grizzly Record With Two Wins

Montana State College evened the record sheet with the State University last week-end by defeating the Grizzlies, 44-30 and 46-42. The two wins over the highly touted Grizzlies climaxed the season for both teams and gave Montana State 14 victories against 8 defeats to top the University record of 14 wins and 10 losses.

In the opening game of the series, the Bobcats took command of the scoring within a few minutes after the opening whistle and were never again threatened. By piling up a 24-10 score by the half way mark, the Staters matched point for point the University attempts in the second period.

Jinx Anderson was high scorer of the game with 13 points and Will Jorgenson was second with 11. By this win, the College broke the University winning streak of 10 games over them by a margin greater than the Grizzlies could garner in their wins.

Saturday evening saw the Grizzlies determined to get back in the win column again, but last minute shots by Stark and Hodgson gave the Bobcats their second win over the Grizzlies, a tie in the series, and a better season's record than the Missoulites.

In the first half of the contest, the Bobcats soon went into the lead but were unable to gain more than a five point margin, and the half time score stood at 21-17. Soon after the game was resumed, the Staters piled up nine points lead, but the Grizzlies gradually closed in and tied the score at 34-34 with three minutes to play. Clawson eossed in a gift shot to put the University ahead with 50 seconds to play. The Bobcats quickly retaliated and dropped in five points to win the series.

Statistics Show Montana Is Second

College College defeated Colorado Mines Friday evening to give them third position in the Rocky Mountain Conference. Montana States is in second place, one game ahead of Colorado College, and one game behind Greeley State, the title holders.

	Won	Lost	Pct.
Greeley State	6	2	.750
Montana State	5	3	.625
Colorado College	4	4	.500
Colorado Mines	3	5	.375
Western State	2	6	.250

IMPORTANT NOTICE

The presidents of all campus organizations will report to the Montanan office on Wednesday or Friday afternoon of this week to have their pictures taken or they will not appear in this year's Montanan.

NOTICE

The last matinee dance of the winter quarter will be Wednesday afternoon from 4:00 to 6:00 in the Student Union Ballroom.

NOTICE

Christian Science young people's meeting at 5:30 p. m. Sunday in the reading room.

Sports In The Spotlight

Jiggs Dahlberg's toss-up deal was just as he expected . . . a toss-out. The Grizzlies' winning streak of 13 was stopped short and snappy. Their season's standings is poorer than that of the Bobcats and they have been talking about the "Dismal record of the Bocats!

The Grizzly luck has been holding out well until Friday night, but in looking over statistics, some one member of the Bear tribe did have luck and that was Willy DeGroot. This forward is truly a top player, but the fact stands out that Jones came within four points of topping his scoring record while he was held scoreless in Saturday's game. Maybe you don't think that those two boys were doing some thinking.

Coach Breeden and his ten Bobcats finally came through with what has been hoped for during this win period of the Bears. Every Bobcat player contributed greatly to the downfall of the gift-toss ride. Leading the Bobcat reform was John Hall, who played his best games of the season and tipped out plenty of Bear shots while tipping in plenty of his own. His playing was one of the main factors for the change in the basketball weather.

Jinx Anderson also turned in a fine performance. His floor work couldn't be excelled by the Bears. At guard position was a fellow who seldom comes in to the scoring limelight, but always does more than his share in the defense . . . that is Bob Stachwick. In these games, he gave double proof that of that and contributed heavily on the scoring to turn in his best performance.

Will Jorgenson's scoring was a great factor in the duo win, especially on Saturday evening when he accounted for 11 points. Cory Dogterum just about played his whole season in the series, and it was well worth it. His playing was tops and the points he dropped in were worth a great deal.

Dan Mizner and Jess Hodgson, who have been battling for the guard post, turned their battle into one against the arch rival and make it click. Mizner was the usual ball grabber, while Hodgson helped cinch the second contest with a clean toss. Eddie Collins is one of the top forwards of the season and his scoring and deceptiveness was another big factor in the wins. Max Stark was making up for lost time and really did it in a fashion that the Bears will remember, while John Epkes turned in his top performance and assured him an important position in the lineup for next season.

To Max Stark, Dan Mizner, and John Hall, who are graduating this year, we're sure that the general opinion is this short, but sincere phrase . . . thanks a lot.

INTRAMURALS

Basketball

The Men's Cooperative house virtually assured itself the Blue league hoop championship last Saturday afternoon when it topped the previously unbeaten Sigma Chi aggregation 16-12. Neither team was able to break its men away for good shots, and close guarding was prevalent throughout. The Coop team has two games left to play, with Kappa Sigma and Pi Kappa Alpha, and wins in both would clinch the crown for the league leaders, as all other teams have lost at least once. Alpha Gamma Rho continued its winning ways in the Gold league and have only one hurdle barring its way to the crown—the final game with the Coop team.

Intramural track contests were held last Tuesday in three events with Sigma Alpha Epsilon gaining a 124 point advantage over their nearest rivals, Sigma Chi. Two more events need to be run off before the championship is determined.

College Defeats University In Dual Ski Meet

Montana State's skiers, taking first in the downhill race and the first three places in the slalom event, defeated the university ski team, 200 points to 185 points, in a dual meet held at Bear canyon Sunday.

Perry Roys, one of the outstanding skiers in the sate, ran ahead of the field in both events, the only ones scheduled in the meet. Roys swep down the mountain in 49.9 seconds in the downhill event and his combined time in the slalom was 2:32.1.

Kirby Whitham of the Bobcats placed second in the slalom in 2:47.2 with his teammate, Ed Stewart, third in 3:01.7. Don Hall of the Grizzly skiers placed fourth in 3:06.3.

Missoula skiers captured second, third and fourth in the downhill run. Severy took 52.8 seconds in the race, Thorsrud, 53.7 and Danielson, 54.8.

Cats Win 14 of 22 Games This Season

Montana State's two victories over Montana University last week-end closed the 1941-42 season for the Breeden coached team. Winning 14 of 22 contests, the squad improved steadily throughout the season, with individual play especially looking better and better. The Bobcats retained second place in the Rocky Mountain Conference, winning five of eight games, and winning both tilts with Greeley State, the league champ. The four game series played with Montana University turned out to be a home and home situation, the Grizzlies winning two games at Missoula, 44-43, and 44-42 and the Bobcats smearing the University in two games at Bozeman, 44-30 and 46-42. These two wins brought to an end University domination of the casaba feuds between the two schools which had been continuous since 1938.

Leading the team in the point section was Jinx Anderson, who totaled 181 points for an average of 8.3 points per game. Only three points behind in the totals, but with a higher per game average, was John Hall, with 178 and an 8.5 average. Sophomore Ed Collins followed in third spot with 159 counteres. Only Stark and Hall are ineligible for further play, though Dan Mizner probably will be inducted into the army soon.
