Music Department Closes Busy Year; Plans Made for Music Tour Next Year

As the music department as M. S. C. was winding up a year of increased activity this month, it was discovered that the department has been one of the most active service departments on the campus, having performed for over 90 functions during the college year. Individual students of music and the college band, chorus, and orchestra

have helped with countless assemblies, basketball games, concerts, and Bozeman community programs, under the direction of L. E. Opp, head of the music department and director of the orchestra; Conrad Sandvig, director of the chorus and vocal instructor, and Lou Howard, director of the Bobcat band.

Since travel and transportation restrictions have been eased, if possible, the music department plans to send the members of the musical organizations on separate tours of Montana. Under the tentative plan, the concert chorus will take a third of the state, the concert band will take a third, beginning next year. Every year after that, the process will be reversed and each organization will take a different section of the state for performances.

Plans are also being made for a peppy marching band for use at college football and basketball games next fall and also possibly a twirling corps.

Because of the increasing amount of interest in music among students at M. S. C. and the increasing number of functions on the campus, a student committee representing the three musical organizations was appointed this week to study ways of recognition for the work which M. S. C. musicians have done. This committee will formulate rules and regulations for attendance, qualifications of membership in band, chorus or orchestra and also a music department M. S. C. sweater to signify the years of service in the separate organizations. Members of the committee are Bruce Beatty, chairman, and Ivan Horton, representing the chorus; Nancy Austin and Paul Schofield, representing the band; and Marilyn Hoole Kathrein and John Cornish the outgoing and incoming commissioners of music. This committee will make recommendations to the student and faculty members of the department which will help prepare the musical organizations for the expanded program in the next several years in the music department.

MSC Presents Spring Play May 20, 21

"The Skin of Our Teeth," the MSC spring play is the story of man, his temptations, and his tribulations. It is man's struggle against flood, fire, pestilence, depression, hate, lust, and war, and his ever triumphant getting-out-from-under by the skin of his teeth.

The Antrobus family, George (Douglas Morrison) and Maggie (Ann Aikens), their son Henry (Bob Anderson), their daughter Gladys (Billy Lansing), and their maid of all work, Lily Sabina (Marilou Adamson), represent man in his eternal struggle. Their attempts to secure happiness and peace are brightened by the riotous and touching things which happen to them.

Their home in Excelsior, N. J., is threatened by the great ice flow that is moving across the face of the earth and is almost wrecked in a long siege of war; but always, with hope (and by pulling a rope), the house is put to rights, and once more the Antrobus family and Sabina can go on living, ready to face new problems and to make a new world.

This Pulitzer prize-winning play under the direction of Sanford G. Wheeler, will be presented at the Ellen theatre May 20, and 21. Tickets are being sold at the Ellen Thursday and Friday.

Delta Phi Delta Elects Officers

Officers for the forthcoming year were elected May 7 by Delta Phi Delta, National Art and Architecture honorary. Eleanor Marx, Jr. Art student from Livingston and recently discharged from the Waves, was elected president. Marjorie Kasky, sophomore from Butte was named vice-president. Other officers are: treasurer, Elinor Arneson; Palette editor and corresponding secretary, Marvel Brazziel; recording secretary, Frances MacGowan; alum chairman, Charles Dougherty.

Miss Wilbur was asked to serve as counselor again. Eleanor Marx, accompanied by several other members of Delta Phi Delta, will go to the biennial convention of the honorary in Albuquerque, New Mexico, in June of this year.

All Students Give "M" Whitewash For Annual Spring Repair-Cleanup

Snake Dance, Rally Will Be Held Friday Night

All MSC students will grab their brooms Saturday and demonstrate their school spirit; for the "M" is ready for its annual spring clean-up.

Laist Award Given at Woman's Day

Some years ago, Mrs. Laist, a former resident of Anaconda started a citizenship award in her name to be awarded to that senior girl who has been outstanding in campus life and activities during her four years of college.

Three years ago Mrs. Laist discontinued this award because she was away from Montana and MSC, and she was living in New York City. The Associated Women Students then took over the award and continued the award in Mrs. Laist's name.

So at Women's Day this year, the Laist award will be given to the outstanding senior girl as in previous years.

College to Have Guest Instructor

Dr. Charles A. Prosser, director of the William Hood Dunwoody Industrial institute, Minneapolis, will be the guest instructor for the three-week summer school offered by the state department of vocational education at Montana State college. The course will start June 10 and end June 29.

Dr. Prosser has been identified with vocational education since 1906 when he was superintendent of New York Children's Aid Society. Five years later he became the Massachusetts state director of vocational education.

After serving as state director of vocational education in Massachusetts, Dr. Prosser was named secretary of the National Society for the Promotion of Industrial education. He resigned that position in 1915 to become director of the Dunwoody Institute. He also served as president of the National Society for Vocational Education.

During his long term of service to vocational education Dr. Prosser has received his LL.B degree from the University of Louisville Law school. The doctor of philosophy degree was later conferred upon him by Teachers college, Columbia university.

"M" Day activities will start Friday night with an all-school snake dance and pep rally. The snake dance, under the supervision of the Spurs, will form at Hamilton Hall at 8 p. m.; from there will wind its way down Cleveland, and Willson and past campus residences. The snake dancers will return to the campus for a pep rally and to observe the lighting of the "M". The Bobcat band will be on hand to help the cheer leaders with school songs and yells.

The rally will be under the supervision of the commissioner of demonstrations and the student senate.

Armed with any brooms and buckets they may be able to find, all MSC students will proceed to the "M" Saturday morning. Transportation will be furnished by busses which will start from Hamilton Hall at 7:15 a. m., picking up students all along the way. The official route is as follows: from Hamilton Hall to the Quads, down Cleveland to Willson, down Willson to Main street, and from Main on out to the foot of the "M".

If the whistle blows at 6:30 a. m., classes will be held as usual and M-Day will be announced for some later date. If the whistle blows at 7:00 a. m., we will proceed with M-Day.

Freshman roll call will be taken at the foot of the "M"—Spurs checking the girls, and Fangs the boys.

Repair work at the "M" will be under the supervision of the M-Club and the whitewashing will be under the supervision of the Spurs. The Fangs will make assignments to relay stations and will also supervise transport of the lime and water from the foot of the hill to the "M". As soon as the required lime and water are transported to the top, all students will help with the remaining repair work.

Notice!

Women students expecting to be here for summer quarter are required to register for housing in the office of the Dean of Women this week. Rules and regulations in women's houses will be the same as in previous quarters.

Grieder Becomes Associate Professor in English Dept.

Paul A. Grieder has returned to Montana State college to become associate professor in the English department. He left Bozeman in 1942 after serving in the department for seven years. Since 1942

PAUL R. GRIEDER

he has been in the east studying and teaching. For the past year and one-half Mr. Grieder has worked as club director for the U.S.O. in Louisiana and Texas.

Mrs. Grieder and thirteen year old son, Jerry, are in New York and are planning to return to Bozeman as soon as Jerry's school is out.

Mr. Grieder says "This is home to me and I'm glad to be back."

Notice!

All Freshmen men will be expected to start wearing green hats Thursday. The Fangs will be selling them in the Student Union. In interviewing some of the veterans, it was found that most of them are in favor of wearing their hats, so let's all cooperate to help keep one of the oldest traditions on the hill alive.

Another school term is drawing to a close. One of the first doors to close for that said term is that of the Exponent office. With a quick dust job and the emptying of the wastebaskets, the office will be closed for business after the last issue for the year comes out May 22. We are sorry that we cannot continue our weekly issue until the very last week of this quarter. Don't think it ain't been fun. It's just that the red figures in the ledger prevent the publishing of any issues beyond the 22nd of May.

Bobcatting

Another-girl dates-man affair! Another issue! Result? Bobcatting . . . and what with half the Sigma Chi's entertaining the mumps. But not George Hoffman. He's oscillating between blonds and brunettes. At least four SAE's a-sailed the Motor Boat. We know because Hamilton Hall had a call at the "zero" hour and four frosh came to their rescue. Could the Slow And Easy boys have overlooked the Hall on their noon song? Songs elsewhere did bring results we hear.

Edith Gibbs gives Bob Nelson dating rating. And so with Helen Rae Mc and Al, Pat Early and Les Vye.

Do Bud Maras and Bob Balch stand up for pin inspection these days? We wonder?? Panhellenic tonight, you know.

What's the big attraction from Livingston Ann Christianson?? A guy named Joe? There's more than one attraction in Livingston. She is from Livingston isn't she King?

Why has Doris P. been checking out books at the library on potato cultivation? Does he raise potato seeds, Post?

Want to meet a swell couple: see Del Neuman and Helen Wolfe.

Someone ought to enlighten these men that go to sorority houses to borrow silk hose. Stockings are hard to get boys.

And speaking of apparel—what joker left his choker hanging on the AGD porch lamp? Wiggles and Aggie collect those things you know.

The telephone office reports that Betty Eakman's phone bill to

Olympia, Washington, has been less than \$40.00 this past month. Slipping Bunny??

We wonder why (who) it is that Elaine Guth and Colleen Ransier like Townsend so much, and so often.

Sarah Cavender has a special attraction for AGR's they say, but what about Bob Hanson's date to Mortar Board?

Has everybody seen Lu Clydesdale's aaaaah car? Well, at least everybody has heard it.

"Come on up and see my pansies," says Jack Mack.

Thanks to Kappa Sigs—Siverts, Canty, and Stovall for putting up the tables in the ballroom for the high school students at 1 o'clock in the morning.

Was that fricassee pheasant you had at your dinner party the other night Betty Ellis? Canned huh?

Trailer business should be picking up! Hoole, Roberts and Bratton aren't Hoole, Roberts and Bratton anymore.

Louis Blenkner ought to take along clothes pins to the Spring Parties. Is the water quite cold these days, Louie?

Final Softball Games Saturday

This Saturday will come the final clashes in the MSC Intramural Softball league when the Independents meet the Phi Sigs and SAE plays AGR. After this all postponed games will be played off and the final league standings will be determined.

Last week on Monday the Phi Sigs heavily outthit the AGR squad as they went on to an 8-1 victory led by catcher Walt Narkovic and pitcher Ted Parmelee. The AGR batteries were the Clark brothers. On Tuesday, the Frosh House beat the Independents, 7-6, in a close contest which saw the Frosh pull ahead in the 4th inning in a form burst. Batteries were Traver and Yeager for the winning Frosh House and Nakanishi and Schneider for the Independents.

The same afternoon Sigma Chi topped Kappa Sigma 3-1, with a tight hurling job by John Schwab aided by battery mate, Connie LaSalle. Blazina and Chilcote led Kappa Sigma. Thursday saw Sigma Chi again win, this time 5-3 over the Frosh House. The more powerful Sigma Chi hitters piled up a 5-1 lead until the last inning when the Frosh House staged a short rally. Schwab and LaSalle for Sigma Chi and French and Yeager for the Frosh House were batteries.

Remaining games are: Wednesday—KS vs. PKA and SX vs. Ind.; Thursday—Frosh House vs. AGR and PSK vs. SAE; Friday—SX vs. PKA and Frosh House vs. KS, and Saturday—PSK vs. Ind. and SAE vs. AGR plus all postponed games of which there are 10.

Weather Is Bad With Gridders

The MSC gridders finished their third week of spring football Saturday with practices last week being confined to chalk talks and workouts in the gym for the most part.

During the first part of the week Coach Clyde Carpenter concentrated on passing with the highlight on the offensive passing attack the Bobcats will have next year when they open their first peacetime schedule. He has also stressed several weak spots which exist in the Bobcat line, and will attempt to completely remedy this when they go back outside for their fourth week of workouts. At the close of the spring season Coach Carpenter will have two squads play on Gaton Field. Head Coach Carpenter will lead one squad while Coach Max Worthington will probably tutor the other team.

MSC Places at Playday

Three MSC delegates placed first in events at the annual Playday which was held at Missoula last weekend. Gyla Marmont and Elaine Guth placed first in table tennis and Helen Buckhouse placed first in archery.

Agnes Ragen placed second in badminton; Lu Clydesdale placed second in tennis singles; Alice Hughes and Petey Kane took second in the tennis doubles; and Pyllis Fox and Anna Jeanne Sockness placed third in the badminton doubles.

Missoula placed first for the Playday events. However, of the ten delegates from MSC, nine of them placed in the events. In a challenged basketball game MSC placed first.

Miss Hosaeus, Miss Kimmel and Mrs. Bates accompanied the delegates to the University.
