

Flint And Swenson Vie For Frosh Prexy

Hottest Election Of Year Ends Up With 12 Vote Edge

The freshman class presidential election is now in the past, but the top candidates, Bob Swenson and George Flint, won't be soon forgotten. Every one sat up and took notice of the effort put forth in the strategy used in their campaigns. Both appeared capable of doing the job of leading the freshman class.

The fact that it is the hottest competition of the year didn't phase George Flint, a Lambda Chi Alpha pledge, from Elbow Lake, Minnesota. He must have had his advertising department working overtime, for the campaign posters bearing the slogan "Here's a hint—vote for George" could be found distributed very generously about the campus. In these were disregarded, handbills and blotters were also handed

out such activities as vice president of the student body, freshman and senior class president, 4th president, delegate to state national FFA conventions, delegate to Boys State, executive of school paper, member of editorial staff, active in athletics club, band and chorus, member of the football team, as well as member of the National Honor Society, no one can deny George's ability for the job.

Although George is from Montana, he is no stranger to our campus. He has worked in Montana as proud of our growing state as we are. With this kind of forward-looking fellow leading

DASH...

Monday night election returns showed George Flint, Elbow Lake, Minn., victorious by a narrow margin in the Frosh class elections. He defeated his opponent, Bob Swenson, Bozeman, by only 12 votes at the close of the balloting. The victorious Swenson, 147 votes, to Flint, 135.

George, a Lambda Chi pledge, was a member of that group to elect Frosh prexy since 1948.

In the freshman class, they could not take their place with the uppermen.

Top candidate, Bob Swenson, Sigma Chi pledge, from Bozeman, is a well-known favorite around the town and proved he was now to conduct his campaign. Everyone saw posters and size think-you cards bearing his picture. Recognizing the importance of being seen, they had a green car with pictures plastered all over it, being driven around down town Bozeman and the campus. Bob is winner of the Bill Stern Athlete-Scholarship. (Continued on Page 9)

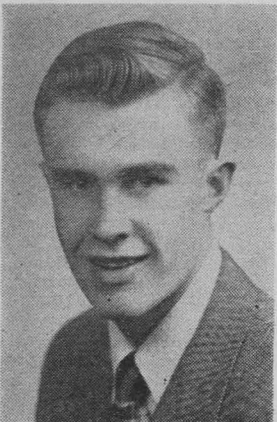

W Group Makes Plans

The Religious Emphasis Week Committee has been meeting for some time already, making plans for the program which will start in January of next year. Some speakers have been lined up and will come from different parts of the United States. These speakers should offer much in the way of contrasting interests, as there is a woman and an African Negro minister.

Chase is chairman of Religious Emphasis Week Activities on campus. He has his different duties already working on program, seminars, publicity, class discussions and other jobs in making R.E.W. a success. He is interested in helping R.E.W. activities contact base, or go to the Student Activities office.

GEORGE FLINT

BOB SWENSON

Swenson Gets Eddy Award

Robert J. Swenson of Bozeman, a freshman student enrolled in engineering physics is the first student to be awarded the Eddy Bakery scholarship which amounts to \$250 in cash. P. C. Gaines, acting president of Montana State college, announced last night.

Gaines received notification of the scholarship provision from J. E. O'Connell, of the Eddy Bakery, Helena.

Swenson is a graduate of Gallatin county high school and ranked fifth in his class. He was selected for the new scholarship by a committee headed by Valery Glynn, Dean of Students.

The scholarship will be awarded annually to a student selected by a faculty committee. To be eligible a student must be enrolled in a professional or vocational course. No one taking a liberal arts course is eligible. The winner also must be a resident of Montana and must attend Montana State college.

MSC President Returns For Brief Visit

Dr. R. R. Renne's Statement to the EXPONENT

"I am very happy to have the opportunity to visit the campus briefly. It is particularly reassuring to see the campus building program proceeding so nicely, and to see the effective way in which the faculty and students are carrying on their work.

Montana State College has an excellent reputation for sound instruction and research in the basic scientific fields which it offers. The intelligent devotion of faculty members and the serious study and cooperation of the student body are fundamental to the continued progress of the institution.

At this time of year the Gallatin Valley and the campus are particularly beautiful. On Saturday afternoon very much enjoyed seeing the football game between the Bobcats and the Western State Mountaineers, and the fine spirit of our players with the enthusiastic support of the student body.

I am looking forward to the time when I can return to work with you in carrying out our program of service in instruction and research to the people and youth of the state."

—R. R. Renne.

No. 5

AOPi Chapter Host to National President

Mrs. Edmond E. Talbot, National President of Alpha Omicron Pi, was guest of Alpha Pi chapter on MSC campus from Oct. 21 to 24.

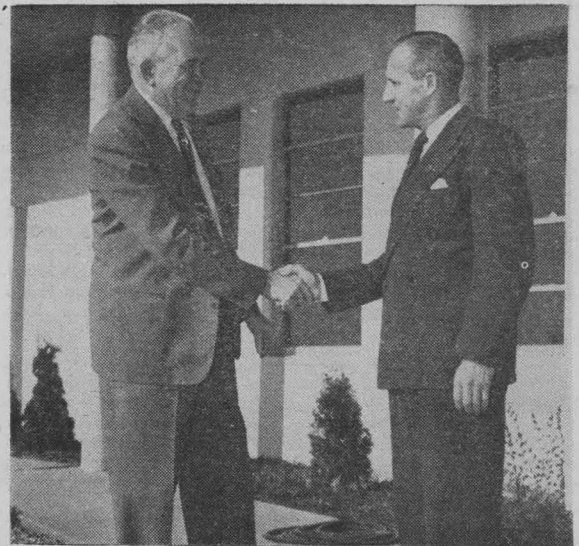

Mrs. Talbot, whose home is in New Orleans, is visiting collegiate and alumnae chapters in the mid-west and western sections of the United States and Canada.

An alumna of Newcombe college, Tulane University, Mrs. Talbot has served AOPi as Vice President in charge of collegiate chapters and as Director, Chapter Advisor and President of the New Orleans Alumnae chapter. She was elected to the national presidency at the biennial convention held in Colorado in 1951.

Mrs. Talbot is president of Talbot Realities, Secretary of the New Orleans Council of Women Realtors, and has held ranking offices in the American Red Cross and golfing activities in the New Orleans area. She is married to Judge Admond E. Talbot.

On Wednesday, Oct. 22, Mrs. Talbot was the luncheon guest of Alpha Gamma Delta sorority. On Thursday evening she was welcomed to the campus at a reception held at the AOPi house.

Mrs. Talbot will end her tour at Los Angeles after two months of intensive travel and inspection in an effort to more closely associate and integrate the individual chapters with the national officers.

Acting President P. C. Games greets Dr. R. R. Renne, MSC president, at Gallatin Field on Renne's arrival. Dr. Renne leaves Bozeman today to return to the Philippines.

AWS Sponsors MSC Political Discussion

Each of the women's organized houses will participate in a non-partisan political discussion next Monday evening to inform voters and future voters on various phases of politics, announced Phyllis Scherzer, A.W.S. Current Events chairman.

This will be the third year the Associated Women Students have sponsored the Current Events pro-

Speaks At All-School Assembly; Tells Of MSA

President Renne stopped off for a four-day visit on the campus on his return trip to Manila where he is chief of the Mutual Security Agency Mission to the Philippines. Dr. Renne has been in Washington during the past three weeks discussing the foreign aid program with government officials and testifying regarding appropriations requests before the Bureau of the Budget.

During his visit, Renne spoke to the student body on the Philippines program at the assembly Tuesday morning. He pointed out that we must make our American abilities available to the rest of the world. This is our fundamental duty as a land grant college.

MSA was formerly known as ECA but was changed as the new name recognizes the mutual aspects of various countries. The commission has 120 people working in it and most of them are from land grant colleges. About one-third of the staff are working under the agriculture division.

Several other divisions include: public health, industry, labor relations, education, and public administration. President Renne believes that if we fail in the Philippines it will be used against us, perhaps proving that the United States cannot. (Continued on Page 9)

gram. This program includes a series of speakers at all women's organized houses on Monday evenings during the year.

In the past, faculty members and foreign students have been leading these discussion groups concerning national or international problems.

The program is usually not started until Winter quarter, but as this is an election year, one speaker has been scheduled for each house on the eve of the big day.

An evaluation session has been held to determine the value of the program and changes that should be made in it.

Editorial

It was one fine game . . . for the first time in two years of RMC play, we finally won a conference game. Coach Tony Storti's Bobcats in less than a full season have won two games and this compared to John Mason's record of one win in two full seasons looks pretty good.

Storti started from scratch this year and built a unit that has "team spirit," the intangible something that puts a cellar candidate on a par with the highly touted gridiron master.

De-emphasis in sports was the big craze in education circles last year, but here at MSC we felt that any further de-emphasis would leave us with a team of left handed tiddly wink players.

MSC meets a good team next week, but the students know that the "Cats" will be playing to win. However, even if we don't take another game this year, our "football fortunes" look good.

Many thanks to Acting President P. C. Gaines, Dick Pullis and members of the athletic department for their quick action on intramural football. Changes in the rules have already been made and next year more steps will be taken to put intramural football on a safe, sane basis. The championship intramural tag game played last Monday saw two referees, who were varsity football players, and several changes made in the rules. If editorials always achieve such fast results, editors would have a hard time finding issues to gripe about.

The action of the Columbia University student newspaper in supporting the campaign of Stevenson, and the alignment of various college educators for or against one of the presidential candidates, strikes us as being pure tommyrot. The Exponent will not take a stand for one of the political platforms, since the Exponent editors, or the editor of any school paper for that matter, cannot speak for the entire paper staff, all the students or the school as a whole. On this page the Exponent has presented representative views of Democratic and Republican supporters who are members of the MSC Young Republicans and Young Democrats. The important thing is to VOTE.

J G

MSC POLITICAL CLUBS SPONSOR MOCK ELECTION

The MSC Young Republicans and Young Democrats will sponsor a mock election tomorrow from 8 a.m. to 12 noon and from 1 p.m. to 5 p.m. in the Student Union. All MSC students are requested to vote for U. S. president and vice president, governor and senator.

AP PRE-ELECTION SURVEY DOUBTFUL Truman's Denunciations Aid Eisenhower's Cause

Although Gen. Dwight D. Eisenhower would likely have defeated his Democratic opponent, Gov. Adlai Stevenson, had the presidential election been held in mid-October, the actual result of balloting Nov. 4 was rated still doubtful by the Associated Press' final pre-election survey, made earlier this month.

In mid-October, Montana was rated by the AP survey as probably for Eisenhower.

Since Labor Day, when the General was placed ahead of Stevenson by a similar AP survey, Eisenhower has gained strength, but

since this gain is mostly in states where he already seemed likely to win, his total probable electoral vote total has not increased, according to the AP's October poll of over 2,000 newsmen from all parts of the country.

Gov. Stevenson is also credited with some gain, principally in the states of Washington and Oregon, where he now seems headed for victory. These two states together have 13 electoral votes.

In mid-October, according to the survey, the Republican candidate appeared to be the probable winner in 20 states, having 238 elec-

toral votes. If Eisenhower were able to gain victory in eight of the states considered to be leaning toward the Republicans, he would have a total of 327 electoral votes, 266 are necessary for election.

On the Democratic side, the found 11 states with 104 votes, 266 in the Stevenson campaign, five others having 52 electoral votes favoring the Governor.

With this 156 vote total, if to win, Stevenson must carry four uncertain states—Texas, Idaho, Louisiana and Rhode Island, plus New York and any one of the populous states—Michigan, California, Pennsylvania or Illinois.

Newsmen participating in the survey believe that Eisenhower's chances of victory rest in two lions, the West and Far Mountain states.

President Truman's fierce denunciations of Eisenhower during a whistle-stop tour generally aided the General, instead of harming his chances, the survey found.

In the South, Eisenhower's year will probably get the largest vote total ever recorded by a publican candidate, according to the AP.

Adlai's Views On Foreign Policy Parallel Those Of Young Democrats

With the national election only a few days away, I would like to present some of the reasons for my decision to vote for Adlai Stevenson.

As a first-time voter I found Stevenson's views on foreign policy in accordance with what I believe can lead to world peace. He feels that we should stress the importance of continuing mobilization, thus strengthening our entire national defense program, lest we sacrifice peace for dollars. He very definitely favors working towards maintenance of peace through the United Nations and extending technical assistance to needy people through the Point Four program.

He is well qualified to take this stand as he was one of the foremost men in organizing the United Nations. In 1945, he served as Special assistant to secretary of state at the San Francisco Conference; in 1946, he was a senior advisor to the United Nations delegation; and in 1946 and 1947, he served as alternate delegate to the United Nations.

He is further qualified by having at various times represented us in negotiations with Great Britain, France, Russia, and China.

And now, what is Stevenson's view on the Korean situation, and why am I supporting him there? Here he feels that we must stop communism in Korea and keep the stopping of the spread of communism as our ultimate goal. We must not, and cannot, be the aggressors in the eyes of the rest of the world. We and our allies cannot now fight a full-scale "hot" war, the outbreak of which would surely happen if we were to take aggressive action in the Far East.

On the home front Stevenson has proven himself to be a very capable public servant as governor of the powerful state of Illinois. He made vast improvements in the state's administration, its public works, and greatly reduced the state's debt, but in so doing did not increase taxes. A similar program on a national scale is what this country needs.

Stevenson, I am sure, is the man who is most capable of carrying out the entrusted responsibilities of the highest office in the nation.

Banta Elected Young GOP Prexy

Bill Banta of Geyser was elected president of the Young Republicans Club last Thursday, Oct. 23. Following the adoption of their constitution Mr. Jim Morrow spoke on "Infiltration of Communists In Our Government."

Mr. Banta's supporting officers are: Vice president, Pat Erwin, recording secretary, Barbara St. Clair; treasurer, Dick Rafn; corresponding secretary, Patty Norton, and publicity chairwoman, Pat Eden. With this staff of officers you can be sure you can count on hearing from Bill and them soon and often.

The next meeting of the Young Republicans Club will be held Thursday, October 30, at 7:30 in the Faculty Lounge. Mr. Dean Chaffin, candidate for state representative, will speak on national and state issues. All interested in our government and the men that run it should attend. Guess that should mean everyone shouldn't it? Be sure and turn out for the MSC Student Poll.

Ike's Former Leadership In Europe Attracts Many Young Republicans

Why should we put Ike Eisenhower and Dick Nixon in the White House this coming election? There are many reasons.

First, they have the know-how for good government. A vote for Ike and Dick is a vote for prosperity without war. We want a true prosperity—not one where the appearance of economic health is caused by war expenditures, waste and extravagance. One of our greatest leaders was Eisenhower in his Crusade for Europe. With Ike and Dick like Eisenhower and Nixon heading our government, there will be no more scenes of tragic blunders like Teheran, Yalta, and Potsdam. We need leaders who will act with the knowledge and consent of Congress and of the American people. We do not want to trade any more votes for a new enemy, a new oppression, and a new war.

Another reason is that they are honest men. A vote for Ike and Dick is a vote against corruption. Under their leadership public faith will be forfeited by the way they will transact the Federal Government's business. We want a government, and leaders in government, that will set a high example of honesty, justice, and unselfish devotion to the public good.

They are aware of the real menace of Communism. A vote for Ike and Dick is a vote against Communism. We do not want any appeasement of Communism at home or abroad. They have never nor will they ever, compromise with Communism. They will expose it and to eliminate it in government and in the American life.

Most important, they're for you. Man was not born to be left alone; he consented to be governed. He has voluntarily submitted to government because, only by the establishment of just laws, and the enforcement of those laws, can an orderly life be maintained, full an opportunity for all be established, and the blessings of liberty perpetuated.

Coach Anthony Storti.

MSC Athletic Dept.,

Dear Tony:

Your boys looked pretty good to Gus last week, excepting them dang passes. Better the fellows to stretching their arms . . . doggone Grizzlies pretty dern good.

Now if you could just get C. to dismiss classes, Gus would be mighty happy . . . I would be willing to spend an afternoon. Ah well . . . I'm luck.

Your Pal

"Grapevine" Storti

HAVING TROUBLE WITH YOUR FAMILY BUDGET?

Maybe
this will help
explain why...

Total 1952 tax bill for average American family with income of:

	\$3,500 PER YEAR (\$67.30 per week)	\$4,500 PER YEAR (\$86.54 per week)	\$7,500 PER YEAR (\$144.23 per week)	\$15,000 PER YEAR (\$288.46 per week)
Federal income tax.	\$295	\$446	\$839	\$2,516
State and local income tax.	4	9	30	90
State and Federal corporation income taxes which average family pays indirectly in the prices of the products it buys.	249	354	769	1,584
Sales and excise taxes. (Retail sales taxes; taxes on cigarettes, liquor, cosmetics, gasoline, leather goods, etc.)	302	378	634	1,202
Contributions for social insurance.	140	159	207	294
Property taxes. (If a family rents its home, farm or apartment, it may not pay all these taxes directly. But it pays them indirectly, for the landlord has to include them when he sets the rental price.)	104	144	285	808
Estate, gift and inheritance taxes.	4	4	37	124
AVERAGE FAMILY'S TOTAL TAX BILL THIS YEAR	\$1,098	\$1,494	\$2,801	\$6,618

**DO
YOU
KNOW?**

That more than 3 dollars in taxes of all kinds will be collected this year for every 2 dollars that were collected in 1949.

That almost 10 dollars in taxes of all kinds will be collected this year for every 6 dollars that were collected in 1945—the peak year of World War II.

That almost 4 dollars in taxes of all kinds will be collected this year for every 1 dollar that was collected in 1942.

That, on the average, approximately 1 dollar out of every 4 dollars you pay for gasoline in the West goes for State and Federal taxes.

This is one of a series of Public Information advertisements sponsored by the people who make 7600 Gasoline and Royal Triton—America's finest motor oil.

My Word!

By George Baldwin

The Bobcats will be going into the roughest game on their schedule this weekend when they go against the Grizzlies. The win over the Northern State team served as a boost to Cat's standing in the conference. The Bobcat-Grizzly game is just tradition. The University of Montana team tied the University of Oregon team last week, showing that there is a lot of power. Even with the difference in the leagues in which the two teams play, I will predict a close, hard fought game. Good Cats!

In last week's Exponent there was a question as to the disappearance of Clyde Benjamin's pin. It is said to be lost but the question is: where? I've looked into that little matter and found that the pin is in Butte. That still leaves the question of where it is in Butte and it is doing there. Read this column next time for any further comments in the "Case of the Passionate Pin."

Every time you turn around there is some week set aside for the advancement of something, which most of the time doesn't mean anything to most of us. The other day I noticed a sign which was advertising "National Apple Pie Week." As long as they are going overboard dedicating a week to almost anything, why isn't there a week set aside for parties. Just think, "National Party Week"; at least nearly everyone at MSC would participate in it. After all it is a known fact that parties make the world go 'round!"

I don't know how many of you people know Bob Gaines, who is another student here at MSC. That is, he is just another student except for two things that make him quite outstanding. First, he is the son of the acting president of the college, P. C. Gaines, and is something no one else on this campus can claim. Secondly, he has a nickname which has been tacked onto him by his fraternity members, and is distinctive in itself. The boys call him "Poopsy," the girls call him "Poopsy" and everyone who knows him very well calls him "Poopsy."

The other day a girl from Hamilton Hall asked me, "What is it you call that one fellow in your house, 'Poopsy'?" Before I stopped to think I said, "No, that's his father." My apologies to all concerned. There has been a long time since the fictitious character of the "Deerfoot" has been in the limelight. However, right here on our own campus we have a character that will soon have the handle of "Duckfoot" Kleinsfelder. It seems that Earl was out hunting in a field and he spied some sitting ducks and got all three of them. Before he got to a farmer and his wife descended upon him and clued him in on the "no trespassing" sign he had seen was for real. "The duckfoot" paid the farmer for his tame ducks and took off in so much of a hurry that he almost forgot Kenny "Webfoot" Evanson, who was in the bushes all the while. Hang tough men.

Well, it seems that everyone is going to Missoula for the big game this year, so I guess that I will have to sit at home with my licorice. It's a lot cheaper so I like it bestes anyway.

Whiffler's Mother---- No Less!

Whiffler has proved on his current campaign trip that he is both a "whifflet" and a "whiffler" and has proved that his whistle train can be called "whiffle-stops."

A whifflet is defined in the dictionary as "a little whiff and puff" or a "small or insignificant person or animal."

A whiffle means "to blow unsteadily" or "to shift, turn or change about; to change from one opinion to another; to use evasion; to flicker or flutter; to make a whiffing or puffing sound."

A whiffler is one who frequently changes his opinion or course; one who makes shifts and evasions in argument; an idle talker; a trifler.

In other words a whiffler is one who whiffles. A whiffle-stop is a whistle train stop in which a whiffler frequently changes his opinion or course and makes shifts and evasions to win an argument. In other words a whiffler is a whistle train stop "whiffles."

A whifflet is whiffing at every opportunity and has proved through frequent changes in opinion, his constant shifts and evasion to win an argument, his constant misrepresentation, and his extreme distortion that he is a true whifflet.

A whiffle is one who frequently changes his opinion or course; one who uses shifts and evasions in argument; an idle talk-

er; a trifler. Or in other words a whifflet is "one who whiffles." (Any resemblance to actual persons living or dead is purely hypothetical—Ed.)

Everyone Attend ! !

Don't Miss Cat-Grizzly Collision

The day we've been waiting for is about here with the coming of the annual Bobcat, Grizzly game at Missoula November 1.

MSC's students invade Missoula in cars, buses, trains; some darned ones even try hitch hiking. Besides the student body in general, the Spurs and Fangs will be out in full force. Nobody wants to miss this fray because of the tremendous rivalry between the two great Montana colleges. Even some of the profs take time from their heavy schedule of giving tests to trot over to Missoula.

Until last year this game was held in Butte on neutral ground. Last year they started a new tradition of alternating between Bozeman and Missoula with our home field seeing the first tussle along with the Homecoming and "M" day. We kept up our losing streak to Missoula at that time, but students' expectations are higher this year as the Bobcats have already marked up two wins to their credit.

Some MSC students are still hopeful that the Administration will cancel Saturday morning classes so an even larger cheering section can attend from MSC.

Remember the date is Saturday, November 1, for the big game of the year, so be sure to get your studies done, leaving no excuse to miss it.

OPEN RUSH FOR GIRLS

This space is for all those MSC co-eds who do not know that there will be an open rush period from now until winter quarter.

This means that girls will not have to register for rush as they did before, and that every girl is

eligible to be rushed.

Panhellenic has ruled that there will be a maximum of five formal rush dinners which will fall on either Wednesday or Thursday nights. These will be invitational ones. There will also be informal dinners to which the girls may come on other days of the week.

Informal get-togethers for coffee, cokes, shows and games are permissible, and there is no silence period.

MSC Claws Mountaineers With Last Minute Pass

MSC broke into the win column of the RMC last Saturday as they shaded the Mountaineers of Western State 16-12. The Cats had failed to win a conference scrap in the last eight RMC games. Their last win came in the middle of 1950 from Colorado State.

A last minute 56 yard touchdown pass from quarterback Jack Moore to end Al Schock clinched the encounter for the Bobcats.

The first period went scoreless with WSC driving to the Cat 8 yard stripe only to fumble. End Bob Svec of MSC recovered and three plays later Vic Berra kicked the Bobcats out of trouble.

MSC got their first first-down in the second period. Cecil Holland of MSC recovered a Mountaineer fumble and Harvey Wylie, playing with a bandaged hand, flipped an 18 yard touchdown pass to Bob Johnson in the end zone.

The half ended 6-0 in favor of MSC. A long kick-off runback by WSC's Virg Stan was nullified by

a clipping penalty. Three plays later Stan's kick was blocked and fell into the end zone for a MSC safety.

The Bobcat lead was short lived as an intercepted pass by WSC and a 22 yard TD pass narrowed the Cat edge to 8-6.

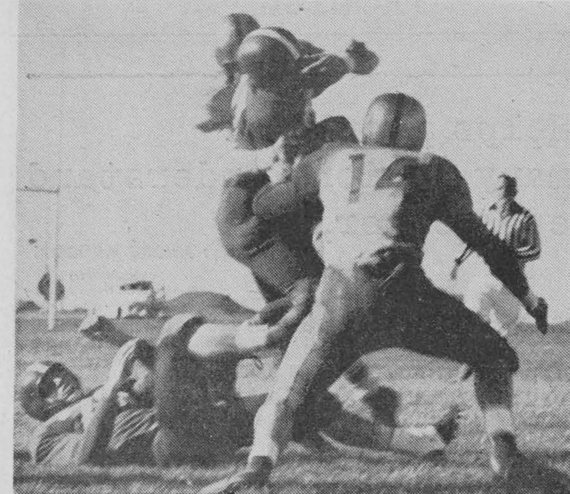

On the first play of the final quarter Berra broke thru and spilled Stan for another MSC safety. Shortly after, Stan short-passed to WSC left half, Jim Englehart, who went 75 yards to paydirt. This gave WSC a 12-10 edge on the Cats.

It was at that time that Moore connected with Schock for the game deciding score.

Ends Jim Nordlund and Vic Berra were defensive tackles in the game.

The Bobcats recovered four of the Mountaineers' seven fumbles. The Cats fumbled twice but recovered both times.

Many proud folks watched their sons play as it was the "Moms' and Dads' Day" game.

Frank Hoey stops Western State runner during last Saturday's game. This is what we like to see.

WAA News

All eyes have been focused on the volleyball tournament which started this week. At five o'clock in the auxiliary gym the tournament schedule proceeds, with the competition really keen and interest high. Donna Wallace, volleyball manager, says to be certain that if you have signed up to be on a volleyball team—"be there." All reports indicate that the Freshmen really have a promising team and the general comment is, "beat the Seniors."

You women students interested in tumbling — here is the good news. Helen McGowan announced that tumbling will officially start this coming Thursday night. A large amount of interest has been shown in the past and a very interesting program will be worked out this year. Tumbling will be supervised this fall by Miss Hosaeus.

Has anyone noticed the big congregation of eager swimmers every Thursday night? Swimming Manager Lihla Hartzog, reported that there were 43 swimmers in the pool last Thursday night—and why not with such a wonderful pool. You Freshmen taking beginning swimming—this is an opportunity you can't miss.

Just remember, the motto that will keep you posted on coming events is, "Watch the Bulletin Board!"

Bobcat Personalities

Tom Parac, junior from Lewistown, Montana, is winding up his second season of varsity football. Tom plays fullback on offense and right halfback on defense.

Tom stands 6 feet 2 inches and weighs 193.

Also a Health and PE major, Tom will graduate next year. The Bobcats will gladly welcome his services back next year. He also played varsity basketball last year.

Montana State College will lose the services of Al Fricke after this season, also. Al is a senior whose home is in Oakvill, Waeshington.

He plays defensive end for the "Cats" and also plays guard. Al shows a lot of spirit and hustle on the field, keeping the team's spirit up.

Al is also a Health and PE major. He weighs 185 and stands 5 feet 10 inches.

Seeing a lot of action for the Bobcats this fall is number eleven, Jim Brown. He plays safety mainly defense and right halfback on offense.

Jim hails from Wilmar, California. Weighing in at 155, Jim is the lightest man on the team. He stands 5 feet 9 inches.

Jim is a senior this year and will be greatly missed next year. He is majoring in Health and PE and will graduate this spring.

Top Ten Runners To Enter Idaho Cross Country

Montana State college will enter a team in the Idaho State Invitational Cross-country run at Pocatello Nov. 8 according to Brick Breeden, MSC athletic director.

The decision was made after Breeden consulted with the top winners in the annual all-college Homecoming cross-country race, held last Saturday at MSC. Prior to the race Breeden had said that he would take six men if they wanted to run in the ISC invitational and were willing to work.

All of the top ten men in the race were freshmen and the majority of the group signified that they would be interested in the competition. This is particularly good, since Brick has long been interested in getting cross-country started again and with the freshmen contestants the Bobcats will be building for the future.

The ISC race will be a straight two-mile test and will be run on the Bengal track. Louis Madrid, of the University of Wyoming, won last year in setting a new record of 10:09.1.

This will be a shorter distance and better running surface for the Bobcat entries, since the Homecoming race was 2.8 miles and on surfaced roads. Winner of this intramural race was Floyd Heitzman, Hardin, with Bill Lassey, Fairview, second and Elgin Hundtoft, Sidney, third. Winning time was 15:16.

Flagball?

Pale ale for friendship and the '52 trophy went to the gents of Sigma Chi Monday evening for the rewards of their 14-0 victory over Kappa Sigma for the intramural championship of the manly game of flagball.

The athletic department thoughtfully soaked down Gattion field prior to the game; which was probably a wise move on their part for no bone breaks were had.

She was a hot game—Honey! And as near as can be recollected two TD's for Sigma Chi came from Jack Fletcher's pass to Duane McDermott and from Loren Hardie's run. Extra conversions were by Fletcher and McDermott. Sigma Chi failed to drive through on their

famed line-bucks, but managers succeed in piling up yardage on end runs.

Jim Peretti and Jack Sohl held back the Kappa Sigma tack.

Penalties were prime and were frequent. Referees Bob and Dale Digeress were frequently called "nearsighted." But you believe it!

It was heard that a "Knuckle-games" were had but the lights were out—but that's just heard. This we know: Sigma Chi won 14-0, and that's all.

but their linemen don't twelve foot tall; And when 722 South Williams gets their brew Kappa Sigma will be there

BOBCATS vs. GRIZZLIES

THE CAT'S MEOW

By

ROGERS AND FOWLER

A bare miss on a field goal kept the Silvertips of MSU from getting Oregon's Webfoots last week. They settled for a 14-14 tie. Looks like Tony Storti's boys may have their hands full on Saturday.

There have been 425 elk bagged in the Flathead area in northwest Montana already this 1952 season. Indications are that the season is as good or better than 1951 when the total kill was 1,213.

Possible Rose Bowl contenders are Wisconsin and UCLA. Should the game come about, a win for the Big Ten over the Pacific Coast would be doubtful. UCLA has dumped the Badgers once already, 20-7.

The Linderman brothers of Red Lodge score in calf roping in the Garden Rodeo. Bill placed first with a time of 0.184 and his brother, Bud, took third with a time of 0.27.9.

Mom's and Dad's Day, sponsored by the fellows who wear those "M"s around the campus, came off with a bang last Saturday. The fact that so many parents were present for the game probably had a lot to do with the win over the Mountaineers.

Storti pulled his eleven through for their first Rocky Mountain Conference win in two seasons, of gridiron squabbles. Thanks, Coach—we're quite confident you'll direct many more like it in the future.

It is rumored that intramural football artists will be wearing pads next year. After witnessing the game between the Kappa Sigma's and Sigma Chi's Monday night it sounded like an excellent idea. These games have seen tamer games between rivals with full field equipment.

School bands are a part of the Saturday football show—and it was a particularly memorable occasion at Colgate university a few years ago when the visiting team brought its band along. Besides playing well, the visiting band could march, too. It hasn't been invited back, however. On one of its maneuvers, formed amid a clatter of trumpet and thump of tympani, the band spelled out PEP-ERENT in front of the Colgate rooters.

When Vern Mikkelsen of the Minneapolis Lakers pro basketball team was a kid in Askov, Minn., his was a prosperous area. The farmers says did well. "No wonder," says Vern. "They used to raise two crops a year. They'd just stand the farm up on end and plant both sides." "Both sides? What held it up?" "The mortgage."

Exponent Sport News . . .

'Cats To Meet Silvertips In Annual State Football Clash In Garden City

MSC's victorious Bobcats travel to Missoula this week-end for their traditional fray with the MSU Grizzlies on Saturday afternoon.

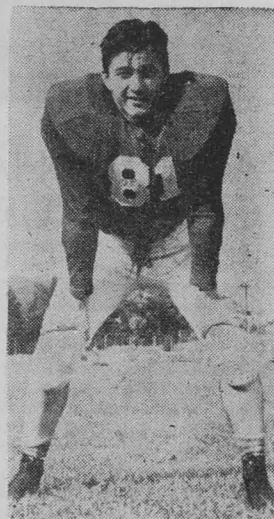

This will be the fifty-first battle of these two arch-rivals. The Grizzlies from the Garden City have the edge in games won, 35 to 10, but the Bobcats, victorious over Western State last Saturday, will be fighting for their first win since 1947 over the MSU'ers. Five of the fifty games played to date have ended in ties.

Freshman coaches, Ed Chinske and his assistant John Zeger, have 20 lettermen on the squad of which 14 are veterans of that huge Grizzley line.

The Grizzlies have not fared too well in the win column this year, having won only one game, that a 17 to 7 victory over Denver U. This does not tell the whole story however. The Silvertips last week tied Oregon, of the Pacific coast conference, 14 to 14. That huge Grizzley defense held the Wyoming Cowboys to 14 points and Utah State to 7 in Skyline conference tussels.

Coach Chinske has 14 seniors on his squad of which 12 are either on the offensive or defensive starting teams.

The Grizzlies have several outstanding players, but none has filled the vacant place left by the graduation of Bobby Byrne. They do have a couple of promising sophomores in Bob Dantic and Dean Brott. Dantic has a 5.4 yard average try while Brott has a 5 yard average. Coach Chinske also

FRED MIRCHOFF

has a terrific punter in Buddy Bellis. Bellis owns a 42.3 punting average and is one of the best punters in the Skyline Eight.

Captain of the 1952 Grizzlies is Harold Maus, 6' 4", 200 lb. senior end. Hal is known to be a terror on defense and a smart pass snagger.

Chinske has a fine place kicker in Don Gerhinger. Don has kicked five of five attempted points after touchdowns this seasons and has also booted one field goal in the Grizzlies' 17 to 7 victory over Denver. Don also does all the kicking off.

Just as the Bobcats have been hit by injuries this year, so have the Grizzlies.

The loss of Bob Yurko, Bob Graves, Dick Heath, and Frank Nickel because of early season injuries has slowed down the Grizzley offensive punch.

Up to last week's game with Oregon the Grizzlies had done most of their gaining on the ground. Of their 926 net yards gained, 737 had been on the ground. They had completed only 13 of 50 passes for only 189 yards. Nine of these passes have been intercepted. Only one has gone for a touchdown.

The last MSC win over the Grizzlies was a 13 to 12 upset victory in 1947. Since then the Grizzlies have won four straight from the Cats. The last two being by 33 to 0 in 1950 and 38 to 0 in 1951.

Anchors in the Grizzley line (200 lb. average) are the terrible twins Bob Antonick and Gordon Jones, Jim Murray, and Captain Hal Maus.

Possible starting Grizzley lineup: Offensive—George Samuelson, 190, and Ed Anderson, 200, at ends; Bob Lamley, 205, and Jim Murray, 200, at tackles; Bob Antonick, 205, and Gordon Jones, 205, at guards; Joe Roberts, 185, at center; Dick Shadvan, 165, at quar-

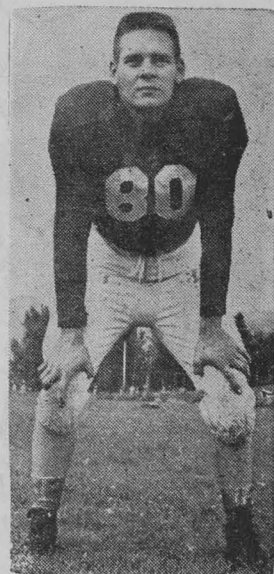

ter; Gene Carlson, 185, and Bo Laird, 200, at halves; and Fred Mirchoff, 180, at fullback. Bob Dantic, 165, and Dean Brott, 170, will alternate with Mirchoff and Carlson in the backfield.

Defensive lineup will have Hal Maus, 200, and Dick Pinsoneault, 185, at ends; Gordon Jones, 205, and Bob Stewart, 195, at tackles;

CAPT. HAL MAUS

Bob Antonick, 205, and Mel Ingram, 195, at guards; Joe Deluca, 195, and Jim Murray, 200, at line-backers; Dick Lindsay, 190, and Gene Carlson, 185, at halves; and Murdo Campbell, 170, at safety.

ANNUAL HARVEST BALL COMING UP NOVEMBER 8

Say you fellows, get your dates for the annual Harvest Ball now before the rush begins! The big day is November 8th, and you might be too late to take that special gal if you wait too long to ask her.

This all school function will be held in the student union ballroom from nine until twelve p.m. on Saturday, Nov. 8th; it will be semi-formal, and the Greeks will be on hand to make with the music.

The big moment of the evening, presenting the Queen with the traditional cup, will be held during the intermission. This cup was won last year by Nola Faulkner, an Ag student. The Queen and her three attendants will be chosen by

the members of the Ag club who will vote for their choice on Thursday and Friday of next week, Nov. 5th and 6th. The eight girls who are candidates this year are: Carolyn Walker, a sophomore majoring in commercial science, Chi O; Connie Neibel, a junior majoring in home economics, A O Pi; Alice Opalka, a senior majoring in bacteriology, DG; Betty Peterson, a sophomore majoring in home economics, AG; Perl Black, a sophomore majoring in applied science, Independent; Roberta Cotton, a junior majoring in home economics, Women's Co-op; Evelyn Strand, a sophomore majoring in home economics, KD; and Barbara McNiven, a junior majoring in Ag, Pi Phi. Bill Holt and Chuck Gestring are members of the Queen committee.

The decoration theme for the evening will be Indian Summer with fall decorations and a false ceiling for the proper atmosphere.

The final plans for the decorations were made at a meeting held Monday evening, and the actual decorating will start next Thursday afternoon. The members of this committee are: Phil Donnally, Bar-

bara McNiven, Jim W., Harold Peabody, Joe Jenni, McDonnell, Fred Trager, E. Lund, Glen Richardson, and Grover.

PARTIES AND PARTIES GREEKS ENTERTAIN FRIENDS AND RELATIONS

Parties and more parties were all the rage this weekend as parties were given by the Sigma Chi, AOPis, Sigma Nus, Pi Kaps, and others.

The Sigs dressed up their house with orange and black colors and decorations in a Halloween theme. Everyone wore levis and plaid and enjoyed a lunch of cider and donuts. As an added attraction, one had to pay an entrance fee of a ten-minute kiss. Word has it George Beck and Mary O'Donnell were awarded a stuffed doll for dancing the longest in the doorway. (MSC's tenderest couple!) During the evening, Mr. J. Van Winkle, prominent Democratic party leader, was awarded an "I Like Ike" button. Imitations were presented for the entertainment, and an accordionist presented a selection.

Pi Kaps used an entirely different theme for their party. The house was christened "South Pacific" and everyone appeared in costumes, leis and that sort of thing. A towel would have done for them! A thatched hut was placed inside the doorway, and food was served from within. The house was decorated with sea shells, rubber plants, and the place gave forth a jungle atmosphere. The pledges did a hula dance for the guests, and from the sports received, the whole was a bang-up affair.

The pledges honored the activity with a Halloween party and decorated the rec' room. Jack-o'-lanterns, pumpkins, spider webs, crescent moons, skeletons and a huge four-pointed star adorned the room. A dance to "Dry Bones" was the Hokey-Pokey "Glamour" acts were the spice of the event. Also, Peg Blankenbiller showed her stuff with some piano. The whole group ended the evening singing the "better-known" songs and skits. Skirts and sweaters, pants and shirts were the theme of the evening.

"Hunting" was the theme of the Nu party. The house was decorated with guns, field glasses, and the kids wore hunting clothes. Cider and donuts were de-livered all, just before Corky entertained with a piano solo. Corky can.

Dresses and sport coats were the theme of the outfits worn to the Sig fireside. The fellows wore a theme but had plenty of dancing and joking with them. This goes to prove that levis, sarongs, hunting clothes, dress up stuff, or just skirts and sweaters, it looks like MSC students can enjoy themselves anywhere so long as there is food and music. At any rate, George "Licorice" Baldwin, "Parties make the world go 'round."

SOLAR FILM SHOWN CLUB

A film and lecture on Solar Prominences were presented to the Physics Club by Dr. Rothchild at an informal business meeting held last Tuesday, October 21, at noon.

These meetings which are held every other Tuesday are presided

over by Joë Fritz, president; David Waldorf, vice president; Jack Asbridge, secretary-treasurer, and Bob Lard, representative for the Engineering Council.

A series of lectures is planned for the rest of the year with speakers coming from different departments all over the campus. The club also plans to enter inter-mural sports such as basketball since its membership is somewhere around thirty this year.

Spur Banquet-Initiation Held For New Actives

This year's Spurs went active Tuesday night with an initiation ceremony held in the Fireplace room of Herrick Hall and a banquet at the Bozeman Hotel.

The new Spurs took their tests Monday night under the supervision of Evie Eaton, last year's vice-president. Late Monday night invitations were delivered to the girls to go active.

The initiation ceremony was held at five o'clock Tuesday evening. During the ceremony, the new actives received their sweaters, pins, and hats. Girls going active were: Bernice Belshaw, Donna Carmichael, Nola Fuller, Janice Hanto, Mary Hunt, Sally Kranzel, Jane McDonald, Joan Mansbridge, Alene Meadows, Naida Korslund, Nancy McLaughlin, Marge Myles, Betty Peterson, Sharon Rudman, Naomi Sandvig, Jessie Passmore, Evelyn Strand, Vera Stucky, Hazel Waldron, Alfreda Chambers, and Isabel Bergert. The junior advisor this year will be Marilyn Milburn.

Last year's Spurs, former Spurs, and new actives attended a banquet at Baxter Hotel after the initiation ceremony. The tables were decorated with spurs and spur mottos. Miss Legg, Spur advisor, was a guest. Marjorie Anderson, last year's president, presented a jeweled pin to Hazel Summers, who was the junior advisor last year. The main entertainment was provided by the new actives who presented skits.

4-H CLUB—

(Continued from Page 3)

organization, work and play of the original club and similarities between the club "Way Back When" and now.

We were told that the club was formed to give 4-H members on campus a feeling of security and mutual friendship.

Ruth, Eleanor and Francis told the club that after seeing our present day club they felt that their objectives had been successfully fulfilled. They were very pleased to see that we were still holding entertainment "Way Back When." They also had regular picnics in Sour Dough Canyon. Mildred Leigh, now manager of the Student Union, was a participant in many of these picnics.

After the discussion, several "get acquainted" games were played and then the meeting was adjourned.

The next College 4-H Club meeting will be held in the Student Union, November 20 at 7:30 p. m.

Brrr... The Draft

Selective Service officials today reminded college students that the deadline for submitting applications for the December 4 Selective Service College Qualification Test is midnight, November 1 (Saturday), and that applications post-marked after that time cannot be considered. Local draft boards have an adequate supply of test application blanks on hand for draft-eligible students.

FROSH ELECTION

(Continued from Page 1)

Award, member of the National Honor Society, served as president of the student body, and has lettered in both basketball and football.

Both boys stressed the importance of their class getting out to vote, and voiced the appeal at every opportunity. Whether or not the girls know how important their votes are, or not, these guys took the fact into consideration. We don't know if it was through their own efforts or not that they were dinner guests at Hamilton Hall Monday evening, but whatever the situation, they used strategy where the girls were concerned. Remember this girls, and make the most of these situations.

We offer our congratulations to these two boys for a such a good clean election and wish the winner the best of luck as he takes up his new responsibility.

RIDDLE'S

CAMPUS COMMENT

The carefree days in the dorms are over for awhile as five senior home economics majors resume the responsibilities of meal planning, cooking, house cleaning, and caring for a child, at the Home Management House. Girls living there now are Stella Kittams, Velma Miles, Carolyn Clarke, Barbara St. Clair, and Doris Palmer.

Rumor has it that Mr. Kutzman found himself suddenly sitting on the floor during the last AWS meeting. Overpowering gravitational forces, Nat?

New officers of the Alpha Gam pledge class are Georgina Lovegrove, president, Doris Trovatten, veep, Roberta Bodkins, secretary-treasurer, and Phyllis Bird, jr., Pan Hell representative.

The Chi O's formally pledged last Tuesday night include Sally Sanderson, Pat Gustafson, Marlene MacDonald, Caroline Roberts, and Beverly Champion. Recent dinner guests of the Chi O's were Katherine and Dean Wollaston and Mrs. Beverly Cottle Allen from Great Falls.

It seems Nancy McLaughlin made quite a hit at the Sigma Nu fireside this week end as she came dressed as an Indian. She has just the coloring for it too!

New pledges at the AGR house are David Anderson, Everitt Christensen, Richard Kerr, Jack Lingle, Gilbert Passmore, Thomas Peterson, James Ryffel, Frank Green, Tom Glenni, and Arliss Berg.

Jim Paugh, AGR, was married to Marlys Ishmael, KD, last Sunday.

John Hein, active field secretary from California, was house guest of the Pi Kap's.

The Lambda Chi's Sunday dinner guests were Mr. and Mrs. C. W. Cyr, Mr. and Mrs. M. A. Berwick, and Mr. and Mrs. K. P. Miller.

Week end Pi Phi guests were Mr. and Mrs. Gowan and Marion Roberts.

Question of the week—Who were the three boys who called for Hud, Bonnie, and Ruthie Saturday dressed in pajamas? Seems they heard it was to be a sporty party.

New Pi Sig pledges are Lee

Mathews, Dan Minning, Bob Aal, Jack Tacke, Ron Eustance, Bob Svee, Dick Swolzel, Harry Bliss, Neil Weare, and Hank Dolezal.

Montana State students recently tying the knot are:

Mitzi Johnson to Roy Dorning, USAF; Shirley Lattin to Louis Bennett, Springston, Idaho; Matilda Kindzerski to Jack Montgomery, USAF; Dorothy Wagner to Leonard LaJimodiore, Great Falls. Recent engagements include Shirley Calvert to Sam McGuire, USAF; Erma Cobus to Jim Regan, Great Falls; Allice Forseth to Earl

Lander, Great Falls; Jeanine Martinell, Chi O, to Benny Bailliff, US army; Florence Ralph to Al Eulbert, Great Falls; Maxine Schmauch to David Anderson, AGR.

Bonnie Hicks, AOPI, has recently gone active. Congratulations, Bonnie!

Five Chi O's have been haunting used car lots in search of a "good used jalopy" to take them to classes. Getting lazy, girls?

New Sigma Nu pledges are Dick Brooking, Dale Clark, Bill Cook, Jack Hert, Albert Laber, Dick Mills, Frank Peterson, Ray Weinberg, John Moritz. Congrats!

The SAE's have been plagued with a bad epidemic of somnambulism at the house lately. Don't

they do enough talking and running around the campus without keeping it up in their sleep? Rumor has it that "Punchy" Harry Mitchell has a very severe case.

Congratulations to Eva Hallam, Women's Co-op, who announced her engagement to Ingwald Solberg of Dodson, Montana.

Sixteen freshmen girls were elected as Quonset officials for the current school year in elections recently held.

In Quonset 1, Jean Van Winkle was chosen president; myra Johnston as vice president; Laura Kramer to officiate as secretary-treasurer; and Winfred Foss, social chairman.

Quonset 2's returns show Betty

Wenholz as president; Lily Larson, vice president; Madge Kew, secretary-treasurer; a Carol Hollowell to represent group as social chairman.

Fray LaForge is president Quonset 3, with Betsy Edward the position of vice president; J. Welch as secretary-treasurer, Barbara Farr as social chairman.

Election of Phyllis Hedrick president of Quonset 4 was nounced along with Beverly berg to be vice president; N. Cameron as secretary-treasurer with Lee Alden as social man.

It was a straight Republic sweep. Democrats were elected little Quonset janitors."

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

NOTICE

Calling all College 4-H Clubbers. The College 4-H Club is holding an apron and overall dance Friday, Oct. 31. The dance will be held in the little dining room of the Student Union.

Dancing will be to western music and all 4-H members and their guests are invited to attend. Refreshments will be served.

NOTICE
