

enne Welcomes ew Students, umni, to MSC

Montana State College is happy to welcome new and returning students to the campus. We hope that each year will be a fine one in every way for each of you. During Freshman Week we emphasized to incoming freshmen that they get a good start on their school and laboratory work, that they become an effective part of Montana State College by observing established traditions and courtesies, and by participating in various activities of the institution. We hope that each one

ariety Show iday Night

Homecoming activities will begin Friday, October 9, at 8 o'clock with a variety show in the gymnasium. Highlight of the show will be a German Band under the direction of Lou Howard. Mr. Howard, to whom the program has been dedicated, conducted a similar band when he was with the Music department at Montana State. Jerry Trainer will act as master of ceremonies.

Alfreda Chambers and Delores Smith are co-chairmen of the Variety Show Committee. Other members of the committee are Led Van Winkle, advisor, Jack Mauli, Jack Meyer, Bill Parris, and JoAnn Johnston. They report that prospects point to a better-than-ever production.

iving Groups xtend Welcome

Large banners stretched across the street at the Baxter and Bozeman hotels will welcome all alumni and visitors to Bozeman at the Montana State College campus this week-end for the annual Homecoming celebration.

Open house at all organized houses has been set from 7-9 p.m. Saturday evening so that it will not interfere with the reunion reception. Members of the welcoming committee will be at the reception.

All living groups will have house decorations with signs posted that read "Welcome to Homecoming". The living groups are also invited to enter a float in the parade Saturday.

NOTICE

Freshman class officer nominations will be Thursday night at the "M" Eve Mixer. Elections will be next Tuesday.

of the members of the class of 1957 is finding his work here interesting and worthwhile.

For all the upperclassmen, we hope this will be a stimulating and worthwhile year. Our enrollment is on the increase but we have the classrooms, laboratories and staff to take care of the classes effectively and assure you of a fine education. Our building program is progressing on schedule.

This week end is our Homecoming and a fine program has been worked out which should make this an especially worthwhile occasion. We welcome alumni, parents and friends of the institution to participate with us in our Homecoming affairs and know that each of you students will perform your various duties in the finest Bobcat spirit possible.

MSC Expansion In Full Swing

Three building projects completed and two to be completed by the winter quarter compose the main points in MSC's expansion program.

The Ryan Lab is completed on the outside and the Civil Engineering Department is moving in. The Veterinary Research building and the Agricultural Engineering building are now also in use.

During the winter quarter the addition to the Ag. Bldg. and the new Math and Physics Bldg. will be completed, while next fall the new men's dormitory and a boulevard on Garfield Street are to be completed.

Much general repair was done during the summer according to Mr. Martin Whalen at the service shops. Mr. Whalen exclaimed, "We are doing everything we can, but more is always needed. We do, however, seem to be gaining on the repairs and general upkeep of the campus."

(Continued on page 5)

Jeannette Christy

Thanks....

On behalf of the students of MSC, The Exponent wishes to thank the business men of Bozeman for making possible the broadcast of the MSC - Western State football game last Saturday. Also, we wish to thank the same group for their participation and cooperation in the annual Homecoming festivities.

MSC WELCOMES ALUMS IN ANNUAL HOMECOMING

FESTIVITIES BEGIN FRIDAY EVENING

Homecoming — 1953 — is the gala event scheduled for Montana State College this weekend. The festivities begin Friday evening with a big all-school rally to be held on the lawn in front of Montana Hall at 7:30 p. m. Highlight of the rally will be the announcement of the Homecoming Queen for 1953. Adding zip and go to the cheering will be the M.S.C. Pep band under the direction of Ed Sedivy, and leading the cheers will be Cheer Queen Ginny Reese and cheerleaders Carol McRae, Margaret Olsen, Jean Buchannen and Glenelle Wood.

Immediately following the Rally the fun begins in the gymnasium with the presentation of the 1953 M. S. C. Variety Show. This show is sure to provide laughs and fun under the guidance of Alfreda Chambers and Delores Smith with Jerry Trainer as emcee. Others on the committee include JoAnn Johnston, Jack Mauli, Jack Myers, and Bill Parvis. The variety show includes individuals and group acts from members of the student body.

Students will be kept busy during the week with the preparation of yard decorations. The purpose of these decorations is to welcome the alums. The decorations will not necessarily comply with this year's homecoming theme but many of them will be recognized as hit tunes of years past. A plaque is the award for the best yard decoration and this will be awarded at the Homecoming Ball on Saturday evening. Jay Rammell heads this committee with Shirley Frenk, Mary Kay Phillips, and Marla Connelly as assistants.

Saturday morning the Homecoming Parade will swing down Mainstreet to the theme of "Memories Through Melodies." There will be floats galore as each house and various organizations on the campus show forth in honor of Lou Howard, M. S. C. band director for many years, and the alums of the years 1928, 1943 and 1948. Parade chairman Dave Near has urged that all participants and floats be at Bogart's Grove on South Church Saturday morning not later than 9:15 a.m. The floats will be lined up in the order in which they will proceed at this spot. Each float will be directed to its designated position by members of the parade committee—Bill Thornby, Marv Holtz, and Rodney Youngquist. The parade will proceed down South Church to Main street—up Main street to South Willson—up South Willson to Cleveland and West on Cleveland to South Sixth where it will dismantle. Prizes this year are being awarded in a different manner as there will be a separate judging of the floats from the

mens' houses and those from the womens' houses.

Window displays will also be a (Continued on page 7)

Students To Select Queen

One of seven competing MSC beauties will be chosen Queen to reign over the annual Homecoming festivities to be held this weekend on the campus. Balloting for the selection of Her Majesty will be conducted in the SUB on Thursday, October 8, from 9 a.m. to 5 p.m., and will be open to all students.

The reign of MSC's Homecoming Queen of 1953 will begin Friday evening at the Pep Rally, when the results of the balloting will be announced. On Saturday the Queen will ride the Royal float in the Homecoming Parade accompanied by the other six candidates, who will serve as attendants to Her Majesty. The formal coronation will take place at Gannon Field shortly before the Homecoming Football Game, with President Renne doing the coronation honors. Saturday night at the annual Homecoming Dance in the Masonic Temple, Her Majesty will be presented with a trophy signifying her elected status.

Each year every organized wom- (Continued on page 2)

Gidley Heads MSC Student Government

Jim Gidley, senior, is in full swing now, in taking over his duties as president of the student body. Number one on the list is instigating more interest in the Student Government on the part of the student body. Jim has appointed over 40 students to serve on student-faculty committees, along with faculty members, who will get together and discuss the various problems and ventures of the students. The purpose of this set up is to get more good use out of our student government. Sharing and exchanging ideas with other colleges and universities will also help these committees on their way.

The newest committee is the Educational Exchange committee which will work with the foreign students here on campus.

As a long range outlook on these committees it is hoped that they will instill more interest in school elections in the spring. The candidate's platforms will be clearer by being in closer contact with the interests of the student body.

As a reminder Jim wants everyone to know that all are invited to sit in on Student Senate meetings. The meetings are held every Monday at 5:00 or every other Monday. The minutes will always be available for those interested in reading them. It is hoped that this, too, will lead to more student participation.

Student committees are now out

Registration Plans Listed

When the Alumni arrive in Bozeman for Homecoming, there will be ample registration arrangements available for them. At both the Baxter Hotel and Bozeman Hotel, the registration desks will be open from 7 a.m. to 10 p.m. on Friday, October 9. On Saturday, October 10, the desks will be open from 8 a.m. until 12 noon. Also on Saturday, the Alumni can register at the Student Union from 8 a.m. until 1 p.m.

All Alumni Registration is being handled through the local MSC Alumni Association and the MSC Registration Committee.

gathering opinions as to what they would like to have included in the Student Union program: such as Saturday nite dances, free movies on Sunday and so on. They're also blanketing to find what facilities students will want if more space becomes available in the union.

Another committee is working on plans for having an intramural championship with Missoula.

Bob Morrisette has his eyes and ears open for a big name band. Leaving it up to Bob we'll have a good one.

This covers only a few of the aims and aspirations of our Student Senate and its president for the year, but with a few general ideas in our minds we can better help and interest ourselves in our student government.

(Continued from page one)

en's group nominates one qualified senior girl from their group to be their choice as the Homecoming Queen. The girls are nominated primarily because of their activity in campus organizations, personality, popularity, scholastic standing, and related characteristics, rather than by beauty alone. The following girls have been nominated for Homecoming Queen: Marjorie Anderson, Chi O; Lucille Heron, DG; Marge Stromnes, PiPhi; Elaine Mikkelsen, AGD; Dorrane Herreid, Ind; Jeannette Christy, KD; and Dorothy Larson, AOPI.

Mulling Over Music...

by Bob Morrisette

Friday morning the freshman sign painters will wake to "Oh, What a Beautiful Morning," climb the hill to "If I Had the Wings of an Angel," and stagger down to "How Dry I Am." At any rate, Friday noon should see some sore feet, whitewashed hair and new romances.

A record number of freshman musicians should really help the music department this year. You will have a chance to see a few at Friday night's variety show. The new acts, along with the old standbys, should offer the best free show seen around here in a long time.

Mr. Sedivey has a new attraction with the marching band for you to see Saturday. Girls, yes actually girls, are finally allowed to march with the men—but not too close. The girls in band are marching in a separate group

known as the "Keynotes." They will not play instruments, but will help in the more complex formations. I noticed a lot of the boys have not been watching their music in practice. Maybe blinders would help.

Several letters have been sent out to booking agencies in hope of obtaining a name band for MSC this quarter. We are not promising anything, but you can be sure that if a band is hired, it will be a good one. We are not out to make money, but it would be

State of the Union...

by Glen Lemon

This column is not intended to amuse, educate, antagonize, inspire, or do anything else at all. Like a lot of other space, it could be used for paying advertising. Now that I think of it, however, anyone wishing a plug in this literary gem may be accommodated for a small consideration.

The overt purpose of this column is an objective report of student opinion gathered by table hopping in the S.U.B. (hereafter referred to as home away from home). The econ majors tell me the country is beginning an economic slump, that way it's harder to bum a coffee anymore. The popular topic of conservation is not economic slumps, however, it is the new crop of freshman girls. These conversations are 'high level', critical discussions, of course. The "old dad" has some sage advice for the new girls. Don't pay any attention to those hungry looking guys in the sub that sit on the outside chairs and

look you over thoroughly as you walk into the coffee shop for a cup of coffee. They're just another institution around here, their hair is thinning, their slide rules are loose from banging on the table tops in time to the juke box, and their stare is glassy. These "Melvins" are the college men your mother talked to you about before you left home.

Everybody is gone on those crazy be-hop jokes. There's the one about the poster that visited his psychiatrist. When he came out of the office he met his friend and said "Man! That guy is the most, he said I was real crazy." Well, here's mud in your coffee. If you don't believe me check the bottom of your cup the next time you are in the Sub.

*You'll think high level.

"M" Day Set For Friday

Friday, October 9, will be observed as "M" Day. The program will be arranged under the direction of Frank Covarrubias, Commissioner of Demonstrations.

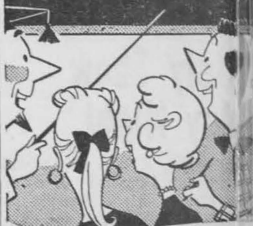

It is planned to carry through the "M" Day program on October 9 regardless of weather conditions.

Additional information will be made available to students through the Commissioner. Demonstrations and cooperation organizations.

All classes will be dismissed on "M" Day, Friday, October 9. The Deans' Council has approved dismissal of classes on Homecoming Day, Saturday. This action was taken to permit students to cooperate in the various Homecoming activities, to participate in and enjoy the program which has been prepared. Offices will remain open as usual on Friday and Saturday morning.

nice to break even. The obtaining of a name band is a service the students and not a making proposition.

GREYHOUND

aternities, orities, Get w Pledges

Eighty-four co-eds pledged to 15C sororities at the close of the week on Tuesday, September 29. Alpha Omicron Pi pledged 25 pledges while Pi Beta Phi pledged 21, and Chi Omega 20. Alpha Gamma has 15, Alpha Gamma Delta 10, and Kappa Delta 2.

There are openings in the string on of the Orchestra. Anyone interested in trying out contact Sedivy in Room 2 of the Music Building.

Some 162 Montana State College men, mostly freshmen, were pledged to eight fraternities at ceremonies held last week on the campus.

Alpha Gamma Rho had 12 pledges, Kappa Sigma 32, Lambda Chi Alpha nine, Pi Kappa Alpha seven, Phi Sigma Kappa 11, Sigma Alpha Epsilon 39, Sigma Chi 32, and Sigma Nu 20.

Rally Planned For Friday Eve

The annual Homecoming Rally will be held Friday night at 7:30 on the lawn on the north side of Montana Hall. At this time the Homecoming Queen who was chosen by an all-school vote will

be presented to the students. Also during the Rally, Coach Tony Storti and President of ASMSC, Jim Gidley, will give short talks on the coming game.

To pep the students up the cheerleaders will lead in several yells and songs. Added pep will be furnished by the Bobcat Band which will play during the Rally.

Another highlight of the Rally will be the traditional lighting of the "M." Each year at Homecoming the Spurs and Fangs climb the hill and light the "M."

The climax of the Rally will be a snake dance winding past the Ag building, through Hudson House, up to the Quads, and finishing at the gym.

Anyone interested in flag twirling please contact Mr. Sedivy in the Music Building.

Meetings

At the Ag Engineers' first annual meeting, plans were made for a smoker to be held on October 16. Officers for the coming year include Irving Nelson, president, George Heil, vice president, Boyd Johnson, secretary, Warren Kruger, treasurer, Raymond Swoboda, scribe, and O. W. Monson, faculty advisor.

It was announced that O. W. Monson, department head, will address the next regular meeting on the advantages of the ASAE to Ag Engineering students. All students enrolled in Ag Engineering are urged to attend.

Student Flying Coop meets October 14, in room 317, Student Union Building. Election of Officers. Mr. John Vickery will be the CAA guest speaker. All interested students welcome.

Any students interested in trying out for the livestock judging team meet in the Stock Pavilion on Monday, October 5, at 5:00 p.m.

There will be a Senior class meeting on Wednesday, October 14, at 5 p.m. in 304 Lewis Hall. All Seniors are urged to attend.

Miss Frances Urban will be the guest speaker at the first Home Economics Club meeting of the 1953-54 school year. Miss Urban comes to the M.S.C. campus as Field Secretary for the American Home Economics Association. She has spent the past summer in Europe and is known as a most charming, delightful speaker. Miss Urban is also President of na-

tional Phi Upsilon Omicron—home economics honorary.

The meeting will be held at 12 o'clock noon on Wednesday, October 14th in the Fireplace Room of Herrick Hall.

All home economics majors are urged to attend as this will be one of the most outstanding programs of the year.

All freshman may sign for sack lunches at Hamilton Hall and upper classmen in their respective houses. Let's not miss this first meeting of the year.

The Inter-Varsity Christian Fellowship held its first meeting on Monday, October 5. The meetings for the rest of the quarter were planned and Stan Yamamoto, president of the group, introduced the officers.

Miss Bernice Bayliss, of the Bacteriology Department, was also introduced. Miss Bayliss is the faculty adviser for the group this year.

The IVCF is planning a retreat the week-end of October 16. There will be students from Billings and Dillon meeting with the MSC group. All students are welcome to the meetings and the retreat. The regular meeting time is Monday, 7:30 p.m. in the Faculty Lounge, SUB.

The DSF group of the Christian Church will hold their regular Sunday evening meeting at Bridger Canyon. This will be a picnic and all those wishing transportation should meet at the Christian Church at 5:30. We'll adjourn in plenty of time to have you back by 7:30 so just bring yourselves—food is furnished. See you Sunday night!

Closing Date Scheduled for Competitions

October 31, 1953, is the closing date of the competitions for United States Government educational exchange grants for graduate study abroad, it was announced today by Kenneth Holland, President of the Institute of International Education, 1 East 67th St., New York City. One month remains in which to apply for awards under the Fulbright and Buenos Aires Convention Programs for the 1954-55 academic year. An exception is the program for Australia and New Zealand, for which October 15 is the closing date.

Scholarship application blanks are available at the Institute or in the offices of Fulbright advisers on college and university campuses. A brochure describing the overseas study awards may be obtained from the Institute.

The programs under the Fulbright Act and the Buenos Aires Convention (for the Promotion of Inter-American Cultural Relations) are part of the international educational exchange activities of the Department of State. They will give almost 1000 American citizens the chance to study abroad during the 1954-55 academic year. Since the establishment of the Fulbright program in 1947, over 2700 American students have gone abroad under its auspices, and 974 have accepted grants for the current academic year. Under the older Buenos Aires Convention Program sixteen Latin American

countries have each offered awards to one or two Americans a year since the program's inception in 1937.

Countries where U. S. graduate students may study under the Fulbright Program are Australia, Austria, Belgium and Luxembourg, Burma, Denmark, Egypt, Finland, France, Germany, Greece, India, Iraq, Italy, Japan, the Netherlands, New Zealand, Norway, Pakistan, the Philippines, Thailand, the Union of South Africa, and the United Kingdom. Special provision is made in the program for Germany for twenty-five grants to American graduate students who will serve as English language assistants in secondary schools. The countries participating in the Buenos Aires Convention Program are Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, and Venezuela.

Eligibility requirements for these foreign study fellowships are:

- (1) United States citizenship,
- (2) A college degree or its equivalent at the time the award is to be taken up,
- (3) Knowledge of the language of the country sufficient to carry on the proposed study, and
- (4) Good health.

Final selection of Fulbright grantees is made by the Board of Foreign Scholarships appointed by the President of the United States. The Institute of International Education, central private agency in the U. S. administering programs for the exchange of students, teachers, and specialists, is the agency designated by the Board of Foreign Scholarships and the Department of State to screen applications. Under the Buenos Aires Convention, the Institute makes the preliminary recommendation of candidates, with the co-operating countries making the final selection of candidates for study within their borders.

Fulbright awards are made entirely in the currencies of participating countries abroad. The Ful-

bright Act authorizes the use of certain foreign currencies and credits acquired through the sale of war surplus property abroad for educational exchanges. The awards cover transportation, expenses of a language refresher or orientation course abroad, tuition, books, and maintenance for one academic year. Awards under the Buenos Aires Convention include transportation provided by the United States Government, and tuition and maintenance allowances provided by the host governments.

Preliminary selections for other Fulbright awards, those for teaching, lecturing, or advanced research abroad, are made by the American Council on Education, the U. S. Office of Education, and the Conference Board of Associated Research Councils.

CROSS COUNTRY NEWS

This year the school shows a fine team of runners that might beat the record time of Clarence "Dutch" Holst for 14 minutes, 41 and 4 tenths seconds set in 1931.

MSC Represents At Moscow Rodeo

Well, pardner's, it is rodeo again with the MSC Rodeo Club. At the meeting Thursday night was decided that Dean Jack Larry Whiteman, Merle Bobby Delp, Bud Heany, and Parsons would represent MSC Moscow, Idaho, this coming end.

Along with the team, J. Brumberger, Dan Fraiser, and Bearsnik will go as alternates. All of these participants have quite a bit of experience in arena. Some of the eventing these fellows will compete in calf rope'n, bulldog'n, wild milk'n, bull ride'n and saddle bare back ride'n.

The next meeting of the Club will be held Oct. 15, 1953, 7:30 in the S.U.B. At this time the new officers for this year will be elected. All interested are invited to come.

again and again!
C'mon, let's go!

TWICE AS MANY AWARDS THIS YEAR

MAKE \$25!

WRITE A LUCKY STRIKE JINGLE

based on the fact that LUCKIES TASTE BETTER!*

From well-known towns to parts unknown,
Most any place you go —
It's Lucky Strike for better taste
With people in the know!

Easiest \$25 you ever made. Sit right down and write a 4-line jingle based on the fact that *Luckies taste better*. That's all there is to it. More awards than ever before!

Read the jingles on this page. Write original ones just like them—or better! Write as many as you want. There's no limit to the number of awards you can receive. If we pick one of your jingles, we'll pay you \$25 for the right to use it, together with your name, in Lucky Strike advertising.

Remember: Read all the rules and tips carefully. To be on the safe side, clip them out and keep them handy. Act now. Get started today.

My meals, folks say, are flavorful —
They're seasoned perfectly.
For better taste, it's Luckies, though!
That win the cheers — not me!

CLIP OUT THIS INFORMATION

RULES

1. Write your Lucky Strike jingle on a plain piece of paper or post card and send it to Happy-Go-Lucky, P. O. Box 67, New York 46, N.Y. Be sure that your name, address, college and class are included—and that they are legible.
2. Base your jingle on any qualities of Luckies. "Luckies taste better," is only one. (See "Tips.")
3. Every student of any college, university or post-graduate school may submit jingles.
4. You may submit as many jingles as you like. Remember, you are eligible to receive more than one \$25 award.

*TIPS

To earn an award you are *not* limited to "Luckies taste better." Use any other sales points on Lucky Strike, such as the following:
L.S./M.F.T.
Lucky Strike Means Fine Tobacco
Luckies taste cleaner, fresher, smoother
So round, so firm, so fully packed
So free and easy on the draw
Be Happy—Go Lucky
Buy Luckies by the carton
Luckies give you deep-down smoking enjoyment

COPR., THE AMERICAN TOBACCO COMPANY

New Dorm Director

Miss Hermina Zipple, recently supervisor of dining halls at Pennsylvania State College, has assumed her duties as foods and housing director of dormitories and associate professor of home economics at Montana State College, according to Dr. Katherine Roy, Dean of Household and Applied Arts.

Miss Zipple had held the position in Pennsylvania for two years before coming to Montana. She is a native of Oregon and a graduate of Oregon College of Education at Monmouth. After graduating from the Oregon College, she went to the University of Washington where she received her Bachelor of Science and Master's degree in institution administration. Later she became assistant director of dining halls and residences, and an instructor of home economics at the University of Washington.

She left Washington after six years in that position, to go to the University of Kansas at Lawrence as director of foods service and assistant professor of home economics. She was later made director of the student union building and director of food services. Miss Zipple went to Pennsylvania from Kansas.

Here at M.S.C., Miss Zipple is associate professor of home economics in charge of the institution management department. She will also be in charge of food and housing in all college residence halls. This will include the new men's dormitory which will house 317 students when it is completed. She is a member of a number of professional organizations including the American Dietetics Association, American Home Economics Association, American Association of University Women, and Business and Professional Women's Club.

Miss Zipple says that she is very much interested in students

Student Nurses Fill Headlines With Activities

The Summer and Fall Quarters have been filled with many student nurse activities in the Montana Deaconess Hospital in Great Falls.

Wedding bells have been pealing for the following students: Anna Cobus Regan, Nelda Mangels, Hastings, Florence Ralph Eulberg, Vivian Danielson Bell, Alice Forsyth Lander, Velma Storle Oakland, Maxine Schmauch Anderson, Ed Eileen Neuhart Boespflug. July 16th and 17th the nursing students conducted a very successful carnival which included a Big Show, many booths, food concessions, and a street dance. It was held near the nurses' residence, and was well attended by Great Falls families. Proceeds were used in a Residence Building fund.

Six new students were welcomed to the Great Falls Division

Sunday, September 20. A welcoming party was given for these new students: Lois Larson, Nola Fuller, Janice Hanto, Elsie McGuffin, Dorothy Pasha, and Beverly Ness. This was also a birthday party for those students having birthdays during August and September.

Another event of particular interest was the Stripe Breakfast held September 14th, at which six students received their first stripe, eleven students their second stripe, and fifteen students their third stripe. These stripes indicate freshman, junior, and senior students respectively.

At the height of the fall activities we find the graduation of six top seniors: Geraldine Shaffer, LaMoyné Berger, Alice Forseth Lander, Dorothy Wagner La Jimodiore, Jeanine Martinell. Congratulations, girls!

WELCOME ALUMS

Need Cooperation In Traffic Problem

Students and faculty have registered 1054 cars and trucks for parking permits so far this quarter with the Traffic Committee. The Traffic Committee is charged with the duty of seeing that this great number of vehicles makes use of the roads and parking lots of the campus with the minimum of inconvenience and danger to everyone.

Certain areas have been marked "No Parking" because of the congestion and danger that would result from their use. A very few spaces have been marked "Reserved". These are for the convenience of some physically handicapped students and faculty. Other spaces are reserved for a few faculty members whose jobs require their continuous coming and going.

It is the hope of the Traffic Committee that everyone driving on the campus will understand the magnitude of the traffic problem

and will make an earnest effort to cooperate. Consideration of the safety and rights of others will help much in handling this situation to the greatest benefit of all.

(Continued from page 1)

Included in the summer repair work was the painting of about 100 rooms and some of the halls in Hudson House, the painting of Herrick Hall, enlargement of the Main Hall parking lot, equipping the lot by the gym with lights for night parking, installation of a "home built" gas burner in the coal burning boiler and the installation of a new steam line to the gym.

(Continued from page 7)

Saturday afternoon football fans will turn out to see the Bobcats, undefeated in conference play, tangle with Colorado. At the half-time the Homecoming Queen will be officially presented in a coronation ceremony by the President of M. S. C. Dr. R. R. Renne. The band formation at the half-time will also honor Lou Howard through the theme "Memories Through Melodies."

Saturday evening alums and students alike will swing and sway to the music of the Vagabonds at the Homecoming Ball which begins at 9:00 p.m. in the Masonic Hall in downtown Bozeman. Big event of the Homecoming ball will be the awarding of the three prizes to the organizations with the best window displays, and the presentation of the plaque for the house with the best yard decoration and the float awards.

The Homecoming activities are under the leadership of Chairman Dean Berwick, with the able assistance of co-chairman Arlene Stephenson, Marilyn Milburn, Leland Van Winkle, and Don Schilling.

Selective Service Exams Available

Applications for the November 19, 1953 and the April 22, 1954 administrations of the College Qualification Test are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test on either date should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided to SELECTIVE SERVICE EXAMINING SECTION, Educational Testing Service, P. O. Box 586, Princeton, New Jersey. Applications for the November 19 test must be postmarked no later than midnight, November 2, 1953.

According to Educational Testing Service, which prepares and administers the College Qualification Test for the Selective Service System, it will be greatly to the student's advantage to file his application at once, regardless of the testing date he selects. The results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student.

It is hoped that all students will take an active part in the rally, parade, game and other activities offered to make this the biggest and best Homecoming yet.

ATTEND THE GAME SATURDAY

Smoothness
Smoothness
Smoothness
Go on, write it here with your pen!

Smoothness

you never believed possible is now offered in these NEW PARKER "51" and "21" Pens. Ready now at your pen dealer's in time for fall ... for all those who are tired of pens that scratch, balk or rough up. Try these new Electro-Polished Pens at the first possible moment.

21" pens cost as little as \$5 with Parkers exclusive all-precious metal tip too!

Electro-Polishing uses an electrically charged solution which literally dissolves all roughness

*Cats that scratch
Chickens that hatch
Just about match pens that scratch
(Away with 'em)*

MARKETING STUDENTS!
If you are interested in using The Parker Pen Company as a case history for a term paper on advertising or marketing, we will cooperate to the best of our ability. Just send your request with detailed questions to George Eddy, Advertising Manager, The Parker Pen Company, Janesville, Wis.

Will your pen write without any pressure at all? These new Parkers will! They've been finished to an incredible degree of smoothness by an exclusive new pen point process — "Electro-Polishing." It employs a special solution charged with electricity which dissolves even the microscopic roughness that might linger on the nibs. Result: **absolute smoothness.** You glide across paper. See these new Parker "51" and "21" Pens now at your dealer's. The Parker Pen Company, Janesville, Wisconsin, U.S.A.; Toronto, Canada.

new Parker "51" AND "21"

Parker "51" \$12.50 and up • Parker "21" \$5.00 to \$10.00

Zeke's Peeks....

By BILL ZUCCONI

Since I am not a student at Northwestern U, Kansas U, or Notre Dame, etc., I will not attempt in this column to try and impress on you students of MSC that I know who will win the Army-Navy game this fall. I will only try to give you interesting facts about MSC's athletic teams and your fellow students who comprise these same teams.

Attention: All you new students here at MSC who are interested in tennis. Bob Beck, MSC tennis mentor, would like to see you in person at your earliest convenience. Mr. Beck would like to start workouts this fall, while the weather is still permissible.

Well! Look at what we have here! The Bobcats are on top of the Rocky Mountain Conference with a 2-0 record. (It's been seasons since the Bobcats have enjoyed that position. In fact, it's been quite a few seasons.) Pre-season predictions found the Bobcats in a dark horse status. Looks like (maybe) the Bobcats are tired of being the tail enders.

Idaho State (1-0) is in second place, followed by Western State (1-1), Colorado College, Colorado Mines, and Colorado State, with a (0-1) conference records.

I believe the students of MSC should pin gold stars on the players and the coaches of the Bobcat football team. Not for a highly successful 2,000 mile road trip, but for the wonderful way in which the squad conducted themselves while on the ten day trip.

"They were truly a credit to MSC, Bozeman, and the state of Montana," was the comment made by head football mentor Tony Storti after returning to Bozeman Monday afternoon.

Coach Storti also stated that while the Bobcats were working out on the Colorado College of Education gridiron they were treated wonderfully by everyone concerned.

Here is a rundown schedule of what the squad did each day while down south: Up at 7:30 a.m., Breakfast from 8:00 to 8:30 a.m. in the Colorado College Cafeteria, chalk talk and field workouts from 9:00 to 11:00 a.m., lunch at cafeteria, supervised studying in rooms from 1:00 to 3:00 p.m., conducted tour from 3:00 to 6:00 p.m., supper and turn in by 10:30 p.m.

The players themselves set the turning in time and as Tony pointed out to them, "You set it, you keep it."

Intermural football will be moved back one day after tomorrow, M Day. All games scheduled for M Day will be played Monday. Those scheduled for Monday will

be played Tuesday, etc.

In intermural games played this past week the Kappa Sigs finally started rolling in the second half to down Pi Kappa Alpha 13 to 2. In two very close games Lambda Chi beat Alpha Gamma Rho, 2 to 0, and Sigma Alpha Epsilon downed the Men's Co-op 2 to 0. Both games were tied at the end of regulation play, and were decided by California Play offs. In another game played last week Sigma Chi tromped the Independents, 6 to 0.

Some of you rabid sport fans (also some of you Co-eds) will be interested in where the ironmen who played varsity sports for MSC last season are. Here is a rundown of where some of them are abiding at present:

Jerry Gleason, 1952-53 hoop captain and all around sport star from Livingston is attending Washington U in St. Louis, Missouri, and is studying dentistry.

Don Gaarder, baseball, track, and football star, is attending Pacific Lutheran College and is studying the Ministry.

Ted Anderson, Bozeman, received his commission and is stationed in Texas with the U. S. Army.

Al Shock, Glendive, is married and attending school here at MSC. He is not playing football, but reportedly will be running on the cinders for MSC next spring.

Larry Hale, Butte, was inducted into the armed forces during the summer.

Don Hanley, Butte, is now attending Northwestern U and is studying law.

Ken Heitzman, 1952 cross-country champion, from Hardin, has been drafted.

Jim Nordlund, football star and 1952 grid captain for the Bobcats from Dobson, was commissioned during the summer and will be called some time after the first of the year.

Gene Shaw, Bozeman star athlete, is now in the armed forces of the U. S.

Jack Moore, football star from Chehalis, Wash., is with the Forest Service somewhere in Washington State.

Doug Hunter, the rugged wrestler from Powell, Wyo., has been drafted.

Bucky Walker, a rough mat man, has also been drafted.

Ed Kiel, Ledger, is married and is farming.

Marty Nelsen, a promising freshman mat prospect last year from Anaconda, has transferred to Washington State College for boxing.

Gene Lutey, freshman basketball and track star last year, has not returned to MSC and it is not known where he is or what he is doing at present.

Cats Tangle With Colorado State In Homecoming Classic, Saturday

Montana State's Bobcats will be after win number 3 for the 1953 grid season as the Cats meet the Colorado State Bears in a conference battle as the main feature of the MSC homecoming Saturday.

This year's contest will be the 18th time the Cats have played the Bears. So far the Cats have won 8, lost 8, and tied 1.

Last year's game was disastrous for the Cats as they were trampled 47-0 by the Bear's passing attack, which completed 13 out of 25 attempted passes in the lop-sided affair. Six of these passes were completed for touchdowns and five of them were thrown by quarterback Dick Porter. This year the Palisade, Colorado athlete is a senior and again piloting the Bears.

Also trying to avenge last year's loss will be coach Tony Storti of the Cats who is in his second year of coaching at MSC. Last year's 47-0 defeat was the worst beating that any of Tony's teams has ever taken in his six years of coaching.

The Bears have a 1-1 record so far this year as they were lowered 25-7 by the Western State Mountaineers in their RMC opener. Their win was a 13-6 victory over Adams State, after an eighty-eight yard march in the waning minutes of the fourth period.

The Cats have two Rocky Mountain Conference victories, one over Colorado Mines, 25-7, and the other a 14-13 victory over the Western State Mountaineers after a stunning third quarter comeback. The Cat's loss came in the season opener with the College of Idaho, 38-26.

The tentative starters for the

Colorado Bears are a senior transfer from the University of New Mexico, Jack O'Rourke at center. At the ends are Bob Roper, a freshman from Colorado Springs and Jim Daugherty, a sophomore from Hammond, Indiana. At tackles are, a sophomore, Victor Collins from Hammond, Indiana and Ivan Kelley, a junior from Pueblo. At the guard positions are Hay Frakes, a senior, and Jerry McMillen, a junior, both from Greeley, Colorado.

Dick Porter, who will again be field general this year for his third season is at the quarterback spot. The halfback spots are to be filled by juniors Bobby Mantooth, of Denver and Jack Adams of Greeley. Wally Birlaw, a senior of Brighton, Colorado will do the duties of the fullback.

For the Montana State College

Bobcats, the tentative line-up will be Vic Berra, a junior of Evea Minnesota at left end and freshman Don Rockey of Green Bay Wisconsin at right end. Gene Krall, a junior of Mountain View Minn., at right tackle and Hal Roberts, a freshman of Bellevue Dam, Wis., will be at the tackle spot. At guards are juniors Jim Argeris of Worland, Wyo. and Ray Schoessler of Billings Montana. Over the ball at center spot will be senior Roney of Powell, Wyoming.

Doing the ball carrying for the Cats is senior, Tom Parac Lewistown, Mont., at quarterback. At right half, Harvey Wylie, sophomore of Calgary, Alberta. Frank Landon, a freshman, former Kalispell, Montana fullback will be at the left half spot. In the fullback position will be the veteran junior from Billings Montana, Tom Hoff.

THE BEST BARGAIN IN GALLATIN COUNTY

Cross Country Meeting Event Frosh Boys

This year will mark the forty-first year since Morgan, a MSC athlete won the first cross country race in regular competition in a time of 17 minutes and 10 seconds.

The race will be held either the first of October or the third of November this year in- stead of during Homecoming as it has been for the last few years. The change of date was decided because of the activities of coming; the parades, floats, will draw away from the im- portance of the race. Also the change of the school year is some- what of a major mixup for the men and this would tend to draw away from the competition of the race.

Last year Floyd Heitzman, MSC man and former state cham- pion, won the distance man from Hardin, and won the championship by over the 2.8-mile course in 16 minutes and 16 seconds. Run- ners were Bill Lassey, second, Elgin Hundtoft, Sidney third, man took an early lead and extending the margin to finish the best time recorded in World War II.

This year's cross country race was an annual competition with- out the winning of the first race in 1911. The runners will be for the Bachman trophy awarded yearly by Lester "Shor- bachman, the most famous country man ever to run for

In 1916 the race was run in competition between the Freshmen and the Sophomores. This policy continued for a number of years

and then again turned all school. A few years later it was decided to give the winner a varsity letter but he would not be able to compete again. This again was changed during the years as wit- nessed by the two double winners, John Gander in 1947 and 1948 and Jim Ward in 1949 and 1950.

The 2.8-mile race is started be- hind the Gym and runs past the Veterinary Science building, north to Huffine lane, west to Hyde- road, south to Lincoln street, around the Heating plant and end- ing up in the stadium.

highlight of Homecoming with campus organizations in competi- tion for the three prizes awarded the best window displays. The Bozeman merchants give gener- ously of their window space for this event and each organization is well represented. The windows are judged on their attractiveness, time spent in preparation, and the manner in which they represent their organization. Evelyn Strand is chairman of the window dis- play committee with Lois Fresh- ouse as co-chairman and Sally Sanderson, Shirley Foss and Jack Armstrong assisting.

(Continued on page 5)

Here's Your Grid Team...

by Bob Warwood

ARMAND CACCIATOREY*— (Pronounced Catch-a-torey)— Frosh quarterback, 5-7 and 140 pounds.

Armand is the smallest man on the field for the Cats, but "Ace" throws a fine pass and handles the position in good style despite his size. He is from Niagara Falls, N. Y. where he was an all-star footballer and a distance man in track. Planning on being an en- gineer of some sort, Armand worked at a DuPont factory this summer.

PAUL CHRISTOPHERSON — Junior halfback, 5-10 and 172 lbs. "Chris" played two years at Stout under Storti as a defensive halfback and came along when Tony moved to MSC. He was out of activity last year establishing his eligibility and this season is ready to go. While primarily known for his defensive ability, he has been demonstrating that he can also play offense. Paul is an industrial arts major. His home is at Marinette, Wisc., and he spends many of his summers on the Great Lakes.

DUANE DELGER—Frosh half- back, 5-11½ and 180 lbs. One of Wolf Point's best ath- letes, Duane won all state Class B honors in football and basketball and won the 100 and 220 yard dashes at the state track meet. He also plays a fancy game of base- ball. Duane plans on majoring in engineering at MSC. One trouble in playing halfback is that he's having trouble getting used to regular cleats—since he always previously played in either tennis shoes, or shoes with a ring cleat. He worked for the state highway department last summer.

FRANK HOEY — Sophomore letterman quarterback, 5-11 and 160 lbs. Frank played a lot of defense last year, but is switching and is becoming a good offensive man this year. He was a good all around athlete in high school as he starred in football, basketball,

and track. He is the only local man on the team, as he makes his home in Bozeman. Frank played regularly as an outfielder on last year's baseball team. He is major- ing in physical education.

FRANK LANDON — Freshman halfback, 5-9 and 160 lbs. Frank is a Kalispell, Montana athlete that starred in high school football at half and quarter. He was a standout guard on the bas- ketball team and ran the low hurdles in track. He starred in the first week of practice at MSC and is now one of the Cats' regular starters. Frank spent last summer working in a sawmill and plans to major in physical education this fall.

JOE LEISES—(Pronounced La- ses)—Freshman quarterback, 6-1 and 180 lbs. Another good passer, Joe hails from Beaver Dam, Wis., where he was also an all-around athlete. When he wasn't playing quar- terback, he was playing forward in basketball and pole vaulting on the cinder team. Joe worked as a life guard last summer and will be a commercial science major at MSC.

DEL LINGLE—Sophomore let- terman halfback, 5-9 and 165 lbs. Del is a Shelby, Montana man that was a definite all around athlete in high school. Last year Del played right half for the Cats with his fast and tricky running. He worked for an electrical co-op last summer and is returning to MSC as a physical education ma- jor this fall.

DICK NEWMAN — Freshman quarterback, 5-11 and 170 lbs. Playing quarterback for two years in high school at Rockford, Ill., Dick is doing a good job here at MSC by still calling the signals and flipping passes. He is enroll- ed in a commercial science course.

WALLY PALMER—Junior let- terman halfback, 5-10 and 175 lbs. Wally started out to play guard

this year but switched back to half. He played football for MSC back in 1949 before a time with the Army as a radio repairman. Wally is a civil engineering major from Plains, Montana.

TOM PARAC—Senior letterman quarterback, 6-2 and 197 lbs. Playing the role of first string quarterback, Tom has already turned in some outstanding per- formances this year. He is also an outstanding basketball player as he has seen plenty of action as a starter on the Cat hoop squad. During his sophomore year Tom was selected on the all-conference second team basketball squad, but was hampered with an injury last year. He is a physical education major from Lewistown. He spent last summer at a ROTC artillery camp and by working for the highway department.

HOWARD RUBY — Freshman halfback, 5-7 and 166 lbs. Howard is a stocky little ball player that played his high school ball at Kalispell, but says his home is at nearby Somers. He is planning to major in physical edu- cation.

VINCE VETO — Sophomore halfback, 5-11 and 180 lbs. Vince is from Azusa, Calif., and plans to major in health and physical education at MSC. He is a fast, hard hitting, and tricky runner on the gridiron.

HARVEY WYLIE—Sophomore letterman halfback, 5-9 and 165 lbs. Harvey is the father of two children and is from Calgary, Al- berta. He played quarterback last year but switched to halfback this year. As well as being a speedy and clever runner Harvey is also a good passer. He played second base last year on the Cats baseball team. He is majoring in mechan- ical engineering.

Coeds From Coast-To-Coast "Aye" Arrow Gordon Oxfords

Gals acclaim neatness and style appeal of these campus favorites

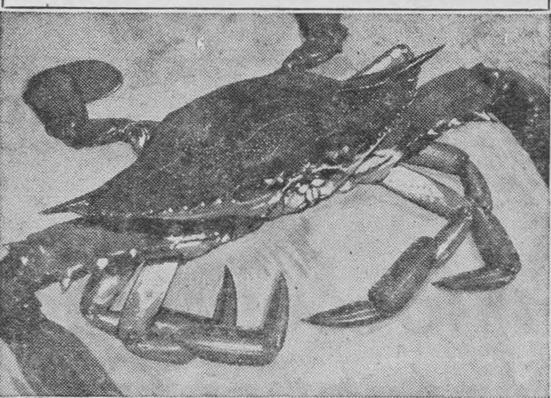

The ladies' vote is unanimous: Arrow Gordon Oxfords are much for a guy's appearance. Taking their cue from the coed consensus, Arrow dealers are now featuring the largest selection ever of Arrow Oxfords in many shirt collar styles.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Beclaws He Flunked The Finger-Nail Test

"Go jump in the lake," squalled Sheedy's mermaid with baited breath, "You look simply crabby with that messy hair. Better get your hooks into Wildroot Cream-Oil, America's favorite hair tonic. Keeps hair combed with no trace of greasiness. Removes loose, ugly dandruff. Relieves annoying dryness. Contains lanolin. Non-alcoholic. I shall never see you again until you start using it." Paul crabbed 29¢ and bought Wildroot Cream-Oil. Now he's the crab-apple of her eye. So water you waiting for? Hurry and get a bottle or handy tube at any toilet goods counter. And nets time you visit your barber, ask for Wildroot Cream-Oil on your hair. Then you'll be the best catch on campus.

*of 131 So. Harris Hill Rd., Williamsville, N. Y.

ALPHA GAMMA DELTA

Best wishes to Betty Peterson and Bob Zion, Sigma Chi, who are engaged. Betty is now in nurse's training in Butte.

Mrs. H. E. Wallace, a national representative, was guest at the Alpha Gamma Delta house the past week.

ALPHA OMICRON PI

Those tying the wedding knot this summer from the AOPi house include Marlene Wilson to Robert Yost, Sigma Alpha Epsilon, Carolyn Clark to Jack Doll, Alpha Gamma Rho, and Eleanor Ellis to Vernon Laubach, Alpha Gamma Rho.

Congratulations go to JoAnn Johnston who announced her pinning to Bill Parris, Sigma Nu.

The AOPi pledges enjoyed a slumber party Saturday night at the house with plenty of hot chocolate and popcorn for all.

CHI OMEGA

At the Chi O House, Caroline Roberts announced her engagement to Duke Robinson of Tacoma, Washington. Jean Foster also announced her engagement to Don Shively, Sigma Alpha Epsilon.

Miss Elizabeth Dyer, national Chi Omega president, is visiting the local chapter this week. Tuesday evening an open house was held in her honor. Miss Dyer is on a national tour to visit chapters throughout the United States.

DELTA GAMMA

Congratulations and best wishes to Arlene Birkland and Clarence Pile, Alpha Gamma Rho, who were married on September 20; and to Irene Leys and Dick Oldenkamp who were also married this summer.

KAPPA DELTA

Married this summer were Colleen Smitt to Bob Springer, a grad student. Mary Ann Markeson announced her engagement to Douglas McKay—U. S. air force. Best wishes to all!

PI BETA PHI

Marilyn Milburn engaged to Jack Asbridge and Lorraine Peterson married to Bill Gaugler and Marla Connelly engaged to Gordie McGuire are the latest ones struck by Cupid's bow at the Pi Phi House.

ALPHA GAMMA RHO

Jim Copely hung his pin on Alice Snyder, Fulton, Michigan, and Merrill King hung his pin on Sharon Million who is attending Eastern Montana College of Education at Billings.

The AGR's have Doug Allard back with them. Doug has been in the Marines for three years.

AGR's married this summer include John Bawden to Joan Ierian, of Fairview and Don Copely to Nadine Throop, Delta Gamma.

KAPPA SIGMA

Congratulations to Joe Lavenander—married to Alice Pratt, Delta Gamma, and to Thomas Shellenburger—married to Francis Chirgwin, Alpha Omicron Pi. Best wishes go to Tom Dundas who pinned JoAnn Bryan.

The Kappa Sigs held an impromptu picnic on Sunday afternoon.

LAMBDA CHI ALPHA

From the Lambda Chi House go congratulations to Ken Williams and Mary Ann Nicholson, Jerry Aanes and Jolie McIntosh, Alpha Omicron Pi, and Al Shock and Norma Kay Schroth of Glendive on their marriages. Also to Georgiana Lovegrove, AGD, and Alan McKee, who are pinned.

Dr. Binder of the chemistry department was the Sunday dinner

guest and speaker at the Lambda Chi House.

From the fellows down at the house we hear that anyone wandering around the campus unshaven is either getting ready for the Lambda Chi Alpha "Yukon Days" or else is just plain lazy.

PHI SIGMA KAPPA

The congratulations here go to Gene Tuma who married Irene Peace, Kappa Delta.

PI KAPPA ALPHA

In a June wedding, Frank Mead was married to Hazel Waldron, Alpha Omicron Pi—best wishes!

SIGMA ALPHA EPSILON

A fireside was held at the SAE House last Saturday night with about twenty attending. A good time was had by all.

Congratulations to Buck O'Brien who married Anna Mae Dallum this summer.

Esther Brown Assumes Post

Esther Brown, new Dean of Women at Montana State College, has taken over her duties in preparation for the new school year. Miss Brown succeeds Mrs. Ethelyn

SIGMA CHI

Cupid worked overtime at the Sig House this summer as Marlowe Urdahl pinned Ann Saunders, Pi Beta Phi, Stan Olsen announced his engagement to Bev Coulston, Pi Beta Phi, and the following were married: Gene DeCoss to Anita Murphy—Pi Beta Phi, George Knoble to Velma Miles—Pi Beta Phi, Remi Monforton to Betty Jo Dawson—Pi Beta Phi, Glenn Lemon to Evie Adams of Antioch, Ohio, and Jack Fletcher to Phyllis Viken—Pi Beta Phi.

SIGMA NU

Congratulations from the Sigma Nu house go to Bill Parris who hung his pin—JoAnn Johnston, Alpha Omicron Pi.

QUAD B

The second meeting of the season was held by Quad B Monday night October 5. Election of officers was held and plans for the fall activities were discussed. The following were chosen as officers for the autumn quarter: Marilyn Axford, President; Isabel Bengert, Vice President; Millie Stajcar, Secretary; Lu Ella Knudson, Treasurer and Bert Cherry, Social Manager.

Harrison, who held the position for 22 years.

Miss Brown is not new at Montana State college, as her family lived in Bozeman for a number of years and she attended the college for two years. She also attended Montana State University for two years, but received both her bachelor and master of arts degrees from the University of Washington.

After her graduation from Washington, Miss Brown taught high school history, English, and dramatics, in several Montana towns. She became interested in guidance work while serving as director of guidance for senior girls at Sidney high school and went to Syracuse University for training.

At Syracuse, she took the Dean's Course and acted as an assistant to the Dean of Women. Following completion of her work there, she went to the Southern Branch of the University of Idaho at Pocatello—now Idaho State College—as dean of women. She has also been dean of women at the University of South Dakota and at Evansville College in Illinois. Miss Brown came to Montana State from Northeast Missouri Teachers College at Kirksville where she had been dean of women since 1951.

Forensic Teams Are Organized

The Rocky Mountain Forensic League Tournament opens this season November 6th and 7th at Collins, Colorado. Debating, Extemporaneous Speech, and Discussion will be events to students.

The annual tournament possesses teams from Utah, Colorado, Wyoming, and Montana. The tournament proves a good way to give new students practice.

Dr. Bryson, faculty sponsor, the October 7th meeting. Forensic group disclosed debate question for the coming year to be "Resolved: That the United States Should Adopt a Free Trade."

THE price of almost everything you buy today is a good deal higher than it was in 1939.

The U.S. Cost of Living Index is up 87%.

The cost of building a new home is up 141%.

The F.O.B. price of a new, popular-priced 2-door sedan is 148% higher.

Even railroad freight rates—which are set by the U.S. Interstate Commerce Commission—are up 82%.

The reasons for this are obvious. Prices are higher because costs are higher.

Costs in the oil industry are no exception. The cost of building a Union Oil Service Station has gone up 200% since 1939. Our other construction costs are up 149%. And the cost of steel pipe—just one of the materials that we use by the trainload—is up 88%.

In spite of all this, however, the price of our 76 gasoline has gone up only 66%*.

Why haven't gasoline prices gone higher? First, our U.S. oil companies are operating in an intensely competitive industry.

Second, U.S. oil companies are big enough to finance vast programs of research. So our technological progress has been great.

By plowing back profits into better facilities, by improving processes and products through research, by eliminating waste at every point, our U.S. oil companies have been able to offset their rising costs with greater efficiency—and keep their prices down.

*Average U. S. prices for all gasolines have increased no more than this.

LOW IN NICOTINE

HIGHEST IN QUALITY

Chesterfield CIGARETTES

LIGGETT & MYERS TOBACCO CO

When you smoke Chesterfield it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.

A fact proved by chemical analyses of the country's six leading cigarette brands.

And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.

Chesterfield is best for me—my steady smoke for 7 years.

Plans for REW Now Underway

Plans for the 1954 Religious Emphasis Week on the Montana State college campus are being started, although the actual event is nearly four months away. The week, which is set aside for special emphasis on religion in campus and individual life, will be held January 17-21.

Don Schilling, of Bozeman will be student chairman for the event. Sharing responsibilities as vice-chairman will be Marjorie Anderson and Kenneth Evanson, both of Bozeman. Corresponding secretary will be Hermine Lentfer of Livingston. She will be assisted by Margaret Palmer of Polson. Kiyoe Kotaki of Glasgow will be recording secretary.

Working with the executive committee will be the chairman of the committees: Jean Welch, Great Falls; Patsy Erickson, Stockett; Jo Ann Johnston, Livingston; Dr. William Walter, of the MSC faculty; Jack White, Gordon Clark, Naida Korslund and Evelyn Eaton, all of Bozeman; Alice Pratt, Bristow, Nebr.; Bill Fairchild and Jay Rammel, Ft. Shaw; and Lois Freshour, St. Ignatius.

Advisors to the students will be the Rev. Hugh S. Herbert, pastor of the First Methodist church in Bozeman; Cyril Conrad, Val G. Glynn and Mrs. Ethelyn Harrison of the college faculty. Mrs. Patricia Anderson, student counselor at the college will be executive secretary.
