Montana State College, Bozeman, Montana

Friday, November 3, 1961

HUH? A MSC H&PE major strains to complete her push-up requirements. Miss Marga Hosaeus, professor of H&PE at MSC stated that most college women are in "woefully bad shape." Hosaeus said that about 99% of the college girls cannot do even one push-up, and that 75% cannot pull themselves out of a swimming pool. A campaign is being promoted by the Department for better physical conditioning for everyone.

## Physical Condition of Co-eds Is Criticized

The wandering eye of the male, many a comely coed appear to be in tip-top shape, capable of performing basic exercises with a minimum of difficulty. To the scrutinizing eye of Marga Hosaeus, professor of health and physical education at Montana State College, "college girls, like most women, are in woefully bad shape." Hosaeus, who knows the student body, shakes her head ruefully as she smiles indulgently at the physical fitness men. Back in Bozeman after the annual meeting of physical education instructors last week, Miss Hosaeus belittled the general condition of girls. "Only 99 percent of them can do one push-up," said the teacher. "Seventy-five per-

cent can't pull themselves out of a swimming pool. They have no strength whatsoever in their arms and shoulders. Most of them are bulging with fat. The majority have forgotten what walking means." Although MSC girls are in no better condition than those of the rest of the country, coeds here are beginning to realize that conditioning is necessary, according to Miss Hosaeus. "We started emphasizing physical fitness before President Kennedy made his suggestions recently, but the President's stress on conditioning has certainly helped our program." Advocating at least 30 minutes of exercise per day for all women in average health, the trim instructor recommends five basic exercises. These include squat thrusts, curl-ups (with legs bent), toe touching (right hand to left

toe), deep knee bends, and push-ups. She adds there is no substitute for running. "We try to condition our students so that they can perform their regular, everyday duties without becoming tired. All the students can't do strenuous exercises, but everyone can do something." (Continued on Page 5)

## "Go Western Day" Plans Announced

"Go Western" will be the word on campus Friday, November 10, Traditions Board announced. On this day, which will be the day before the Bobcat-Grizzly game, all MSC students are to wear western attire. Climaxing the day there will be a "Go Western" mixer held in the SUB sponsored by A.I.I.E.

## Senate Bans Campus Defacement

Sunday members of the Montana State Student Senate and the Central Board of MSU in Missoula and drew up following resolutions for the Grizzly game which will be held on November 11. The Student Senate of Montana State College, and the Board of Montana State University, have adopted the following resolutions:

- That both governing bodies support statements made by the offices concerning defacement of campuses before the MSU games. This statement is guilty of defacing or destroying property on either

- of the two campuses would be held responsible financially for any damage resulting from raids, and will be suspended for one quarter.
- That one of the opponents goal posts shall be the property of the victor, with no resistance given by the opposing side.
- That the losing student body president's pants shall be the property of the victorious side at the completion of the football game. Each president shall prepare himself with shorts in the opposing side's school colors.
- That there shall be a permanent "Treasure Chest" traveling trophy, the after-game presentation of which will be handled

- jointly by the Fangs and Bearpaws.
- That the host student governing body shall arrange specific activities for the guest student governing body prior to and following the MSC-MSU football game.
- That the student governing bodies of Montana State College and Montana State University jointly meet each year, at least two weeks prior to the football game, to draw up a similar list of resolutions. The guests of the MSC-MSU football game shall be the host of this joint meeting.
- That having been approved by the student governing bodies, these resolutions shall be binding

## Senatorially Speaking

### Angola School Situation Critical

Student Senate was highlighted Monday by an enthusiastic talk from Victor Cherubim, World University Service representative. Mr. Cherubim, a native of Ceylon who has been visiting colleges and universities across the country, explained the plight of students in Angola, a Portuguese colony in southwest Africa, where schools have been closed and students, from grade school to college age, have been deprived of educational opportunities. Having spent some time in Angola after being smuggled into the country and posing as a native, Mr. Cherubim was able to view the situation first-hand and realize the seriousness of it. Some Angolan students have fled to other African countries to seek an education and some of these nations have pledged to join Angola in a fight for freedom if Portugal does not grant them independence by April 21, 1961. Mr. Cherubim urged Senate to take some action by either personal or group expression of disfavor to the Portuguese Embassy in Washington to help prevent what may turn into a "blood-bath" in Angola.

ASMSC president, Tom Richardson, announced that a meeting would be held with Dr. Baly of the Educational Exchange Committee to suggest the type of action to be taken by Senate. In a close race for the positions of World University Service Co-Chairmen for the coming year, Kathy Phelan and Otto Preikszas were elected to serve starting at the first of winter quarter. Ed Kanemasu has been appointed chairman of the ASMSC All-School Dance which will be held winter quarter. Tom reported that a letter has been received from Columbia University inviting representatives from our student government and international relations group to attend a meeting with Prime Minister Nehru of India when he visits in New York November 10 and 11. Five students may attend this meeting if sufficient funds can be raised for transportation. Several resolutions were adopted at the joint meeting of our Senate, represented by ten students and Mr. Ed Hanson, and the MSU Central Board. It was decided to have a luncheon the day of the game for Senate members and the visiting Central Board. Transportation of some kind will be available for MSU students from the train to the campus and a mixer sponsored by ASMSC will be held that Saturday night. Tom expressed his hopes that arrangements will work out better on our campus than they did at Missoula last year. (Continued on Page 7)

## Pictures Needed

All freshmen and transfer students who have not as yet had their Montanan pictures taken please make an appointment before Thanksgiving with the downtown photographers. Men contact Montgomery Studios and women contact Schlecten Studios.

## Rodeo Club Receives Awards

This past term honors were brought to MSC by the cowboys. When the last National Intercollegiate Rodeo Association show was over, Montana State had won first in the Rocky Mountain Region. From here they were entitled to go to the National Finals in Sacramento, California, from August 31-September 4. Two saddles were brought back to Bozeman, one by Sue Melaney of Roscoe for all-around cowgirl, and the other by Gary Murphy, Scooby, for winning bulldogging. The whole region won four out of 10 championships available.

The Rodeo Club has a new executive board under the capable advisory of Don Lee, Agricultural Engineering Department. Officers for this year are: President, Jack Swainson; Vice-President, Ed Miller; Secretary, Bobbie Olsen; Treasurer, Sue Reuss; Rodeo Chairmen, Duck Rhea and Chuck Melaney; and Rodeo Secretary, Russ Pepper.

## Phi Sigma Kappa To Select Queen At Annual Dance

The Phi Sigma Kappa fraternity is presently engaged in choosing one of seven candidates to be their annual Moonlight Girl. Traditionally the Moonlight Girl is announced at the Moonlight Ball, which will be held this year at the Baxter Hotel on November 18th. The girl chosen will be the guest of honor at all Phi Sig social functions throughout the year. The Moonlight Girl candidates this year are Susan Bohart, Kappa Delta from Whitefish; Sharon Endresse, Delta Gamma from Butte; Jonnie Horst, Alpha Gamma Delta from Fromberg; Janean Kessler, Pi Beta Phi from Bozeman; Marilyn Lyall, Alpha Omicron Pi from Billings; Roberta Olson, independent from Missoula; and Marsha Thompson, Chi Omega from St. Louis, Mo.

## Scheduling Slated

There will be a scheduling meeting for all social functions for winter quarter in room 141 in the SUB, November 9 at 5:00 p.m. You must have a representative present if you wish to schedule an event for winter quarter, as absolutely no events will be scheduled after the quarter begins. until they are revised at an annual joint meeting of both student governing bodies. 8. That the approved resolutions prepared by the joint student governing bodies be published in the respective school newspapers, posted for one week prior to the game.

Editorially Speaking

Western Day Encouraged

One of the MSC traditions which has been lacking pathetically in the past few years is the annual "Go Western Day". This event is scheduled each year for the Friday preceding the Bobcat-Grizzly football game.

Due to this apathetic attitude, there has been talk of eliminating the tradition completely by the members of Student Senate. Why does our Student Senate even have to bring up a subject such as this?

Are the MSC students afraid of being accused of being enrolled in a "cow college" because they wear western garb? Are they afraid that the University students will look down their noses at us for not being collegiate in their eyes?

We of MSC do not need to worry what others may think or say about our traditions. Every tradition we have has a definite purpose behind it, and reason to support and be proud of it.

Intra-Dorm Sports May Be a Very Popular Pastime by 1970

By JIM GOETZ

Will card-tossing become America's number one pastime by 1970? Right this moment as I roam around the dorms and various fraternities, I notice a distinct change advancing in the field of general entertainment.

Perhaps I should explain a little more about these engagingly interesting games. Card-tossing, as the name suggests, merely consists of tossing cards into a hat. Although the rules of glass-dropping are much more complicated, it is fairly easy to get on to if one applies himself.

The amazing thing is that these sports do not require a large field or expensive equipment. Also weather conditions don't interfere. The only equipment needed in card-tossing is a deck of cards and an old hat.

pensive equipment and good weather conditions are needed. These sports are so advantageous that there is a good possibility that they will be integrated into the intramural program. In fact, I imagine that before long Montana State will have scouts touring Pennsylvania for promising young card-tossers and glass-droppers to add to the Bobcat roster.

Another new pastime has also been introduced for the more intellectual type. This occupation is aptly named "look-away". Instead of starting at pin-ups as was formerly done, the participants now test how long each can sit with his back toward the pin-ups. Needless to say, mirrors are not permitted.

Historical Film Will Be Shown

"The Real West", one of the last films made by the late Gary Cooper, is being made available to the Audio-Visual Department of Montana State College by the Historical Society of Montana.

The film has been reserved for a limited time only. It will be shown Friday, November 17 at 4 p.m. at the Student Union Theatre. There will be no admission charged.

Jack E. Haynes, well known photographer, owner, and manager of the Haynes Stores in Yellowstone Park and long time resident of Bozeman, contributed several pictures to the filming of this picture.

The Montana EXPONENT

Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1927. Authorized February 17, 1919, Continuance of Weekly Exponent and Monthly Exponent founded in 1895.

ARTCRAFT PRINTERS

Educational TV Is Broadening Within the US

By RONALD WALTON

Educators and civic leaders have developed a new idea to aid education throughout the country. This is educational TV. Non-commercial educational broadcasting stations and networks are expanding throughout the country to bring better education to our schools.

The MSC Department of Film and Television is slowly expanding its areas of interest to meet the growing national concern for better educational aids. There has been enthusiasm for a radio station to be located on campus by several organizations and the community.

Film and Television, one of the newest academic departments on campus, had its origins in the English Department as a series of courses in the general area of radio, television, and film production. In 1957, the formal curriculum was established, and this year, the department has taken its place as an integral part of the Division of Education.

The department head and television expert, Fred L. Gerber, came to MSC this year from Los Angeles, where he was a script writer for several television and radio stations. He has worked for the CBS television network, and has had several years of experience in educational radio and television at Indiana State University and U.C.L.A.

In addition to regular instruction, the department is engaged in serving the instructional and educational needs of the college and the state. This includes closed-circuit educational television and motion picture production. This is the third and final year of a grant from the Ford Foundation for a study of the use of closed-circuit TV in the instruction of Chemistry.

(Continued on Page 4)

"The Word To Be Heard"

By NORM LARSEN

By NORM LARSEN

At last I have figured it out! What does one cool, sophisticated, big mover type do on a date in the big city of Bozeman? (I mean besides that). Well, he can go to the show, or if there is a dance at the SUB he can take that in, but that just about wraps it up. And what if he's a trusty freshman? He doesn't have a car, and few girls want to tramp up town in the dead of winter just to see "I Was a Teenage Werewolf!"

First stop is McGill Museum. "Oh Norm, could I just slip under the chain and sit in that old rocking chair, just for a minute?" "You say it belonged to Nutter's great grandfather? Well maybe glue would—"

Then a romantic stroll through campus at which time you can engage in brilliant conversation. "Might rain ifen it don't snow, I bet."

At which time you arrive at the Heating Plant. At first glance this might not seem to have any possibilities, but there's a lot of impressive and dangerous machinery over there, just give it a chance.

"Hev, by golly, there's the chain that blows the whistle!" Then directly across the street is Ryan Lab, and the first door to the left contains the Computer Lab. These computers are very expensive and quite impressive. With just a little preparation, I completely snowed Ruthie, at first. "I wonder what would happen if I pushed this red button in, a ways?" "Oh well, what's \$107,000 to me?"

From here you continue down the hall until you are behind Roberts Hall. You can kick the tires on the airplanes which are parked in back, if you're so inclined, but it's not really a high point in the evening. But up on second floor of Roberts Hall they have a complete working model of a jet turbine. This has big sections cut out so you can see the parts move, and also is very impressive.

I had lots of other gay, exciting spots in mind when Ruthie dropped the subtle hint. "Now where the—you gonna drag

me," and I had to take the pig girl home. Headache, no doubt. But I'm sure you are getting idea by now, and the crown glory of the whole plan is that it doesn't cost one red cent. I know I've used the plan for several years and it works like charm. Funny thing though, most of the girls seem to want to out with me twice in a row. Book of the Week—

My Adventures as a Fire Inspector, by Rin Tin Tin.

'King of Hearts' Comedy Success

"King of Hearts", a light touch modern comedy by Jeanette and Eleanor Brooke, opened Wednesday night November 11 in the Student Union Theatre at curtain time 8:15. Director Fitch brings to our college stage one of Broadway's smash hits featuring in his first major stage debut Ichard (a large, sassy black and white dog belong to a member of the theatre staff). When typical American "hot teams up with typical American boy (played by little Kurt Eger, a local Bozemanite) it's an evening of refreshing entertainment.

In order to increase the psychological interest of cartoon strip "Snip and His Runt", Larry Larkin, a fan of egotistical and rather flamboyant artist (portrayed by Lee V. riff) adopts a small abandoned boy in the name of his secretary and wife-to-be reath (Judy Langworthy) besides himself, Larry Larkin's only one concern — he doesn't comprehend children or grown pooches, especially the boy Norman's canine friend. The only adult in this mixed household who really understands these two is Dignan (Markson), Larry's new ghost cashier hired to draw the strip. He and Dunreath are awaiting their honeymoon. The laugh goes "cockeyed", and boy and Dignan unite forces in merry-go-round of fun.

Other members of the cast add to this delightful situation: Jenniella, the "rough ready" maid (Ann Hewitt); Larry Larkin's boss (Dolan); Mike, a messenger (Bob Stitt); Hobart, a reporter for Colliers Magazine (Swingle); Billy, Norman's mate (Billy Fitch), and a policeman (Ed Heindle). The box office will be from 2 to 5 in the afternoon at 7 o'clock in the evening.

# Library Soon Open to Students

By JACK READICKER

Work on the new library has been progressing very satisfactorily. Barring major obstacles, part of the library will be open for student use by Christmas time.

At that time, books from the third floor of the old library will be transferred to the new building and the remaining books will undergo a complete rearrangement. Later on, the reserve books will be placed in the basement near the study tables. A lounge area will be set up for students who wish to browse through periodicals or for light reading. The furniture for this lounge was donated by Dr. Brown of Seattle University.

Lack of finances will keep all of the building from being completed for quite some time. It is felt that the chemistry building should be completed first so until this is done, work will proceed slowly on the library.

Although the new library has many advantages over the old library, such as indirect lighting and elevator service, the building itself has been relatively inexpensive. The cost when com-

pleted will be under 12 dollars per square foot. One of the reasons for this low cost is the lack of partitions and separate rooms.

When the new library is completed, there will be several innovations that will add to the library's usefulness. A listening room will be available where students can listen to records. A photography room to take pictures of stories or articles so that it won't be necessary to cut stories from magazines will also be added to the library.

# Holiday Declared

President Roland R. Renne has announced that Veteran's Day will be a legal holiday. All offices will be closed on Saturday, November 20, so that faculty, employees and students of Montana State College may observe this day.

# SEA Will Conduct Meeting On Nov. 8

The first meeting of SEA will be held on November 8, at 7:30 in room 317, SUB. The scheduled program is a panel of student teachers who will discuss the "trials and tribulations" of their recent teaching experiences.

Any student in the education curriculum is eligible for membership in SEA. The dues are \$3.00 per year which entitles the member to membership in NEA, MEA, and SEA; plus quarterly editions of the NEA and SEA journals.

SEA meets once a month and in the past year included such programs as "How to be interviewed for a teaching position" by John Shvely, Superintendent of Schools, here in Bozeman. Judge Leslie also spoke on Juvenile Delinquency in connection with the problems you will meet in the classroom.

Officers, who were elected in the yearly elections last March, are: John Breeden, president; Dennis Marriage, vice president; Donna Anders, treasurer; Judy Larson, corresponding secretary and Cathy Bernason, recording secretary. Mr. Erikson of the education department is their sponsor.

SIGMA KAPPA MOONLIGHT GIRL will be crowned at fraternity's annual Moonlight Ball at the Hotel Baxter, November 18. Candidates pictured left to right are Marsha Simpson, Chi Omega; Bobbie Olson, Independent; Jeanne Kess-Pi Beta Phi; Sharon Endresse, Delta Gamma; Jonnie Horst, Gamma Delta; Marilyn Lyall, Alpha Omicron Pi; Susan Hart, Kappa Delta.

# Registered Students Share In Partnership of Student Bookstore

A new school year with its students brings the frequent question—"Who owns the bookstore?" For the information of newcomers who do not know associated Students own the bookstore, the Exponent will publish a series of articles on bookstore ownership, management, and policies.

Under the articles of incorporation, any member of the Associated Students, is a member of the corporation. Five directors manage the corporation. One director, as stipulated by the articles of the corporation, is the Business Manager of MSC. The other four—two students and two faculty members—are elected by members of the corporation, namely, the Associated Students. It was arranged to have two directors, one student and one faculty member, elected each year. The term of office is two years.

At the present time the directors are Knut Skram, Arch major, Roy McCracken, IE major, Dr. Kenneth Bryson, English instructor, Mr. James Edie, Earth Sciences instructor, and Bernard Copping, MSC Business Manager. Skram is serving as president of the corporation; McCracken, vice-president; Copping, treasurer; and manager Ed Howard acts as secretary for the board of directors.

## Educational TV

(Continued From Page 2)  
The department also sponsors the Cinema-TV Club. Membership in this club is open to anyone with an interest in Film and TV. This year, the members plan tape-talks from people in film and television, who work throughout the nation, filming sessions for fun and experience, and viewing films made by other students in other colleges and universities. The Cinema-TV club is one of the sponsors of the MSC Film series.

Students, faculty, and visitors are welcome to look over the facilities. The main office is located in room 312, Montana Hall.

## Mortar Board To Assist Group

By DODIE DYE

The members of Mortar Board are stepping into a new and interesting project—assisting with the special education group in Longfellow school.

This group consists of ten youngsters, ranging in age from 5½-10 years, referred to as the primary group for special education.

All of these children are educable and can become self-sufficient adults. They are taught by Mrs. Ruth Anderson, and are trained in the fields of social competencies, numbers, reading readiness, art, music, rhythms, and writing.

The members of Mortar Board plan to contribute to this group by devoting time and thought to the preparation and presentation of seasonal parties for the children, and by purchasing stuffed toys, puppets, or other play implements.

Mortar Board members will be given opportunities for observation in the classroom situation, and look forward to participating in activities concerning these children.

## Two Outstanding Medical People Honored By Nurses

Dr. F. B. Cotner, dean emeritus of the Montana State College science department, and Mrs. Frances MacDonald were honored at the MSC School of Nursing alumni dinner Friday night at the Baxter Hotel.

As director of the student health service, Dr. Cotner was instrumental in starting the School of Nursing in 1937.

In a testimonial letter about Dr. Cotner, Mrs. MacDonald wrote: "Dr. Cotner demanded higher and higher stands of preparation and performance from the nursing faculty. His successful work in assimilating the nursing curriculum and program into the total college system made it possible for the MSC School of Nursing to set a pattern for collegiate

school development in region."

Although she was unable attend the dinner, Mrs. MacDonald received recognition as first nurse to obtain a degree from the MSC School of Nursing. Since her graduation in 1941, has been an instructor in nursing arts at the Montana Deaconess School of Nursing, Great Falls, director of nursing and assistant professor at the extension health service specialist, director of visiting service at Oklahoma City, nursing instructor at the Bethel School, Tehran, Iran, assistant professor in the University of Nebraska School of Nursing, where she is located.

## MSC Overseas Presentation Is "Three Men On A Horse"

The Montana State College Theatre in competition with 100 other colleges was chosen by the American Educational Theatre Association for an overseas tour.

The theatre's choice of George Abbott's, "Three Men On A Horse," will be presented at military installations throughout the Far East. The cast will be selected on the bases of auditions held during November 6, 7, 8, and 9.

All students who were enrolled at MSC last year or who are currently enrolled are eligible to try out. Each prospective member will be asked to present a short scene from the play using his own props. Since this is to be a learning process as well as an artistic endeavor, those chosen will be automatically enrolled in an accelerated six credit course on Oriental Drama and Culture.

An additional six credits may be acquired at the option of the student.

The tour itself will last eight weeks and covers a distance of over 25,000 miles. The first stop will be Hawaii, followed by Japan, Korea, Okinawa, Formosa and the Philippine Islands. The cast will be given a free week in Tokyo during which they will be required to pay their own expenses. For the remainder of the tour the members will be paid \$7 a day. Two staff members of the dramatics department will accompany the students.

MSC, along with the University of California and the University of Colorado, is one of 3 colleges west of the Mississippi chosen for this honor. Other Rocky Mountain colleges previously chosen include University of Utah, Brigham Young University and Idaho.

# New Chem Building Approaching Completion

The new chemistry building going up west of the gymnasium to replace the present building, which was built before 1920, still has a long way to go before it will be completed. No one knows exactly when it will be done. Bernard Copping, Business Manager of MSC, says that the building has cost, so far, \$1,080,000. To finish it will cost an additional perhaps \$600,000. Student building fees have financed the construction up to this point, but since the recent legislative prohibition on the use of these fees, the money to complete the chemistry building will have to come from some other source. Private gifts for building construction have amounted to some over \$100,000 in the last several years. This could, however, increase as a result of the completion of the student building system. Some Federal funds may be

forthcoming for equipment, but this doesn't seem to be the answer for the remaining construction. The large lecture room in the chemistry building is already in use by chemistry, physics, and Z&E students. This room, with a capacity of 347, will be finished next month. The general offices and restrooms will also be finished, but won't be used until the entire building is completed. Sometime next month the undone portion of the building will be isolated by rolling grills and left to sit. The new main chemistry building will, when completed, have 3 classrooms with a capacity of from 60 to 70 students, 5 classrooms with a capacity of about 25 students, and 23 laboratories for instruction and research. This will be sufficient space for the department until at least 1975.

The ground floor of the new chemistry building will be used for instruction and research in physical chemistry, and the main floor will be used for instruction and research in general and inorganic chemistry. Instruction and research in analytical and organic chemistry will take up the second floor, and biochemistry and the Chemistry Experiment Station will use the third floor. The veterinary research building constructed in 1954 will become part of the chemistry complex sometime in the near future, and will house mainly radioisotope work. Nothing has been settled as to the use of the old chemistry building. Orr-Pickering Associates, of Billings, drew the plans for the building, and the general contract was let to Haggerty-Messmer, of Bozeman.

# Eck Announces Baptists to Meet Free Seminars

Hugo G. Eck, of the architectural school at Montana State College, has announced that two seminars of interest to those in the construction field will be sponsored by MSC as part of the continuing education program. "Clay Products" will be the subject of the talk by Robert Lyons of the Structural Clay Products Institute, Denver, on Saturday, October 28, from 8 to 11 a.m. in Room 402, Reid Hall. On November 4, Burdett Green of the Fine Hardwoods Association, Chicago, will conduct a seminar on "Fine Hardwoods", from 8 to 11 a.m. in Room 402, Reid Hall. Anyone interested is welcome to attend, Eck said. There will be no charge.

Mr. W. Howard Bramlette, Nashville, Tennessee, will be the inspiration speaker for the Montana Baptist Student Union Convention meeting in Danforth Chapel this weekend, November 3-5. Mr. Bramlette will speak Friday night at the 7:00 p.m. session on "The World in Upheaval" in keeping with the theme of the convention, "A Living Church in a Revolutionary World". On Sunday morning his message will be, "Your Role in the Revolution". Local students appearing on the program are: Carl Saner, Curt Simpson, Bobby Wilson, Joe Baer, June Lyon, Jay Yoo, Brighmohen Reddy, Ram Krishna, Iran Haghshenas, Paul Sakellaridis, Jim Chow and the Rev. John J. Hamilton, local BSU director. Sessions will be held Saturday at 9:00 a.m., 1:15 p.m., and 7:15 p.m. The Sunday morning session will be at the College Heights Baptist Church, 703 South 11th.

## THE BELL TELEPHONE COMPANIES SALUTE: BILL PIGOT

Six years ago Bill Pigot graduated from college with an engineering degree. Today he is responsible for the performance of 12 microwave relay stations, numerous communications cables, and other equipment. He also supervises the work of some sixty transmission specialists.

Bill Pigot of Pacific Northwest Bell Telephone Company, and the other young engineers like him in Bell Telephone Companies throughout the country, help bring the finest communications service in the world to the homes and businesses of a growing America.

### BELL TELEPHONE COMPANIES

### Coed's Condition

(Continued From Page 1)  
"There has been a tendency for P.E. instructors to give girls 'easy' training throughout their schooling, rather than exercises which really build healthy bodies." This attitude is changing, says Miss Hosaeus, and more emphasis is given to rigorous training. So, Miss Hosaeus and her colleagues are renewing their attempts to transform coeds' unsightly flabbiness into smooth muscle. It's an uphill job, but when girls discover that exercise produces streamlined figures, sharp cuties will be huffing and puffing overtime in the MSC gym.

# Delegates from Six Montana Schools Attend State Meet

By CLAUDIA HASKIN

Delegates from six Montana schools attended the first Associated Women Students State Meet, including Rocky Mountain College, Carroll College, Montana School of Mines, Eastern, MSU, and MSC, which was held October 27 and 28 at Missoula, Montana.

Miss Dorothy Johnson, Assistant Professor of Journalism at MSU and author of the HANGING TREE, was the guest speaker at the convention.

State AWS officers were chosen at this first organizational convention including President Carol Dickinson from MSU, and Helen Hubbard from MSC as treasurer. Plans are being formed by the new state officers to hold another state meet before the Regional Convention at Berkeley, California, spring quarter.

# Speech Meet Held at MSC

More than 150 high school students interested in public speaking attended the First Montana State College Forensic Workshop on Saturday. Dr. K. D. Bryson, general chairman of the workshop and director of forensics at MSC, announced that students and instructors from 15 schools throughout the state participated in the session.

The following high schools were represented: Great Falls, Bozeman, Holy Rosary of Bozeman, Glasgow, Beaverhead (Dillon), Corvallis, Willow Creek, Denton, Custer (Miles City), Sweet Grass (Big Timber), Ennis, Havre, Helena, Whitehall, and Livingston.

Federal aid to education was discussed in the morning session of the workshop by three noted Montana speakers. Participating in the forum were Mrs. Helen Johnson, Bozeman, representative from Gallatin County in the last legislature; Chester Blaylock, Laurel, public school administrator; and William Johnstone, MSC associate professor of education.

The afternoon program gave students an opportunity to participate in one of the following events—debate, extemporaneous speaking, oral interpretation, and original oratory. Chairmen for the events were L. A. Lawrence, debate coach at MSC; John Parker, associate professor of English; Clarence Brammer, assistant professor of speech; and Dr. Bryson.

# Try-Outs Planned For Orient Tour; Play, Acts Slated

Anyone interested in trying out for the play, "Three Men On a Horse," which will be toured to the Orient this winter is requested to check the Drama Bulletin Board. This bulletin board is located in the corner of the SUB from which the Exponents are distributed.

Requirements and schedule sheets for auditions will be posted.

STUDENT BODY PRESIDENTS of MSC and MSU literally "bet their pants" on the outcome of the forthcoming Bobcat-Grizzly game. Payment of the bet will take place at mid-field immediately following the game. Pictured left to right are Keron Chapman and Tom Richardson, MSC; Dennis Adams and Betty Leuthold, MSU.

## Hilltop Hoedowners Promenade Hayloft Every Wednesday

...adies to the center and back  
...the bar,  
...gents to the center and  
...orm a star."  
...nd familiar? It will if  
...one of the Hilltop Hoedowners. Square dancing is becoming more and more popular in the West, so if you don't want to miss a swingin' time, come! They start promenading at 7:30 every Wednesday in the Hayloft over McGill gym, and dance till 9:30.  
...embership is open to every-  
...tudents and faculty, begin-  
...and pros, squares and  
...! The Hoedowners are

headed by Wayne Olmstead, president, Barbara Luding is vice president, Donna George is secretary, and Jay Ochsner is the social secretary. Committee chairmen are Bob Germann, traditions; Gordon Warrington, exhibitions; Kathy Donahue, publicity, and Joe Ohnstad, membership. Mr. and Mrs. Ken Claus are the advisors and Walter Secor is the group's caller.  
The Hilltop Hoedowners have won awards for their floats in the college rodeo parades, and have won trophies for judging at the Little I. The group has also done exhibition dancing at the Winter Fair.

## Un Soir 'a Paris Will Be Theme

The Independent Student's Association has scheduled their annual fall dance for Friday evening, November 17 in the Student Union Ballroom.

As in past years, the theme will be 'An Evening in Paris', set in a reproduction of a Paris nightclub, and complete with entertainment as might be found in idyllic Paris night spots.

In keeping with the theme, those attending are invited to dress as they wish, depicting either the right or the left bank inhabitants of Paris, and accordingly, to sit on either the right or left side of the River Seine.

All are invited to attend, and the admission price is \$1.25 a couple, or 75c per head. Pre-dance ticket sales will take place in the SUB.

## Two Coeds Attend Institute

Two MSC women, Janet Clifford and Helen Hagen are receiving credit here for courses they are taking while in attendance at the Merrill-Palmer Institute in Detroit. They are part of a selected group of students from sixty-five colleges and universities who are studying at

the Merrill-Palmer Institute. The Institute offers a semester or quarter of work in the student's chosen field, for which full credit is given at the home institution. Janet is a senior from Forsyth, and Helen is a senior from Stevensville. Both girls are home economics majors.

## Preikszas and Phelan Chosen WUS Co-Chairmen by Senate

Otto Preikszas and Kathy Phelan have been chosen as co-chairmen of the World University Service. They were chosen by the Student Senate members on October 30th.

Preikszas, Lambda Chi, was last year's WUS treasurer, a Fang, and treasurer of Phi Eta Sigma. He participates in both intramurals and ROTC basketball. He is a sophomore majoring in chemistry.

Miss Phelan is a sophomore majoring in Physical Education. She is a member of the Chi O sorority, and was on the WUS education and publicity committee last year. Other activities include assistant editor of the Student Handbook, secretary of the music club, and W.A.A. Council.

## What makes Artcarved Diamonds the favorite of America's College Queens?

Actually there are many reasons. Artcarved diamond rings must meet traditionally high standards for color, cut, clarity and carat weight. Their award-winning styles are a delight to the eye. And, they take all of the guesswork out of buying a diamond. Every Artcarved ring carries a written guarantee for quality and permanent value that's recognized and respected by fine jewelers from coast to coast. We think you'll agree with America's lovely College Queens.

Stop in at your jeweler and be sure to see all the exquisite Artcarved diamond rings—the rings you buy with confidence and wear with pride.

## Senate

(Continued From Page 1)  
Commissioner of Demonstrations John Petelin announced that "Go-Western Day" will be November 10 and urged all students to uphold this tradition this year.

Chuck Sumner reported that winter quarter budgets are due November 13 and suggested that Senate take a firm stand with all organizations not meeting this deadline.

The Model United Nations will attend the Second Annual Montana Security Council meeting this weekend in Missoula. The first meeting of this type was held on our campus last year and was well-attended by the state schools.

Kathy Hicks, acting Commissioner of Social affairs, announced that winter quarter social scheduling will be held November 9 in Room 141 5 p.m. of the SUB. She urged all organizations to attend this meeting as no social affairs will be scheduled after the beginning of winter quarter and no changes may be made. At a Student-Faculty Social Affairs Committee meeting it was decided to permit the Square Dance Club to dance on their meeting nights which are during the week and to allow organizations to have receptions for visiting officers when they are on campus during the week.

Weather Hampers Cats

# Bengals Edge Bobcats

By BILL WALTER

The Idaho State Bengals scored twice in the first half, then stood off two fourth quarter threats by the Bobcats to win their Homecoming game 14-12. Last Saturday's game, played in mud and cold weather, was witnessed by about 2,000 fans. Eight inches of snow had to be cleared prior to the contest.

The Bobcats opened the scoring in the first quarter when quarterback Bill Mulchay tossed a 23-yard pass to end Bill Cordis. The extra point kick by Phil Schneider was blocked and the Cats led 6-0.

Idaho State scored next as halfback Stan Brown plunged over from the two. Louie Mello kicked the first of his two successful conversions to give the Bengals a 7-6 lead.

The Cats drove to the ISC 20 in the second period before the Bengal defense stiffened. The Bengals then marched 80 yards for their final touchdown with quarterback Daryl Thornton passing to halfback Jim Franssen for the TD. Mello again converted to give the Bengals a 14-6 lead at halftime.

The Bengals threatened again in the third period, but their drive was halted when the Cats recovered a fumbled ball on the MSC four.

The Bobcats took over and

drove 85 yards for their final touchdown with sophomore Ken Christison going over from the 8. The Cats tried to run for the two-point conversion but the ball was fumbled and the try was stopped a yard short of the goal.

The Cats got the ball with seven minutes left and moved to the ISC 20 before losing the ball on downs. They got the ball again with 15 seconds left but two desperation passes failed as the gun went off.

The Cats led in every statistical department except scoring. Coach Herb Agocs said, "We felt that we outplayed them and should have won the game. We were crippled by penalties, however, which hurt a lot." Agocs was referring to the 70 yards the Cats were penalized for infractions.

Last week's game was the second in a row that the Cats have lost by failing to make their extra points.

The big Bobcat interior line once again turned in a fine defensive performance and held the Bengals to 155 yards on the ground. The Cats rushed for 240 yards.

The Bengals are currently ranked tenth in a poll of small college teams while the Bobcats are number 18.

ISC	7	7	0	0-14

# ROTC Riflemen Open at Home

By BRUCE WHITHORN

The Montana State College varsity and ROTC rifle teams will open the 1961-1962 season November 11th with a shoulder to shoulder match with MSU on the MSU rifle range.

A strong team is expected with all but two of last year's team members returning. Sergeant Booe, rifle team coach, will have three lettermen to build his team around. They are Gene Kolstad (team captain and last year's outstanding rifleman), Carl Burk-lund, and Gordon McDonald. Two more of last year's regulars, Bill Kude and Curt Beswick, will be back to add depth to the returning shooters. Freshmen Ralph Saunders, Dick Schendel, and Dean Ford have looked good in practice and will be a welcome addition to the team.

Other matches scheduled for the year include: El Paso, Idaho State, the Intercollegiate, Nevada, Champaign, Air Force Academy, South Dakota, and the Idaho, Montana, and Wyoming state matches.

The Champaign, Illinois meet is held at the University of Illinois. It is attended by most of the better teams in the nation. This meet will be a good indication of the strength of the MSC rifle team.

Anyone who is interested in trying out for either the varsity or the girls' team and who has had some experience in rifle competition can contact Sergeant Booe at the Military Science Building or see Gene Kolstad.

The MSC combination Air Force and Army ROTC drill team is planning a meet with the drill team from MSU. This meeting is being planned for Saturday morning, November 11th in the Field House from 9:00 to 11:45.

BOBCAT RIFLE TEAM goes into action for its first meet the new season. The Bobcat Riflemen tangle with the Grizzlies from Missoula in an annual meet that precedes the Bobcat-Griz game. Last year the Riflemen defeated the Missoula team; look for another win this year with letterman Gene Kolstad leading the shooters into the meet.

10th and College Street

FOOTBALL CO-CAPTAINS Steve Soboyna, left, and Bob Biastoch were elected by the Bobcats last Monday. These two seniors have been the big men in the Bobcat forward wall this season and are sure to see a lot of action in the Grizzly game next week-end. Soboyna is a 5-10, 185 pounder from Ambridge, Pa. Biastoch, a 230 pound, six-footer, hails from Butte. Both of these outstanding players are two-year lettermen for the Cats.

# Talking Sports

By FRED TURNER

If you have been wondering what has happened to the pop of pads and the hustle and bustle that usually takes place on the practice field next to the physical plant, it's gone for another year. Seems as if the fieldhouse has plenty of room to spare and the Bobcat football team has seen plenty of action in the fieldhouse ever since the snow fell during the 6-6 Augustana game. Talking about the Viking-Bobcat game, I'm sure that you will remember the conditions of that game! Well a repeat performance was accomplished in Pocatello as the Cats dropped a 14-12 decision to Idaho State. The field was in a little better shape but was covered with mud within the first quarter. The Cats, wearing their short sleeve, yellow jersey's, looked like little kids coming out of a mud puddle. Trainer Marshall Cook and Equipment Manager Hank Heyes have been washing equipment all week trying to get a dent on the hardened mud.

# Frosh Cagers Continue Drills

Fifteen freshman basketball players at Montana State College have completed their second week of practice under the watchful eye of coach Roger Craft.

The team has good height, with all but one of the 15 candidates standing six-feet or taller. "If we make normal progress on the court, we should have something for the future," Craft said, adding that the club is strong academically.

A 16-game schedule is on tap for the frosh, with the opener slated here on Dec. 1 against Sheridan (Wyo.) College. Other games are scheduled with the Idaho State frosh, Malmstrom Air Force Base, Northwest Community College, Ricks College and the Carroll College junior varsity.

The 1961-62 freshman basketball roster (with heights and hometowns): Al Brown, 6-2, Anaconda; Gene Cady, 6-5, Gildford; Kermit Young, 6-4½, and Norman Klinker, 6-5, Fairfield; Gene Nelson, 6-4½, Wolf Point; Ken Schweitzer, 6-0, Rosary of Bozeman; Dick Scott, 5-10, Denton; Dick Silberman, 6-2, Great Falls; Don Rae, 6-5, and Gary Hicks, 6-2, Butte;

Steve Chase, 6-5, Athens, Ohio; Alan Epps, 6-6, Englewood, Colo.; Bob Gustafson, 6-6, Cambridge, Ill.; Chuck Hallam, 6-4, Lander, Wyo.; Tony Seals, 6-1½, Chicago, Ill.

# "Guys and Gals"

By MARY BENNETT

How many times a day do we all walk past someone and not even bother to smile, let alone speak? The answer is simple—many times! It takes far less muscles to smile than to frown, and just to say Hi! is absolutely no problem—Life Can Be Beautiful!

This coming week should be one of high spirits on the campus as we prepare to cheer the BOB-CATS on, as they set forth to defeat the po-o-r Grizzlies, so let's all set our minds to be friendly and proud of our campus—not just ourselves. Remember, Keep Smiling!

## PINNINGS

The Pi Kaps were keep busy with their cigars Tuesday night when John Minow announced his pinning to Carol Osborne. And Sheri Rader may now be seen proudly supporting the Phi Sig pin of Gordon Doig.

## ENGAGEMENTS

The president of Kappa Sig, Jerry Krause announced to his brothers that Judy Dundas, AOPi, now has a sparkler on her left hand. Earl McCulloch, Sigma Chi, is engaged to Donna Robinson, AOPi. And Phil Green, Ind., has given Marjorie DeGooyer a beautiful ring.

## MARRIAGES

The AGR's announce that two of their brothers have taken the big step. They are: Russ Langan who married Sue Simonson, and Don Keil married Kay Throckmorton.

## OFFICERS

Actives: Lou Spain has been elected secretary of the Sigma Chi Fraternity, and Sharon Zielger has been elected corresponding secretary of the AOPi Sorority.

Pledges: Betty Eagle has been elected president of the AOPi pledge class, and assisting her will be Sue Stordahl, vice president; Nancy Marler, secretary; Robin Groshell, treasurer; Jackie Cooper, social chairman; Betty Scott, song leader, and Sandy Miller, Pan Hellenic representative.

Ruling over the AGR pledge class are: President, Dale Nottingham; vice president, Mike Horne, and secretary, Larry Passage.

The Pi Kap pledges elected Don Johnson, president; Willy Bruwd, vice-president; Pat Long, secretary, and Ken Doyle, social chairman.

Pledge class officers at the Phi Sig house include Floyd Johnson, president; Jay Peterson, vice-president; Scott Holden, secretary; Tom Cheetham, treasurer, and Bob Henschell, Sentinel.

Gary Overturf came out victorious as president of the Sigma Chi pledge class. Other officers elected were Rich Roskie, vice-

president; Jim Goetz, secretary; Bob Jenkins, treasurer, and Larry Spain and Lee McCortney, co-social chairman.

## PLEDGES

As the sororities are busy working on open rush, the fraternities are continually adding names to their pledge list. New pledges of AGR are as follows: Dale Nottingham, Glen Ledgerwood, Don Bacon, Ron Benson, Fred Scott, Grant Knowlen, Bob Johnson.

The Phi Sigs added the names of Don McCormick, Gary Ginery, Buck Birdeau, and John Kimble to their pledge list.

Dick Peterson, Dick Beam, Bernie Zimmer, Paul Grossfield, and Bob Carpenter are now proudly wearing the pledge button of Sigma Chi.

Gene Semenza and Bob Tweed can now be seen doing their pledge duties at the Sigma Phi Epsilon Fraternity house.

## LES BBOUFFONS

Seems that the Buffs had a very constructive meeting last week as they took time to elect the following men "Weinies of the Week": John Holden, Dennis Marriage, Gary Graham, John Petelin, Tom Kipp, and Mark Hannah.

## FANGS

Tuesday at five was the time that the newly initiated Fangs

## Former Student Places in Contest

Steve F. Wagner, graduate, Agronomy ranked 16th in the 1961 National Agronomy Student Essay Contest sponsored annually by the American Society of Agronomy. His essay entitled "Would You Grow Thistles As A Cash Crop," describes the development of safflower and its importance. Three essays were entered in the national contest by MSC Agronomy students, according to their advisor, Dr. Lark P. Carter.

selected to choose their new officers. Coming out victorious were: President, P. J. Hill; vice-president, Bob Langems; secretary, Ed Fulton; treasurer, Jim Brown, and traditions officer, Andy Anderson. Lots of luck fellows in your year of service to the campus.

## HUSBANDS, ANYONE?

It has been alleged that coeds go to college for the sole purpose of finding husbands. This is, of course, an infamous canard, and I give fair warning that, small and spongy as I am, anybody who says such a dastardly thing when I am around had better be prepared for a sound thrashing!

Girls go to college for precisely the same reasons as men do—to broaden their horizons, to lengthen their vistas, to drink a fount of wisdom. But, if, by pure chance, while a girl is engaged in these meritorious pursuits, a likely looking husband should pop into view, why, what's wrong with that? Eh? What's wrong with that?

The question now arises, what should a girl look for in a husband. A great deal has been written on this subject. Some say character is most important, some say background, some say appearance, some say education. All are wrong.

The most important thing—bar none—in a husband is health. Though he be handsome as Apollo and rich as Midas, what good is he if he just lays around all day accumulating bedsores?

The very first thing to do upon meeting a man is to make sure he is sound of wind and limb. Before he has a chance to sweet-talk you, slap a thermometer in his mouth, roll back his eyelids, yank out his tongue, rap his patella, palpate his thorax, ask him to straighten out a horseshoe with his teeth. If he fails these simple tests, phone for an ambulance and go on to the next prospect.

If, however, he turns out to be physically fit, proceed to the second most important requirement in a husband. I refer to a sense of humor.

A man who can't take a joke is a man to be avoided. There are several simple tests to find out whether your prospect can take a joke or not. You can, for example, slash his tires. Or burn his "Mad" comics. Or steal his switchblade. Or turn loose his pet raccoon. Or shave his head.

After each of these good-natured pranks, laugh gaily and shout "April Fool! If he replies, "But this is February ninth, tenth," or something equally churlish, cross him off your list and give thanks you found out in time.

But if he laughs silverly and calls you "Little Minx!" put him to the next test. Find out whether he is kindly.

*What should a girl look for in a husband?*

The quickest way to ascertain his kindness is, of course, to look at the cigarette he smokes. Is it mild? Is it clement? Is it humane? Does it minister tenderly to the psyche? Does it cuddle the synapses? Is it a good companion? Is it genial? Is it bright and friendly and filtered and full of dulcet pleasure from cockerow till the heart of darkness?

Is it, in short, Marlboro?

If Marlboro it be, then clasp the man to your bosom with hoops of steel, for you may be sure that he is kindly as a summer breeze, kindly as a mother's kiss, kindly to his very marrow.

And now, having found a man who is kindly and healthy and blessed with a sense of humor, the only thing that remains is to make sure he will always earn a handsome living. This, fortunately, is easy. Just enroll him in engineering.

© 1961 Max Shulman

Joining Marlboro in bringing you this column throughout the school year is another fine product from the same makers—the king-size, unfiltered Philip Morris Command. Here is pure, clean smoking pleasure. Try a pack. You'll welcome aboard!
