Teen Coeds Vie for Title of 'Best Dressed'

JUDY THOMPSON
Editors of Glamour magazine are out to find the "Ten Best Dressed College Girls in America." To assist them in their quest, the MSC will enter our best girl in the contest.
Mary Bennett, general chairwoman, announced the girls who are to compete in the February 1st contest. They are Karen Chapman, Sharon Carroll, Sharon Mehling, Cathy Thompson, Cathy Schreiber, Marge DeWitt, Marge Davis, Gwen Raffl, Gwen Propp, Darlene Georgia Fleming, Barb Mary Bennett, Kirsten Meras, and Harriet Meras. Sevens were made from lists submitted by each living group.
The young woman who best meets the following qualifications will compete with best dressed girls from hundreds of colleges and universities in the United States and Canada for the "Ten Best Dressed" honors in the Glamour magazine contest.

Photographs of our winner in a campus outfit, a daytime off campus outfit and a party dress and the official entry form will be sent to Glamour by March 1 for the national judging. The magazine will select a group of semi-finalists and from these the "top ten" will be chosen. The rest of the semi-finalists will be named Honorable Mentioned winners.

The young woman who will be named Glamour's 1962 "Ten Best Dressed College Girl in America" will be flown to New York in June for a visit as guests of the magazine and be photographed for the annual August College Issue.

The outstanding woman of today must have good looks, good grooming, and a good mind. It is a hope that this contest will encourage young women to give careful thought to their appearance, for it is an important part of education.

There will be an Exponent staff meeting Wednesday, January 24, at 7:00 in the Exponent office. All staff members as well as anyone interested in working on the publication are urged to attend. Refreshments will be served.

Carol Raffl Selected As Les Buff Queen

Carol Raffl was chosen as "La Reine" by the Les Buffons last Saturday night. She was chosen from six candidates representing every sorority on campus. She is entitled to wear the Les Buff pin and will reign over the Buff's social functions.
Carol is a junior majoring in secondary education and affiliated with the Alpha Omicron Pi sorority.

MSC Fuser's Guides are at the SUB desk for 50c. The student directory lists name, address, telephone number, and hometown of students.

Skabo Heads Drawing

President Schedules Roundtable

Paul Skabo, a sophomore electrical engineering major from Minot, North Dakota, and a member of Kappa Sigma fraternity, was elected chairman of the 1962 Blood Drawing at this week's Student Senate meeting. Other appointments announced were Jack Cochran as World University Service co-chairman and Jim Hunt as editor of the Student Senate Reports. The deadline for Homecoming Chairman applications is Wednesday, January 31 at 5 p.m. and for Student Senate Secretary is February 7 at 5 p.m. Application blanks for these positions can be picked up at the Student Senate Office.

Tom Richardson urged all students to attend the pep rally which is being held tonight at 7 p.m. in the fieldhouse. The M-Club will present entertainment with a talent show and beauty contest.

Student Senate members will meet with President Renne and faculty members next Monday for the President's Roundtable discussion of topics of campus interest. Some of these topics will be the Lectures and Concerts Committee, the building program (including the marquee planned as a class project by the class of 1960) and the library administration.

Maxine Manning Chosen As MSC's 'Miss Wool'

Maxine Manning, Alpha Omicron Pi was chosen as Montana State's Candidate for the Miss Wool contest on January 21. Miss Manning was chosen on a three point basis which included: 1) appearance in a bathing suit; 2) appearance in a wool dress and 3) answering questions asked by the judges.

Maxine will go on to competition in the state contest which will be held in Missoula, February 16. The Miss Montana Wool will be flown to the Miss Wool of America Contest in San Angelo, Texas, April 1-7. There the 20 contestants from the wool growing states will vie for national honors.

Placing second and third respectively in the MSC contest were Marsha Thompson, Chi Omega, and Beverly Goldsmith, Alpha Gamma Delta.

A student senate announcement board and flow chart for student business has been set up in the SUB. Board meeting dates will be posted on it for the information of committee members and any interested students.

Norman Strung, chairman of the honors system committee, reported that the committee has written to schools and after receiving replies from them will meet to discuss the best possible program for MSC before submitting it to student senate.

Steering Committee chairman, Bob Morgan, reported that the Health Committee is considering making seat belts available to students at a reduced price. February 14 has been set as the date of a senior class meeting to discuss the class project and spring quarter activities. Larry Olson, president of the junior class announced that committees are working on arrangements for the Junior Prom and the M R by J C will be held March 10. The sophomore class Charity Ball is scheduled for March 9 in the SUB. A twist party and other activities are tentatively planned by the freshman class.

Keith Wilson reported from the Bozeman Chamber of Commerce the schedule of events for the Winter Carnival which is sponsored by the Chamber of Commerce and the MSC Ski Club. Wednesday, February 7 the ski patrol will make a torch light parade from the upper lift of the ski hill which can be seen from the main road. Snow sculpture judging will be done Friday and Saturday will be the Skiers Ball. Sunday is Spook Day at Bridger Bowl with events for the whole family and individuals.

Wes Anderson, Commissioner of Musical Affairs, announced that the record "Music at MSC" would be on sale in the men's and women's dormitories each evening this week. On the music tours during spring vacation one of these records will be given to each school's student body president.

The Associated Women Students have suggested that student senate take over the handling of the Miss MSC contest to make it a greater success this year. It was decided to refer this to the Steering Committee for consideration and discuss it at a later meeting.

Oratory Contest Featured Activity Of Founder's Day

The first annual Founder's Day Oratory Contest will begin with preliminary elimination rounds on February 10. The top four orators will compete in the finals to be held Founder's Day, February 12.

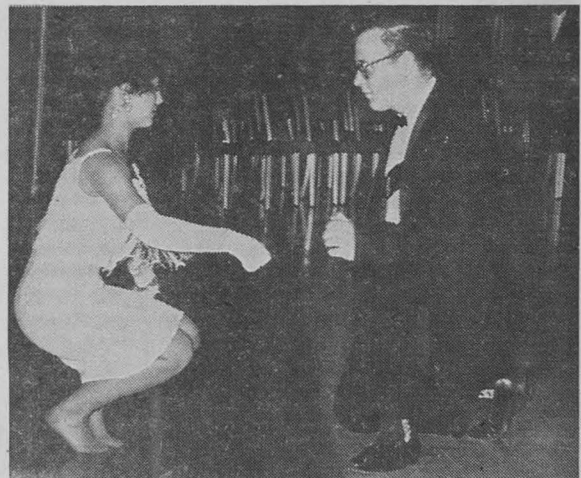

Any regularly enrolled undergraduate student of Montana State College is eligible to enter. A notice of entry must be given in writing or in person to L. A. Lawrence, Room 316, Montana Hall, by February 8, 1962.

Mr. Lawrence will also be available to help and devise contestants.

The rules for this contest are as follows: The speech is to be delivered from memory and may be on any appropriate subject, but must be original with the speaker. The time limits are set as an eight minute minimum and a ten minute maximum. There must be no more than 10% quoted material.

The oration is a prepared and memorized formal speech on a subject of a serious nature and is to be delivered in a manner appropriate to the subject. The presentation should be consistent with the principles of good speech. The orations will be judged on the following criteria: thought content, speech composition, voice and diction, physical directness, and general effect.

Appropriate awards will be furnished by the MSC Alumni Association.

TWISTING'S TOUGH—as many of the heavier-set Les Buffs on campus are finding out. The fellow above is having a hard time keeping up with his female counterpart, as well as keeping his balance.

—EXPONENT PHOTO BY CHUCK JONES

Editorially Speaking

Nutter Crashes to Death

Governor Nutter, Montana's two-fisted man of strong words and action crashed to his death in an airplane accident Thursday night, bringing sorrow to many loyal Montanans. Nutter was on his way to Cut Bank, Montana, to make a speech at a convention. In the crash also were two of his aides and three crew members who were piloting the C-47 aircraft.

This is a loss that will be felt heavily by all residents of Montana, and could put the state in a very crucial predicament. Without the capable hands of Governor Nutter at the helm of the state legislature, Montana's well-being could easily be in jeopardy. Nutter's aggressiveness and strength are two qualities that have been sadly lacking in gubernatorial position for the past decade. We had a man who spoke with action—it is indeed a catastrophe to lose a man of this caliber.

We of Montana State College and the Montana EXPONENT would like to express our deepest regrets and extend our sympathy to those persons close to the late Governor. We would like to pay tribute to a strong man, an honest man, an able and competent administrator. Governor Nutter showed his ability with deeds; he was not a person to walk the middle-of-the-road trying to pacify people. He toured the state prior to election; told the residents what he would do if elected; then, after being elected, he made every promise come true. So few politicians seem to have this quality of integrity at present.

We of MSC did not agree with many of the late Governor's policies. Several of them we fought outright with strong repercussions, and much speculation. We cannot condone some of the things that happened under his administration, yet this didn't make him incompetent, or without knowledge of his work. Nutter was a man who stood up for his rights, said what he believed, and who had a seemingly unlimited supply of ambition. No man can be condemned for these qualities—they are the very ones that made America a free country; the same ones that are keeping her what she is today. Governor Nutter was a patriot of the highest ranking, with a love for his country and his state that cannot be expressed by a few type written words.

And so, once again, we of MSC pay tribute to one of the finest men Montana has had the privilege to elect. It is a shame to lose him—we all will be greatly affected by this great tragedy.

Letter to the Editor

Campus Lauded for Support

Dear Editor:

We would like to take this opportunity to thank the many people who helped to make the recent third annual Treasure State Speech Tournament a success. The success of the tournament was due, in part, to the excellent cooperation of both faculty and students of MSC.

Special thanks to the tournament committee, Dr. Bryson, Mr. Brammer, and Mr. O'Brien; also to Miss Leigh and the SUB staff, to the faculty members who took time to judge, to the students

who helped in many ways and to the members of the English Department for their help and indulgence.

Many of the contestants and coaches mentioned the helpful and friendly attitude that prevailed on the campus.

Sincerely,

L. A. Lawrence, Tournament Director
Jack Dunn, Commissioner of Forensics

Don Wolfe, President of Pi Kappa Delta

Peace and Freedom of Speech

Dear Editor:

Here in the United States, much of our patriotism begins with the sacrifice of life if necessary, but it ends, if it has to be talked about. We are carelessly unconcerned about state and national issues, but we will perform marvelous acts of heroism on the battlefield, which might have been avoided, if we had only spoken up before the crisis had erupted.

We in the United States have the privilege and the right to seek the truth and speak our minds. But it won't continue unless we exercise it.

This brings to my mind an incident regarding a speech given by Malcolm Story on Dec. 13, 1961. He took time out on the KBMN radio station to expatiate slanderous ideas about Mr. Robert Dunbar of the history department here on campus. Dr. Dunbar had

the audacity to suggest that we work with the Russians in a sincere effort for peace. However, Mr. Story disagreed with this philosophy, and said so, being careful not to use any slanderous material. However, the undertone of "communist", the hue and cry of our small percentage of "ultra conservatives", was there as always.

The speech did have one good purpose, however; it did illustrate that in today's America freedom of speech is still extended to all paradoxically enough, even to those who would take it away.

We, as students in a growing America should inquire into those unrevealed facets of our society, and ask that only through careful inquiry can we hope to judge or consider the conclusions drawn up by our elders.

Ronald Walton
230 Langford Hall

MARTY LEE stars in the current MSC production "Three Men on a Horse." The troupe will leave soon for a guest tour of the Pacific, and present their production to servicemen.

Theatrical Group Solves Problems For Pacific Tour

Problem: Design a set for a play that demands the establishment of three different scenic locales. Utilize some 500 feet of aluminum, two 14 foot light towers, 24 light-weight spot lamps and 80 yards of material. Construct it to be collapsible, no single piece to be over 31 inches long, total weight of sets, props and lights not to exceed 750 pounds, and fit it all into four foot locker size boxes.

Solution: The unique setting designed by Ted Hippely for the comedy *Three Men on a Horse*. Aiding Hippely in the conquering of the staggering obstacle were the Technical Director, Ed Heinle, and the Lighting Technician, Lee Woodriff. These students were charged with the responsibility of solving any functional design problem.

The severe restrictions placed on *Three Men on a Horse* were due to the fact that it is going to travel nearly 30,000 miles and be produced over 35 times in various locations across the Pacific. All travel will be accomplished by air; thus the set must be light and compact enough to fit into the cargo hold of any aircraft.

Production facilities may range from a modern well equipped auditorium in Hawaii to nothing more than a truck bed in Korea. Because of this, the set must be versatile and capable of adapting

In order to comply with the requirements of the situation, a series of eight foot flats were constructed of aluminum frames covered with a synthetic flannel. These flats range from two to eight feet in width and will be rearranged during the show to create the three necessary scenic locales.

The Montana EXPONENT

Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1927. Authorized February 17, 1919. Continuance of Weekly Exponent and Monthly Exponent founded in 1895.

"The Word To Be Heard"

By NORM LARSEN

Smoking. Now there's a lovely little habit. It relieves tensions, soothes nerves, is mild and fully packed, only costs a buck a day, is king size, and comes in flip-top or smash pack. With all these inherent good qualities I got to thinking, why doesn't everyone smoke? After all, what's more fun than lying in bed being air softened until one's eyes are glazed and the bed is on fire? And so I set out with a pad in hand to discover why everyone doesn't partake of this glorious pastime.

And why (take a free sample, there) do you smoke?

"Well, ever since I've been a little boy I've had this uncontrollable urge to see what the inside of an iron lung is like."

"The only time I ever smoke is when I'm out having a beer with the boys. I enjoy a friendly cigarette with my drink. I don't think three packs a day is anything to worry about."

"Boys have always scared me to death and I'm afraid that some day one of them will come up and talk to me, but since I started smoking my fingers have turned yellow and my teeth are black, and I don't worry about boys anymore."

"You think I'd have a filthy habit like that, man? This ain't

AWS Notes...

Coffee Hour to Feature "Twist"

An AWS big-little sister coffee hour will be held Monday, January 29, in the SUB Ballroom from 9 to 10 pm, it was announced at a recent meeting of the Associated Women Students Council. Entertainment for the coffee hour will be a Twist and Continental dance demonstration by John Saunders and the High Steppers. All women students are invited to attend and asked to bring their AWS little sister.

Mary Ellen Miller from Bozeman, a sophomore in education, has been selected as the new Standing Committee Co-chairman. The new Current Events Chairwoman is Marsha Huntsberry, a junior education major from Billings.

Elections for next year's AWS officers will be held shortly after midquarter. A vote on the five minute grace period allotted to upperclass women last quarter will also be held at that time.

no cigarette, man! I get down at the pool hall for a piece. Here, just take a big on this, it'll give you a thrill you never had before. Who the matter man, you ain't ch are you?"

"I'm only twelve, and it's me look older."

"Everyone says it's so s ticated. When I blow smog my boy friend I feel set over!"

Indian Student Review Council Events for Year

By HALLECK B. BRENN

A little heard-from, also very active group here at the Council of American Indian Students. Jack Stonell, Assistant Professor of Film and Television, who wrote and directed "Vision Quest", is the advisor of the Council.

The group has grown since it was first organized in the autumn of 1960 by Mrs. Dusenberry. Students in their come from many different rienciums and departments. President of the MSC Council, John Olson, an Assiniboine from Wolf Point.

A float for the Home Parade was the first activity the organization this year. Members also participated in the member Conference of Extension Agents on extension work at Montana Indian Reservations.

Presently a program of dances is being organized. It may be made available for presentation to various groups in the area. Some may also be at Henry Old Horn, a Crow, from Crow Agency, who is singing at Disneyland last year, is Chairman of the Committee.

The Council is dedicated to nothing better scholarship. American Indian Students fostering pride in their racial cultural heritage. Other projects of this group are assisting Indian Students in adjusting college life, and in encouraging other Indians to come to Montana State College.

Eight Montana tribes are represented in the Council: Flathead, Crow, Northern Cheyenne, Blackfoot, Nez Perce, Shoshone, and Gros Ventre.

i Season Ushers in Fun, Frolic, Fractures

skiing season is here and it are fun, frolic, and frac- Did you ever wonder what chances are of sustaining an while skiing?

look at statistics compiled National Ski Patrol Sys- first of all, more than 90% ski accidents are caused by skier's poor physical condi- and his overconfidence. ximately 30% of the injured are first-timers on the hill, is is due largely to their physical conditioning. The

skier should spend about 10 min- utes a day in deep knee bends, toe-walking, deep waist bends, and a few push-ups in order to build up and maintain the muscles used in skiing. A short warming-up period before tackling the hill is always a good idea.

Overconfidence in ability is by far the main reason for ski acci- dents. Skiing beyond control ac- counts for perhaps 75% of all skiing accidents, and then not al- ways to just one skier. Also, don't be overconfident because you have release bindings (notice they are not called safety bindings),

since the continuous jolting of skiing is certain to alter their adjustment and they have been known to freeze up, so that eventually nothing short of a nuclear explosion would set you free. Sixty per cent of injured skiers wear release bindings at the time of accident, according to Ski Pa- trol figures.

The most probable time of dis- aster is between noon and 2:00 p.m., surprisingly, probably be- cause skiers are almost human—I think—and usually eat lunch about this time, and develop some muscle stiffness as they eat and relax. Fatigue alone supposedly accounts for only 8% of injuries, but this factor is difficult to assess, and probably causes over- confidence to some extent.

Most accidents would be elim- inated or at least minimized if the skier would observe the three principles of control, condition, and courtesy. It's no fun to have your hind leg encased in plaster from your toes to your sitzplatz for 2-6 months or longer because of a moment's carelessness, so re- member:

**CONTROL—CONDITION—
COURTESY**

PEANUTS, PIES ANYONE? Members of the Pi Kappa Alpha Fraternity are pictured here getting their annual "Pi Week" off to a good start by selling peanuts. There has been open house held since Wednes- day to help promote pie selling and the week will be climaxed with a mixer on Saturday night. All money will go to the March of Dimes. —PHOTO BY HERMAN SCHEU

Bobcat Booster's Spirit Admonished; Fans Praised for Non-Attendance

By BILL WALTER

Are we letting our school down? Yes we are! The last Bob- cat home basketball game against

Regis was witnessed by only 2,000 fans. That crowd was very disap- pointing for a school and commu- nity of this size. The bulk of the support, however, must come from the students!

This year, the Bobcats have scheduled many of the top teams in the area. Coach Lambert, the team, and all those concerned have done a great job of fielding a team capable of meeting this caliber of opposition.

The student body, then, not the team, has let the school down!

At the game which was men- tioned earlier, considerably less than half of the student body at- tended. Were you one of those who failed to attend? Why? . . .

Attendance in itself is not enough, however. Participation in the yells, songs, and applause is part of going to a ball game. It's not a chore to participate, it's fun.

Against Regis College, when the Cats were 17 points behind, they got very little support from the fans. The team needs support when they are behind!

Tomorrow night we play the Grizzlies in the fieldhouse. They have beaten us twice this year. We do not want to lose to them on our own floor and in front of our student body!

Good sportsmanship and total participation are two of the best ways which we, the students, can help our team.

In conclusion, we have failed to do our part this far. Let's fill our section of the fieldhouse to- morrow night. Let's all participate in every song and yell. It is our duty to show everyone that we have not only a fine team, but an exceptional institution and a loyal student body! See you there!

Pastor to Speak To Wesley Group

Wesley Foundation meets as usual this Sunday at 5:00 pm at First Methodist Church. Rides are available at Danforth Chapel at 4:45. After eating the evening meal, Rev. Louis Ortmyer will present the second in a series on "What Is Methodism?"

Rev. Marcus West will speak on "My Understanding of Jesus Christ" at the Wesley House, 321 So. 8th, at 9:00 pm as part of the study curriculum this quarter on "The Life of Jesus Christ." Discussion seminars, also part of the study curriculum, will be held Wednesday and Thursday morn- ings and Wednesday evening; per- sons are encouraged to attend one seminar that fits into their sched- ule.

We invite you to join us in study, discussion, fellowship, and worship in Wesley Foundation.

Professors Cause Cheating

By JIM GOETZ

The other day as I was thumbing through a magazine, the name of which I don't care to mention, I noticed an article entitled: "A Professor Confesses: Profs Cause Cheating." Of course this article caught my immediate attention. Even the title served the purpose of relieving a small load off my conscience.

As I now recollect, it actually wasn't my fault that I passed English last quarter. It was the teacher's fault that he didn't lock the window of his office on the third floor of Montana Hall. It was his fault that he didn't lock up the key to the drawer that had held the combination to his wall safe containing the master copy of the final. It wasn't my fault that his secretary was susceptible to payola (incidentally, I've finally found an advantage in the recent budget cut; the teachers and secretaries are more likely to accept payola).

Just why do I cheat? It is not that I enjoy cheating, although it does help to be enthusiastic, but I often have trouble just keeping my head above water. (In this case above water means a 1.35 Grade Point Average).

But I'm not the only one who

Early Morning Dance Slated for February 12

Would you rather dance than go to class? Here's your chance. The Spurs and Fangs are sponsoring a dance Monday, February 12, from 6 a.m. until 9 a.m. in the SUB Music to wake up by will be furnished by Phil (Twister) Schneider.

This will be a girl ask boy affair, but don't let that stop you from enjoying the fun because stags are welcome. Tickets are \$1.00 apiece (this includes a huge breakfast) and will be sold in advance.

MSC Faculty Members Attend Alcoholism Talk

Three Montana State College faculty members were in Missoula last Friday and Saturday to participate in a conference dealing with the understanding and control of alcoholism.

Sponsored by the State Board of Health, the third annual Montana conference on "Alcoholism in Industry and Community" was held to develop community-wide awareness to the problems of alcoholism.

Chairman of a panel discussion on Friday was Dr. William Walter, professor of bacteriology and MSC's representative at the conference. Other MSC staff members participating were Duane Rubadeau, professor of psychology who will serve on a panel, and W. W. Lessley, judge for the 18th district and visiting professor of industrial engineering. Judge Lessley lectured on "Our Responsibility for Understanding."

Principal state agencies sponsoring the conference were the Narcotic and Alcoholism Advisory Committee and the Montana Council on Alcoholism and Montana Industries.

partakes of this distasteful temptation. I've been talking to a number of students representing a wide selection of curricula. I have noted some interesting trends. It seems that in many cases it's easy to cheat in Multivariate Statistical Analysis, Industrial Production Processing Lab. On the other hand, Human Relationships in Nursing, Body Mechanics, and Work Simplification stand as untouchables as far as cheating goes. I've tried to find the reason why some courses are hard to cheat in, while others are relatively simple. Could it actually be the teachers? This is a nice thought, but could it be that you and I know better?

Incidentally, if I am ever caught on the third floor of Montana Hall about 3:00 in the morning, it's not because I'm cheating. I just have to keep in practice.

MSC Wool Team Places in Denver

In competition with 10 other teams, the wool judging team from Montana State College placed third at the National Western Stockshow held at Denver, January 12-20.

Carl Ratzburg of Ledger was second high individual in the contest and also second high individual in scoring ten fleeces. Neil Collins of Broadus tied for eighth high individual.

Other members of the MSC team are Don Anderson of Melville and James Huff of Butte. Team coach is Kenneth Colman of the staff of the Montana Wool Laboratory at MSC.

First place in the contest went to New Mexico State University, and second to South Dakota State College.

BOOST THE BOBCAT

PIONEERING

Somewhere out there, beyond the realm of man's present understanding, lies an idea. A concept. A truth.

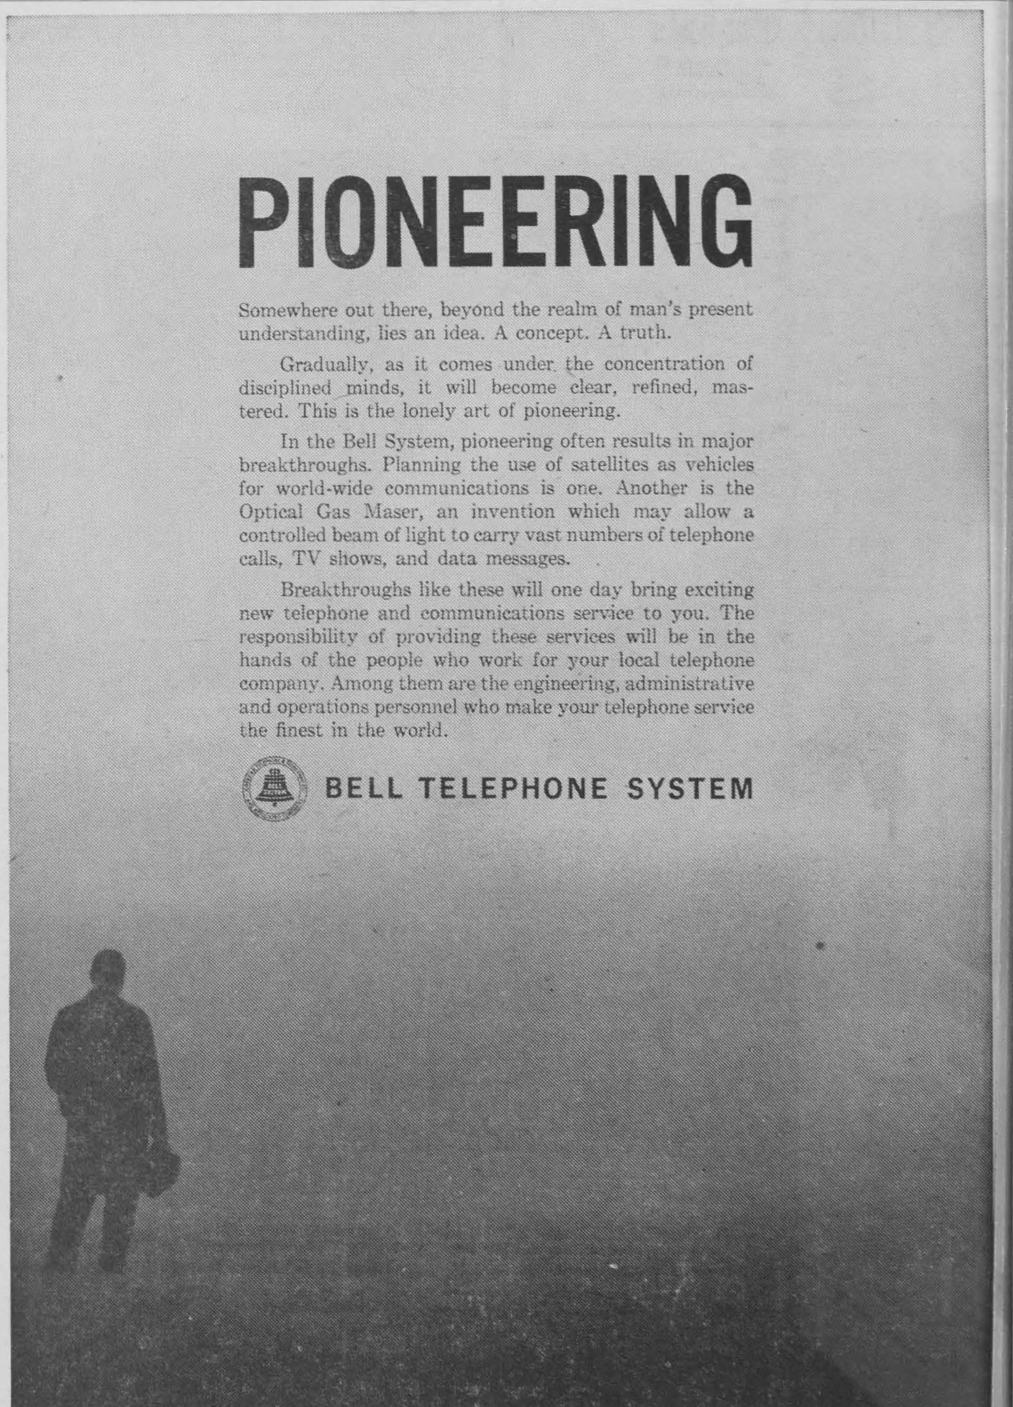

Gradually, as it comes under the concentration of disciplined minds, it will become clear, refined, mastered. This is the lonely art of pioneering.

In the Bell System, pioneering often results in major breakthroughs. Planning the use of satellites as vehicles for world-wide communications is one. Another is the Optical Gas Maser, an invention which may allow a controlled beam of light to carry vast numbers of telephone calls, TV shows, and data messages.

Breakthroughs like these will one day bring exciting new telephone and communications service to you. The responsibility of providing these services will be in the hands of the people who work for your local telephone company. Among them are the engineering, administrative and operations personnel who make your telephone service the finest in the world.

LITTLE MAN ON CAMPUS

"SOMETIMES I SUSPECT THE CAFETERIA FOOD ISN'T ALL IT'S CRACKED-LIP TO BE."

Students Finish Movie Based On Novel By London

Montana State College students, working with four faculty advisers, have finished the camera work for their 25 minute film, "To Build a Fire," according to John Wheeler, the director.

Filmed in the rugged region near Cooke City, Mont., the movie is based on Jack London's most famous short story which involves a foolish prospector who freezes to death in the Yukon.

The movie will be shown to high school audiences this spring, and it will be available next year to schools throughout the country.

Wheeler and his crew spent five days on location in Cooke City during the Christmas holidays, and shot concluding scenes at West Yellowstone.

Lew Price, a resident of West Yellowstone, plays the role of the lone prospector in the film.

Students who participated in the filming of the motion picture are Stuart Wilson, Great Falls, supervising editor; Don McBride, Bozeman, still photographer; Lee Good, Bozeman, head gaffer (electrician); Roger Daley, Somers, cameraman; Dan Johnson, Bozeman, director of photography; Harry Lopsonzski, Bozeman, technician; Ray Parker, Bozeman, head sound man; and Ed Wooten, Roundup, assistant

Slow Drawl of Montana Cowboy Is Declared Inaccurate By Mrs. Roberts, Speech Professor

If Hollywood directors could talk with Montana State College's Mrs. Kay Roberts before they selected their Montana characters, they'd soon change their minds about casting slow-talking, long-pausing actors in the parts.

Watching students come and go for years at MSC, Mrs. Roberts says native Montanans talk just as fast and clearly as people in other parts of the country. "In fact," says the associate professor of speech, "many of the girls go 'a mile a minute,' and the boys usually speak at average rates.

It's true that now and then, a big, ambling cowboy will turn up and say, "Well . . . there . . . I . . . was!" These drawlers are the exception, not the rule, according to Mrs. Roberts, who supervises and instructs remedial speech students in addition to her regular classes at MSC.

If the slow-talking Montanan

image is inaccurate, so too is the opinion held by many that Montana speech is unique. "Our speech here is very similar to that found in parts of Missouri and western Texas," states Mrs. Roberts. "Although the sun may come up at 'dawn' for the Montanan, and yesterday he 'sod' wood, people in this state speak General American," according to Mrs. Roberts.

Residents here may have regional ways of pronouncing certain sounds, and use terms which are unusual, but English spoken in Montana is on a par with that of the rest of the nation. There's a tendency here to use the "ah" sound for "aw", which accounts for words like "caught" being pronounced "cot" by almost everyone, even the well-educated.

Mrs. Roberts favors retaining whatever minor regional dialects occur in Montana speech. She does not, however, tolerate sub-standard English in her classes. "We try to show students that certain sounds result from letter combinations, but we don't require them to change their natural way of talking provided it meets acceptable standards. We particularly stress clarity of expression and good enunciation."

If a Montana State College student can talk clearly and effectively with educated people in this section of the country, we do not worry if he retains his slight regional dialect," says Mrs. Roberts.

"The student, of course, should be grammatically correct — and how I wish he were!"

Dr. N. Helburn Talks On Norway Before Model UN

The featured speaker at last week's MUN meeting was Dr. Helburn. He gave the group some information concerning the agricultural and geographical patterns in Norway. The plans for the Model UN session in San Diego are starting to take shape and the students are becoming acquainted with the pertinent information necessary for active participation in the convention. The library has ordered and received some texts concerning Norway.

The state chairman of the Montana CCUN, Steve Hadnagy, has called a meeting of the participating schools for February 2nd in Butte. The student representatives will attend and plan the state activities for the coming year. The

Articles Needed By Peace Corps

The Peace Corps Council will meet on Thursday, Feb. 1, at 9:30 p.m. in Room 317 of the SUB. Plans will be made for a display of Peace Corps information. Members are asked to bring recent magazine articles for use in the display.

The Peace Corps Council is an informal group of persons interested in the Peace Corps. Its purpose is to promote interest in and spread information about the Peace Corps, especially now that projects are in operation overseas. Everyone is invited to the meeting. For further information contact Bob Eagle, 6-6291, or the International Cooperation Center, 209 Bridger Hall.

The next Model UN meeting is scheduled for Monday, Jan. 29, at 7:30 p.m. in Room 310 of the SUB.

CD Examination Team To Survey Buildings For Use As Shelters

Of vital interest and importance to Montana State College students and residents of Bozeman will be the visit of Orr Pickering and Associates to the campus and town. Under the National Defense Program, the survey team headed by Mr. Pickering will begin phase one which includes the examination of all buildings in the United States for possible use as bomb shelters. This inspection will be held in this area this week.

According to Mr. Martin F. Whalen, committee chairman for Civil Defense on the MSC campus and Bozeman, the survey team will recommend certain buildings be used as bomb shelters and suggest improvements to make other buildings available for use.

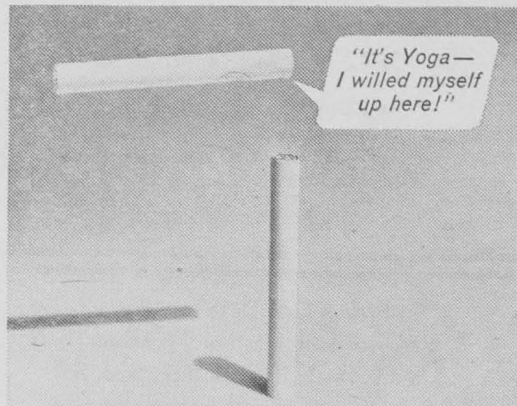

After the completion of phase one of the program, phase two will begin with the marking of appropriate buildings as shelters. Stocking of these specified buildings will take place after July, with provisions made for sanitation facilities, ventilation, radiation detectors, and other necessary supplies.

The function of the local CD committee will be to maintain the provisions and supplies located in the bomb shelters and see they are not tampered with. The committee will also be concerned with training shelter captains for organization purposes, to inform the people as to where and when to go to the shelters, and training people to read the radiation detectors and to perform the necessary operations for survival.

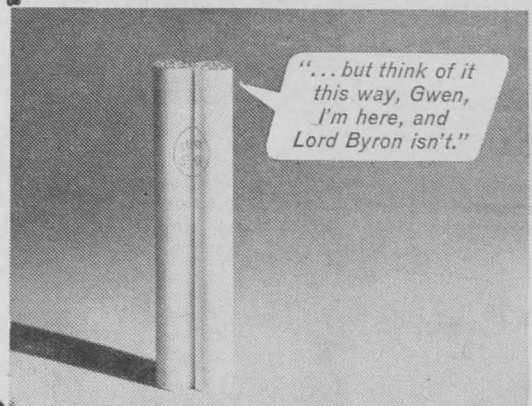

Mr. Whalen stated that the big problem is the lack of funds to provide for ventilation, sanitation, emergency power and a water supply. He said it is hoped that the Federal government will allocate the required amount.

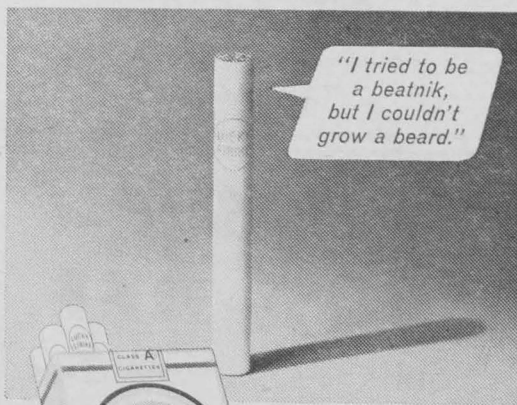

"THE INTELLECTUALS"

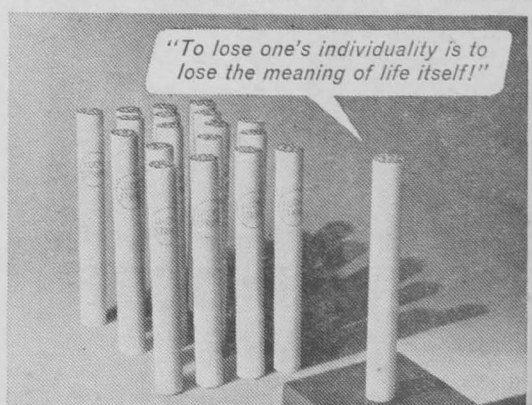

"It's Yoga—I willed myself up here!"

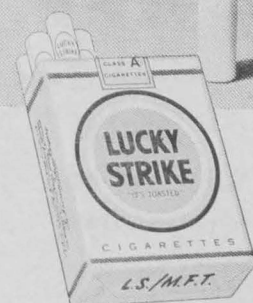

"... but think of it this way, Gwen, I'm here, and Lord Byron isn't."

"I tried to be a beatnik, but I couldn't grow a beard."

"To lose one's individuality is to lose the meaning of life itself!"

IF YOU'RE AN INTELLECTUAL, be thankful you're living at the right time. The climate of our contemporary culture is sympathetic to new voices, new ideas. The new age of enlightenment explains, among other things, the popularity of Luckies on college campuses. Deduce this yourself: Enlighten up a Lucky. As its heady aroma swirls about you, reflect on this profundity: College students smoke more Luckies than any other regular.

CHANGE TO LUCKIES and get some taste for a change!

Bobcats to Meet MSU Grizzlies Tomorrow

Montana State College basketball team attempts to climb to the win column this against Pacific Lutheran Montana University.

The Bobcats are favored to snap a two-game losing streak Thursday against Pacific Lutheran, but Saturday's game is a toss-up.

Plays Pacific Lutheran in the fieldhouse and wins Montana Saturday. The Bobcats will play the preliminary night, meeting North Community College Thursday at Malmstrom Air Force Saturday.

Last year, MSC defeated PLC at Tacoma, Wash., 73-70. The Grizzlies are slightly improved this winter — mainly because of the addition of 6-8 Hans Albertson of Sweden. Albertson, a transfer from Gonzaga, is the team's scoring leader.

On Saturday, the Bobcats will attempt to salvage one of three games with the Grizzlies. Montana won, 63-45, at Billings in mid-December and by eight points, 69-61, on Dec. 27 at Missoula.

The Grizzlies, like the Bobcats, have been up-and-down. They stand 1-4 in the Skyline Conference, yet their worst league defeat was by only five points.

They played both Utah and Utah State down to the wire before finally losing. In non-conference action, the Grizzlies dealt Oregon State, the nation's 10th ranked, its only defeat of the current campaign.

Bobcat coach Dobbie Lambert anticipates a tight game Saturday. "If we do a good job on the backboards, we'll be in the thick of things," he commented.

At Missoula, the Grizzlies dominated the backboards. Scoring in double figures for MSU were center Steve Lowry, forwards Tim Aldrich and Dan Sullivan and guard Ray Lucien. Rounding out the lineup for Saturday's game will be Bob O'Billovich.

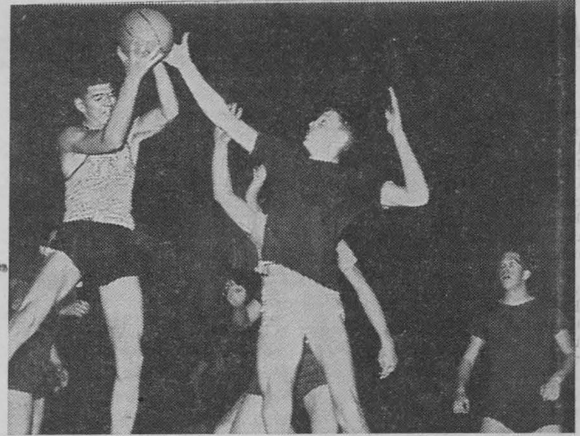

Probable Bobcat starters are forwards Jerry Streeter and John Bryant, center Milt Horton, guards Russ Powers and Tom Sawyer.

Last weekend at Pocatello, Montana State dropped a pair of contests to Idaho State. The Bobcats were beaten in Friday's televised game, 65-52, after leading by as many as seven points early in the second half.

Idaho State led most of the way to win Saturday's tilt, 90-81.

Montana State hit 61 per cent of its shots Saturday but Lambert pointed out that "we just didn't get enough shots."

Despite losing Saturday, the Bobcats had a balanced scoring attack with six men in double figures. Bryant had a two-night total of 32 points to lead MSC in scoring.

ACTION IN THE INTRAMURAL LEAGUE shows a Pi Kappa Alpha ball player hauling down a rebound in a game against the Sigma Chi's. The Sigma Chi's won the game 44-30. Roger Grossman of SX was high scorer in the game with nine points.

Bobcats Fall to ISC Bengals

The Bobcats hit an amazing 72.5 per cent of their field goal shots but fell to defeat at the hands of the Idaho State Bengals 90-81 in last Saturday's ball game. The Bengals were led by forward Frank Swopes, who set an Idaho State College gym record with 35 points.

The crowd of only 1,500 saw Swopes hit 16 points in the opening period and 19 in the second half, although he was playing with four personal fouls.

The Bengals scored on 33 of 64 field goal attempts for a 51.6 percentage. The fact that the Bobcats were outshot by the Bengals at the charity stripe by only one point.

The rebounds were even in the game with 40 for each squad.

Art Crump scored 18 for the Bobcats and guard Bob Blum connected for 15.

John Bryant was high for the

Cats as he tallied 20, followed by Tom Sawyer who had 15 points.

If it's possible a scorebook will be available for this purpose. If not, I will contact each manager and ask that he keep a carbon copy of his scoring sheet.

The win gave the Bengals a 9-5 record for the season. The Bobcats have now won five and lost nine. Both clubs are independents.

The previous scoring record for the Idaho gym was 32, set by Les Rowe of ISC in 1954.

The scoring:

**Intramural
Week**

By JACK READICKER

Playing some of the intramural basketball games in the fieldhouse has improved the quality of playing. There have been some rugged, exciting games in the past weeks with the Delta Sigs, Phi Sigs, Sigma Chis, and SAEs all shaping up as contenders for the All-School basketball championship.

Phi Sigma Kappa	3-0
Delta Sigma Phi	2-0
Sigma Chi	2-0
Sigma Alpha Epsilon	2-1
Kappa Sigma	1-0
Phi Kappa Alpha	1-1
Sigma Nu	1-1
Alpha Gamma Rho	0-2
Lambda Chi Alpha	0-2
Men's Co-op	0-2
Sigma Epsilon	0-3

Intramural skiing will be run off on Feb. 12, Founder's Day at Bridger Bowl.

Next week I want to initiate a new policy for Intramural Week. I would like to list the score of each game played and the top scorers for each team. I will need the support of the athletic managers of the teams.

"M" Club Sweethearts To Vie for Miss MSU Title

Bud Purdy, fieldhouse manager, has announced that the fabulous "M Club Sweethearts" will appear in the fieldhouse tonight at 7 o'clock.

The purpose of their appearance will be to kick off the final pep rally of the year. There will

be no admission charge for this affair Purdy said. Purdy also stated that this group has won honors for their performances in many outstanding spots in the town of Bozeman. The act will consist of several dance numbers plus introductions to new dances

slated to take the nation by storm. New and original variations of the "Twitich" and "Barnyard Shuffle" will be presented.

Some of the stars who will appear will be Thelma Turner, Melissa Mulcahy, Bertha Biendueffel and others. This troupe will be

led by the popular, lovely and talented Phyllis Schneider. Weather permitting, the new and beautiful Bonnie Bitstoch may make an appearance.

The highlight of the show will be the parade of "Miss MSU" candidates, of which one will be

crowned during the halcyon ceremonies of the game. Music will be provided by the famed Bobcat Pep Band. A fair will be held in honor of Bobcat basketball team going after the Grizzlies on Thursday night.

Huskies Win Bridger Bowl Meet

The University of Washington Huskies from Seattle came through in championship form Sunday to win the MSC Invitational Four-Way Ski Championships. The slatmen from Washington compiled a total of 371.51 points to lead the pack. MSC placed second with 364.39 points. Husky Jack Morbeck showed exceptional control to win the downhill and slalom events. Husky Torbjorn Yggeseeth copped another first place in the jumping event. Bobcat harrier, Gary Kiefer lead the way in capturing a first place in the Cross Country with Bobcat Bill Barrier tying with Morbeck in the slalom. This gave the Bobcats their margin of lead over third place British Columbia, who had 256.59 points.

Competing schools traveled

great distances in the sub-zero weather to partake in the meet. Plane trouble caused the University of British Columbia to field only a partial team. Idaho State College had a small squad due to extreme injuries. Participating schools were: MSC, Washington, MSU, University of British Columbia and Idaho State.

Summary of events:

Team Points: Washington, 371.51; MSC, 364.39; British Columbia, 256.59; MSU, 201.22; Idaho State, no points.

Jumping: 1. Torbjorn Yggeseeth, Washington; Tom Nord, Washington; Tor Fageraas, MSC. Distance 150 feet.

Cross-Country: E. Gary Kiefer, MSC; Per Wegge, Washington; Yggeseeth, Washington.

Downhill: 1. Jack Morbeck, Washington; Mike Buckley, MSU. Tie for third and fourth between Don Teachout, MSC and Bigeson, Washington. Time 71.9 sec.

Slalom: 1. Morbeck, Washington tied with Bill Barrier, MSC; Ken Miller, MSC was third. Time 97.9 sec.

MSC to Host Weightlifting Contest

By BRUCE WHITHORN

The MSC weightlifting team will be trying for its second consecutive win of the season when it takes on the Helena team in Helena on January 27. On December 2 the lifters beat this same team here by the score of 20 - 16. Helena's weightlifting team is comprised mainly of Carroll College students and a few Helena residents.

Coach William Jamieson is counting on Sam Samson, Bill Sikonia, Jack Jamieson, Bruce Bramlette, Au Lieu, Nate Edington, Gene Fixmer, Charles Quesenberry, and Bob Harris to carry most of the load. Lee Blackwood and Bob Baker are expected to join the team after the wrestling season is over. There are also 8 or 9 others who are trying out for the team, but they are uncertainties as yet. Several of the above named men hold state and Pacific Northwest records.

After the coming meet, the Bobcats travel to 3 national meets. On April 20 MSC hosts the Far West Intercollegiate. We shall see some of the best teams in the nation. This will attract weightlifting teams from possibly 11 states. Shortly after that meet, MSC will host the Montana Open. The team is hoping for a couple of more meets here.

Montana State can be proud that she is one of the few colleges around that is active in this

sport. Coach Jamieson is trying to stir up interest around the state for weightlifting.

The team is rather short on 123-lb. and 132-lb. lifters. If anyone feels he could make the team in these weight divisions, please contact Coach Jamieson for a trial.

Freshmen Cagers Fall From Ranks Of Undefeated

The MSC Bobkittens were dropped from the ranks of the undefeated Friday night by virtue of a 60-59 loss to the Idaho State Junior Bengals. It was the first loss for the Freshmen after six straight wins.

A good ISC defense and cold shooting by the Kittens gave the Idaho Freshmen a revenge win from two previous defeats at the hands of the Kittens in Bozeman. Although the Kittens fought back from a halftime deficit they couldn't quite close the gap. Although the Freshmen lacked their usual scoring punch, fine performances were turned in by Don Rae and Kermit Young.

Disaster again struck Saturday night as the Kittens were downed 62-49. Not only did the Freshmen suffer their second loss of the season, but they may be

ISC Defeats Bobcats With Swopes High

By BILL WALTER

Idaho State overcame an early Bobcat lead to defeat the Cats 65-52 in a Friday night ball game at Pocatello. The Bobcats held a seven point advantage twice during the first half and led 32-27 at the intermission.

With about 10 minutes left in the contest, Art Crump and Frank Swopes, Bengal forwards, each hit a lay-up to give the Bengals the lead for good, 49-46. The game was seen by local fans on a regional television network.

The Bengals began to pull away then, and the Bobcat cause was hurt when Milt Horton fouled out with about six minutes. The ISC team led 54-40 at that time.

The game was decided on field goals. The Bengals hit on 25 of 56 attempts for a 44.6 percentage, while the Cats were able to sink only 18 of 48 tries for 37.6 per cent. The Bobcats scored one more free throw than did the Idaho team.

Swopes led the Bengal scorers with 19 points, followed closely by Crump, who collected 18. John Bryant and Horton each hit 12 for the Cats, with Tom Sawyer getting 10.

without the services of leading scorer Kermit Young. Young severely sprained his ankle in the early minutes of the second half. After leading at half time the Kittens literally fell apart. Nothing seemed to go right as the ISC Freshmen coasted into the lead.

With hopes of returning to their winning ways the Bobkittens will play Malmstrom Air Force Base this weekend.

Hockey Practice

Hockey practice will again be conducted this Saturday on the ice rink on South Fifth St. The practice time has been set at 12:30 p.m. The Hockey Team will be preparing for an exciting and full packed season competing against such teams as MSU and several independent hockey organizations.

The statistics:

Wrestlers Shutout Whitworth

Montana State grapplers traveled to Washington last weekend and defeated Whitworth College a 38-0 defeat. Montana put former state champions to rest and had little trouble in seven quick pins. There was only one decision.

Traveling to Pullman, MSC's stiffest competition of the year, the team managed to place second in a three match triangular.

Wayne Hall, the team's leading scorer, paced the team with three decisive pins. Lee Britton, Miles City state cham-

panion, turned in a crowd pleasing performance with two pins and a single forfeit. Bozeman's Lee Blackwood fell from the unbeaten ranks by losing two close matches. Men making the trip with Keith Bowen are as follows: Lee Brittonham 2 wins, 1 forfeit; Bob McIntyre two wins; Doug Daniels 0 wins, 1 lost; Lee Hart 2 wins, 1 lost; Wayne Heggen 1 win, 1 loss; Bob Baker 1 win, 1 loss; Brent Hall 3 wins; Lee Blackwood 1 win, 2 losses; Jerry Ross 1 win, 1 draw; Howard Ross 1 win, 1 draw.

Team scores were: Oregon 41, Montana 28, and Washington University 23.

Ski Club Party To Be Tonight

The MSC Ski Club, under the leadership of Tim Haggerty, will hold its first Ski Club Party tonight at the Valley View Country Club. All members with cards will be admitted free of charge with a minimum of one dollar per guest.

The party will begin at approximately 9 o'clock following the Pep Rally in the Fieldhouse. Dancing will be held on the upper floor, with refreshments being taken care of on the lower floor. Plan to attend, as you all know, it will be a real swinging affair.

Talking Sports

By FRED TURNER

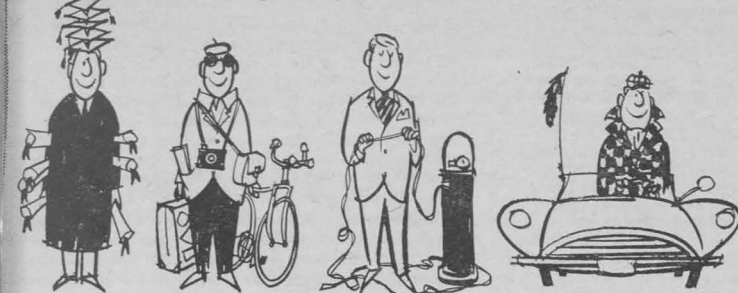

I HAVE A SLIGHT NOTE of sadness this week and it concerns one of the Bobcat skiers who is now touring in Europe with the Canadian Ski Team. Bobcat downhill specialist Gary Batistella, who is on leave from the team in order to compete in Europe, suffered a severe shoulder wound and a concussion with slight vertebrae injuries in his back while entering competition at Kitzbuehel, Austria. Gary was making his downhill run when he entered the terrible "mouse trap passage" at Kitzbuehel. The mishap threw him 50 yards through the air and into a clump of trees lining the course. The official report stated that it will take a hospital stay of between 3 to 4 weeks for Gary to recover. Get well quick Gary, we're in need of some experience next year!

YOU'RE IN FOR A TREAT tonight at 7:00 when you get a chance in a life time glimpse of some of the "M" Club Glamorettes. Featured entertainers scheduled to appear are: Melissia Mulcahy, Bertha Bietenduefel, Bonnie Biastoch, Phyllis Schneider, Lulu Loposki, Connie Cords, Greta Greer and yours truly, Thelma Turner. The show plans to be exciting with ballet dances, kick chorus and all-star review. Plan to attend, I can promise you plenty of excitement. Our immoral, twisting Pom Pom girls will also be there. You know the girls I'm talking about, those bawdy night club entertainers that do the TWIST at clean athletic contests such as the ISC vs. Bobcat basketball game according to Harvey Griffin's Casual Comments in The Gallatin County Tribune.

LET'S GIVE THE GRIZZLIES THE NICE TRY AWARD! Again the Kaimin, the MSU daily newspaper, has presented the crying news that we again are using ineligible basketball players. The poor Grizzlies are afraid that Bobcat John Bryant is going to replicate his average of 18 points per game. The story of the ineligibility of Bryant appeared in a recent issue of the Kaimin. The only thing that the MSU writers don't know is that the athletic code used here at MSC is exactly a duplicate of the Skyline Conference Athletic Code. John was given the O.K. by Athletic Director Gene Bourdet and President R. R. Renne. The NCAA cleared John early in the season and he opened his season in the second game against Long Beach State. Let the Grizzlies shed their tears, because after Saturday night's game, the Bobcats will have beaten the Grizzlies in every field of athletic endeavor for the 1961-62 school year.

Check your opinions against L&M's Campus Opinion Poll #16

1 How would you spend a \$5000 inheritance?

- more education
- European tour

BOZEMAN'S EXPERT CLOTHIERS

L&M's the filter cigarette for people who really like to smoke

"Guys and Gals"

By MARY BENNETT

Staring unflinchingly into the face of adversity and left undaunted by seemingly insurmountable obstacles, another scandal sheet is being prepared for print. Having no great volume of earth-shaking news on which to expound except that it's pretty bad when the most noticeable thing of the week turns out to be the weather. But people have talked about the weather, speculated about the weather, and most of all complained about the weather. What would there be to say if it weren't for this worn and war-torn conversation piece?

It has been a bit on the chilly side, though, hasn't it?

FOR WHOM THE BELLS TOLL

Christmas was a blessed time when Larry MacKay, Pi Kap, and Kay Churchwell, Ind., became Mr. and Mrs.; Rich Barrett, Pi Kap, took Janice Lindgren to be his young blushing bride.

Also in the married ranks now are Gordon Doig, Phi Sig, and Sharon Rader, DG.

PINS CONTINUE TO PASS

The SAE's were the only house on the hill to announce pinnings this week. Sure enough, two more SAE's are minus their pins. Richard Schuller is pinned to Maroldean Burgess, AOPi; Jack Sherick is pinned to Duabe Meyer, University of California.

DIAMONDS OF THE WEEK

Chuck Lincoln, Ind., is engaged to Irene Westervelt. Mike Stoltz, Phi Sig, has passed out cigars to announce his engagement to Alice Saunders of St. Paul, Minn.

PLEDGES—BOW DOWN!

New pledges at the Alpha Gamma Delta Sorority include Judy Whittle, and Kathy Morrison.

Randy Fisk has recently pledged Kappa Sig. The newest Pi Kap pledge is known by the name of Jerry Roe. Don Bradley, Jack Bradley, Ed Cryer, Stacy Franklin, Larry Hughes, Don Jermunson, Dick Moline, Gordon Schlepp,

and Bill Steven are all new Phi Sigma Kappa pledges. Added to the Sigma Nu pledge roll are the names of Jack Craven and Gary Gustafson. Mark Canty and Jim MacCarthy are now taking their turns at doing Sigma Chi pledge duties. Leo Lemoine is a new pledge of SAE.

New Kappa Delta Pledge officers include: Judy Hohnquist, president; Eloise Ellis, vice president; Karen Ratzberg, secretary; Thelma Arlint, treasurer; Peggy Keifer, song leader; Janice Stolz, social chairman; and Susan Roess, Jr. Panhellenic representative.

Larry Hughes has been elected president of the Phi Sig pledge class. Assisting him are vice president, Dave Posey; secretary, Don Drga; treasurer, Don Bradley; and Sentinel, Gary Olson.

ACTIVES

New Phi Sig actives include Larry Anthony, Gary Armstrong, Tom Cheetham, Jerry Crossett, Scott Holden, Don McCormick, Robert Peterson, and John Peterson.

Gary West was elected Sentinel of the Phi Sig active chapter.

SCHOLARSHIP HONORS

Donna Anders received the cup for highest grades of Kappa Delta. Barbara Holland was awarded the scholarship bracelet for the most improved Kappa Delta grades.

Foundation Gives Grant to Nurses

The W. K. Kellogg Foundation has approved a grant of \$191,000 for the purpose of continuing and extending the work of the Western Council on Higher Education for Nursing (WCHEN) in the 13 western states, according to Rita Darragh, associate professor of nursing at Montana State College.

WCHEN is an organization of collegiate schools of nursing designed to improve graduate and undergraduate programs in nursing and to stimulate research in the field.

Montana representatives to the council are, from Carroll College, Sister Mary Jerome, Helena, and from Montana State College, Dr. Anna Pearl Sherrick, Bozeman, education director; Virginia Felton, Great Falls, Mrs. Elizabeth Diegel, Billings, and Rita Darragh, Bozeman.

MSC, Carroll College and the College of Great Falls are members of WCHEN, offering baccalaureate and graduate work in nursing.

Under the sponsorship of the Western Interstate Commission for Higher Education (WICHE), these colleges are conducting a Continuing Education Program for Nurses in Leadership Positions. The first series of six conferences in this program will be completed in May. Another series is planned for 1962-64.

Mrs. Laura Walker, assistant director, Mrs. Phyllis Hillard, assistant professor and Rita Darragh, associate professor, all of the MSC nursing faculty, are currently involved in a research project to define clinical content in nursing on the graduate level.

On Campus with Max Shulman

(Author of "Rally Round The Flag, Boys", "The Many Loves of Dobie Gillis", etc.)

THE TRUE AND TRAGICAL TALE OF HAPPY JACK SIGAFOOS

Who would have thought that Happy Jack Sigafos, the boy who the sky never rained on, would teeter on the edge of a life of crime?

Certainly there was no sign of it in his boyhood. His home life was tranquil and uplifting. His mother was a nice fat lady who hummed a lot and gave baskets to the poor. His father was a respected citizen who could imitate more than 400 different calls and once saved an elderly widow from drowning in a good suit. (That is, Mr. Sigafos was in his good suit; the elderly widow was in swimming trunks.) Happy Jack's father was nothing short of idyllic—till he went off to college.

Here Happy Jack quickly became a typical freshman—tweedy, seedy, and needy. He learned the joys of rounding up his personality, and he learned the cost. His allowance vanished like dew before the morning sun. There were times, it grieves me to report, when he didn't even have enough money for a pack of Marlboro Cigarettes—and you know how miserly that can be! To be deprived of Marlboro's matchless flavor and easy-drawing filter, its subtly blended tastiness, its refreshing mildness, its ineffable excellence, its soft pack or flip-top beauty, why, it is a prospect to break the heart in twain!

Marlboro-less and miserable, Happy Jack tried to get more money from home. He wrote long, impassioned letters, pointing out that the modern, large-capacity girl simply could not be courted on his meager allowance. But all Jack got back for

She simply could not be counted on his meager allowance.

home were tiresome homilies about thrift and prudence.

Then one dark day a sinister sophomore came up to Jack and said, "For one dollar I will sell you a list of fiendishly clever lies to tell your father when you need some extra money."

He gave Jack the list of fiendishly clever lies. Jack read:

1. A bunch of us fellows are getting together to buy a watch for the Dean of Men.
2. A bunch of us fellows are getting together to buy a hot stone for Rover, our late beloved dormitory watchdog.
3. A bunch of us fellows are getting together to endow a chair of Etruscan Art.
4. A bunch of us fellows are getting together to build our own particle accelerator.

For a moment poor Jack was tempted; surely his father could not but support all these laudable causes. Then Jack's father's upbringing came to the fore. He turned to the sinister sophomore and said, "No, thank you. I could not deceive my step-parent so. And as for you, sir, I can only say—fie!"

Upon hearing this the sinister sophomore broke into a grin. He whipped off his black hat and pasty face—and asked you think it was? None other than Mr. Sigafos, Happy Jack's father, that's who!

"Good lad!" cried Mr. Sigafos. "You have passed your test brilliantly." With that he gave Happy Jack a half million dollars in small bills and a red convertible containing petrol steering and four nubile maidens.

Crime does not pay!

Money and girls haven't changed Happy Jack. Except for the minor bulge in his cashmere jacket caused by (1) a pack of Marlboros and (2) a box of Marlboros, he's the same old Sigafos.
