

Bobcats Invade Grizzly Lair

Agocs States Men Prepared

By JIM GOO

Coach Herb Agocs' opinion on tomorrow's game is, "We have no new injuries, and should show well."

The rivalry has existed between MSC and MSU since 1897, with this game in Missoula making the 62nd meeting of the two teams.

This game will decide the mythical state championship of Montana, along with the championship of the proposed new conference. The new conference is to be composed of Idaho University, Idaho State, Weber College, Montana State and Montana.

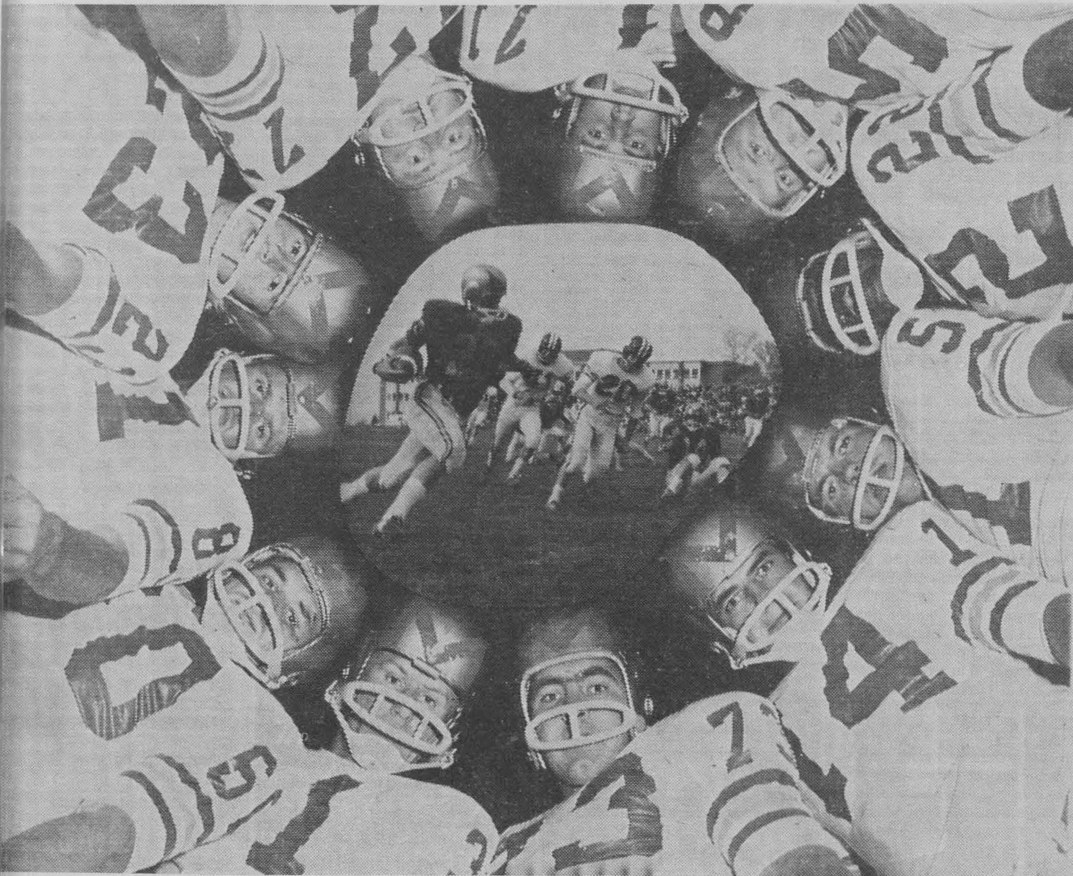

The Bobcats have beaten Idaho and Idaho State, with MSU defeating these two and Weber.

The two teams have faced four common opponents, both handling IU and ISC readily, while both were soundly defeated by Utah State. The difference arises in their games against North Dakota. While the Grizzlies were underdogs on a 14-8 score at Grand Forks, the Bobcats beat NDU last Saturday on Gatton Field with a 16-3 win.

The NDU games would seem to give the Cats the upper hand, but in Bobcat-Grizzly contests, all indications mean nothing and this game may be as close as the last two. The Grizzlies won 10-6 in Missoula in 1960 and the Cats came from behind to win 10-9 last year in Bozeman.

Since the series began, MSU has won 41, MSC 15 and five have been ties. In the last six games, however, the Bobcats have taken five.

(Continued on page 10)

THESE NO GETTING AROUND IT, these Fighting Bobcats will be the center of action in the clash with MSU tomorrow. In a clockwise direction, starting with number 73, they are: Fred Turner, Joe Nichol-

son, John Munk, Bill Cords, Russ Powers, Joe Tiller, Curt Farrier, Gordie Schlabs, Will Fennal, Cliff Haven, and Bill Mulcahy.

Benke, Fulton Will Head 1963 High School Week

By RONALD WALTON

Francis Benke and Ed Fulton have been selected by the Student Senate to head the 1963 High School Week Program which will be held during spring quarter.

They were selected from among 13 students applying for the position. The basis of selection rested on the qualifications of the applicants and their participation in past school activities.

Benke, a senior from Kalispell, is majoring in Secondary Education. She is a member of the Pi Beta Phi sorority and presently is the copy editor of the EXPONENT. Fulton, who hails from Billings, is a junior majoring in Business Administration. He is affiliated with the Sigma Nu fraternity and is presently serving on the Student Union Board, and is past president of Fangs.

Benke and Gary Prahler were selected by the Student Senate to be the co-chairmen of the year's WUS co-chairmen. There were only three applicants and they were considered by the Student Senate.

Cowboys Reign Once Again At Cow College

By JUDY THOMPSON

The kick off for this big weekend of the MSC-MSU football game opened this morning with "Go Western" Day. All Bobcat fans have a chance to bring out their boots, shine up the spurs and don western attire.

The annual event is always held the day preceding the Bobcat-Grizzly football game. These outfits should be worn the entire day which includes classes.

Idell Weydemeyer, Commissioner of Demonstrations, and her traditions board committee have taken charge in arranging the "Go Western Day". The rodeo club also takes a part in carrying it out.

"Go Western Day" is a relatively new tradition on campus. It is our chance to express school spirit and out do our rivals. Our enthusiasm will demonstrate that we will BEAT THE GRIZZLIES!

Renne Addresses Students On Coming College Events

"The world has become the campus of the land-grant institution." This statement and the way it affects MSC keynoted Dr. Roland R. Renne's address to the students at the annual President's Assembly yesterday.

The purpose of the assembly, according to Dr. Renne, is to report to the student body and to create interest in the operations of the college among the students as well as to inform them of the program for the coming year.

He went on to outline the contributions of land grant colleges during the past 100 years and to point out the direction in which he felt the institutions should move in the next century.

Turning to MSC's budget for the coming biennium, Dr. Renne stated that while he believes that the college was treated fairly, on

the assumption that taxes are not raised, he does not feel that the funds allotted are quite adequate. In a survey of ten land grant colleges in this area, he revealed, it was discovered that we will fall just a little short of our hopes of being able to compete with them on a totally even basis.

One of the next projects to be undertaken by the school is to be the finishing of the language labs on the third floor of Reid Hall.

Also in the wind is the completion of the new Chemistry Building, construction of a dormitory complex to house 1200 students and plans to finish the main study room in the basement of the library.

Dr. Renne also pointed out that the enrollment here, as of November 1, is 4649 compared to 4319 one year ago or an increase of 330, placing us at an all-time high. Women's enrollment this year is approximately 1500 bringing the men to women ratio to the lowest point that it has ever been.

The Editor Speaks

Boots Are 'OK' at Montana State

"Go Western" day is once again upon the campus of MSC. Today will probably be just as it has in the past, some of the best dressed Madison Avenue execs you've ever seen.

This idea of western garb for the day may strike you as ridiculous, but is it more ridiculous than some of the petty contrivances of the Greek houses?

Some of the rituals gone through behind closed doors may seem senseless to that certain type of person who refuses to look beyond the outside appearance, but you

should realize that this is not the case. Silly as this type thing may seem, there is a definite purpose behind it. In the Greek system it is to build the essential esprit de corps which makes the system work.

Let's get behind this tradition and use it for the purpose it is intended. Build up a lot of spirit and the team will defeat the MSU Ballet Team horribly instead of just badly.

Letters to the Editor

School Spirit Exalted; Straight Spirits Taboo

To: Associated Students of MSC

As the fervor and eager anticipation of the forthcoming MSC-MSU football game predominates the campus atmosphere, it seems only proper that we also give some careful thought as to good conduct, good school spirit, and good sportsmanship.

There is, of course, quite a "legend" associated with the "victory train" to Missoula. Let us not allow legend to overshadow what we realize to be the good conduct expected of adults.

School spirit is essential to a healthy campus atmosphere.

School spirit must come from within each of us and we in turn can project school spirit by taking pride in our school, its accomplishments, and by uniting in solid support of our team.

Good sportsmanship is essential to a good name. Of course, we want nothing more than to win Saturday's contest with our "dancing cousins" across the divide. However, should we lose, we must face the loss with dignity and with grim determination to bounce back next year.

I hope you receive this letter not as a blatant order to be ignored, but rather as an appeal to your self-respect and personal dignity. Set an example for the public to praise and MSU to follow.

Let's all really get behind the team and boost the Bobcats to a rousing VICTORY!

Ed Harper
ASMSC President

Language Center Installed; 66 Booths Now Available

By Verna Montgomery

A new \$15,000 Fleetwood Linguag Center, consisting of 30 recording stations has been installed in the unfinished portion of third floor Reid. Installation was completed this summer two days before the German Summer Institute and Peace Corps Training program opened.

Dr. Guenther Schmalz pointed out, that the new recording stations bring to 66 the number of language booths available. In the past 3 years language labs have been held in 36 acoustically tiled booths. Students use earphones to hear tape recordings of foreign languages, then repeat phrases into microphones.

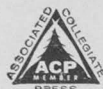

First year students are still using the listening stations. All

second year students are holding classes in the new lab. The student not only listens to tape but his answers to questions and his repeated phrases are recorded, making it easier for teachers to study individual students. The student can also hear his own answers.

Oral testing, drill work, and private practice are facilitated by the new booths. "In the future all final foreign language examinations will consist of two parts—a written part as before and an oral part which will be taken in the new lab," declared Dr. Schmalz.

The booths, listening, and recording devices are completely installed. The ceiling, walls, and partitions still have to be finished. Dr. Schmalz is hopeful of obtaining funds toward completion so "full operation can be assumed for next summer."

The Montana EXPONENT

Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1927. Authorized February 17, 1919. Continuance of Weekly Exponent and Monthly Exponent founded in 1895.

Published every Friday of the college year by the Associated Students of Montana State College, Bozeman, Montana. Subscription rate by mail to any point within the United States and its possessions is \$2 per college year.

MSU Invites Bobcat Fans

A phone call from Stacy Swor of the MSU Special Events Committee, revealed that a Bobcat-Grizzly mixer will be held in the Yellowstone Room of the Lodge tomorrow night. The dance will be from 9-12 p.m. and will cost 50c per couple. They hope to have a good turnout for it and urge all MSC students to attend.

He also stated that MSU's Spurs and Bearpaws will hold a coffee hour for the Spurs and Fangs immediately after the game. The entertaining will take place upstairs in the Lodge.

Bobcat Victory Train Leaves For Grizzly Lair Tomorrow

The "Bobcat" victory special for the Montana State College versus Montana State University football game will leave the Northern Pacific passenger depot at 6 a.m. sharp tomorrow.

The same train will depart from Missoula at 1 a.m. November 11 and will arrive back in Bozeman about 6 a.m.

Round trip tickets are \$10. One-way tickets will not be sold. Included in the price of the ticket is

CAB'S CORNER

By CAB CALLAWAY
"Two bits, four bits, six bits a dollar,

All for the Bobcats stand up and holler."

Yea, team. I thought we escaped that one when we left high school. Been to the games lately? Notice an extreme lack of spirit on your cohorts' part unless the Cats were really running wild on the field? This sure can't be called good but perhaps there is a reason.

Please excuse my existence but this is my fifth year at MSC and the cheers seem to get worse each time around. I just can't get gung ho with these tired sounding reminders kickin' around. Actually, this is to be expected. It's a law that nothing can remain static, everything must be dynamic. This is simply part of the standard degenerative cycle due principally to the lack of initiative shown by the creative individuals on this campus.

You can't blame it on the cheerleaders. I think Marion and her buoyancy distributors do a swingin' job considering what they've got to work with. We ought to feel sorry for the team. Those guys fight their hearts out and

take a terrific bashing, hoy we'll approve and what do come up with? Eeccccchhhh.

I don't see how we can any harder with such crucial this cheering us on. Why then, do we lay the blame? It seem to have ruled out every but the administration and faculty and they're supposed to be party poopers. They get for it. (Whatever happened to Duane Rubadeau and Ken banks?)

We must have a creative flourish or literature class are here somewhere. (I don't think I lost it). Assignment: Come with some wild type cheers for the Bobcats. This is one possible solution. Another is that the ple on the campus who think they have come up with something better than that which now employ write it up and post it here at the EXPONENT. I'll give a dead shot guarantee that everything left here will given consideration by the pe officials (here I go again). Come out of this bit. I started that I could sit back and let some one else go to work.

See everybody in Missoula Corner Cobweb: Buckle Winssocki.

Shoot-out to Take Place; Dance Hall Girls Beware

By JIM GOETZ
We are all aware of the affectionate nickname our friendly rivals from MSU have for our school—that is, "Cow College." And of course we, with still more affection, have our own nickname for them—that is, "Dancing School."

Since today is Western Day, and since our friendly rivals say that we are nothing but cowboys straight from the range, I'm not above giving that "Dancing School" a western nickname such as "The Crystal Palace Dance Hall."

Well, I reckon it's about time to gather up the boys from the range and pay a little call on the Crystal Palace Dance Hall. It's been two years since we've paid a personal visit on the Moonlight Gamblers from the Crystal, but they did stage a little raid over here last year, only to return with their tails between their legs.

This year the slaughter is going to be even worse. We've sharpened up our shootin' irons with some tough battles and this year we've just got the horses.

Of course, what most of us looking for besides victory wine, women and song. I've heard that the dance girls at the Crystal are worth the long trail drive of course, where is there a place to find song and especially wine than at the Crystal Palace.

Out in these parts, we're sure to know what it's like to be for what we get. We feel that we are the hardy breed and that our best life is right here in cowboyland. Here, we don't have to just air (there are already plenty floating around). And, also, we will enjoy for a week-end luxuries and fineries at the Crystal Palace Dance Hall, we always look homeward, to the range, where the skies are cloudy all day.

But right now, it's time to get on that Dead-Wood Stage and enjoy the fight. With that riding shotgun, I'm sure we have nothing to worry about.

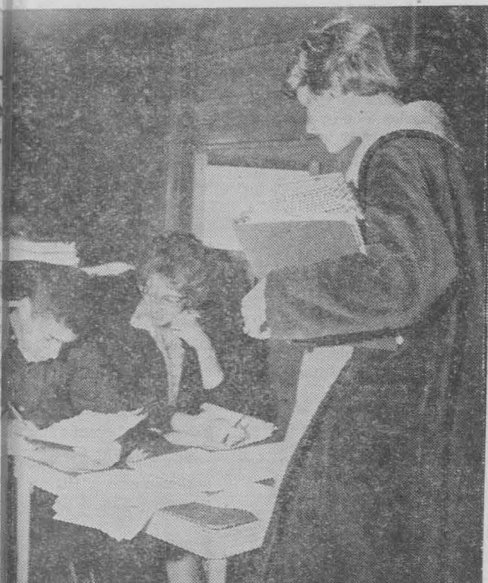

Song And Piano To Be Featured At Joint Recital

Elaine Coombs, soprano, and Joan Cason Steele, pianist, will present a dual-recital Nov. 13 at 8:15 p.m. in the lounge of the Student Union.

Mrs. Coombs is presently a student of George Buckbee, Music Department, Montana State College music instructor and has studied previously at the State College of Iowa.

Mrs. Steele is a pupil of Dr. Payne, assistant professor of music at MSC, and has studied piano in San Francisco, New Orleans, and at the National Institute of Music in Panama.

There will be no charge for the recital.

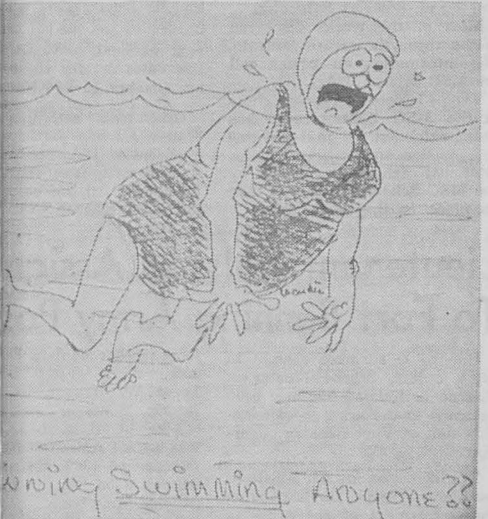

AND NAME, PLEASE. These were the passwords used by us on Wednesday during class elections. —Photo by Stockhill

Class Officers Elected; Voting Turnout Is Poor

General elections held in the last Wednesday were held by close contests by poor voter turnout. More people voted in the primary elections for senior class officers than in the primary elections for senior class officers. Hal Nelson, Sig Nu, Jack Fulton, 79-57, for president; Sandee Quickkeni, over Nancy Benke,

81-58, for secretary; Shirley Sorenson, Pi Phi, over Celia Smith, 80-50, for treasurer; Betsy Ross, AGD, 71, and Jack Cochrane, Sig Nu, 66, elected co-social chairmen, compared to 62 votes each for Sue Seitz and Ken Bodner.

Junior class results are: vice-president, Tom Latourette, SAE, over Bob Langemo, 95-90; secretary, Deanna DeCosse, Chi O,

Benke, Fulton

(Continued from page 1)
our campus newspapers and magazines."

MSC TAKES TOURNEY

Forensics Commissioner, Terry Conrad, reported on the meet which was held in Fort Collins this past weekend. MSC sent 6 representatives and received 5 superior ratings. The close of the meet saw the Laury Eck-Gerry Neely team from MSC one of the 3 undefeated teams.

Idell Weydemeyer and Tina Micken received superior ratings in extemporaneous speech. Eck received a superior in oratory.

This is MSC's second tourney of the year, and the team has come out on top in both of them. L. A. Lawrence, debate coach, stated, "This is the best early season record we've ever had."

ROUNDTABLE SLATED

The quarterly President's Roundtable has been scheduled for November 19 at 7 p.m. All Senate members have been asked to attend, and interested students are also invited.

Harper announced that there will be no Senate meeting November 12, but will be at 5 p.m. on November 19. Senate members are also invited to a luncheon at the MSU Lodge tomorrow at 11:30 a.m.

Deadlines for the following chairmanships are:

- Miss MSC Contest Co-Chairmen Nov. 15, 5 p.m.
- Miss Wool Contest Chairman Nov. 15, 5 p.m.

over Sharon Ziegler, 90-92; treasurer, Sandy Turner, DG, over Doug Ferris, 96-82; co-social chairmen, Kent Norby, Kappa Sig, 95, and Heeln Rein, DG, 87, to win over Gaye Fabian and Ken Meyer with 81 and 79 respectively.

Sophomore class officers are: Dave Hagen, Sig Chi, 169 over Gary Oscarson, 112, for vice-president; Marilyn Gibson, Ind, 152, over Nancy Marler, 140, for secretary; Carol Stevenson, Pi Phi, 158, over Harriet Pipal, 111, for Treasurer; Lynda Bramlette, Pi Phi, 162, and Doug Allan, SAE, 145, elected co-social chairmen over Bob McIntyre, 121, and Connie Thompson, 101.

JOHN McINTOSH, new Freshman Class President is pictured at left, as he is congratulated by friends after the election.—Photo by Stockhill

Freshmen Elect McIntosh In Hotly Contested Race

John McIntosh has defeated Lew Zimmer in the hotly contested Freshman Presidential Election. McIntosh polled 277 votes to Zimmer's highly respectable 271. When the results were announced, McIntosh stated, "I feel pretty good. It was tough, I can tell you that."

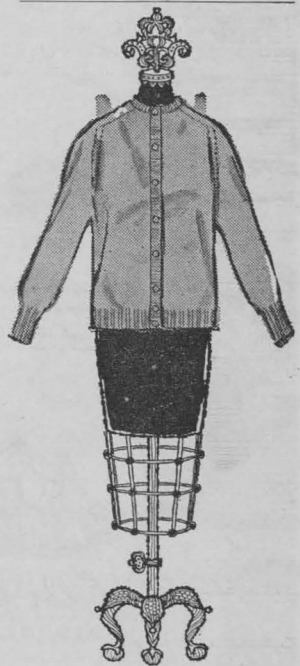

McIntosh, a member of SAE's pledge class, hails from Great Falls. He was vice-president of his senior class and president of the Letterman's Club. Very active in athletics, McIntosh was an All-State football star and the champion Inter-Scholastics high hurdler.

McIntosh stated that he knew the election would be close and seemed relieved that the hard campaign was over. His first duty as class president will be to hold a class meeting where other freshman officers will be nominated.

Zimmer, a Phi Sig pledge, is from Augusta. He was sophomore class vice-president, 4-H president

and FFA president while in high school.

The freshman electorate made a good showing with 548 out of 1200 voting. This is approximately 40 per cent of the class.

Villager Sweater

Another great classic joins Villager: a wool cardigan in the original spirit of the true sweater. Full fashioned, with saddle-shoulder construction... the front ribbed on the outside with grosgrain and buttoned with ocean pearls.

'Moonlight Girl' Candidates Selected

PHI SIG MOONLIGHT GIRL CANDIDATES pictured above left to right are Karen Kirwan, Edie Olsen, Judy Adams, Lana Fredenberg, Peggy Stephens, Judy Lohr, and Mary Ellen Miller. Standing at the extreme right is Marilyn Lyall, 1961-1962 Moonlight Girl.

—Photo by Stockhill

The Phi Sigma Kappa fraternity is presently engaged in choosing one of seven candidates to be their annual Moonlight Girl. Traditionally the Moonlight Girl is announced at the Moonlight Ball, which will be held this year at the Baxter Hotel on November 17. The girl chosen will be the guest of honor at all Phi Sig social functions throughout the year.

The Moonlight Girl candidates this year are Judith Adams, Kappa Delta, sophomore from Laurel majoring in Bacteriology; Lana Fredenberg, Alpha Gamma Delta, sophomore from Whitefish, majoring in Home Economics; Karen Kirwan, Chi Omega, sophomore from Bozeman, majoring in Psychology;

Judy Lohr, Pi Beta Phi, sophomore from Devon, majoring in Secondary Education; Edith Olsen, Independent, sophomore from Absarakee, majoring in Home Economics; Mary Ellen Miller, Alpha Omicron Pi, junior from Bozeman, majoring in Elementary Education; and Peggy Stephens, Delta Gamma, sophomore from Livingston, majoring in General Studies.

Master's Thesis Brings Top Honor

Norman D. Reed, staff member of the MSC Veterinary Research Lab, is being honored by the Kansas State University chapter of Sigma Xi. He is one of the three graduate students selected for this honor on the excellence of their master's theses.

Each year the K-State chapter of Sigma Xi, honorary for the encouragement of scientific research, selects a master's thesis from the field of scientific research that a chapter committee judges to be the best in content and presentation. This is the first year that three awards are being made.

Reed, whose thesis is titled "Density Gradient Studies of Bacteriophage T3", will receive a certificate of merit and \$50 cash award.

Walton Elected By National ISA

Ronald Walton was re-elected 2nd vice-president of National Independent Student Association at its convention weekend. Walton, who hailed from Laurel, led the MSC delegation during the convention at Fort Collins, Colorado.

Walton's major duties will include maintaining contact with the sixty chapters throughout the United States, the formation of new chapters at other universities which have independent groups forming.

The election of Walton to his post came as a fitting climax to the other honors already won

RON WALTON

the MSC delegation, which won 2 trophies and the bid to host the next national convention. The tentative dates set for the convention are October 15 and November 1.

Other major activities of the Walton actively participated in as president of ISA, Student Government steering committee, REW Election Board, and associate editor of the EXPONENT.

Top Prize Art Exhibitions Are Now Being Displayed

Three art exhibitions will be sponsored by the Montana State College School of Art, the MSC Associated Students, and the Bozeman Art Association during November.

Thirty-six prize winning American prints are being displayed in the lobby of the Student Union and on the third floor of Herrick Hall. Executed by professionals in the graphic processes of intaglio, lithography, woodcut and serigraphy, the prints are large and bold, representational and abstract. Included in the display are works by Frascioni, Perterdi, and Chesney. Materials and tools used in the graphic processes are shown in the Student Union lobby area.

The Student Union lounge features an exhibit of about 20 oil paintings by Doris Fogler Broghton, McLeod. Representational in nature, the works reflect the ranching West of today.

Seventy watercolors and prints

by Michael Conkéy, MSC graduate student, are exhibited in the Fireplace Room of Herrick Hall. This is a "pre-thesis graduate exhibit" and includes serigraph and woodcut prints and watercolor paintings. The Fireplace Room is open from 8 a.m. to 5 p.m. Monday through Friday, and 8 a.m. to noon on Saturday.

Most of the works displayed in the three shows are for sale. For information on prices call the MSC School of Art.

The 43-piece ceramics show in the MSC library court has been extended to mid-November. At that time a ceramics invitational exhibit sponsored by the MSC School of Art will take its place in the court area.

Lieutenant Kolstad Assigned To Fort Benning Army Post

Due to a surprise change in army orders, Second Lieutenant Eugene L. Kolstad has now been assigned to the army marksmanship unit at Fort Benning, Georgia.

The diversion in Lt. Kolstad's assignment came directly from the department of the army in Washington, D.C. and in effect, waived the customary 90 day try-out period for team membership.

The 1962 All American Rifle Team member, who was slated to leave for an assignment in West Germany in late October, now

joins another Montana State graduate, Army First Lieutenant Lones W. Wigger, Jr., of Benton, Montana.

Like Lt. Kolstad, Lt. Wigger was an All American Rifle Team member of 1960. He now is number 3 on the five man national army team.

The former "Bobcat" who were teammates in Montana State College and Army ROTC teams, compete as members of their service team in many national and international matches.

Drama Department Announces Casting For 'Adding Machine'

'Adding Machine' is a three act play about Mr. Zero, a man in for his dignity in the age. Play has been cast with Mr. Zero, Bryce Missall; Mrs. At Georing; Daisey, Sue Shrdlu, Lee Woodruff; Charles, Don Jacobs; and Lee Kostka. Members of the cast are Knox, Maret Finley, Rida

Nickerson, Dianne Roth, Pat Grabow, Bev Nye, Dave Swingle, Bob Hambly, Spence Hoff, Ed Thompson, Charles Hobbs, Les Miller, and Chuck Birdeau. The stage manager is John Graesser.

It will be shown December 5, 6, 7, and 8. Curtain time is 8 p.m. This year MSC students will be admitted FREE, and there will be reserved seats.

College to Host Guest Speakers At Dairy Course

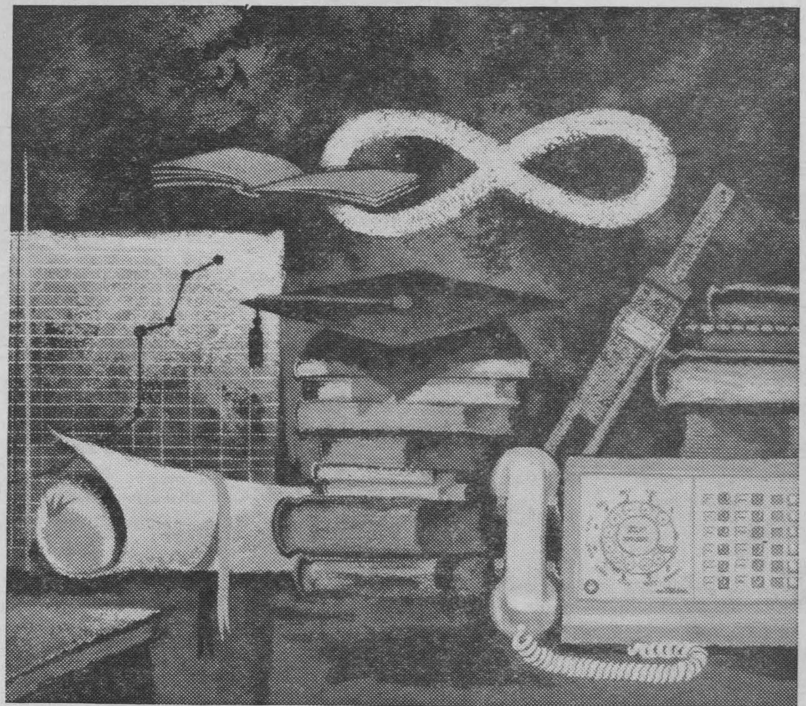

Ray West, assistant membership director of the American Dairy Association, Chicago, and Delen Daigle, nutrition consultant for the Washington State Dairy Council, Spokane will be featured speakers at the 26th Dairy Industry Short Course to be held Nov. 13-15 at MSC.

They will be among several out-of-state guest speakers who will appear on the short course program which will deal with dairy products processing problems and business techniques.

This year the dairy products show, which has been a feature of the short course in the past, will not be held.

"I'M SO GLAD FREDA FINALLY GOT A DATE - SHE SEEMS SO INTERESTED IN BOYS."

Learning never stops for engineers at Western Electric

There's no place at Western Electric for engineers who feel that college diplomas signify the end of their education. However, if a man can meet our quality standards and feels that he is really just beginning to learn... and if he is ready to launch his career where learning is an important part of the job and where graduate-level training on and off the job is encouraged - we want and need him.

At Western Electric, in addition to the normal learning-while-doing, engineers are encouraged to move ahead in their fields by several types of educational programs. Western maintains its own full-time graduate engineering training program, seven formal management courses, and a tuition refund plan for out-of-hours college study.

This learning atmosphere is just one reason why a career at Western Electric is so stimulating. Of equal importance, however, is the nature of the work we do. Our new engineers are taking part in projects that implement the whole art of modern telephony, from high-speed sound transmission and solar cells to electronic telephone offices and computer-controlled production techniques.

Should you join us now, you will be coming

to Western Electric at one of the best times in the company's history. In the management area alone, several thousand supervisory jobs are expected to open up to W.E. people within the next 10 years. And our work of building communications equipment and systems becomes increasingly challenging and important as the communications needs of our nation and the world continue to increase.

Challenging opportunities exist now at Western Electric for electrical, mechanical, industrial, and chemical engineers, as well as physical science, liberal arts, and business majors. All qualified applicants will receive careful consideration for employment without regard to race, creed, color or national origin. For more information about Western Electric, write College Relations, Western Electric Company, Room 6206, 222 Broadway, New York 38, New York. And be sure to arrange for a Western Electric interview when our college representatives visit your campus.

Principal manufacturing locations at Chicago, Ill.; Kearny, N. J.; Baltimore, Md.; Indianapolis, Ind.; Allentown and Laureldale, Pa.; Winston-Salem, N. C.; Buffalo, N. Y.; North Andover, Mass.; Omaha, Neb.; Kansas City, Mo.; Columbus, Ohio; Oklahoma City, Okla.; Engineering Research Center, Princeton, N. J. Teletype Corporation, Skokie, Ill., and Little Rock, Ark. Also Western Electric distribution centers in 33 cities and installation headquarters in 16 cities. General headquarters: 195 Broadway, New York 7, N. Y.

50 Pontiac Tempests FREE!

America's hottest new sports convertible!

LE MANS 

L&M GRAND PRIX 50

Sweepstakes for colleges only

Your chances of winning are 50 times better than if open to the general public

You can win! 50 flashing new '63 Pontiac Tempest Le Mans convertibles are up for grabs! They're easy to win and it's lots of fun! The big sweepstakes is starting now . . . keeps going and growing through the school year. There'll be drawings for 5, 10, then 15 and finally 20 new Tempest convertibles — four exciting laps—50 cars in all! Enter often . . . no limit on the number of entries per person!

Enter now! Here's all you do:

1. Pick up a free official L&M GRAND PRIX 50 entry blank. Look for them where cigarettes are sold—on and about campus. Fill it in.
2. Detach your serialized L&M GRAND PRIX 50 LICENSE PLATE from your entry blank. Save it! Tear off the bottom panels from 5 packs of L&M KING, L&M BOX, CHESTERFIELD KING or CHESTERFIELD REGULAR. Menthol smokers can enter with OASIS, 5 panels, or acceptable substitutes (see entry blank), must accompany each entry. Each entry must be mailed separately.
3. Mail us the panels and your serialized entry blank . . . it matches your license plate. Your serial number may be one of the 50 that wins a '63 Tempest convertible!

Winners' Tempests will include: 3-speed floor shift, bucket seats, deluxe trim and special décor, radio and heater, deluxe wheel discs, windshield washers and white sidewall tires; with delivery, sales tax and registration all pre-paid! And, choice of body, trim and top colors as well as choice of differential gear ratios!

Important: As your entries are received they become eligible for all subsequent drawings. So enter often and enter early—before the drawing for the first five Tempests (right after Thanksgiving). Entries received by Thanksgiving weekend will be eligible in drawings for all 50 Tempests!

Remember: The more entries you submit, the more chances you have to win!

EXCLUSIVE FOR THE GIRLS!

Students Attend Activity Conference

Five students and one faculty member attended the West Coast Conference of The Association of College (Student) Unions held at the University of Oregon Student Union, November 1, 2, and 3. Those attending were P. J. Hill, Commissioner of Student Union, Don Ragland, Senior Member Student Union Board, Sharon Hill, Commissioner of Social Affairs,

Sandee Quickenden, Secretary of ASMSC Ed Fulton and Mr. Roy Lashway, Assistant Director of the MSC Student Union. The trip was financed by the MSC Student Union.

Purpose of this conference, attended by over 250 students representing 50 colleges and universities, was to discuss mutual problems and exchange ideas about the

activities programs of the represented campuses.

As MSC does not have a structured activities program, the main purpose in attending was to gather knowledge as to merits, etc., of activity programs on other campuses.

MSC students attended several different conference sessions dealing with the make up and characteristics of all phases of a planned activities program and left the campus at Eugene feeling that they had learned a great deal about what a well planned student activities program can and should do for students, college and the community. It was generally agreed that such a program could have a definite application to our campus and bears further study and consideration.

An activities program is simply a planned or structured program of "out of classroom" activities with a definite purpose or goal to fill. Activities are planned and carried out by students in the areas of culture education, social, and recreation. The general reason for planning a program of activities is to insure the leisure time of every student can be spent in a worthwhile atmosphere that compliments his main purpose for attending college—to get an education.

Mortar Board Co-eds Attend Fall Convention

By KIRSTEN ANDERSON

The MSC chapter of Mortar Board attended the organization's sectional convention on November 3. The Whitman College chapter of Mortar Board in Walla Walla, Washington was the hostess for the event.

Girls attending from MSC were Guylyn Warren, Betsy Ross, Judy Larson, Celia Smith, Billie Howell and Kirsten Anderson. Topics discussed included: group leadership, individual responsibility, service,

scholarship and education for women. Addresses were given by Frederic Santler, professor of Modern Languages, and Paul Ford, assistant professor of education.

The new advisor for Mortar Board is Dr. J. W. Jutila, assistant professor of Bacteriology at MSC. Other advisors are Mrs. W. G. Walter and Mrs. Kieth Bowen.

The annual Mortar Board Snow Ball will be held on December 8 in the SUB. This is a semi-formal girl-ask-boy dance. A date bureau will be set up for the convenience of the girls on campus. More information regarding this will be available in future EXPONENTS. Music will be by Percy Bronson.

Meeting For Dance Class To Be Held

Interest has been expressed by some students, both men and women, in the development of an extra-curricular creative dance group. In response to this interest, a meeting will take place on Wednesday, Nov. 14th, 7:30 p.m. in room 142 of the Student Union Building.

Miss Christine Webb, instructor in the department of Health and Physical Education, will act as adviser. Two main objectives of such a dance group will be 1) to gain experience in modern dance as a creative art, and 2) to perform for the public. Men may wear tights or sun tans with a T-shirt. Women may wear leotard and tights, or some combination that allows free movement.

Forum Enters Second Year; Applicants To Be Considered

Again, for the second year, university and college students of Montana will have an opportunity to express their opinion on controversial subjects through the facilities of the Treasure State Forum.

Officially the Treasure State Forum is an organization made up of all the universities and colleges in the state of Montana. The group is composed of delegates from each university and college who travel to a central meeting place in the state and "put out" a topic of their choice. There is no restriction on the subject; however the theme is usually volatile enough to arouse the interest of the general public.

In the half-hour discussions broadcast over local radio stations, the Treasure State Forum is able to present student opinions to the home listeners. Last year's broadcasts were carried on radio stations throughout the state. Ultimately the Treasure State Forum hopes to be on TV as well as radio cover-

Topics are chosen from the local groups such as the Montana State College Forum. The MSC Forum is not a debating society but a forum devoted to the give and take of facts and view points by its members.

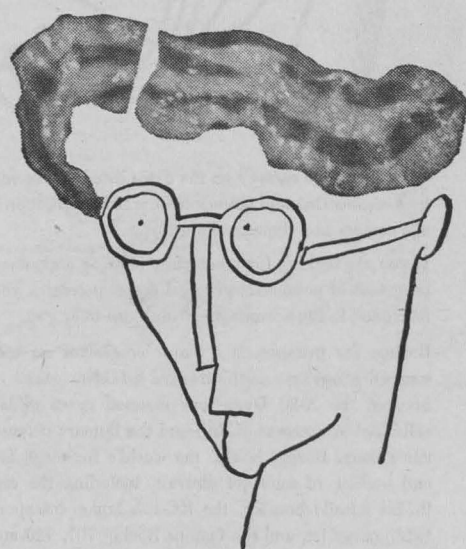

Dr. K. D. Bryson director of the MSC Forum, mentioned that student interest in our local forum warrants a meeting shortly after Thanksgiving. Anyone interested in submitting topics or taking part in the forum, is requested to contact Dr. Bryson in Montana Hall before November 20th. The first discussion will be taped by the Film and TV department after Thanksgiving.

Beef and Sheep Production Schools to Be Held at MSC

New developments from the research front in the fields of beef and sheep production will be given ranchers at two production schools to be held in December at Montana State College.

All interested ranchers are invited to attend one of both schools, says Fred S. Willson, head of the animal science and range management department of the Montana Agricultural Experiment Station.

The dates for the beef production school are December 10 through 13, and those for the sheep production school are December 12 through 14. The day

and a quarter during which the two schools overlap will be devoted to presentations of interest to both groups, Willson said.

A number of out-of-state speakers who are authorities on various phases of beef and sheep production will appear on the program along with MSC research workers.

Information to be presented at the beef school will include current research on factors affecting calf crop, safflower in livestock feeding, comparison of straight bred and cross bred for certain performance and carcass traits, effect of energy levels on reproductive performance of live-

stock, disease problems of cattle and sheep, livestock and management cost studies, and other topics.

At the sheep school the subject matter will include research being conducted at the U.S. Sheep Experiment Station at Dubois, Idaho, wool grading and quality, mutton qualities, traits affecting productivity, and artificial insemination.

In the past the production schools have been popular with ranchers and at the last one held in 1960 more than 250 ranchers from 40 counties attended as well as a number from other states and Canada.

Skydiving Quickly Becomes Popular Among the Students

By DARYLL EVANS

Sky-diving is considered one of the safest of the new sports developed in America in the past few years. The members of the Treasure State Sky Divers claim that the biggest hazard is in driving to and from the airport.

The TSSD was founded on the MSC campus three years ago by Bill Haley. The membership this year is thirty-five parachutists. Each member gets experience in jumping from different altitudes with different type chutes and under different weather conditions. They learn how to pack a chute,

obtain some knowledge of physics and are rewarded with a thrill. The club veterans claim that each jump is an experience of its own that cannot be duplicated by any other sport.

If sky-diving continues to grow it may become a college sport with individual competition for top honors.

BILL HALEY originated the Sky Divers on the MSC campus. There are now about 35 members. —Photo by [unclear]

We're looking forward to meeting you

We'll be on the campus on the dates listed below, ready to give engineering and science seniors information on space-career careers in a dynamic industry.

If you are looking for a company offering assignments on programs of unique interest and career potential, you'll be interested in the advantages Boeing can offer you.

Boeing, for instance, is a major contractor on such advanced programs as the Saturn S-IC first-stage rocket booster, the X-20 Dyna-Soar manned space glider, the solid-fuel Minuteman ICBM, and the Bomarc defense missile system. Boeing is also the world's foremost designer and builder of multi-jet aircraft, including the eight-jet B-52H missile bomber, the KC-135 tanker-transport, the C-135 cargo-jet, and the famous Boeing 707, 720 and 727 jetliners. In addition, Boeing's Vertol Division is one of

America's leading designers and builders of helicopters. Research projects at Boeing are under way in such advanced fields as celestial mechanics, solid state physics, nuclear and plasma physics, flight sciences, space flight and propulsion. Expanding Boeing programs offer exceptional opportunities to holders of B.S., M.S. and Ph.D. degrees in aeronautical, mechanical, civil, electrical-electronic and industrial engineering, and in engineering mechanics, engineering physics as well as in mathematics and physics. At Boeing you'll work in a small group where individual ability and initiative get plenty of visibility. You'll enjoy many other advantages, including an opportunity to take graduate studies at company expense to help you get ahead faster. Drop in to your Placement Office and arrange for an interview. We're looking forward to meeting you!

Sanitarians Hold Officer Election

The Montana Association of Sanitarians elected Don M. [unclear] as their president for the coming year at their annual meeting held Oct. 31 to Nov. 2. The meeting was held in conjunction with the 12th annual Sanitation Training Conference which closed Friday here at MSC.

Also elected to office were Vernon E. Sloulin, Helena, vice-president; William [unclear] Schlager, Helena, as secretary; James Neely, Billings, as treasurer; and Tom Willett, Yellowstone Park, Wyoming, as director. Dave Esmay, Sunburst, was kept as holdover director.

At the yearly banquet, many members of the association attended, Dr. William Walter, professor of biology at MSC, received a special bag in recognition of his election as president of the National Association of Sanitarians.

Mrs. Doris Stalker of Helena spoke at the dinner during the state advertising program's "Five in Sixty-five" program. Mrs. Stalker, a placement assistant director, noted that many surveys have been taken showing that the average stay of a tourist in Montana is 3.8 days and the average amount spent while here is \$9 per day. The purpose of the advertising program is to increase the average stay to five or more days.

Angel Flight Selects Girls

Gleanne Foster, Angel Flight commander, has announced the pledging of fourteen new members. Chosen on the basis of drill coordination, personal appearance and knowledge of the Air Force, the new "Angels" were pledged Oct. 31.

The new members will not be seen in action this quarter, as the Flight will be practicing regulation drills for competition winter quarter in Tucson, Arizona. During winter quarter, they will also be seen at the Bobcat-Grizzly basketball game. Although busy with selection of new "Angels", the group has been active to date. A mixer was co-sponsored with

Filling the ranks of Angel Flight are: Peggy Bell, Joliet; Jo Brickley, Falls Church, Va.; Regina Cullen, Bozeman; Jill Doty, Great Falls; Linda Felix, Billings; Bonnie Flint, Helena; Pat Grabow, Libby; Peggy Hoffman, Glasgow; Kathy Keene, Billings; Sandy Miller, Kalispell; Dina Powell, Billings; Sandy Rose, Bozeman; Jan Simon, Denver, Colo.; and Mary Thibaudeau, Great Falls.

MSC Hosts Water Works Talks

November 14-16 will see Montana State hosting the annual School for Water and Waste Water Works Operators and Managers. The session will begin with registration at 8 a.m., November 14. The first meeting will take place at 9 o'clock in the afternoon.

tion control program of the U. S. Public Health Service, Portland, Ore., will speak on "Land Management for Surface Water Supplies" during the afternoon.

Co-directors of the school are

C. W. Brinck, director of the division of environmental sanitation, Montana State Board of Health, Helena and Dr. E. R. Dodge, head of the department of civil engineering and mechanics at MSC.

In addition to several speakers from the MSC faculty, four out-of-state guests will appear at the program.

Dona King, regional engineer of Hagen Chemicals and Conals, Casper, Wyo., will speak the first afternoon on "Coagulation." At the afternoon session November 15 the topic "Accelerated Public Works Program" will be covered by Newton Grant, loan management officer of community facilities administration, HHFA, Seattle. The next morning, R. R. Langmuir, chief design engineer for the pump and hydraulic division of Fairbanks, Morse and Co., will discuss pumps and pump design. W. E. Bullord, forester of the water supply and pollution

Wool Contest Scheduled Nov. 10

The "Make It Yourself With Wool" contest will be held in the SUB on November 10. It is a national contest sponsored by the Wool Growers' Association. Girls thirteen to twenty-one are eligible and are judged in three different groups: sub-deb, junior, and senior. The garments are all made of 100% wool loom-in-America.

The winners in the junior and senior divisions win expense-paid trips to the state contest. The state winner will travel to Las Vegas for the 1962 finals, and the national prize is a trip to Hawaii plus trips to California and other centers.

The style show will be at 3 p.m. on Saturday, and the public is invited. Girls from five counties will model the garments they made. At 4 p.m. there will be a tea and presentation of awards. Last year's winner was Dorothy Spain.

International Club to Present Special Indian Night Program

"Indian Night" will be the title of the International Club program, this evening. The India theme will be presented at 7:30 p.m. in the SUB Ballroom.

The entire program for the evening has been prepared by the Indian students of MSC. Events will include dances, songs, films and slides of India.

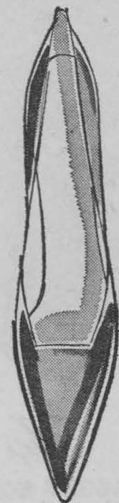

Highlights of the evening are: (1) the "Fate" dance, performed by the staff of Saunder's Dance Studio; (2) the Bhangda Dance, typical folk dance of Indian farmers before harvest season; (3) the Garba Dance of Western India; (4) a fashion parade of Indian costumes; (5) the national anthems of India and the U.S.A.; (6) three documentary film presentations entitled "The Kashmir", "The Bharath-Natyam" and "The Tour of South India".

This evening on India is the first of several presentations featuring the different nationalities on campus. These programs are designed to aid in educating interested students about different countries contributing members to the MSC student body.

Bill Sarkis, International Club

President, stressed that the public is invited and there is no admission charge.

Cross Country Team Journeys to Missoula For Triangular Meet

The Montana State College cross-country team will compete with runners from Idaho State College and Montana University Saturday at the University golf course in Missoula. The race will cover three miles.

Coach Ralph Steben plans to take a six or seven-man team to Missoula, headed by Bill Paterson, Mike Stark and Fred Martin. Steben says there will be competition for the balance of the squad among Bob Landes, Art Hecker, Daryl DeFrance, Tom Chaffin and Bruce Weydemeyer.

Idaho State is favored in Saturday's meet. The Bengals defeated Montana State, 23-32 (low score wins), while MSC defeated the University runners, 23-32.

Last week, Bobcat runners placed fourth in an Intermountain cross country meet at Salt Lake City. The meet was won by Brigham Young, Idaho State was

second and Utah third. Other teams in the meet were Utah State and Weber College.

Paterson, a junior from Billings, placed third among 45 runners at Salt Lake City and Stark, a freshman from Polson, was 10th.

"It's our policy to attend as many of these meets as possible," Steben said. "We think competing against teams such as BYU and Utah will help our runners."

INTERCEPTIONS

The alert Bobcat defense has intercepted 11 passes this season. The Cats have returned the thefts 186 yards for an average of 16.9 yards per interception. The defense has also recovered 13 of the oppositions' fumbles.

BOBCAT CROSS COUNTRY SQUAD will run in a triangular meet in Missoula Saturday. The other teams entered are MSU and Idaho State. The members of the squad are left to right: Paterson, Mike Stark, Fred Martin, Art Hecker, Bruce Weydemeyer, and Bob Landes. Coach Steben, now in his second year at MSC is shown in the insert. The team placed fourth at Salt Lake last week.

Bobkittens Wind Up Season With Thrilling 42-7 Victory

The Bobkittens racked up 138 yards rushing and 53 yards passing last Friday in downing Northwest Community College 42-7.

The speedy Frosh backs took advantage of the big holes opened by the line to crash for a 14-0 first quarter lead.

Starting the scoring in the lopsided tilt was Dale Jackson with a 75-yard punt return. He scored minutes later from the seven after a 60-yard drive on a fine team effort.

Bodenheimer converted on both TD's.

End Bob Willett snared a fumble on the Trapper 26 with 9:54 left in the half to set up the next score. Bodenheimer smashed across from the seven for the third MSC score and kicked the PAT. The score at the half was 21-0.

Six plays after the second half had started, the Kittens clear-thinking quarterback Ray Foley

rushed across from the 21 for the first score of the second half. Jackson converted.

The Bobkittens took advantage of a miscue on a punt and Dennis Hoyem ran six yards for the future Bobcats fifth touchdown of the day. Bodenheimer again converted and the score stood 35-0 at the end of three periods.

Powell scored its lone touchdown early in the fourth quarter on a one-yard run by fullback Ken Killian. A Montana State fumble on the 12 was instrumental in NCC's only score.

The Bobkittens scored their alst

TD on a 9-yard pass played by Foley to Jackson with about 10 minutes remaining on the clock. Bodenheimer kicked his fifth conversion to end the scoring.

Bodenheimer, Jackson, and Loendorf did a fine job in the backfield for the Kittens. Bodenheimer showed some sparkling running back of a bang-up job by the

Head Frosh Coach George inkovich had this to say of the 2-1 record posted by the Kittens. "The coaching staff pleased as a whole with the season. I think we have a lot to look forward to next year's varsity.

Bobcats-Grizzlies Meet For Title

(Continued from page 1)
Coach Agocs was pleased with the performance of the Cats in Saturday's game. "Our defense was far tougher than it was against Wichita," Agocs said. "We had good pursuit, which we lacked against the Shockers."

Cat lineman Fred Turner stated, "The Grizzlies think our line is weak, although both are about the same size. The group with the most determination will come out on top."

The Bobcats rely about equally on passing and running, while the Grizzlies count heavily on the strong running of senior halfbacks Terry Dillon and Pat Dodson and senior fullback Ron Werba. Dillon is rated 9th in the nation in rushing this year.

After facing the toughest sched-

ule in post-war years, the Bobcats have a 6-2 record, while the Grizzlies go into Saturday's game with a 3-4 mark.

Agocs plans no changes in the starting lineup. Ends will be Cords and Gordie Schlabs; center, Joe Tiller and Fred Haverd; guards, John Munk and Jim Ross; center, Cliff Haverd; fullback, Bill Mulcahy; halfback, Russ Powers and Will Fennell; fullback, Bucky May.

Fennell, who has been hurt by a hip bruise in the last two games, ran well Saturday in May, after an early injury kept him back to play his best game in a year.

The Cats' alternate unit, composed of ends, Arch Warren, Jim Ratchey; tackles, Cliff Rier and Will Weaver; guards, Tom Monterossi and Tom center, Dick Hueth; quarbacks, Ken Christison; halfbacks, Springer and Terry M fullback, Leon Hartman.

The Grizzlies, who weigh the same as the Bobcats, start ends Bill Bouche and Pomaievich; tackles, Schwertfeger and Fred guards, Brent Russel and Luchau; center, Tom quarterback, Gary Jenkins backs, Terry Dillon and son; and fullback, Ron

Should Montana State Join A Conference?

Montana State College is contemplating joining the proposed conference of six North-western schools.

The schools mentioned in this conference are MSC, MSU, Idaho State, Idaho University, Gonzaga University, and Weber College. They are independents at the present time.

Athletic directors and representatives of these six colleges met several weeks ago. All that is left to complete the loop is the ratification by the administrations, which is expected early in January.

Will this conference benefit the teams and the school as a whole?

At present, MSC plays all of the proposed schools in football with the exception of Weber and Gonzaga; the latter does not participate in football competition. The Bobcat basketball team competes this season against all except Weber.

If the conference were in operation this year, Saturday's game with the University would be for the league title. Both the team and MSU have defeated ISC this year; the University also holds a victory against Weber.

It would seem that the proposed conference would not affect the Bobcat's schedule too much. The teams will still play a strong group of independents.

The conference would give the Cats more prestige to become champions, and they undoubtedly receive more publicity.

The writer only hopes that the plans include certain provisions in the Rocky Mountain conference, which is now dissolved and which the Cats were a member of, MSC ran into problems.

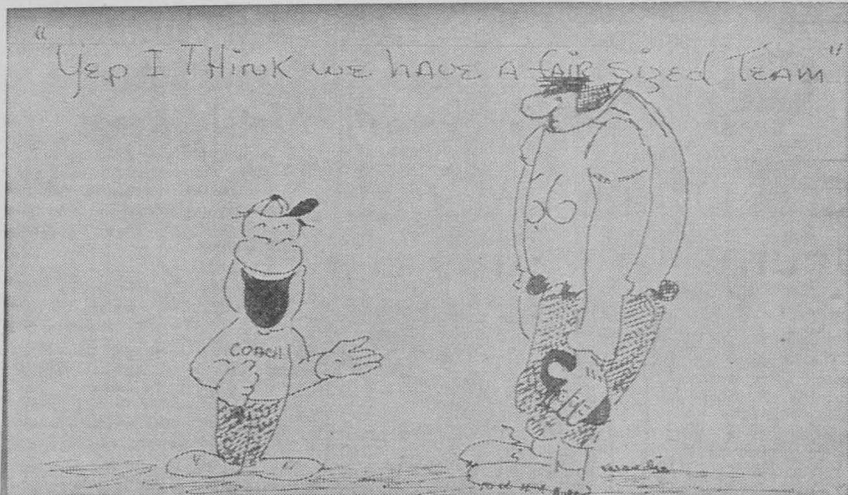

In 1956, the undefeated Bobcats

were invited to the Aluminum Bowl, but by RMC rules, they could not attend. MSC promptly withdrew from the league and attended the bowl game, which was played to a 0-0 tie.

I only hope that before MSC accepts the proposed conference, they will examine it thoroughly, insisting on policies which will prevent misfortunes of the 1956 variety.

If properly organized, this loop could be a big boost to the school. But I strenuously object to our joining if it is to be a repeat of our past association.

—Bill Walter

Get Lucky Play "Crazy Questions"

(Based on the hilarious book "The Question Man.")

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:

First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded \$25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a \$25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to 1/2), clarity and freshness (up to 1/2) and appropriateness (up to 1/2), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

Bill Nelson announced that the coming tourney will be held this month.

"OH I KNOW SHE IS PRETTY DULL AN' STUPID - YET THERE'S SOMETHING LIKABLE ABOUT HER!"

Ken Christison Leads Bobcats' Total Offense

Ken Christison, Montana State College quarterback, passed for 95 yards against North Dakota Saturday to increase his total offense mark to 704 yards after eight games.

Christison has passed for 689 yards and six touchdowns and gained 15 yards rushing. He has completed 44 of 87 attempts.

Senior quarterback Bill Mulcahy is second in total offense with 512 yards. Mulcahy has passed for 485 yards and picked up 27 yards rushing. He has hit on 38 of 65 passes.

Junior end Archie Warwick has taken over the lead in pass receiving with 205 yards on 12 receptions. Halfback Russ Powers is runnerup with 203 yards on 12 receptions. Powers has caught four touchdown passes.

Jim Ratchye is the club's No. 3 pass receiver with 176 yards on 12 catches and Will Fennal has caught 10 passes for 114 yards to hold down the fourth spot.

Powers leads the club in scoring with 38 points and in rushing with 308 yards on 57 attempts for a 5.4 average. He also leads the team in kickoff returns with 257 yards on nine runbacks.

Halfback Terry Mero is the club's second leading rusher with 186 yards on 37 carries for a 4.8 average. Fullback Leon Hartman holds down the No. 3 spot with 162 yards on 43 attempts for a 3.8 average.

CAT CHAT

By BILL WALTER

BEAT THE GRIZZLIES! This theme has been prevalent on the MSC campus for the past several weeks. For the team, this is the game which they must win, regardless of the success of the rest of the season. For the band and the cheerleaders, it's a chance to outperform their counterparts from "over the hill." Finally, most of the students regard this event as the chance for one of the big parties of the year.

CATS SHOULD HAVE HOME FIELD ADVANTAGE

IMPORTANCE SHOULD BE PLACED on the combined effort required of the entire MSC student body. It seems that the school spirit at our sister institution leaves something to be desired. By this token, exceptional effort on the part of all Bobcat boosters could turn Dornblaser Field into an MSC haven. This is one of the best ways in which we can show the state of Montana which institution is number one. It would seem that each student could devote a part of this big weekend to the advancement and glorification of MSC. Support the Cats in their quest of victory since in the last seven years.

* * * *

IT IS HOPED THAT MOST STUDENTS will feel a small sense of loyalty toward MSC. I realize that there are numerous members of our student body who feel that they know nothing about football and this tends to make a game boring to them. Very few people attend an athletic event who are familiar with all of the finer points of the game. But I would wager that there are in excess of 4400 students on this campus who would know a touchdown if they saw one.

* * * *

CONGRATULATIONS ARE IN ORDER for the football gridders for the fine way they ended their season last week. By posting a 42-7 win over NWCC, they concluded the season with a fine 2-1 mark, including a win over the Montana Cubs. Hats off to the Bobcats of the future.

* * * *

CROSS COUNTRY RUNNING is one of the most grueling sports on the college campus today. There are no crowds or bands. But these men keep right on running, doing their part for the school. The MSC squad has been doing very well this fall and I would like to take this opportunity to congratulate them for staying with it and doing so well. Recognize these men when you see them on campus. They compete in intercollegiate athletics on the same scale as the rest of the teams do.

Bobcats Close Home Stand With Tough Win Over NDU

BRUCE WHITHORN
Montana State College scored 21 during 2 minutes early in the third quarter to beat the city of North Dakota in the last home game of the season.

Monday's attendance of 4700 made Bobcats a record of 10 wins for the four home games. The Cats' record at home this year was 3-1. Their present record is 6 victories and 2 losses.

At 3-0 at the start of the first half, MSC quarterback Bill Fennel punted to the NDU 16. On the second play Sioux halfback Stevens fumbled. Guard Ross recovered for the NDU and the Sioux 20.

Halfback Bucky May drove 10 yards up the middle, and on the next play halfback Will Fennel was standing up for the score. Coach sent Fennel in for the NDU on for an 8-3 lead by the end of the first half.

Quarterback Neppel returned fullback Hartman's kick-off to the NDU 30. On the next play Mulder intercepted a Gene Murphy pass at the Cats' 35-yard line and sent him the sidelines to the NDU 5 before being brought down.

Halfback Russ Powers got to the NDU 10 and was followed by a touch-down by May. Powers ran a conversion to give MSC a 10-3 lead.

On the next play the teams made no serious attempt to get inside each other's 10-yard line.

Sioux received to start the second half and were forced to punt. The NDU punt was taken on the NDU 22. The Cats then marched to a first-and-10 situation on the NDU 30. A five-yard penalty and a fumble in the MSC backfield gave NDU the football. North Dakota drove to MSC's 10-yard line before being stopped. On a fourth-down situation, Sioux elected to attempt a field goal.

Hebert kicked the field goal in less than 2 minutes left in the first quarter to give NDU a 10-10 tie which held up until the end of the quarter.

In the second quarter the NDU moved deep into Sioux territory until a penalty helped drive the NDU back.

At the end of the first half, NDU kicker Fred Turner attempted a 35-yard field goal when the NDU was faced with a fourth-

and-11 situation. It fell short to end Bobcat scoring chances in the first half.

North Dakota outrushed MSC 212 to 142 yards. The Bobcat quarterbacks outpassed the Sioux 108-106 yards. May was MSC's top ground gainer with 37 yards on 8 tries. Hartman gained 27 yards on 8 attempts. Halfback Terry Mero gained 23 yards to top the Bobcats.

Sophomore tackle Bob Hampton and junior guard Tom Wing did stand-out jobs in the line for Montana State.

This was the final home game

for the Bobcats' eleven seniors.

When questioned about Saturday's game, junior tackle Gene Carlson stated, "The Bobcats played adequately, but not up to their full capability. Mental mistakes compose the biggest mistakes. As a unit, the 1962 Bobcats are the best team I have seen in three years at MSC."

Statistics	MSC	ND
First downs	13	12
Rushing yardage	142	212
Passing yardage	108	106
Passes	7-19	6-12
Passes intercepted by	1	0
Punts	6-48	4-39
Fumbles lost	1	1
Yards penalized	35	15

THE MSC KEGLERS MEET MSU Saturday morning as part of the pre-game activities. The match, to be held in Missoula, will be the first meeting between the two teams this year. Members of the team are, back row, left to right: Maury Edwards, Gary Keiser, Leroy Christenson, and Gene Leach. Front row: Keith Colbo, Gary Gunderson, and Bruce Pacot. —Photo by Levenson

"The Goldfish Bowl"

By KIRSTEN ANDERSON

Tomorrow is the big day! The train will be departing at the crack of dawn, and those of us that have already experienced that trip will be taking refuge in the less hazardous highway journey. Remember that your conduct in Missoula will represent that of the entire school. It only takes a few bad examples to discredit the entire MSC population. We're making the trip to Missoula to watch the Bobcats trounce our traditional rivals (not enemies)—on the football field—so don't be sidetracked by other attractions. Attend the game and show your spirit (not spirits).

WHO'S WHOSE

And another Delta Sig pin bit the dust! Bob Wardrip is now pinned to Pat Peterson.

Dave Sletta has announced to his SAE brothers that he is engaged to Sandi Fenton, Great Falls.

WHO'S WHO

The AGR's have two new pledges, Dale Keil and Bill Balsam.

Delta Sig Pledge Class Officers are Bob Summers, President; John Ockomon, Secretary; and Ken Kenney, Social Chairman.

Finstad-Platz WUS Heads

By MARY LOUISE GOO

The World University Service is an organization originally formed to make money to help educate people in foreign, non-Communist countries. Its function is to build schools, finance research, and support universities. One example of the spending of the WUS funds resulted in ten African students receiving degrees as medical doctors. They were the first doctors in Africa who were actual natives of the country.

Almost all colleges throughout the United States participate in this organization and send their contributions abroad. Some of the various fund raising activities include mixers, door to door drives, ugly man contests, flag pole sitting, and fraternity competition.

Co-chairmen for this year's drive, Donna Finstad and Gary Prah, were selected Monday night by the Student Senate.

Leon Powell and Marc Higdon are now wearing the Delta Sig pledge pin.

Mike Nash and Norm Klinker are new Phi Sig pledges.

SAE Pledge Class Officers are Phil Newhall, President; Dave Anderson, Vice President; Charlie Pearson, Secretary; Greg Jones, Treasurer; Bill Koon, Sergeant-at-Arms; Jay Fish, Social Chairman; and Bob Hoffman, Song Leader. New SAE Pledges are Chuck Garretson and Dick Zadick.

Ed Green, an agronomy major from Chester, Montana was elected President of Fangs for the coming year. Green is Treasurer of Phi Eta Sigma scholastic honorary, and a member of Sigma Nu fraternity. Other officers include: Butch Bodley, Vice President; Jim Hill, Secretary; Bob Twedt, Treasurer; and Don McCormick, Traditions Officer.

Dear Kirsten:

My problem is that I have too many girl friends and I am only interested in one of them. How do I stop seeing the other girls without making them mad at me?
Bewildered Love Life

Dear BLL:

I can offer two solutions. First, pick the girl that will best compliment you. If you're dark pick the blonde; if you're shy pick the one who brings out your personality and if you're dumb pick the one who is dumber (so she'll make you appear intelligent). Second, buy enough pins for all of them and hope they don't find out. In other words, why make only one woman happy when you can make them all happy.

Kirsten

Administrators Hold Eleventh Annual Confab

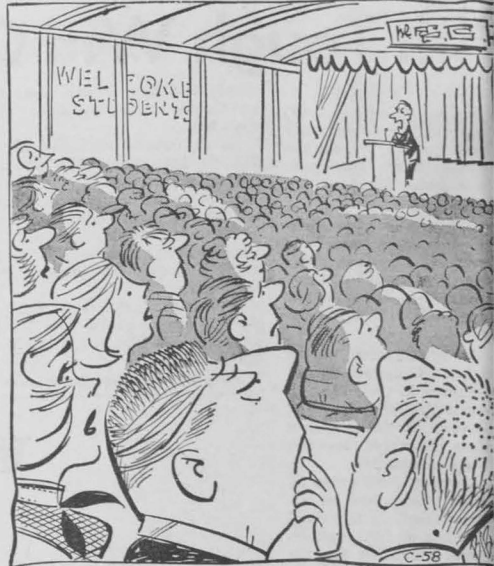

The Administrators' Conference on Improvement of Teacher Training was held Nov. 2-3 on the MSC campus. This meeting was the eleventh annual gathering of the heads of the sixty-three student teaching centers throughout the state.

Dr. Milford Franks, professor of education, stressed the importance of these annual meetings since nearly one-half of the student educator's methods training takes place in the schools. It is necessary for the training center and campus to be in accord in policy and methods.

The program planned by members of the coordination committee dealt with the problems between the academic presentation of teaching and the actual experience of practice teaching. MSC students, educators and administrators took part in panels and discussions concerning improvement of the program.

this, but please, please, please please turn your society news in at the main desk in the SUB by 10:00 on Wednesdays if you want it to appear in the EXPONENT.

LITTLE MAN ON CAMPUS

"PROBABLY THE BIGGEST PROBLEM FACING YOU YOUNG STUDENTS IN COLLEGE TO-DAY IS: WHERE TO FIND A PARKING PLACE FOR YOUR CARE!"

Junior-Senior Banquet Set

A regular meeting of MSC-AWS was held Monday, November 5. President Betty Bruckner encouraged co-operation of all girls on campus to make the programs planned by AWS a success.

Plans are being made by a committee on standards to set good standards on the campus. Connie Koski and Susan Stordahl are serving as co-chairman of this committee and have the help of

representatives of each of the women's living groups.

The annual AWS budget was presented and accepted. The budget may be obtained from any officer or committee head of AWS.

The Junior-Senior Banquet has been set for February 20 p.m. The guest speaker Mrs. Leo Bartski.

The next meeting will be November 19 in room 317 Student Union.
