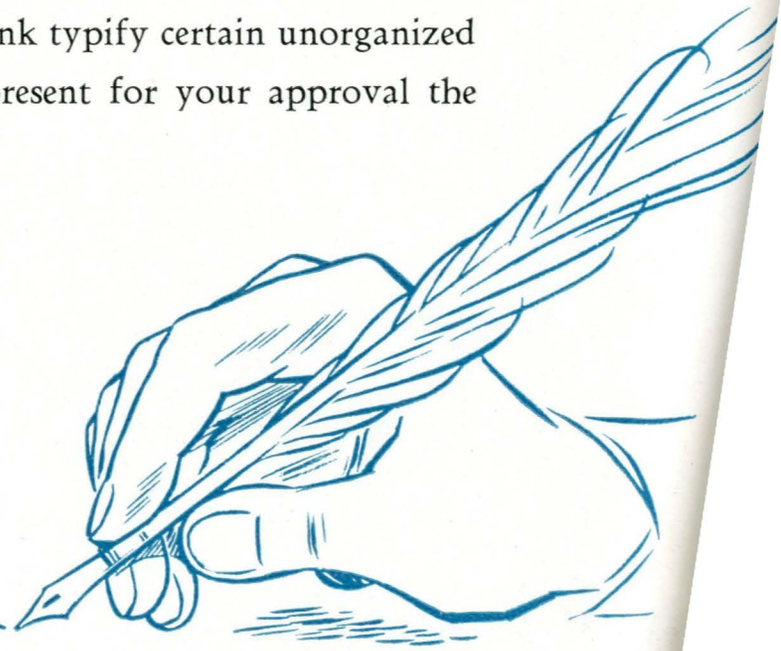
THE GYMNASIUM

Foreword

WE have based the thought of this book on the so called "man behind the scenes." We pride our college on having plenty of hard working, straight shooting men and women. Therefore space will not allow us to portray all of these people. Many of them get continual recognition throughout the year. Others, however, work on without recognition. For the unheralded students of Montana State College this Montanan has a place. You may have a different opinion of who the individuals should be, but the staff has picked people who we think typify certain unorganized groups of students. So we present for your approval the college unsung revue.

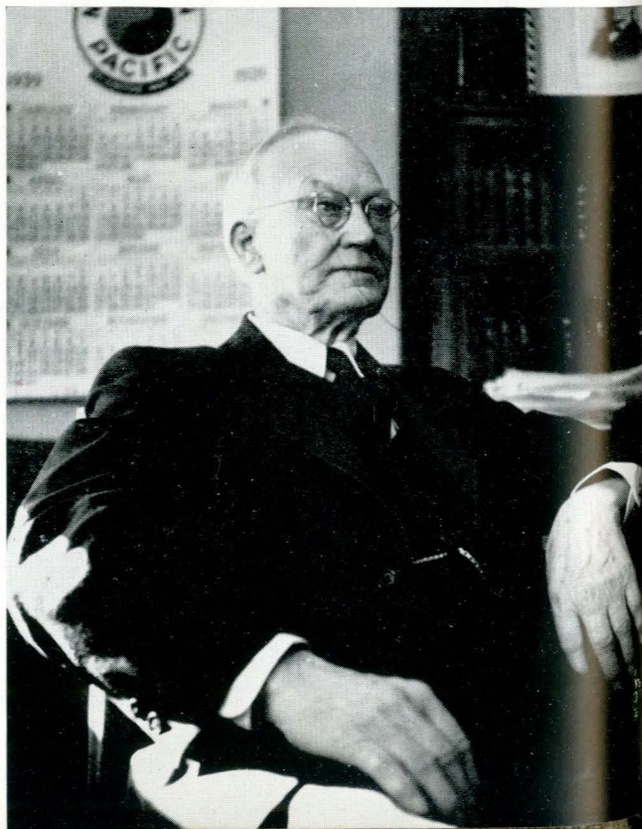


The Staff

Campus life combines some work and some play. The lure of a soft lawn, a cool breeze and a pool all under the shade of a leafy maple. M-m-m-m, you just can't resist it, even if you try.

Dedication

Dr. James McClelland Hamilton was a student and teacher of the old school; a school where the youth studied for the love of learning, and where knowledge was looked upon as the divine step that leads to God. Dr. Hamilton gave more than a half century of his life to Montana education, and thirty-six years to Montana State College. He saw life as an opportunity and a duty. He had for his students a kind and illuminating spirit; they gave back to him good will and a love for the work he gave. He loved to work on the technique of life abundant, and he never stopped until he had delved deeply into its problems. Dr. Hamilton clung to his ideals and was never led astray by wealth, position or passing reward for his work. President Strand paid Dr. Hamilton the finest tribute we have ever heard when he said, "To few men is there given life so full, so complete, or I believe, so happy."



The Staff

An important part of education was, and always will be, carried on under the trees that fringe Hamilton Hall.

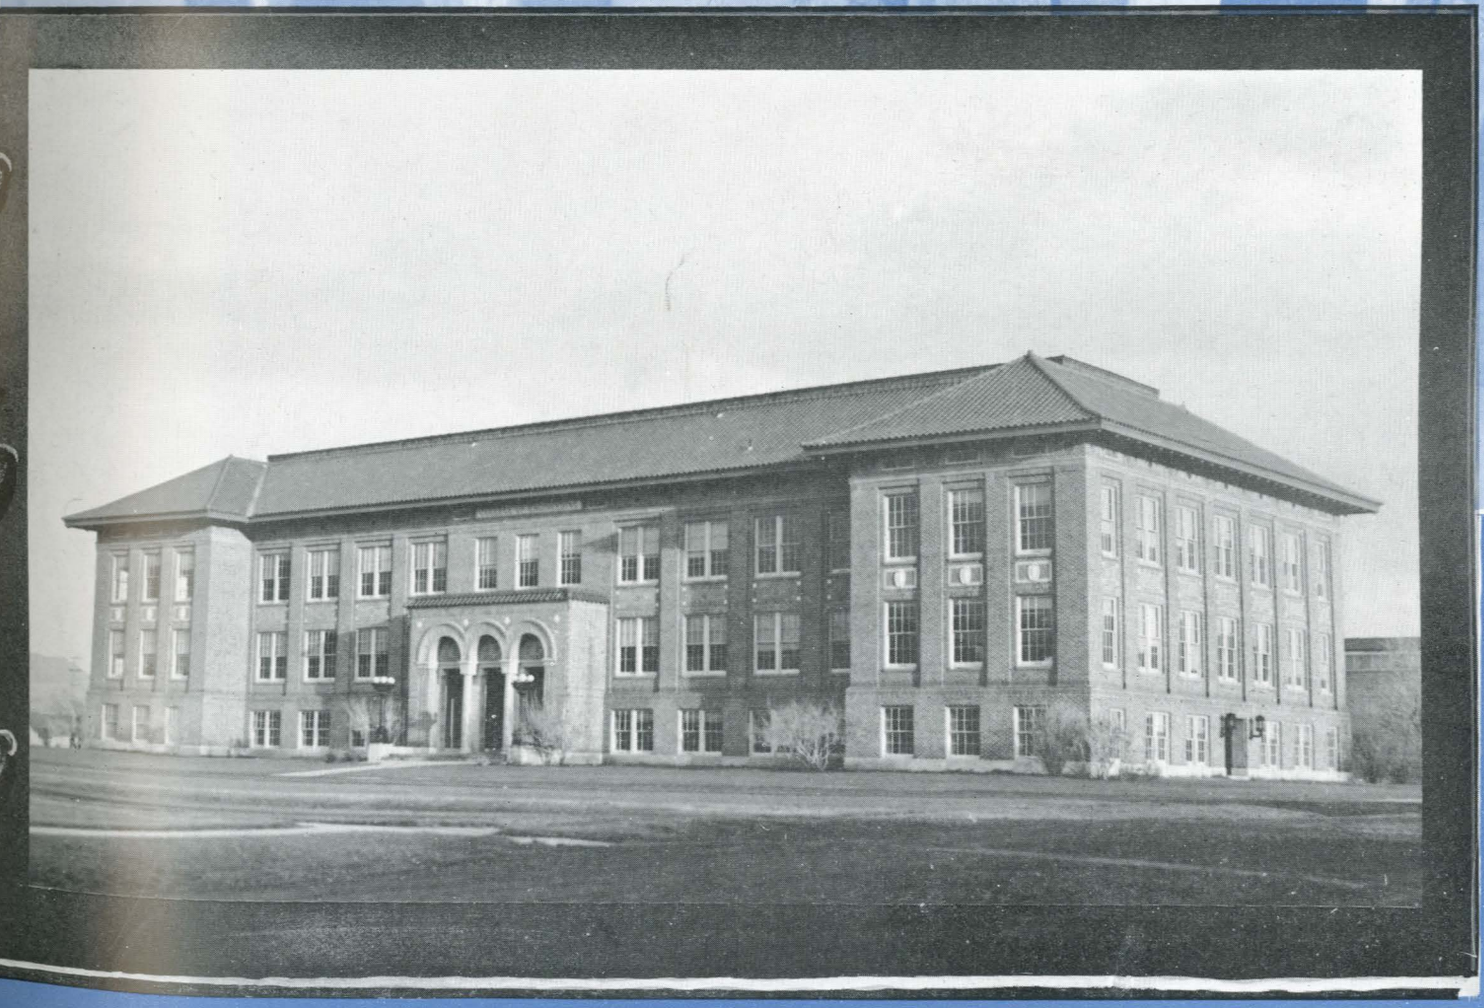
STUDENT UNION

College is a rare combination of youth and age, of activity and reminiscence. If you stripped it of its streamlined flavor, shining buildings and youthful associations it would be quite barren.

And so the college year rolls by — students desert the campus in June only to return in September with new associations and bubbling over with new ideas and ambitions. Others of our midst will not return as students, but when we do come back, our campus will have for us a story of college life which she will recall to us each time, whether it be tomorrow or after many wandering years.

Administration

These men typify a group of faculty who are not often well known on the campus because their pictures do not appear in the papers as heads of departments or as administrators of our school. Yet they are the type of men who will die in their lab. coats. They are interested in extra-curricular activity and hold as their prime ideal the education of the student. These buildings mean more to the coed than just administration. They mean college life in its fullest.



Student Senate . . . The "string pullers" of activities . . . Every member governs a branch of student activity . . . and every one of them is a man sized job . . . Routine duties . . . assemblies . . . apportionment of funds . . . and a thousand little things which concern the well being of the college . . . Membership includes everything from yell king to the president of the student body . . . Some voting . . . some ex-officio . . . but all working . . .

Student Administration

President of the Associated Students of Montana State College . . . Hugo Eck . . . President of the Associated Women Students . . . Nat McDermott . . . Both have more responsibility than the average college student should be made to handle . . . and both have gotten everything done. The background picture is of special interest because it is of the first dance in the Student Union Building . . . The Freshmen mixer.

They

COMMISSIONERS . . . Without Commission . . . The voting members of the Senate . . . The heads for student athletics, publications, forensics, etc. . . . They may go along for weeks with their regular duties without even being noticed . . . but when some problem comes up it is they who have to go into action and settle it for good . . . This year's largest task was the reapportioning of the student activity fee . . . to set up a depreciation fund for the Student Union building . . . Almost every activity took a cut in funds, so the commissioners will have a larger job next year than they have ever had before . . . Next year's big problem is another drive for new buildings on the campus . . .

Committees

1—SOCIAL COMMITTEE . . .

A very democratic representative group . . . Five faculty members chosen by Associated Student Prexy . . . The student members . . . by Dr. Strand . . . Arrange social dates for sorority and fraternity affairs . . . make rules . . . all in all take care of the social life of the campus.

2—STUDENT UNION COUNCIL . . .

Another representative body . . . arrange meeting places for faculty and students . . . a place for administrative work . . . The main thought behind their action . . . To strengthen friendship . . . to develop college spirit.

3—ENGINEERING COUNCIL . . .

A governing group . . . from all the various Engineering departments . . . Coordinate activities of the separate groups . . . Are the main spring behind important engineering duties, as . . . The Montana Engineer . . . run election of the outstanding graduating Engineer . . . serious . . . hard work . . . More pleasure loving duties . . . Sponsoring the Engineers Fun Night.

4—ASSOCIATED WOMEN STUDENTS . . .

Lead the women students of the campus . . . and fine leading it is . . . what with Nat McDermott holding the baton . . . arranging and executing their affairs . . . Generally make Womens Day plans . . . They choose the annual A.W.S. gift to the college.

5—THE GRIPE COMMITTEE . . .

Composed of faculty and students . . . All complaints of the campus from varied sources on numerous subjects come to their attention . . . all have broad shoulders . . . a sense of humor . . . do an unpleasant job . . . well.

DEAN CLYDE McKEE

Division of Agriculture

Headed by Dean Clyde McKee . . . Montana State College's youngest division dean . . . and yet, Agriculture is the oldest division . . . coincidental . . . The men who take the agriculture course get one of the broadest curriculums that is offered . . . Graduates of this division can be found in almost any field . . . Economics majors, especially . . . This division ranges from the Veterinary building, on the extreme south side of the campus to the Agriculture Engineering building on the other side of the campus . . . They take everything from Animal Industry to Accounting . . . and it all works out very well.

DEAN W. M. COBLEIGH

Division of Engineering

The Engineering Division, one of the foremost departments of the college . . . gives an exciting, extensive and technical type of training to those who wish to enter the tremendous field of industry . . . Dean of Engineering, William M. Cobleigh, handles the administrative end of the College of Engineering, having done so since 1929 . . . Yet never too busy to take a moment for a personal chat with an interested student . . . His particular realm is within one of the most beautiful buildings adorning the campus . . . that of Roberts Hall . . . Courses in this field of Engineering Science are varied . . . architectural, chemical, civil, electric, industrial, mechanical, and engineering physics.

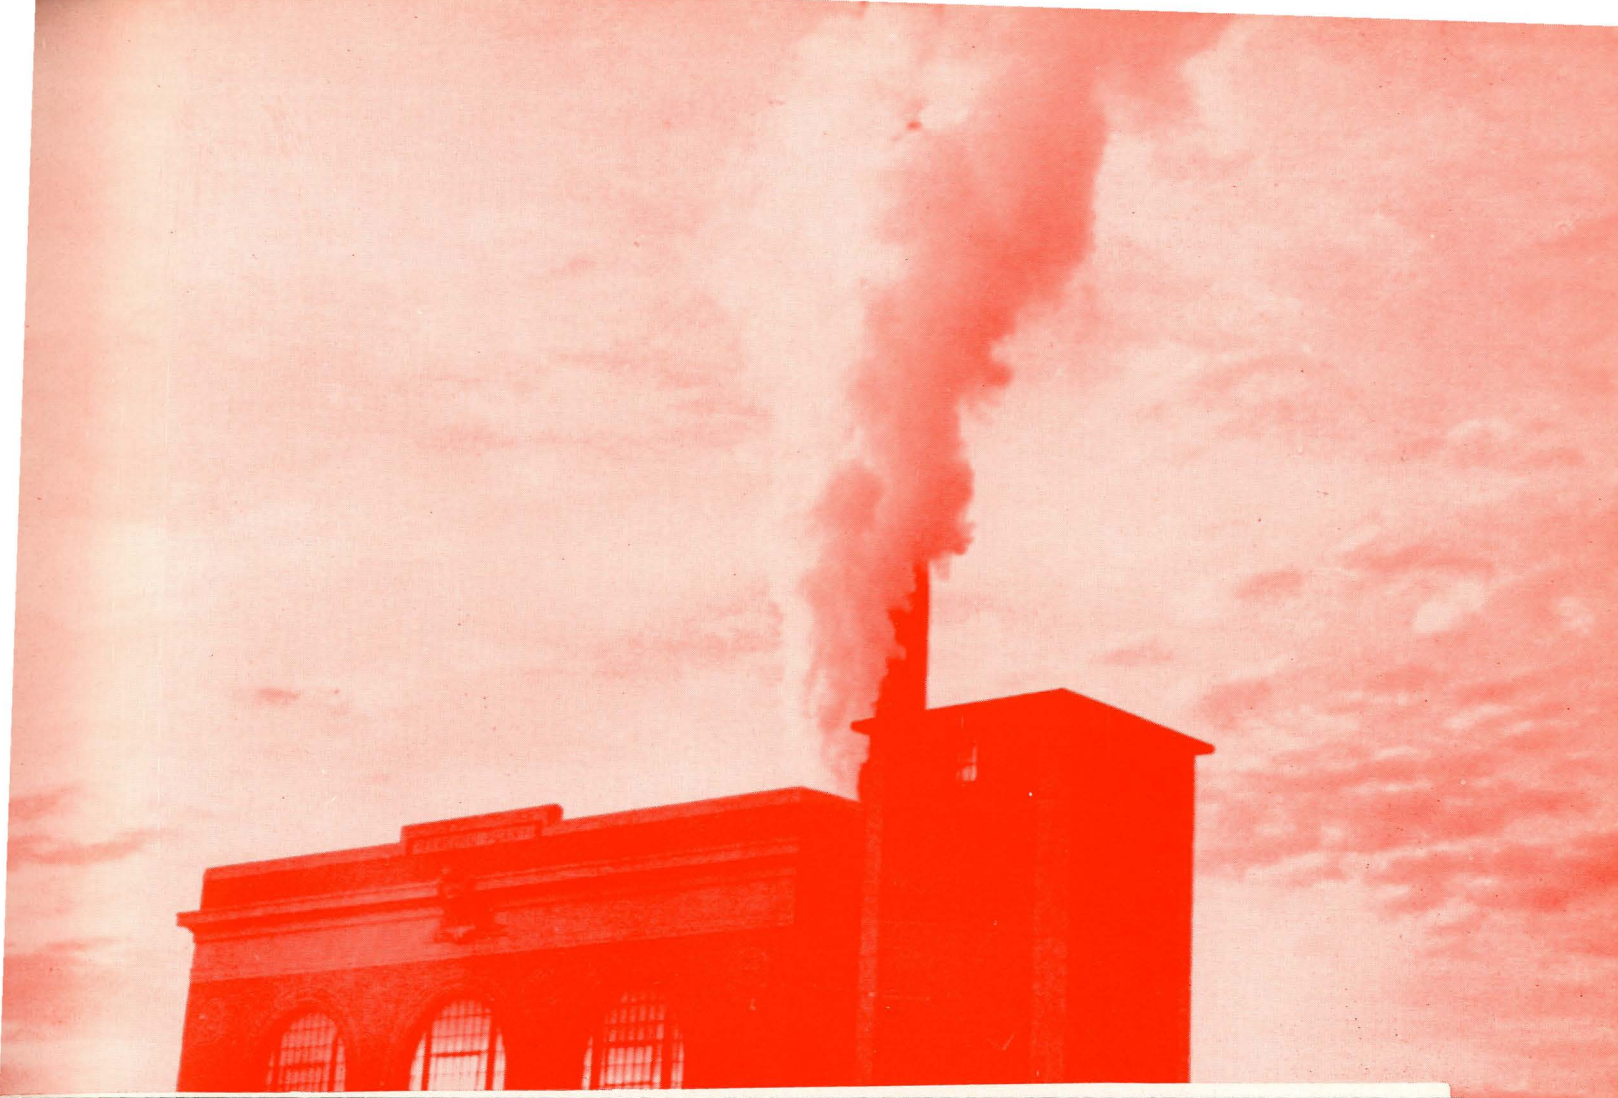
Classes

THE 7:50 whistle . . . Classes . . . eight o'clock classes . . . The story of life at Montana State college would be incomplete without an insight into the daily routine . . . The thrill of at least a thousand students coming to an eight o'clock by the blow of the whistle is one which freshmen and sophomores will never forget . . . Then the juniors and seniors either get used to it or do not have them . . . and the thrill becomes a chore . . . A snappy winter morning . . . no ride . . . one of my fraternity brothers "copped" my top-coat . . . and here I am . . . I skipped . . .

My scrap-book recalls to memory the college as it is in the afternoon . . . Drawing lab . . . Chem lab . . . or maybe working on the set for the winter play . . . But I feel that it was worth it because I had the chance to put to practice what I had learned in the morning . . . And so to me the unsung of "Classes" is the afternoon lab . . . It may smell bad . . . it may be dirty . . . but it is the shortcut to learning . . .



Seniors

We give you, then, the Senior of 1941 . . . His vision is beyond our college . . . his interest is still in Montana State College . . . His organizations have ruled the school for a year . . . His pride is now tempered with a faint nostalgia . . . a shadow of regret that these days must end so soon . . . Lloyd Jenson . . . a president who has made himself worthy of the confidence of his class . . . And so the world will receive them into its bonds as we reluctantly bid them goodbye . . .

Sophomores

The Sophomores . . . here represented by the Fangs and the Spurs . . . They got their first taste of real activity work this year . . . With this graduation they are transformed from underclassmen to the rank of upperclassmen . . . now the responsibility begins . . . Leader for the year . . . Joe Pahl . . . has made a name for himself by guiding the actions of his class so that it will be one to be remembered . . .

Priscilla Dix . . . Montana State's woman engineer . . . In Architecture she has won the respect of everyone . . . as a designer she is taking a back seat to no one . . . Her drawings have the accuracy of the feminine touch . . . and the judgment of the smartest of men . . . We salute you, Miss Dix, for picking a field and staying with it . . . and effectively . . .

Interesting People

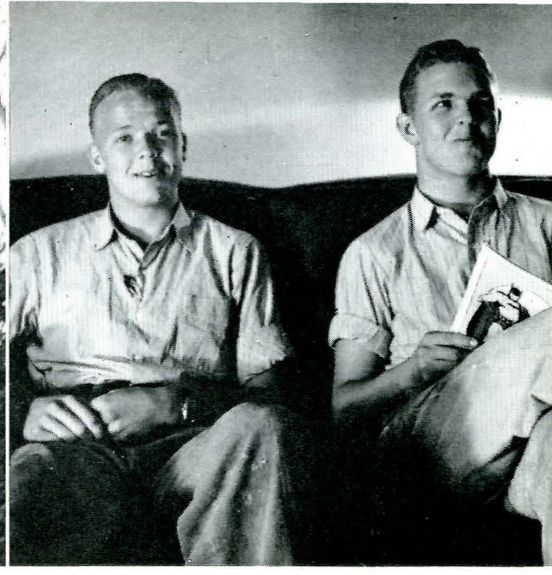
Smiles honors of the sophomore class go to Jane Simmons and Lois Whitehead . . . Each a Spur . . . and has a whistle . . . but their good natures will not allow them to give anything but a grin with a blow of the whistle . . .

Model couple . . . Dorothy Bretzke and Clarence Christiansen . . . "Chris" and "Dot" . . . both from Glasgow . . . A Spur and a Fang . . . a real combination . . .

Betty Westcott . . . Ruth Otten . . . Chi Omegas . . .

Two of the outstanding debators . . . Dan Cox and Jim Dickson . . . The leading contestants for "Exponent" honors . . . MSC's correspondents for national politics . . . a pair of sophomores who are destined to be heard about . . .

Dale Johnson and Jim Emery . . . the "Kings" of the sophomore social whirl . . .

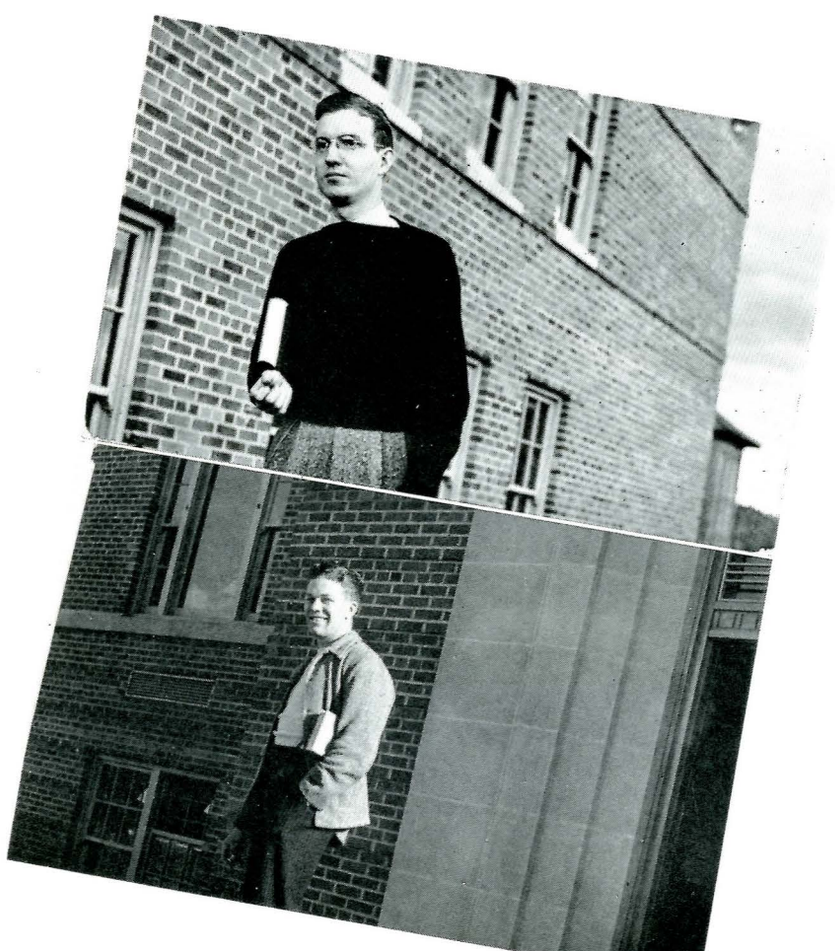


Tietjen and Tietjen . . . Left to right . . . Bob and Fred . . . of Great Falls . . . The most outstanding brother combination in school . . . They will be remembered for the fine job that they did on the Mother's Day Committee . . .

Of the Sophomore Class

Warren Faus . . . The "A flusher" . . . Five quarters in college and five of them with straight A's . . . Then elected editor of this Montanan . . . Freshmen, shoot at that record . . .

Floyd Myrick . . . Fang . . . politics man . . . He has been elected to the responsible position of Commissioner of Finance . . . a job which is usually handled by seniors only . . .



TOP ROW—Carol Rounce, Doorthy Law, Mary Jane LaCross, Sammy Lou Hollier, Betty Lou Courtney.

SECOND ROW—Lois Whitehead, Laura O'Donnell, Allison Rehn, Eloise Lehrkind, Eileen Olson.

THIRD ROW—Theo Allen, Barbara Judd, Jean Henderson, Gyda Sheppard, Lorraine Jones.

FOURTH ROW—Alys Jane Watson, Dorothy Bretzke, Sarah Davis, Jean Haynes, Jane Simmons.

The goal of every freshman woman . . . Termed by many as the most active organization . . . Always in white . . . Their motto must be "serve," because white uniforms can be seen dashing at every assembly, concert, athletic event, etc. . . . Act as information bureau, usher, and general handywoman . . . Spurs is a national service organization for women and was founded at Montana State College . . . We are proud . . . This year they were led by Mary Dahl . . . quiet, unassuming, and hard to beat.

Spurs

Fangs

Montana State's chapter of Intercollegiate Knights . . . Begin their year by being initiated in suits of tin . . . and continue on in suits of white . . . with the big knight head . . . and of course, with a paddle . . . Duties . . . To see that the traditions that are set up by Septemviri are enforced . . . To haze the frosh through a green cap regime . . . and to keep up on such routine duties as ushering . . . showing the Spurs a good time . . . entertainment at their quarterly dances . . . Duke . . . George Biddle . . . Now Viceroy . . . Now president of the student body . . . He must have done a good job . . .

TOP ROW—Waldo Emerson, Pierce Pattison, Sam Lenz, Merlin Fisk, John Miller, Don McLaughlin, Eddie Kimball, Bob Cosgriff.

SECOND ROW—Jim Emery, Floyd Myrick, Bob Liquin, Joe Pahl, Bob Tietjen, Clarence Christianson, Al Barickman, John Haugen.

THIRD ROW—Vearl Addy, Don Gumprecht, Ray Howard, Otho Murray, Doug McCarter, Bob Schellin, John Rousseau, John Miller.

FOURTH ROW—Bill Ralston, Quentin Lord, Ev Shuey, John Haugen, Warren Faus, Fred Tietjen, George Gleed, Joe Bush.

NOT PICTURED—Bill Collins.

The class of '43 is producing some very outstanding members . . . Its athletes have taken the spotlight this year . . . "Jinx" Anderson, "Toby" Nelson, and Fred Rooley sparked the basketball team to some wins which would probably have been losses if it had not been for their spirit and fight.

Freshmen

The hardest driving group of "green-cap-men" that we have had for some time . . . sponsors of the frosh Talent Assembly . . . the best of the year . . . Foreground . . . standing is Bob Balch, president of the class, who has demonstrated his ability by bringing his class through the year with banners . . .

Interesting People

1

1—George Stewart . . . President of the Montana Association of the Future Farmers of America . . . has come to college with an enviable record from Dillon . . . 2—Guy Dilena of Brooklyn . . . the little man with a camera . . . and eastern ideas . . . 3—Eileen Ritzke . . . talented violinist . . . from Billings . . . one of the people who has made the class outstanding . . . Below . . . "Babe" LaMotte . . . who has taken the campus by storm with her beautiful vocal renditions of many of the popular blues numbers . . . as well as with her personality . . . Miss Ritzke . . . Paul Barrett of Bozeman . . . made himself known as Poo-Bah in the "Mikado" and gave one of the best baritone solos that we have heard in the freshman assembly . . .

Of the Freshman Class

Above . . . a group of freshmen that were instrumental in making possible the freshman talent assembly . . . one of the most successful events that has been attempted by any class . . . Second from the left is Gladys Gaines . . . chairman of the affair . . . Next we have Peggy Yates . . . a member of the girls trio . . . 1—Three small men who have sparked the freshman football team . . . Eli Milodragovich . . . Les Obrecht . . . and Bill Zupan . . . 2—Ralph Challender . . . the "grademan" of the freshman class . . . an "A flush" is nothing unusual for him . . . Bob Cook . . . upset the dope bucket and took second place in the cross country . . . against a strong field of veterans . . . 3—Fred Mitchell of Anaconda . . . won the hearts of many in the fistic world of MSC . . . 4—John Voulkos . . . alias . . . the Fuehrer . . . the class comedian . . . and Vic Johnson . . . the leader of the class "Mountain Music" band . . .

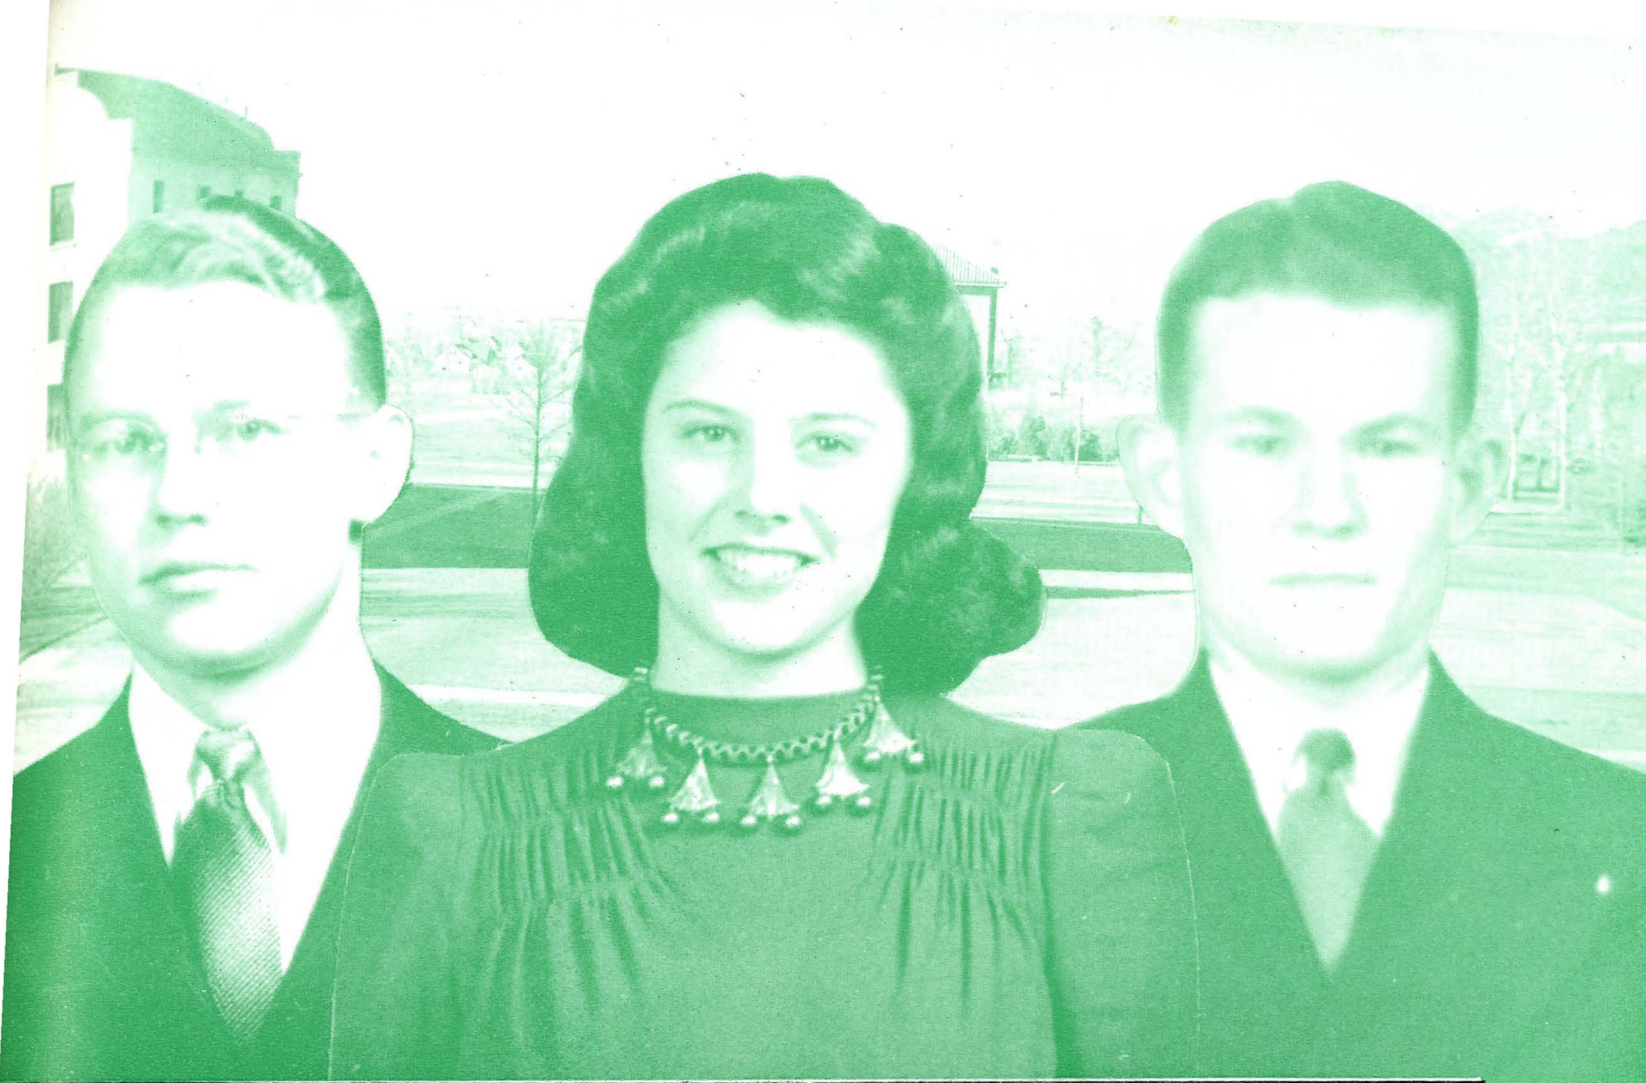
Organizations

THAT part of college life which does the most to make lasting ties . . . where college students learn to get along with their neighbor . . . where thrills are born and heartbreaks rooted . . . Foremost among organizations . . . the "Greeks" . . . they stick together politically . . . socially . . . They are brothers . . . in a common bond . . . I can remember a thousand things that the organizations have added to our college . . . school spirit . . . floats . . . rallies . . . initiations . . . intramural competition . . . formals . . . picnics . . . spring parties . . . and just plain parties . . . I have always had a soft spot for those who do the work in organizations . . . foremost of these is the treasurer . . . He works with very little recognition . . . carrying the financial burden of a group who know not what is happening financially . . . We hand our praise to Mr. Treasurer . . . Three of which you see on the next page . . .



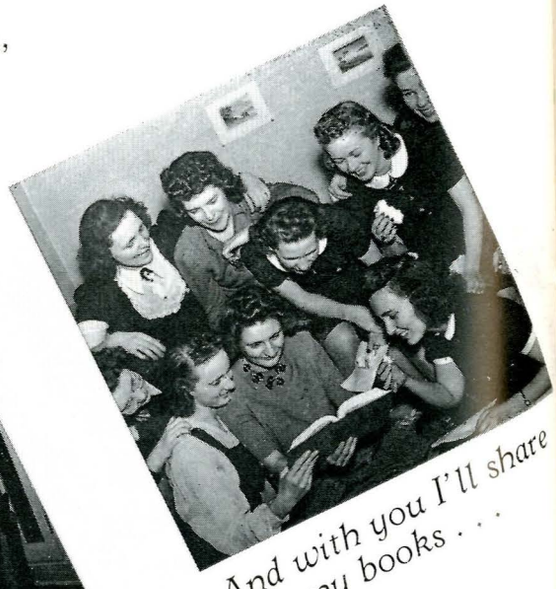
TALKING

And So They Sorority

Won't you come into our parlor . . .

Talk to all the sisters, dear . . .

And sign our big guest book . . .



And with you I'll share my books . . .

We'll have fun all evening through . . .

And come upstairs and look . . .

And you're caught in spider's webb . . .

Were Pledged

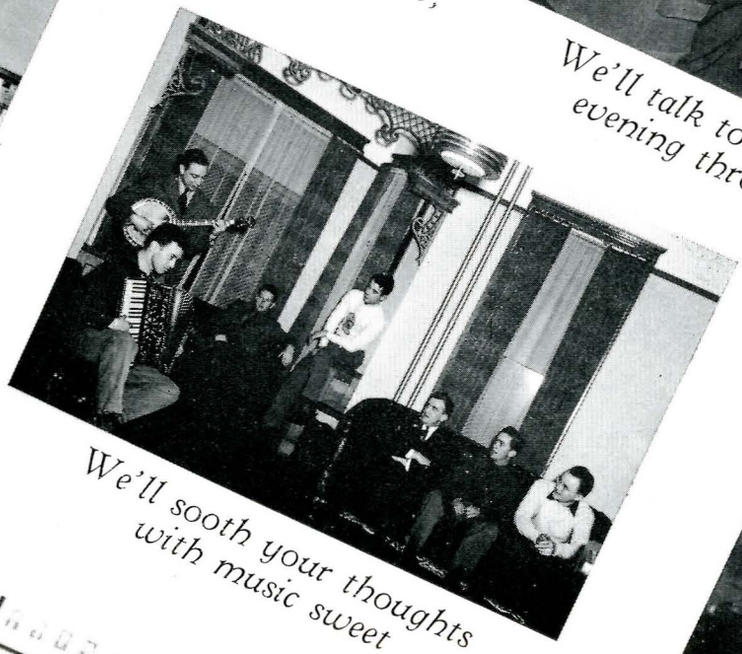
Fraternity

Come in and join our happy throng

and meet our mother fine;

We'll talk to you the evening through,

And after that we'll dine.



We'll sooth your thoughts with music sweet

and put your trunk with mine.

You're in!!

Panhellenic senior and junior councils . . . the old and new bosses of the sororities . . . Betty Batch, the president, above . . . and Peggy Yates, the chairman, below . . . Top picture, top row, Benson, Baxter, Parr, Allport . . . Second row, Kimball, Fearne, Graybill, Batch, Cline, McAuley . . . Lower picture, Graybill, Young, Olson, Lang, Smith, LaCrosse, Garie, Manning, Yates, Harrington.

Sororities

The brains for the sororities . . . Pictures of boy friends . . . souvenir dance programs . . . and occasionally a book . . . A well kept lounge . . and a chapter room full of remembrances . . . Five sororities . . . All in fine shape . . . and five presidents who have done a good job . . . Top row, Matie Allport, Chi Omega; Pat McAuley, Alpha Gamma Delta; Mary Baxter, Pi Beta Phi; Ferne Parr, Kappa Delta; and Charlotte Benson, Alpha Omicron Pi.

The brain trusts of the campus . . . always hitting grades on high . . . yet, have their fun . . . specialty—afternoon open house informal dances, and get-togethers . . . cordial and friendly . . . enjoy serenades . . . The sponsors of the annual May Day Tea . . . as traditional as it is of pride to our campus . . . with Ferne Parr at the helm the steering has gone smoothly . . . with great help from the gracious Mrs. Robinson . . . honors go to head majorette . . . Mickey McKinley . . . known the campus over for her radiant smile . . . girls that like activities . . . and art as well as home ec . . . all make a fine group.

To us Young People Fellowship . . . Y.P.F. . . . To them . . . The collegiate members of the Episcopal Church . . . Organizer . . . advisor . . . leader . . . Reverend "Father Bill" Reevers . . . President . . . Ruth Strong . . . a source of college music talent . . .

Activities

THE college student's shortcut to business experience . . . the practical application of book learning . . . Plays, publications . . . music . . . judging teams . . . and special events . . . We salute men in three classes of activities . . . First . . . Leonard Stone . . . in that group who have been so good in an activity that they have received national recognition . . . He is a member of Sigma Delta Psi . . . one of the few that MSC has ever had . . . Hats off to anyone who has gained such honor . . . The second group . . . represented by Mr. Good . . . the faculty member who can always find time to help out the school's activities . . . I have never seen him without something to do to better Montana State College . . . there are others like him . . . Leader of the third class of activity men is Henry Hibbard . . . the organizer . . . A hand to "Hank" and his type for starting such things as an active ski club . . .

Bill Cowells . . . baritone . . . a sample of the musicians of Montana State college who make it a better place to live . . . The talent which is given freely to entertain . . . the, heretofore, unsung of Music . . . Our appreciation . . . with that of all of the rest of the students . . . is yours . . .

Music

Band . . . orchestra . . . chorus . . . the three major activities of the music department . . . Mr. L. E. Opp . . . Mr Lou Howard . . . the directors . . . You have heard of Lou and his band . . . you will hear more of Mr. Opp and his orchestra and chorus . . . They are both going places . . .

Band

Lou's pride . . . fifty-five members strong . . . The Band's pride is Lou . . . Activities . . . Football games . . . Basketball . . . High School Week . . . Mothers' Day . . . Army day . . . Parades . . . Concerts . . . and the spring tour . . . this year before twenty-five thousand people . . . in the western parts of the state . . . they played with twelve hundred high school musicians . . . Work with . . . drum majorettes and drum and bugle corps . . . We shall "stand up and cheer" the Bobcat band . . .

Orchestra

The orchestra—Honors Day Assembly

Under the direction of Mr. Opp . . . For the first time took a tour of the state . . . giving concerts in many of the larger cities . . . The orchestra must be commended on taking on the routine duties of the supporting roles . . . They are always outstanding in dramatics . . . assemblies . . . and special days and seldom get the recognition which is due them . . . Every one of them should be a star . . .

Chorus

The largest activity of the chorus is the "carrying of the melody" in the spring musical . . . A transformation from singer to actor . . . This year they also served very well to liven up the scenes of the "Mikado" with their beautiful costumes . . . Extracuricular activity includes . . . special assemblies . . . and concerts . . .

The chorus supports in the "Mikado"

One act plays . . . for the purpose of scouting new talent and giving practice to that which has been found . . .

Drama

To two men who have given us three outstanding productions . . . Mr. Hanson and Mr. Hawes . . . They stand in front of the Ellen Theatre . . . the show place of MSC . . .

What a Life

Jamesson and Hibbard

Dickson—Hibbard—Kellogg

JAMES DICKSON . . . local talent . . . sad-eyed Sigma Chi sophomore . . . pre-law . . . active in school and political affairs . . . brings to life Henry Aldrich, who attends classes mainly in the principal's office.

JEAN HAYNES . . . sophomore AOP from Bozeman . . . home ec . . . sports . . . music . . . "Lisette" in "Sweethearts" last year . . . portrays Barbara Pearson, Barbara Pearson, pretty junior class president who captivates Henry.

LEROY SANDS . . . returns after teaching for several years . . . general agriculture . . . ably depicts Mr. Bradley, earnest, hard working, unimaginative principal.

"What a Life" . . . a comedy of high school crises . . . as adolescent as a changing voice . . . sprinkled brightly with laughs . . . young, lively . . . fast onits feet . . . as full of agonies as a first kiss . . . The author portrays high schools as institutions of mild mental derangement . . . full of mad teachers . . . dazed parents . . . bells and bedlam . . . and Henry Aldrich, who always has an answer . . . never the right one . . .

The Petrified Forest

Pattison Roman

Pattison Hanley Thieme

JEPSON LONNQUIST . . . sophomore art student . . . prominent dramatic roles . . . Anaconda High . . . Lutheran College in Kansas . . . Gustavus Adolphus College in Minnesota . . . Outstanding performance . . . portrayed Alan Squier.

MICKEY THIEME . . . Sigma Chi senior . . . Mechanical Engineer . . . Commissioner of Dramatics . . . Turned bandit . . . played Duke Mantee's part.

PEGGY ROMAN . . . Chi Omega . . . Secretarial Senior . . . active in college dramatics . . . ably acted the part of Gabby Maple.

"The Petrified Forest" was Robert Sherwood's challenge to America in 1937 . . . In this play he warns those of us who take our Democracy for granted that we must discipline ourselves if we are to survive the inevitable onslaught of a more ruthless, a harder society . . . Sherwood, who knew much of France, saw what was happening there . . . He predicted as early as 1937 that the over-civilized France would crumble before a determined and disciplined Germany . . . He was, and is, fearful that the same thing may happen in America unless we become aware of our danger . . . What Mr. Sherwood pleads for is an intelligent, but keenly alert and progressive America, not an America that plays at living "while Rome burns" . . .

The Mikado

WILLIAM COWLES . . . Junior in Mechanical Engineering . . . appeared in his second college musical play . . . Last year he had the lead in "Sweethearts" . . . Prominent as a soloist not only in the college, but in the city of Bozeman as well . . . ably played Ko-Ko . . .

LAEL TOUT . . . played a sprightly Yum-Yum . . . ready at once to leave her guarian's too loving care for Nanki-Poo's . . . and as ready and quick to see what "really makes a difference" . . . Both her singing and acting were lively and thoroughly consistent . . .

MRS. STARK was plaintive and wistful . . . a much more highly sympathetic character than the usual Katisha . . . Even the facial makeup failed to make her outpouring eloquent of the lion's roaring and the bellows of the blast . . . Her "Tit-Willow," with Mr. Cowles, was excellent . . . in song and action . . .

No piece in the history of the theatre has had so many widely varying performances as has the Gilbert and Sullivan "Mikado" . . . Our own performance . . . given during high school week and on May 5 and 6 . . . kept an admirable blend of the traditional . . . with all their humorous associations . . . and of the novel . . . the purely inspirational touches . . . Always adaptations have to be made to fit available voices and stages, and always . . . and this is important in comedy . . . audiences must be kept in mind . . . All groups were pleased with the presentation . . .

Debate

The debate team is a group that all Montana State is proud of . . . The first trip out . . . Concordia College, Moorehead, Minnesota . . . competing with teams from . . . Minnesota, South Dakota, North Dakota and Iowa . . . Cooley, Hess, Hitch and the Johnstons entered this Red River Valley tournament . . . The biggest tour . . . the California trip . . . The Pi Kappa Delta tournament at the College of the Pacific . . . On this . . . Two teams . . . Post, Hattersley, Dickson, Cox . . . The latter two boys placed second in this tournament . . . Competition from . . . Utah, Oregon, Washington, California, Idaho . . . While other trips were to the Montana Intercollegiate meet at Havre . . . a round-robin with Butte Mines and Montana University . . .

Prof. Ralph McCall, livestock . . . Dr. J. A. Nelson, dairy products . . . Mr. Sam Litzenberger, agronomy . . . and Prof. J. O. Tretsven, dairy cattle . . .

Judging Teams

The Agriculture Building—Home of the Judging Teams

Judging

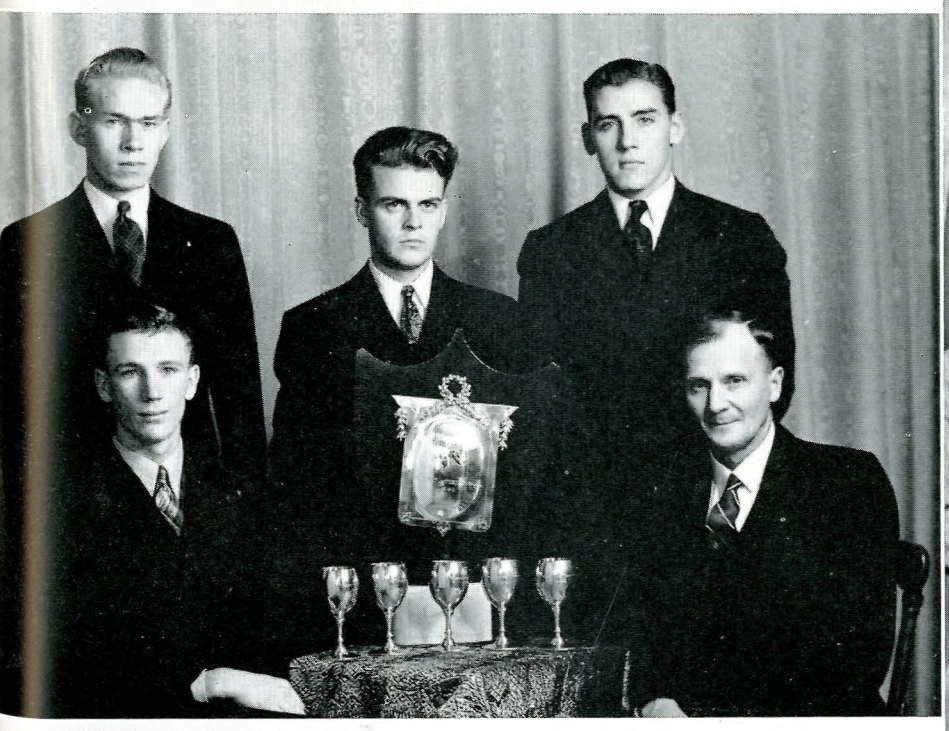
The Grain Judging Team . . . third at Pacific International . . . Logan Hazen high man on the team . . . Team members, back row, left to right . . . Henry Lackman . . . Logan Hazen . . . Glenn Slaughter . . . Front row . . . Ted Keating . . . and Coach Sam Litzenberger.

The top Dairy Products Judging Team at the Pacific Livestock Exposition . . . Austin Overcast was high on Montasa's team and high in the contest . . . placed ten samples of ice cream perfect for a record . . . Dick Fagan, second high man on the team and second high in the contest . . . Team members, left to right . . . Glenn Marsh . . . Jack Fritz . . . Austin Overcast . . . Dick Fagan . . . and Coach Dr. J. A. Nelson.

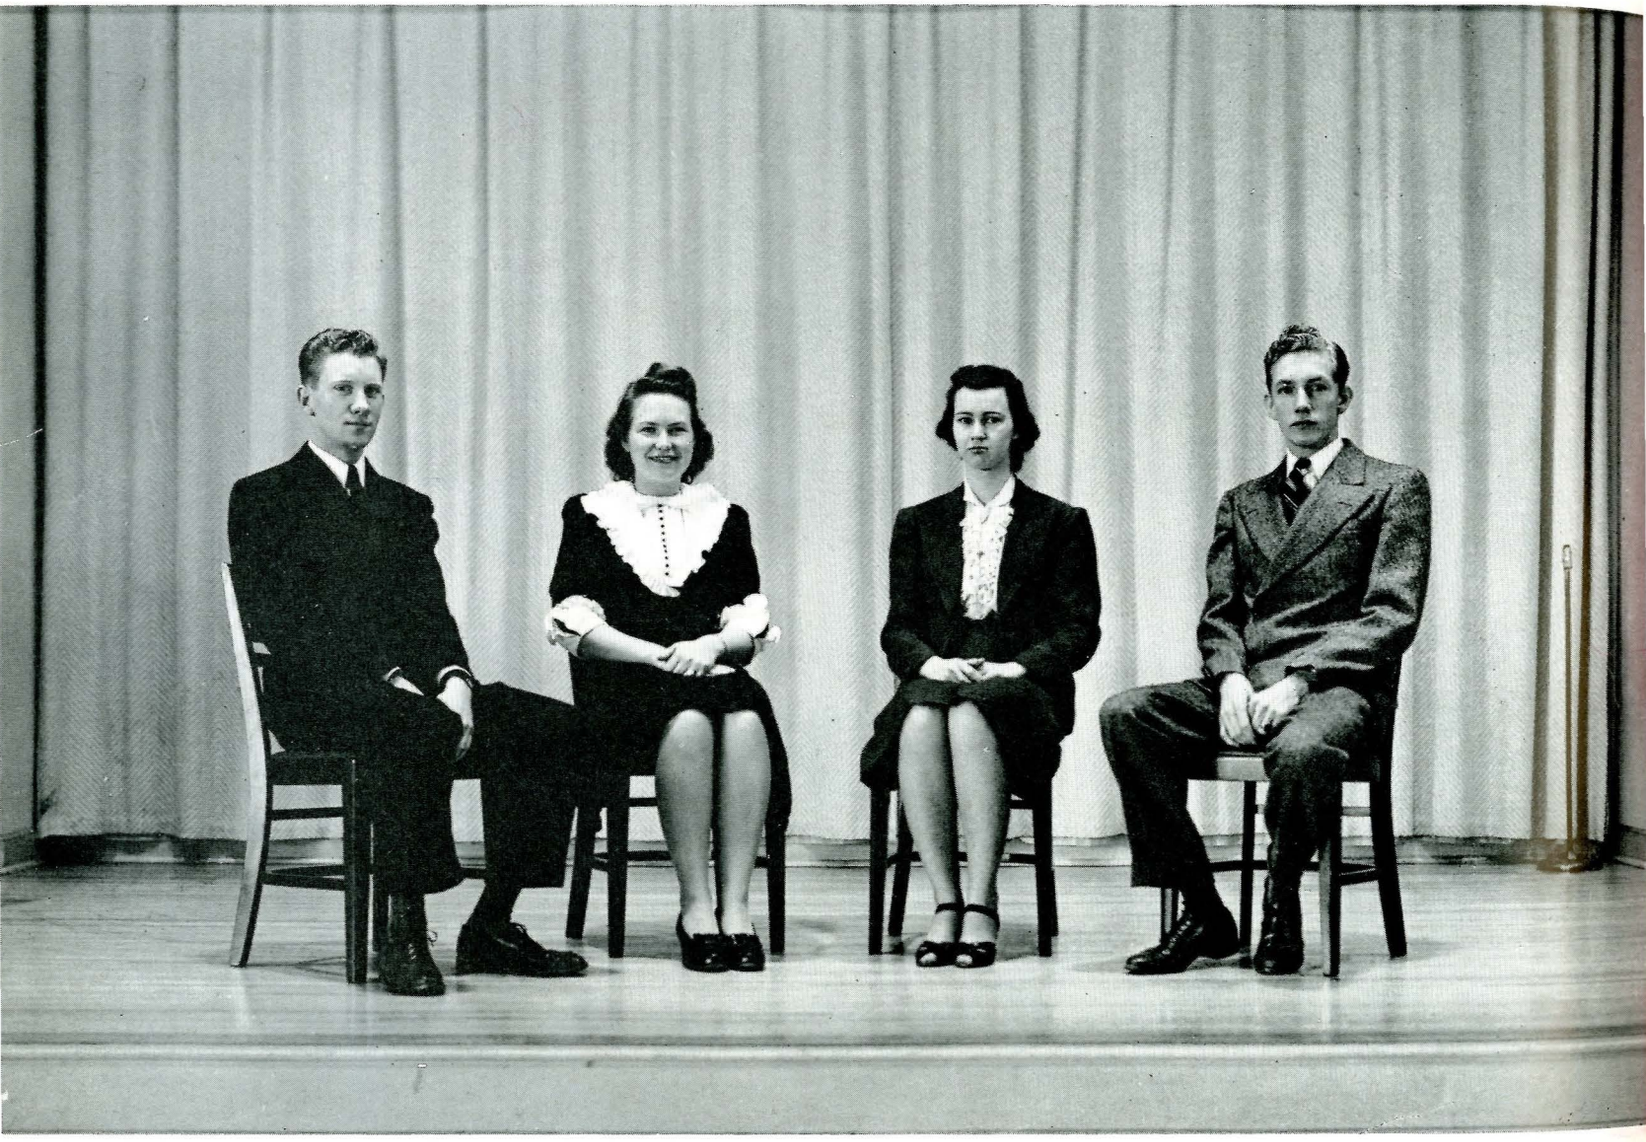
Teams

The Dairy Cattle team placed fourth of six teams at the Pacific International at Portland . . . Regie Davis was high man on the team . . . They are . . . left to right . . . Back row . . . Owen Wirak . . . Morgan Esmay . . . Dean Kiel . . . Front row . . . Reg Davies . . . and Coach J. O. Tretsven . . .

Of the five livestock teams at Portland the MSC placed second . . . Eddie Rose was second individual in the contest . . . and Loren Morley was third . . . one point behind . . . The members . . . left to right . . . Back row . . . Charley Greene . . . Loren Morley . . . Art Kegel . . . Glenn Cooley . . . Seated . . . Coach Ralph McCall . . . Eddie Rose . . . and Ernie Douglas . . . Trip to Chicago International . . . 19th out of 31 teams . . . Jim Kieth, alternate (not pictured).



High School Week Chairmen



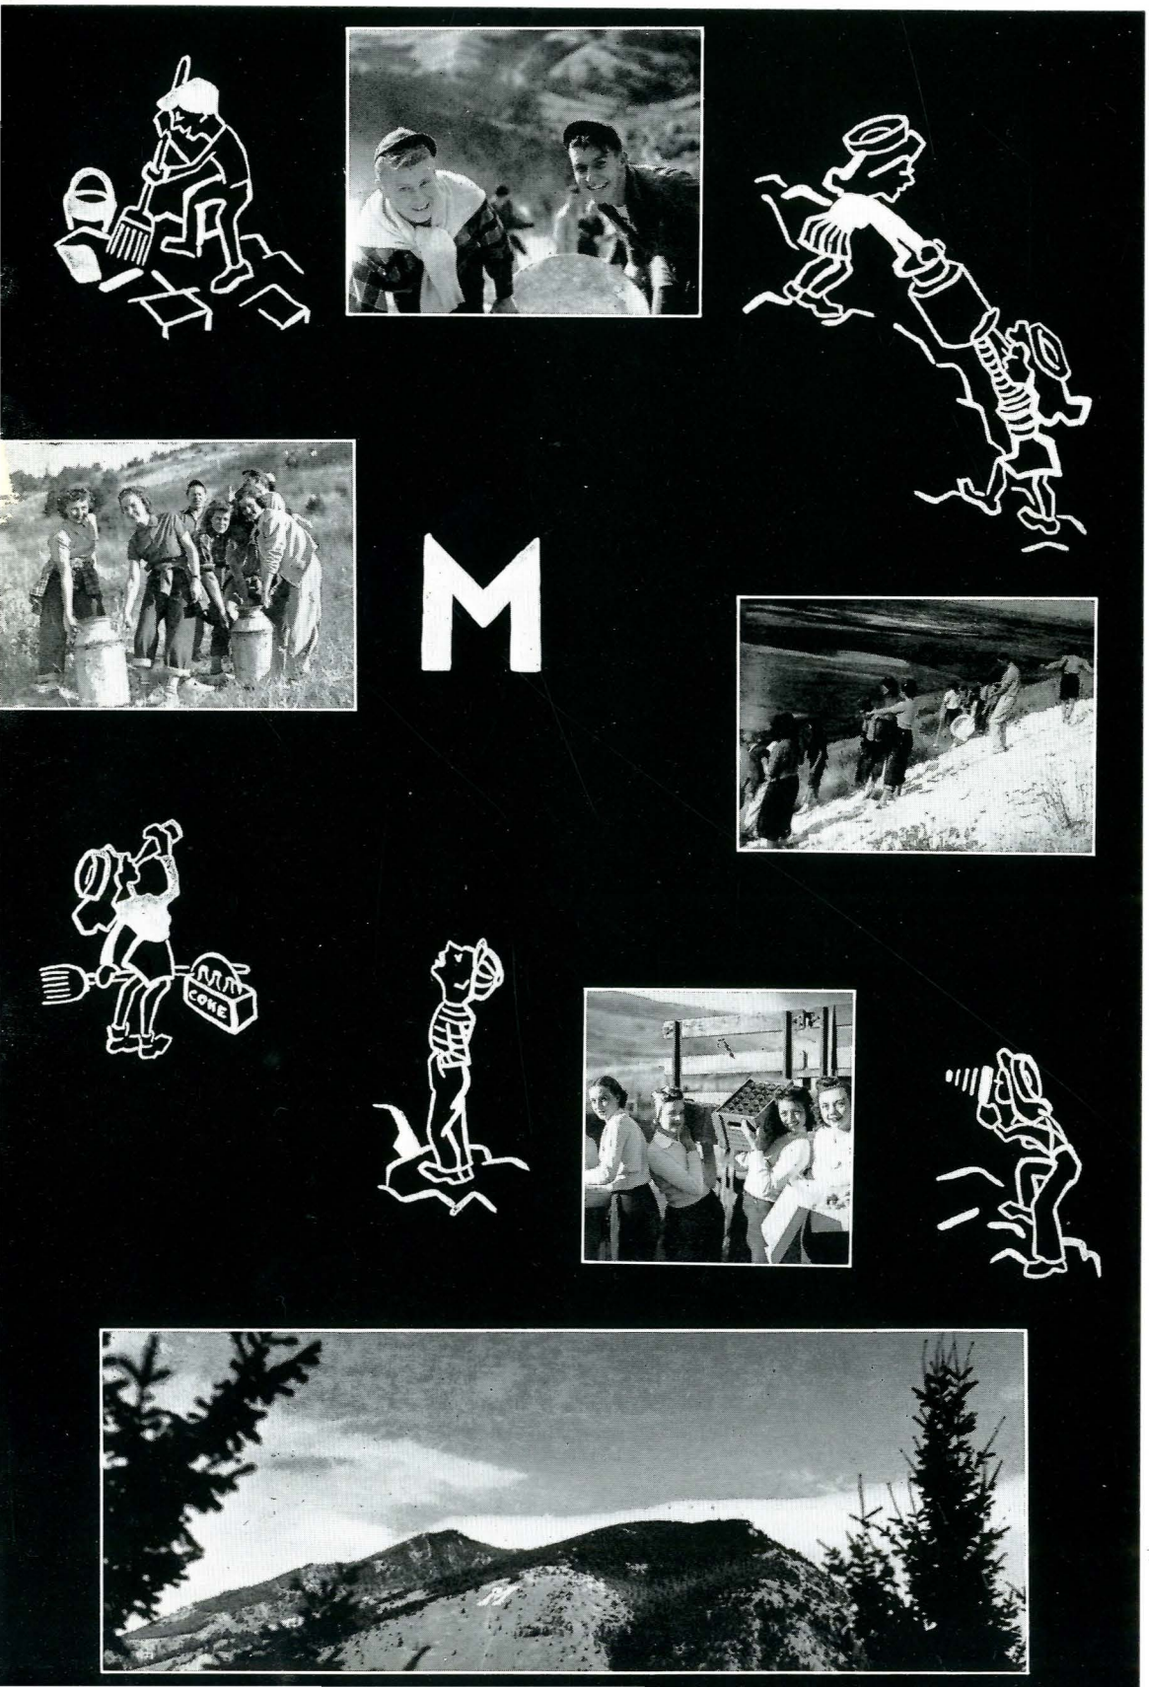
Probably the largest entertainment of high school students in the country is MSC High School Week . . . 1400 of them . . . all anxious to see what our college is and to get its merits . . . Below . . . Bob Simkins . . . assistant men's chairman . . . Charlotte Benson . . . assistant women's chairman . . . Mary Baxter . . . general chairman for women . . . and John Fisher . . . men's chairman . . .

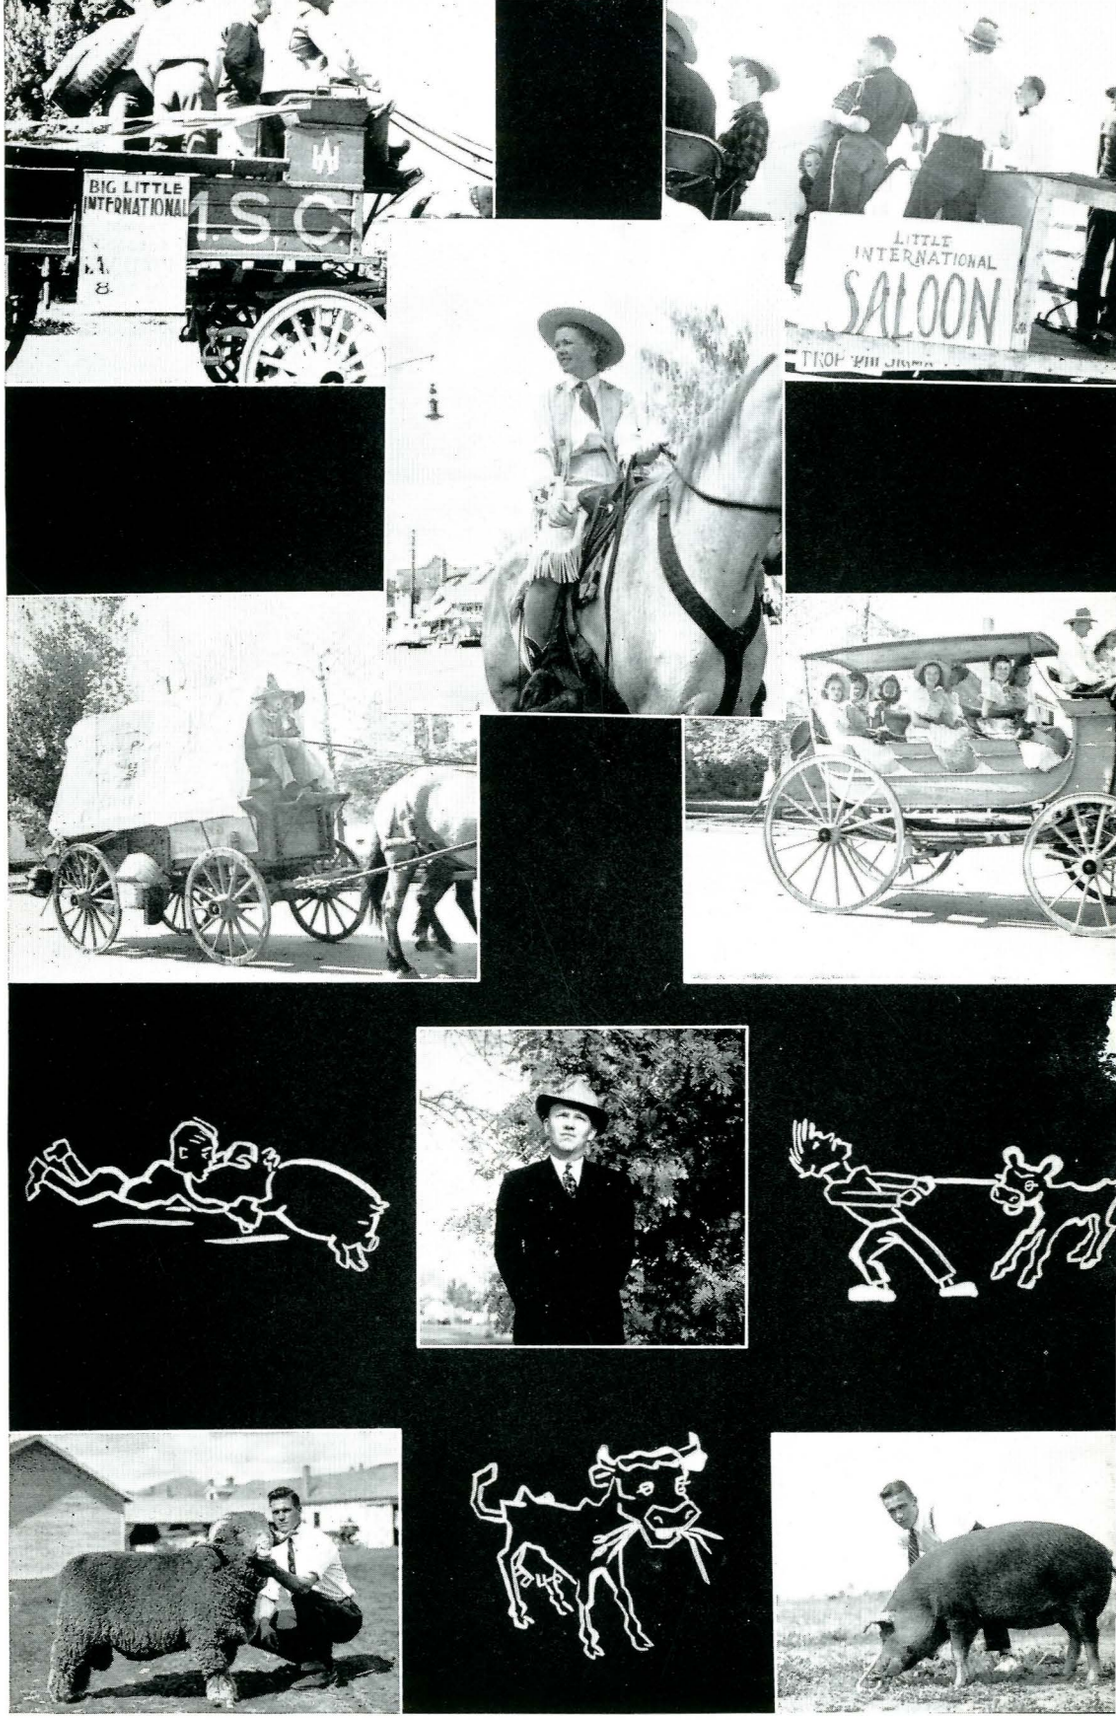
Special Days at M. S. C.

Special events chairmen . . . the persons behind the scenes of entertainment features . . . They have our praise . . . Above . . . Two such people . . . Vivian Tretsven . . . chairman of Women's Day . . . and Glenn Cooley . . . chairman of the Little International . . . Their days are red letter days on the calendar of MSC . . .

M Day

White-washing the largest block letter in the world . . . a big day's job . . . supervised by Fangs . . . "Coked" by Spurs . . . A good washing consists of forty sacks of lime and at least that many cans of water . . . which all has to be packed a half mile up the side of a mountain which is plenty steep . . . The job was bossed this year by George Biddle . . . Duke of Fangs . . . He had the cooperation of everyone in making it look whiter than it has for some time . . . 650 freshmen do the job in the fall . . . fifteen hundred from all classes make it white in the spring . . .



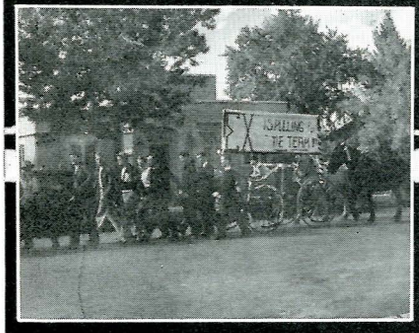


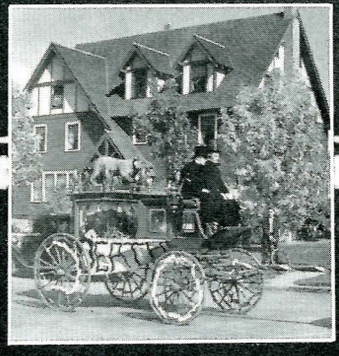
Little International

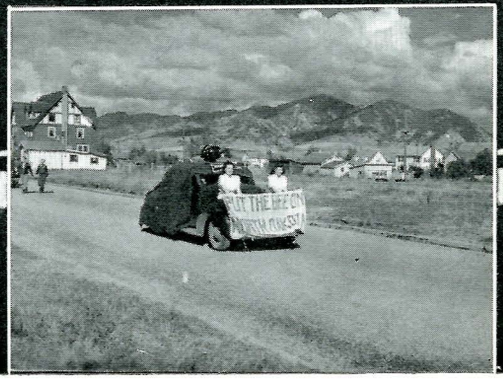
The biggest Little International in the country . . . Covered by Paramount News . . . Broadcast over the Montana network . . . Shown to three thousand people . . . packed with thrills . . . bucking horses . . . horse show . . . and a mile long parade . . . This year produced a souvenir program which cost $400 . . . Managed by Glenn Cooley . . . assisted by Ben Hill and a large committee . . . Reigned by Lois McDonnell . . . queen of the Aggies . . .

Butte Game

The migration to Butte for the annual football game with the University . . . The day of college which reminds us of the way we think it used to be a few years back . . . Pennants . . . Chrysanthemums . . . Floats put on a truck the last half hour in order to get in the parade on the zero hour . . . The thrill of an All-Montana band . . . with two Majors . . . and finally into the Finlen where there is only room for half of those who stand cheering or listening to a German Band . . .





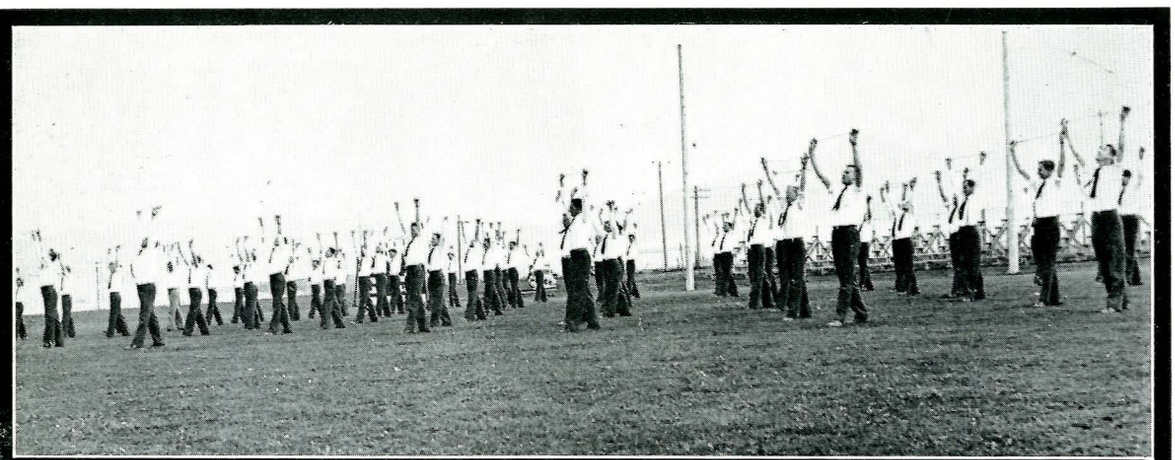


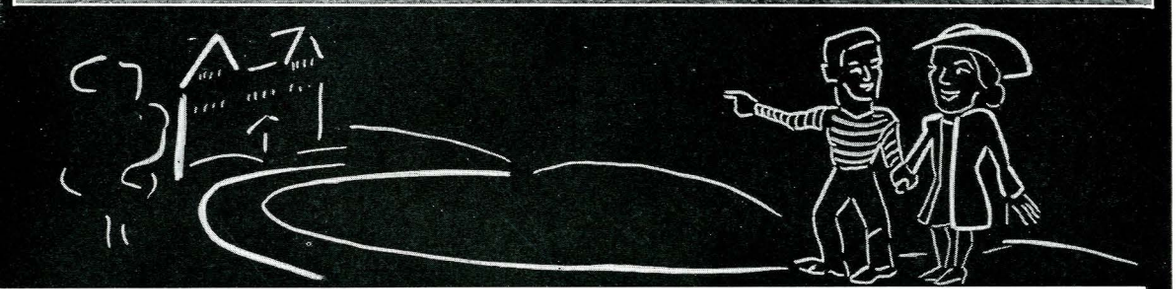
Homecoming

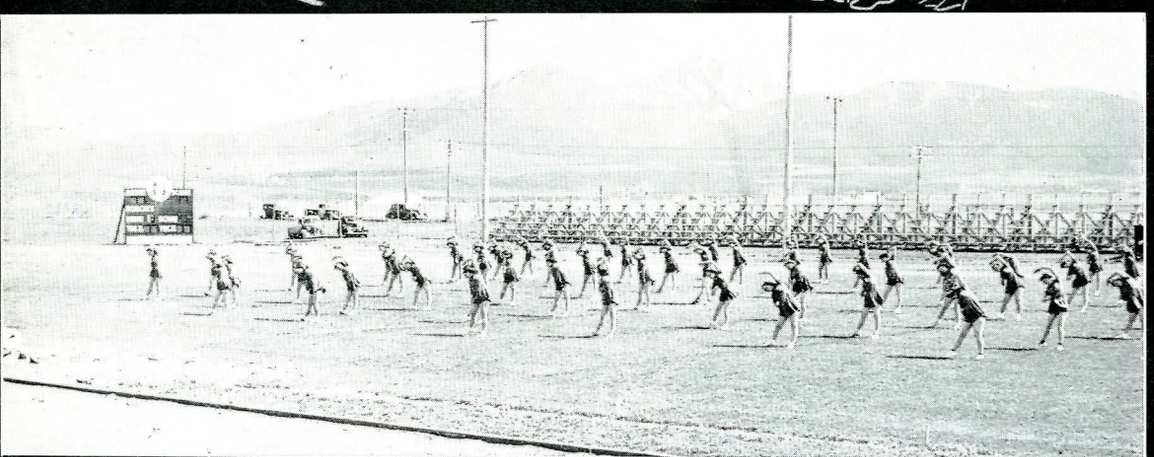
The day for Alums . . . house decorations and floats . . . A rally which starts in a snake dance at the end of Third Street . . . and ends at a bonfire behind the engineering shops . . . and then a songfest on the front steps of the Student Union building . . . and finally the big game . . . a win . . . more excitement . . . and everyone off to celebrate the occasion . . . College life at its best . . .

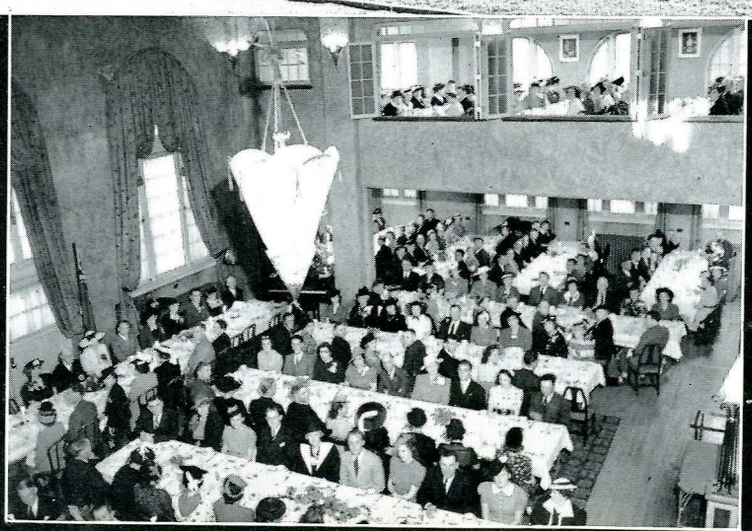
Mother's Day

The day at college for "Mother" . . . Two busy days . . . an athletic show at Gatton Field . . . a reception and tea for all . . . and a banquet for all who get there early enough to make reservations . . . This year . . . six hundred parents spent the week-end helping us dedicate the Student Union building . . . Speakers . . . Mrs. Sam Ford . . . of Helena . . . with the Mother's address . . . Mr. Fred Willson . . . of Bozeman . . . the dedication . . . Chairman of the affair . . . Fred Tietjen . . .







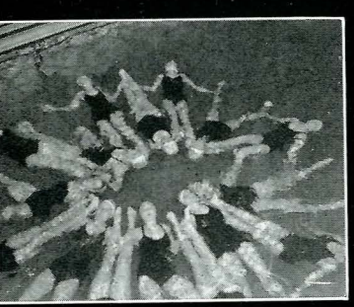


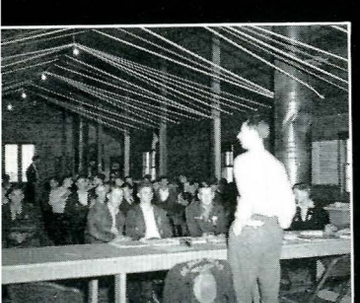
Women's Day

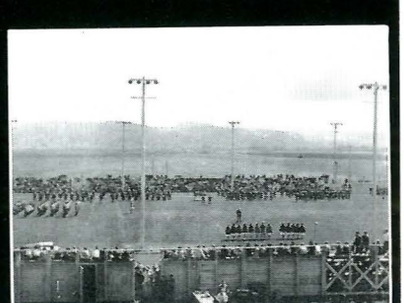
The last event before Commencement . . . in honor of the coed . . . the awarding of women's athletic sweaters . . . the tapping of Spurs . . . Seniors in caps and gowns . . . the rest in white . . . it makes a beautiful sight from the top of Montana Hall . . . as you can see . . . And finally . . . a woman is selected to come back in five years and address this same Women's Day gathering . . . an honor which is hard to beat . . . Chairman . . . Vivian Tretsven . . .

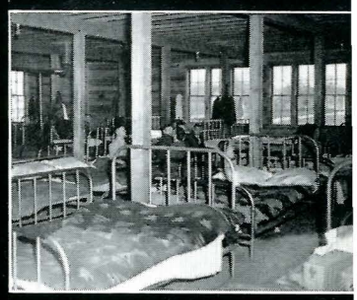
High School Week

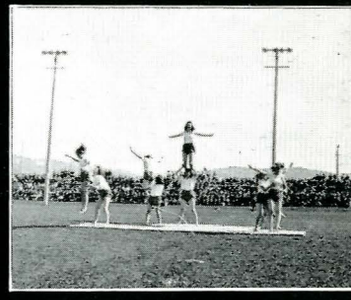
Fourteen hundred students entertaining fourteen hundred high school hopefuls . . . Three full days . . . An open house in every department where they can see what MSC has to offer . . . Scholarship contests for four hundred . . . a banquet served to the entire group at one time . . . in the gymnasium . . . an athletic show . . . an air shwo . . . put on by the C.P.T. . . . Luncheon for visiting students at fraternity, sorority, and cooperative houses . . .









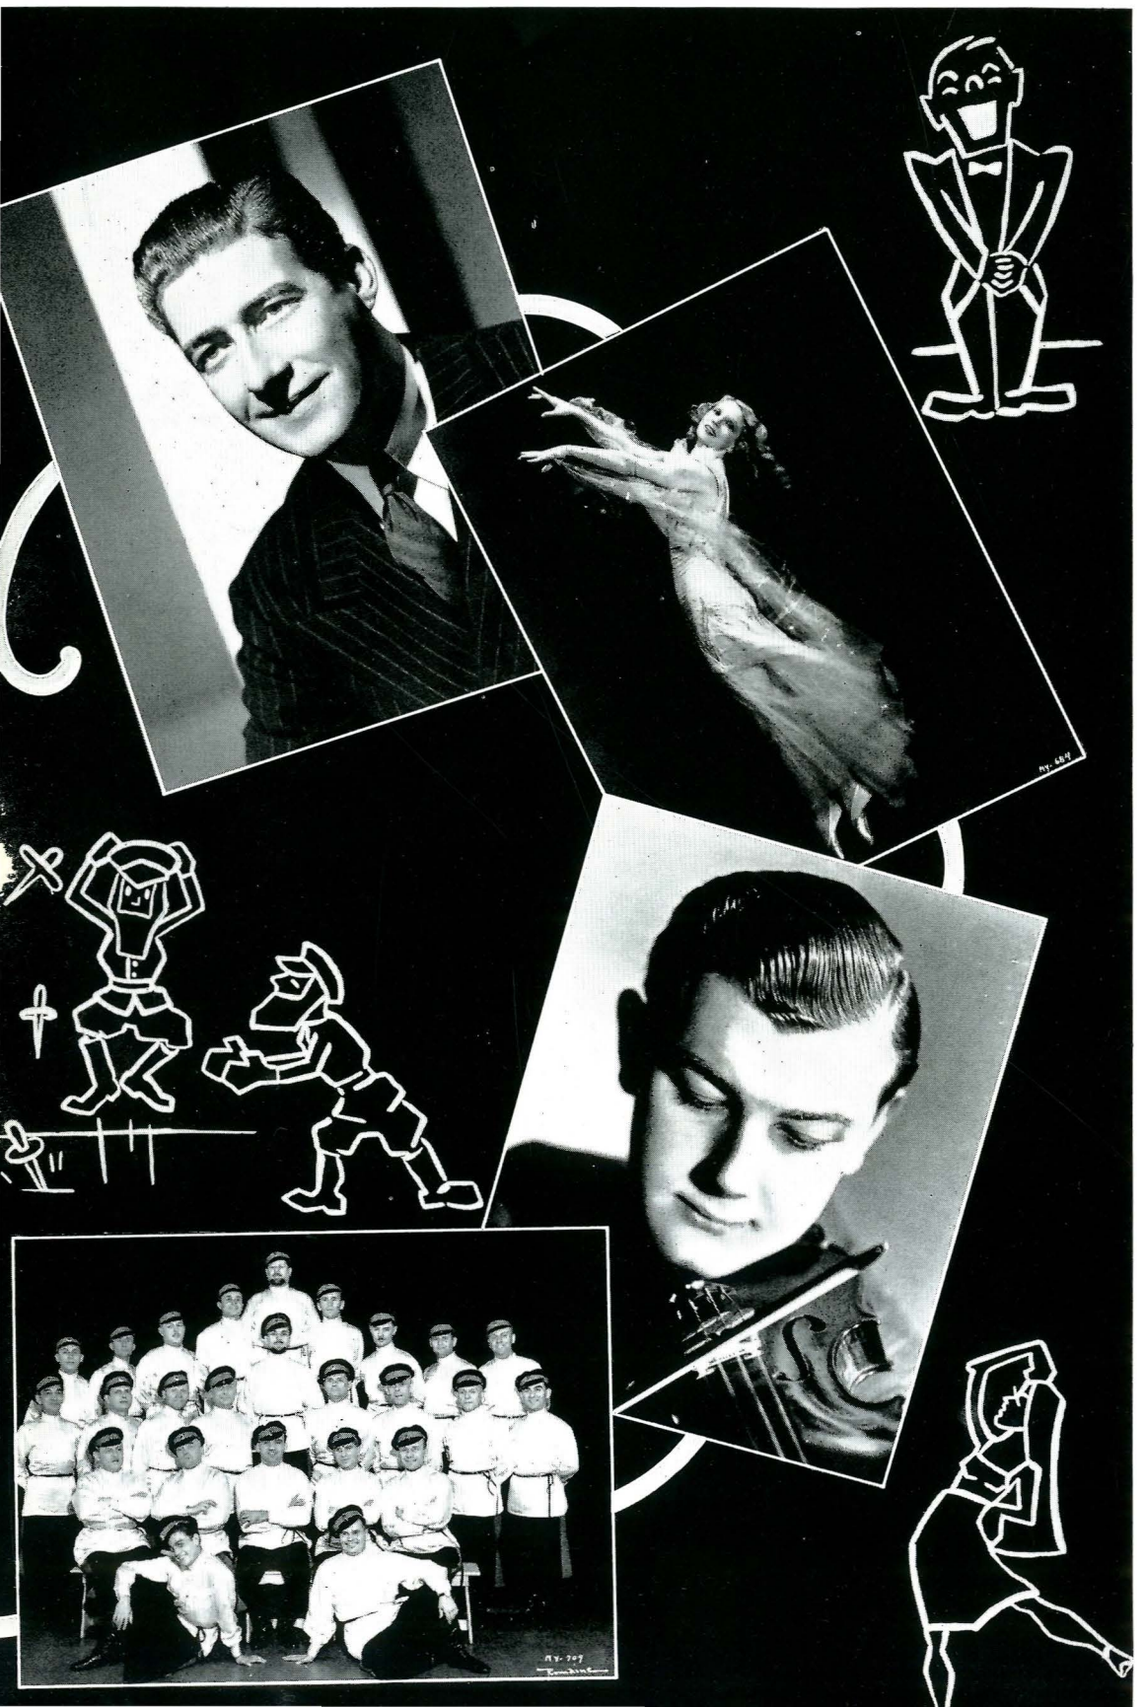


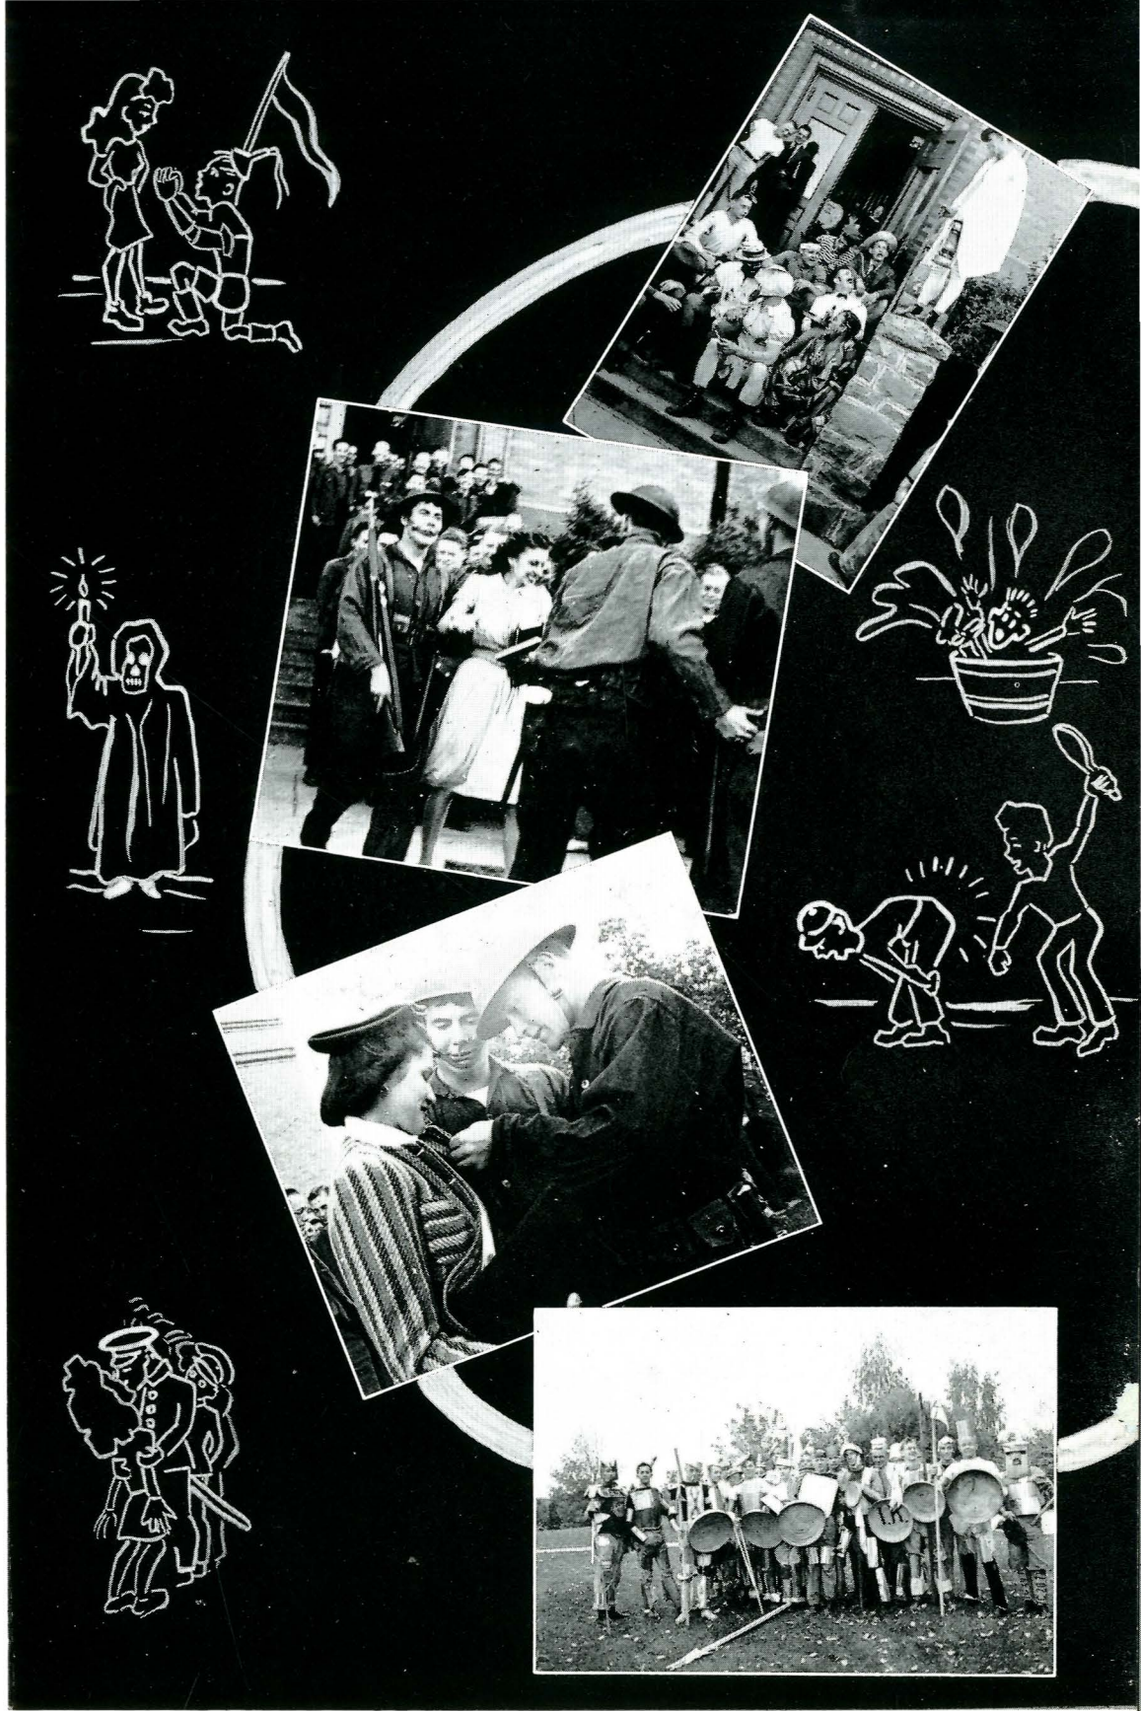
High School Week

Speakers . . . Miss Josephine Roche . . . noted lecturer . . . Dean Otis McCreery . . . Dean of Men at Washington State College . . . The production of the "Mikado" . . . spring musical which was heralded as one of the best yet . . . The Montana Association of Future Farmers of America convention . . . held in the barracks . . . with approximately five hundred participating . . . General chairman . . . Mr. Merrill Good . . . for the second year in a row . . .

Outside Entertainment

Some of the finest artists in the country have come to Montana State College through the auspices of the Community Concert . . . Top to bottom . . . Lansing Hatfield . . . young American baritone . . . Maria Gambarelli . . . who took the campus with her beauty and graceful dancing . . . Anatol Kaminski . . . twenty-year-old artist who made his debut last year in New York . . . and the Don Cossack Choir . . . whose appearance was highly acclaimed by MSC students . . .





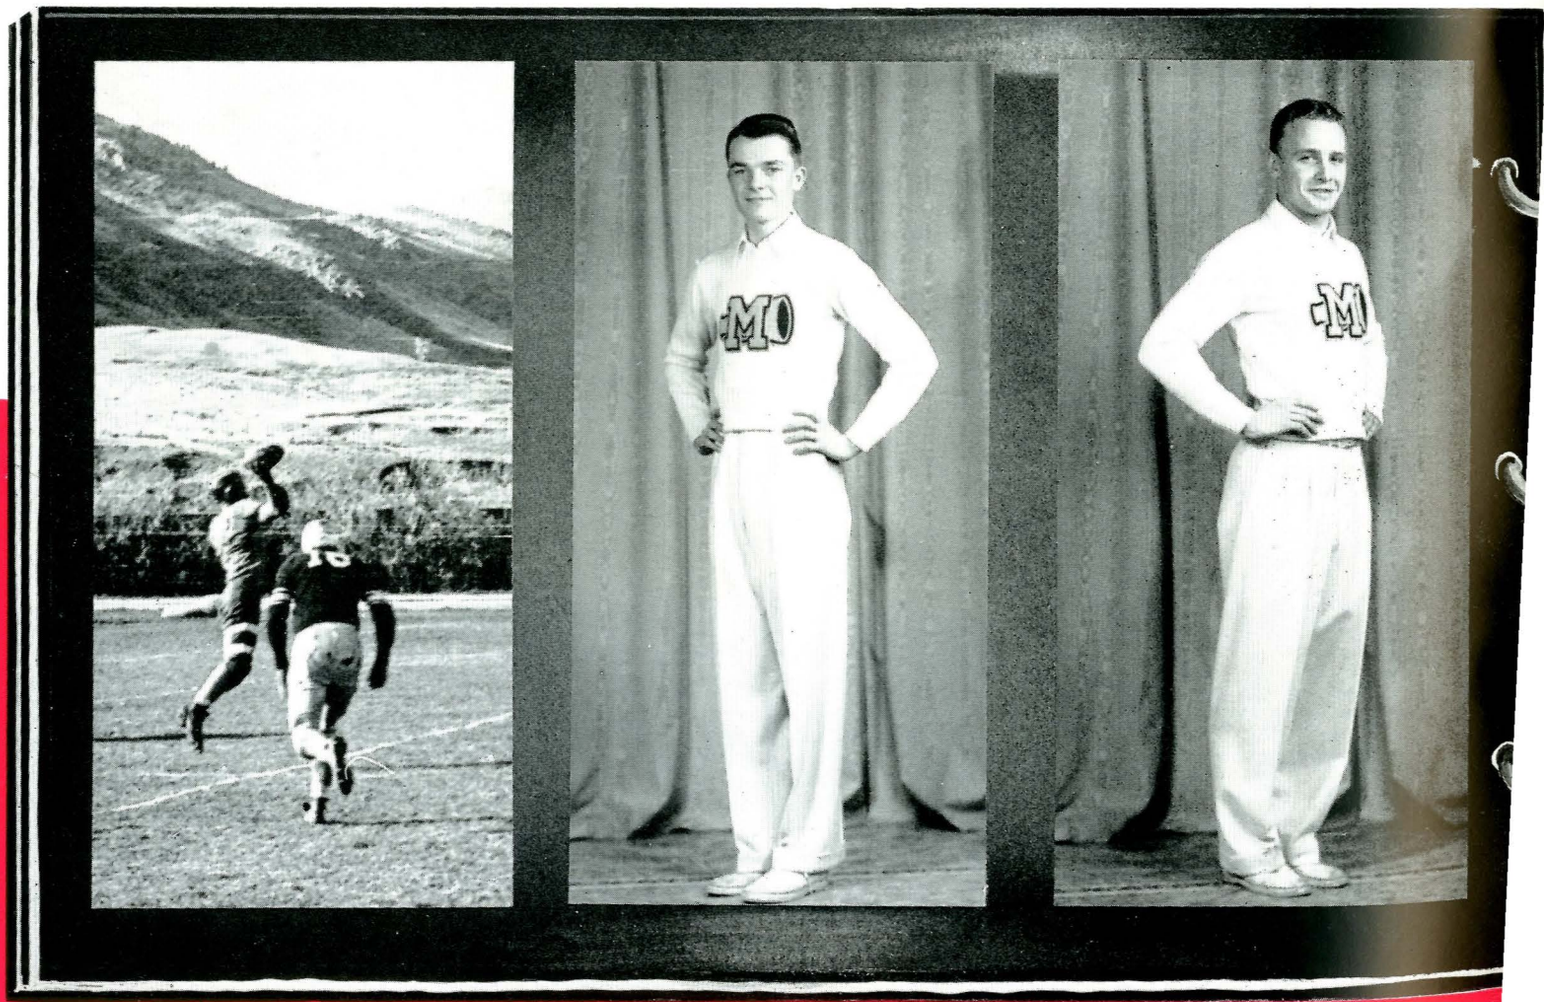
Initiations

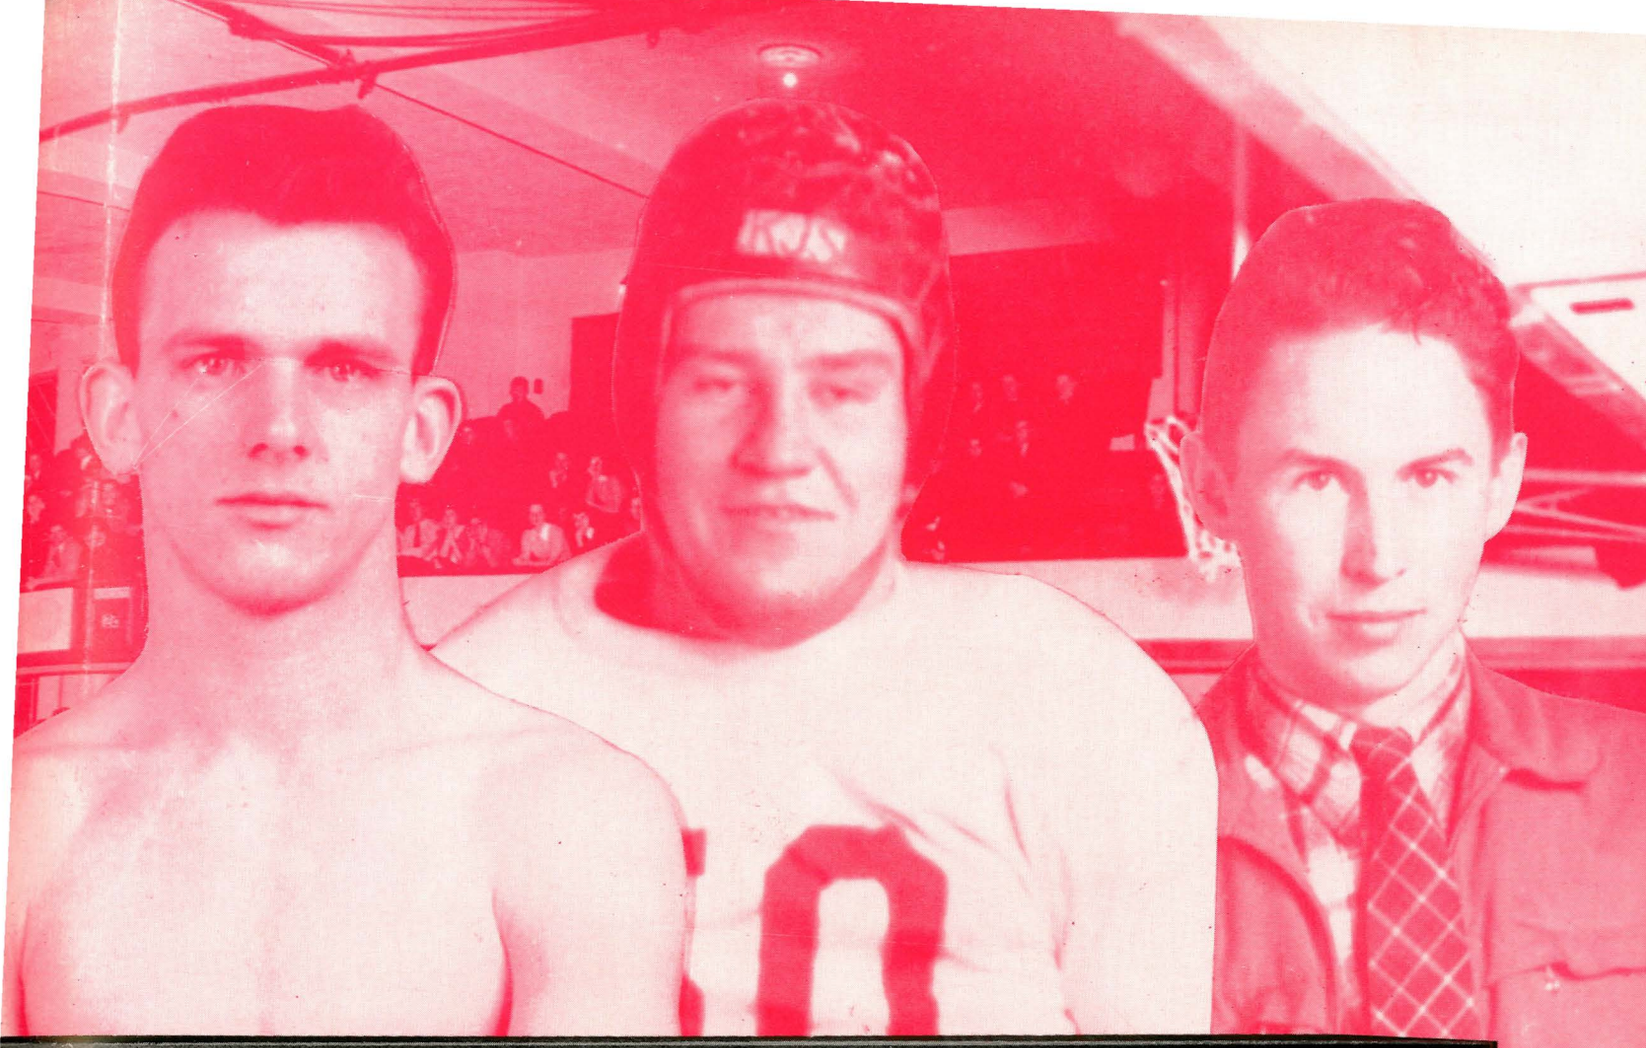
A crowd around the front door of the Student Union building . . . means an initiation in progress . . . If it is tin soldiers it means Fangs are getting some new men . . . If it is some boys in football suits it is "M" club . . . Of course, a soldier in wool is Scabbard and Blade . . . and a tuxedo could mean nothing but Les Bouffons . . . Some juniors seem to do nothing but change from one uniform to another during spring quarter . . .

Athletics

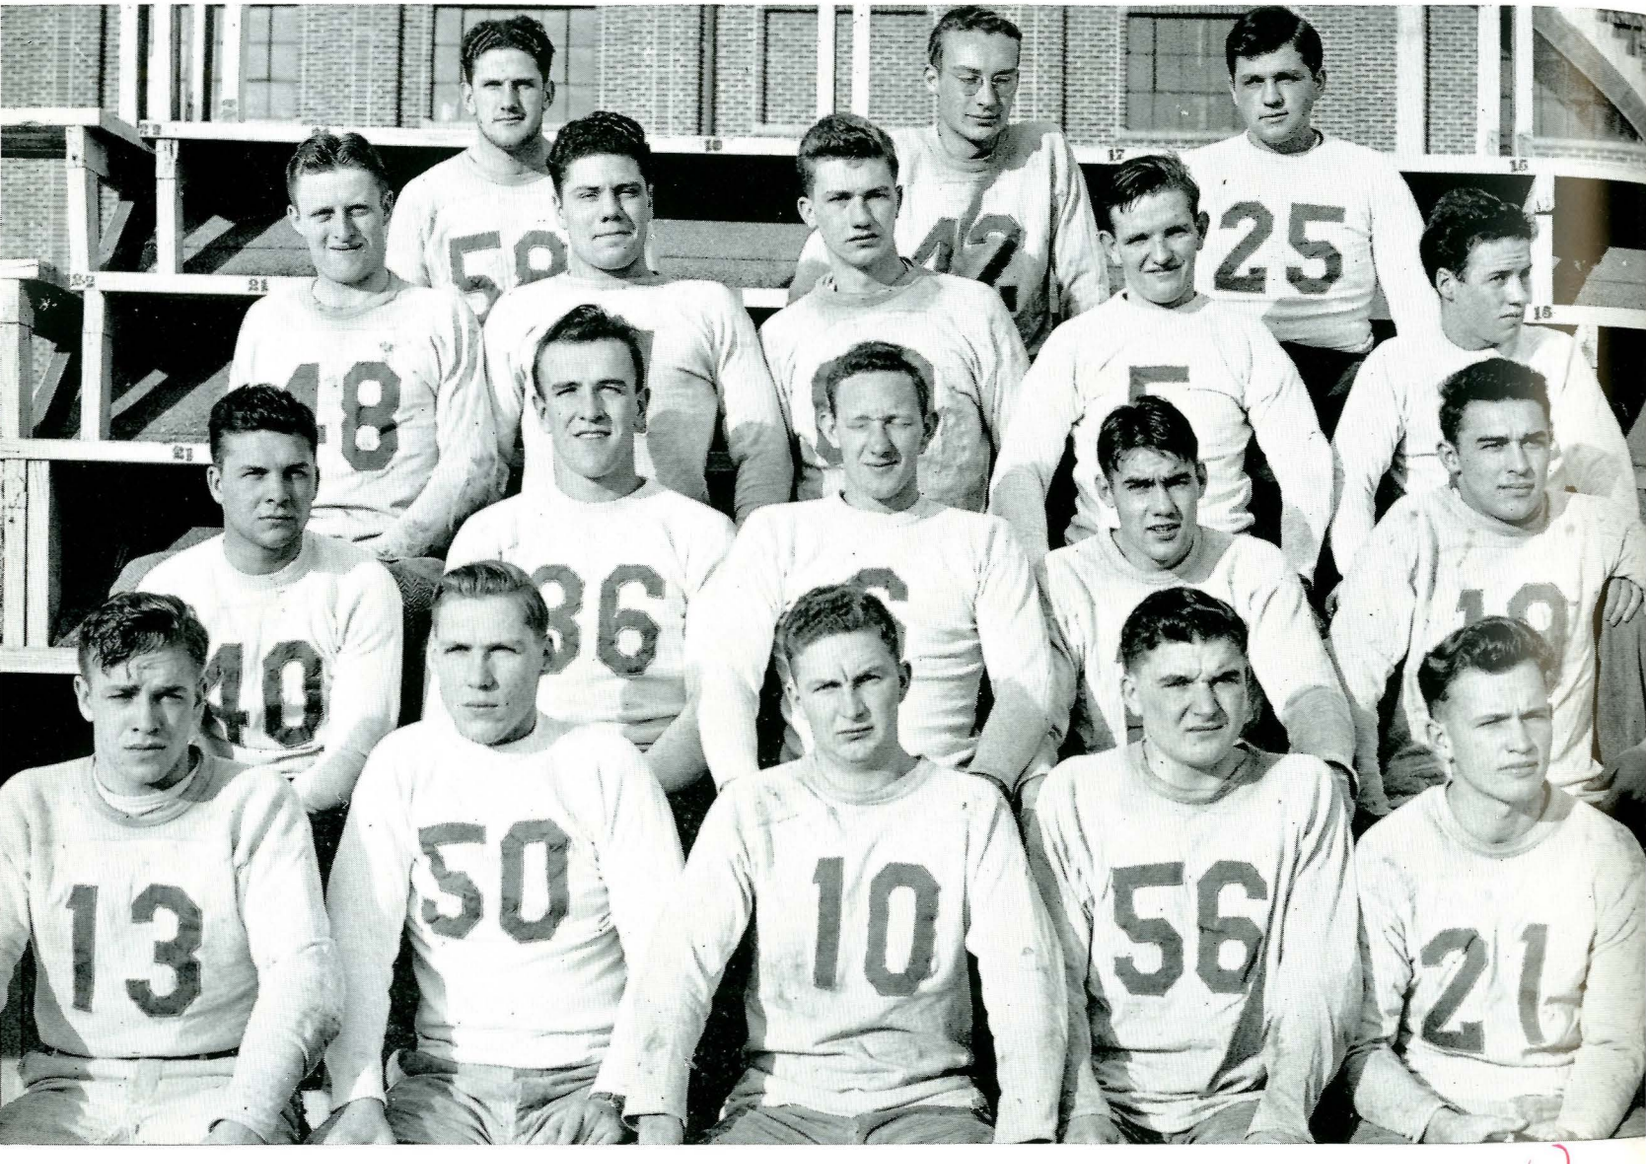
THE lifeblood of college spirit . . . and with it the "call to arms" of "Stand Up and Cheer" . . . Nothing makes a man a hero any faster than a good snappy end run when the going is tough . . . My scrap book recalls to mind four snappy yell leaders who are largely responsible for the noise that brings a lot of that spirit on . . . Left to right . . . Bob Johnson . . . George Corry . . . "Katie" Griggs . . . and Yell King Howard Jacobson . . . A hoarse voice to them means success . . .

We would like to stop and salute three types of athletes who seldom get as much honor as they should have . . . First . . . represented by Cecil Higgins . . . the minor sportsman . . . Second . . . Art Dugan . . . the type that works hard and plays quite a bit but just doesn't quite get a letter . . . and third . . . Kirby Whitham . . . of the group who have been influential in getting skiing placed in the position of a minor sport . . . it was made possible only through some good performance and plenty of work . . .





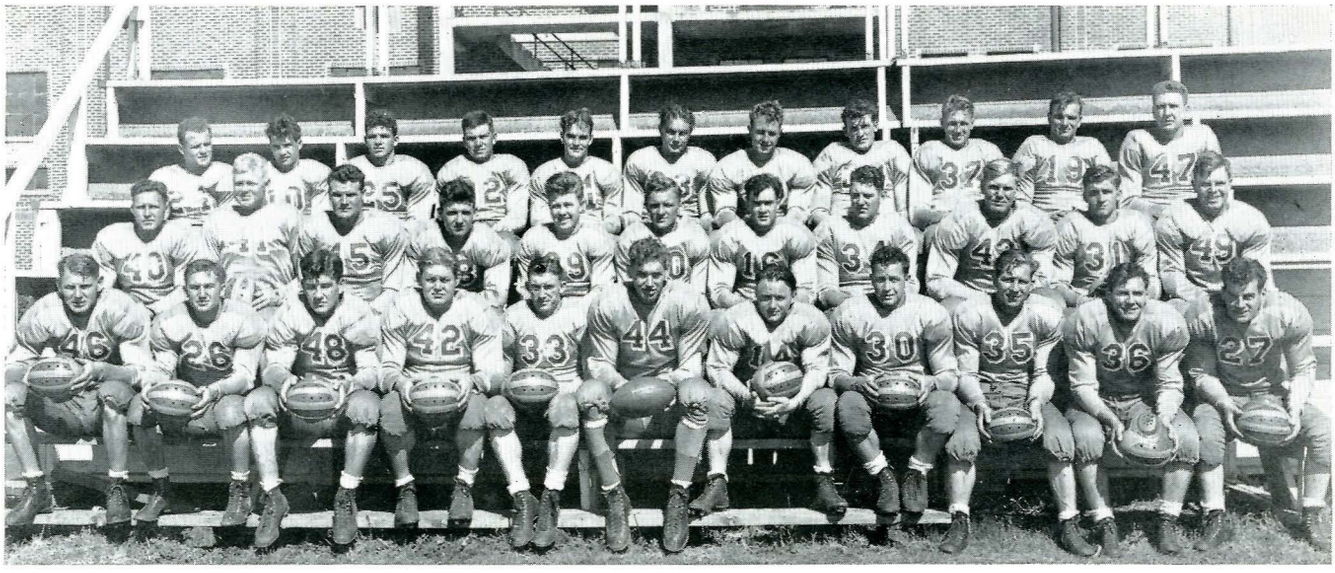
Freshmen Gridmen



Top row . . . Herman Peterson . . . Norman Hanson . . . Tom McCartney . . . Second row . . . Dick Brickley . . . Bob Ballard . . . Karl Fye . . . Bob Whalen . . . Mel Sherwood . . . Third row . . . George Domme . . . Kenneth Schmidt . . . Shirl Williamson . . . Bill Leary . . . Eli Milodragovich . . . Fourth row . . . Art Parsons . . . John Barrow . . . Ray Olson . . . Bill Zupan . . . Art Zemple . . .

Football

Schube Dyche . . . An old timer at the game of coaching and knows all the angles . . . Medium built, wiry, full of spirit and determination . . . A great moral builder and respected by all who know him. ◆ *Gordon Thompson* . . . A manager that was ready and willing to do anything to help . . . A lad who was constantly putting forth everything for the betterment of the team. ◆ *Harold Saddler* . . . Built up one of the best Freshman teams in years . . . An ex-Bobcat player himself a very capable man to make the Kittens ready to do their share for Schube Dyche and the varsity.



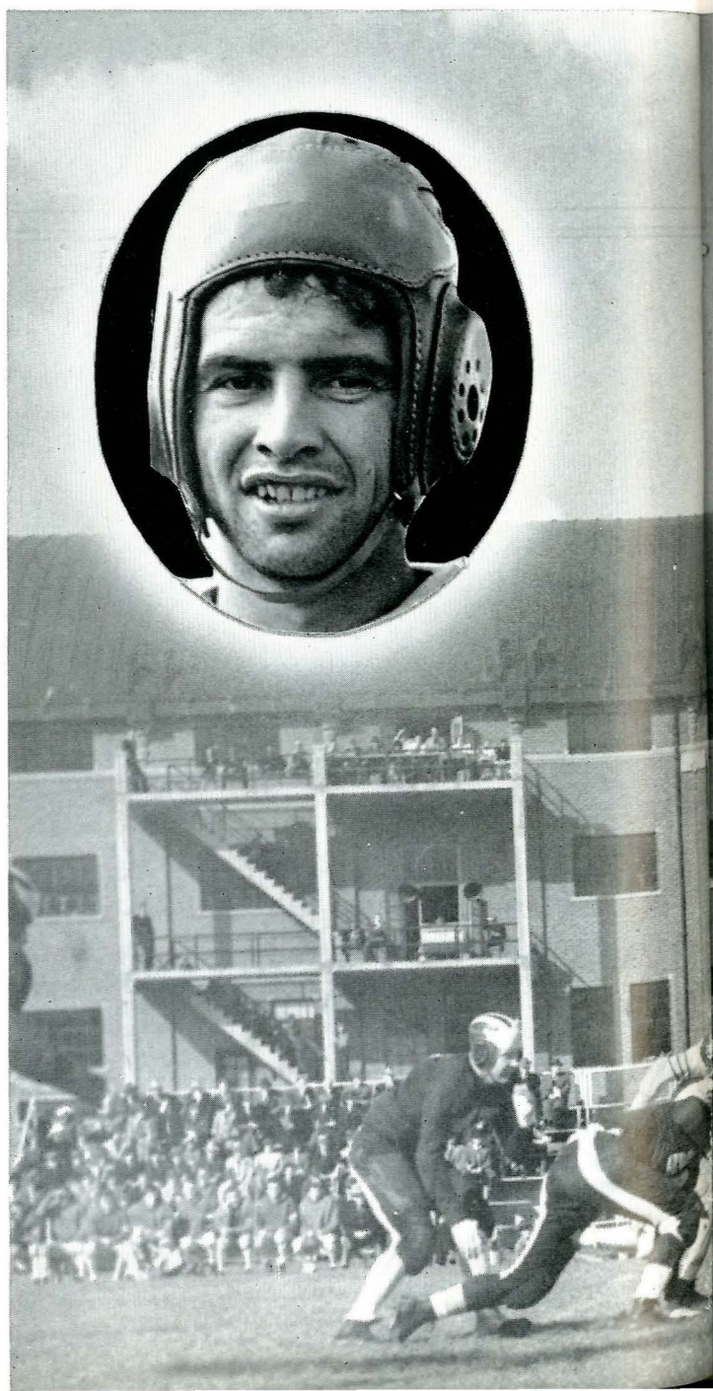
The Squad

TOP ROW—R. Duley, J. Phelan, A. Lovera, G. Wallis, F. Brown, D. Wold, M. Stark, B. Boylan, A. Nelson, R. Olson, J. Burke.
SECOND ROW—G. Sutich, G. Alquist, E. Arnold, B. Kelso, B. Aikens, R. Leland, J. Hodgson, A. Ralston, F. Ramstad, O. Beller, N. Berg.
THIRD ROW—C. Dogterom, J. Krall, A. Dugan, D. Jarvi, J. Monforton, L. Scharmota, K. Nuckolls, L. Stone, C. Vaughn, A. Farrell, J. May.

Phelan

The Season

A fifty-fifty split . . . four wins and four losses . . . all of the latter to strong teams . . . A ceded team in the Rocky Mountain Conference . . . Lost the only conference game to the strong team from Colorado Mines . . . and ended in third place . . . Played a strenuous schedule which included such teams as Drake and San Jose State . . . The team . . . Light . . . but fast and full of winning spirit . . . this year a small squad due to the loss of sixteen men to the army and air corps . . . spirited . . . Once faced with the choice of playing with a squad of thirty-three men or dropping the schedule, the team chose to go ahead and do their best, which was plenty evident . . . All in all a very successful season . . . Two all-conference positions were garnered by Jack Burke, tackle, and Newell Berg, guard.



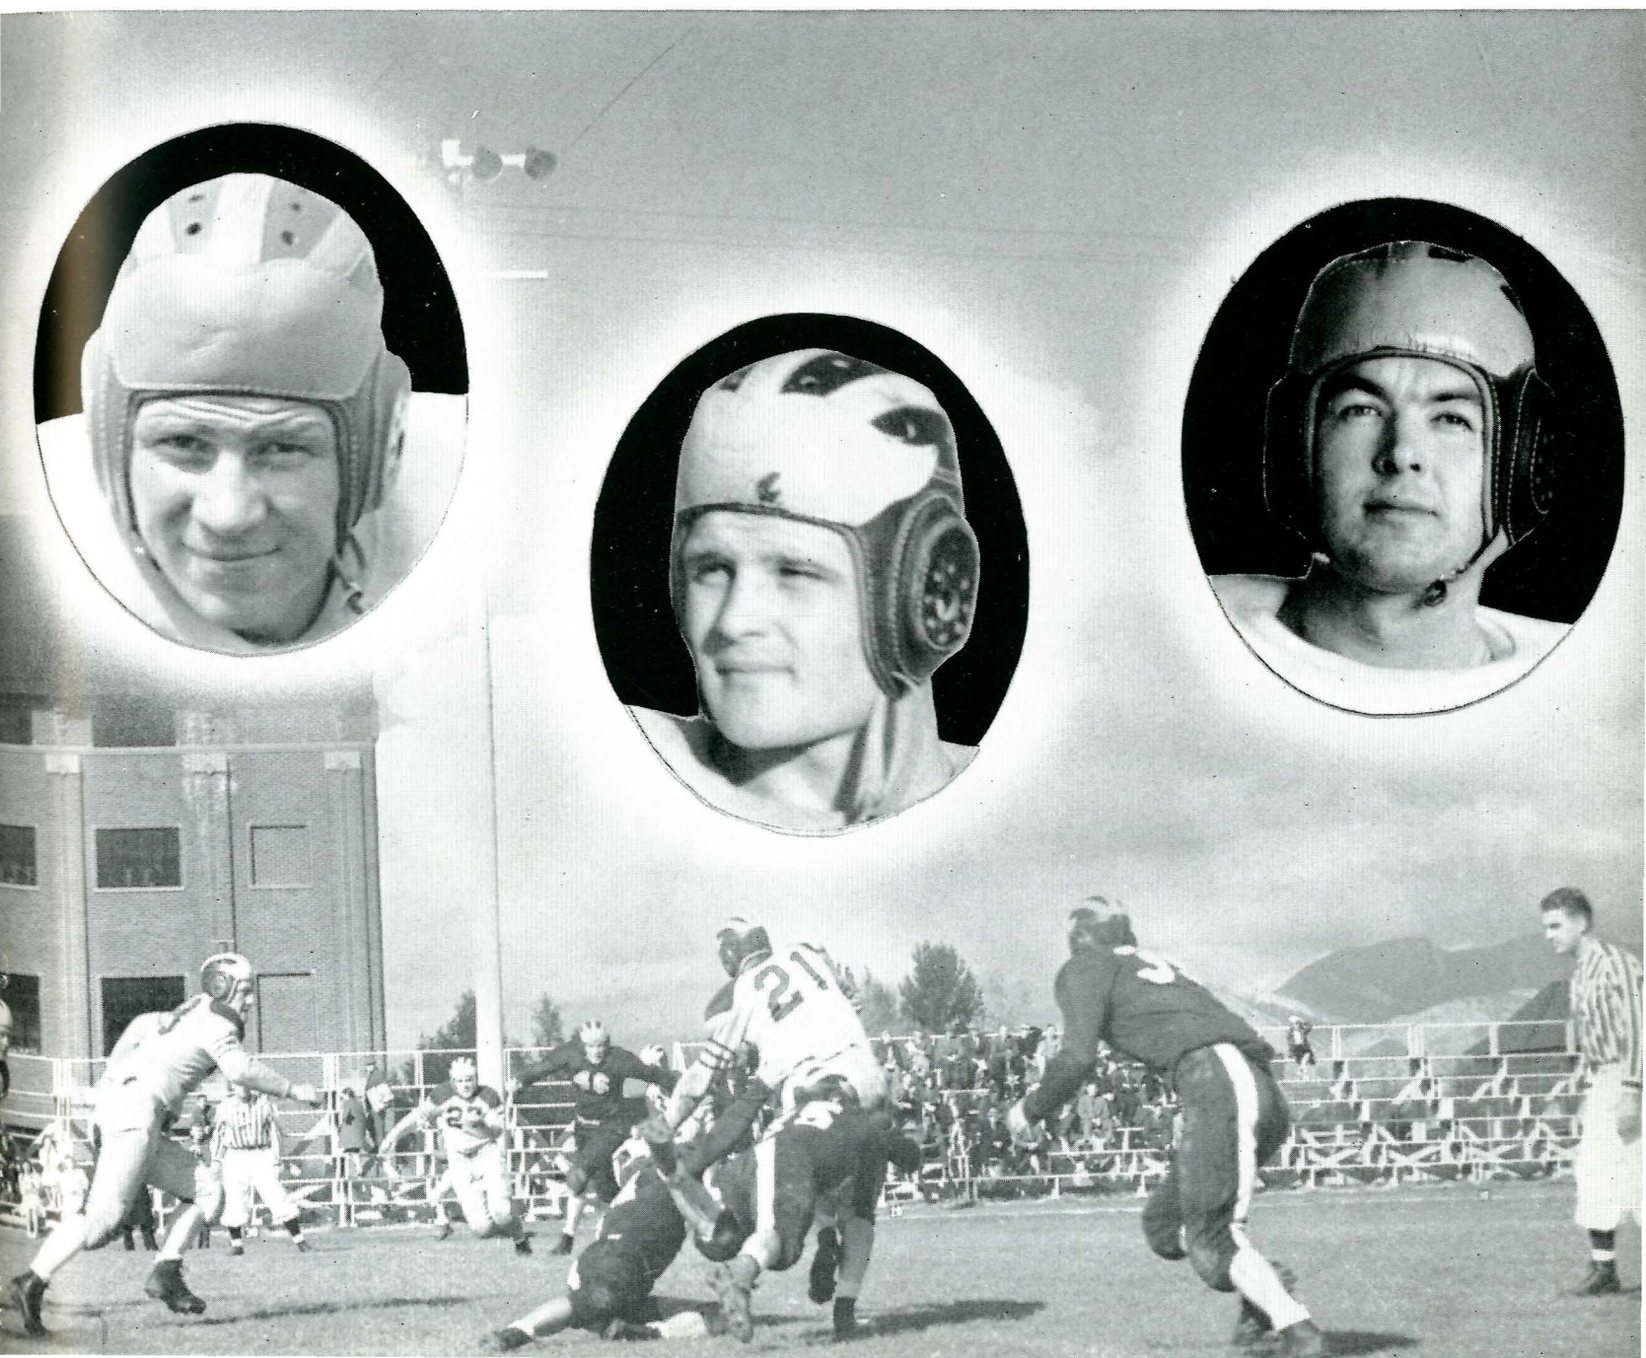
North Dakota

Outweighed by ten pounds . . . Homecoming game . . . A beautiful day and a beautiful game . . . stands full of spectators . . . Brick Vaughn ran hard and spirited the team to a 6-0 win . . . Ray Duley was in on every tackle and made the big boys from Dakota look like chumps . . . Quarterback Johny Phelan ran one punt after another through a long string of tacklers . . . and Joe McGeever opened up holes that even I could run through . . .

Vaughn

Duley

McGeever



A fast game . . . A field day for ends and backs . . . The first game of the season . . . showing that the decision of the squad to continue the schedule was the thing to do . . . The score . . . Two touchdowns for the Bobcats . . . Joe May showed his experience and did some tricky running . . . Leonard Scharmota was hot on the receiving end of passes . . . and Addy Farrell swept the ends of the opposing line for one touchdown and some very nice gains . . .

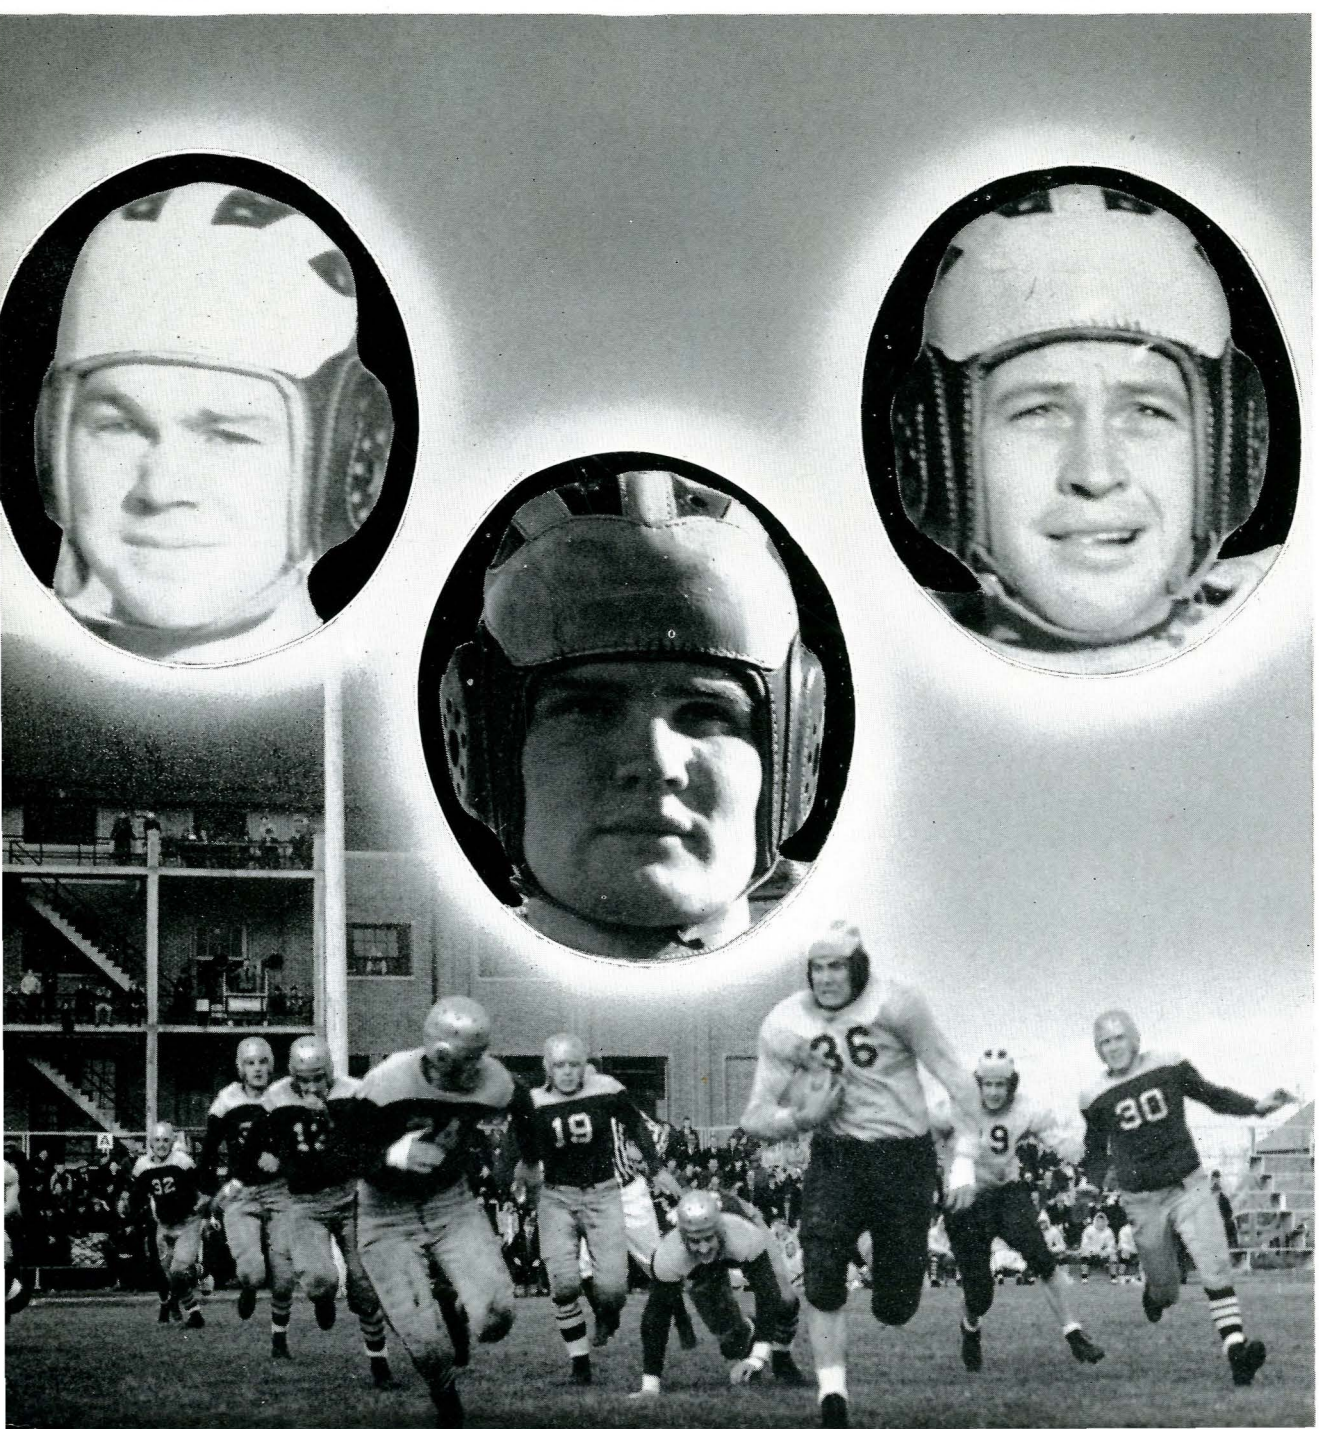
Montana U

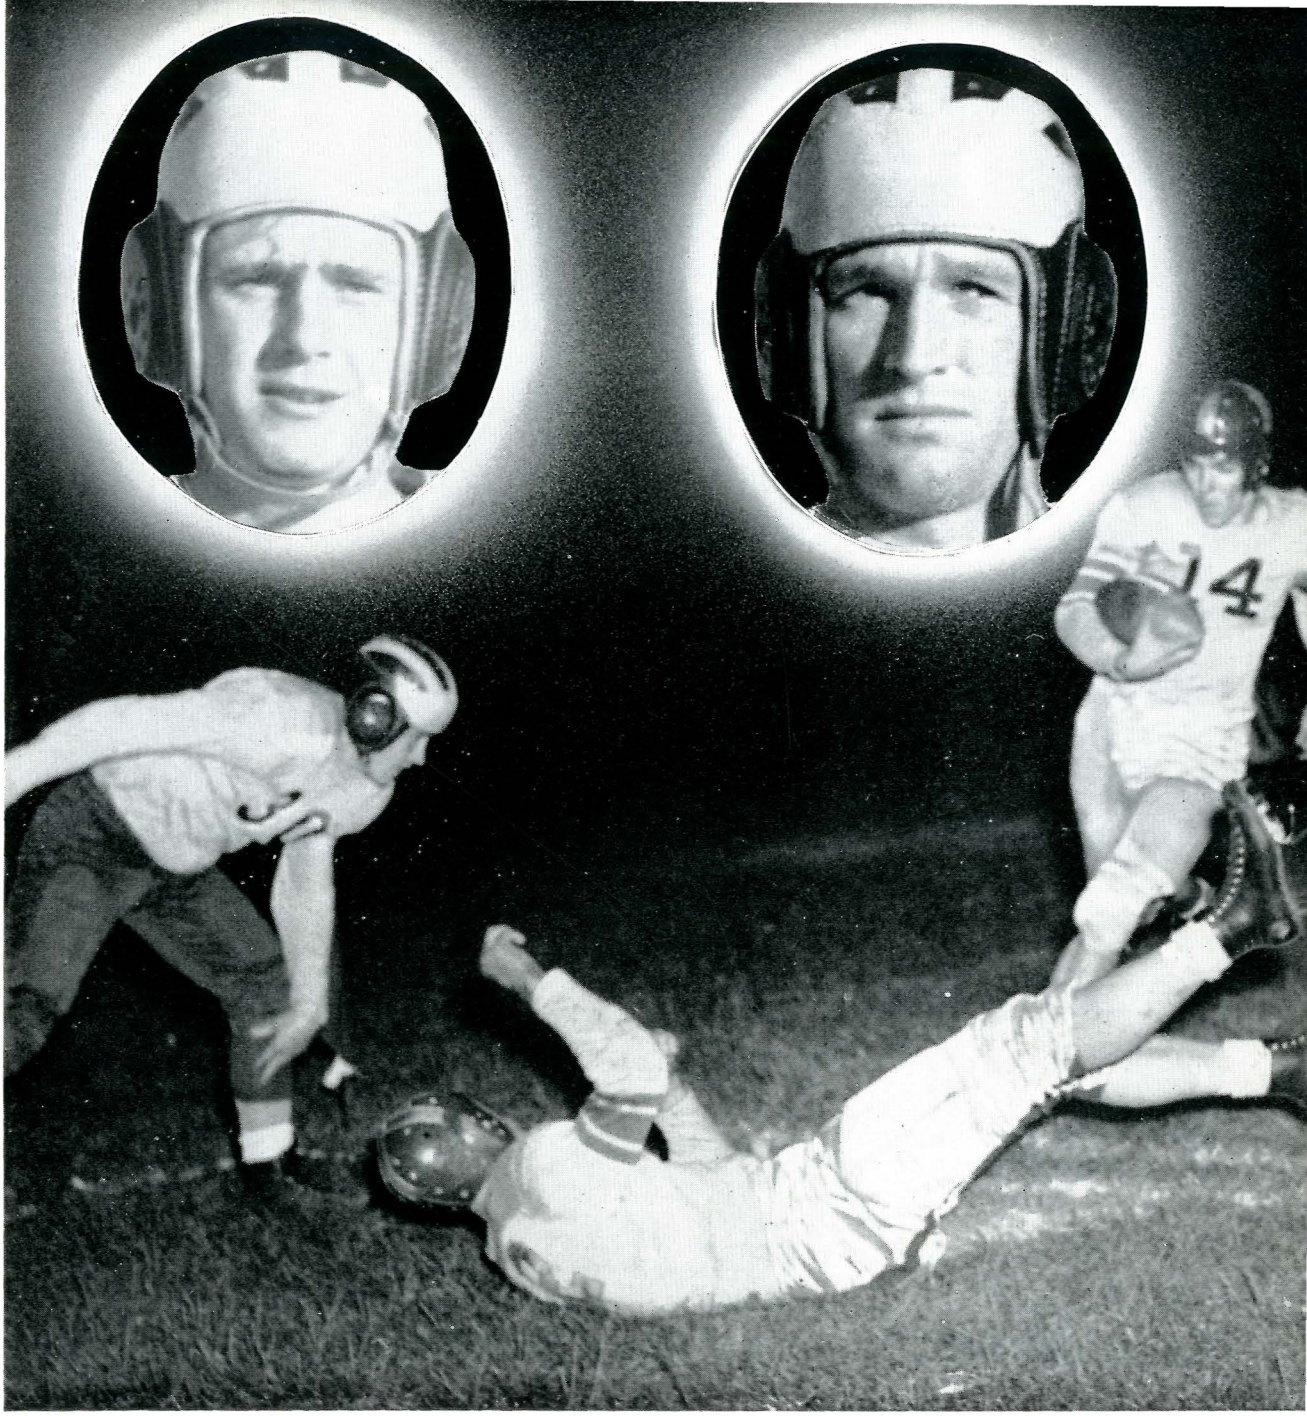
Minus some of the best players due to injuries of previous games . . . Went in as the under dogs and came out with plenty of praise and on the short end of a 6 to 0 score . . . The usual smashing game with excitement running its course . . . "Rock" Olson proved his ability by sparking the team and throwing his 155 pounds into the big men of the U . . . Jack Burke was the power that opened the holes when the going got tough . . . Art Lovera had a field day on tackles . . . many of them behind the line of scrimmage . . .

Idaho Southern

A wet, cold day . . . Many fumbles . . . Neither team spectacular . . . but both tough . . . A scoreless tie until the last thirty seconds of play . . . Then a splurge by the Cats and a touchdown . . . A hard day on the backs . . . but a good day for the linemen . . . George Wallis smashed through for several good tackles . . . Ed Arnold showed great possibilities for coming years by his all-around ability at tackle . . . "Porky" Stone . . . a great job of running, passing and kicking proving his ability as a triple threat man.

Wallis Arnold Stone





Drake

A travel-weary Bobcat team hitting one of the toughest in the nation . . . Max Stark showing his running ability by repeated gains . . . Jim (Monty) Monforton proved his versatility by playing both end and wing-back with plenty of spirit . . . Odds too great for Cats to surmount but the game did not justify the score . . . Drake, using power and deception with plenty of reserve strength, wore down a brilliant defense and scored at will . . . Final score 54-0 . . .

Freshman Courtmen

Top Row: R. Brickley, W. Jorgenson, J. Epkes, E. Olson, W. Cratalic, B. Dean.

Bottom Row: E. Butler, E. Collins, J. Hodgson, B. Leary, N. Hanson.

Basketball

Brick Breeden . . . A former Golden Bobcat . . . A great leader and holder of respect of all the players . . . A coach that Montana State is proud to have. ◆ *Glenn Slaughter* . . . As a manager a valuable asset to the team . . . Always ready to help . . . Not many students could equal his loyal support for the team. ◆ *Floyd Roth* . . . Frosh basketball coach for two years he promises great things . . . For two years has produced an outstanding team . . . His boys are and will continue to be a valuable asset to the varsity.

The Squad

TOP ROW—F. Adams (trainer), T. Nelson, C. Dogterom, O. Jacques, Bricken Breeden (coach), G. Slaughter (manager).
MIDDLE ROW — D. Jorgenson, C. Robinson, J. Brickley, J. Hall, M. Stark.
BOTTOM ROW—F. Rooley, D. Mizner, G. Anderson, B. Stachwick.

The Season

A flashy team at first . . . Promise of being one of the best in years . . . Ceded first in the Conference race . . . Placed Don Jorgenson on the All Conference team . . . All went well until the pressure showed some of the boys out of shape and not training . . . Events finally came to a head with Coach Breeden cutting seven men from the squad for violation of training rules . . . Results . . . A more determined, better spirited squad showing excellent teamwork and drive . . . Not enough time to repair the damage done and could not raise any higher than third place in the conference . . . On the whole not a very successful season but out of it all a newfound respect for Coach Brick Breeden.

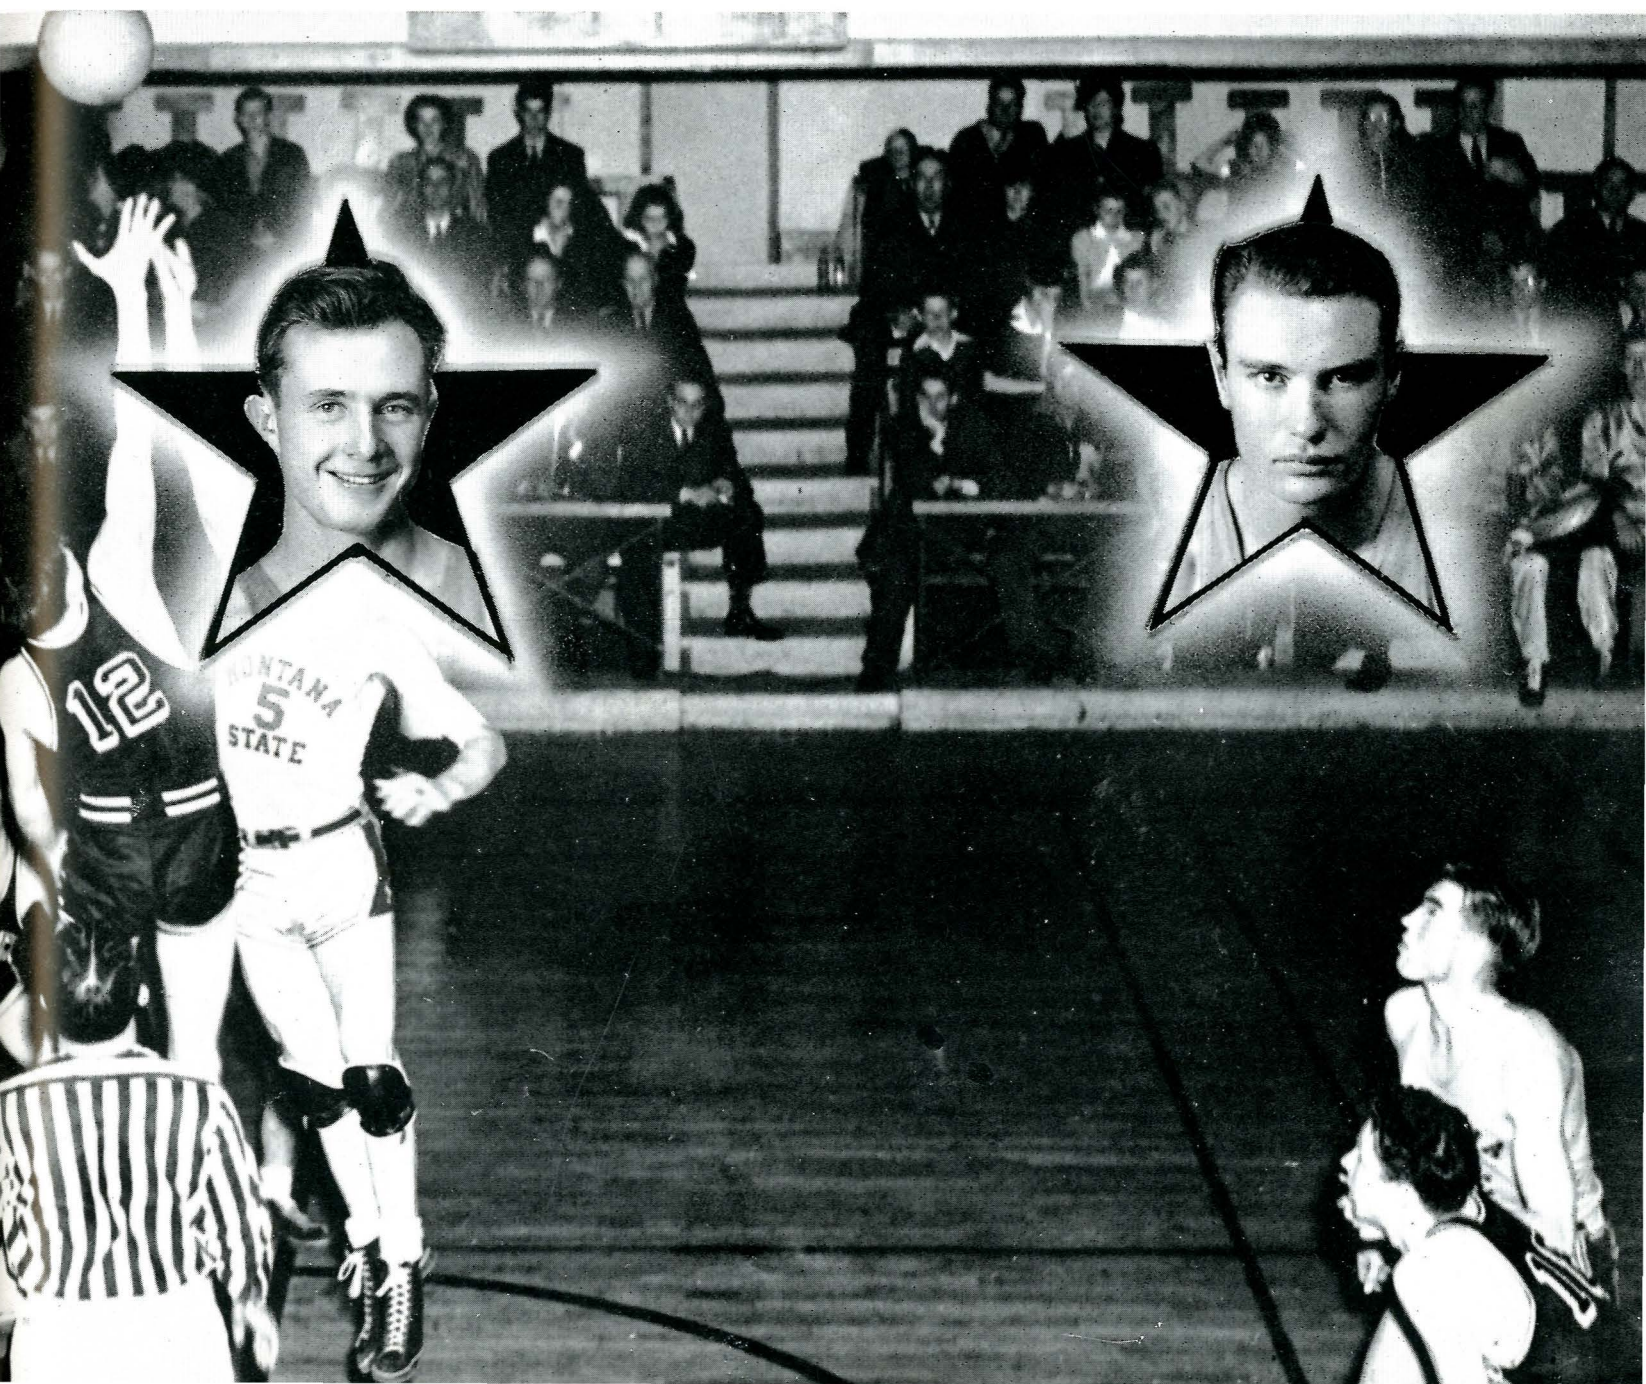
Robinson

Colorado Mines

First games for the Bobcats after the shake-up . . . Plenty of spirit and teamwork shown by all . . . Anderson, Robinson, and Stark leading the team to victory in one out of the two games . . . Won the first night 47-31 to take the lead in the R. M. C. race . . . Lost the second night . . . A heartbreaker by a score of 45-46 to end up third in the Conference race . . . Everyone well satisfied with renewed hope to beat the University.

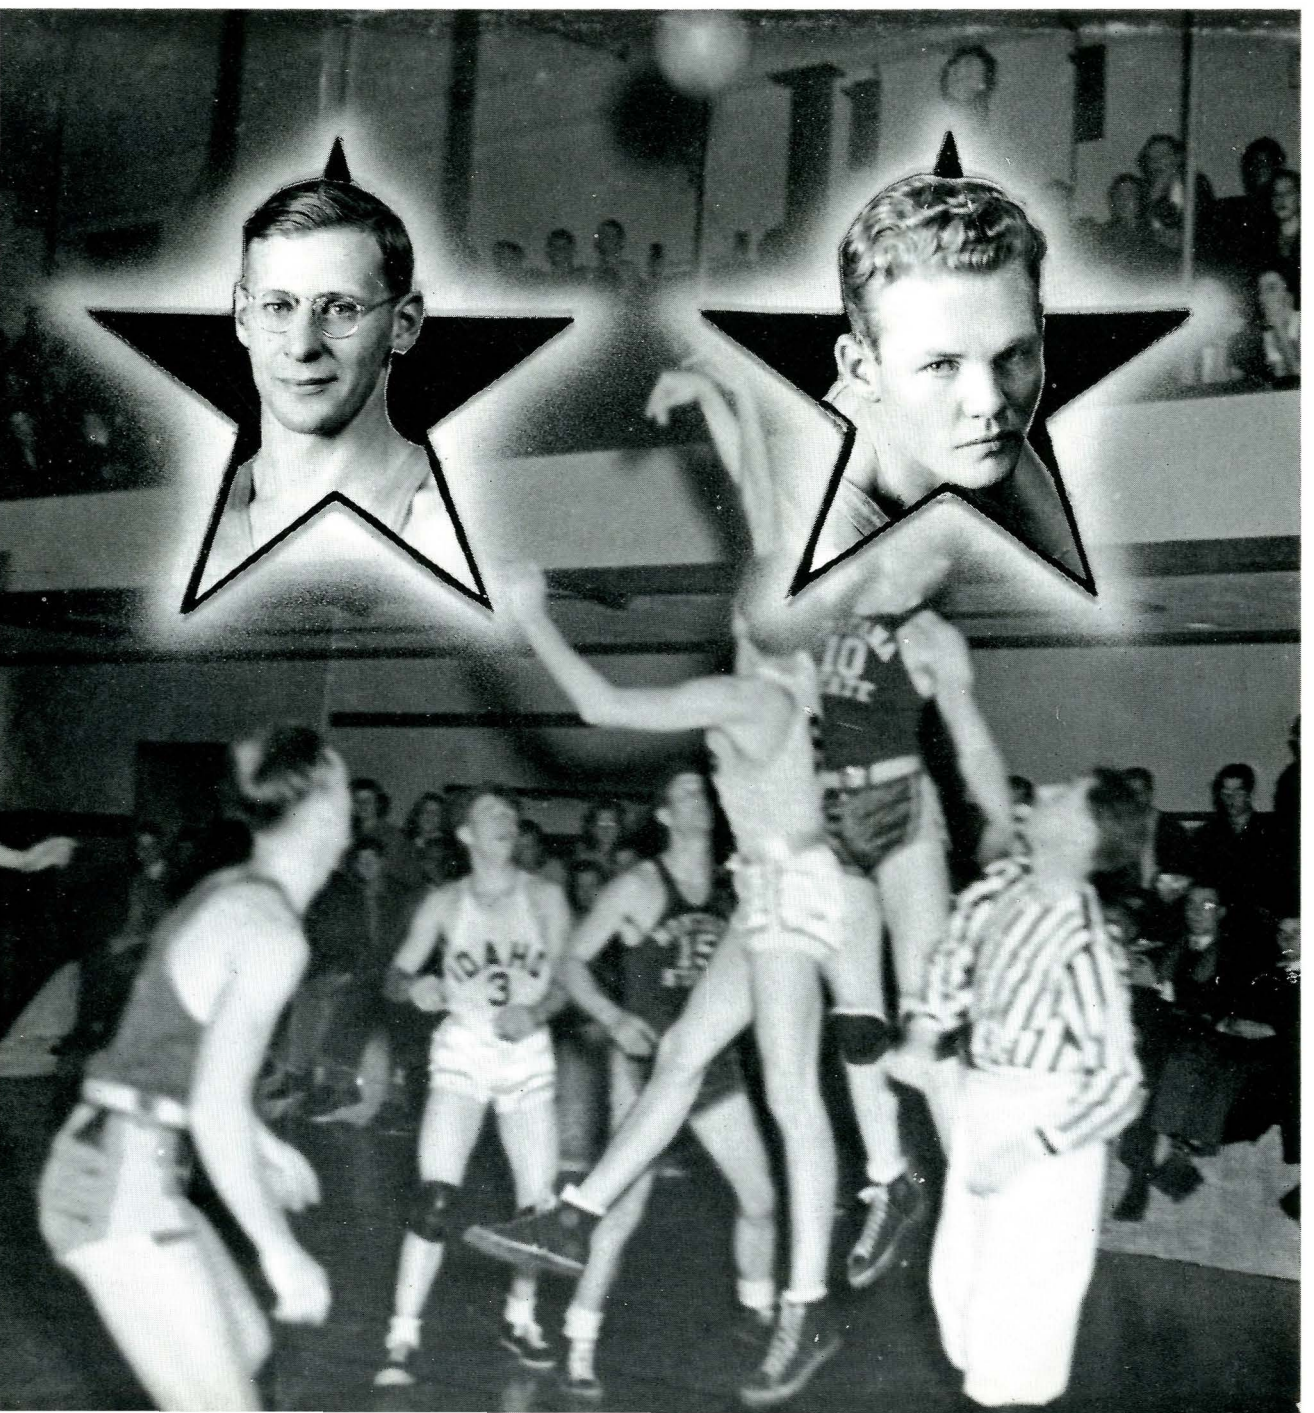
Stark

Anderson



Idaho Southern

Traveled 250 miles to take two easy games from Idaho Southern Branch . . . Scores . . . 38-30 and 44-34 . . . Jack Brickley showing some of his old zip by leading in the scoring . . . Danny Mizner played his well known game of bang-up basketball and I do mean bang-up . . . In fact, everyone playing good basketball.



Montana U

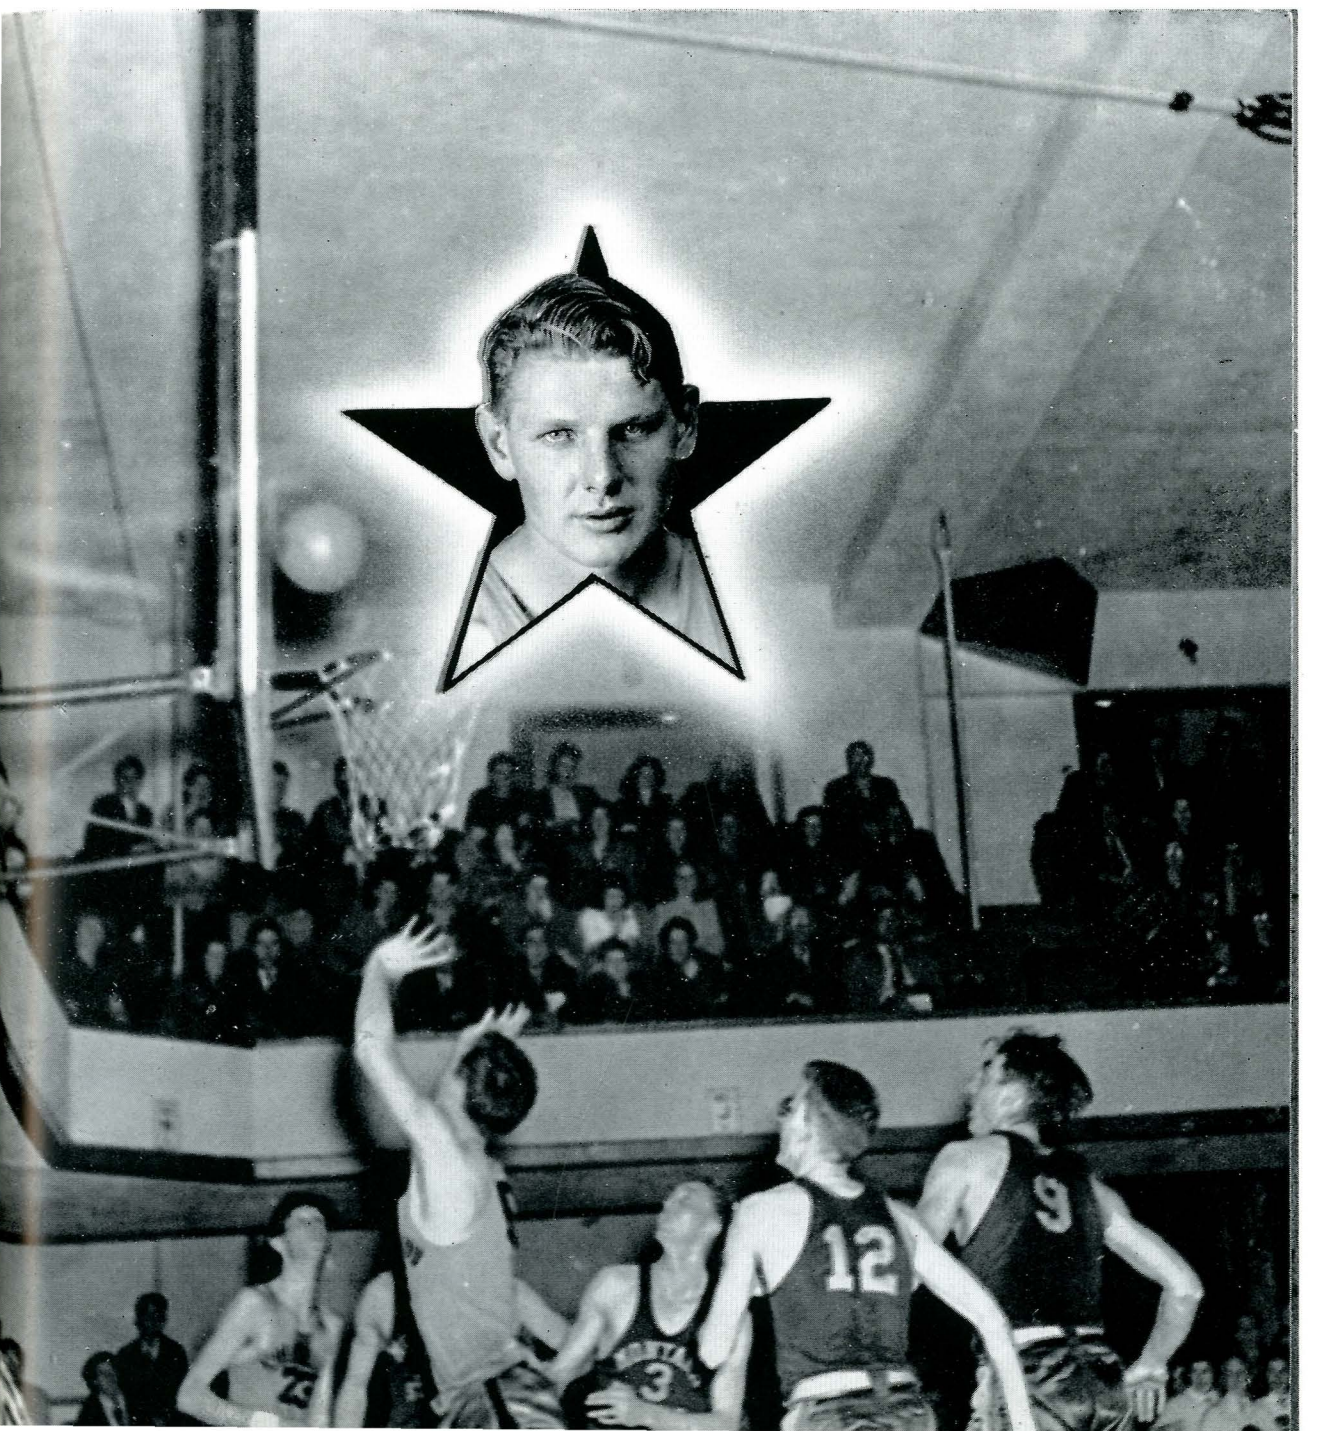
Another renewal of an age old rivalry . . . The Grizzlies winning both games through their ability to connect on free throws more consistently . . . Bob Stachwick covered more space on the floor than the paint does in covering Jones and DeGroot . . . Toby Nelson showing the crowd some very clever ball handling and some very nice shooting . . . Scores . . . 42-47 and 48-49.

Bouncing back after the double defeat by the University the Cats took vengeance on Colorado College . . . Don Jorgenson took the lead in scoring with Johnny Hall using his height to take the ball off the backboard . . . A very snappy ball game with plenty of action by both teams . . . Scores . . . 46-42 and 47-32.

Colorado College

Fast snappy games with plenty of action throughout . . . Cats proving too much for the boys from Rexburg, Idaho . . . Dogterom not only getting scoring honors but playing a brilliant game at defense . . . A fast breaking offense that held the crowd spellbound . . . Results . . . two wins . . . Scores . . . 66-38 and 59-47 . . .

Ricks



Omaha

The first game a walk-away for the Cats with a score of 52-32 . . . Omaha boys more than a little dazzled by the fast-breaking cats . . . The second game somewhat different . . . The boys from Nebraska catching on to the Cats' game . . . A nip and tuck game with the Cats just ahead . . . Jacques using his pivot shot to keep the Cats in the lead . . . Final score 31-30 with everyone well satisfied . . .

Hamline U. from St. Paul using one of the finest slow breaking offenses seen on the Bobcat floor . . . Ball handling, screening, and shooting superb . . . Kept the ball away from the Cats thus cutting down their scoring . . . Scabad playing a good game at defense and stopping several scoring plays . . . Final Score 30-38.

Editor's Page

AT a time such as this, when I can relax and look back on the busy year that is just ending, many are the pleasant memories of time spent producing this Montanan. From the embryonic stages to the final proofing, the advice, artistry, and plain man labor of everyone who has had the slightest bit to do with its production, has been appreciated . . .

Since beginning production, one year from this date, the heart-warming loyalty and excellent cooperation of the commercial representatives of every company that had anything to do with it, deserves recognition . . . To Mr. Al Salisbury of the Western Engraving Company a vote of thanks should go for many ideas on layout and for much of the art work . . . He is responsible for many of the color shots in the opening section . . .

In mentioning photography I must not overlook the many hours spent by three local men who have been very patient in making every kind of a picture that you might imagine . . . Bertil Linfield handled most of the class pictures and had them into the hands of the engraver at an earlier date than ever before . . . The father and son combination of "Shorty" and Chris Schlecten deserve a lot of credit for their many short notice trips to our campus to snap a group picture . . .

The printing, under the direction of Bill Remington, was done by The Billings Gazette. All of their staff must be commended on the fine way in which they have handled our complicated color pictures . . .

Paul Schenck of The Becktold Cover Company spent many hours in preparing the cover . . . and we salute him for a fine job . . .

I realize that my effort to adequately express sincere appreciation for assistance, both student and professional, and the cooperation of the student body, is falling far short of my desire . . . Consequently, I shall conclude my attempt by saying . . . "Thanks to you . . . and you . . . and you!"
