FOREWORD

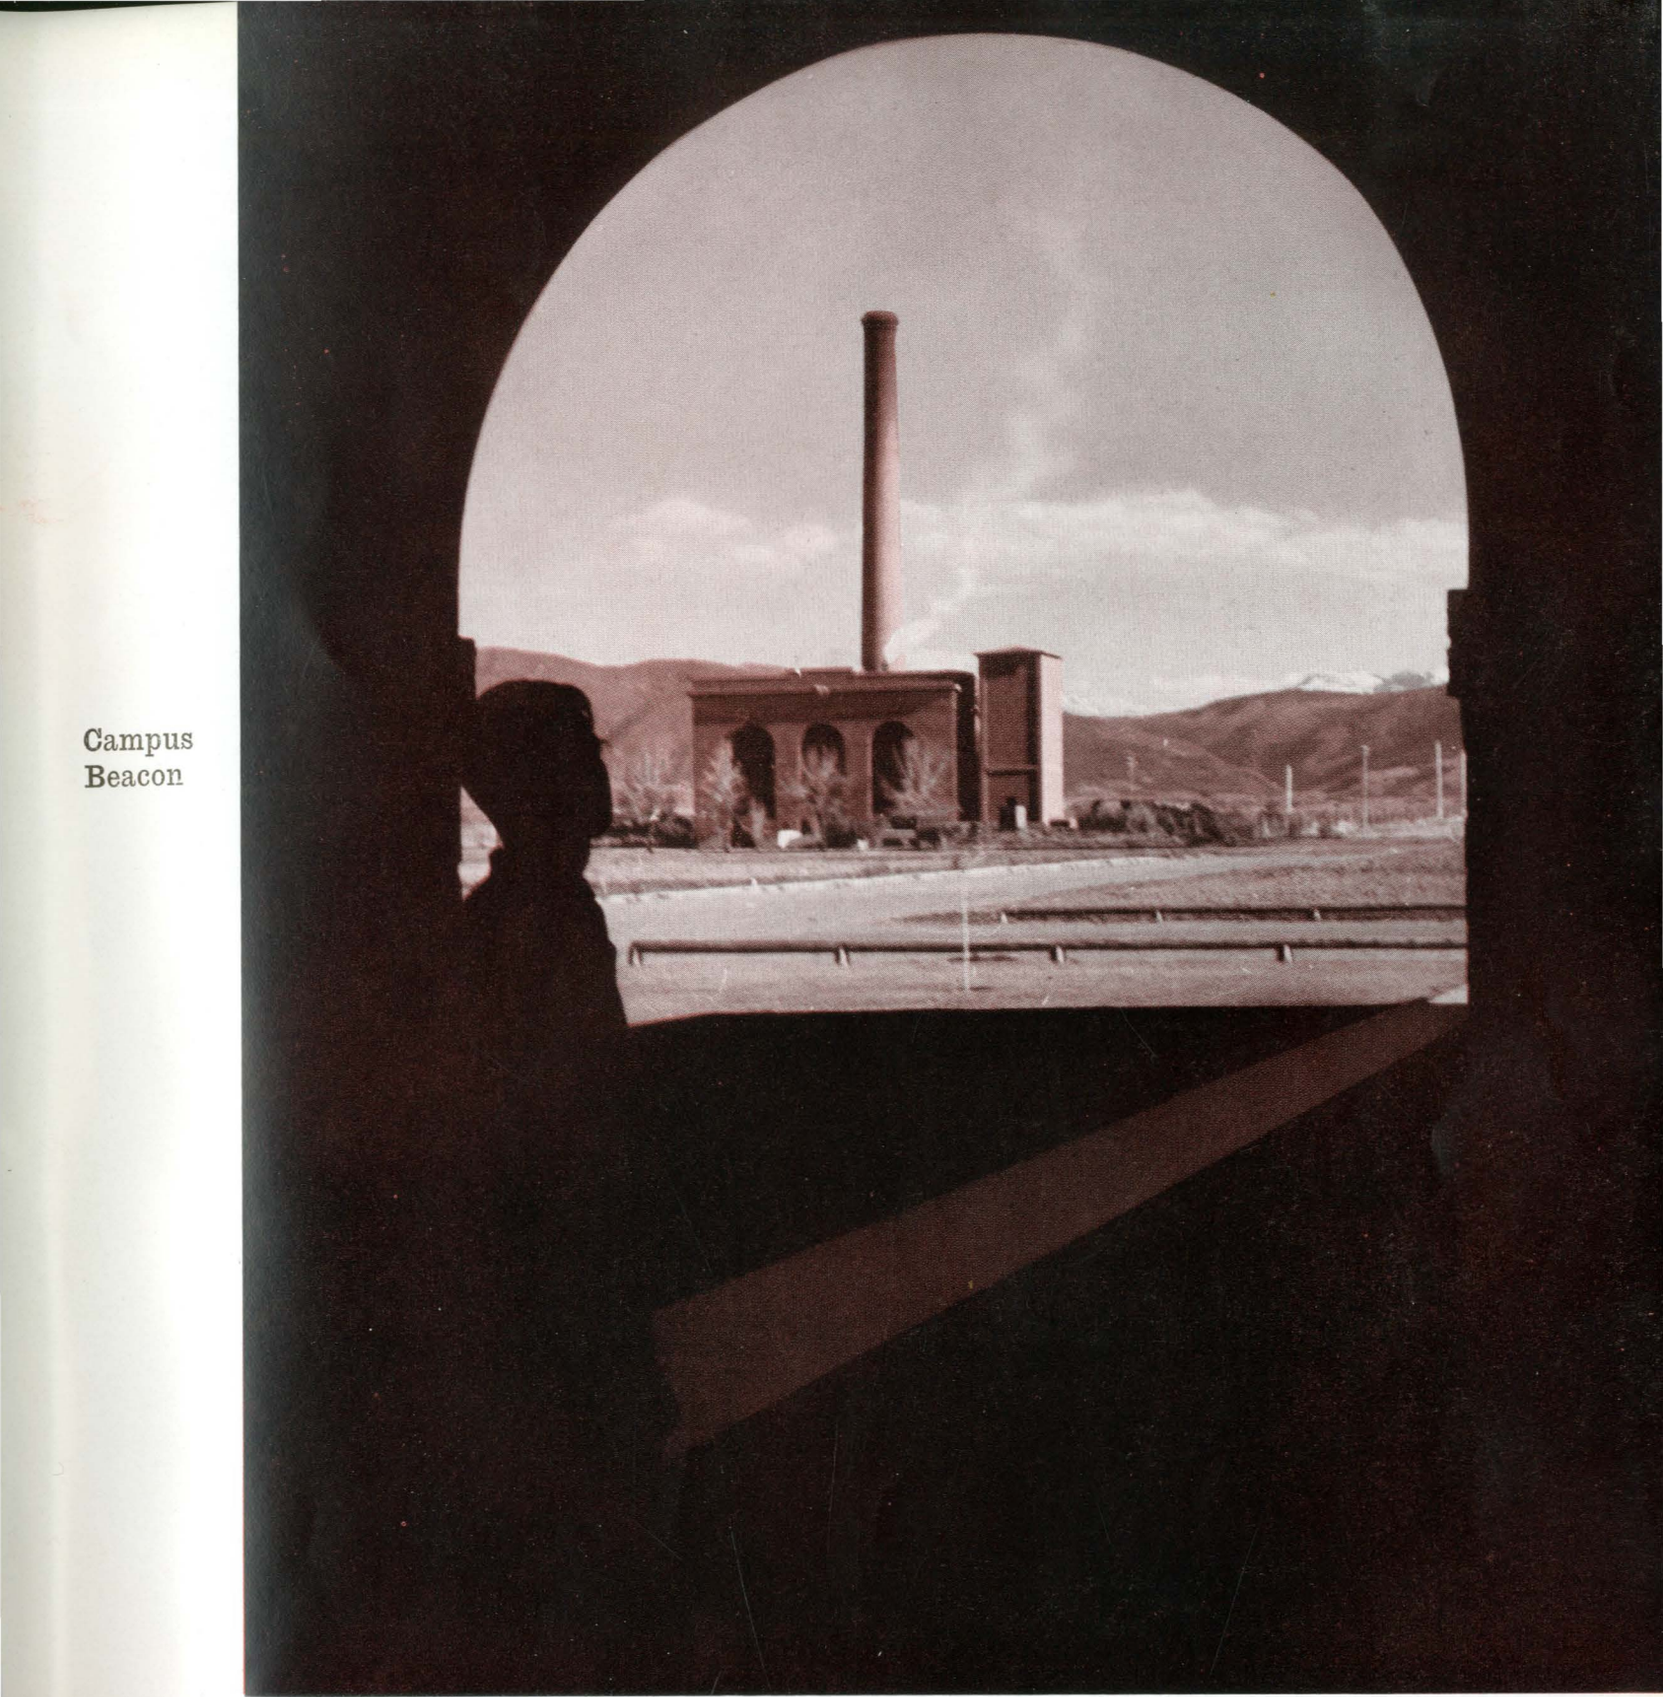

Time marches on . . . nine months of the all too-brief span of college life—gone . . . the school . . . what it stands for . . . educators . . . administrators . . . countless hours spent in pursuit of academics . . . clubs . . . organizations . . . Greeks . . . social whirl . . . dates . . . parties . . . dinners . . . football games . . . basketball . . .

The fun . . . the kids met . . . the friends made . . . hours of despair . . . work . . . ecstasy . . . temptations . . . truly amazing to look back to all that happened . . . to things accomplished . . .

A great year . . . there will never be another like it . . . a year to be proud of . . . to look back on and dream of . . . to thrill to . . . and to remember . . .

Campus
Beacon

Campus favorite . . . the Union . . . buzzing center of student activity and social life . . . scene of skipped classes . . . a friend always ready for a coke and bullsession . . .

Time . . . as you wish

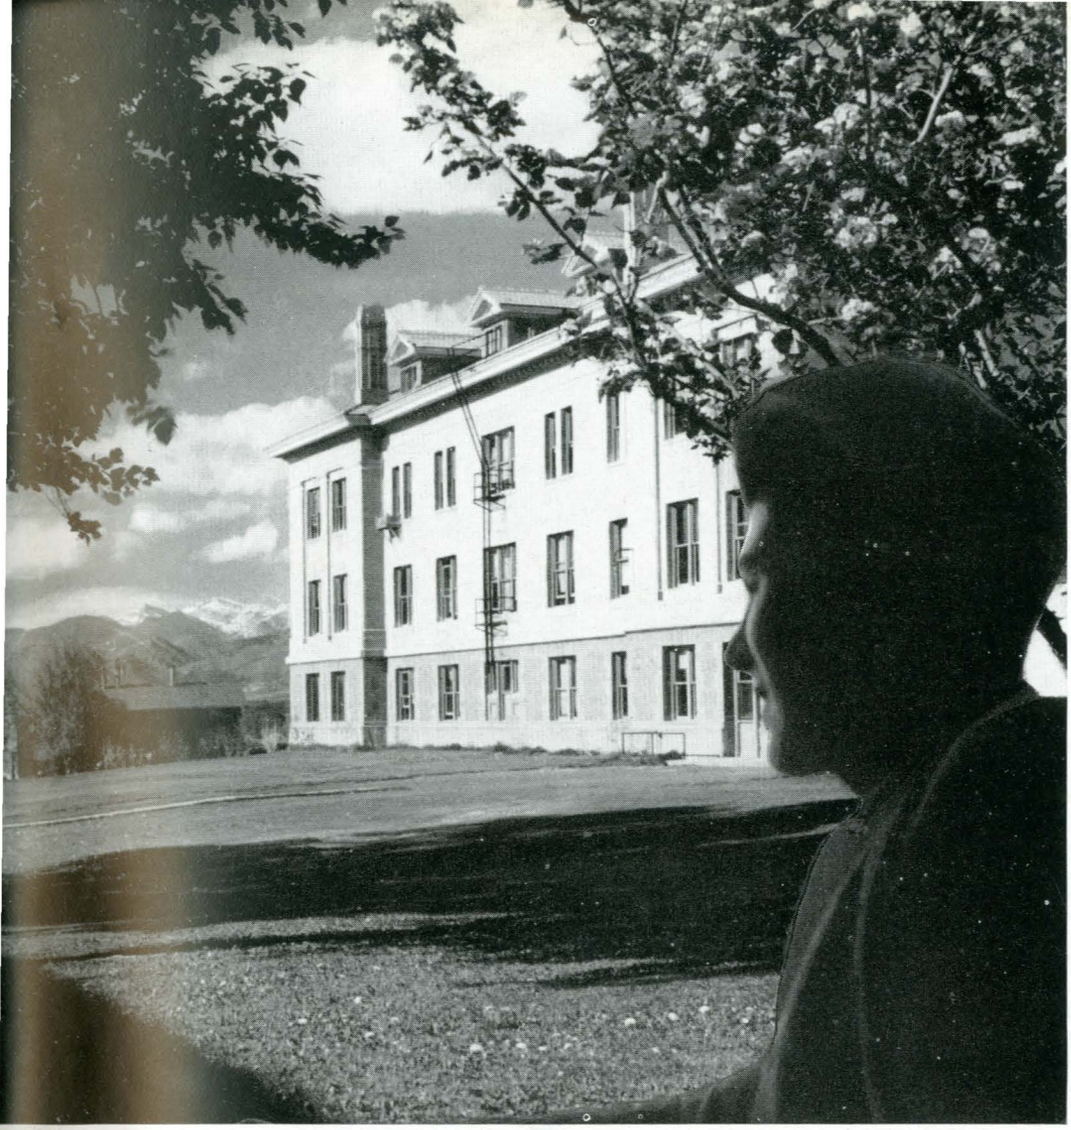

Graduation . . . the final stroll . . . one of life's happiest days . . . but somehow sad . . . for some will never return to view Ham Hall . . . or again see the friends they made.

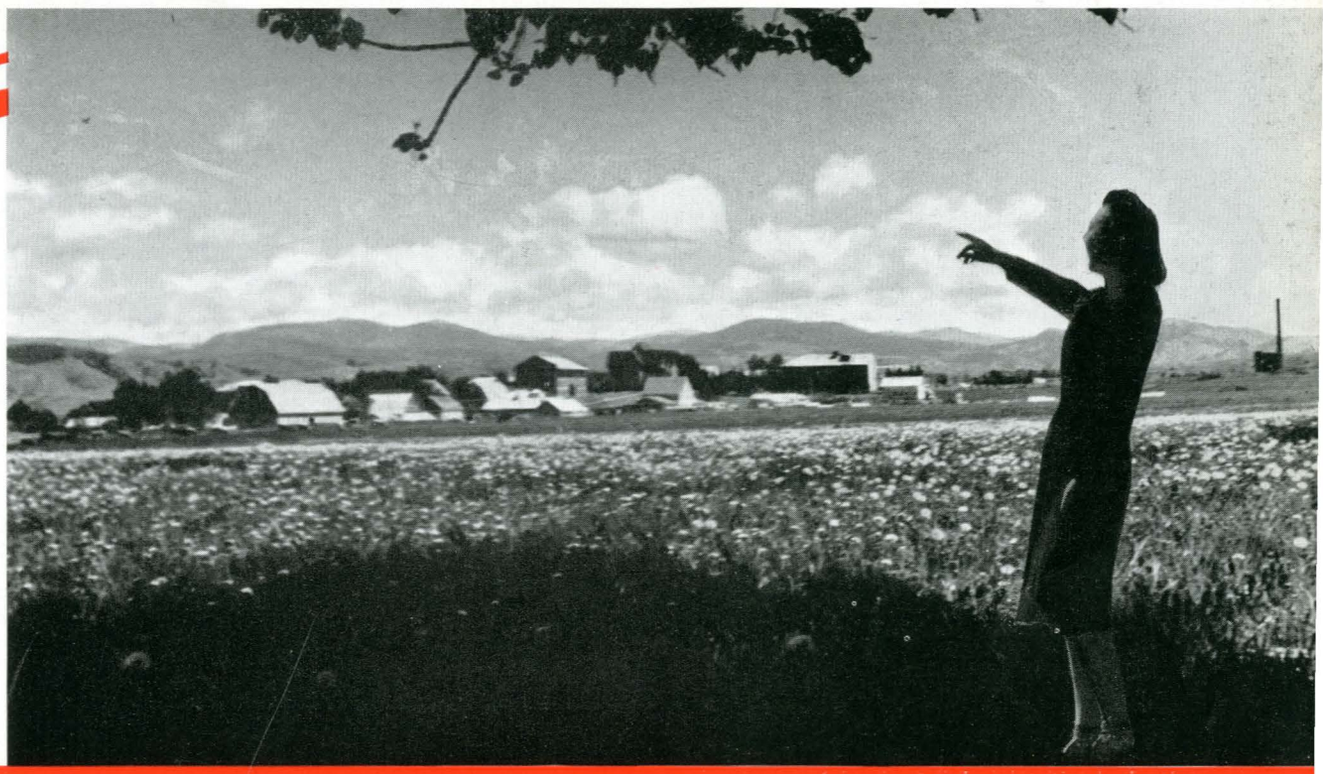

A SOBER THOUGHT

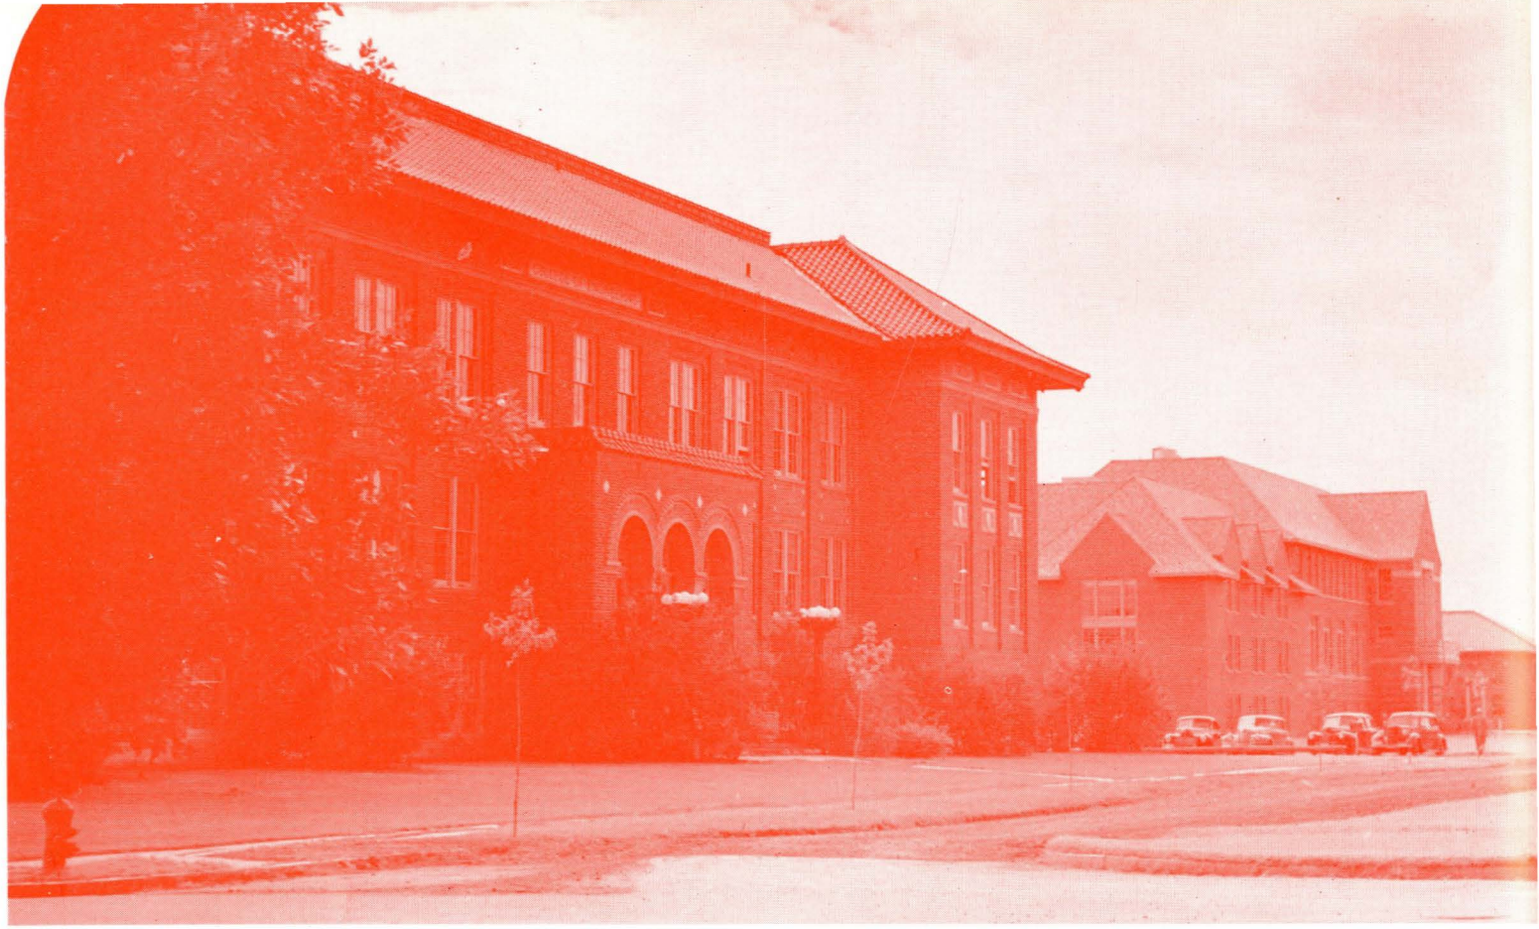

Our Country has been challenged . . . few there are that realize the impact of that challenge . . . many will go . . . few return . . . but it is to everyone the length and breadth of this mighty nation that its ideals . . . so hard earned . . . are entrusted . . . Let us strive forward that we may accept the challenge so generously given and emerge the victor . . . that we may forget today's regrets and make tomorrow's plans . . . that we may find the answer to the destiny of America.

Morrill Hall . . . more commonly known as the Ag building . . . center of Agricultural research and activity.

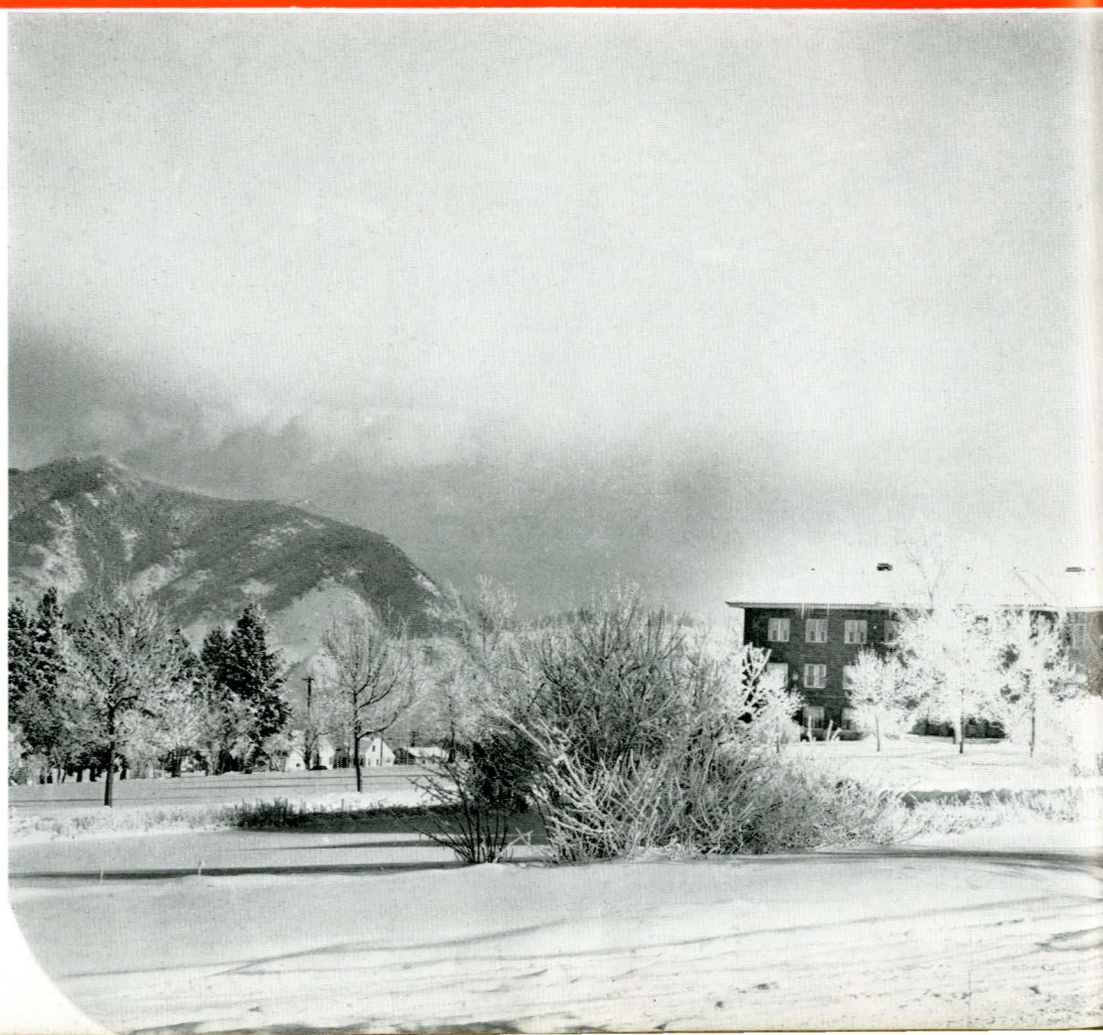

Springtime . . . green fields . . . flowers . . . a girl's fancy.

Roberts Hall . . . Engineering at its best . . . good fellowship and concentrated study are found here.

Winter's beautiful panorama spread in a frosty blanket across the campus.

Gallatin's fabulous and famous valley frame Montana State

College home of many coeds and most visited spot in town . . . The Quadrangle

CONTENTS

SUMMER CAMP

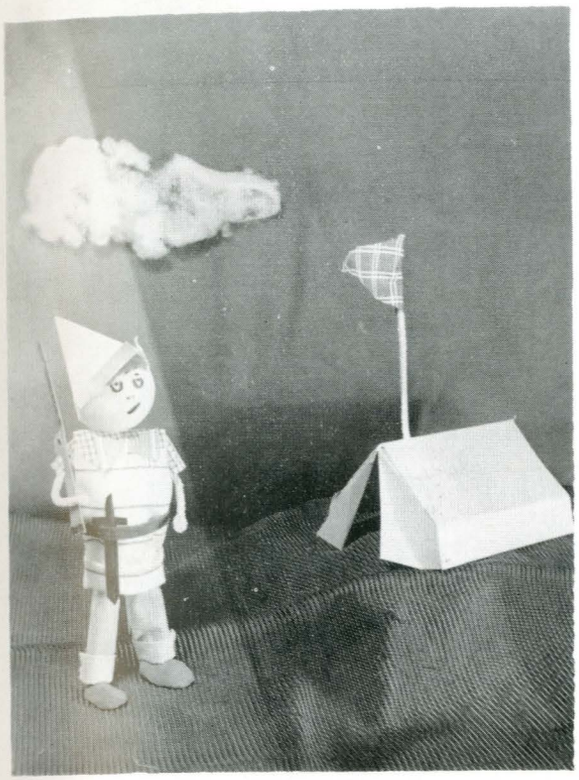

FIRST ROW—Sam Lenz, Dean Kiel, Lew Thompson, Don McLaughlin, James Hea, J. B. Annin, George Wallis.

SECOND ROW—Paul Holzer, Charles Pew, Bill Galt, Pete Koch, John Hylton, Sid Gustafson, Frank Walcott, Bob Simkins, Rno Reinemer, Charles Harrington, John Younglove, Lynn Martin.

THIRD ROW—Lieut. Roman, Al Ralston, Ed Conrad, James Travis, Wendell Scabad, Don Schmidt, Stanley Milesnick, Clifford Vaughn, Paul Boylan, Joe Herman, John Hall, James Stephens, George Peterson, Sergeant Viox.

NOT PICTURED—Kenneth Bowman, Dan Mizner.

THE RESERVE OFFICERS TRAINING CORPS. . . . For the first time in the History of our Country the R. O. T. C. graduates a class into our army at war. For the first time the United States armed forces are receiving the inestimable benefit of the many years of an intensive program inaugurated during World War I. At present approximately 75,000 R. O. T. C. graduates are on active duty with the Army. This spring 9,000 more will have their orders before they graduate. Alumni of Montana State College are now on active duty with the army in every corner of the earth — Alaska, Philippine Islands, Panama, Hawaii, and all over the United States. These men have gone out and joined men from other schools and now comprise practically the entire officer personnel of the Army in the lower grades. It is to these men and the men who follow them to whom we must look, in no small measure, for the preservation of America and our American way of life . . . our greatest heritage.

MILITARY

COMMANDANTS

LT. COL. J. J. HEA

LT. COL. J. J. HEA, Commandant of Corps of Cadets, has been with M.S.C. since 1936 and has completed his second year as Professor of Military Science and Tactics. A native of Illinois he graduated from U. S. M. A. in 1917. He has seen foreign service in Philippine Islands with the 45th infantry and in Panama with the 14th infantry. He has also served in the United States with the 42nd and 5th infantry and on R.O.T.C. duty at Gordon Institute, Georgia. Before being ordered to M.S.C. he was in charge of Military Police at Ft. Lewis, Washington.

Aside from his military duties he is a member of Scabbard and Blade and also is a loyal supporter of the school activities and athletic program.

FIRST LT. W. V. OGLE came to M.S.C. from Livingston, Montana and during his college career was a very prominent figure on the campus as a basketball player, and participated in many other activities. Lt. Ogle graduated in 1937 in Pre-Medics. He has served at Ft. Missoula with the C.M.T.C. and the recruiting service, and assumed his duties at M.S.C. in 1941.

FIRST LT. CARL A. PETERSON of Waltham, Montana, graduated from M.S.C. in 1937 at which time he received his commission. He then served with the 38th infantry at Ft. Douglas, Utah under a Thomason Act appointment, and later with Corps Area Recruiting. He was stationed at M.S.C. in 1941 where he has since been ably assisting in turning out officers.

LT. OGLE

LT. PETERSON

First Lt. R. J. Roman of Bozeman, Montana attended M.S.C. from 1935 - 1939 and was a very active member of college life, participating in varsity football and many other athletic and non - athletic activities. Receiving his commission in 1939 he went to active duty with the 4th infantry, Ft. Missoula, Montana under a Thomason Act appointment. He was with the 4th infantry during two maneuvers at Ft. Ord and Ft. Lewis. He also served at Ft. Douglas, Utah with C.M.T.C. and came to M.S.C. as an R.O.T.C. instructor September 1, 1940.

LT. ROMAN

First Lt. James F. MacDonald, a graduate in engineering at M.S.C. from Laurel, Montana, received his commission in 1939 and served with the 4th infantry at Ft. Missoula, Montana under Thomason Act appointment. While with the 4th infantry he saw service at Ft. Lewis, Ft. Ord, and later at Ft. Douglas, Utah with the C.M.T.C. Lt. MacDonald was stationed at M.S.C. September 1, 1940.

LT. McDONALD

Sgt. William Santora is from New York City and has been with the army since 1925. He did his first hitch with the 31st infantry in the Philippine Islands and was later transferred to the 4th infantry at Ft. George Wright, Wash. He came to M.S.C. as supply sergeant in 1937.

Sgt. A. T. Viox of Middletown, Ohio, enlisted in 1929 at Ft. McArthur, California and served with the 4th infantry at Ft. George Wright, Washington until 1937 when he was transferred to M. S. C. where he handles correspondence and other administrative duties. He has attended two summer R. O. T. C. training camps.

Sgt. N. V. Hartline, a field artillery man, hails from Poplar Bluffs, Mo. Sgt. Hartline has served with the 14th and 84th Field Artillery at Ft. Riley, Kansas, the 18th Field Artillery at Ft. Sill, Oklahoma, and the 9th Field Artillery at Ft. Lewis, Washington. He came to M.S.C. in 1941.

SCABBARD and BLADE

SABERETTES

SEATED—J. Hea, J. Travis, J. Stephens, A. Ralston, J. Hall, D. Keil, L. Martin.
STANDING—S. Gustafson, G. Wallis, J. Younglove, W. Galt, J. B. Annin, D. McLaughlin, F. Wolcott.

FIRST ROW — Frances Peterson Travis, 1st Battalion; Elaine Rash, Regimental Adjutant; Beth Mason, Regimental; Jean Collins, 2nd Battalion.
SECOND ROW—Sally Trower Hall, Company A; Ferne Parr, Company B; Lois McDonnell, Company C; Mary Jean Pasley, Company D; Peggy Moore, Company E; Pat Sandbo, Company F; Betty Lyons, Company G; Peg Waite, Company H.

SCABBARD and BLADE

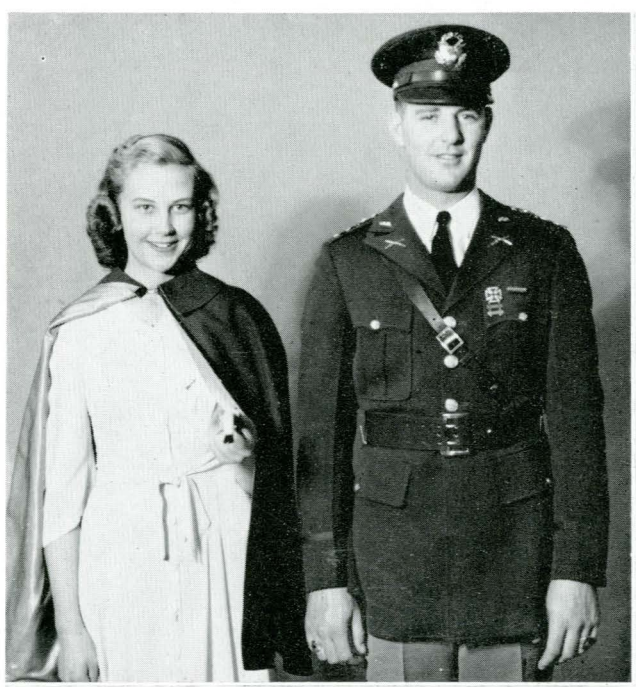

Scabbard and Blade is a national military organization. Co. "D" 6th Regiment of Scabbard and Blade, was chartered at M.S.C. in 1925 to have a maximum of eight members. Since then, due to the increase in the size of the R.O.T.C. unit, the number has been raised to fifteen. The function of this organization is to uphold the traditions and ideals of the United States Army and to stimulate military training in colleges. Its local function is sponsoring the annual Military Ball at which time the sponsors of the various commands are presented and the new pledges are tapped from members of the Junior Class in Advanced R.O.T.C.

SABERETTES

Every year the officers commanding units of the Bobcat Battalion choose the coeds of their choice to sponsor their respective commands. These sponsors, along with the regimental commander and his adjutant, form the reviewing stand at all parades and formations of the Bobcat Battalion.

CADET COMMANDERS

As an inspiration to all students are the commanders of the Bobcat Regiment of R.O.T.C. Commanding the Regiment is Cadet Colonel Allan Ralston, an outstanding man in other than military circles. As Adjutant is John Younglove, a top engineer student on M.S.C. campus, and his duties are to assist Colonel Ralston. Each in charge of a battalion are Cadet Majors James Travis and George Wallis. Major Travis commands Companies A, B, C, and D. Jim is one of the outstanding links in the chain of students on the campus. Major Wallis has jurisdiction over the remaining four companies E, F, G, and H, and has proven his superior ability in other than military lines as demonstrated by his list of activities.

YOUNG HOPEFULS

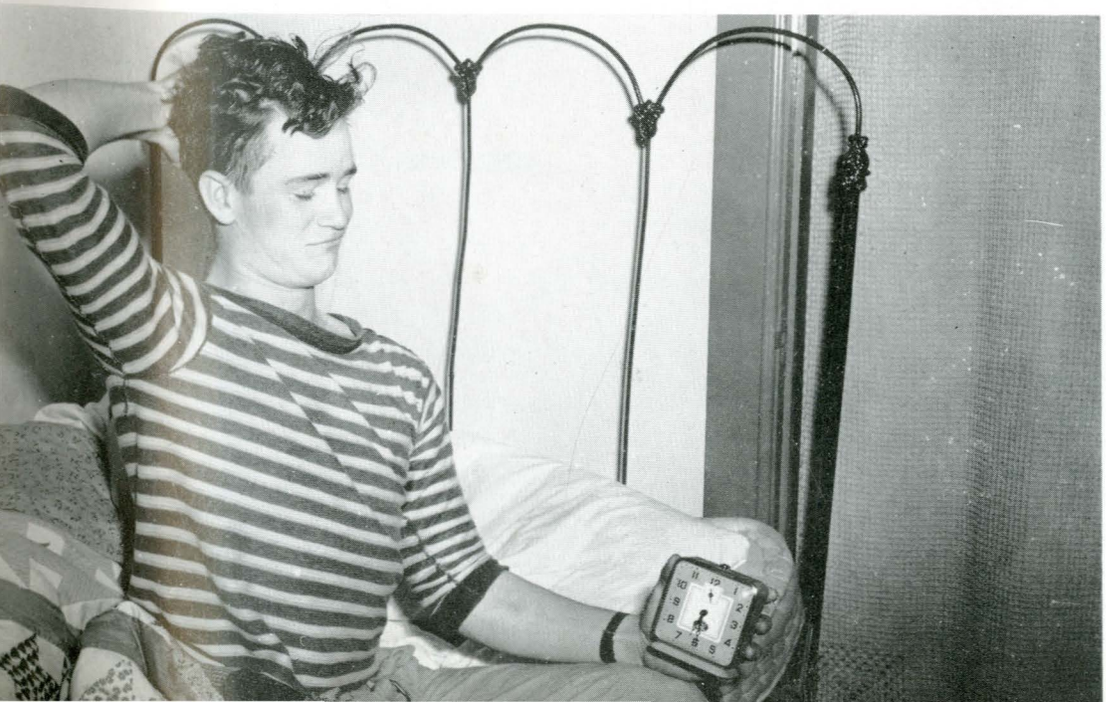

Kieth Seaton, freshman class prexy, did a worthy job of presenting the Frosh Mama and gained recognition as a one-man band at the homecoming parade; Jerry Lindsey, outstanding Chi Omega freshman and yell-leader; Sammy Hollier, smiling Sig Alph pledge; Kenny Kjelstrup, another Lambda Chi from Glasgow, whose Ford is a permanent fixture at the Alpha Gam house; Myron Walker, courteous and congenial fountain boy in the Student Union coffee shop; Wanda Rorvik, acrobat and ballet dancer, is a leading socialite; Rolly Bowen, Pi Kap basketball player, hails from Fairfield; Sue Tait, the most datable Frosh co-ed in the class of '45.

THERE is so much to do . . . so much to learn . . . when you're just a frosh. Don't miss those eight o'clocks, don't cut campus, don't forget your green cap, don't cut classes, don't sit on the Senior bench, don't fail to observe "Hello" walk, don't forget to sleep on "M" day . . . don't . . . don't . . . don't! What is a poor green Freshman allowed to do? Everyone goes through it, and it's one of the best memories to look back on after you get safely through. A few even manage to stand out enough to win campus recognition . . . this year's fine president, Kieth Seaton, three of the five Montanan beauty queens, Virginia Howell, Carmel Aikens, and Lorene Stranahan were freshmen, and Gladys Prevol was chosen Dream Girl of Pi K A . . . and one last don't, Freshmen . . . don't ever lose your pep . . . you'll need it.

FRESHMEN

FIRST ROW—Grace Waldrop, Jessie Ritchie, Odette Shotwell, Gladys Gaines, Margaret Noble, Patty Flynn, Margrette Gray, Irene Smiley, Vivian Emigh, Rhoda Hoverson, Edna Schoenek, Lorraine Jones, Ruth Olcott, Bessie Zimmerman.

NOT PICTURED—Barbara Hitch.

ALPHA LAMBDA DELTA

Frosh Brains . . . Ambitions
. . . Torch Bearers . . .
Fem Intellects

Alpha Lambda Delta is the freshman women's scholarship honorary. The requirements are essentially the same as for Phi Eta Sigma, namely a ninety average for the first quarter or for the entire year. The organization is national and was founded on this campus in 1930.

PRESIDENT
Margaret Noble

OFFICERS

President - - - - - - - - MARGARET NOBLE

Vice President - - - - - - - JESSIE RITCHEY

Secretary - - - - - - - MARGRETTE GRAY

Treasurer - - - - - - - - GLADYS GAINES

BOTTOM ROW—Joe Schmit, Lawrence Lakey, David Johns, Cecil Hess, Kenneth Lebsock, Arthur Anderson, Graeme Baker, Dean Kelly.

MIDDLE ROW—Robert Durnford, Robert Shennum, Paul Hippely, Roy Degn, Alvin Meyers, Bryce Lee, Norman Anderson, John Drury, Harold Shotwell.

TOP ROW—Everett Jacobsen, Bob Sandbo, Fred Krings, Ralph Challender, Elmer Yoder, John Van Camp, Paul Barrett, Eugene Turner, R. Bernal Johnson, Ronald Dardis.

PHI ETA SIGMA

Brainy Males . . .
Average Raisers
. . . Go-Getters

Phi Eta Sigma is the national freshman men's honorary. The freshman pledge, having received a ninety average for his first quarter's work, and having presented each of his instructors with a highly polished, ripe red apple, is duly initiated and remains an active member until the end of his sophomore year.

OFFICERS

President - - - - - - - - CECIL HESS, JR.

Vice President - - - - - - - JOE SCHMIT, JR.

Secretary-Treasurer - - - - - - - FRED KRINGS

Historian - - - - - - - RALPH CHALLENDER

PRESIDENT
Cecil Hess

SEPTEMBER 22

Placement tests—the grueling work for the Froshs' first week.

SEPTEMBER 26

Activity pictures — here is where you get those morbid pictures that haunt you your four years.

OCTOBER 7

The pause that refreshes after a hard day's work on the "M".

OCTOBER 10

It is obvious that the "M" did not accumulate all the whitewash.

OCTOBER 12

The Freshmen's first conspiracy in campus politics as Freshman nominations get under way.

OCTOBER 13

The Freshman ballot an "X" for their choice.

OCTOBER 24

Rally before the Big Game as the school spirit and fire blaze.

DECEMBER 5

After a tough workout the Frosh relax in the showers.

OCTOBER 26

The Dean hands out wise counsel which is eagerly soaked up.

JANUARY 23

Carmel spats out a good one as Greta grabs her ankle.

SEPTEMBER 30

A pledge learns the ropes as the boys lay on the hard wood.

OCTOBER 15

Freshmen versus Sophomores —a battle that ended with the Frosh in the frog pond.

APRIL 11

A well chosen Mommy—a V for Victory for the Freshmen.

FEBRUARY 5

Chem unknowns — a Freshman nightmare—an indelible impression of the first year.

JANUARY 25

Montanan beauty queen steps forth and enters the Freshman hall of fame.

APRIL 8

The Freshman engineer spends many a weary hour over triangle, T-square and drawing board.

OCTOBER 17

The break of dawn and the Freshmen are off to an early start to ascend Mount Baldy, contemplating the whitewashing of our big block letter.

MAY 6

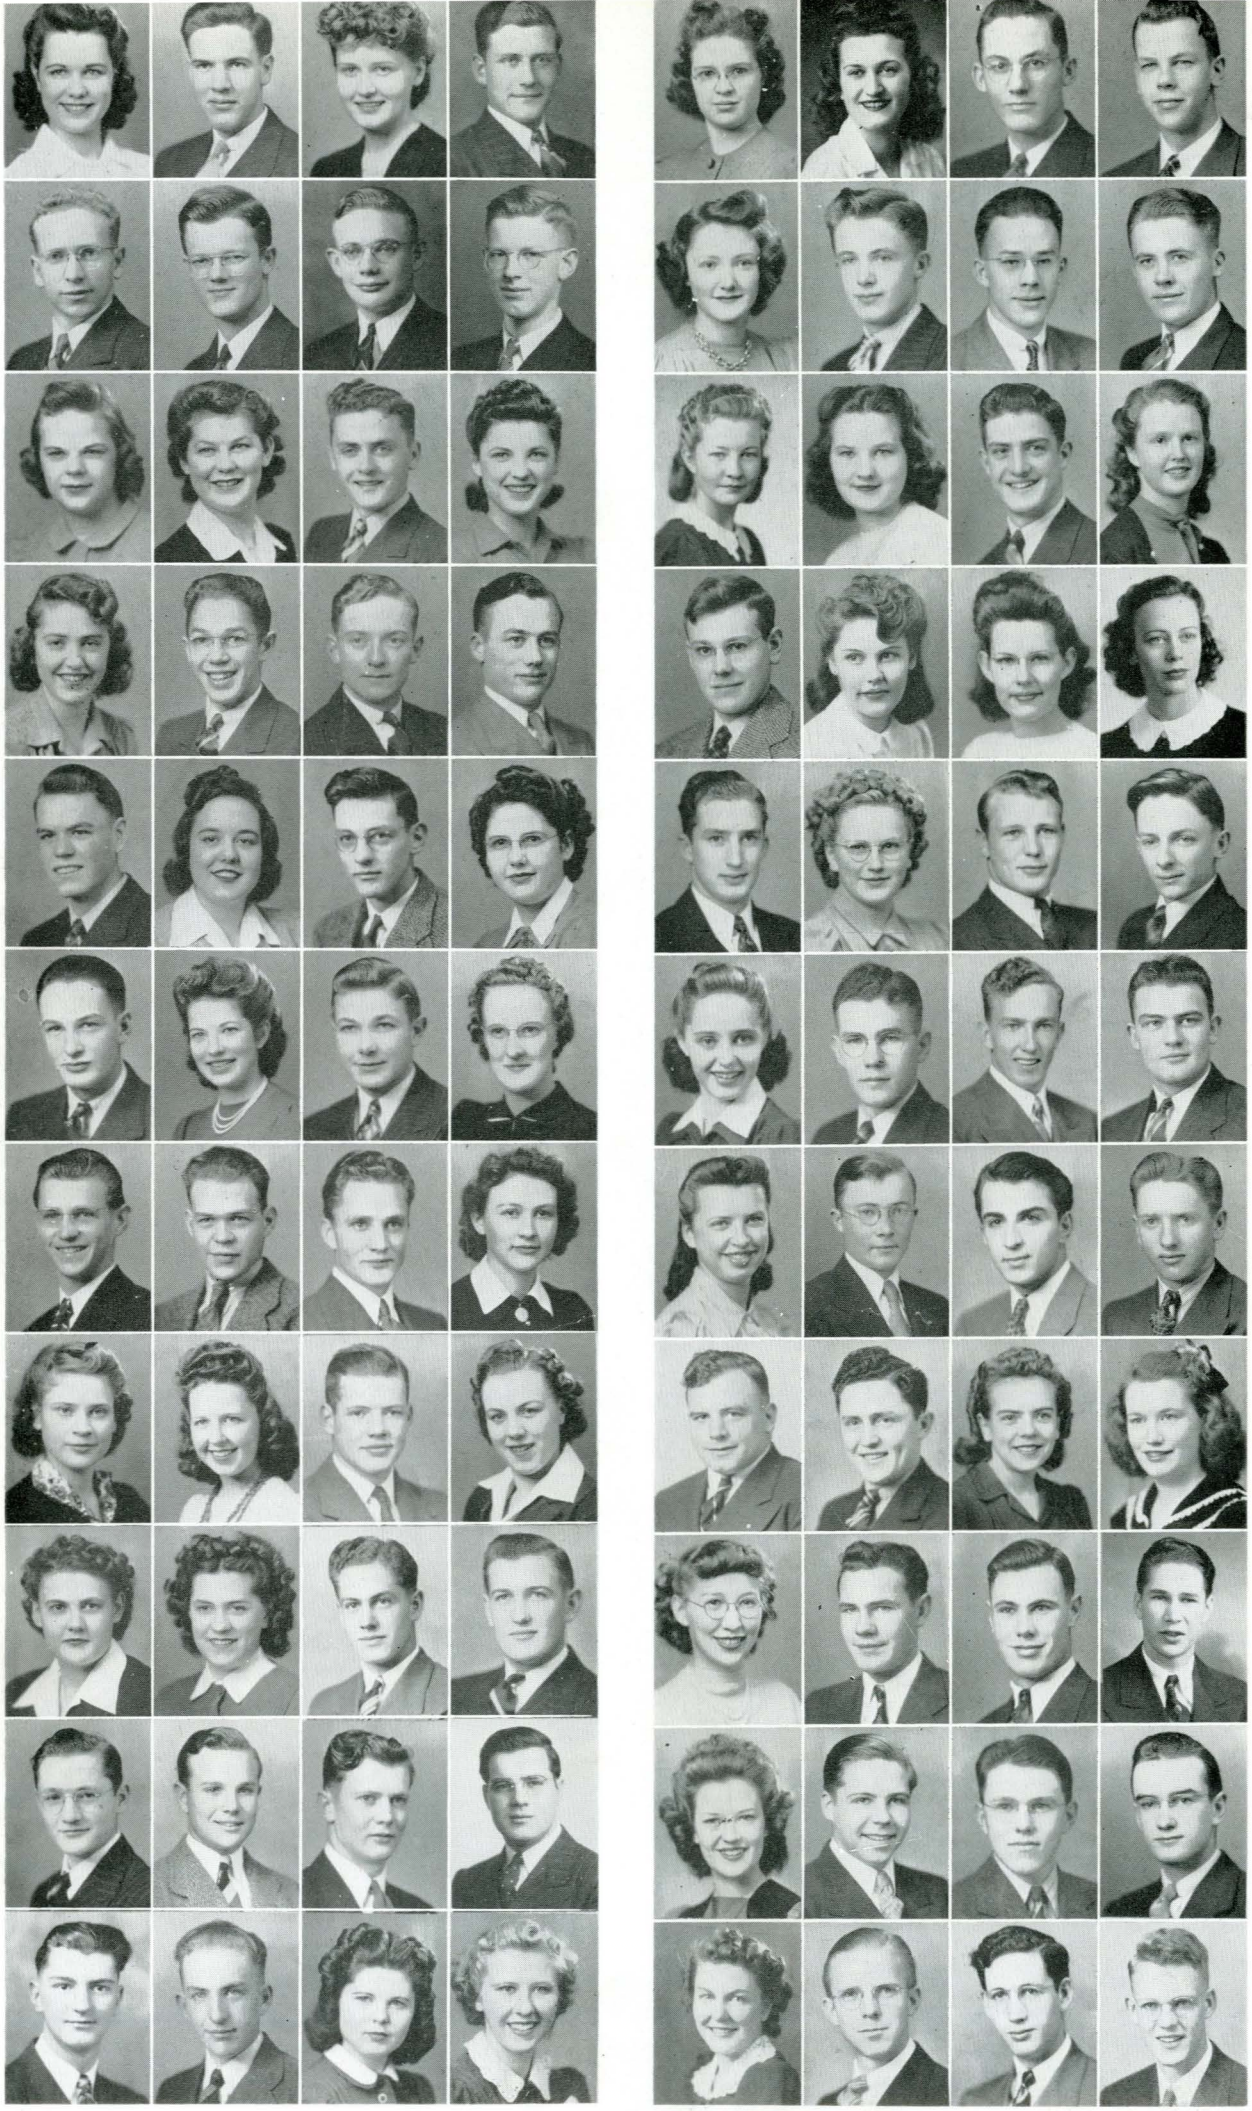

The three responsible for the social charm of the Hamilton Hall girls.

MARCH 7

The Frosh mix in to become a social asset to Montana State.

SEPTEMBER 27

The test that proves that the Frosh are as physically fit as they are mentally.

SELF DESIGNATED SHOTS

Bill Taylor—good looking class prexy of the young enthusiasts who have doffed their green hats to become ranking students; Olive Stevens—president of Alpha Tau Delta, nurses' honorary; brain work pays off in the presidency of Phi Eta Sigma to Cecil Hess, also a fine debater; Jessie Ritchey won honored recognition becoming president of Kappa Delta Sorority her Sophomore year; Arthur Parsons—Sigma Chi Fang budding from Helena; Jack and Jim Peterson—the prominent jitterbugs and groove artists are the identical twins of Pi Kappa Alpha; Vic Smith—a true student of Intercollegiate Knights of Phi Sigma Kappa.

IT'S old stuff to them . . . and it's their very much enjoyed duty to see that the freshmen keep on the mark. They are still underclassmen to everyone but the frosh, but they at least know how to find their way to class at the beginning of the quarter. Somebody once said the sophomores do all the work and get none of the glory. This is especially true of the Spurs, the girls in white uniforms who blow whistles. Patty Flynn, Spur prexy, Bill Taylor, class president, Will Jorgenson and Eddie Collins, sophomore basketball flashes, and Helen Butterfield, Ag. Queen, are outstanding members of the Sophomore class. This should be the stepping stone to bigger and better things for it. It is in this class that committee members get their training and experience for greater responsibilities.

SOPHOMORES

FIRST ROW—Evelyn Jorud, Margarette Gray, Pat Flynn, Jean Galer, Jessie Ritchey, Helen Walterskirchen.

SECOND ROW—Margaret Noble, Lois McDonnell, Bethene Young, Gladys Gaines, Betty Settle, Irene Smiley, Leila Linfield, Olive Stevens, Peggy Moore.

THIRD ROW—Mildred Dedrickson, Herva Fiske, Tyke Waldrop, Margaret Cox, Miss Thelma Laird, Peggy Mack, Virginia Kelly, Helen McDermott, Peggy Harrington.

SPURS

S.P.U.R. . . . Service
. . . Pep . . . Unity
. . . Rep . . .

Spurs is a sophomore women's service organization originally founded on this campus in 1922. It has the distinction of being the only national organization to have its beginning at Montana State College.

Service to the school as usherettes at all games and school functions is the Spur purpose. They're always on the job and they do their job well.

PRESIDENT
Patty Flynn

THIRD ROW—B. Cameron, W. Bertholf, G. Stewart, B. Taylor, L. Walker, B. Safely, E. Olson, P. Barrett, R. Hammerstrom, L. Scott, J. Schultz, D. Weber, C. Beldon.

FANGS

Ushers . . . Campus Watch
Dogs . . . Paddlers . . .
Armored Knights

Intercollegiate Knights was founded at the University of Washington in 1922. Later that same year the Boosters of Montana State established here the Fang Chapter of Intercollegiate Knights.

Fangs serve to keep the freshmen in line in the fall and spring and in cooperation with the Spurs at all school doings.

SOPHOMORES

CARRIERS OF RESPONSIBILITY

Trudging along at the head of the battalion, Joe Pahl, class president who handled the Junior Prom with undaunted success assisted by the activating and interesting Betty Lyons, who is also the newly elected president of W.A.A., are two stalwart leaders of the Juniors. Blaine Hoffman—trouble shooter of the scholastic records and leads the social world of Kappa Sigma Frat and also as a member of Les Bouffon; Marlyn "Ma" Stone—copy editor of the Montanan well liked by her superiors and cohorts—is one gal bubbling over with personality plus; Mary Jane Hyer has been one of the capable presidents of the Girls' Cooperative House, coming from Bonners Ferry, Idaho; Dan Cox, prominent debater and newly elected editor of the Exponent, is ably fitted for his new job; Agnes Taylor is next year's ardent president of the newly completed Alpha Omicron Pi house; Bill Saubert—actor of the 'nth degree and dream boy of Phi Kappa Alpha Fraternity.

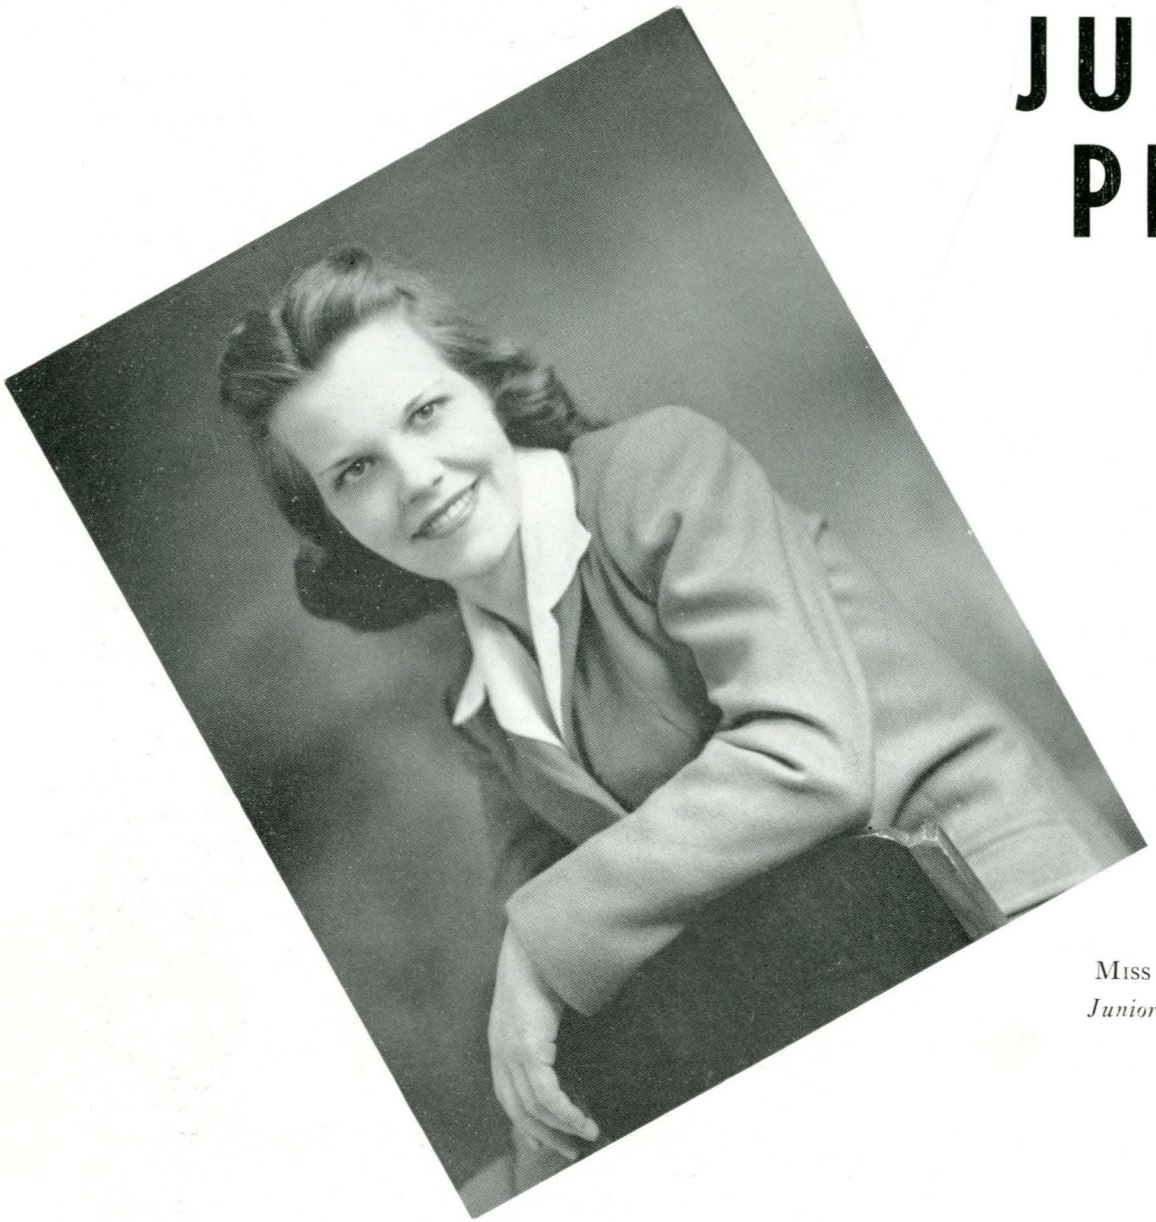

BY the time you have reached Junior status, your chances of survival are pretty good. Now upper class members, their responsibilities have been increased with no noticeable decrease in things to learn, and they are beginning to worry about graduation and wish they had worked harder and done more when they had the chance. Juniors are always linked with the Junior Prom—a particularly fine one this year, with the Junior-Senior Banquet they put on anually in honor of the senior women, with Duke of Fangs — bouquets to Everett Shuey, and with a lot of fine work done on the campus. Handsome Joe Pahl, this year's class prexy, did a lot toward making the Junior class an outstanding group. Many leaders come out of this class—Mary Dahl, new president of Associated Women Students; Emil Kindschy, Montanan editor-elect; Dan Cox and Jimmy Dixon who did well in debate this year; and Johnny Rousseau, new president of Associated Students.

FEBRUARY 20
Hanley and Wallace swish it out.

MAY 18
In spring a young man's fancy turns to pin hanging.

FEBRUARY 25
The SAE's Galt in the spud race.

JANUARY 30
Just boxin'.

OCTOBER 4
Junior officers countin' the Frosh votes.

NOVEMBER 14
The Montanan photographer poses for a change.

OCTOBER 5
Pahl, Addy and Murray helped the Frosh to the frog pond.

MAY 15
Just another Semi Formal.

APRIL 12
Kirscher twists her tail.

APRIL 4
Hogan crowns Haynes Queen of the Engineers.

JANUARY 28
Atop a mountin at Sun Valley.

DECEMBER 14
The Exponent Staff figures out a new deal.

MARCH 2
The Junior - Senior women throw a feed.

FEBRUARY 13
Our ski team invades Colorado.

FEBRUARY 28
The mighty(?) Dickson in Engineers' Fun Nite.

NOVEMBER 10
A close finish for the tank denizens.

APRIL 7
Indoor track again.

FEBRUARY 26
The engineers take on the viddles.

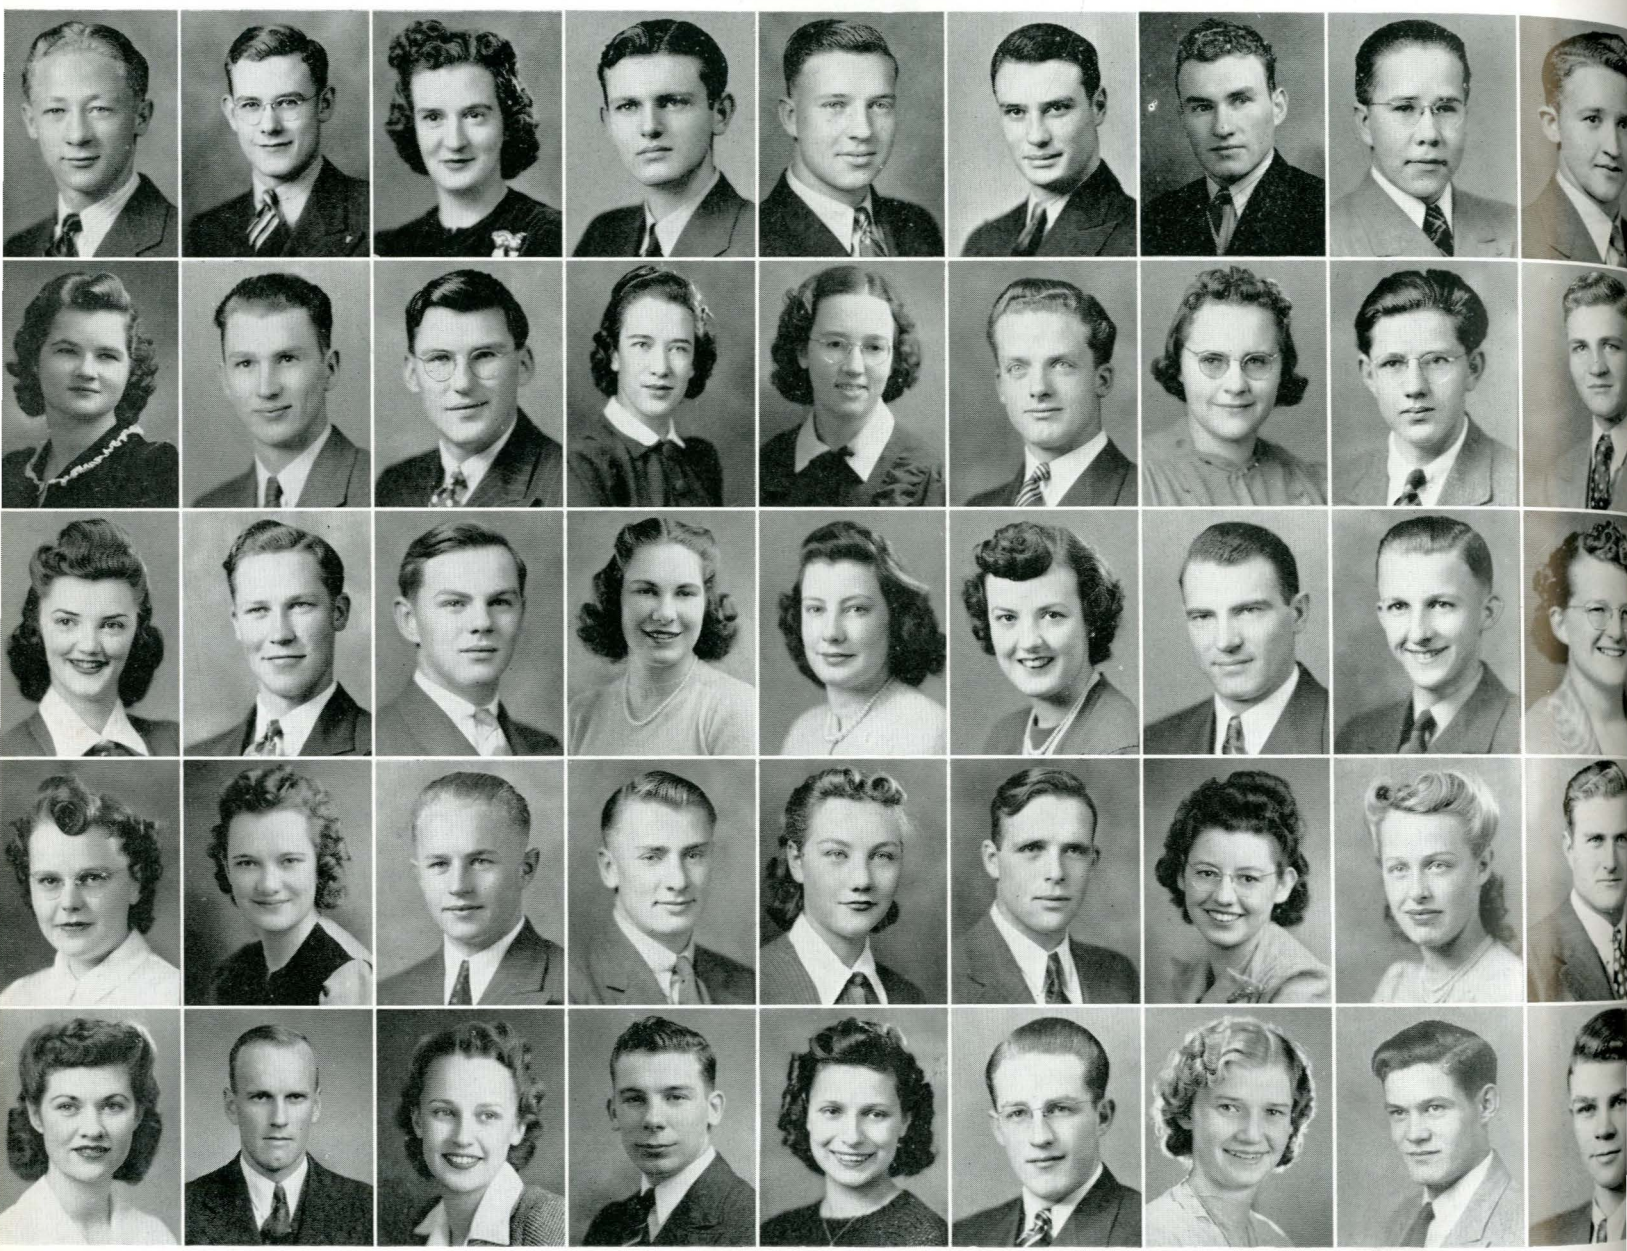

NOVEMBER 28
Johnson, the yell leader with the vitality.

MARCH 24
Blaine Hoffman in "The Barker."

DECEMBER 7
Joe Pahl—B.M.O.C.

FEBRUARY 1
Whitham is one of the reasons for M.S.C.'s good ski team.

SENIOR LEADERS

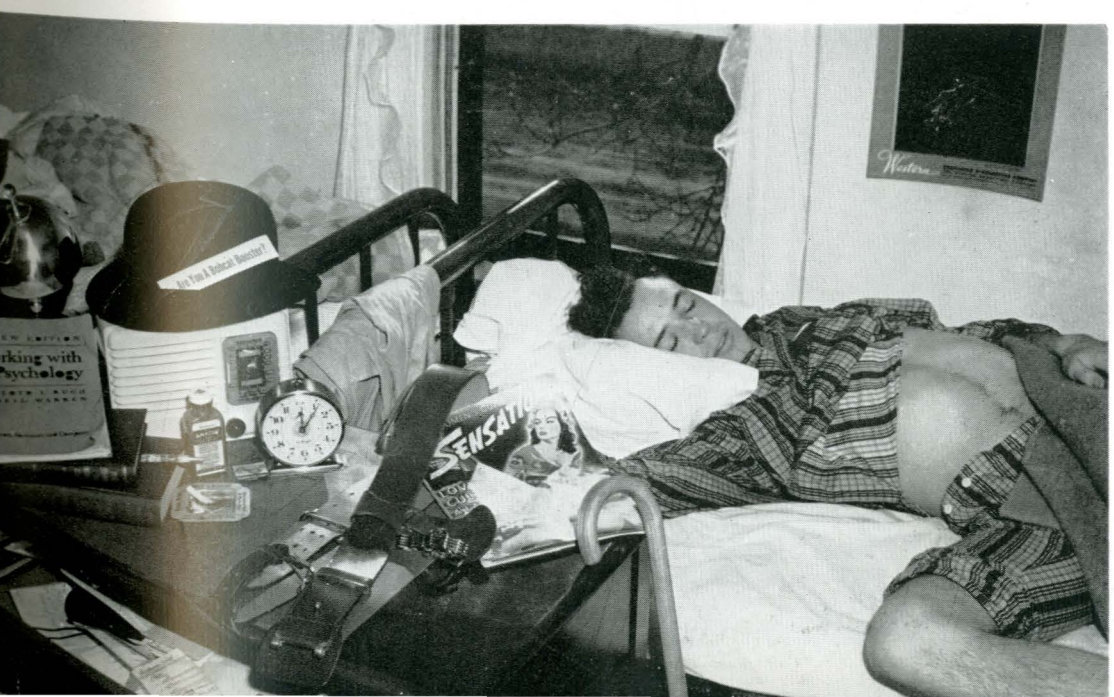

Tom Balzhiser, chief of his class, shall lead the graduation tribunal; Dorothy Schaal—president of no mean ability of the feminine athletic group Spartanians; Merlin Fisk—top chem engineer student and a dominant character in the Senior division; Betty Isaac attained high rank in the presidency of Panhellenic and a member of Chi Omega sorority; Yvonne Kalberg is not only Alpha Gam prexy but Freshman Mama; Dapper Dan Mizner voted M.S.C.'s outstanding athlete and detailed Ag student; Jim Travis—co-chairman of High School Week and Major in Bobcat Battalion; Cadet Colonel Allen Ralston heads his list of college achievements as president of Scabbard and Blade and co-chairman of the Little International.

AT LAST they're mighty Seniors after four long hard years, but it was worth the struggle. There wasn't even time to look back and regret this Spring—but why look back when there's life itself ahead of them. It has been a good four years . . . this year's class planned, campaigned for and watched the Student Union come to life. Out of the Senior class come many outstanding campus leaders. Vivian Tretsven, Spur President, Chairman of Women's Day and Women's Chairman of High School Week; Matie Allport, Spur, Mortar Board, Pi Omega Pi and Phi Kappa Phi; Sarah Cole, outstanding in athletics; Yvonne Kalberg, flying student, Phi U., Freshman "Mama," etc.; George Biddle, Royal Duke of Fangs, President of Associated Students and what have you; Owen Wirak, Co-Chairman of High School Week, Secretary of Gripe Committee, head of men's fencing; Jim Travis, Men's Chairman of High School Week, Captain of Fang—and there were many others.

SENIORS

Are You A Bobcat Booster?
Western

Ten

GEORGE WALLIS of Billings has spent much of his time keeping himself fit physically and mentally which is well demonstrated by his record. He is president of the "M" Club, having played football for four years and is a hearty participant in intramurals. His scholastic record is in evidence by his being selected by Tau Beta Pi and Phi Eta Sigma. George has kept apace in social events as a member of Intercollegiate Knights, Interfraternity Council, Septemviri, Scabbard and Blade, Les Bouffon and a wrangler in the Sigma Chi fraternity.

Nine

JEROME AAKHUS has done much in applying the practical knowledge obtained through his chosen major, Agricultural Economics, as president of the Men's Cooperative. He is a ranking member in the Agricultural Club, Alpha Zeta and Septemviri. Jerome hails from Antelope which gives him every right to take the seat he has made for himself in the field of debate and intramural activities. He keeps well informed about social happenings by having a seat with the Social Committee.

Eight

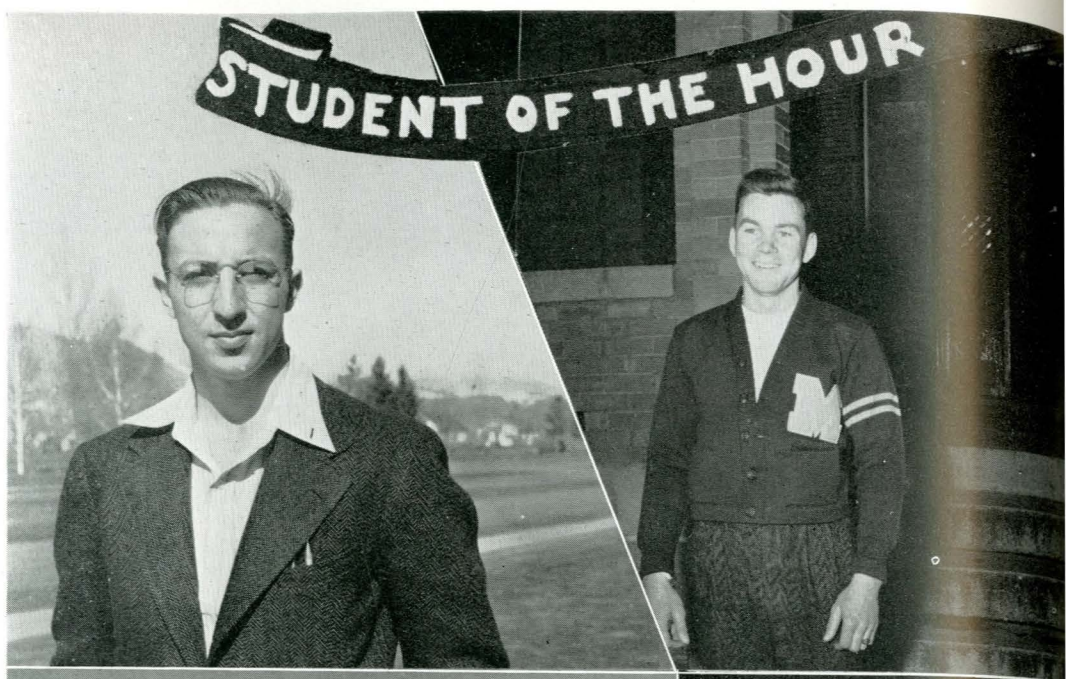

GEORGE BIDDLE has certainly not kept himself in the background when it comes to taking part in activities and bringing honor to his fraternity, Lambda Chi Alpha, and his home town of Glasgow. He has well shown his political ability of being somebody by rising from a Fang to president of his Sophomore class and then on up the ladder to being elected president of the Associated Students—the top. George didn't hurt himself socially by being a member of the Les Bouffons, Septemviri, Advanced R.O.T.C. president of his fraternity, and Royal Duke of Intercollegiate Knights. His chosen field is Agricultural Economics in which he has marked his efforts as a member of Alpha Zeta.

Seven

VIVIAN TRETSVEN of Bozeman has spent most of her time getting into more activities topped by presidency of the A-A. She is outstanding for her work in the Physical Education Department which is evident by her membership in the W.A.A. and Spartanians. Her activity record marks her as something of a go-getter, a worker and has well earned her sheepskin. Her name is bound to pop up here and there in various organizations because she seemed to have gotten herself into as many groups as it is possible for a determined girl to grab. Vivian is a talented actress, plays in the orchestra and has an appealing voice.

Six

MATIE ALLPORT, a Secretarial major and a good one too, who has come to be a power in school activities. Her ability to push her way to the top is evidenced by her position as president of Mortar Board. Matie is known an an enthusiastic student clearly shown by her membership in Alpha Lambda Delta, Phi Omega Pi, and the Secretarial Club. She is a Chi Omega and was president of her sorority during her Junior year. Her activities include being a member of the Gripe Committee, Panhellenic Council, Chorus and A.W.S. Council. Matie has a keen eye for fine riflery and comes from Billings.

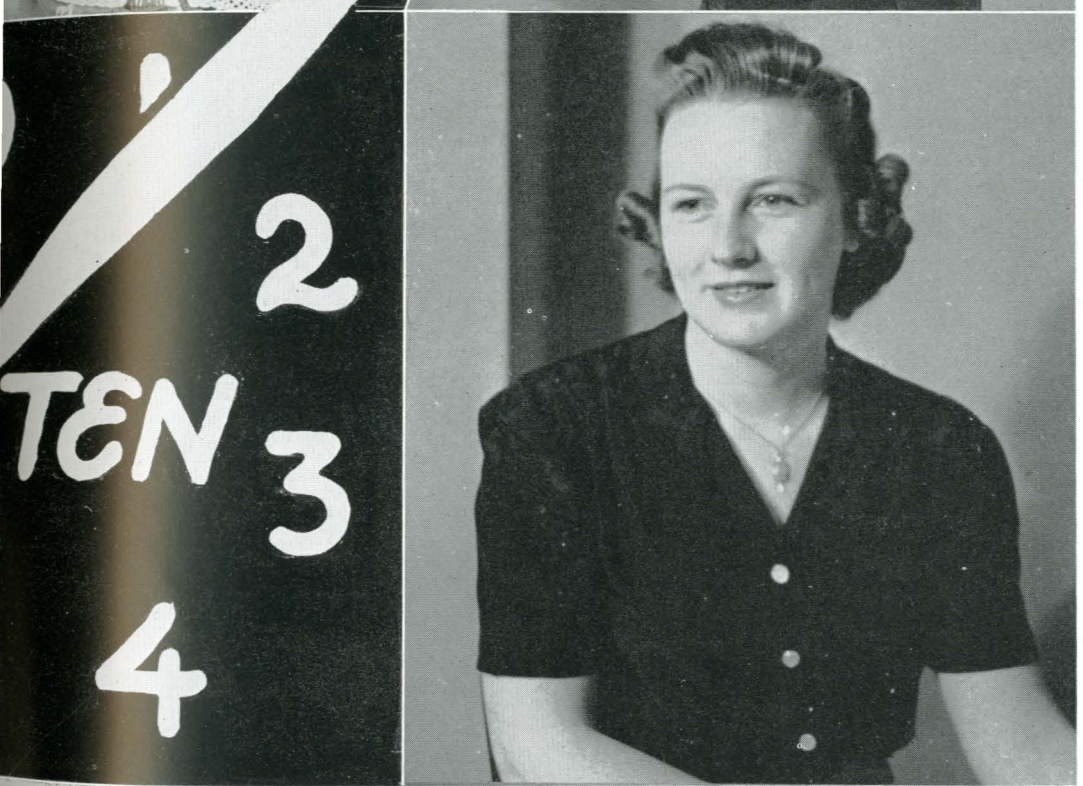

One

NORA OFTEDAL is one of the most outstanding students in the Home Economics Department. Nora has taken her college training and has put it to the hard straight rule of actual experience. As a Sophomore she was president of the Girls' Cooperative House and manager during her Junior and Senior years. She kept well up on new developments in her chosen work and activities by membership in the Home Economics Club, A.W.S. Council and W.A.A. Nora is president of the Phi Upsilon Omicron honorary. Her home town is Glendive.

Two

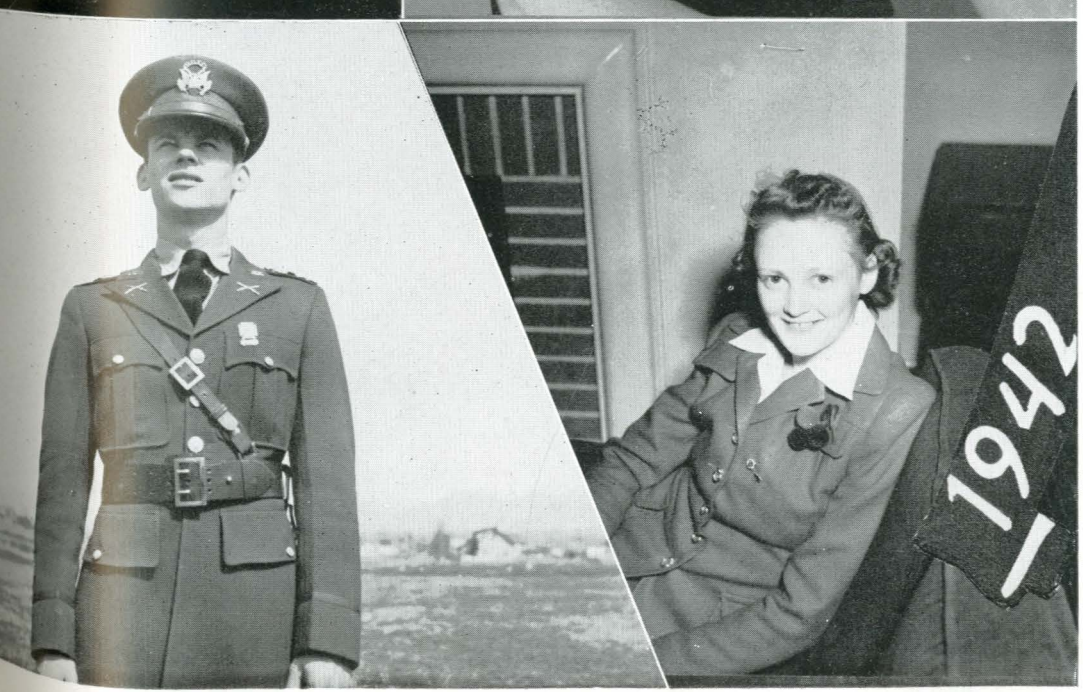

CLARENCE LESTER HOGAN of Great Falls has well earned his place among the outstanding individuals. His scholastic record gives one the cold, hard facts. He was president of Phi Eta Sigma and member of Tau Beta Pi and Phi Kappa Phi. He is a member of Kappa Sigma fraternity, American Society of Chemical Engineers, Student Senate, Student Union Board and Board of Publications. Lester assumed the role of editor of the "Montana Engineer" which has always been a highly marked piece of journalistic endeavor.

Three

FRANCES PETERSON TRAVIS from Kalispell is certainly deserving of a top ranking honor. She is one of the outstanding students in Home Economics and is getting a fine opportunity to put her new found ideas to use because she now has taken the vows of marriage with the well-liked James Travis. Frances is shouldering the office of president of the Associated Women's Society and has done it with a high degree of leadership and ability. She is a member of Spurs, Student Senate and a Saberette.

Four

BETTY FORD is a transfer from Colorado Woman's College and has set a swift pace as a worker and social climber of no mean ability. She has kept her name to the forefront in school activities by topping her achievements as vice president of Mortar Board and being extremely active on the High School Week Committee. She is the president of her sorority, Alpha Omicron Pi. Betty also includes in her duties the membership in Phi Upsilon Omicron, Panhellenic Council, Student Faculty Relations Committee, Orchestra. and well deserves her place on this time table. Her home is Helena where her father is Governor.

Five

PETER KOCH of Missoula is a combination of brains, activities and hard worker having been elected to Tau Beta Pi, Phi Eta Sigma and membership in many social organizations. He is an enthusiast in every sport being on the intramural ski team for four years, golf team and fencing team. Koch is a Fang and a member of the Sigma Chi fraternity. He was one deeply interested in the future of the Student Union Building and served in an active capacity with the Planning Committee in '39. Pete keeps himself in command as a captain in advanced R.O.T.C.

Mildred McKinley, Betty Ford, Matie Allport, Frances Pickolick, Dolores Emigh.

MORTAR BOARD

Seniors . . . Prestige . . .
Scholars . . . Activities
. . . Stylists . . .
Leaders

Election to Mortar Board is one of the highest honors that can come to a MSC coed. It signifies her outstanding personality, scholarship and leadership on the campus. At present there are but five members.

Mortar Board was formed from Cap and Gown, a local organization, and received its national charter in 1926.

PHI KAPPA PHI

Laurels . . . Victory . . .
Eds and Coeds . . .
All Scholars

Membership in Phi Kappa Phi is the highest general scholarship award given at Montana State College. Requirements call for a minimum grade average of 86 and rank in the upper one-fifth of the senior class. Members of all the departments, both men and women, are admitted.

Phi Kappa Phi was first organized at the University of Maine in 1897. The local chapter was installed in 1921.

PRESIDENT
Charles Harrington

MAY 13
Woman's Day — Montana's senior women start the march.

JANUARY 18
Jorgy swings the hard wood as Manning learns her lesson.

DECEMBER 19
Patterson bowls a fast one to make a perfect strike.

JANUARY 6
Prexy Biddle as Mayor of Dogpatch.

OCTOBER 2
The Aggies throw a formal.

JANUARY 13
Time out for refreshments as the Dogpatchers swamp the Union.

APRIL 20
Heebner and friends work hard to a good advantage.

FEBRUARY 7
Ed Howard takes the bus.

FEBRUARY 18
Montana State and the U. mix it up as Hall waits impatiently.

JANUARY 15
Honorary organizations take on a feed to the benefit of all.

NOVEMBER 13
Another semi-formal dance—a M.S.C. special.

NOVEMBER 5
Mortar Board ticket sale—the gals' chance to take the present heart throb.

FEBRUARY 23
Dictator Saubert in Engineers' Fun Nite.

JANUARY 11
Sadie Hawkins costume winners — Parr and McKinley with Jinx glomming part of the limelight.

NOVEMBER 18
A good fencing trio—Sullivan, Wirak, and Tietjen.

MARCH 20
The Military Big Shots hoof it alone.

MARCH 25
Fisk and Butterfield strut on parade.

ADMINISTRATIVE MASTERS

MARVIN F. KELLY
Dean of Men

DR. A. L. STRAND
President

ETHELYN HARRISON
Dean of Women

PRESIDENT A. L. STRAND has spent much of his life on Montana State's campus in various capacities and so is probably closer to the problems of the students than most college presidents. His dry humor and down-to-earth manner have made him a popular figure throughout the state. . . . A charming, gracious lady, with a fascinating voice and a sense of humor is our Dean of Women, Mrs. Ethelyn Harrison. She has proved herself a friend, not only to the women at M.S.C., but to the entire student body, to whom her office is always invitingly open. . . . 1-2-3 hip! 1-2-3 hip! Our dancing Dean, Marvin Kelly, is leading the Conga line at M.S.C. A former member of the F.B.I., an exhibition skater and dancer, as well as an all-'round athlete, and sincere student, Dean Kelly has been a real inspiration to the students who come under his guidance.

ADMINISTRATION

THE

Dean
W. M. COBLEIGH

At the head of the Engineering Division is Dean Cobleigh. The Dean is a successful administrator and runs his division with unsurpassed skill. He is an effective organizer, and has the rare faculty of maintaining a fine cooperative relation with his associates. Although he is exceedingly busy he always takes time out to lend a helping hand to any student who needs his superior wisdom and guidance. He is a great favorite with students and faculty alike who appreciate his great skill in managing his department.

E. W. SCHILLING
Electrical Engineering

DIVISION OF ENGINEERING

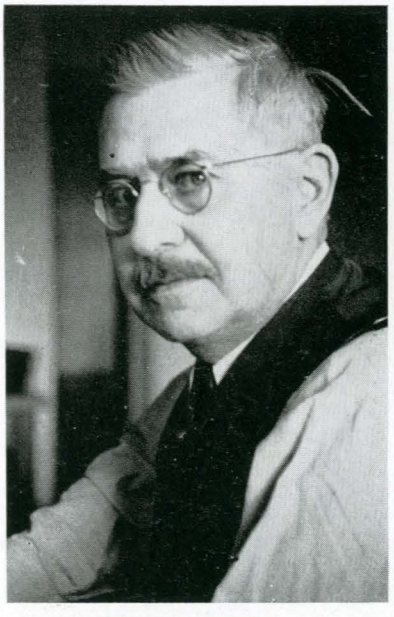

MORE important than ever in a war emergency is that department which prepares men for work in technological fields. The Division of Engineering, widely famed for the quality of the men it produces, now must operate day and night in order to meet the demand for leaders in the engineering world. This it has done, offering, besides the usual heavy schedule of engineering subjects and standard courses, short courses in general engineering and mechanical work. To a civilization, ever-increasing in scientific development and study, such a department as this one of engineering becomes one of the most necessary parts of our educational system. Students of this division have their campus within the walls of Roberts Hall where they study in one of the seven branches of engineering, architectural, chemical, civil, electrical, industrial, mechanical and engineering physics.

HOU

Dean
GLADYS BRANEGAN

Dean Gladys Branegan supervises the Home Economics Department and is an inspiration to all girls taking a Home Economics course. The girls who enroll and finish this course are well-trained to become teachers, dress designers, dietitians, and successful home managers as it gives them the practical training that every girl should have.

Most successful in the course is the Home Management House where each senior girl spends six weeks and puts into practice the knowledge she has acquired during the course.

SEHOLD and INDUSTRIAL ARTS

DEAN BRANEGAN is the energetic figure at the head of three departments: Art, Secretarial, and Home Economics. She is an indispensable person on our campus, as well as an important figure at national conventions.

She is a person who is continually busy, striving to better conditions on the campus. She prepares students to go out into the world and make people proud of our college.

Dr. Jessie Richardson is in charge of the Home Economics Research Department. She is active in conducting many research projects and she does a great many experiments with rats. These experiments are very beneficial to the dietetic students.

John W. Blankenhorn is in charge of the Secretarial Department. He was elected into Phi Kappa Phi this year because of his outstanding participation in college affairs. He is one of the most popular professors on the campus. Mr. Blankenhorn is very helpful to students in securing positions, both on the campus and after they leave school. Mrs. Blankenhorn is president of the Faculty Wives' Club.

Mrs. Olga Ross Hannon, who is head of the Art Department, is also the president of Delta Phi Delta, national art honorary. She is very energetic, an artist herself, and very successful in conducting one of the most interesting and cultural courses offered at Montana State College.

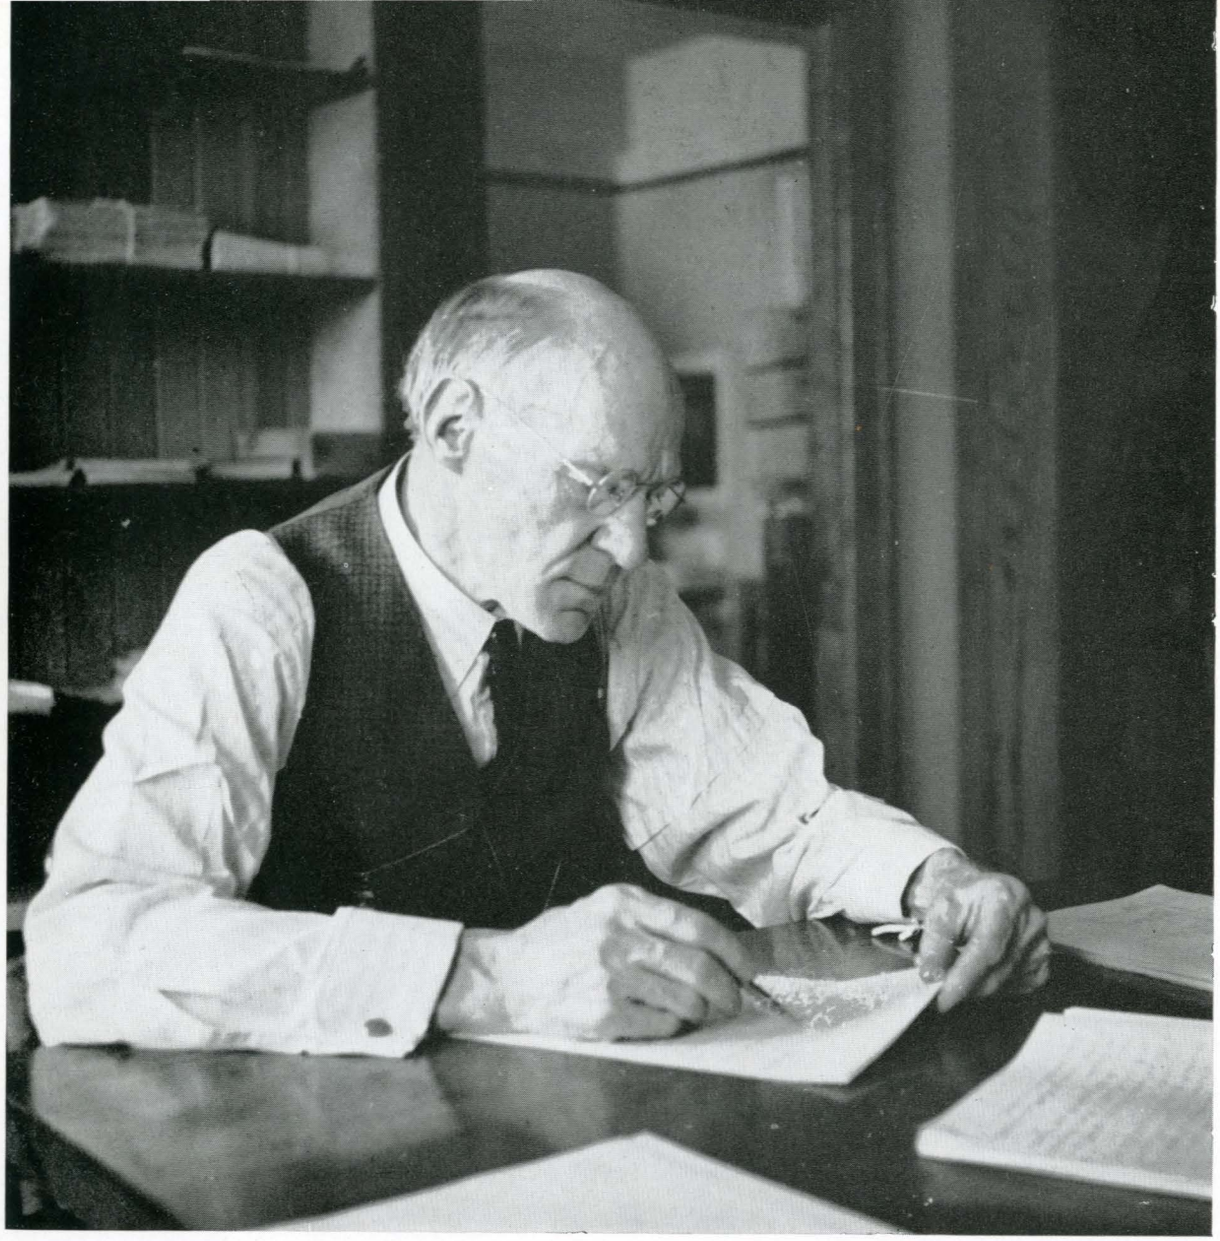

DR. JESSIE RICHARDSON

OLGA ROSS HANNON
Applied Art

THE

Dean
D. B. SWINGLE

As supervisor of the Division of Science, Dr. Deane B. Swingle handles many varied phases of scientific work. But as if this weren't enough, Dean Swingle also takes a strong interest in athletics, finds time to write thorough studies of his sciences in text-book form, prepares lectures of never-failing interest and manages to keep a close and kindly relationship between himself and his students.

S. R. DYCHE
Physical Education

B. L. JOHNSON

M. H. SPAULDING
Zoology and Entomology

DIVISION of SCIENCE

SYNONYMOUS with Division of Science is the name of Dr. Deane B. Swingle, Known and beloved by all, Dean Swingle has become an indispensable part of the curriculum of any student of science.

Under his jurisdiction fall the sub-divisions of Applied Science, Botany and Bacteriology, Entomology, Nursing, Pre-medics, and Zoology, and the departments of Chemistry, and Physical Education. Certainly Dean Swingle has able help in his associates, for how else would he find time to do all he does?

The Division of Science offers ample opportunity for study along any lines of 'ys and 'ologys. There are physical scientists and those biological. There are those interested in research and those interested in experimentation. For all phases of the work there are competent, friendly advisors ready to give all possible assistance.

Indeed, the Division of Science is universal on the hill—it forms a part of every curriculum.

THE

Dean
CLYDE MCKEE

The oldest department of the school, the School of Agriculture, is headed by Dean Clyde McKee. In his work, he must supervise the teaching of agriculture and the research of the experiment station as well as caring for the administrative details of a deanship. He is known as a thorough student of his subject and for his conscientious and effective execution of his job.

R. R. RENNE
Agriculture Economics

R. T. CLARK
Animal Industry and
Range Management

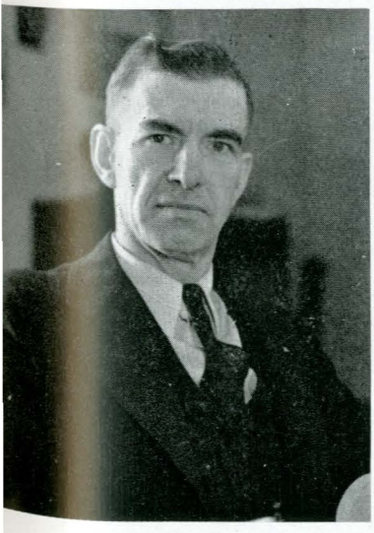

R. H. PALMER
Agriculture Education

DIVISION of AGRICULTURE

HEADING the Division of Agriculture is Dean Clyde McKee, straightforward and hardworking graduate of Kansas State College. Under his supervision falls the administration of the Divisions of Agricultural Economics, General Agriculture, Agronomy, Animal Industry, Dairy Industry, and Horticulture. In addition, the work and research done by the Montana Agricultural Experiment Station falls under his care.

Realizing the tremendous importance of agriculture to our nation at this time, the entire department has pushed forth the ideals of agriculture in an effort to improve even the best. Farm and ranch management, beef cattle production under varied conditions, methods of marketing farm and ranch products, irrigation and drainage; all are being stressed toward the making of a better farming and ranching program for the state and nation. Judging teams are an activity participated in by students in the department as is the Little International.

Dapper Dan Mizner . . . student body vice prexy . . . charms all girls with his basketball playing . . . leader in campus activities . . . past president of his fraternity, Pi Kappa Alpha . . . enthusiasm to burn . . . and popular.

Frances Peterson Travis . . . friendly, popular president of Associated Women Students . . . always going to or coming from a convention . . . untiring in effort and work in interests of students . . . Happily married to some guy named Jim.

DENT TIMEKEEPERS

To the school politicos of the Student Senate belongs the duty of keeping the affairs of the student body on a straight and narrow path as well as a high plane. On this group land all of the heaviest burdens of student trouble. It alone is responsible for the direction of all student activities. The Senate must sponsor assemblies, manage M-Day, all this besides enacting student laws and providing a democratic student government. Each one of these duties has been more than adequately handled during this year by the Senate. Perhaps these duties were augmented by a slightly upset world reflected in the student attitude. Calm, precise, efficient guidance of a student body disturbed by war conditions is a record of which the Student Senate may feel proud.

COMMITTEES

STUDENT UNION COUNCIL

Betty Lyons, Dr. Beal, Lester Hogan, Prof. Harrington, Miss Leigh, Dean Branegan, Walter Moyle.

ENGINEERING COUNCIL

FIRST ROW—Francis Ramstad, Charles Arrivee, Merlin Fisk, Dale Johnson, Fred Tietjen, Charles Pew.

SECOND ROW — Denis O'Brien, Clifford Davis, Howard Boehmer, Ted Raess, Joe Devine, Walter Moyle, Francis Engel.

GRIPE COMMITTEE

FIRST ROW — Mr. Blankenhorn, Owen Wirak, Chas. Coughlin.

SECOND ROW — Betty Ford, Miss Bull, Yvonne Kalberg.

THE MAINSPRINGS

STUDENT UNION COUNCIL

Governing body of that place we couldn't do without, the S. U. Council cares for finances, upkeep and all other administrative problems of the building. Their biggest job of all is to see that the Union serves its purpose of fostering school spirit and student relations. This, as all other duties, it has managed more than capably.

ENGINEERING COUNCIL

Here is the governing body of all engineering matters. It consists of members from all departments of the engineering division and has this year had a bigger job than ever to carry on. The main duties center around electing the outstanding graduating engineer, publishing the Montana Engineer and, of course, the Engineers Fun Night—all these besides the tough work of managing engineering student affairs.

GRIPE COMMITTEE

This faculty-student committee handles complaints, keeps them from becoming disturbances and recommends their adjustment. The members remain good-natured and judicious and do a difficult job well.

ASSOCIATED WOMEN STUDENTS

An annual gift to the college, planning for Womens Day and capably managing all affairs of the women students is the work that the A. W. S. must do. This year has been a banner one for the entire organization.

SOCIAL COMMITTEE

Managing the complicated social matters of the campus, fixing dates, making rules and considering all problems regarding social functions, is a heavy job that has been well handled with impartiality all the way through by this group.

ASSOCIATED WOMAN STUDENTS

FIRST ROW—Mary Ann Batch, Frances Peterson Travis, Vivian Tretsven.
SECOND ROW — Jean Haynes, Yvonne Kalberg, Sara Cole, Betty Isaac.
THIRD ROW—Matie Allport, Nora Oftedal, Patty Flynn, Beverly Medlin, Jean Gaines, Dorothy Schaal.

SOCIAL COMMITTEE

Vivian Tretsven, Eddie Kimball, Pat Rounce, Jean Haynes, Jerry Aakhus.
NOT PICTURED—Dean Kelly, Bertha Clow, Bert Hansen, Dean Harrison, Chairman.

MENTORS

Felt Adams, Trainer; Schubert Dyche, Head Coach
John (Brick) Breeden, Assistant Coach; Carl Fjeld, Freshman Coach

FOOTBALL . . . One of the most valuable assets to the nation at all times. Directed ably by Schube, assisted by Brick, Felt, and Stubby. Learning young men nation wide how to give and to take. A trait that is needed now more than ever. Football has and will continue to produce leaders for tomorrow. Schube Dyche knows how to bring out these qualities with the best of them and he is well known around the campus and is just as well liked by all. He has coached men that are leaders on the campus, in the community and in the state. Fitting young men with the physical and mental ability to take it is important at all times. Now more than ever is evidence of the abundance of fine material football has given to our country. If we do our part, athletics will continue to make us better young men and women, and young men in the service can well be proud to say "I played football."

FOOTBALL

THE SQUAD

TOP ROW—Wallis, Zupan, Leary.

SECOND ROW—Barow, Jinx Anderson, Williamson, LaSalle, Milodragovich, Hodgson, Dougan.

THIRD ROW — Dogterom, Cascaden, Rivers, Markuson, Ahlquist, Schmitt, Beller, Krall, Findlater.

FOURTH ROW — Nuckolls, Whelan, Fye, Forsyth, Zempel, James, Haburchak, Mizner, Musselman.

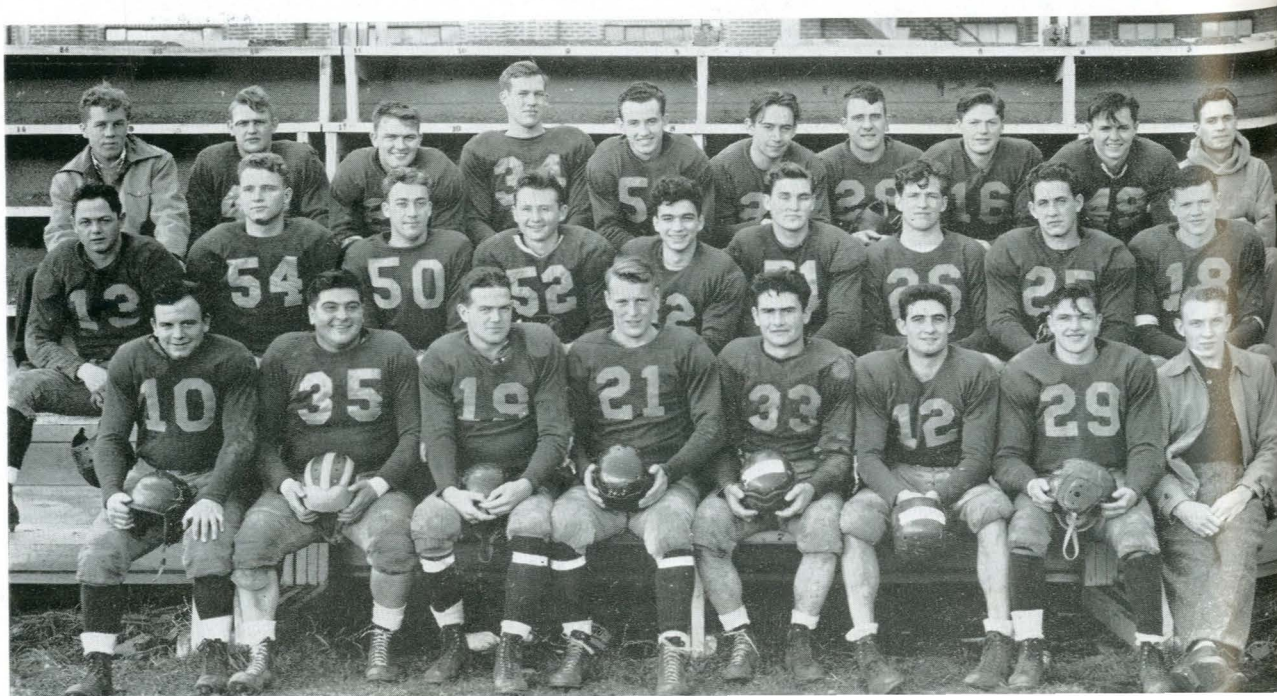

FRONT ROW—Nelson, Lovera, Peterson, Hansen. Davis, Kornelius, Stokan.

FROSH SQUAD

TOP ROW — Coach Fjeld, Vollmer, Bye, Hansen, Callaghan, Withrow, Hoffman, Lunney, Temple, Coach Saddler.

SECOND ROW—Petterson, O'Neil, Green, Larson, Lovera, Ellison, Shelhamer, Moore, Clawson.

BOTTOM ROW–Cloud, Martello, VanGieson, Bowen, Hoffman, Dixon, Simonich.

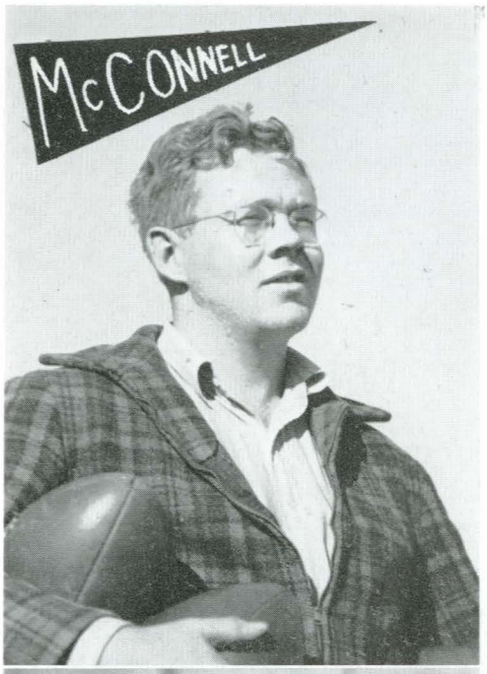

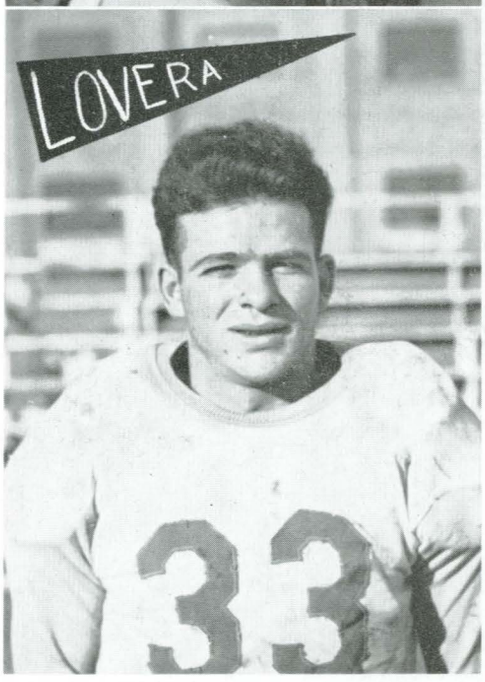

WESTERN STATE

Opening the season with an inter-conference game the Cats showed their power for the newly arrived student body. Having only two weeks practice and a sophomore-studded squad they took an easy victory from a hard-fighting, inexperienced team from Western State. Played on a field muddy from three days of rain the game was packed with thrills from fumbles and slippery runs.

Before the crowd was fully settled the Cats scored their first touchdown. On the first play following the kick-off Anderson dropped back to punt and instead threw a forty-yard pass to Wallis who went the rest of the way untouched. Never giving their opponents time to rest they turned to power plays to pile up yardage. Midway in the second period Zupan, sophomore fullback, climaxed a fifty-five-yard run by driving across from the ten-yard line for the second touchdown.

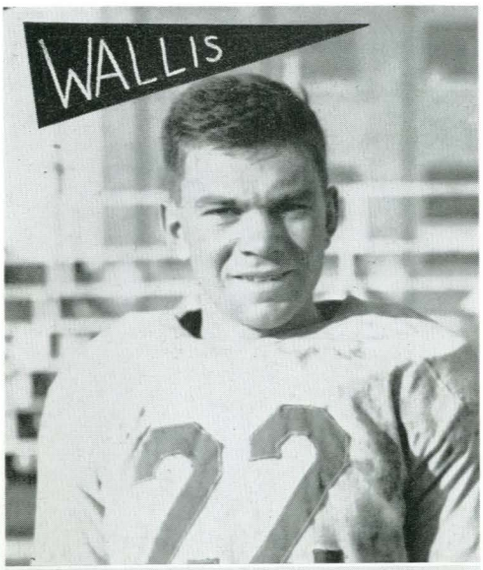

In the third quarter Nuckolls, with a long punt return, set up the third touchdown. Ned Davis, sophomore halfback, swept end for the third and final touchdown, then crashed off tackle to score his own extra point.

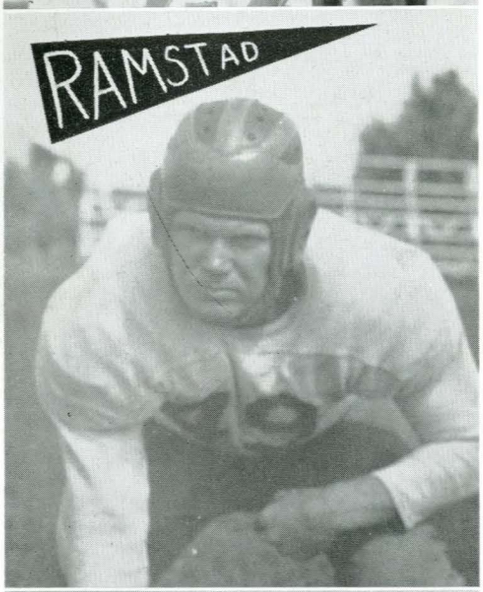

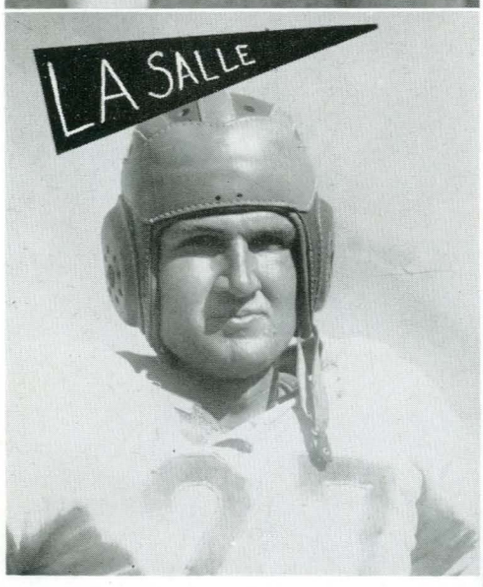

Clawson of Bobkittens stops Cub star.

COLORADO MINES

The following week the Cats held a highly-favored Colorado Mines team to a scoreless tie. Still being chased by the weather man, this game was played in the midst of a snowstorm that made it almost impossible at times to see the length of the field. Despite the snowstorm both teams played excellent ball with a noted absence of fumbles.

Though a scoreless tie the game was both fast and uncertain at all times. In the opening period the Cats, using a spread formation, with Zupan carrying the ball, marched sixty yards to the ten-yard line before being held for downs. In the same quarter Colorado Mines drove to the fifteen before the Bobcat line tightened and held for downs. The remainder of the first half turned into a punting duel with Anderson thrilling the spectators by consistently punting a wet, soggy ball from fifty to sixty yards.

The second half brought many thrills with both teams trying their best to score. Colorado threatened heavily on a quick reverse netting them sixty yards, and first down on the seven before Zupan and Nuckolls drove the runner out of bounds.

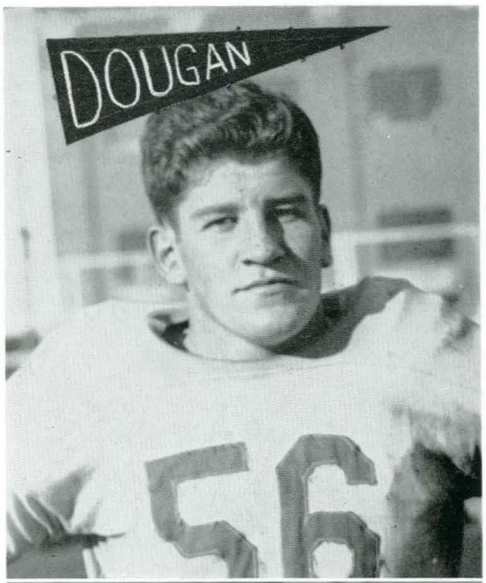

The band in action at the Colorado Mines game.

COLORADO COLLEGE

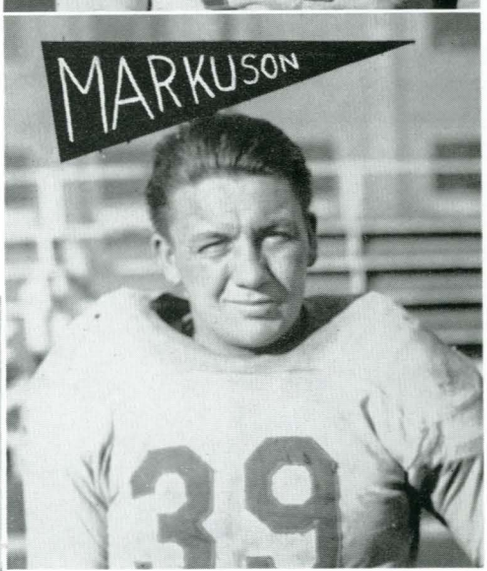

With hopes high the Bobcats left the following Wednesday for two consecutive games in Colorado. Hoping to outrun the weather jinx and get in some good practice they succeeded only to run into other troubles, namely sickness and injuries.

Arriving at Denver Friday evening they stopped over before going on to Colorado Springs to meet Colorado College, defending champions. That night sickness hit, with the result that all but five of the squad members became ill. Nevertheless they went out to put up a stunning battle against Colorado College before going down to defeat in the fourth quarter 28-7. Consistently driving the length of the field they were unable to summon enough strength to drive across for the needed scores. Long runs, setting up touchdowns, by Leary, Zupan, Williamson and Nuckolls were of no avail. The Bobcats' lone touchdown came from Williamson's dash of sixty-eight yards through the center of the C. C. line.

Finally weakening entirely in the fourth quarter the Cats allowed C. C. to drive across three touchdowns to take a lopsided victory. Final tabulations, however, showed the Bobcats led in yards gained in rushing, passing and kicking.

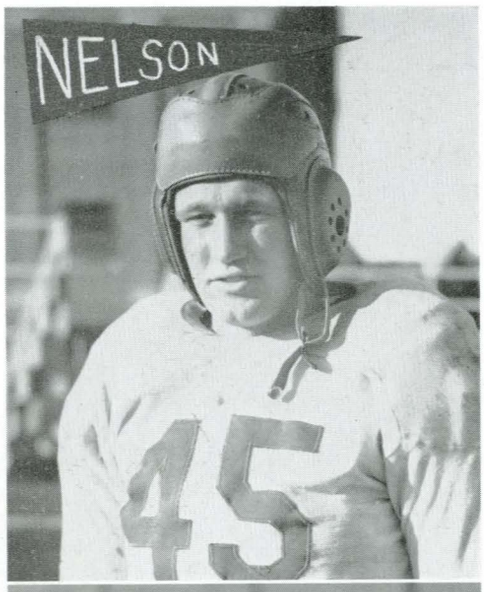

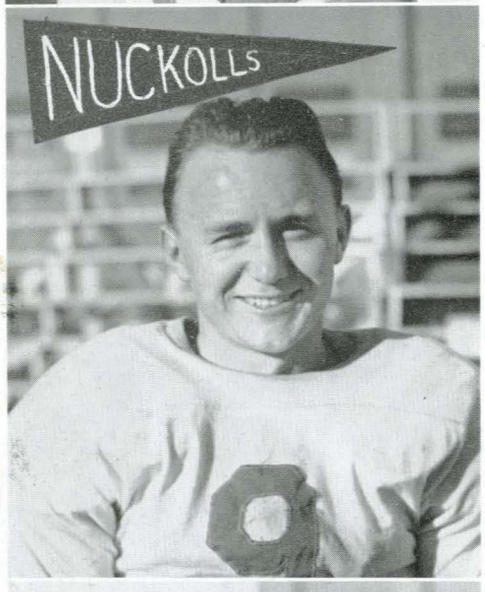

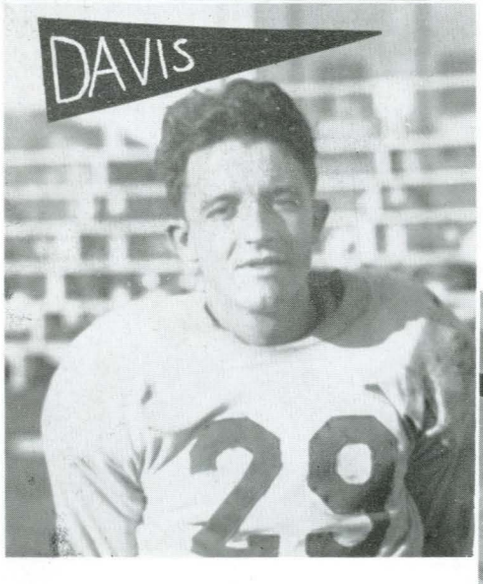

Bobcat line holds on the 1-yard line.

GREELEY STATE

Still hoping to take the conference crown the Cats worked out against Denver U. the following week. During their week there they lost Leary and Williamson, sophomore backs, Ramstad, senior tackle, due to injuries, and Barrow, sophomore tackle, was called home. Lacking reserve strength and still feeling the effects of their previous illness they traveled to Greeley to play the Greeley Bears.

Playing in a light rain the first half neither team could break through stubborn defenses long enough to drive across a touchdown. The Cats threatened twice; once on a fifty-five yard run by Zupan and again on a sustained passing attack only to lose control of the ball by fumbles.

In the third quarter Nuckolls returned a punt for twenty yards to their own forty, Zupan picked up twenty more through tackle, and on the next play went wide to his left, turned and threw a forty-yard pass to Anderson down the right sideline for a touchdown. Krall failed to convert the extra point.

Striving to protect their lead the Cats held until the last of the fourth quarter when the Bears' passing attack started clicking to net them a touchdown and the extra point to win 7-6, knocking out the Cats in the conference title race.

Bobcat squad at Lowrey Field, Denver, Colo.

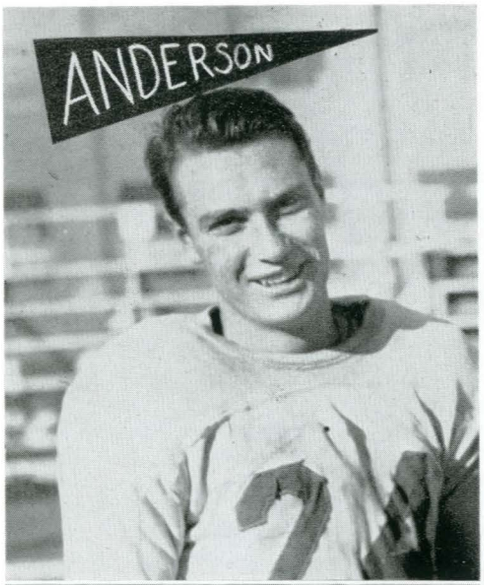

(Courtesy Lowrey Field Publicity Dept.)

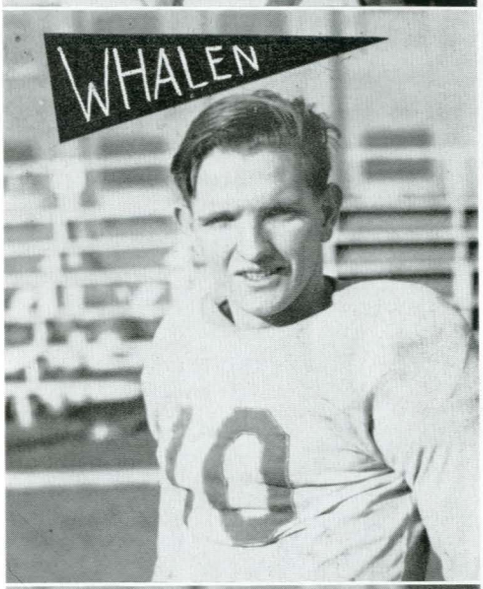

BUTTE GAME

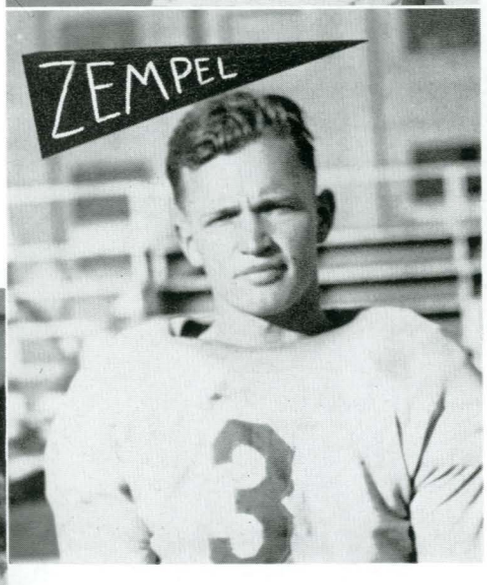

On October 25 the Bobcats traveled to Butte to renew their age-old feud with the Grizzlies. The Bobcat-Grizzly game has long been one of the outstanding in the west. In recent years the Grizzlies have had the upper hand and planned to take an easy victory with their supposedly superior men and surplus reserve material. As a result every Bobcat went to Butte with his heart set on upsetting the dope bucket.

Going into the game as the underdogs they brought the crowd to their feet screaming in the first quarter when Zupan threw a thirty-yard pass to Anderson for a touchdown. Again in the second quarter when Peterson snatched the ball out of Naranche's hand just as he was going to throw a pass and raced seventy yards for another touchdown. The half ended 13-0 with Bobcat hopes high.

The second half proved the Grizzlies had too many reserves for the Cats as they scored three touchdowns and a safety to win 23-13. The game brought nearer to the Bobcat fans the hope of beating the Grizzlies who will never again count their chickens before they hatch.

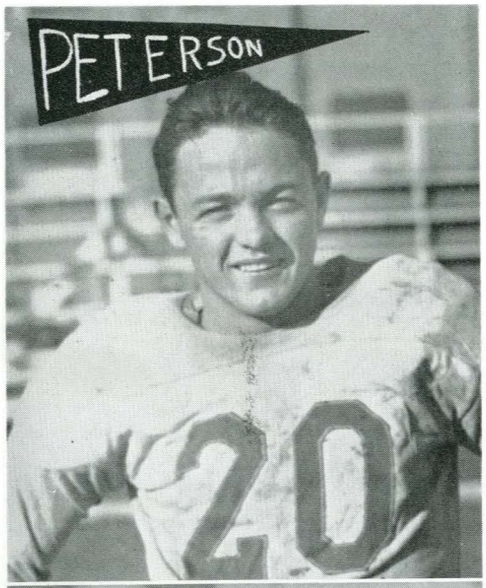

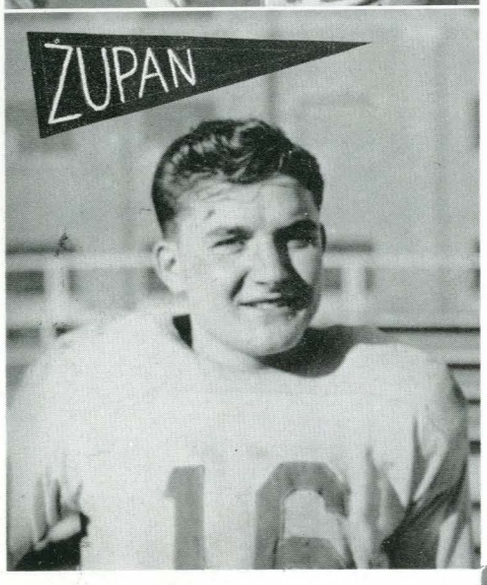

Naranche fails to gain for the University.

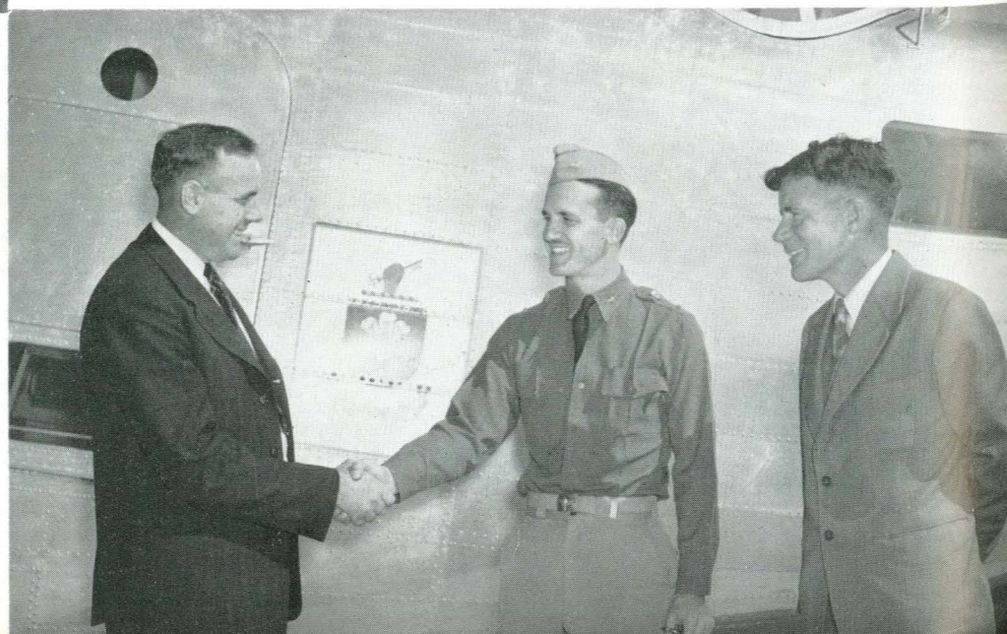

IDAHO SOUTHERN

Playing in their third homecoming game of the season the Bobcats went to Pocatello, Idaho, short seven veterans, to tie with Idaho Southern 13-13. Playing before a large crowd they were sluggish and disinterested the first quarter, allowing the Bengals to score a touchdown and take the lead 7-0. In the second quarter Schube shuffled his backfield finding a clicking combination in Davis, Mizner, Beller and Zupan. Marching seventy yards behind the fine blocking in the line, Zupan drove over from the ten-yard line. Krall converted for the tying point. Again they marched fifty yards to lose the ball on downs on the two-yard line. The Bengals kicked out to the forty-five where the Cats started over again. Two passes, Zupan to Peterson, and Davis to Wallis, picked up 30 yards. Davis picked up five more on a line smash and the half ended there.

In the third quarter the Cats came back again to score on a long pass from Anderson to Peterson. In the fourth quarter Idaho returned Anderson's punt behind magnificent blocking for sixty yards and the tying touchdown.

IDAHO UNIVERSITY

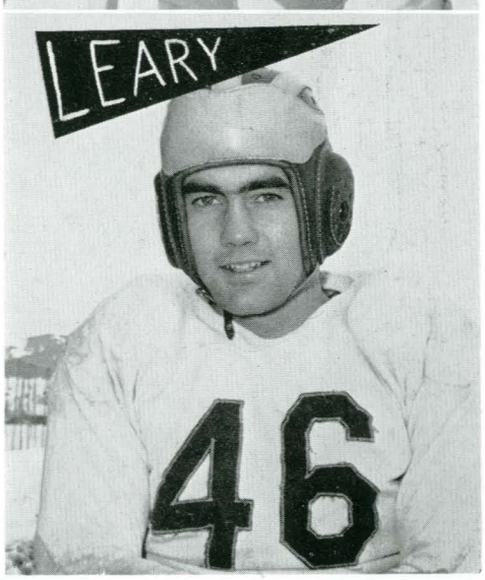

The next week-end the Bobcats traveled to Boise, Idaho to play Idaho University. Travel-weary from traveling better than three thousand miles in recent weeks they were no match for the heavier and faster boys from Idaho.

The first quarter was a see-saw affair with neither team getting any advantage over the other. The second quarter, however, saw the Idaho team swing into a deceptive double-wing back formation and start using reverses, quick kicks and a brilliant pass offense. Combining these to their advantage they scored three touchdowns to take the lead at half time 19-0.

The second half brought more of the same with the Cats unable to click long enough to stop them. Jinx Anderson brought the crowd to its feet when, upon receiving a kick-off on the Bobcat two-yard line, he took a few steps and quick kicked eighty yards, putting Idaho on their own three-yard line with their backs to the wall.

The Bobcat effort was aided enormously by the efforts of Jim Krall and Danny Mizner who, constantly finding themselves opposed by heavier men, piled up Idaho plays before they could get started.

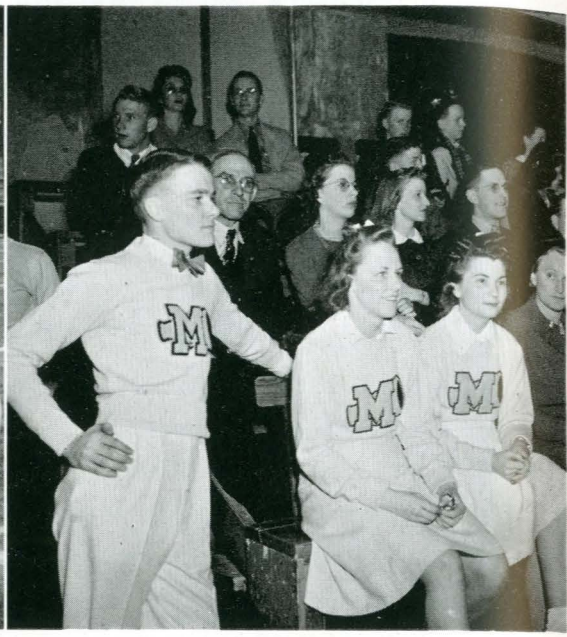

Anderson prepares to stop Idaho U. back.

YELL TEAM

FOOTBALL GAME

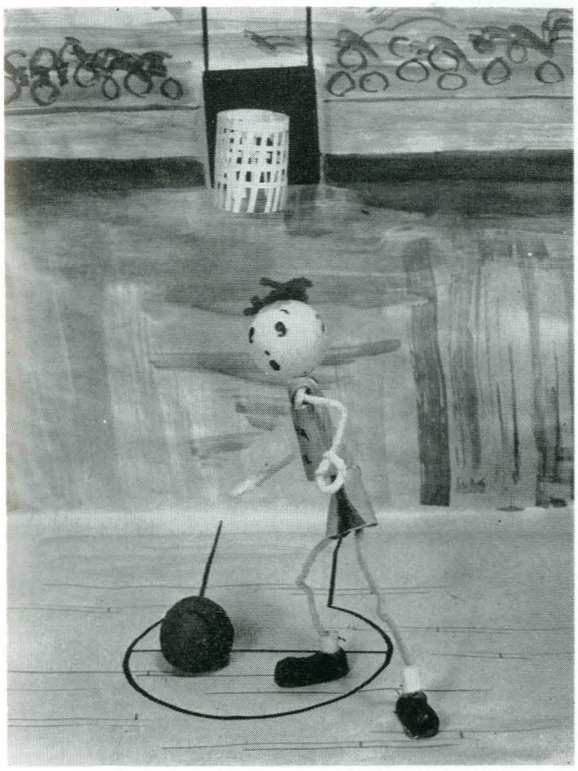

George Corry, Peggy June Sanders,
Bob Johnson.

BASKETBALL GAME

Bob Johnson, Jerry Lindsey,
Pegge June Sanders.

THE year "1942" celebrates the fiftieth anniversary of basketball. Fifty years of continual progress from the peach basket hoops to the modern steel and net hoops with solid glass backboards. Progress from any old floor to the smoothly finished hardwood floors, from the time that the only fouls called was when the player couldn't get up after two minutes had elapsed to the present safe and sane rules. Starting with a slow game, low scores and small crowds and coming to the present fast, smooth and high-scoring game of today witnessed by thousands of fans nation and world-wide. Not alone has the game progressed; the boys playing it have moved along just as well. Gone are the days when anyone could walk on a floor. Now the boys spend hours daily perfecting themselves as a unit to reach the high degree of perfection necessary to execute the intricate plays of today.

BASKETBALL

FIRST ROW — Coach Breeden, Anderson, Jorgenson, Hodgson, Stark.

SECOND ROW—Collins, Mizner, Dogterom, Hall, Epkes, Stachwick, Manager Thompson.

BOBCATS

ONE of the finest teams that Montana State has seen since the days of the Golden Bobcats completed a very successful season by beating the University Grizzlies two successive games. Starting the season out slow they continued to improve as the season went on, ending up second in the R. M. C. title race.

Led by Anderson, all-conference guard; John Hall, Bob Stachwick, Max Stark, and Dan Mizner they developed into a fast, smooth-working ball club, winning fourteen out of twenty-two games and stopping the University's winning streak of thirteen consecutive games.

Newcomers to the squad showing plenty of potentiality were Will Jorgenson, Eddie Collins, Jess Hodgson, and John Epkes. All four of these boys have two more years of competition left and should be the deciding factor in bringing home the conference championship next year.

BILLINGS TOURNEY

Opening the basketball season with a tourney at Billings, the Bobcats played the experienced Brigham Young and Wyoming U. teams. The first opponents of the Cats, Brigham Young, had too much advantage over Coach Breeden's men in both height and experience. Sparked by the consistent old players, the Bobcats played a hard-fought game, with many substitutions being made. Don Jorgenson, Hall and Mizner were the most consistent players in both defense and offense, Hall being high-point man with 9 points. The Bobcats were on the losing end of the score: 37-51.

Coming back the second night, the Bobcats fought a losing battle against Wyoming University. Don Jorgenson was high-point man with 8 points, the score ending 33-62. The Wyoming team had much the same advantage as the B.Y.U. team, being able to put a team on the floor which averaged 6 foot 4 inches in height.

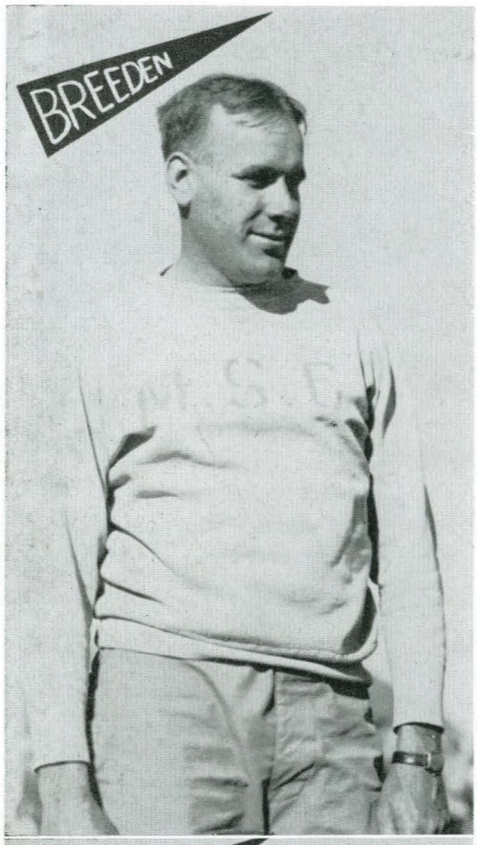

FROSH SQUAD

FIRST ROW — Jack Schwabb, Jack Cloud, Daws Lott, Sam Reynolds.

SECOND ROW—John Wedum, Rolly Bowen, Bill Fuglevand, Rodger Youdarian, Dave Lane.

THIRD ROW—Coach Bill Ogle, Bob Austin, Roy Calahan, Jim Schnae, Milt Clawson.

KANSAS STATE

Sticking around while the student body was home enjoying their Christmas vacation, the Bobcats did themselves proud, winning three games.

Meeting Kansas State, one of the best teams in the nation, the first game, they definitely proved they could play against any type of offense. In this game the fast-breaking style used by the Cats, and the slow-breaking style used for years by Kansas, gave a small crowd plenty of thrills. Though travel-weary the Kansas boys put up a good battle before going down to defeat by a score of 45-38. The Cats' fast break, plus Stachwick's superb floor work and scoring, proved to be too much for them to handle.

In the other games the Cats easily defeated Jamestown College of Jamestown, North Dakota. Showing rare form they went on scoring sprees both games to win 45-38 and 55-35. John Hall proved to be in mid-season form by leading in scoring and his control of rebounds was really the main factor in winning both battles.

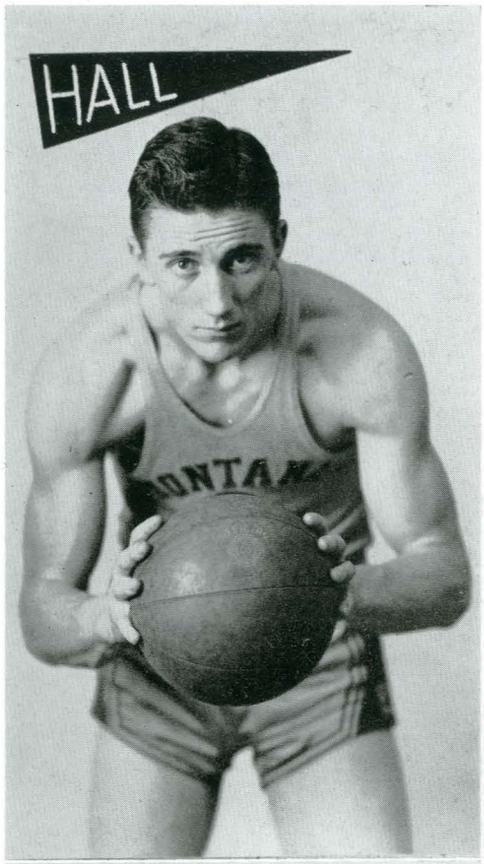

Johnny Hall stretches for the tip-off.

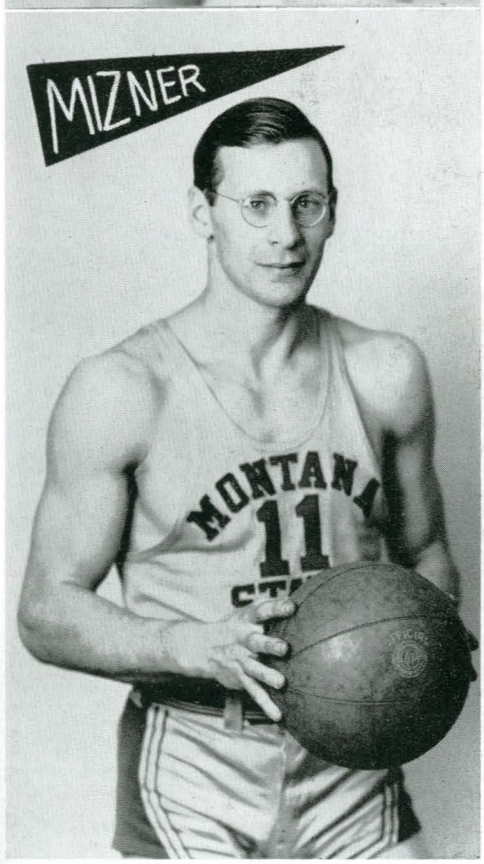

WESTERN STATE

Showing the benefits gained by meeting stiff competition the Cats opened the conference with two games against Western State. From previous showing the Cats were picked heavy favorites to win both games and to go on to take the conference championship.

The first game proved the experts to be correct as they won easily 41-29. Taking the lead in the early minutes the Cats turned on the heat and were never threatened the remainder of the game, showing a great deal of teamwork, accurate shooting, a good defense, and a dazzling fast break. Sophomores on the squad came to the front for the first time this season, showing reserve strength to spare. Outstanding in all-around playing was Dan Mizner who copped scoring honors with 13 points.

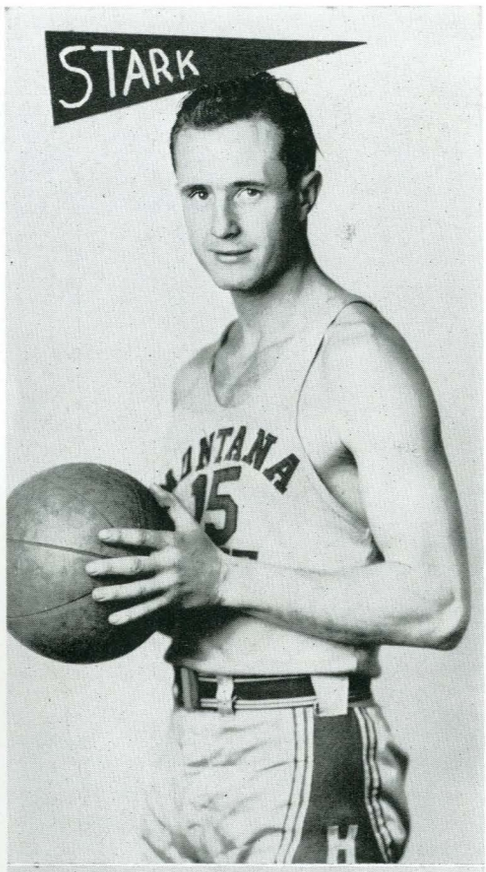

Overconfident from their easy victory the first game the Cats failed to hit their stride and lost the second game 37-35. Missing set-up shots and free throws throughout the game they lacked much of being the team they were the first night. Splitting the series the Cats went into a tie for first place in the conference race.

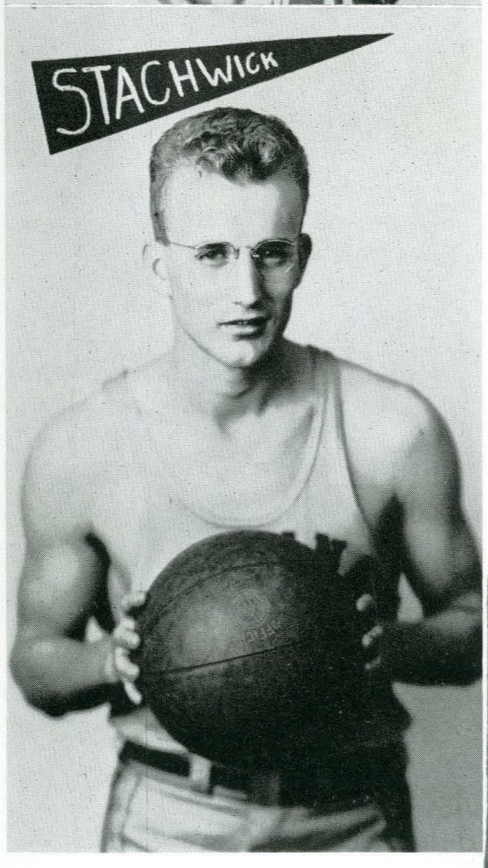

The Bobcats score against Western State.

GREELEY

Meeting the conference title-holders, the Greeley State Bears from Colorado, the Cats emerged victorious from the two-game series. The Bears were ceded to win the series from previous showings of both teams but the experts were proven wrong. Playing a clean game throughout, their victories were marred by the somewhat poor sportsmanship shown by the spectators. Many of the student body have room for improvement in this respect.

Anderson and Hall sparked the ball club both nights. Anderson did much in this series to insure him his berth on the All-Conference team. Playing all over the floor, breaking up the Bears' offense time and again while at the same time tying with Hall for scoring honors, "Andy" proved that hard training and hard practice pays off.

Both games were notable for the absence of rough play on the part of both teams for such fast and hard-fought games. In both games the Cats led from midway in the first half though never far enough to make it uninteresting. The Bears, however, went on to win the conference championship, for the second year, by a few percentage points.

Another headache for the referee.

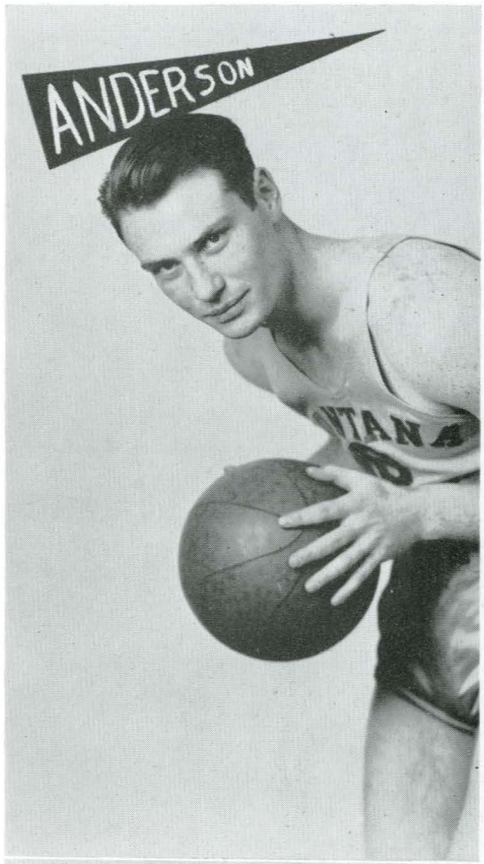

IDAHO SOUTHERN

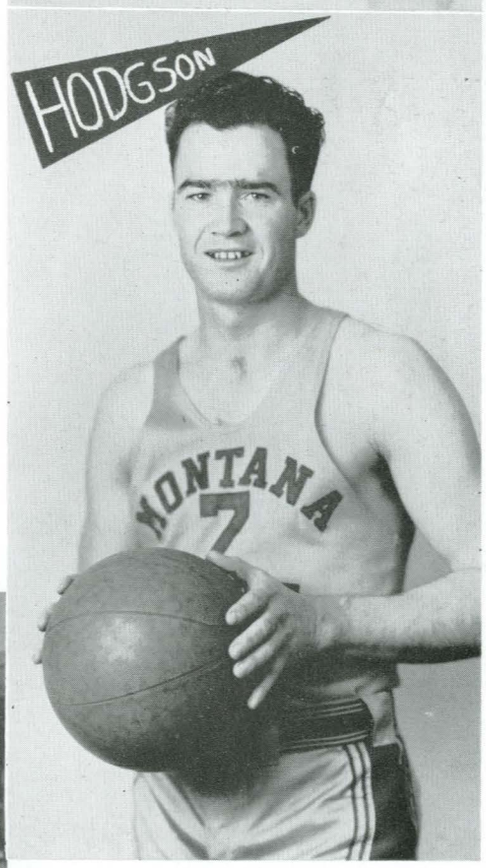

Scoring their seventh and eighth wins of the season the Bobcats took two easy games from Idaho Southern Branch. These games showed the superior defensive tactics of the Bobcats throughout. In the first game the Idaho boys were held to four field goals and one free throw in the second half.

At half time in the first game the Cats led 23-15 and breezed through the remainder of the first game winning 44-24. Every member of the team contributed his share of the points with Hall and Mizner scoring 12 and 11 points respectively.

The second game started out to be a slow, tight game with neither team being able to take the lead and hold it. The second half saw the lead change hands four times before the Bobcats took command to win 45-36.

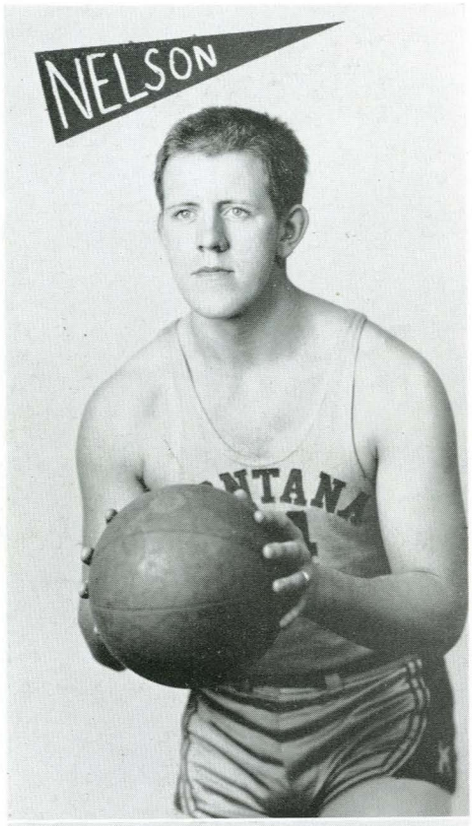

These two wins gave the Cats a clean sweep of the four-game series as they won two games earlier in the season on their home court.

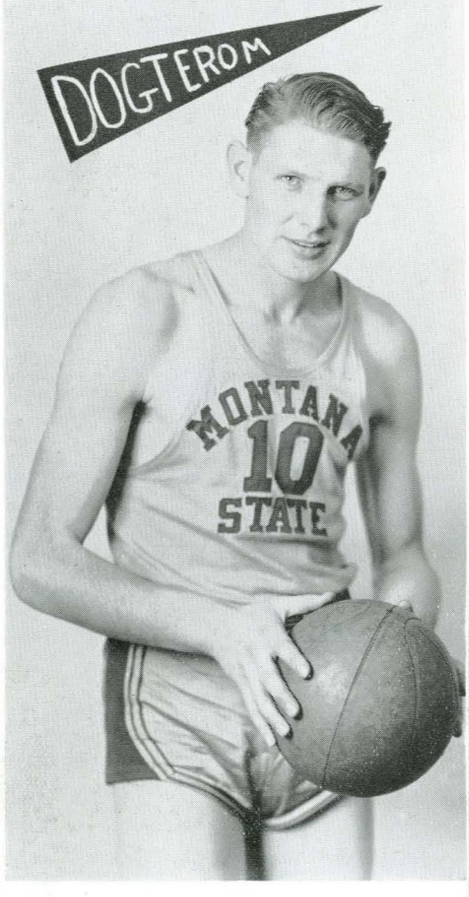

Stachwick grabs and misses.

COLORADO

Swinging into Colorado to play a two-game series with Colorado Mines and Colorado College the Cats dropped into second place in the conference race, splitting the series with each of the schools.

Coming back to Bozeman and then to Missoula for the opening of the eighty-third series of the Cat-Grizzly feud the Cats drilled and worked hard for the two games. These games are one of the most colorful basketball rivalries in the west with both teams battling for the state crown. The series dates back to 1911 with the Cats holding the crown 17 seasons and the Grizzlies 7 seasons.

Out to take back the crown they lost in '38 the Cats were unable to come from behind in the closing minutes to win the first game, losing 47-44. Collins, although fouled out, tied Jones of the U. for scoring honors with 15 points.

The second game was a heartbreaker with the U. winning on a free throw after the final gun. Both teams scored point after point in the final minutes to reach a climactic finale.

Both games were featured as usual by the intense rivalry and clean sportsmanship of both the teams and the capacity crowds.

Hall and Dogterom wait and wonder.

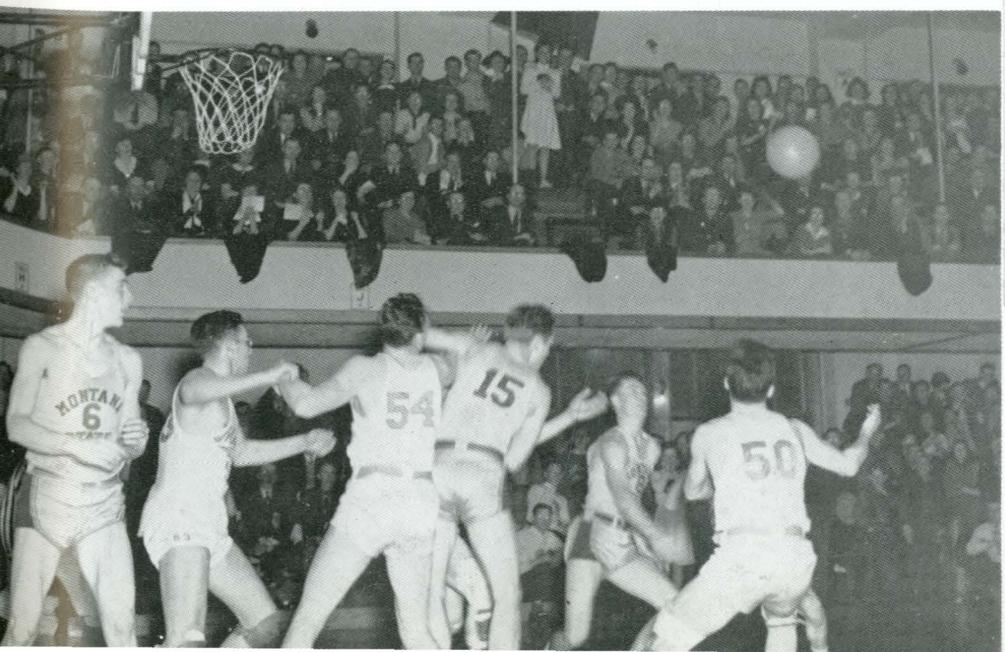

MONTANA U.

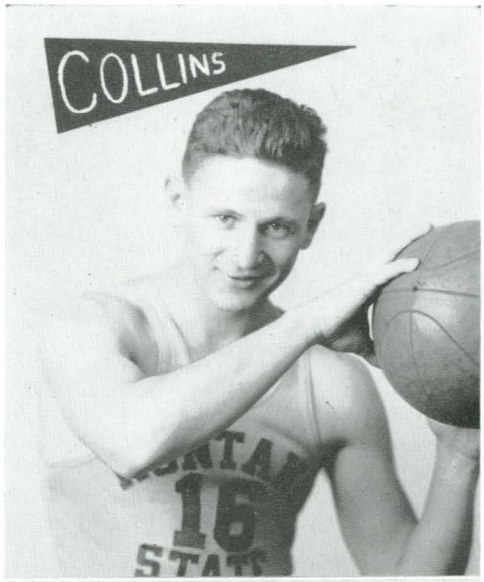

Determined to put a stop to the University's dominance of the state basketball crown for the past four years, the Bobcats went out to take two games, splitting the annual four-game series, stopping the Grizzlies' ten-game winning streak and putting another bombshell into their already weakened morale. These games wound up the season for both teams with the Bobcats winning 14 and losing 8 and the Grizzlies winning 14 and losing 10.

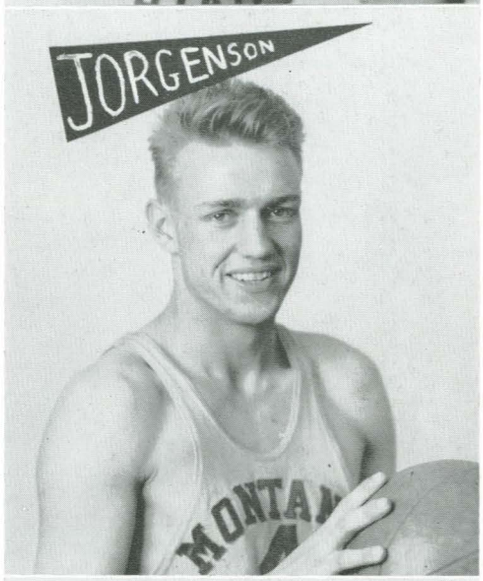

In the first game the Bobcats, led by Jinx Anderson, took the lead in the early minutes and never relinquished it. Every player on the squad did his share in bringing home the first Grizzly scalp in four years.

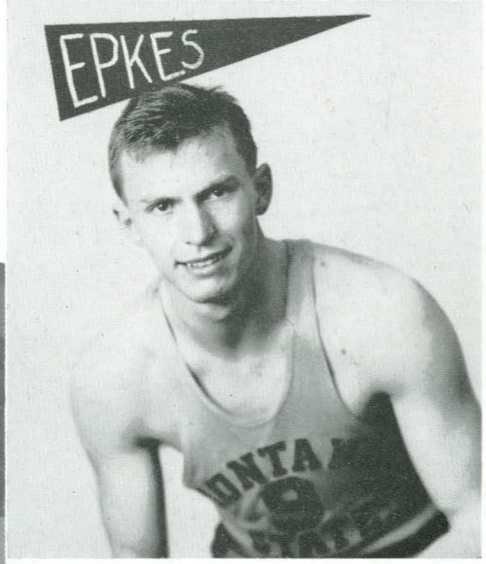

The second game was one that will be talked about for a long time. Everyone present will remember Max Stark's winning basket in the final minute, then Jess Hodgson's basket to cinch the game.

These wins meant much to the senior men on the team and no one can deny that John Hall, Dan Mizner, and Max Stark played the outstanding games of their careers in this series. To these men we extend our congratulations for the job they accomplished.

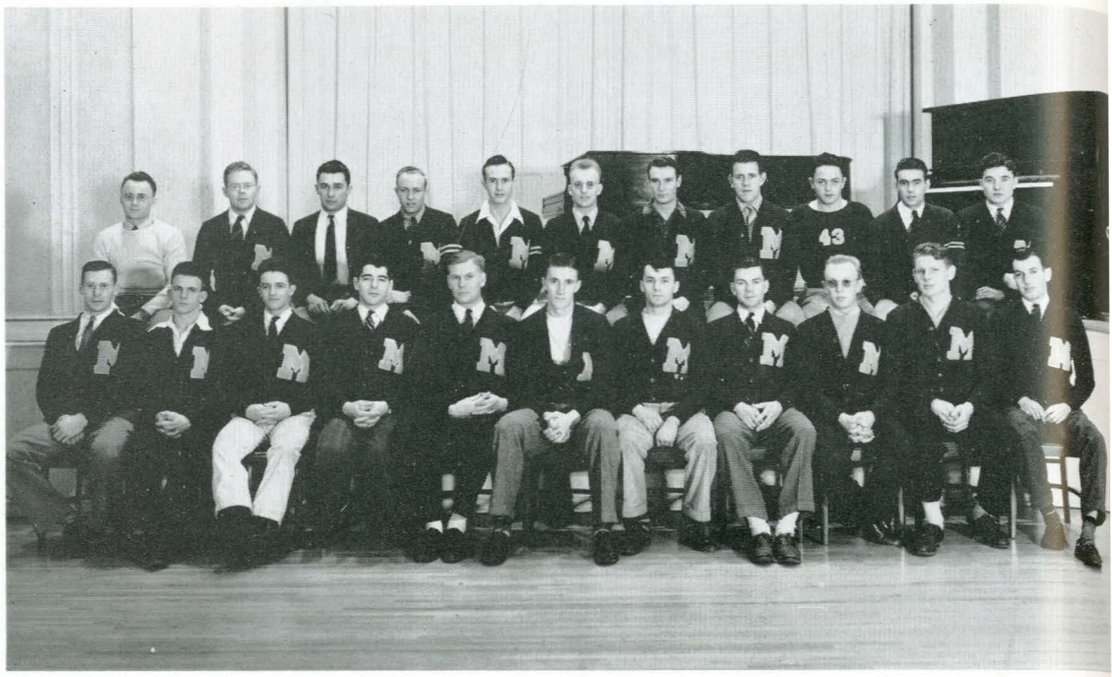

Anderson crouches for the take-off.

M CLUB

FIRST ROW—D. Mizner, C. Higgins, N. Davis, J. MacDonald, F. Ramstad, J. Hall, W. Scabad, G. Wallis, President, B. Smith, C. Dogterom, D. Smiley.

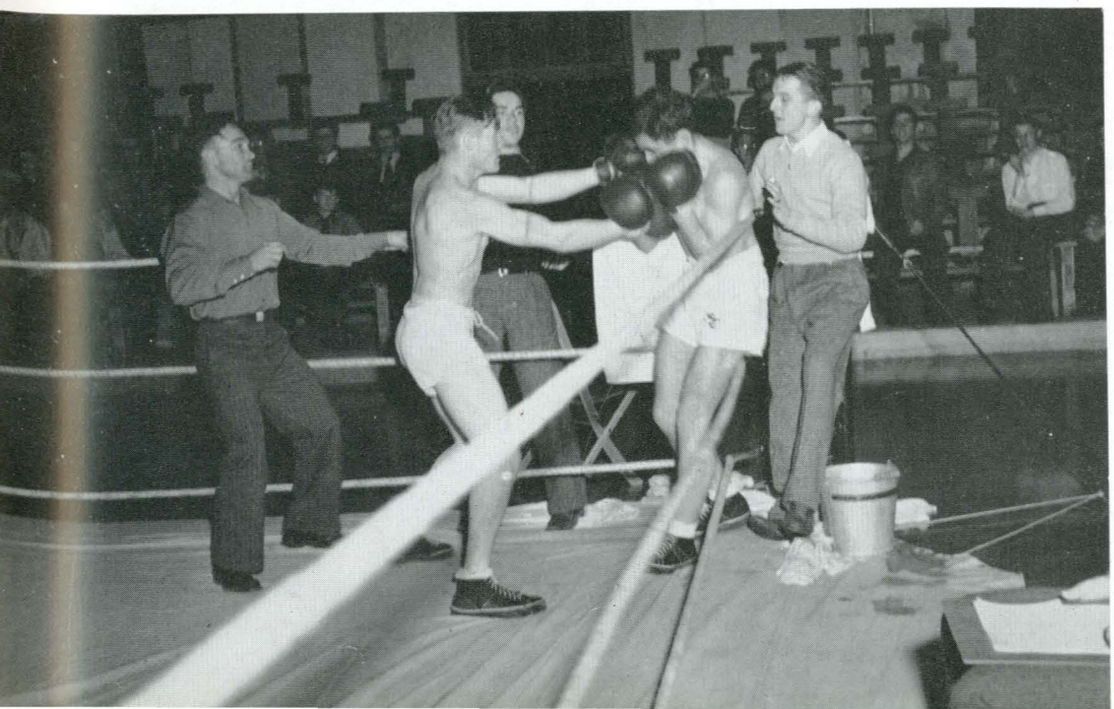

SECOND ROW—K. Nuckolls, K. McConnell, E. Milodragovich, D. Jorgenson, M. Stark, B. Stachwick, J. Anderson, T. Nelson, J. Peterson, B. Leary, B. Zupan.

NOT PICTURED—E. Bruffey, A. Dugan, A. Lovera, C. LaSalle.

NOT often in the spotlight of college sports, but always going on nevertheless, Montana State can boast of one of the best minor sport and intramural programs in the nation. Of the 1700 odd students in college more than 1500 participate in some sport or other. The purpose of these programs is to give every student the moral, physical, social and educational benefits derived from competitive athletics. Eligibility is limited only by keeping off of the 10-10 list, giving all an equal opportunity to participate. Competition is carried on in some fifteen sports with a great deal of competitive spirit throughout. Minor sports are coached by Dick Briggs and managed by Bob Wearne; intramural sports are directed by Harry Ellis and managed by Pierce Patterson. To these men we extend our congratulations for the excellent record they have built for Montana State in these sports.

INTRAMURAL

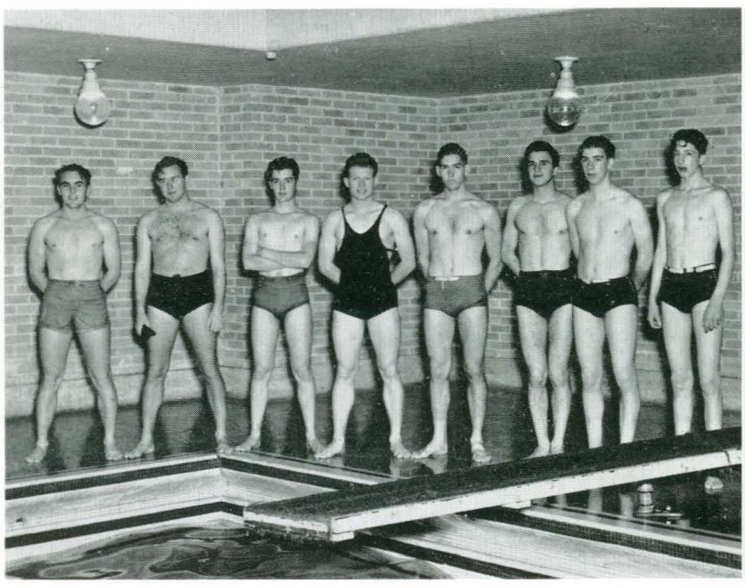

HARRY ELLIS
Director

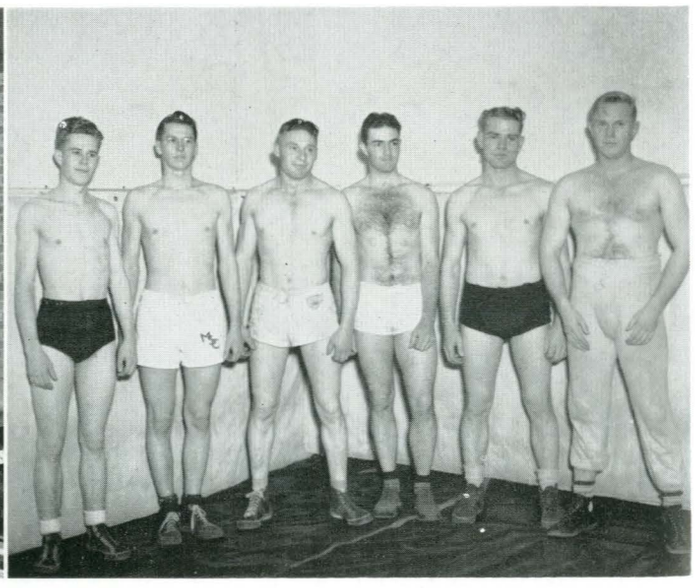

HARRY ELLIS . . . director of intramural athletics . . . molds, develops the physique, character and personality of our college students . . . his untiring effort and interest in the students has led to such an excellent and well balanced intramural program . . . A manager who is always ready and willing to work.

The Lambda Chi Alpha team took away the honors last fall by having the most men cross the finish line to win the three-mile run called the cross country, the individual winning the race and varsity letter was Tom Sweeney. In the handball courts Ed Angermeier was the man that downed all comers and for the doubles in handball the blue ribbons go to the hard-hitting pair known as Wearne and Stanfield. Cutting their way through the water for the most first places in the swim meet were the Sigma Alpha Epsilons. The ring champions and top leather pushers of the campus all live at the Alpha Gamma Rho house because they took the boxing tournament with flying colors. In the basketball leagues, the Blue league was won by the Coops when they

triumphed over the Sigma Chi's, their closest rival, while the Alpha Gamma Rho team grabbed the Gold league with a few games ahead of all their opponents. The Sigma Chis, showing their athletic prowess, tallied up a huge score to win the outdoor track in the spring of '41; they showed superiority in the weights and on the cinder track. Art Grinde cut away the laurels for himself in winning the intramural ping-pong tournament. In the fast, hard, smashing games of tennis, McCarvel was the master in singles and doubling with Matill romped through the doubles. With an unerring eye and controlled arm Kelley dropped the horseshoes around the peg to come away with the winning horseshoe laurel in his pocket.

THE Women's Athletic Association is open to any woman on the campus desiring to become a member. Governing powers of the organization are invested in a council of twenty officers. They include a President, Point Chairman, Secretary-Treasurer, Reporter, Play Day Chairman, and Sports Managers. Sports offered for participation to all are volleyball, rifle marksmanship, basketball, softball, badminton, archery, skiing, ice skating, tumbling, golf, tennis, swimming, modern dance, hiking, and table tennis. Intramural and individual tournaments offer competition in all of the activities, and awards are presented to the outstanding team and participants. In the spring of each year, the Women's Athletic Associations of the Montana Colleges at Missoula, Dillon, Billings and Bozeman sponsor an annual Play Day which is conducted for the fun of playing. The W.A.A. is affiliated with the Athletic Federation of College Women, which is a national association of W.A.A.'s in state universities and colleges.

SECOND ROW — Martha Hawksworth, Advisor; Mary Meadows, Sara Cole, Pres.; Mary Slayton, Miss Hart, Advisor; Marjorie Poepping.

THIRD ROW — Yvonne Kalberg, Jean Lynch, Dorothy Schall, Gladys Durand, Helen Long, Marie Watson, Allison Rehn.

NOT PICTURED — Jane Cole, Elaine Rash.

The mercury head is the symbol of Spartanians, an honorary athletic fraternity for upperclass women. It was organized to encourage a higher degree of service, health, scholarship, sportsmanship, and leadership. The general aim is to promote women's athletics at Montana State College. Qualifications for eligibility are high scholastic average, excellent health, leadership ability, and outstanding work in athletics including the earning of a Bobcat Sweater or Swimming Suit. Spartanians have charge of the officiation and coaching of all women's sports.

Golf has taken a prominent place in spring quarter sports. Through the cooperation of local golf clubs, co-eds are able to play at any time for a nominal green fee. Favorite practice spots are Gatton field and the two-block lot between the Quadrangles and Roberts Hall.

The rifle marksmanship tournament was taken by the Kappa Delta team this year. Steady nerves and a sharp eye are required to be good in riflery. The military department has done much to make this tournament a success.

One of the duties of Spartanians is to support the athletic department in all its functions. Here, girls have ringside seats for the Bobcat - Grizzly game.

Skiing at M.S.C. has developed into one of the major winter sports. Opportunities for skiing in this vicinity are limitless and skiers are becoming more and more enthusiastic about the sport. Instructors at the college have done much to promote skiing among the students.

Hiking trips have been organized for those students who are lovers of nature and who like exercise. Some of these trips include hikes to the "M" on Baldy Mountain and King's Hill.

All functions of the women's athletic program are under the helpful guidance and supervision of Miss Miriam Hart.

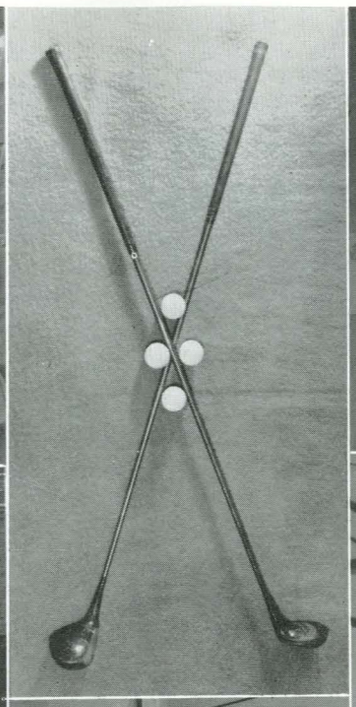

The P. E. program, "Fundlandia," showed the accomplishments of tumbling classes and modern dance groups. When the girls finish these courses, they have better muscle coordination, more grace, and the ability to appreciate the work of artists in these lines.

Ping pong, or tabel tennis, is a favorite pastime at the gymnasium and the S.U.B. Its fast action and tricky placement of the ball are stimulating to the nerves and hold a fascination to all who play the game.

Badminton has taken the place of tennis when tennis courts are not available. As in most sports, the key to the winning of this game is the placing of the "Birdie" where the opponent is not likely to be. It is a very strenuous game and requires much speed, both in thought and action.

WOMEN'S SPORTS

Volleyball, a major sport of fall quarter, always brings keen competition and plenty of spirit and excitement. The Alpha Gam - Chi Omega game was really good.

Tennis equipment and the Hawksworth Tennis Trophy which is the reward to the winner of the spring tournament.

Hard work and original ideas made Funlandia an entertaining, picturesque program.

Steady nerves and clear eyes are rewarded with a turkey dinner for the winning team in the rifle marksmanship contest.

No sport for those with weak hearts. Plenty of exercise, excitement, and competition to be found in girls' basketball.

One of the outstanding characters of the P. E. department and all that is connected with it is Sara Cole.

All sports are for fun and exercise—that is why skiing has become so popular at M.S.C.

Swimming is a sport carried on all three quarters. Outstanding in both swimming and diving are Marcella Kranz and Marie Watson.

Girls with grace, stamina, and the ability to be contortionists make good tumblers.

Badminton is a comparatively new sport but is now well established in the P. E. program.

Each year the Pi Phi team challenges a fraternity to a basketball game. Girls' rules are used and new arts of the game are learned by each team.

Grace is a virtue found in all modern dance enthusiasts.

Women's sports are under the supervision of Miss Miriam Hart who has done much to arouse the interests of the girls and has been well rewarded for her efforts by the fine results of the different teams and individual's showings.

Miss Hart has succeeded in putting the spirit of competition somewhat in the background and now it is more for the fun and enjoyment that the girls come out for the different sports.

Volleyball is the major sport of fall quarter. It is a game that requires skill on the part of each team in the placement of the ball on the opponent's side. The championship team this year was the Chi Omega team. They were undefeated at the end of the tournament.

Basketball . . . the major sport of winter quarter. This year's tournament was very well balanced as each team showed marked improvement over previous years. Close teamwork and sure shooting are required in this game. The Alpha Gamma Delta team had these qualities and came out the undefeated champions. Betty Lyons did an excellent job as manager of the tournament this year.

Swimming has great possibilities here at M. S. C. because of the pool being open all during the school year. Telegraphic meets have become prominent in the past two years and our teams compare very favorably with other college teams. In the tournament, the Alpha Gams took the tournament with their form, speed, and graceful diving.

One of the most popular sports of the year is tennis. It is the goal of every girl to attain the coveted Hawksworth award, given each year by Martha Hawksworth to the winner of the tournament. Gladys Durand was the winner last season.

Spring is here when you see the girls out with their bows, arrows, and targets. In former days, these bows and arrows were a necessity in life but now, they are used wholly as a pastime.

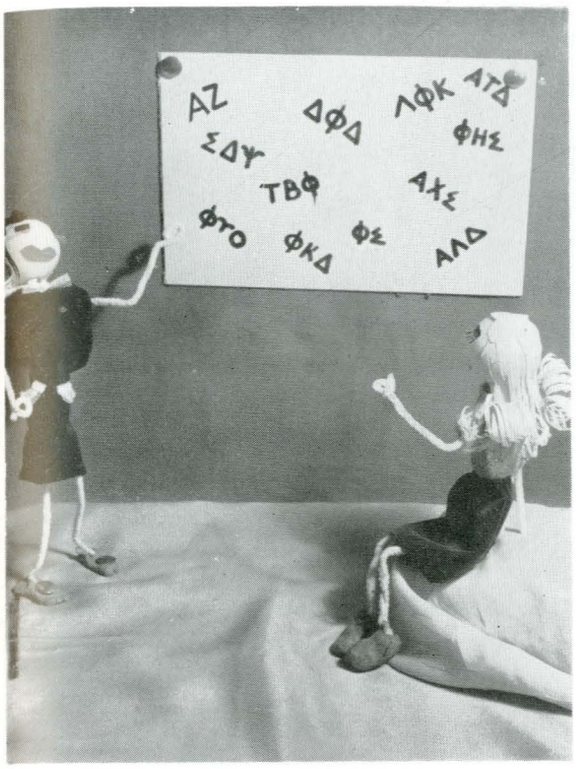

CIVILIAN PILOT TRAINING

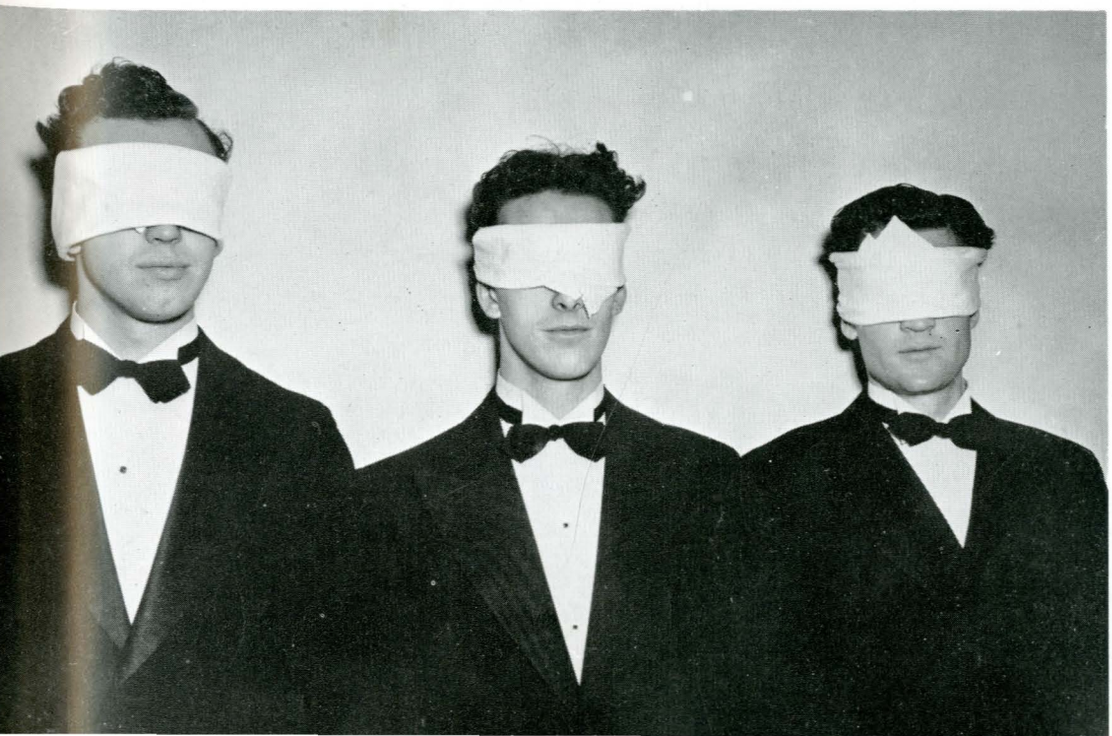

M. S. C. has done its part in national defense by establishig a C.P.T. course for students. A rigid physical examination is required to be passed before taking the C.P.T. course. This course is divided into several stages for the student: the primary, the secondary, cross-country, and instructor's course. Some of the phases studied in ground school are navigation, meteorology, civil air regulation, and others. Upon finishing the complete course, the student may receive an instructor's rating.

LAURELS and honors go to those in the honoraries. It takes hard work and high ambitions to reach these goals. Those who reach them are well rewarded for their efforts as they are the ones who are prophesied to get out and go places, both while in school, and later. The different pins of these honoraries are signs of prestige. Those who wear them are looked up to and envied by all. . . . Every division on the campus has their own honorary. The different classes have their honoraries. There is a place in each for every student who has the initiative and brilliance to win for himself the recognition that these honoraries give.

HONORARIES

FIRST ROW—Margaret Walters, Anita McGuire, Ferne Parr, Eleanor Bliler, Bee Gutcheck, Jane Doering, Shirley Johnson.

STANDING—Mr. Harrington, Mr. Lord, Mr. Ahrendes, Mr. Litzenberger, W. Nelson, J. Sturm, Mr. Gieseker, Mr. Hansmier, Mr. Aashiem, A. Kegel, J. Keith, B. Sands, J. Green, A. Hall.

Alpha Zeta is the National Agricultural Honorary Fraternity that all boys taking Agriculture set for their goal. A very active organization on the campus, it presents a pen and pencil set to the outstanding Ag. short course student, and to the Reserve Showman at the Little International. Each fall, the local chapter selects the outstanding freshman taking general Agriculture.

MANY, many new clubs at M. S. C. provide centralized places for students on the campus to meet and discuss current affairs and problems. They also make it possible for students to exchange ideas with similar clubs on other campuses. They provide special interests for those students in specialized fields. They promote a spirit of cooperation and teach the students to organize. Picnics, dances, and outside entertainment are featured by these clubs to be enjoyed by everyone. They provide convention funds and awards whereby many students are able to travel to different sections of the country, representing these clubs.

CLUBS

INDUSTRIAL
ENGINEERS
SAM
SOCIETY FOR THE ADVANCEMENT

ALPHA TAU DELTA

FIRST ROW—Doris Stokke, Eleanore Gill, Olive Stevens, Myrtle Rhodes, Jean Setter, Bessie Koger, Anna Pearl Sherrick.

SECOND ROW—Peg Harrington, Shirley Greene, Herva Fiske, Joy Walker, Dorothy Graff, Mary Voulkas, Mary Blake, Barbara Blackburn, Mary Margaret Sheppard.

Membership of Alpha Tau Delta is limited to candidates for a bachelor's degree in nursing. They are pioneers in the field of nursing. There are two divisions—one at Bozeman, the other in Great Falls. But the aims and purposes are similar. Alpha Tau Delta fosters high scholarship and desirable qualities for future nurses.

TWO programs are offered for nursing students at Montana State College. One is a degree program in which two years are spent on the campus. The other is a three-year program leading to a diploma in nursing. The Consolidated Deaconess School of Nursing is composed of two units, one at Great Falls and the other at Bozeman and is affiliated with Montana State College. This college affiliation offers junior college standing to the three year diploma students, various affiliations and a degree in nursing to students completing the campus curriculum. All fields of nursing in Montana and in the entire country call more and more for college women. As scientific medicine advances, the nurse takes over more complex tasks which require the increased preparation college offers. Surgeon General Parran predicts that when the war is over, "we shall need nurses and doctors in untold numbers to prevent complete collapse" of a prostrate world.

The Nightingale Pledge

I solemnly pledge myself before God and in the presence of this assembly. ¶ To pass my life in purity and to practice my profession faithfully. ¶ I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. ¶ I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my profession. ¶ With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

ACTIVITIES

GREAT FALLS UNIT

STUDENT COUNCIL

A student-faculty cooperative group where "off duty problems" are discussed. The officers of the Student Council are officers of the student body, and are elected by the students each year. It has developed leadership among its members and provides an opportunity for student expression.

ANNUAL STAFF

A new challenge was met by this year's annual staff when provision was made to combine the school annual with the Montanan, thus making the Nursing School a more integral part of Montana State College.

LITERARY CLUB

Organized only this year by students particularly interested in current literature and drama, it has enlarged the members' reading interests through review of current books, poems and plays.

GLEE CLUB

Membership is open to anyone in the school who is interested in music. This group takes an active part in many social functions during the year, thus, not only is it experience for those who have talent but it provides entertainment for the student body. It has been very fortunate to have Mr. L. W. Upshaw, a prominent Great Falls musician, as its director.

ACTIVITIES

BOZEMAN UNIT

GLEE CLUB

The Glee Club, under the leadership of Mr. Conrad Sandvig, has taken into membership anyone in the school who is interested in attending.

The girls have participated in the Harvest Festival, Capping Services, All School Program, Christmas Caroling, and Graduation.

ANNUAL STAFF

The Annual Staff consists of girls selected from the student group who publish the nurses' acitvities. The staff of this year, as a challenge to the underclassmen, would like to see an enlargement of our section in The Montanan of next year.

STUDENT COUNCIL

The Council is an organization to govern the student body as a whole. New laws, regulations and suggestions are discussed and passed on to the student body. It also enforces the laws.

The members consist of the faculty of the school, the officers of the student body, and members elected by the student body.

STUDENT GOVERNMENT

The entire student body is required to attend each government meeting. It is the students' opportunity to here voice their opinions on problems confronting the group.

MR. PIM PASSES BY

What does a wife do with two husbands? This delicate problem was presented by the independent students fall quarter in their play "Mr. Pim Passes By." The problem and its solution were presented in a very interesting manner and here we found drama at its best. This play was given in order to obtain funds for a Dutch refugee student at Montana State.

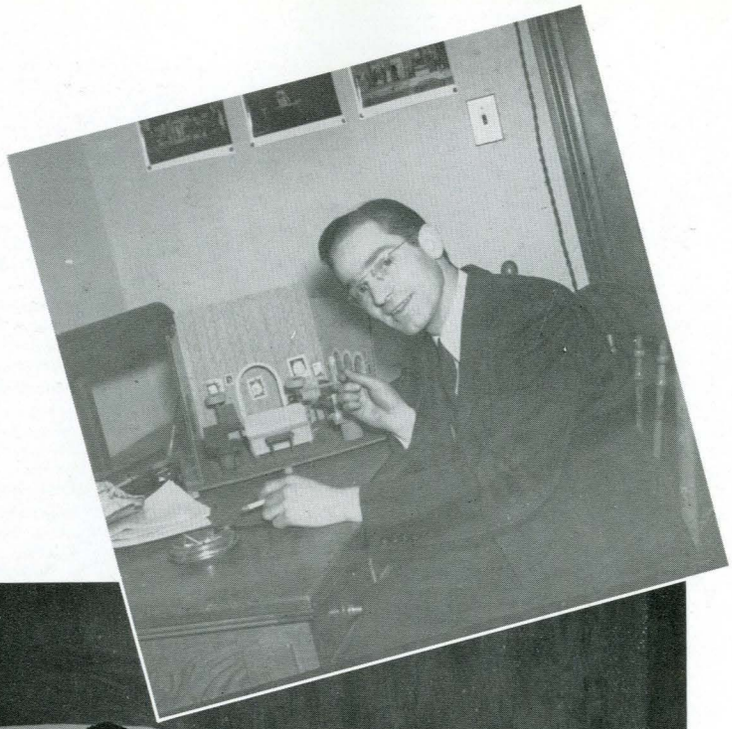

★

PAINT . . . Plots . . . Prompters . . . Little Theater way upstairs in Main Hall, that brown workshop hiding behind the math building, and the "downtown" Ellen Theater each year sees a flock of M.S.C. thespians worrying about cuts, props, greasepaint, ticket sales, and head ushers. The dramatics department . . . headed by Bert Hansen, assisted by David Hawes . . .presented two full-length plays. The fall drama for '41 was Sutton Vane's *Outward Bound,* and the winter production, *The Barker.* First chance of the season for actors to dust off their make-up boxes and assemble the paint, plots, and prompters that make a show tick was *Mr. Pim Passes By,* a three-act play presented by the Independents early in fall quarter. In addition to these plays, the department staged a night of one-acts in mid-winter, and folded up sets to gather dust 'til next year after a rip-roaring vaudeville given for High School Week.

DRAMA

Was responsible for M. S. C.'s production of "OUTWARD BOUND," fed candy to the cast, is worshipped by all who slave over cues and costumes for him —David Hawes, assistant head of Dramatics Department.

OUT

THE CAST—Paul Barrett, Dean Danforth, Jenneta Benepe, Jim Mooney, Bill Curley, Margery Hall, Bill Saubert, Marian Johnson, David Wessel.

Freshman William Curley played Scrubly, ship's steward . . . Margery Hall, transfer from Hastings College, was Ann, the part Sutton Vane wrote for his wife . . . her main interest on the trip was Henry, portrayed by Jim Mooney, junior from Conrad . . . Bill Saubert, "the Waukeegan kid" (Jack Benny's the other one), did up dissipated Tome Prior with finesse . . . Jennetta Benepe, transfer from Occidental College, developed a broad "a" for the role of Mrs. Cliveden-Banks, "grande dame" . . . The Reverend William Duke was characterized by David Wessel, home town junior . . . another freshman, Marian Johnson, was "a little old lady," Mrs. Midget, for two nights . . . Mr. Lingley was played by Dean Danforth, a sophomore of Great Falls . . . Paul Barrett depicted th e "Great Examiner" who turned out to be the ReverendFrank Thompson and the surprise of the play.

Moment of suspense as play draws to close.

WARD BOUND

"It is packed with wonder and it wrings the heart" . . . Alexander Woolcott said this of *Outward Bound* when it played in New York. M.S.C. students said it was a darn good show when they saw it presented by their fellow students in November.

Much of it was a straight comedy treatment of the humorous aspects of sea travel, but the main plot was a philosophy unique and intensely dramatic. It dealt in a spanking new way with man's search for peace in a world of chaos and the essence of it was the element of mystery and suspense held throughout.

Sea talk in ship's lounge.

The unsung heros behind the scenes.

ONE

Original skits are presented by play production class.

After strenuous rehearsals, three one-act plays presented March 4th in the Little Theater, brought forth a mammoth cast for the winter quarter Little Theater production. Presented primarily as a project of the class in play production, these plays were offered free to college play-goers as an added attraction of the dramatic department.

On the Sidewalks of New York.

ACT PLAYS

Two of the plays were written especially for this production and were premiere performances. *Piano Studio,* featuring some fine piano playing by Milton Brown, was written by Mr. Bolles of the English department. A fine balance of music, dancing, and acting was found in *Sidewalks of New York,* written and directed by Mr. Hawes. Smooth coordination of song, dance, and characterization, and a variety of pace and dramatic material was used to deepen the interest in this unusual production.

Engineers' Fun Night.

Mickey Thieme Master of Ceremonies.
Professor Hawes Outstanding Entertainer.

Bert Hansen — at the head of histrionics and forensics at Montana State, was the energetic director of "THE BARKER," has written a three-act play of his own. He knows all about what goes on behind scenes in motion pictures, writes a book about it in his off-hours.

The drinks are on Cassie.

In the starring roles, J. B. Annin played the part of the hard-boiled "barker" and dogmatic father, and was a natural. His wife, played by Mary Jean Pasley, was another character on the tough side who was fed up with carnival life. Blain Hoffman and Zona Gale Denton, the two romantic leads, were well fitted to their roles.

There were many character parts in the play and all, whether serious or funny, that added much to the story and action. These, some of which were played by such already well-established "characters" as Virgil Antonich, Neil Mikkelson, Bob Lipp, Eileen Olson and Vic Wilkowski, made a strong and well-performed contribution to the drama, as well as to the humor of the production.

Cleo shows 'em how it's done!

BARKER

There were disturbances in the action, both subtle and violent, and the expression of the psychology of the minds of these typical carnival people ran as an undercurrent throughout the play.

Mr. Hansen and the cast had put in much of their time and effort on this play and everyone was well rewarded by an evening of highly exciting and interesting entertainment.

Hansen presents "The Barker," combination Winter-Spring play.

THE ANTICS

Dan Cox and James Dickson, two of M.S.C.'s most prominent students, were leaders of debating activity this year. Upon returning from the national convention in Minneapolis, they conducted one of the most successful student assemblies held this year. Congratulations to these boys for doing a difficult job well.

THAT part of school life which appeals strongly to many students . . . Rifle teams, Debate teams . . . and judging teams all take a great deal of time but pay off with dividends. Competing with schools all over the midwest and west they do their share in upholding Montana State's traditions. Many miles are traveled each year giving students a broad education and many friends from other schools. It is through these teams, due to their traveling, that students of other colleges are aware of the magnitude of our college courses. Ably coached by leading professors in each team's department they have done much to maintain the reputation begun with the first teams over twenty-five years ago. Contributing materially to that record this year the Dairy Products Team won first for the second consecutive year at the Portland International Show, the Grain Judging Team won first with a new all time high, and the Livestock Team placed third in their division.

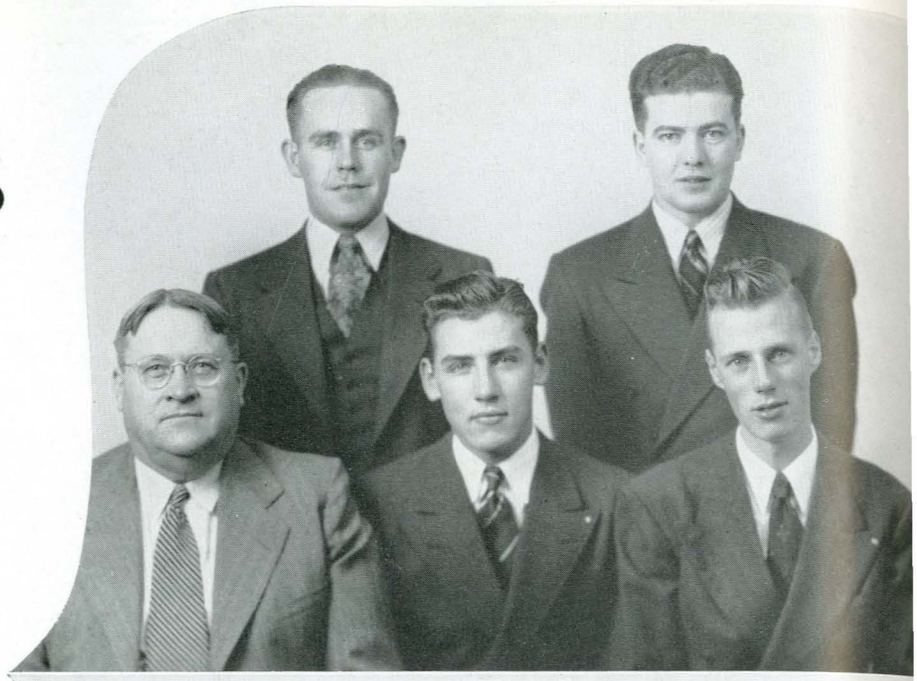

TEAMS

DAIRY PRODUCTS TEAM

DR. NELSON, Coach
DEAN KEIL
DAN MORTAG
GLENN MARSH
GEORGE HOWE

DAIRY CATTLE TEAM

ART GRINDE
DR. TRETSVEN, Coach
EUGENE WEKANDER
JOE KOLAR
BILL COLLINS

The Pacific International Dairy Products Judging Team was composed of Glenn Marsh, Dean Keil, George Howe and Dan Mortag, alternate. They competed with the University of Idaho, State College of Washington, Oregon State College and Utah State College.

The team judged and criticised 10 samples of milk, 10 samples of butter, 10 samples of ice cream and 10 samples of cheddar cheese and won first in judging all products. Glenn Marsh won first in judging milk, first in judging butter, and third in judging ice cream. He was high man in judging all products in the contest. Dean Keil won third in judging butter and was second high man in judging all products in the contest.

This was the second consecutive year that the Montana Dairy Products Team took first at the Portland show.

The Intercollegiate Dairy Cattle Judging Contest was held at the Pacific International Livestock Exposition, Portland, Oregon, October 4th, 1941. Montana State College team was represented by Eugene Wekander, Joseph C. Kolar, Arthur Grinde, and William Collins, alternate.

The Montana State College team competed against the State College of Washington, University of British Columbia, University of Idaho and the Oregon State College, winning first in Holsteins, second in Ayrshires and third in all breeds.

Wekander was high man in Ayrshires and Kolar was high in Holsteins.

GRAIN TEAM

MR. LITZENBERGER, Coach
BOB BUCHER
DALE SMELTZER
WALTER NELSON
JOHN GIBLER

LIVESTOCK TEAM

ALLEN RALSTON
STANLEY MILESNICK
MR. McCALL, Coach
JAMES KEITH
BILL GALT
LEO KLEFFNER
JOE URICK

The Agronomy Team won first and established a new all-time record at the Pacific International Livestock Exposition, Portland, Oregon. The previous high was made in 1939, when Professor Litzenberger coached his first team. Monatna ranked first in all divisions of the contest with Gibler ranking first, Nelson second and Smeltzer fifth in the entire contest.

At the International Livestock Exposition, Chicago, Illinois, Montana ranked seventh in the entire contest. Dale Smeltzer and Walter Nelson were eighth and ninth high individually in all commercial grading. Gibler was high for Montana, ranking fifteenth in the entire contest; Smeltzer ranked twenty-third, and Nelson ranked twenty-seventh.

The Montana State College Livestock Judging Team placed third in the Pacific International Livestock Show. Oregon State College and Idaho University tied for top place and Utah State College was fourth in the contest.

The score for the Montana team was only 1% lower than that of the winner. The Montana team ranked highest in horse judging and second highest in sheep judging. Bill Galt and Allen Ralston placed fourth and fifth respectively in the entire contest.

Harold Johnston, Cecil Hess, Charles Hitch, Dan Cox, Jim Dickson, Marge Rollins, Jerry Aakhus, A. Meyer.

Pi Kappa Delta is one of the most active of the smaller honor organizations on this campus and nationally. The national organization sponsors provincial debate tournaments every year with a national convention biannually. This year's national convention was held in Minneapolis and was attended by Dan Cox, Jim Dickson and Professor W. F. Brewer. Mr. Brewer was honored as the oldest active member of Pi Kappa Delta at the convention. The local chapter justifies itself by sponsoring an intramural debate tournament each year and providing an honor organization for local debaters.

Officers for this year are: President, Dan Cox; Vice President, Charles Hitch; and Secretary, James Dickson.

PI KAPPA DELTA

DEBATE

This year's forensic program at M.S.C. was one of the most active in years in spite of a limited budget and difficulty of obtaining transportation.

The season opened with eight students attending the Rocky Mountain Forensic League meeting in Logan, Utah. Students participating were Cecil Hess, James Dickson, Dan Cox, Alvin Meyers, Jerome Aakhus, Francis Peterson Travis, Marjorie Rollins, and Harold Johnston.

The next major trip saw Jerome Aakhus and Alvin Meyers attend the Teachers of Speech tournament in Denver during February. The last major tournament attended was the Pi Kappa Delta convention in Minneapolis where M.S.C. was represented by Cox, Dickson, and Professor Brewer.

Other trips and tournaments included the state tournament at Missoula where the intramural champs, Bill McLemore and Ed Wismeyer, and the runner-up team, Morley Madden and George Corry, participated and debated with the School of Mines and the University at Butte.

No debating program could be successful without a great deal of faculty assistance and direction. Professor Hansen, debate coach, has done a good job with the help of Mr. Lightfoot, Mr. Craig, and Mr. Brewer.

Hitch and Mysse.

Murray, Johnson, Musselman, Stachwick, Coach Hansen.

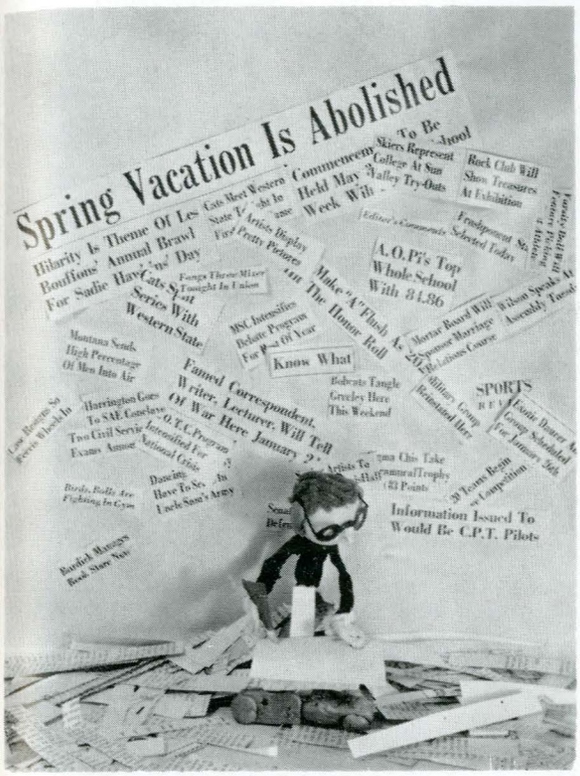

Professor Brewer, McLemore, Wismeyer, Madden, Corry, Meyers, Aakhus.

BOARD OF PUBLICATIONS

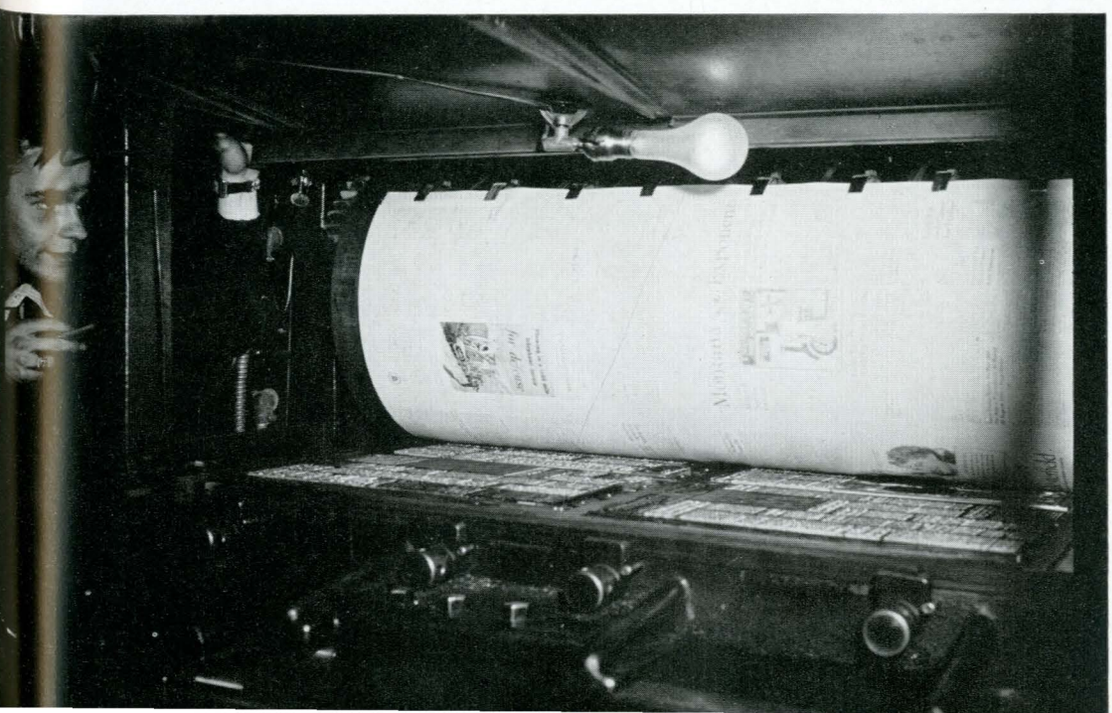

Charles Harrington, Mr. Good, Louis True, John Rousseau, Hub White, Ed Howard, Paul Holzer, Lester Hogan.

THE Publications Department is that hard-working group which not only has the job of putting Montana State "on the map" through the publicity offices of Louis True and "Hub" White, but which also directs the futures of our three major journalistic efforts, the "Exponent," the "Montanan," and the "Engineer." There is no job on the campus that is any more difficult or which has any more direct contact with all of the phases met in maintaining the standards of the institution as a whole, and this department has yet to "muff" a job or meet with disapproval. Under the efficient direction of this department, the Montana Exponent has put out a fine weekly newspaper, one of the best collegiate engineering magazines in the country has appeared on our campus quarterly, and this, your 1941-42 Montanan, has been produced. The efforts of this department are indeed well repaid.

PUBLICATIONS

Exponent Staff meets weekly to make plans and set assignments for the next week's Exponent from Editor, Chiz Harrington. Reading from left to right: Lorene Stranahan, Norma Smart, Peggy Dale, Maxine Gilchrist, Sue Tait, Laura Jane Brautigam, Jerry Lindsey, Peggy Yates, Marge Durham, Kay Sullivan, Mary Timmel, Lunette Piper, and Nadine Carlson.

The Exponent's editor, Chiz Harrington, did a noteworthy job throughout the year. His weekly publication was received with a great deal of interest by the student body who appreciated its news-ability. Compliments to Chiz for his noble efforts and to a good job well done.

The Exponent staff was very noticeably boosted by the support of its business manager, Jim Bill Keith. Much of the credit for the success of the paper goes to his untiring efforts and hard work. The end of this year brought to a close the second successful year that Jim has had that position. Hats off to Jim.

EXPONENT

Under the management of Ruth Heebner the Exponent staff is composed of students representing the many departments, classes, and clubs. Among the many things that it takes to make a good school newspaper are reporters who remember that the editors were once reporters. Pat Rounce completed her fourth year on the Exponent as Society Editor, a position which she held for two years. Hank Young, who made his name as a columnist, was promoted to Sports Editor. Jimmy Dickson was the utility man of this year's staff. His work ranged from writing jokes to turning out a weekly column on foreign affairs and the war effort. Top-notch reporters on the staff who proved capable of many tough assignments were Marjorie Cole, Lorene Stranahan, Peg Dale and Shirley Johnson. Aiding Keith in the business end of the deal were Leo McNulty, Leonard Holm, Bill McLemore and Kenny Stanbury. Although forced to reduce the size of the paper because of a reduced budget, the business staff carried the paper through an uncertain period well within the budget.

James Dickson—Associate Editor and Ruth Heebner—Managing Editor.

Anspach, Froshponent Editor and Staff.

Hank Young—Sports Editor.

—and the staff.

Engineer staff meets—M. Fisk, R. Auclair, B. Weedman, K. Hageman, J. Harrington, R. Johnson, L. Hogan, Mr. Good, R. Johnson, D. Aitchison, T. Johnson, K. Schrammeck, C. Ruzicka, E. Kindschy.

LES HOGAN is an outstanding senior in chemical engineering. He is a member of Kappa Sigma fraternity, Phi Eta Sigma, Tau Beta Pi, and Phi Kappa Phi, and is corresponding secretary of Tau Beta Pi. Les is very active on the campus, being editor of the Montana Engineer, a member of the Student Union Board, the Student Senate, and the Engineering Council. He is also a member of the American Institute of Chemical Engineers.

TED JOHNSON has, through the past three years, been able to keep his grades up so that he is now the highest ranking junior engineer scholastically. Even though he is a brain, though, he has been able to find time for quite a few activities on the campus. In addition to being business manager of the Engineer, he is also a member of Tau Beta Pi and Phi Sigma Kappa.

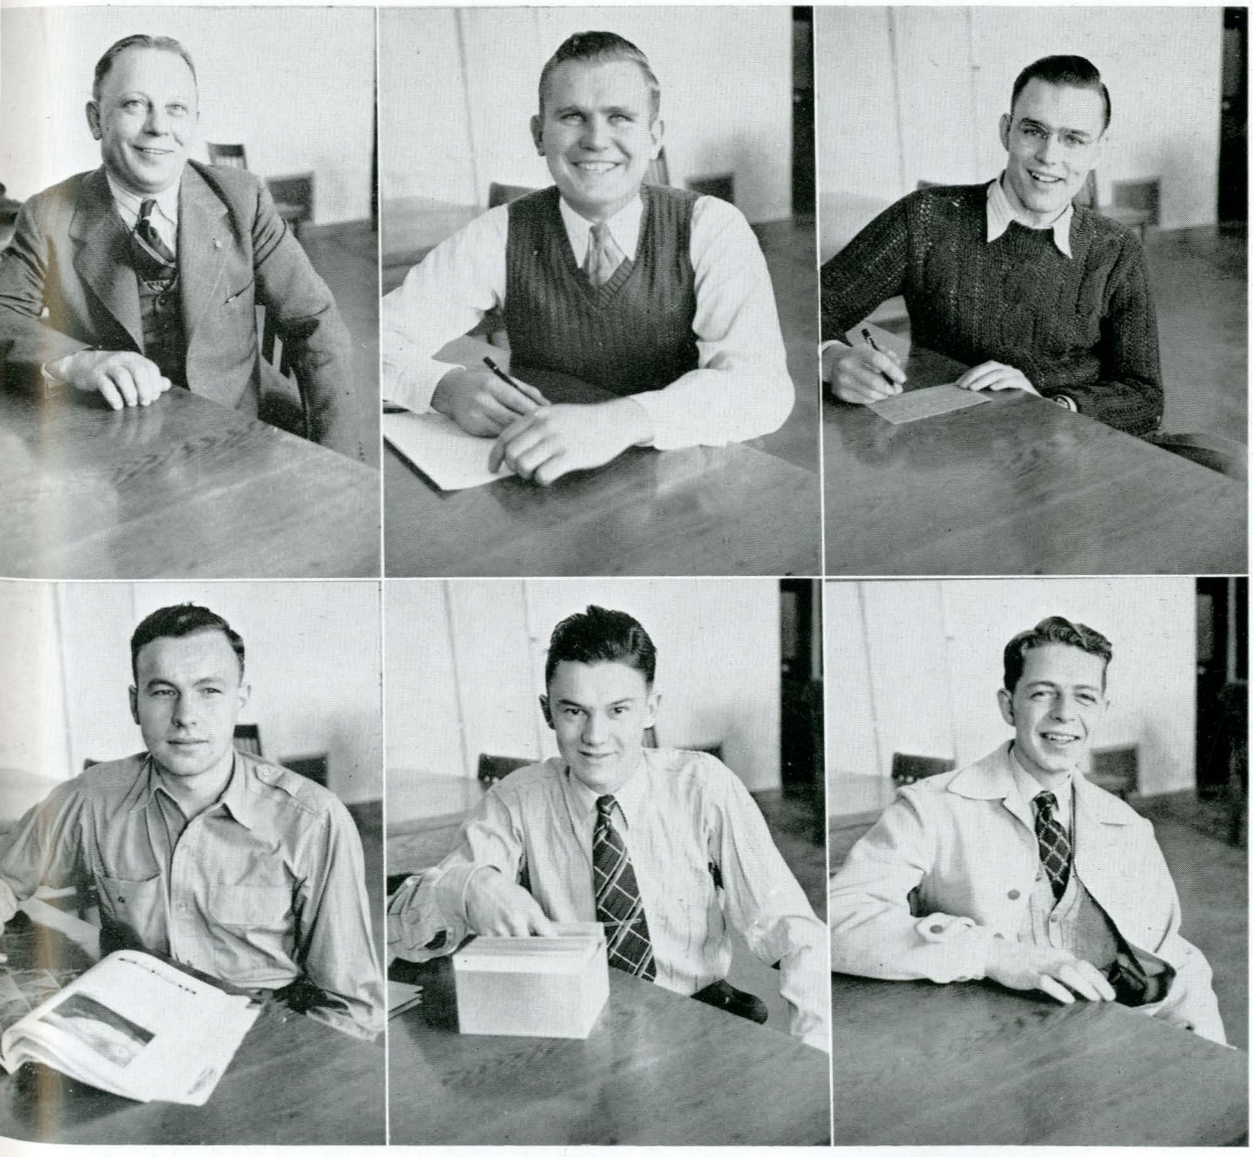

MONTANA ENGINEER

THE MONTANA ENGINEER published its first issue in the spring of 1936. Since that time, it has gradually grown both in size and frequency of publication until now for the first year it has been able to publish a magazine which measures up to the stringent requirements of the Engineering College Magazines Associated, both editorially and financially. Comparatively few of American college engineering journals have met those requirements, and so this alone stands as a tribute of a job well done to those who conceived and edited the first issue and also to those students, faculty, and alumni who have taken such an interest and pride in this publication that they have devoted much time to help it attain the position it holds in our college world.

Mr. Good—Advisor.

Bill Weedman—Treasurer.

Robert A. Johnson—Technical Society Editor.

Emil Kindschy—Feature Editor.

Ken Hageman—Circulation Manager.

Charles Ruzicka—Alumni Editor.

Virginia Blackwood, Managing Editor, Pat Sandbo, Associate Editor, Peg Caine, Alys Jane Watson, Peggy June Sanders, Virginia McCauley, and other staff members meet with the Editor.

A businesslike and efficient Paul Holzer who undertook the thankless job of putting out a non-partisan yearbook, has proven himself as a capable executive. He has had his finger in every activity he could while a resident of this institution. Paul spent many a long and hard hour for the past twelve months incorporating the theory of time into this Brain Child—The Montanan.

The business and advertising end of the Montanan was ably cared for under the meticulous care of Lew Thompson. Although there was a drastic cut in revenue for the yearbook this year, Lew can proudly say that the financial status of the book is in the black. He did a noteworthy job and was a complete success in his position. Congratulations to Lew.

MONTANAN

Staff members, the people behind the scenes in making any publication possible, the students that do the work and receive no glory. In these students hands lies the responsibility of producing the Montanan. Delores Emigh, art editor and her staff took on a huge job and completed it in making set-ups for the subdivision pages and the end sheets. The photography is the result of hours of work of Bob Anspach, and another heavy job is the athletic section which was handled by Dick Smiley, Jim Stephens and Gladys Durand. Copy, the necessary evil in any book, was supervised by Marlyn Stone and Sam Lenz along with many staff members. James Hea directed the military pages. Garth Culp, with hours of tedious work and along with Wilmer Schmitt, mounted the classes and fraternities assisted by an outstanding staff. Details took much of Elizabeth Crouch's time and Agnes Taylor headed up a list of hard-working secretaries. Mildred McKinley lined up the organizations, and assisting in business and advertising details were Don Stanfield and Emil Kindschy, editor-elect. Jane Simmons was in charge of the society and the Montanan Beauty Dance. Heading the entire staff were Kenneth Nuckolls and Pat Sandbo as associate editors, and Virginia Blackwood, managing editor. Many, many other numerous staff members deserve a hearty thanks.

Kenneth Nuckolls—Associate Editor
and
Virginia Blackwood—Managing Editor.

MSC SEXTETTE

M. Brown, R. Gale, P. Cladouhos, J. Facey, L. LaVelle, K. Schrammeck,
W. Huffman, D. Danforth, E. Chauner.

THE BAND . . . the orchestra . . . and the chorus . . . These are the three major activities of the music department. The directors are Mr. Lou Howard and Mr. L. E. Opp. Mr. Howard has been with the band for over thirty-six years. His band has done a grand job playing for all of the various campus activities such as pep rallies, assemblies, and parades. Every year the band takes a trip that covers almost the entire state. The band is something to be proud of and our hats are off to Lou. Mr. Opp is the director of the orchestra and chorus. This year the orchestra is giving various concerts throughout the state. The orchestra has done a fine job of playing for various assemblies and for graduation . . . also provided settings for college plays. Annually the chorus accompanies the orchestra on its tour. We are indebted to Mr. Opp.

MUSIC

ORCHESTRA AND CHORUS

Mr. Opp, who came to M. S. C. campus four years ago, has been most active in the music department—especially with orchestra and chorus work. You will always find a smile on this man's face, and he is very well liked by his students.

Music at its best.

Milton Brown, phenomenal pianist, appears at many assemblies.

MUSIC

The Orchestra, forty-five strong, again took a state-wide tour. Billings, Great Falls, Helena, Anaconda, and Butte were among the cities playing host to the orchestra this year.

This year the orchestra had an unusually fine group of soloists in Milton Brown, Eileen Ritzke, O. D. Martin, and Victor Wilkowski.

The orchestra's most important concerts came during the spring quarter. The Orchestra Assembly, Mothers' Day concert, High School Week concert, and Senior Week concert were among the important dates for the orchestra this past year.

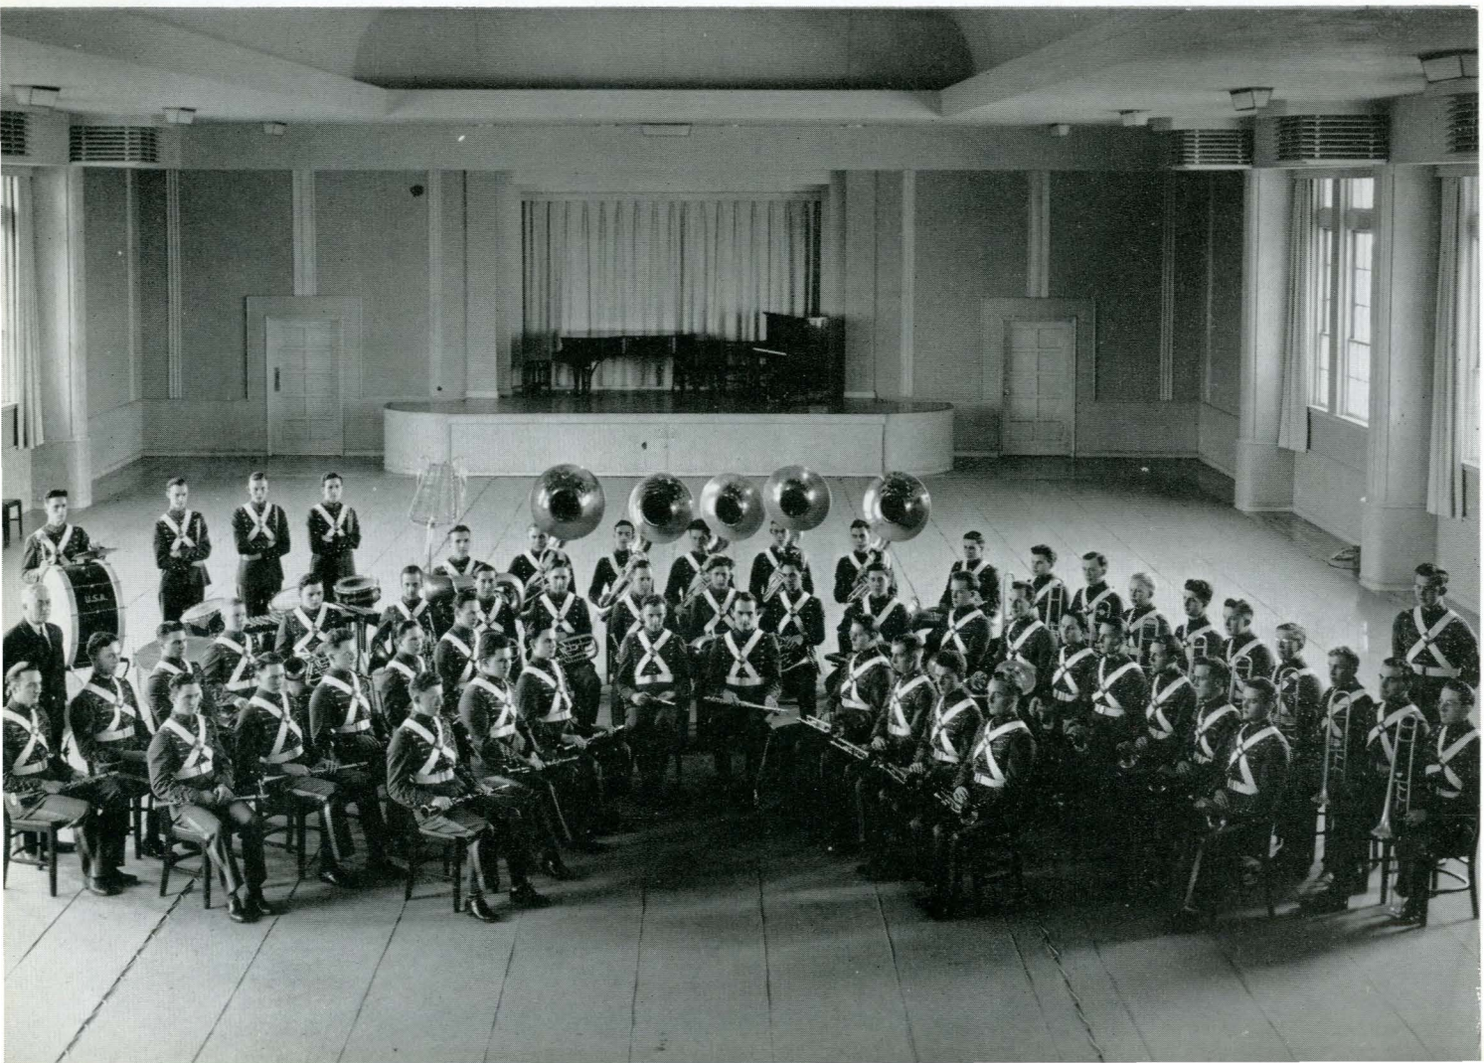

Director Opp has shown good taste in presenting programs that have been enthusiastically received by students and townspeople alike. Some of the outstanding numbers the orchestra presented this year were: "Smoke Gets In Your Eyes," "Symphonic Pop Goes the Weasel," "Hungarian Sixth," and an original arrangement of "Path Leading Down to the River" by O. D. Martin.

The chorus has supported the orchestra in each of its concerts. They accompanied the orchestra on its tour this year and had a very beautiful program to present to the cities of the state. The chorus this year was made up entirely of girls. Mr. Opp directs both groups, the orchestra and chorus.

BAND

LOU HOWARD has been active in band work in Montana for more than half a century. To him belonged the honor of playing "Taps" when the Territory of Montana was admitted to statehood. To his boys in the band, he will always be remembered as "a darn swell guy."

Bobcat band prepare to leave for week-end tour.

Lou and his band increase school spirit at all basketball games.

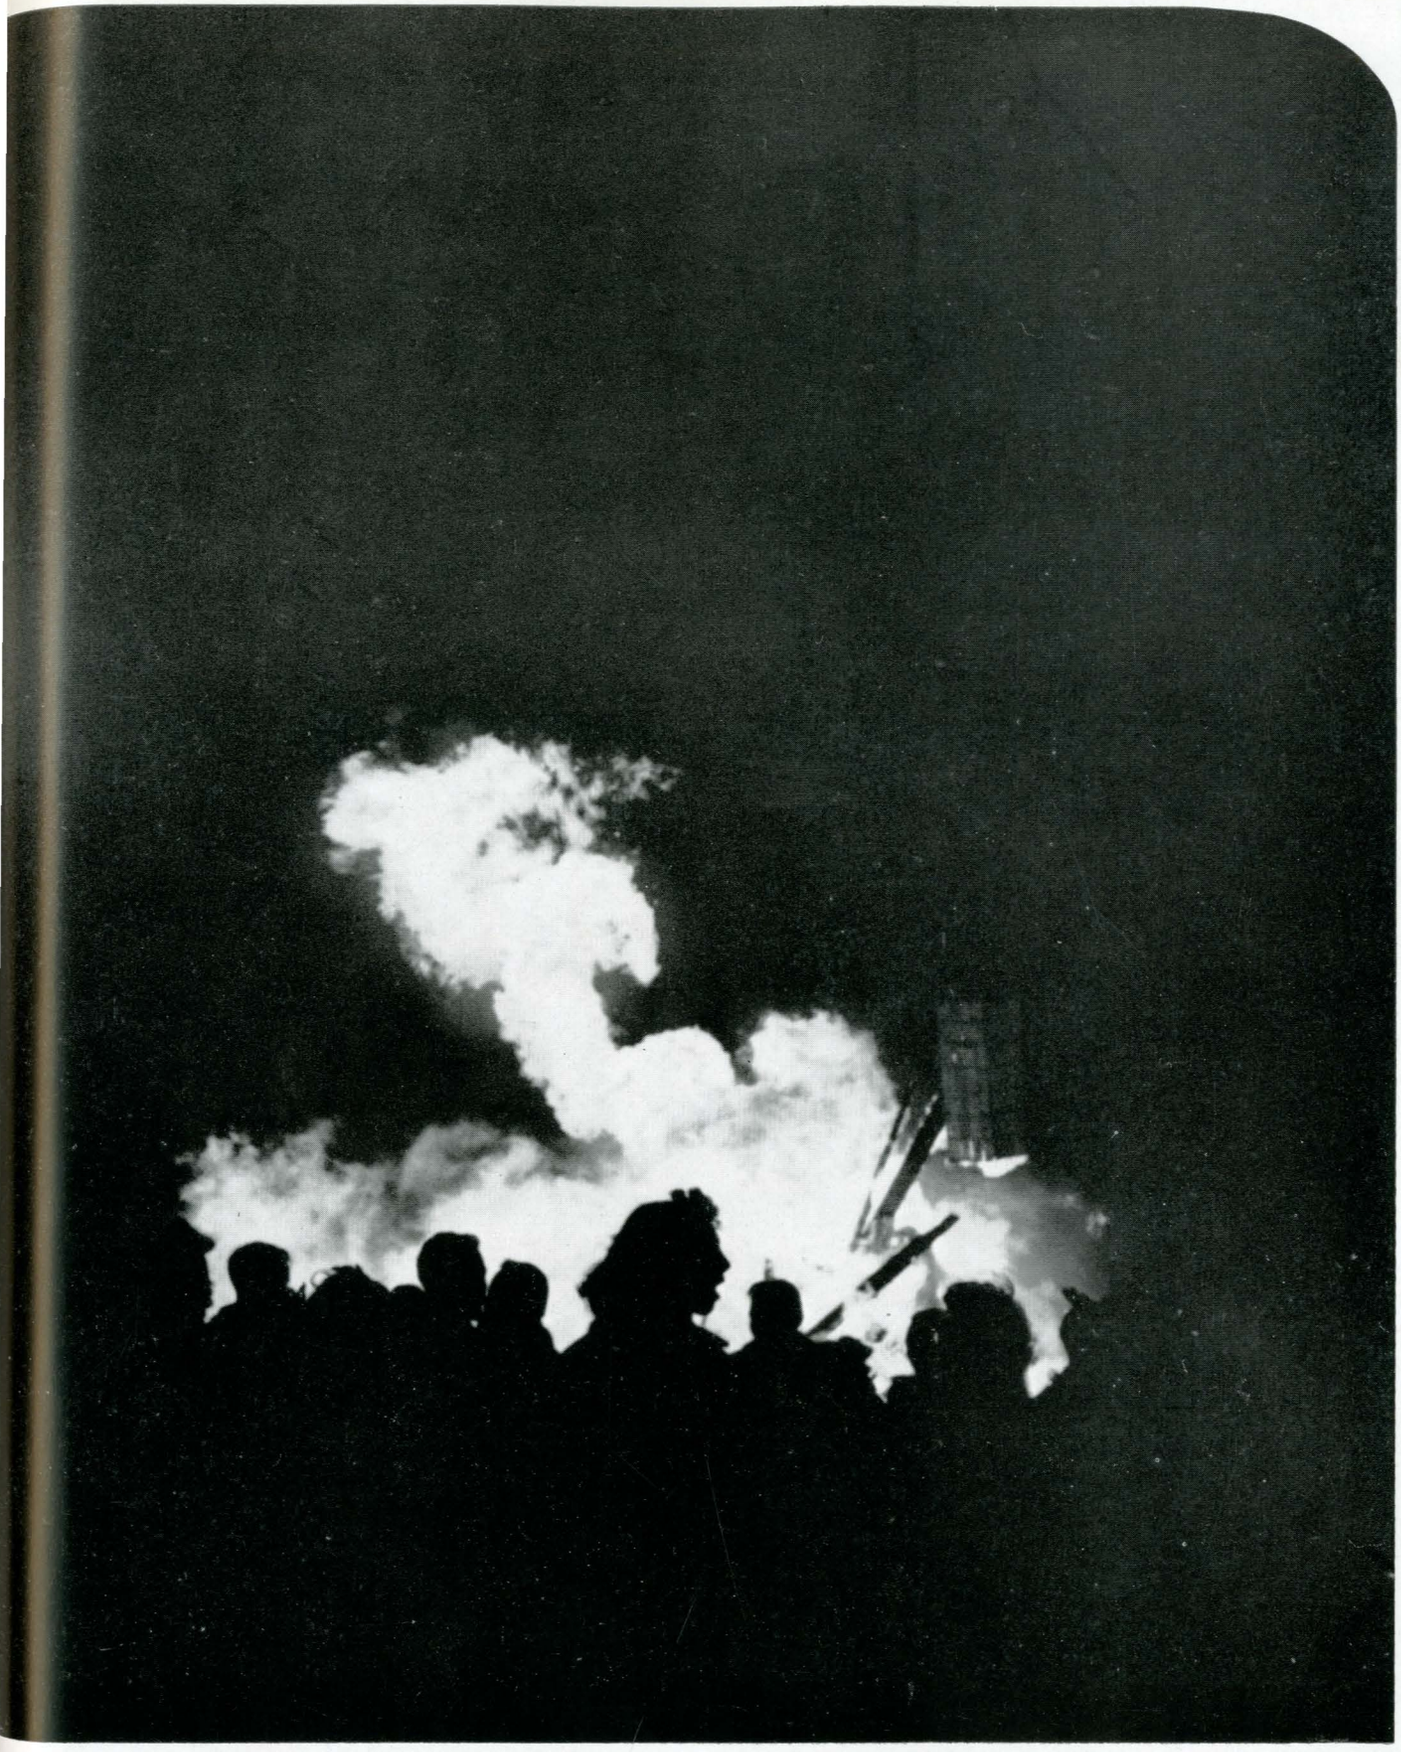

The Bobcat Band, under the able direction of Lou Howard, is probably the most famous organization on the campus of M.S.C. The Band has toured extensively throughout the western states and Montana. Each year Lou takes his boys on a 1500-mile trip over the state, going to the western part one year, and the eastern part the following year. About 15,000 people hear the band annually. This year, however, due to the national situation and the absence of spring vacation, three week-end tours were held instead of the regular ten-day trip. In spite of this, however, the band played before uncounted hundreds of Montana residents, and was joyously acclaimed everywhere they went.

Through the year the Band never misses a football or basketball game and supports all school activities at which it is asked to perform. An athletic contest would be dull indeed, if Lou and the boys weren't there to help with the cheering.

Evenings

WE PLAY

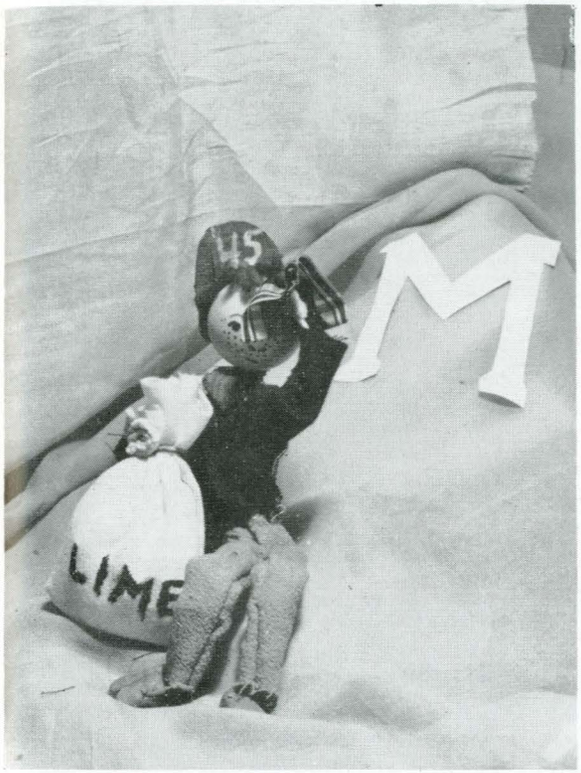

Special Days . . . Independents . . . Sororities
Fraternities . . . Social . . .

HIGH SCHOOL WEEK COMMITTEE

Owen Wirak, Betty Ford, Mr. Good, James Travis, Vivian Tretsven.

SPECIAL DAYS . . . those days that stand out just a little above the rest. The days when the Freshmen beat the Sophomores in the annual Frosh-Soph scrap . . . when the Freshmen got thrown in the fish pond . . . and when the Bobcats lost the Homecoming game in spite of a swell parade and a drizzling rain. Then, of course, there was the Bobcat-Grizzly game at Butte which we almost won. M-Day came around and the Frosh got to climb up and slosh on water and lime to suit the Fangs. The coeds took over on Women's day. Then came three very special days . . . High School Week. The whole school strutted then. These days . . . and all the little special days of your own . . . we present to you to remember.

SPECIAL DAYS

DRINK
Coca-Cola
ICE COLD

M DAY

Spurs and cokes

On the down slope

Whitewashing the M

M Day! The first taste of college life for the freshmen. Ain't it fun . . . whitewashing and eating most of the whitewash . . . drinking cokes . . . sore muscles and a rip-roaring mixer waiting when the job is done.

Everett Shuey, the Duke of Fangs, was the slave driver this year and Dean Kelly was the big boss.

Freshmen, you have had a busy day but you should all be proud as you are the ones who keep that grand old M looking like it does, reigning the campus like a queen.

BUTTE GAME

After the game

Bonfire sing

Touchdown!

Crowd thrills

Rally enthusiasts

On to the game

The migration of students to Butte for the rough and tumble football game between the University Grizzlies and the State Bobcats. This is the most outstanding event of fall quarter. Pennies saved by everyone to make it the best time ever.

The night before the game, all students participated in the big rally and bonfire sing, the wood for the bonfire being gathered by the freshmen and they really made a fire. The morning of the game, everyone boarded cars, trains and what have you and were off!

Those fighting Bobcats really made a showing this year by making their first score since 1932. The final score was 23-13 in favor of the Grizzlies but it was a moral victory for the Bobcats.

After the game, celebrations for both schools, forgetting team rivalry and hard feelings.

HOMECOMING

Some of the "grads" come back on this day to visit their frats, sororities, and renew old acquaintances.

The day starts off with the traditional parade led by the Bobcat band and the Colorado Mines band. The game climaxed the day, played amid mud and rain. Both teams were playing against great odds to the final score of 0-0.

Even with wet heads and cold feet the happy spirit of Homecoming lasted the whole day through.

Chi Omega huskies

The leaders of the Band

The tail enders of the parade

Colorado Mines strut and play

Wet bench warmers

The Arrow points to victory

INITIATIONS

They're fun for everybody on the campus. The "M" club had their usual song and dance dressed in gridiron suits, basketball suits, and other appropriate attire.

The Les Bouffons showing off their tuxes offered one of the biggest surprises of the year, lemonade.

The boys of Scabbard and Blade dressed in their "monkey suits" set up their "pup tents" and played war. President Strand called, "Cease firing," much to the disappointment of the coeds.

The Fangs let down their hair and come dressed in their suits of armor.

M Club initiation . . Zupan's famous intercepting

Fang

Tin Can Army

Watch Dog Alum Addy

M Club basketball game

MAKE IT HOT M.S.C.

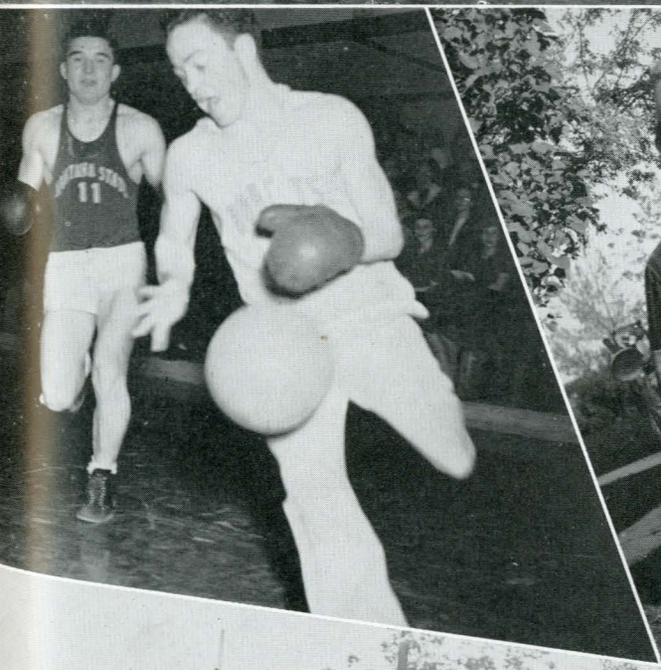

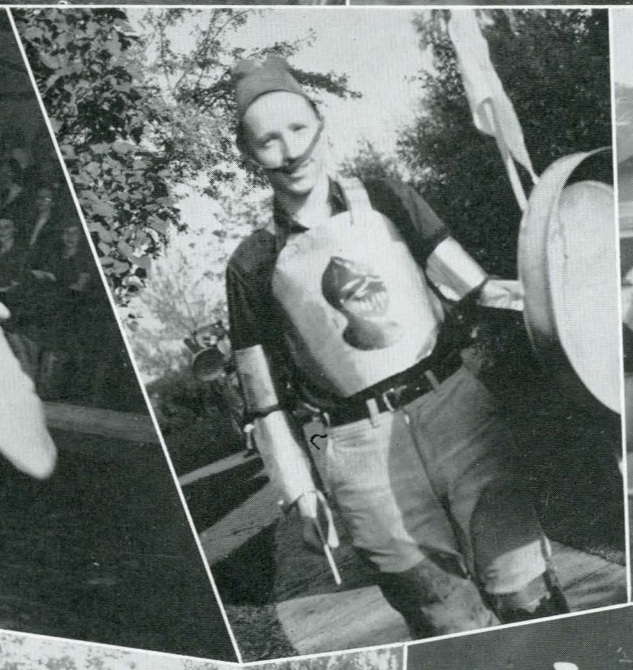

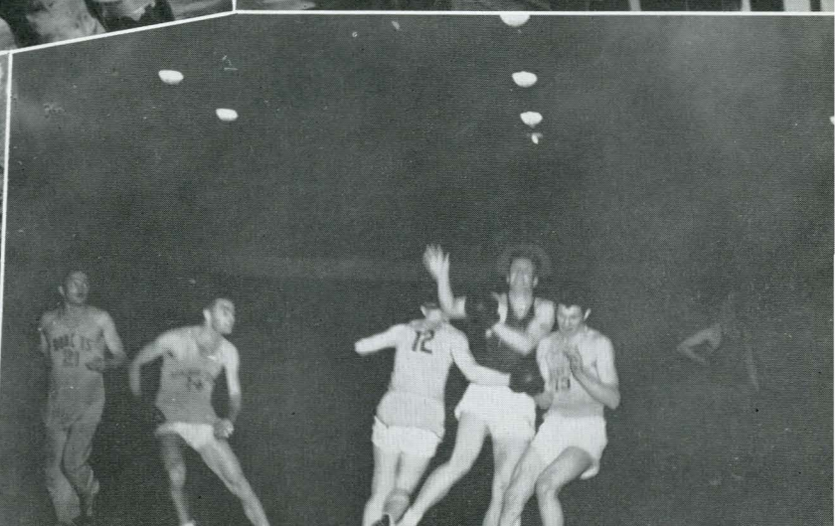

GOOD LUCK

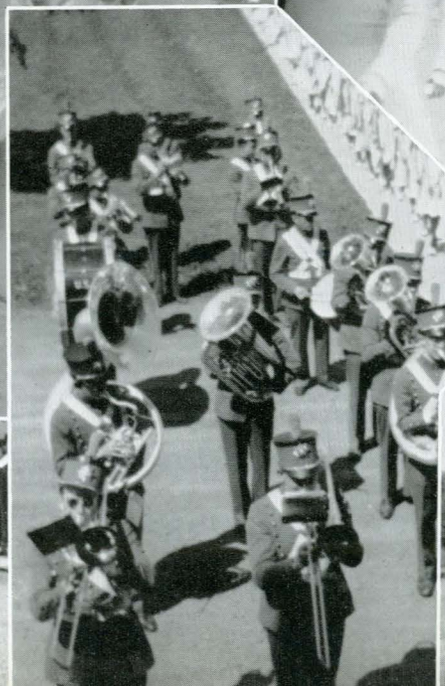

MOTHER'S DAY

Mother's Day Banquet . . . students entertain their fathers and mothers . . . parents meet parents and faculty . . . a real show of college activity.

Mother's Day . . . The day we dedicate to our mothers in appreciation of all that they have done for us. The day when mother gets a real taste of college life. Special entertainment included a program at the gymnasium in the afternoon, featuring the Bobcat Band, the Drum and Bugle Corps, and "fundlandia," put on by the Physical Education Department. After this an informal reception was held in the Student Union Ballroom where parents, students, and faculty members got together. Then came a banquet at the S.U.B. followed by a Bobcat Band concert.

Sunday was reserved for the students to show their parents around and to get acquainted again after a long year away at school.

Mr. Bert Hansen, chairman of Mother's Day, did an excellent job in making this affair a success.

WOMEN'S DAY

On into the Gym

Solemn Juniors

Spurs lead the procession

Dignified seniors in caps and gowns

Bobcat Band plays

Alpha Lambda Delta

An age-old tradition of serenity and solemnity. The day when the achievements of the coeds of M. S. C. are recognized. The procession is led by the seniors in their caps and gowns and the rest follow in white.

The outstanding event is the selecting of the women to come back in five years to give an address on that Women's Day. Other awards are given in athletics and the new Spurs are tapped.

This year Women's Day was chairmaned by Jean Haynes.

MSC
MSC
MSC
MSC

HIGH SCHOOL WEEK

The High School Weekers are fed . . . colored paper hats lend to the festivity . . . plenty of entertainment . . . laughter and fellowship combined.

Open houses, scholarship contests, entertainment and a general smattering of college life for the future college students, now juniors and seniors in high school.

Luncheons at fraternity and sorority houses were held, fun mixers and dances were thrown in the S.U.B., a play "The Sidewalks of New York" was given by the Dramatics Department, a banquet for everyone with speakers, paper hats and a hilarious time, and a parade by the Military Department with company sponsors reviewing it.

All of these events are but a few of the many, crammed into three days, combining work and play, and called High School Week.

TRADITIONS

On to the fish pond

Fangs mix 'em up

A splash and he's in

Septemviri tradition assembly

More Fang-Freshmen mix-up

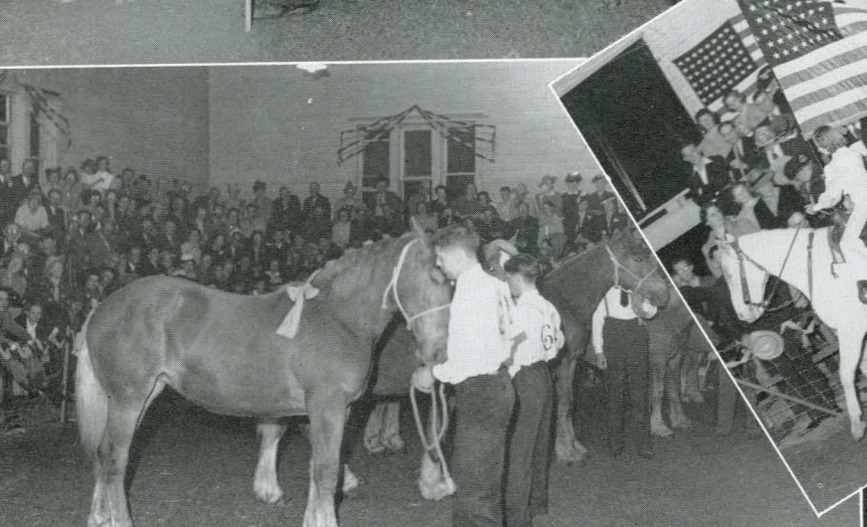

Some of the factors that make our college what it is are the age-old traditions that everyone, including faculty and students, stand by. The senior men's club, Septemviri, is the keeper of these traditions.

"Hello" walk in front of Herrick Hall, the Senior bench at the side of Main Hall, the annual painting of the M by the Freshmen, Senior derbies, Freshmen-Sophomore scrap, and "Freshies" with green hats are a few examples of these traditions at Montana State Colelge.

These traditions make college seem more our own, make it more fun, and make us more loyal to the school.

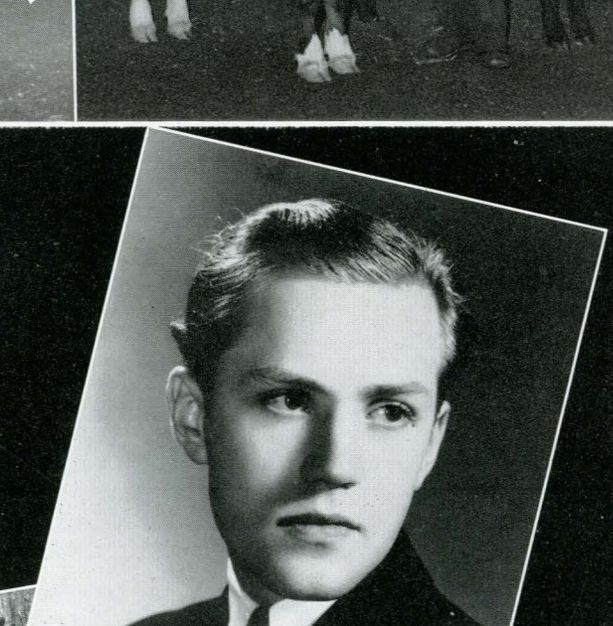

50

DeBell

LITTLE INTERNATIONAL

Joe Urick and Chuck Krall, champion showman and reserve champion

This suspense is too great!

Blue Ribbon Stock

Dickie Richter, the flag bearer

Real showmanship

The western part of the campus is the scene of one of the big events of the year . . . The Little International.

The coveted Vinke Award is the goal of every Ag student. Basis for this award are good showmanship and fitting of their animals. Last year Joe Urick was the lucky boy.

An added attraction of the show this year was the wild goat milking contest between the coeds of the school. Really experts at it, too.

The stock horse contest showed much work and patience on the part of the trainers.

Co-managers were Al Ralston and Walt Davis who are to be congratulated for their fine work.

Queen-elect of the Ag boys this year was Helen Butterfield.

OUTSIDE ENTERTAINMENT

Carmalita Maracci

Trapp Family Singers

Randolph Hokanson, Pianist

Dorothy Maynor, Soprano

Through the initiative of the Community Concert Association we had the privilege of having some of the finest artists in the country, who rendered a variety of good entertainment.

Randolph Hokanson, American pianist, played a variety of well-known selections which were well received by the student body and towns people.

Carmalita Maracci and her dance troop offered an exciting program with a variety of Spanish, classic and American dances. A bit of novelty to the M.S.C. students.

The Trapp Family quickly won the praise of their audience by their sincereness and attitude of friendliness. They gave fine renditions of Austrian and American folk songs.

Dorothy Maynor, a widely acclaimed soloist, offered a fine evening of entertainment. She is said to possess one of the outstanding voices of the day and it was truly proven.

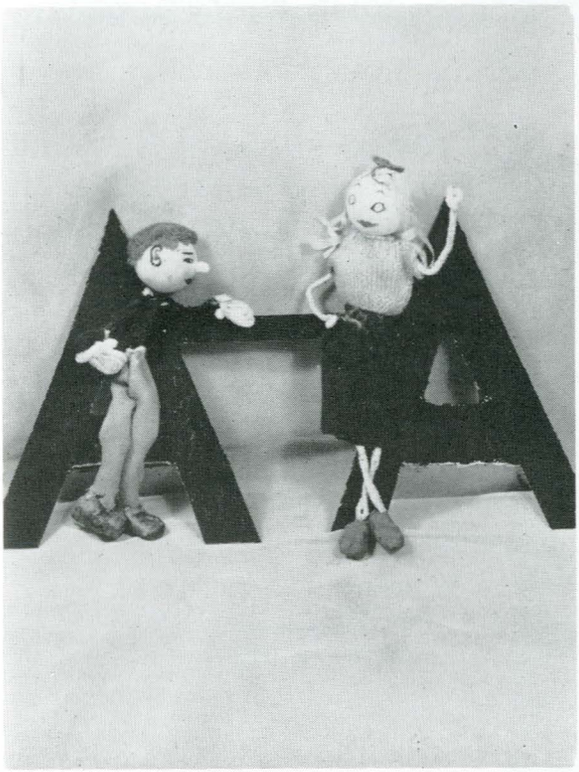

A—A CLUB

FIRST ROW—C. Patrick, J. Rilla, C. Hess, H. Ortmeyer, E. Balch, Mr. Armin Hill (Advisor), V. Tretsven, A. Kemp, B. Griswold, R. Clark, M. Coil, M. Evans, D. Palmer.
SECOND ROW—A. Meyers, S. Griswold, J. Wagner, M. Gray, A. Christensen, A. Jones, E. Knebel, J. Kirscher, B. Rieger, E. Hanson, J. Hagland, E. Guth, B. Jones, F. Pickolick, J. Gieseker, A. McIntire.

The A-A Club is an organization of Independent students and is open to all Non-Greeks. The club is organized to give an opportunity for social and mental development, for leadership training, bringing forth talent of its members and to preserve the friendly, wholesome atmosphere of our campus.

INDEPENDENTS of Montana State College are composed of a large percentage of the student body. Besides the A-A Club, composed of all independents desiring to be a member, there are several houses with Independents as the nucleus. The two Cooperative houses, one for men and one for women, through working and saving together are able to put their members through college on a more conservative financial basis. Social functions are held each quarter giving members an all around college education. Hamilton Hall, composed of many independents, Calvin House, Marshall House and Harkins House, composed partially of Independents, give students living there some connection with the Independents as a whole.

COOPERATIVE

These girls have ended another successful year of doing their own managing and they have done a good job, too. They have shown outstanding ability in doing things for themselves.

Here live such outstanding co-eds as Frances Pickolick, a most energetic member of Mortar Board; Nora Oftedal, one of their most outstanding seniors; and Meri Jane Hyer, the President of the Women's Cooperative and a good one, too. We also predict that these freshmen girls will go far, Marguerite Kittams and Harriet Shrewsbury.

The grade average of these girls shows that this type of organization stimulates cholastic activity. Their average was one of the highest on the campus this year. Are noted for their participation in campus activities and intramural sports.

RATIVE HOUSE

The Boys' Co-op is the nucleus of the independents on the hill. The Co-ops are a group of men who work together to further their education and they have done a wonderful job. Their scholastic average is always one of the highest of any organized group to be found on the M. S. C. campus. You will find them comfortably housed at 712 South Willson. They have many prominent men, two of whom are—Cecil Hess, president of Phi Eta Sigma and an excellent debator and—Jerry Aakhus, one of the Big Ten, member of Septemviri, and is the successful president of the Co-ops. The Co-op Blue league basketball team came through with hundred per cent wins in Blue league competition. The cooperative movement has been very successful in the past and will probably take more forward steps in the future.

Lolling around at ease.

The pause that refreshes.

Hedegaard tells 'em how.

Three of the fellas.

Just studyin'.

It's really a friendly scrap.

Relaxin' with a joke.

Hail, hail, the gang's all here!

TOP ROW—Beverly Medlin (President), Carmel Aikins, Kathleen M. Aline, Mary Archibald, Shirley Arps, Ada Atkinson, Dwayne Austin, Kathryn Baehr, Judy Barringer, Betty Bell, Marjorie Bidwell, Laura May Brautigan, Mary Briggs.

SECOND ROW—Margaret Buchman, Maxine Claypool, Peggy Cole, Doris Dickinson, Jessie Doull, Mary Lou Durland, Christine Edsel, Vivian Emigh, Gloria Fallon, Phyllis Fenton, M. Frances Forsyth, Grace Garmoe.

THIRD ROW—Margaret Anne Cou, Mildred Grande, Beverly Jean Graves, Mildred Hageman, Anna May Harris, Jacqueline Hewitt, Ruth Janet Hoole, Margaret Hollenback, Virginia Hoyt, Eleanor Jensen, Betty Johnsen, Lorraine Jones, Joan E. Kirbye, Mabel Krebs.

HAMILTON HALL

CHAPERONES and COUNCIL

"Ham Hall" is undoubtedly one of the best places to begin a successful college career. Inhabited solely by Freshman girls, the "dorm" is truly the get-acquainted ground for college women. There pledges of all sororities mingle freely and amiable with the independent girls. Friendships are formed that will last through college days and far beyond, regardless of her affiliations.

Under the able leadership of Mrs. Bennett, Miss Gersib, and Miss Thurston, Hamilton Hall will undoubtedly continue to be the place of many memories for numerous M.S.C. coeds.

QUADS

Three sororities and three independent units make up the quadrangle. Mostly upperclassmen are found here . . . A central kitchen, headed by Miss Falks, supplies vitamins to each quad.

HARKINS HOUSE
QUAD A

TOP ROW—Mrs. Gillette (Housemother), Pat Palmer, Helen Ogden, Rowena Janssen, Dorothy Brewer, Jennetta Benepe, Lila Young, Jean Williams, Peg Waite (President), Alice Williams.

THIRD ROW—Pat Rounce, Alys Jane Watson, Eloise Lehrkind, Yvonne Kalberg, Barbara French, Flora Thoft, Gladys Gaines.

FIVE Greek letter groups on the campus comprise the Panhellenic organization at Montana State College. Three of them—Alpha Gamma Delta, Pi Beta Phi, and Chi Omega are housed in the Quadrangle, while Kappa Delta and Alpha Omicron Pi own their own houses near the campus. Each year they get together for the traditional Panhellenic formal dinner, when all engagements and pin-hangings are announced, and this year they had an Easter dance to raise money for defense. Betty Isaac was president this year and was ably assisted by the presidents and rushing chairmen of each sorority. A strong Panhellenic group works constantly toward cooperation and promotes friendly relations between these sororities, as well as devising rushing rules and directing Freshman "Rush Week" each fall. We are proud of the cooperation and good feeling among these Greeks and feel they are in keeping with the friendly democratic spirit of Montana State College.

MA DELTA

Friendly . . . Ambitious . . . Athletic . . . Studious. All these qualities are in the girls who wear the pin of Alpha Gamma Delta. Fun parties, serenades, firesides, and social gatherings.

These girls have done a wonderful job of rushing this year and were well rewarded for their effort. Outstanding talent in the group include Wanda Rorvick and "Trudy" Trescott. Yvonne Kalberg, as president, has made a very successful year for the Alpha Gams. Outstanding senior of the year is Elaine Rash.

Some of the girls and their house.

A letter from the passion back home.

Serenade to the cameraman.

Knock a homer, Elaine.

Helen is all tuckered out.

INTER-FRATERNITY COUNCIL

FIRST ROW—Charles Harrington, G. Biddle, D. Jorgenson, C. Fjeld, E. Kimball, P. Wilson, Owen Wirak.

SECOND ROW—A. Ralston, W. Moyle, Geo. Wallis, P. Patterson, T. Balzhiser, H. Young.

JUST as the boys at M.S.C. outnumber the girls almost three to one, so the fraternities outnumber the sororities seven to five. All the boys own their own homes at varying distances from the campus and all are affiliated with national fraternities, Phi Sigma Kappa being the last local chapter to go national, just three years ago. They have an Inter-Fraternity Council that corresponds to the sorority Panhellenic group that works for cooperation among the fraternities. "Stub" Fjeld was this year's president and George Biddle is president-elect of the Council. Friendly competition among the houses grows out of the intramural basketball, baseball, skiing, bowling, wrestling and other sports. Inter-fraternity Hop, which they sponsor, is one of the high spots of the Winter Quarter social season. Such organized groups do a great deal to further and round out the education of students at Montana State College.

CHI

Here is the house of captains as the SX's rated five captains and a major in R.O.T.C. They also boast two of the four honor military graduates. A great house for sports; going in for varsity basketball players in a big way; they are the winners of volleyball and are also the foul-shooting champs. Gold M's on blue sweaters are the fad at the Sig house. Their greatest social feat of the year was the slumber party they had with the Kappa Sigs. Has an excellent president in D. Jorgenson—also have such top men as George Wallis, Vic Johnson, Jim Bill Keith and Jim Dickson. The men at 722 South Willson are notably active in dramatics having many outstanding members adept in this line. Congratulations to the fraternity because it has as one of its members "Red Eye" the Ham Hall dream man.

Jorgy's a bad, bad boy with a paddle.

La Salle.

The Sunday morning after!

A preliminary lawn picnic . . . Shifty and Redeye.

George Wallis, another Sigma Chi bigshot.

ALPHA EPSILON

The S.A.E. house is the house of the M sweaters . . . they are only rivaled by the lads across the street. They took the indoor track hands down and were tops in swimming and skiing. The S.A.E. chapter is the largest group on the hill and have a full city block in which to house their personnel. The Sig Alphs are the only frat on the campus to have a house mother; lucky boys in that Mom Travis is tops, and the envy of all other frats. Laurels to Chiz Harrington for his job of prexy—to Cadet Colonel Ralston who is also co-manager of the Little International—to Art Dougan, their star athlete—to Jinx Anderson, the all-conference guard—and to the S.A.E.'s outstanding pledge crop.

The pledges throw a dinner dance.

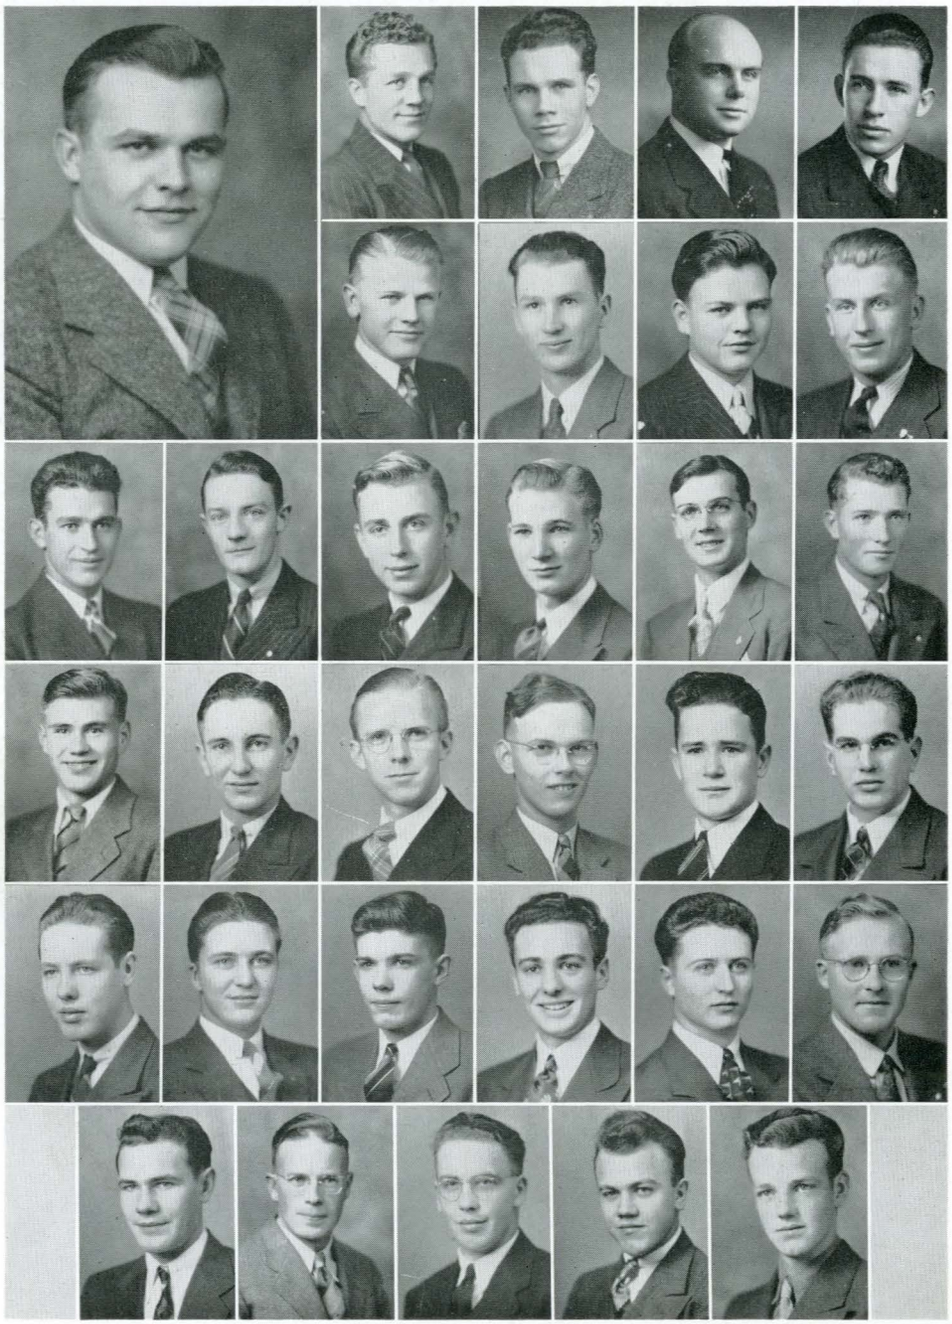

Football Dougan, the S A E wonder man.

Some of the fellows.

Harmoany . . . S A E style.

Mrs. Travis, Housemother.

KAPPA

The Phi Sigs had a very successful year under the guiding influence of their president, Pierce Patterson. Here you find the notable junior combination of Shuey and Rousseau, two of M.S.C.'s prominent men. Other prominent men are Stubby Fjeld and Bruce Isaacson. Bruce is a freshman and can be expected to go places. The Phi Sigma house is the house of keglers as they successfully won the bowling trophy this year to stretch their winning streak to two years. Are noted for their friendliness and hospitality and great school spirit. Are very active in all school doings. They are the newest national fraternity on the hill and can be found at 302 South Willson.

The prexy poses.

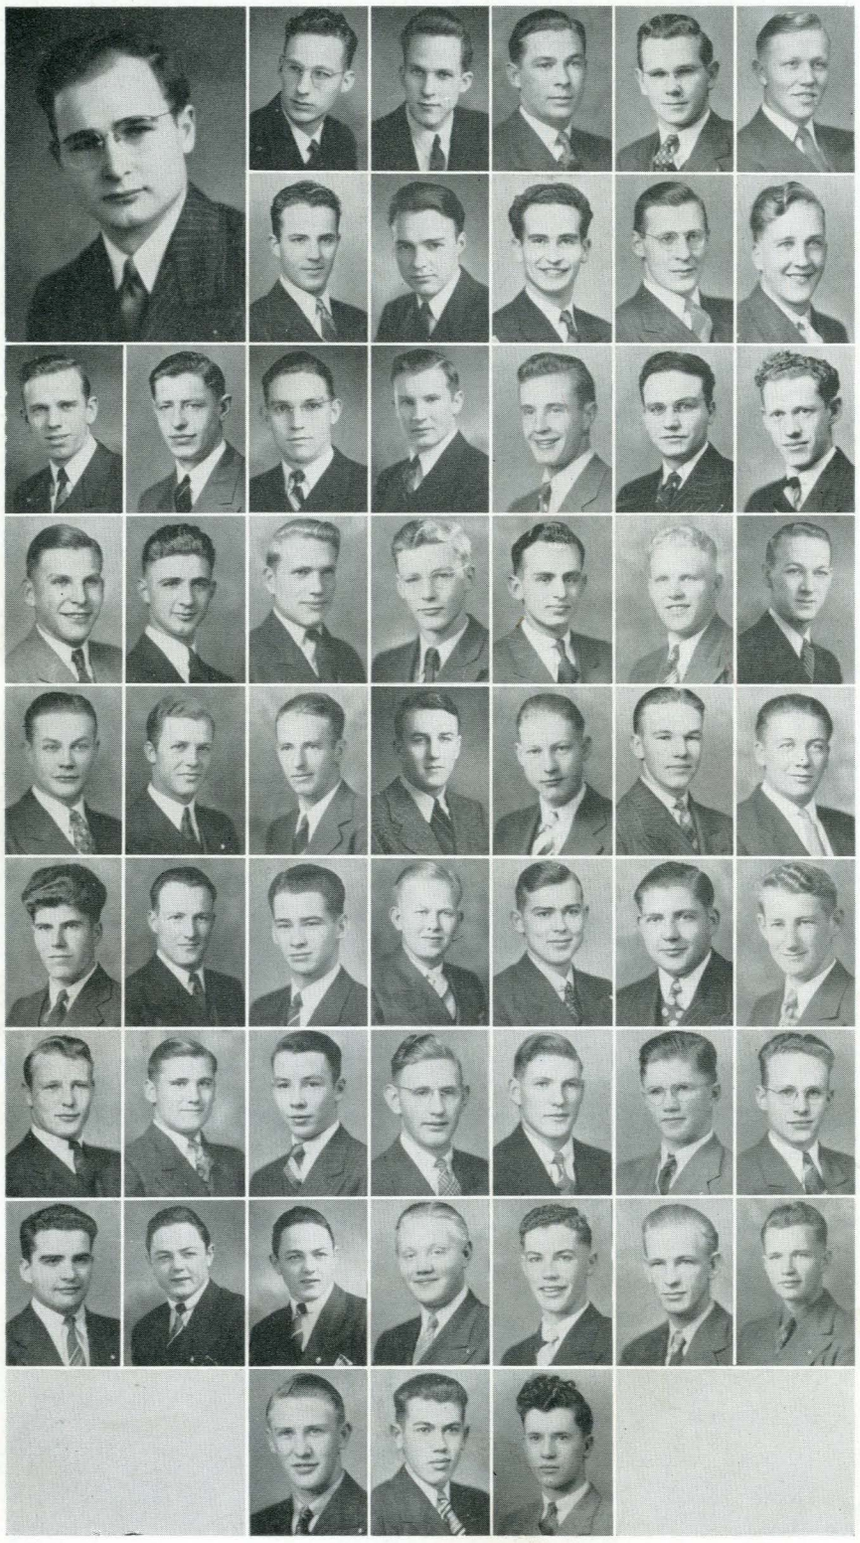

From low G to high C.

Phi Sigs own Pierce Patterson.

Somebody passed the cigars.

Mrs. Lovenger and two of the fellas.

502 South Grand is the home of the PiKA men. They have a grand organization sparked by Dan Mizner, Bill Saubert, Phil Wilson and Hart Forsythe. Congratulations to Phil for his excellent job of prexy—to Mizner for being the outstanding athlete on the hill —to Saubert for his dramatic work— and to their conspicuous freshmen, Rolly Bowen and Dave Lane. Rumor has it that the Pi Kaps are the campus card sharps and are pinochle experts. The Pi Kap winter party is an important party on the M.S.C. campus as it is here that the PiKA Dream Girl is chosen. The honor went to Gladys Prevol and was an excellent choice because it proved the Pi Kap's eye for beauty.

Gladys Prevol, P.K.A.'s beautiful "dream girl."

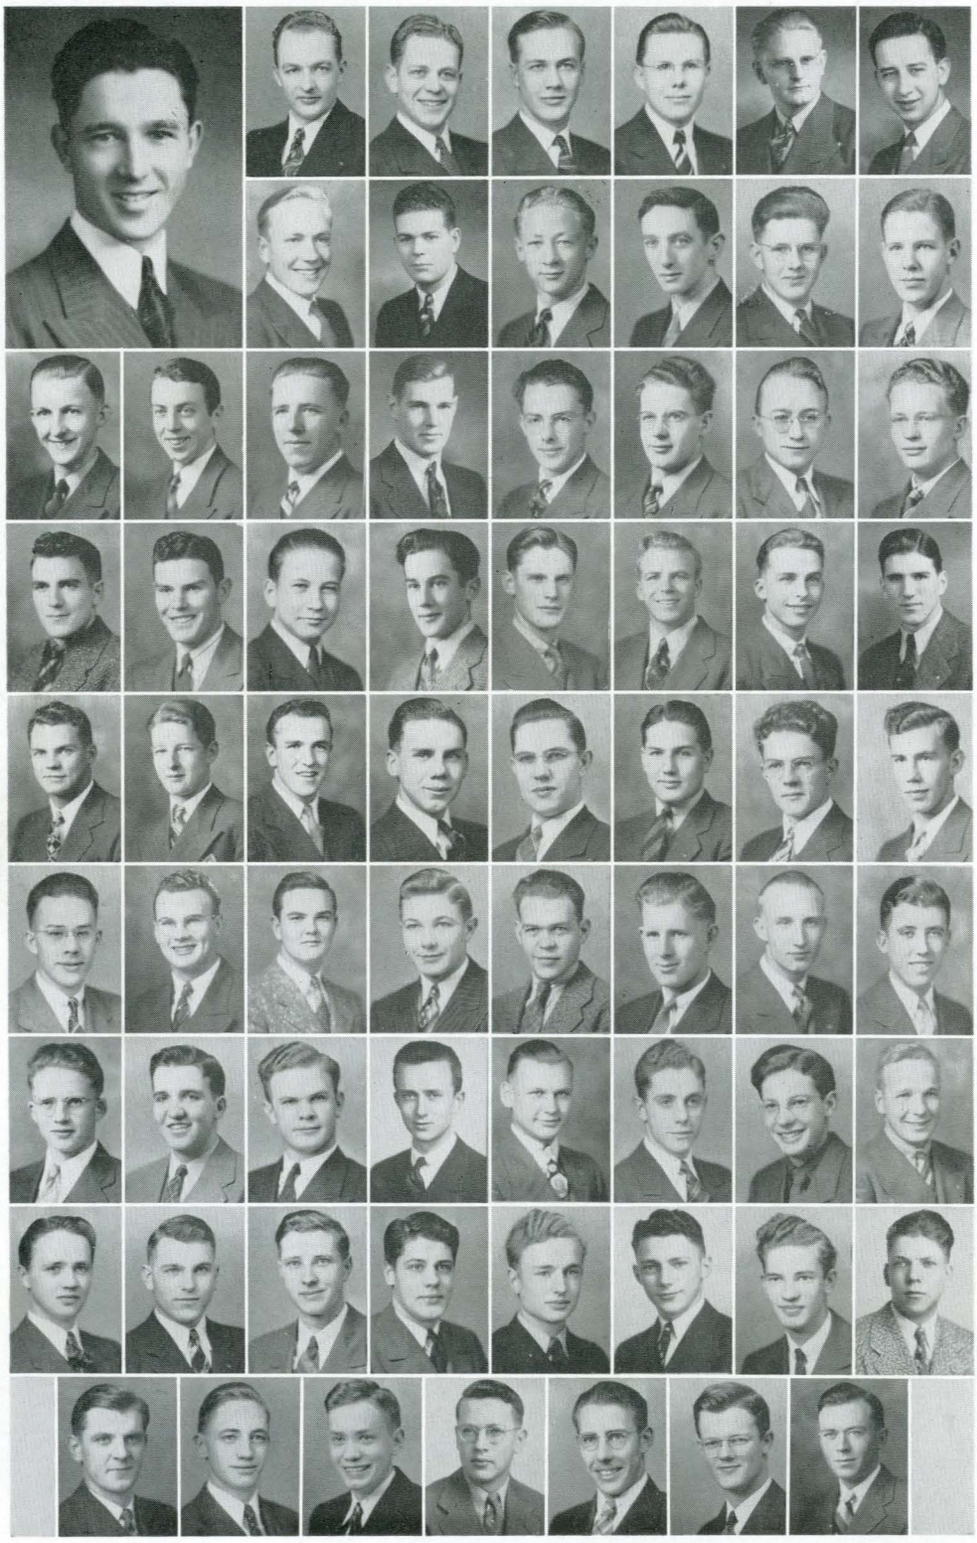

Pi Kap's "V" for Victory heads.

Saubert, concert pianist.

Nice work if you can get it.

Some of the baseball boys.

ALPHA

The Lambda Chi Alpha house is the home of George Biddle, the Associated Student president. George not only did a noteworthy job as student prexy but did a bang-up job in his position as number one man in his fraternity. Other top men are John Younglove, Vearl Addy and John Gordon. LXA won the annual cross country run by an easy margin. Here you find the bearded boys as their Fall Party is an old time classic. Not only do they have an original Fall Party but their other social doings are hard to parallel. Are noted for the antiquated junk heaps commonly known as jalopies. They have some dandies. Lucky boys in that the Girls' Coop is directly across the street. It is a known fact that they like them better than the old tenants.

Callin' up the gal friend.

Here goes nothin'.

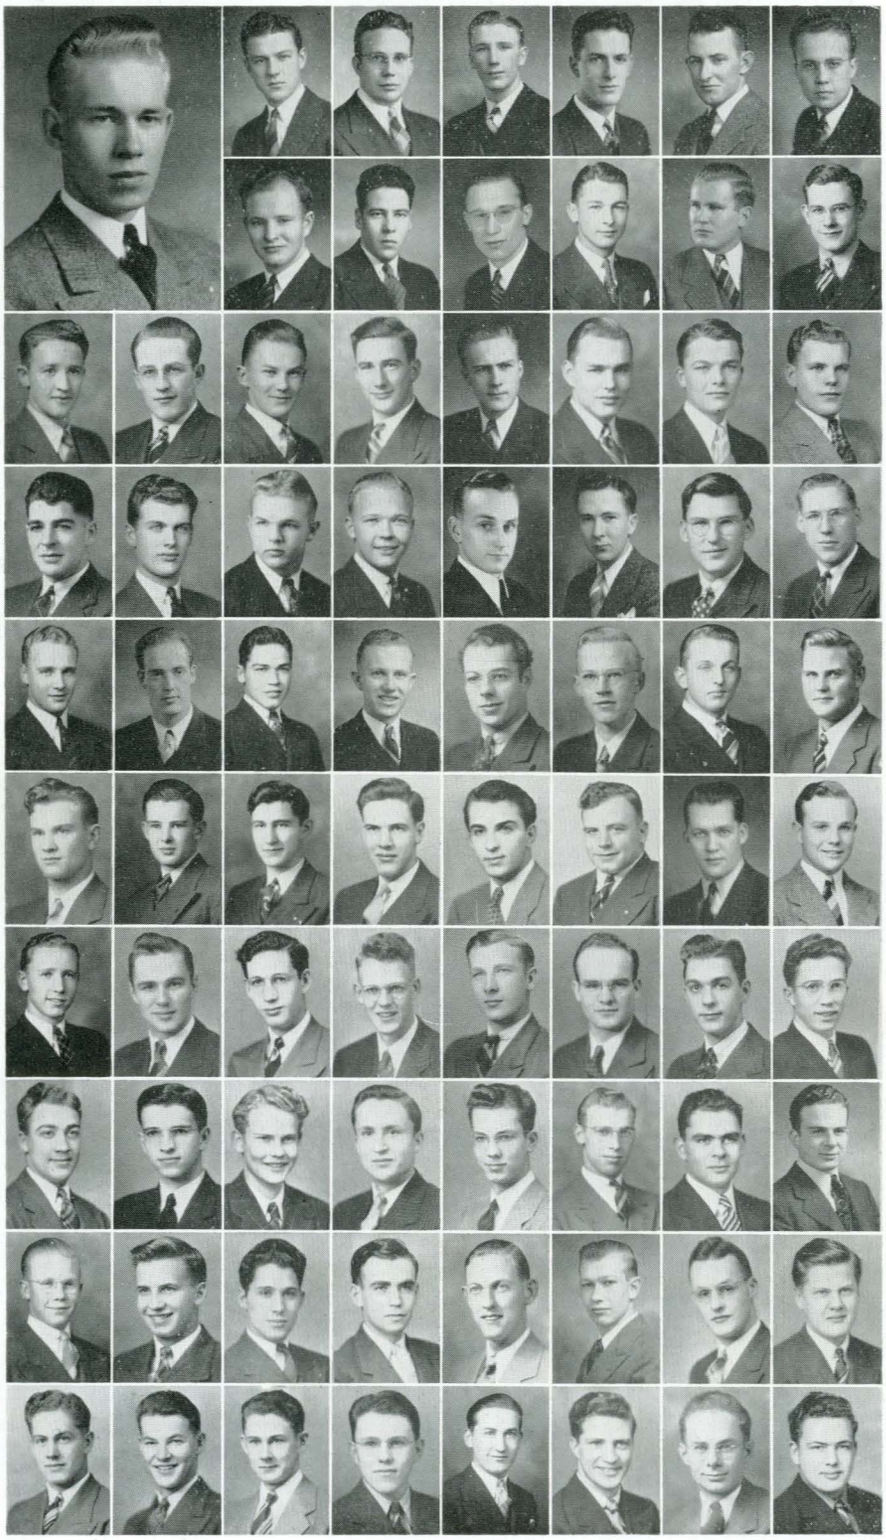

Prexy Biddle.

Pajama party.

LXA's Bobcat float.

Relaxin' at home with a song.

SIGMA

The Kappa Sig house is conveniently located on South Sixth Avenue, practically on the campus. When the cold winter sets in, the boys don't have far to go for their eight o'clocks. It is the home of the Engineers. Hats off to Lester Hogan, the outstanding Engineer of the year, awarded the metal on All-Honors Day. Much musical talent is found in this house. Their sextet, led by Ed Chauner, has been prominent in school entertainment and many of the boys are to be found in the Bobcat Band. O. D. Martin is to be praised for his musical contributions to the school. At all school functions you will see Bob Johnson, the peppy, little yell-king of the year. Owen Wirak, prexy, has proved himself to be an apt leader of the Kappa Sigs. To Merlin Fisk, president of the Engineers' Club, congratulations.

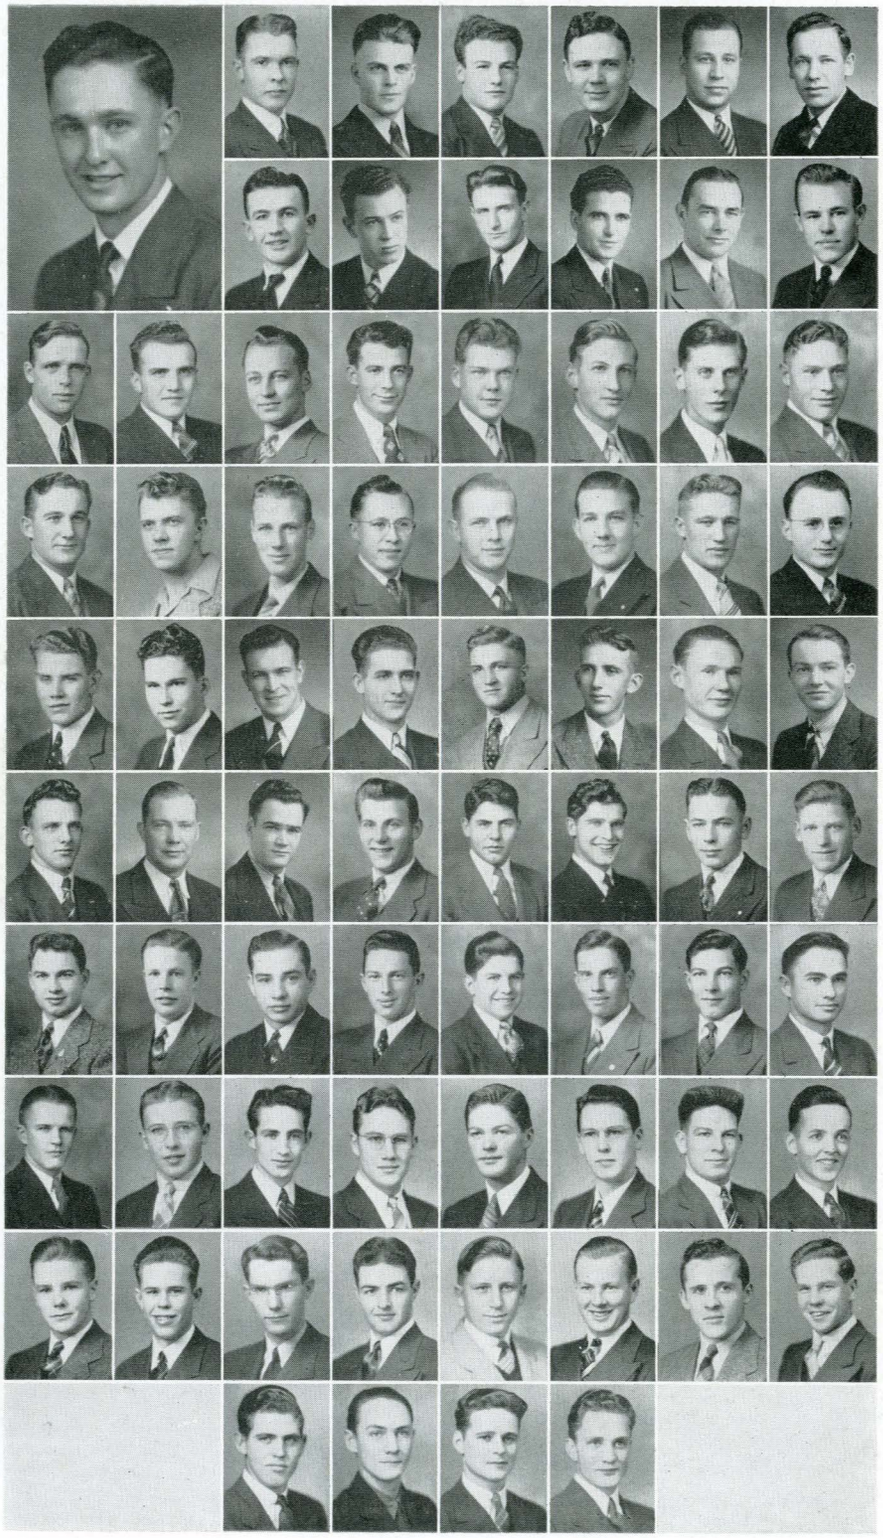

Kappa Sigma honors their founders.

The pipe - smoking quartet or look at the Johnsons.

The band plays on but Tietjen sleeps.

RHO

At 119 South Sixth, the A.G.R.'s are comfortably settled in their new home. Although there is a minimum of midnight oil burned, the men attain a high scholastic average. Here you find the home of the Montanan's editor. The Alpha Graba-hoe boys had the champion intramural basketball team and also came out well on top in wrestling and boxing. A large number of advanced military men are found here. Noted men are Jim Travis, major in the army and co-chairman for High School Week; Dan Cox made a name for himself on debating teams and Jesse "Clarke" Hodgson is one of the Bobcat basketball stars. The A.G.R.'s had a successful year under the leadership of their president, Eddie Kimball.

Peebles gets dunked by pals, Luke and Stanch.

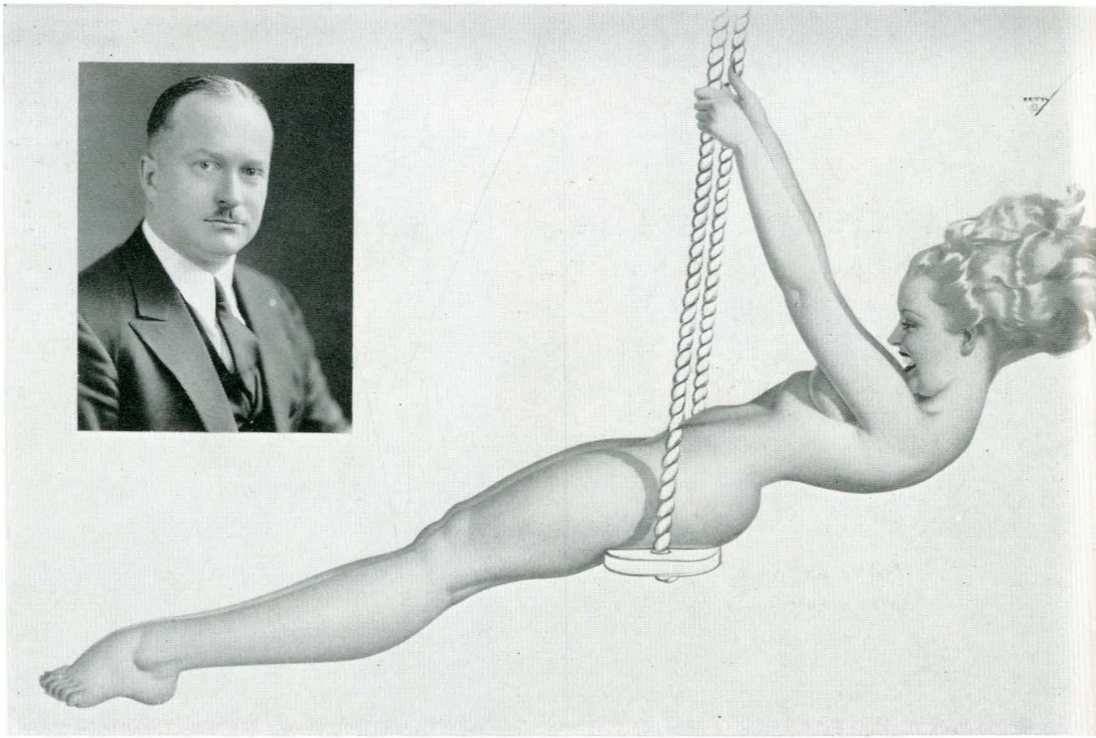

Heads up for the champ basketball team.

Lynch does some sparrin'.

The A.G.R. Army.

Casanova Lenz plus a Chi O sweetheart .

JUDGE OF THE PULCHRITUDE

It was through the cooperation of George Petty that the Montanan Beauty Queens were selected. From the results, we can see why Petty is so noted as a Judge of Beauty.

WHATEVER else may be lacking at Montana State, certainly we have no shortage of social affairs. Days fly by and quarters go quickly when interspersed with good-time mixers, friendly firesides, dazzling formals, and the perennial spring picnics. Every group on the campus has its affair—and every affair has its queen. These queens represent charming personalities, not just beautiful though looks certainly add their bit, but outstanding girls on the campus. Some are chosen and re-chosen annually—those are the real beauties—but what fun it is to watch the development of others who grow worthy crowns. No one need ever feel left out of affairs at our school. Tickets are available to all at the most reasonable prices possible. And do you notice how well the gatherings are supported? Yes sir! We really have a good time here at M.S.C.

The staff wishes to express its gratitude and thanks to the above merchants who saw fit to advertise in the 1942 Montanan. In these, the most trying times in history for small businesses, this is a marked indication of the interest these Montana merchants have in our institution.

The above picture is a reproduction of the booster billboard located in the downtown section of Bozeman. We hoped to make this as attractive and readable as space would permit. It was through the able assistance of Bud Lowe of the Lake Sign Company that this was possible.

The financial assistance given by these merchants has meant much in the edition of this annual and in return, we the students, should support MONTANAN ADVERTISERS.

LEW THOMPSON

Business and Advertising Manager.

A MEMO FROM THE EDITOR

Editing a yearbook is somewhat like prognosticating the career of each individual student. It is an exceedingly onerous task to attempt to prophesy in advance the contingencies throughout the college year. I have endeavored to turn out a non-partisan yearbook by not discriminating between any individuals or groups. I only hope that I have achieved this aspiration in the eyes of the students. I find that this would have been impossible without the munificent cooperation of an energetic staff. So once again I say thanks to one and all that donated any time or effort to the production of the 1942 Montanan.

Whether a yearbook is successful or not is greatly due to the men behind the scenes who have no direct contact with the students and are namely the photographers, engravers, printers, and cover manufacturers. To these men our hats are off. Cooperating to the nth degree these men have helped us materially to solve our problems of a drastic cut in the budget and the abolishment of spring vacation by speeding up production to a blitz degree which made possible the completion of the '42 Montanan.

Two local studios are responsible for the excellent pictures. Representatives of these studios are Bertil Linfield, and "Shorty" and Chris Schlecten. Much thanks are due them for their assistance and spur-of-the-moment help.

Al Salisbury, representative of the Western Engraving Company, has been of inestimabel assistance by helping me formulate a book.

Bill Remington, and his plant foreman Frank Cross of the Gazette Printing Company, deserve a great deal of credit for making possible the circulation of the Montanan on schedule.

I wish to thank the Kingskraft Cover Company for designing an attractive cover within the means of our budget.

Thanks to the student body as a whole for placing me in the responsible position of producing the Montanan. After looking back on a year of hard work I can hope that the book is accepted with a great deal of pleasure by the students as it represents the best we could produce and offer under the existing circumstances.

PAUL HOLZER

Editor of the 1942 Montanan.
